Student Council to Begin Second Year Activities

First Political Body Proves Success

The beginning of this semester will be the second anniversary of student government in the University of Tampa. At the beginning of last year on the petition of the student body, the Student Council was organized. Marvin Hall was elected president of the student council. He was followed by Dean Layde as student body president. The student council has made a considerable mark in student life and at present is considered as one of the most active student groups on campus.

The student council has made a number of changes in the university. Among these changes is the establishment of the Student Council bookstore, which has proved to be a great success. The Student Council has also sponsored a number of social events, including dances, picnics, and games, which have been well attended and enjoyed.

The student council is now planning to expand its activities and to do more to improve the general welfare of the student body. It is expected that the student council will continue to be an active and influential group on campus.

New Home of University of Tampa

The city of Tampa welcomes you and offers you hearty cooperation for the advancement of the University of Tampa and its student life. Tampa is proud of your students and your faculty, and so we have them here and those who have been here.

The officers of the City of Tampa wish to ask that you call on your city and to make your social affairs and your work for the university a success.

Sincerely yours,

R. E. Chauvin, City Manager

First Assembly Will Be Held Next Tuesday

All Students Expected to Attend

An assembly for general purposes which all students are expected to attend will be held in the auditorium next Tuesday.

First Assembly

The formal inauguration of the student body and club officers who were elected on the last Friday in May, 1935, will take place. The old members who were elected are: Marlin Strum, president; Wofford White, vice-president; G. M. Hafner, secretary; Theodore Reeder, treasurer.

Wofford White, the president-elect, who was elected on the last Friday, will be inaugurated on Tuesday.

The other members of the incoming council are: Donald White, representative of the junior class; Wofford White, representative of the junior class; and Fred White, representative of the sophomore class.

The assembly will be held at 3:00 p.m. on Tuesday, and all students are encouraged to attend.

Faculty Members

Given Assignments For Offices Here

The offices of the faculty were assigned by the administration. The teachers have been placed in the offices which are suited to their special requirements.

Mr. Pennington is assigned to the office in the main building.

Mr. Pennington joined the faculty last year. He has been teaching at the school for several years.

Mr. Pennington is a qualified teacher and has a good understanding of the subjects he teaches. He is well respected by the students and is looked up to as a leader.

The faculty members are all qualified and experienced teachers who are well respected by the students.

M’Curdie Appointed Head Cadet At Tampa University

A. B. McDaniel, chairman of “House Over Continental,” and one of the prominent men on campus, has been appointed head cadet at Tampa University.

McDaniel has been a member of the university since 1933, and has been active in student affairs. He has served as chairman of the student council and has been a leader in student activities.

The appointment of McDaniel as head cadet is a well-deserved recognition of his leadership and qualifications.

Gigantic Tree Is More Than 4 Centuries Old

It was DeSoto himself—DeSoto the daring adventurer—the gallant explorer—it was DeSoto’s aged eagle, which was up the ramparts of Tampa Bay in the month of March, 1935.

At the mouth of the Hillsborough river he disembarked and he and his 600 young Spanish soldiers in three canoes and 120 canoes, 300 in all, and he crossed the bay to land on the Hillsborough river and establish a settlement.

It was DeSoto’s grandson, the “first white man to see the Hillsborough,” who named the river. It is said that DeSoto’s grandson was in the water to see the river when he first saw it.

In 1935, the tree was cut down and it was moved to the Tampa Bay area, where it now stands as a monument to the explorer.

To the Students and Faculty of the University of Tampa

The City of Tampa welcomes you and offers you hearty cooperation for the advancement of the University of Tampa and its student life. Tampa is proud of your students and your faculty, and so we have them here and those who have been here.

The officers of the City of Tampa wish to ask that you call on your city and to make your social affairs and your work for the university a success.

Sincerely yours,

R. E. Chauvin, City Manager

**GOVERNMENT AND POLITICS**

| Government 200-201 | Tuesday, Thursday, Saturday, E. Assembly | Period II |
Bridge Members Are Entertained
Social Group Meets At Lithochi Home

The Miami Marguerites and Mary Lithochi entertained members of their bridge club at their home, 6318 Miami Avenue, last Wednesday afternoon. The ghastly and green color motif was emphasized in the appointments and delicious refreshments. The members were seated by their hosts, Misses A. W. Lithochi, Miss Carmen Davis, and Miss Louise Leonard, who received the praises for high score, and Miss Louise Leonard was awarded the consolation. The next meeting will be held at the home of Miss Martha Carver, 518 Seminole Avenue.

The bridge club, in reality only a special social gathering, has met every Wednesday afternoon during the month and at the homes of the various members. Because membership is limited to students of the University of Tampa who meet the approval of the club and several of the girls have either gone to out-of-town schools or will not enrol at the University this fall, the attendance has been somewhat depleted.

In addition to the weekly bridge parties the club has had many other social affairs. During the last week of August the group of girls spent the week end at the Atlantic cottage at Haven Beach, where they entertained a large number of their friends and Mr. and Mrs. William Kavanaugh were guests.

The club plans to have a reception after the opening of school, the time and place to be announced later.

Menbers of the club are: Miss Carolynn Maas, Miss Dorothy Ford, Miss Rosemary Carvel, Miss Carmen Davis, Miss Carmen Oust, Miss Marguerita Lithochi, Miss Mary Lithochi, Miss Helen Wood, Miss Martha Carver, Miss Martha Breman, Miss Martha Cawart, and Miss Anna Caras.

Social Committees Plan Fall Program
For this Semester

Social activities at the University move three and a half months during the fall semester, and the Fall Social Committee has spent a week's vacation, during the University's vacation, planning the events for the coming semester. Although the fall semester has been cheery, there are few events this year that are as special as those planned for the fall.

The outstanding event of the last year was the annual Senior Dance given at the University Court Club in the fall. Part of this success is due to the excellent social affairs that proved very entertaining and enjoyable for the guests. The proceeds of which were used for an

Some things ought to be done about this girl... I have just heard that Edna F. Prince and Dot Talbot are the only girls attending the University of Tampa who have attended the Women's Tennis Association.

If you are a true tennis player and are looking for a good game, you have to be careful about the quality of the game. However, if you are interested in tennis, you should definitely check out the University of Tampa tennis team. They have a highly competitive team, and the matches are always challenging.

Worried about sports in general? Not only do sports provide physical exercise, but they also offer social benefits. Joining a sports team can help you meet new people and develop friendships. So don't worry, there is always a team sport for you to enjoy.

Here Is Some Dope About
Our Spartan Grid Eleven

Wanna meet the football boys? Oh, how they sue!

Paul Patterson: Hillsborough high star, end and captain 1931. Class president three years ago. He played four sports, won state swimming championship. Helped keep the football team seasonless. His football career is exceptional. A star in high school, he played at the University of Florida where he was captain. Is now at the University of Missouri. He was a star at both schools.

Roy Storey: Football, basketball, tennis. Captained the basketball team at Hillsborough high. He was a star at both schools.

Ralph Smith: Football, basketball, tennis. Captained the basketball team at Hillsborough high. He was a star at both schools.

John Squires: Football, tennis, basketball. Captained the basketball team at Hillsborough high. He was a star at both schools.

Our team consists of eleven boys, all of whom are exceptional athletes. They are:

Paul Patterson, end and captain 1931.
Roy Storey, fullback.
Ralph Smith, center.
John Squires, guard.

This week represents a double milestone. For Tampa Students, the University of Tampa is now a reality. It's a milestone that represents years of planning and preparation to create an educational institution that is fitted to the growing child and youth through the knowledge that the prodigious. This attitude is reached its public-relations funds could be directors chosen for their understanding. cern feels that no appropriation of educational needs. Plans for handicraft division will be conducted by local age. cerning the best way to meet all problems of the growing child of today. And that every work done to insure the health and happiness of today's youth is done for the benefit of all children and women.

"We offer this service to Tampa parents and children," said the advertising director, "without obligation, as a contribution to our education mission." Our most humble congratulations go to the University of Tampa on its admission to the real people in building first American community. In the way it forms its beautiful new homes, we recognize a real place in building first American community. Our mission is a new, healthier, happier society. We're institutions who build the future for America's better.

Here are Names and Degrees of Tampa U. Faculty Members

The University of Tampa is fortunate in having a number of faculty members, their degrees, and their names. These members, through their knowledge and experience, are working to help the growing child and youth.

**Student Athletic Tickets**

Who needs two dollars? The University of Tampa football, basketball and track teams are ready and waiting to serve the city of Tampa to the best of their ability. This ability means possible of being their teams match up with theirs. Accordingly, arranged seasons tickets are available which they graduate.

Now, here's the point. You students cannot afford $2 tickets. You students want to be members of the Student Athletics Association. Now, put two and two together and get season tickets that membership costs for only $1.00. Nothing more need be said. You've all gone to get them. We've all made a decision. You would like to know, the funds obtained from these tickets are going to be used to help equip the football squad, and to do so, we should be handled by anyone.

And Berry, economics, received the Ph. B. degree from Yale and the Ph. D. from Clark university. Mrs. H. D. Barrett, instructor in the history of art, attended the Child's University of Florida Normal.

Miss Delores, art, studied at the Chalmers art school and the Chicago Art Institute. He also moved learning at The New York Art Institutes.

Dean John Coulson, astronomer, has both the A. B. and M. A. degrees from the University of Michigan.

Mrs. Marie W. Alford and George, received the B. S. degree from the University of Georgia, and a B. M. degree from the University of Texas.

SCHOOL RULES FOR LIBRARY, DORM, GIVEN

Dean Says Only Necessary Regulations Issued

The University of Tampa, according to Dean Canos, is following the policy of the library director, the Reverend F. J. O'Sullivan, in that the library, belonging to the use of the library and dormitories are the only regulations of any kind which have been issued.

Library Regulations for 1931

1. Books may be borrowed for a period of one week.
2. Every book borrowed must be charged at the librarian's desk before being taken from the room. Books belonging to the library must be returned to the same desk from which they were borrowed.
3. Books may be renewed for a second weekly period if not previously reserved by another student.
4. No more than six books may be charged to any student at any one time.
5. A fine of five cents a day will be charged for books overdue.
6. Books on the reserved shelf may be taken only one night with the consent of the librarian. Such books may not be taken from the library until an hour before closing time; they must be returned at the librarian's desk, and they must be returned by 8:00 on the following morning.
7. No reference works are to be taken from the library under any circumstances.
8. Moving a shelf or any book in any way is prohibited.
9. Every student will be held personally responsible for books charged to him. In case of damage or loss, the student will be expected to pay for full value according to the regulations of the library director.

Dean O'Sullivan announced that the proper formal reception for the freshmen will be given by faculty members in the university library Thursday, Sept. 28. Parents and friends of students are invited to attend the reception.

Library Regulations

1. No more than two students may occupy one room.
2. Room per semester for four students: $5.48; for two students in a room, $3.48.
3. Room rates must be paid to the librarian in advance, or a student must furnish bond for $40, signed by two reputable men of whom must be a property owner and citizen of Tampa, and not connected with the university.
4. Each student will be furnished a bed, desk, table, table, chair, electric light, and service for cleaning and care of the room.
5. Each student must furnish his own bed, bureau, mattress, etc. of four sheets, two pillow cases, blanket and bedspread, and responsible for his own laundry.
6. Guests are not allowed to remain in a student's room overnight.
7. No woman, except a student's mistress, may be received in a room, or in the alcove of the student's suite, except for students' quarters at any time. A female student who enters a student's room must obtain permission from the dean or the president.
8. No student shall be permitted to help another, or another animal in any room in the college.
9. No food shall be kept or served in a student's room without permission from the dean or the president.
10. No electric lights or other electric devices may be used in a student's room.
11. Occupants of a college room will be held responsible for the decoration and arrangement or injury of college property in the rooms.

The playing of musical instruments in college rooms shall always be carried on with a proper and generous regard for the rights and Comforts of other students. It must not be a nuisance or disturbance in any way.

12. It is the duty of the proctor, under the direction of the dean, to prevent offenses against order and decorum within the bounds of the student's quarters.
13. The president for violation of the above regulations will be dismissed or expelled from the university.
14. Five expenses are not to be used except in the case of fire.

Freshmen Reception Has Been Scheduled For Next Wednesday

President Spalding has announced that there will be an informal reception for the freshmen next week with the usual classes adjourned at half past nine o'clock. The reception will be given in the main room, Wednesday, Sept. 30, from 4 until 6 o'clock. The committee in charge consists of Louis Leonard, chairman, Helen Arenstein, and Jack Fitzgerald.

According to Welford Waite there probably will be many social activities throughout the year. The social committee will not be one standing committee. All social affairs will be under one chairman, directly responsible to the student council. There will be a committee appointed for every special affair, with the chairman in charge. This is based, give every one a chance to help out.

The social calendar will be worked out as it goes, if possible, there will be at least one social every month. The school is planning to have the main Social Committee and the special social director, which has been held every year, and the social director, which will be worked out later.

"Did you know that I have taken up story-writing as a hobby?"
"No, did anything yet?"
"Yes, my watch, my perfume and my overcoat."

"What are you taking for your dyspepsia?"
"Make me an offer,"-Boswell, Transcript.

When One's in School It's Wise To Be Smart

Clothes certainly are important! For school we recommend those gay little sweater suits, high waist pants or skirts. At such low prices a girl can have several of them.

PENINSULAR TELEPHONE CO.
Spartan Football Team Grieves Death of Plant High Player

The tragic death of Frank A. Wimberly, quarterback for the Plant-Ball high football team, was remembered by Coach Hugh Huguenot and University of Tampa football athletics when prayers were given by them on Plant field after Friday's workout. The grief and sympathy felt by the boys and coaching staff was expressed by Huguenot in several minute reminiscences.

By way of expressing sorrow and grief, the coaches, before the memorial service, earnestly requested all boys, not only in the University of Tampa, but in all schools within range of this place, to refrain from playing football and other strenuous games where they may not be in sympathy with the situation. He advised parents to be certain of the correct function of heart and lungs through a doctor's examination before permitting boys to play, regardless of how much the game is enjoyed by them.

Coach Huguenot urged the boys to quit immediately if there was not any doubt as to physical fitness. He declared any and all sports to be unlucky, especially of risk of permanent injury. He explained football to be a source of increasing self-reliance and courage, and the development of boys, not the destruction of health for external gain.

With—"I can read you like a book, John."—Huguenot—"Why don't you, then? You skip what you don't like in a book, and linger over it in me—sir."—Boston Transcript.

Tampa University Bookstore Carries Numerous Articles

The University bookstore, located in the lobby of the building, opened last Tuesday morning. One of the advantages of the new department is the acceptance of used books for resale, with a nominal charge of 10 cents per book for the exchange.

Besides carrying the regular line of textbooks for the college curriculum, the bookstore has numerous other articles on hand including pencils, leaded, filler, ink, erasers, pencile paper, with the college and candy gum, cigarettes, and other tobacco on sale at prevailing prices. Cold drinks will probably be on sale for the opening of school.

The bookstore will be open for business every day of the week, open at 9 a.m., and closing at 5 p.m., except on Saturdays when it will close at noon. This is a home-owned institution and it is hoped that the student body will patronize the new store for all its requirements.

As demand warrants, additional items will be carried to stock.

Why wear a HOT, THIRSTY FACE even at home?

Refresh yourself
Bounce back to normal.
It's so easy to feel refreshed and look refreshed. Keep a few bottles of Coca-Cola in your refrigerator. Really delicious, it has a taste — the taste that refreshes. Pause and try an ice-cold bottle. You'll bounce back to normal — Order from your grocer.

Football Players Will "Hop" Tables At New Tea Room

Six University of Tampa football players are going to have something more to do this year than to display their skills on the playing field. Three fellows have been employed for "hopping tables" in the Dragon, the latest soda fountain and tea room on Grand Central avenue.

These six star players are: Billie Gooden, Milton High School all-state player for three consecutive years, Rudy Rodriguez, all-state guard at Plant High last year, John Arthur, Plant City star, Marvin Chausney, St. Pete grid ace; Red Massey, another St. Pete player, and J. T. Long, from Fort Lauderdale.

The tea room is being operated by Mrs. W. T. Covode, a graduate of the University of Nebraska and chairperson for the Delta Zeta sorority, and Joe York, a graduate of the University of Florida, a member of the Blue Key and G. D. B. senior leadership, and president of the debate council last year.

Both Mr. Covode and York have organized financial groups in the past and expressed their willingness to cooperate with the students and the need for assistance in the forming of any club or social organization on the campus this year.

A complete line of college novelties will be carried in the Dragon and fountain and senior athletic tickets will be on sale in the tearoom.

"Have you any alarm clocks?" inquired the customer. "What I want is one that will raise father without waking the whole family."

"I don't know of any such alarm clock as that, madam," said the shopkeeper. "We keep just the ordinary kind that will wake the whole family without disturbing father."—Wheelers Magazine.

"Don't lose the boss of your troops," advised T., "your son. Hard times will come to us to fire vs. Hugh Johnson and "shiner. Cut out that blue hooch, with NFA.
