UNIVERSITY OF TAMPA, TAMPA, FLORIDA

April, 1968

Nothing Happened This Week

Dress Rules Abolished To Change Campus Image

Dress regulations have been abolished at the University of Tampa, according to mini-skirted Dean Betty Wiley.

In an effort to change the image of the campus, students are being urged to "dress with a flair." "Our aim is to make the

New dress regulations go into effect on campus. Students pose in front of new sports center.

student comfortable within the framework of a learning situation", added Dean Alvin Terry, now sporting a casual pageboy hairstyle.

"Personally, I hope the men will soon grow beards," commented Dean Wiley. "I think they are so virile."

Throwing themselves into the spirit of the recent ruling, administrators are experimenting with new styles. Dr. Grutzmacher favors wearing cut-offs and a sleeveless Parsons sweatshirt.

Following the relaxation of rules, the bookstore has sold dozens of Peanuts sweatshirts. President Delo favors his which features Lucy's philosophy. "No one understands us crabby people." Admissions director Don Miller, whose new fall has caused much comment, wears Snoopy's "To live is to dance; to dance is to live."

Most frequently seen are bathing-suited students on their way to either of the college pools.

Delo Announces Extension Of Spring Vacation

Spring vacation this year has been extended an extra week to allow students more time for relaxation.

Commented President David Delo, "Our students work hard; they deserve a chance to rest."

Delo's position was backed by Dean of Men Alvin Terry. "We know we can trust our students to behave, so why put a time limit on their fun?"

"I just hope everyone has a good time", added Dean Betty Wiley. "We certainly understand how students need a break."

Speronis Bolts

Seeks Asylum In Sweden

Ex-Vice President for Development Dr. Steven Speronis, who once lectured on Russian culture at the University, reportedly has asked for political asylum in Sweden after serving for two months in the Peace Corps.

Commenting only, "Better Swede than bleed", Speronis has yet to issue an official statement after his arrival in the Scandinavian country.

Recently, Speronis complained publicly of CIA intervention in the Corps.

Why Did The Delos Leave Their Bayshore Home?

The Minaret has uncovered the real reason President and Mrs. Delo moved unexpectedly from their Bayshore residence.

"We tried to live with it; goodness knows we had patience, but after all these years, it was just too much," admitted Delo. "We wondered why few people visited us, and those who came, soon left." Finally, our best friends told us.

"The stench from the Bay was unbearable," added Mrs. Delo. "We had to leave."

The Delos tried desperately to break their lease on the Bayshore residence. They held large annual parties in the hope of indentifying themselves as undesirable tenants.

The Falk Theatre again fills to capacity for a convocation.

Another successful street dance is enjoyed by all.

New Courses To Be Offered

Summer school courses have been announced by the Registrar's office. The schedule has been revised this year in an effort to appeal to the greatest number of students. "We feel we are now offering subjects that will be useful and practical," commented Registrar Eugene Coopsey.

New courses include:
Varsity surfing.
Retreat 200 & 201 (see prerequisites)

Apartment parties 100 & 101.
Beach 100—(not open to Seniors for credit).

Advanced Beach 200.
Practical chemistry (including mixing suntan oil, concocting Purple Passion, and inventing new psychedelic drugs).

Bolting 100 (meets at Ayres—beginners bring money, just in case).

Check Bouncing 101 (meets at Shea's).

Date Snaking 100 (Second 9-weeks-field exercises).

GURU To Meet Tampa Students

Mr. Mortensen, assistant director of guidance and placement, announced that his office is bringing an Indian guru to Tampa's campus.

"We want our students exposed to all life has to offer," reported Mortenson, "and transcendental meditation is definitely in my bag."

The guru will meet with students in the Meditation Room daily.

Preamble To The Aggravation

We the Aggravation of the University of Tampa, in order to form a more perfect Oligarchy, establish Injustice, insure extraneous Turmoil, provide for the common deduction, promote the general Instrument, and secure the infliction of Ostracism to our students and their Property, do ordain and assemblage this Decree for the Student Body of the Diversity of Tampa. (Continued on page 8).

MINARET MAID OF THE WEEK

Our Minaret Maid this week is Miss Priscilla Prudence Blech. Miss Blech is from Willsburg Trailer's Camp located on the outskirts of the suburbs and is majoring in Health and Cleanliness. Priscilla enjoys fraternity parties, indoor sports and dancing the "Bug." She likes all types of boys — especially those that ask her out.

DOUBLE STANDARD UNFAIR

An example of the foolish prejudice all too prevalent in today's double standard society is found in a court case recently staged by a Clearwater police traffic judge.

Two men were brought before the judge. One was a long-haired motorcyclist charged with driving without a license. Another was an army sergeant just back from Viet Nam charged with driving 90 m.p.h. down West Shore Blvd. while intoxicated.

"Oh, darn it," the judge grumbled when the cyclist produced a valid license, "I want to throw you in jail, have you de-liced, scrubbed and sheared. But we have nothing on you."

Indicating the sergeant, the judge said, "Here's a man who's over in Viet Nam to protect the lives of scum like you."

The judge then dismissed the charges against the serviceman.

SPEED WARNING ISSUED

Effective April 1, 1968, ALL persons cited for speeding violations within the city limits of Tampa will be required to appear in Municipal Traffic Court to answer the charge.

There will be no exceptions to the rule.

The court intends to impose stiffer sentences on those convicted of speeding. Up to this time, the court has used, as a rule of thumb, the monetary fine of \$1.00 per mile over the speed limit for first offense. Thus, a person who goes 45 m.p.h. in 30 m.p.h. zones would be fined \$15.00.

After April 1, 1968, the court will impose fines of \$2.00 per mile over the speed limit, so that the same offense as above would cost \$30.00.

It is emphasized that this is NOT a speed crackdown. The Police Department will not increase its efforts to make speeding cases. It is, however, an effort on the part of the court to reduce the frequency of speeding on the city streets, and thereby reduce those accidents which so often result in death.

"You know, after four years the the food doesn't seem so bad!"

Letters To The Editor

Since I have been a student at this University, I have read each issue of the Minaret for cover to cover.

In most instances, your articles and commentaries are informative, amusing and at times, even inspirational. You have, on occasion, been critical of some of the University's policies regarding student life. It is in this latter category that I find fault with your publication. If you will take time to walk into the snack bar you will hear, at an time, the same arguments that you present on the pages of the Minaret and I think if you look into these arguments, you will find they are just about as effective here as they are in the Minaret.

On this campus, there is an organization called the Student Government Association of the University of Tampa. Until recently, this organization has acted as a liaison between the Administration and campus organizations, and also, so that the University could publish in its catalog the fact there is a Student Government Association. Last year, after the May gathering in the middle of Kennedy Boulevard, there were many complaints about Administrative policies brought forward and there was a good deal of discussion as to what the best way to remedy the problems would be. Would it be best to lynch the Deans and burn down the main building or what should we do? One student, Tony LaRosa, stepped forward and, after some debate, convinced us that we should air our problems out in the Student Government Association.

This school year, some of the representatives to the Student Government Association have attempted to solve some of the problems on campus. Tony LaRosa has been the co-sponsor of recommendations concerning such matters as suspension, disciplinary actions with respect to confiscating cafeteria I.D. cards, student counselling by advisors of their own choosing when brought before the disciplinary or academic standards committees and others. The House of Representatives has acted upon these matters and others regarding housing for female and male students over twenty-one years of age, placing students on the committee responsible for choosing candidates for Who's Who and a recommendation concerning parking for University students. Art Eickenberg and John Herby are responsible for sponsoring the latter problems of which so many students complain. We have had a curfew recommendation, in fact we have had two of them. We have even had a recommendation that asks for an answer from the Administration as to why they are turning down our other recommendations.

All of these things have been passed but none of them have gotten any support or even any mention in your columns. One last Bill I would like to point out reads, "It is hereby proposed that any and all Bills proposed and acted upon by this assembly shall be published in the Minaret." This Bill was passed on October 19, 1967.

Sincerely,
(with the permission of G. Jameson Gadabout, who, by the way is my candidate for the Mary Poppins Moron of the Month award, I will sign my real name.)
William M. James

REPLY TO LETTER TO EDITOR

In reply to your letter, we would like to offer some facts. You imply that the MINARET does not take a stand often enough, or effectively enough, on student concerns. In an effort to be accurate, the MINARET has a policy of checking into situations before commenting. Nonetheless, in six sample issues, editorials and columnists expanded on apathy four times, suspension once, double jeopardy once, dress regulations twice, the library once, women's rules three times, student elections four times, student government twice, parking once, the business office once, food twice, and the faculty twice. While we don't want to project a totally negative view, it is our duty to reflect student opinion and welcome all letters on any of these and other subjects.

As for printing the student government recommendations, they are to be found in this issue. Since last October, before the bill you mentioned was brought up, the MINARET has vainly tried to get any kind of information at all about student government. We attended executive committee meetings, with our request, approached appropriate officers individually and did all we could short of breaking into the SGA office to try to get a story. We have a limited staff and many other pressures and cannot devote our energies to one organization. Now, we hope, this problem has been ironed out, but prior to this issue, no SGA material had been submitted for publication.

Finally, while we do not know the legal ramifications, we believe your bill requiring the printing of recommendations of the SGA in the MINARET is not appropriate. Just as the administration does not and cannot require the printing of any material, neither can a student group. However, as we are vitally interested in the activities of the student government, we definitely want to print whatever is available to us on this subject and envision no conflict in this area.

Thank you for your letter.

The Editors

House Of Representative Bill

Reprinted here are the bills and recommendations proposed in the House of Representatives this year along with their current status.

RECOMMENDATION

It is hereby recommended to the Dean of Women, the Administration, and any appropriate Faculty Committees, by the Student Government Association, that curfew hours for all women students be extended to 12:00 A.M. on all nights Sunday through and including Thursday, and that on Friday and Saturday curfew hours be extended until 2:00 A.M. of the following morning. Not passed by House.

RECOMMENDATION

Whereas: Female Students at this University are in most instances required to room and board on the University campus; and
Whereas: Persons 21 years of age and older, be they students or not, are considered by all State and Federal statutes to be adults and responsible for their own actions and conduct; and

"Alba" Well Received

By Mary Arfaras
Staff Reviewer

"La casa de Bernada Alba" by Federico Garcia Lorca had formerly restored tragedy to the Spanish stage in 1936. But the audience viewing the recent University production at Falk Theater unfortunately received the movable dramatic tension in a far less complicated form. Improperly timed laughter erupted to relieve the audience of its bewildered nervous strain while it obviously failed to experience the catharsis.

The entire action takes place in the house of Bernada Alba. "Here, the men run from women," blurted the servant, La Poncia, played by Radiance Gardener. The servants described by Lorca represented the hypocritical and disrespectful aspect of their nature by imposing their over-suggestive advice upon the widowed Bernada Alba and her five suppressed daughters. Diana Belamy gave a worthy interpretation as the leading lady — Senora de Alba. An idealistic creature obsessed with preserving the reputations of her daughters, the mother lapses several times and gives way to stinging conversations with servants, a casual means of obtaining the latest town filth report outlining the strategy of rebellion her daughters will eventually subject themselves to. Miss Bellamy composed herself admirably as she said, "Keep your mouth shut, all servants and working people should," while addressing her servant. A softer pitch of voice might have been more effective had it been used more in the main dialogue. Perfect command of lines gave the leading lady an established confidence, as well as contact with the audience. An exceptionally well spoken phrase by the mother included, "I was born to always have my eyes open, now I will never lose them until I die."

The performances of Nancy Jean Barber as Martirio and Edris Elkin as Magdalena showed exceptional casting. Miss Barber gave an outstanding performance as the pathetically shy, hump-backed daughter whose latent sexual aspirations made her appear to be on the verge of insanity. Diction, composure and complex facial contortions supplied profundities for the role which the actress handled with great dramatic tension and ability.

Edris Elkin, a daughter also, moved with grace and freshness. The spontaneous instigator of the sisters, Miss Elkin performed with distinction and animation. Elyse G. Sheppard played Maria Josefa whose old age makes her intellectual insufficiencies become all too apparent. Techniques in the realm of timing, emphasis and control were cleverly demonstrated in Mrs. Sheppard's interpretation.

The typical austere interior set design of Bernada Alba's house consciously symbolizes the idealistic soul and taste of the mother. Jon R. Walter, scenic designer and technical director, convincingly captured the "ambience" of Spain's Andalusia — with its white-washed clay walls.

Joyce Fain's costumes brought a real sense of the period. The mourning attire, appropriately all black, was very effective against Walter's designed salon.

Lorca rendered a great social service, Cermele directed it well, 18 featured actresses performed convincingly, but what was the audience imagining as it witnessed Bernada Alba seated with her five daughters at the dining table exchanging pathetic evidence in conversational form? The only evidence one observed was the laughter which certainly distracted the earnest performers; their soft vocal intonations were handled exceptionally well during this dining scene even though their efforts passed unnoticed.

Forensic To Defend Title

Princeton debaters will make their second attempt to win the University of Tampa's Challenge Cup at 8:30 p.m. Friday, March 29, in Falk Memorial Theatre.

Members of the Delo Forensic Society will defend Tampa's lead in the three year contest. The event is open to the public and is free of charge.

Eugene Canfield of Tampa and Arthur Eichenberg of Hawthorne, N.J., will debate on the

negative side of the question "Resolved: That the Federal Government Should Guarantee Every Citizen of the United States an Annual Cash Income" for Tampa.

In last year's event, Tampa defeated Princeton. If Princeton were to win the trophy this year, Tampa would have only one year to regain it. Permanent possession of the prize is awarded to the team winning twice within three years.

By Brenda Barno

Well loved students, sunshine has finally come to the great picturesque Tampa Bay. Along with the "fun weather," new happenings have begun here on campus.

Girls can wear shorts to classes provided that: temperature reaches 90° by 8:00 A.M.; the girl wearing those shorts is not planning on re-entering the dorm before 8:00 P.M.; the article of clothing is not more than 2 inches above the knee. That's what we like to see — a true liberalization of our already lenient dress code.

As for our beautiful new library, GIRLS, please, no bathing suits in the new library. The librarians realize that it is a short cut to go through the library to the new co-ed, olympic size swimming pool, but it seems that those bikinis you girls are wearing are disturbing the original Grecian statues which were recently purchased along with the chefs from Berne's Steak House.

One last thing as far as bathing suits are concerned. Once again the administration is pleading with you, please don't forget that those men from Delo Hall are watching as you sun yourself by the pool behind Howell Hall. If you persist in romping around in your skimpy two pieces, not only will the snack bar be closed, but we will shut down the luxurious formica panelled elevator, and you young ladies will have to use the stairs. (Which, I might mention, the administration has just had carpeted at the nominal fee of \$15.00 per girl).

Enough of dress regulations, although they have definitely become more liberal. Why, I can remember when girls had to wear dresses or skirts to classes no matter what; there were no swimming pools, and not even a library. Come to think of it, though, there was the beautiful formica panelled elevator. Alas, enough of that. Things are getting better, so just count your blessings. BREATHE!

FRATERNALLY YOURS

ALPHA EPSILON PI

Alpha Epsilon Pi fraternity has grown this semester by eight pledges. They have already held meetings and elected officers with Peter Blumenfeld as President, Ira Klein, Vice-President; Fred Zohman, Treasurer; and Howard Kaplan, Secretary. Other pledges are Bill Burke, Ron Heumann, Les Silver, and Gary Gouse.

Congratulations to the Brothers and Pledges of AEPi for winning their first basketball game in the highly competitive intramural league. The score was 33-27 as "Goggles" Heuman scored 17.

Brother President Roger Sofer may be the next Vice-President of the Junior Class, and we are all out campaigning for him, as he is the most qualified for this position, in our opinion.

A word of sympathy goes out to Brother Ian Gordon on the recent loss of his mother. And to Pledge Howard Kaplan, a speedy recovery from your recent vacation at the Tampa General Hospital.

DELTA SIGMA PI

Delta Sigma Pi would like to congratulate all the new pledges, and especially our own, Ted Cranmer, Bob Hearden, Bob Hunter, and Henry Avalos.

Our social season started off this semester with part II of the Red Dog. The brothers and the many guests who attended all considered it a huge success.

On March 11, Capt. Brown of the Marine Corps recruiting office came to talk to us on the opportunities in the Marines and on the current situation in Viet Nam. The talk was arranged by professional chairman Chuck Sprietsma. Coming up soon is a tour of the brokerage offices of Merrill, Lynch, Pierce, Fenner, and Smith.

Delta Sig's own industrial giants, Stan Bagley and Tony Spinelli, report that their agricultural enterprise, Fetish Farm, is doing very well. The rumor that they sold it to start the Perfumed Garden is false, they said.

PI KAPPA PHI

Our pledges for the Spring Semester are Glenn Paitor, Matt Reeves, Jim Frain, Doug Downing and Vinny Doyle. We would also like to congratulate our new Daughters and Rose Buds. Daughters are, Kuci Lopez, Robin Hamrick, and Pam Willets. Rose Buds are, Carolyn Grose, Joyce Hatfield, Mary Ann Lacho, Jeannie Durschem, Donna Poll and Brenda Barno. Congratulations to all our new Pi Kappa Phi girls. Congratulations go to Nick Fedorice and Miss Sue Zawaski

of Beta Tau Alpha on getting lavaliered and Joe Vergilio and Miss Carolyn Grose on getting pinned.

The Pi Kapps are now in third place in intramurals. As the intramural season draws to a close the brothers will be working hard to pick up the deciding points.

The Pi Kapps had a great time playing softball with the Alpha Chi's. The brothers rallied in the last inning to tie the game 13 all. Gail, of the Alpha Chi's handled the ballplaying and took M.V.P. honors while 4-F and Icky Nicky sat on the bench and handled the keg.

As April draws nearer the brothers are all looking forward to our annual Roman Party. This is one party the Goodwill Store cannot supply clothes for!

Pi Kapp Quickies: Has anyone noticed an extra large Panda lately? The Sugar Bear is now moonlighting as a snake, and would you believe the Red Teddy Bear isn't fuzzy.

SIGMA PHI EPSILON

The members of Sigma Phi Epsilon would like to congratulate the newly elected student government and class officers.

Our "Bonnie and Clyde" party was a rousing success. Some of the costumes were unreal, but Leslie Weiman's footwear stole the show. We presented our own famous Clyde with a trophy, recognizing his rare and specialized talents.

One of our brothers went out of his way last week to spread joy. Also our "Minaret Man of the Week" is knocking them dead with the "Lips of Honey." According to "Lips," as he is affectionately called, all "68" campaigns, except his own, have been glops. It has been related that his own may fail now that he is in love.

Congratulations are in order for Marky and Chrissy, Flower Crow and Flower Girl, Itchy and Sharon and Cool Hand and Red Neck on their togetherness.

We've heard that Marvellous Marv is having marital problems. Also that with the return of Aesop to 315 the halls are again ringing with his famous fables.

Understand that the Latin Lover is attempting a comeback. He's had his problems, girls, give him a break.

Our weekend is scheduled again for Apollo Beach on April 26-28. It should be another smashing success.

In conclusion, thanks to all for supporting our candidate at the polls.

THETA CHI

The brothers of Theta Chi would like to congratulate the new

pledges of all fraternities and sororities. Good luck to you all.

Leading our new pledges are Ed Lilly and Norm Soash. They were recently elected President and Vice-President of their pledge class. The other pledges are: Hank Whitfield, Dan Boone, Fred Britn, Ron Brown, Pete Cesta, Tony Gaudio, Riley Hartsock, Barry Hebben, Harry Kaminsky, Jack Kaplan, Ed Lilley, John Livingstone, Bob Lokey, Ken MacKenzie, Jim MacLeod, Gordon Maingot, Joel Medgebow, Ted Mims, Harry Murphy, Jeff Onore, Fred Pollock, Gary Reumann, Norm Soash, Marc Tand, Bart Travaglio, Stan Wrubluski, Bernie Torda, and Wilmont Williams. Big things are expected from these pledges, as they are a fine group of men. Most people will agree, it's good to see those "jewels" around again. The best of luck to all you girls in your efforts to get your hands on these valuable trophies.

Once again the Theta Chi parties seem to be making the news, and our weekend seems to promise even bigger and better things. Huey, our weekend chairman, has lined up quite a schedule of events.

Congratulations to all the newly elected school officials. Good luck in your very important positions.

For all you gamblers, the best bet of the week seems to be the T. C. basketball team. It looks as if they are going to wrap up another intramural title. This year's team is led by Sharky, Norm Soash and "Psychedelic" Chris Meister.

Everyone save your pennies for the biggest car wash to be seen on this campus. It will be held at Steve's Standard in the near future. Only one dollar and your beverage wagon will look like new.

Charlie Gam and "Mad Dog" Jack are planning some Sunday afternoon pool parties. Keep your eyes and ears open, they should be good times.

TKE

First of all, we would like to present our outstanding pledge class to you. They are as follows: C. Able, R. Cento, R. Collier, T. Colucci, D. Cortese, J. Herby, L. Kutney, J. McKenna, W. Miller, W. Neuman, S. Palestri, G. Paradiso, F. Patroni, R. Pratt, R. Pugh, R. Rosenblatt, T. Schoch, F. Sempfeler, L. Seward, and J. Vandercrake.

Elections for our next year's officers are now taking place among our Fraters. We certainly have a rough decision to make because of the high quality men participating.

Again, the Fraters at 200 Hyde

Park Place have taken the matter in hand. The paneling throughout the house certainly does the house justice, but the new rug in the living room is really dynamite.

G. T. will probably be making posters for the next week in support of some of the best qualified people in our school elections. Good luck, Gary, and we hope your brushes endure.

Well, we hope Lynn and Smitty, M. M. and G. T., and B. H. and Kathy are happy. All six of these individuals are now happily attached by our lavalier. We would like to extend our congratulations to all the sororities and fraternities on their fine pledges. Good luck with your pledge programs.

With the addition of the following men we are now the largest Fraternity on campus: J. Beattie, G. Calder, B. Cook, M. Davies, T. Erney, R. Glynn, J. Grundy, B. Hearden, R. McKenzie, F. Raila, R. Rotella, B. Smith, R. Squires, A. Susla, G. Waniga, S. Williams and P. Zicko. Also our four Bull-Pledges, "The Wetback," "The Wildman," "The Gremlin," and "Flamin' Fo."

Three questions are being asked around the T.K.E. House these days: Is Lambchop dead or merely sick? Will the Rock be able to top "HANG ON SANTA," at next year's choral sing? Why is Snellgrove walking lopsided around the campus lately?

DELTA PHI EPSILON

The sisterhood of Delta Phi Epsilon is pleased to announce five additions to their Spring, 1968

Pledge Class. These girls are as follows: Barbara Babcock, Peggy Greenspon, Lynn Perlman, and Carol Wagner.

The following officers of President, Vice-President, Secretary, Treasurer, and Program Chairman of the Spring Pledge Class are now being filled by the newly elected officers Sandy Cohen, Sue Darg, Pam Willets, Barbara Babcock, and Janice Wells respectively. Congratulations Deepfers.

Congratulations go out to all Greek women who made the Panhellenic Car Wash on March ninth a great turn out. The money made for this is being donated to the library building fund.

Deepfers wish to thank all those who supported our candy apple sale on March fourteenth and cup cake sale on March twentieth.

Congratulations also go to those big sisters who received their "littles" on March nineteenth.

The Deepfers were seen wearing their traditional purple and gold dresses on March eighteenth in celebration of Founder's Day, which was March seventeenth.

ALPHA CHI OMEGA

We would like to extend our congratulations to all Greek organizations on their spring pledge classes. Now to present our ten beautiful pledges: Sharon Balkan, Lynne Benson, Carol Harding, Patti Harrison, Gail Kirkconnell, Sherry Lowe, Barbara Mills, Mary Morrison, Mary Pratt and Patsi Shealy.

Fourteen new initiates now wear the golden lyre: Libby

Clontz, Pam Doster, Jan Downey, Jo Ellen Faraghan, Pam Fowler, Wendy Groves, Bekky Household, Margie Oleskie, Joey Matthews, Linda Waldman, Wanda Warren, Claire Weiner, Cindy Wells, and Sally Yavornik.

We Sisters are pleased with our new leadership: Pres., Kathy Driscoll; 1st V.P., Nadene Austin; Pledge Trainer, Ava Spitzer; Corres. Sec., Sharon Harler; Treas., Pam Frey; Recording Sec., Sandy Link.

Nancy Laho, who is President of Panhellenic, represented we Alpha Chi's at the National Panhellenic Convention at the U. of Georgia.

We certainly do miss our "Girl of the Golden Lyre," Kathleen Faraghan, for she has been taken from us by Sonny Long. Much future happiness to you, Mr. and Mrs. Long.

After two long hard years, Linda Waldman is triumphant. She now wears the Sigma Phi Epsilon lavalier of Joe Mancusi. Mike Snellgrove of TKE is the lucky boy to have lavaliered Barb Mills.

The sisters are also extremely happy to say congratulations to sister Kathy Driscoll, who was recently elected secretary of the Student Government Association and to pledge, Mary Pratt, on being elected as Vice President of the Sophomore class!

Due to the numerous Fraternity articles sent in this month, the Minaret was forced to splice many of them because of the lack of space available. Our apologies especially to Zeta Tau Alpha Society whose article was not able to be published. Thank You.

Student Government Bills Presented

Continued from page 2

Whereas: The policies of this University concerning this matter operate within the capacities of parental-type supervision; and
Whereas: the aim of an institution such as this University, which is in fact, an institution of higher learning seems to be rather paradoxical in the fact that the students are instructed in how to get in an adult situation but they are not given the opportunities to do so.

Therefore:
We of the Student Government Association of the University of Tampa do hereby recommend that:
All female students over the age of 21 years be permitted to room and board in quarters of their own choosing. **Passed by House, Dean's decision pending.**

RECOMMENDATION

Whereas: A one a.m. weekend curfew necessitates departing early from organized social functions in the Tampa Bay area, such as Dances, Parties, and similar social functions which do not normally terminate before one a.m.

Whereas: We, of this House of Representatives, find discontent coming from the members of the organizations we represent with the current curfew regulations; that —
— We, the members of the House of Representatives, recommend to the Dean or Women that curfew hours for women be extended until TWO a.m. on weekends. **Passed by House, vetoed by Administration.**

WHO'S WHO BILL

It is hereby proposed that the selection of Who's Who candidates shall be by application to Student Government. These applications will be screened by the Personnel Deans, Vice-President for Academic Affairs. The format of the application will be a listing of the students activities by years. The President of the Student Body will head the Executive Committee of the Student Government whose duty it will be to screen the applications as to their validity. Each applicant must also submit three letters of recommendation, No. 1 which must be from faculty, with their application. There will be no student vote as a means of selecting the candidates. When the applicant's qualifications have been verified by the above committee, his application will be forwarded to the national organization. Upon approval, the above proposal will be effective as of 1968 Spring Semester. Any person who is asked to leave school for disciplinary or academic reasons shall not have his name submitted to the National Board. **Passed by House, vetoed by Executive Committee.**

SECOND WHO'S WHO BILL

It is hereby proposed that the selection of Who's Who candidates shall be by application to the Student Government Association. These applications will be presented to a committee made up of six members of Student Government to be chosen by the President of Student Government and chaired by the Vice-President of Student Government, whose purpose it will be to determine the validity of all points on the candidates applications.

The applications will then be presented to a Candidate Selection Committee consisting of the Personnel Deans, Vice-President of Academic Affairs, and the two Student Judges. It will be the responsibility of this committee to select the candidates for Who's Who.

Each applicant must submit with his applications three letters of recommendation from mature and responsible adults, two of which must be from the faculty and/or administration. Each applicant must have a "C" average (.10) and be in good social standing with the University.

Anyone asked to withdraw for disciplinary and/or academic reasons from the University, after having been selected as a candidate for Who's Who, shall not have his name sent to the National Organization. And, anyone who willfully falsifies his application will be disqualified. There will be no student vote as a means of selecting the candidates. When the applicant's qualifications have been verified and approved by the above committees, his application will be forwarded to the National Organization. Upon approval, the above will be effective as of the 1968 Spring Semester. **Passed by House, Executive Committee decision pending.**

RECOMMENDATION

Whereas: Male students and Veterans of 2 years or more duty in the Armed Forces at this University are, in many instances, required to room and board on the University campus; and
Whereas: Persons 21 years of age and older, be they students or not, are considered by all State and Federal statutes to be adults and responsible for their own actions and conduct; and
Whereas: The policies of this University concerning this matter operate within the capacities of parental-type supervision; and —
Whereas: The aim of an institution such as this University, which is in fact, an institution of higher learning seem to be rather paradoxical in the fact that the students are verbally shown how to

get along with their fellow students but they are not given the opportunities to put these lessons into practice.

THEREFORE: We the Student Government of the University of Tampa do hereby recommend that:
All male students over the age of 21 years and all Veterans with over four years active duty be permitted to room and board in quarters of their own choosing. **Passed by House, Administration decision pending.**

RECOMMENDATION

The removal of a student's meal card for such violations of the student handbook as dress regulations should be discontinued, and other disciplinary measures instituted. The student has paid for those meals and is entitled to them. Restriction from eating is an undue hardship for any student, and is not conducive to proper attitudes toward education. **Passed by House, vetoed by Administration.**

RECOMMENDATION

Any student whom the administration thinks warrants suspension from Tampa University should receive a written notice of his suspension twenty-four (24) hours before that suspension is in effect. **Passed by House and Administration.**

RECOMMENDATION

In the case of the suspension of any student he should have an immediate and automatic hearing. It is recommended that he receive his hearing within forty-eight (48) hours after his notice of suspension. **To be clarified.**

RECOMMENDATION

Any student who has been suspended by the Administration but who has not received a hearing and a judgment in his case should not be suspended from attending his classes. As the situation now stands, the student is not allowed to attend classes — and if he does not get an IMMEDIATE hearing, he will be dropped from all his classes. Even if there was an error in his case, he is in no scholastic position to resume classes because of his excessive class-cuts, through no fault of his own. **To be clarified.**

RECOMMENDATION

In the case of the suspension of any student it is recommended that he be allowed the privilege of counsel of a faculty, staff, or administration member. Students are not always capable of defending themselves in matters that they are emotional about. This recommendation would preclude any involuntary injustices on the part of the administration. **Passed by House and Administration.**

RECOMMENDATION

To: Director of Vehicle Registration — Mr. Whitus
In recognition of inadequate parking facilities for students attending the University of Tampa, it is recommended that all existing facilities be reserved exclusively for vehicles bearing pertinent parking per-

mits, regardless of hour of day or holiday (such as Gasparilla Day) or special events.

We, the House of Representatives, recommend that the University respect the needs of the students above and beyond the opportunity of income gained through the use of these facilities. **Passed by House, being checked by Mr. Whitus.**

RECOMMENDATION

It is hereby recommended to the Administration, Faculty Committees, and the Personnel Deans, by the Student Government Association, that whenever the aforementioned Personnel Deans, Administration or Faculty Committees find it necessary to hold their approval of any and all bills, recommendations, or resolutions duly passed by this Student Government Association and sent to the appropriate Personnel Deans, Administrators, or Faculty Committees for necessary approval; that a representative of the appropriate Dean Administrator, or Faculty Committee appear before the Student Government Association to present their particular reason or reasons for not giving consent to the aforementioned bill, recommendations or resolutions. **Passed by House and Administration.**

PUBLICATION BILL

It is hereby proposed that all bills proposed and recommendations whether acted upon or not in this assembly shall be published in the Minaret.

It is further proposed that information pertaining to any and all action by the administration or the executive committee on said bills and recommendations be submitted to the Minaret for publication. **Passed by House and Administration.**

RECOMMENDATION

It is hereby recommended that the official delegates from this Student Government Association to the Southern Universities Student Government Association conventions shall be members of the current House of Representatives, of members of the current Executive Committee or be a member elect of the Executive Committee for the following year, or be the official S.U.S.G.A. coordinator for this S.U.S.G.A., to be selected by a committee appointed by the president of this S.G.A. made up of members of the Executive Committee and those selected shall become the official delegates of this S.G.A. upon the approval of a simple majority of the members of the House of Representatives of this S.G.A.

The number of official delegates shall number between 8 and 14. The current four officers of this S.G.A. and the officers elect for the coming year excluding the secretary elect of the S.G.A., and the official S.U.S.G.A. coordinator of this S.U.S.G.A. SHALL automatically be official delegates to the S.U.S.G.A. conventions.

No person who shall be selected as an official delegate with the exception of the current members of the Executive Committee or the official S.U.S.G.A. coordinator of this S.G.A. shall be a senior who shall be graduated from this University at the end of the current school year. **Passed by Executive Committee, tabled by House.**

ART

Two acrylic washes and a pencil drawing by Joe Testa-Secca, artist-in-residence and assistant professor of art at the University of Tampa, have been accepted in a Print-Drawing Show at South Georgia College in Douglas, Ga.

Juried by Arthur Deshaies, nationally known printmaker from Tallahassee, the show will run from Tuesday, April 2-April 12.

"See I Can Fly," a pencil drawing, and "Machines and Highway" and "Runaway," both acrylic washes, were the titles of the compositions.

A graduate of the University of Tampa and the University of Georgia, Testa-Secca has shown his work in international and national shows. He joined the faculty at the private institution in 1965.

Virginia (l) and Frank (r) are:

A. Interviewing an African couple. B. Visiting a Nigerian University. C. Exchanging ideas with Nigerian University students.

Actually, Virginia Blount and Frank Ogden are doing all these things. As members of the 500-student World Campus Afloat-Chapman College, these two Arizona college students had the opportunity to talk with students at the University of Ife, Ibadan branch, Nigeria.

With the help of Nigerian students and professors, the Americans compared religions, art, anthropology, educational systems, economic developments, geography, drama, music, and dance of the two countries. This is the regular course work aboard Chapman's shipboard campus, the s.s. Ryndam.

Virginia and Frank transferred the credits they earned back to their home colleges, Arizona State University and Northern Arizona University, and are going on for their baccalaureate degrees. Chapman College is currently accepting enrollments for the 1968-1969 academic year with the World Campus Afloat program.

ITINERARIES

Fall 1968: Dep. New York Oct. 10 for Dublin, London, Copenhagen, Rotterdam, Lisbon, Rome, Athens, Haifa, Catania, Barcelona, Las Palmas, Freetown, Rio de Janeiro, Buenos Aires, Montevideo, Punta Arenas, Santiago, Lima, Acapulco, arriving Los Angeles Jan. 29.
Spring 1969: Dep. Los Angeles Feb. 3 for Honolulu, Tokyo, Kobe, Hong Kong, Bangkok, Kuala Lumpur, Colombo, Bombay, Mombasa, Durban, Cape Town, Dakar, Casablanca, Cadiz, Lisbon, arriving New York May 27.

The coupon below, if completed and mailed at once, will provide the first step in reserving space for your fall 1968 and/or spring 1969 semesters with World Campus Afloat where you can take full advantage of Chapman College's unique three-year experience in effective teaching aboard ship and in world ports.

The kind of man who reads the Minaret is a man with time on his hands. A man in Sharkey's position knows the value of keeping well-informed, and he knows the most informative college paper is the Minaret.

Harold's Club Returns To TU

By Nancy Meehan Staff Writer

Once again the fantastic Harold's Club comes to the University of Tampa, bringing a night of gambling, floor shows and dancing.

Activities begin tomorrow at 8:30 p.m. with extended curfew until 2:00 a.m. Gambling tables, such as Chuck-a-Luck, Black Jack, Over and Under, Roulette,

UT Band To Grow; Uniform Bought

The University of Tampa Spartan Band, under the direction of Richard Rodean, will be expanded and re-activated as a marching unit for the 1968 football season.

New uniforms, accented by tall fur hats, and new instruments have been purchased for the all male band.

"We hope to have 64 men in our marching unit," commented Rodean. "Women are invited to join the revised Spartanettes."

The band is governed by all-student band board which plans to develop a unit which will do justice to the new Tampa Stadium.

"Our success is up to student participation," one member of Kappa Kappa Psi, the band fraternity, stated. We want to have the best band the school has seen, and we are working for that, but we need the student body behind us. This is not just for the football games, but for all appropriate events."

A professional director has been hired to train the Spartanettes. Mary Ordog will serve as student leader. Plans are being made to equip 20 girls for the group.

Some scholarship assistance is still available. While next year's freshman class is being contacted about band membership, most musicians will be selected from current students with some experience.

Kappa Kappa Psi is planning spirit projects to publicize the band.

In the spirit of the season, we are honoring deserving groups and individuals for outstanding behavior.

Men's OVERALL DIVISION: Ray McGee for playing "Bonnie & Clyde" to an unappreciative audience.

FOOLISH PARTY PLANNING AWARD: Joe Midulla for putting 100 Sig Eps and dates in two unventilated trucks for the ride to the Bonnie and Clyde Party.

SPECIAL SUBDIVISION — FOOLISH RUSH PARTY AWARD: Clem Stolarik for the Theta Chi Rush Party at the Sweden House, plus recommendation for the best comeback the next day.

MOST ORIGINAL FOOLISH HOMECOMING DISPLAY: TEP.

MOST FOOLISH WASTE OF TAXPAYER'S MONEY: Painting a yellow crosswalk on the street in front of Plant Hall.

ANNUAL UNCONTESTED AWARD FOR THE LARGEST COLLECTION OF FOOLS IN CAPTIVITY: Florida State Fair.

MOST FOOLISH SPORTS EVENT: To TKE's for their second annual crushing softball defeat to ZTA.

MOST FOOLISH IFC EVENT: Greek Weekend.

MOST FOOLISH CENSORSHIP, LIBRARY DIVISION: To librarians who refused to let a faculty member check out "Lavida," a study of Puerto Rican life in America, because of its "foul language."

MOST FOOLISH "WE TRY HARDER" AWARD: To Theta Chi for their futile effort to win the over-all intramural sports award.

MOST FOOLISH ALL-AMERICAN FOOTBALL AWARD: To Ritchie Nazaro for remaining on the Spartan football team for one day of practice.

MOST FOOLISH BALD EAGLE AWARD: To Dick Petty for obvious reasons.

MOST FOOLISH SCHOLARSHIP AWARD: To the 79% of the freshman class who did not make a "C" average this semester.

MOST FOOLISH DATE: Artie Cooper for picking up his date in complete drag.

"Thee Place" A Product Of Student Initiative

By Nancy Meehan Staff Writer

Harvard University has its "Club 47," Boston University has its Unicorn Coffee Shop and Tampa U. has "Thee Place." This name was derived by Bob DeLanglis, Art Eichenberg and George Grippenburg. Last spring, Coach Loverly got the idea of having a coffee shop on campus.

The purpose of "Thee Place" was to provide entertainment to students who have no transportation and would otherwise be confined to the campus.

Originally the Tampa Bay Hotel used this cellar area as a rattskeller and pool room. The University then took it over and used it as a dining area for its students. After being vacant for several years the student union organization decided to re-activate it, and preparations got under way last fall.

Delanglis, the original manager, John Slocum, Michael Feinstein, Richard Sharack, Ellie Phraner, Gail Levine, Kay House and Joan Fiorillo, began first by clearing out all the "junk," and washing and painting the walls, woodwork, floor and ceiling.

The atmosphere of "easiness" is brought about by a careful choice of colors (red, black and white). The small seating capacity and the elimination of much lighting projects a feeling of "crowdedness" and "closeness." Cleverness on the part of the members is exemplified by

opportunities- education and rehabilitation offered by the state.

Prison forced Ann to discipline herself. "I stabbed my boyfriend, I realize my mistake, but only in prison did I learn to face reality and discipline my emotions," she said. She added that the atmosphere created by the institution was similar to that she had rejected in her own parental environment. "I failed them" (parents) said the soft spoken young girl.

the use of cable wire spools as tables and psychedelic paintings and pictures displayed on the walls.

After much effort and money, Thee Place got under way on February 11, with a performance featuring The Wayfarers. Since then many groups, comedians and folk singers have appeared here.

Especially successful are the movies that have been shown at Thee Place — the collegiate craze being that of W. C. Fields, East Side Kids, and Our Gang Comedies.

Admission is very nominal — for .25¢ — .50¢ a student can see any movie and most local entertainment. A dollar usually covers the cost of being entertained by any other groups. Refreshments, such as coffee, cold drinks, pretzels, and chips are served during all performances.

The members realize there is a great deal of work to be done before they accomplish what they've set out to do, but "top entertainment," said assistant manager Slocum, "cannot be engaged until they have the necessary funds and the support of the student body."

Thee Place provides an excellent opportunity for students with a limited "expense account" to take their dates, or for just anyone to spend an evening of fun and entertainment.

One thing is for sure — there is no place like "Thee Place" any Place!

A Junior Olympic swimmer, Martha was a third member of the group. "I lied to avoid facing life and reality by taking what I wanted and needed", she declared. I had committed three years of forgery before I turned myself in", she disclosed. We must avoid the evils of crime by finding ourselves and being true individuals, she pleaded. The former swimmer has a son who is no longer in her custody.

Catanese Elected SGA President

Mike Catanese was elected student government association president following a runoff with Ed "Missouri" Page last Friday. Mike, a senior, is also president of Sigma Phi Epsilon fraternity.

Student Center Plans College Bowl Match

By Nancy Meehan Staff Writer

Campus organizations are invited to participate in a College Bowl sponsored by the Student Center. This activity will be run under the rules of the General Electric College Bowl which appears on CBS — TV.

The Psi Chi Club and Delo Forensic Society have already signed and are eager to get started. Each team will consist of four members, and each one should have knowledge of one or more of the Liberal Arts. The names of the team members, four, plus two alternates, must be on file in the Student Center office, as a person can only participate for one team.

Any organization interested in competing in the College Bowl should sign up in the Student Center Office by Friday, March 22nd. The first game is scheduled for Saturday, March 30, at 7 o'clock p.m. in the International Room.

There are some surprises set aside for the week after Spring vacation as the Student Center will celebrate its fifth anniversary.

This week will get under way on Sunday, April 14 with a Street Dance; Monday and Tuesday evenings will feature a Special Dinner. On Wednesday, Coffee House Night, the Center will present entertainment — as of now unannounced, and on Friday evening a movie will be presented to the student body. The week will culminate on Saturday, April 21 with a Barbecue at Philips Field, a girl's bike race, and dance.

Herb Knowlton will serve as vice president and Mary Sue Gaudio will fill the post of co-ed vice president. Claire Weiner and Linda Waldman lost to Knowlton and Mary Sue respectively.

Defeating Donna Blaess for the position of secretary was Kathy Driscoll.

Heading the senior class for 1968-69 will be Smokey Burgess and Frank Ciotti as president and Vice president.

Jim Bernhardt and Roger Sofer will take over the junior class responsibilities.

Continuing to represent the sophomore class are Jeff Onore, president and Mary Pratt, vice president.

Student Judges elected were Ted Paterson, alternate Steve Barfield, and Janet Lewis, alternate Nancy Leonelli.

"I was very pleased with the 52% voter participation in the initial voting," commented Attorney General Tom Rao. "The election ran smoothly."

BAILEY, MacINTYRE, CHARLETON NEW GRIDIRON COACHES

By Dan Hudson
Staff Writer

Winning teams are built on hard work, skill and revolving around the nucleus of any teams, the coaching staff.

The University coaching staff will have three assistants next year for its football team.

They are: Charles Bailey, defensive line coach; Robert Charleton, offensive line coach; and George MacIntyre, defensive backfield coach. Amidst the team's spring practice, and the sweeping schedule changes, the coaches were asked recently for their views on the team, the school, and next seasons opponents.

Charles Bailey: Bailey is 27, married and father of two boys, Jeff 5, and Derek, 9 months. His college football was played at Tampa, where his status of small College All-American was attained. Coach Bailey has been on the coaching staff four years. "With all of last year's defensive linemen and linebackers scheduled to return in the fall, I believe their experience will be an invaluable asset," Bailey said. "The addition of new players will also help improve upon last season's performance."

When asked which will be the toughest game next year, he stated that at this time it is too early to tell. The coach did, however, state that as with any team, the first game of the season is very important. In Tampa's case, it is to be the University of California at Santa Barbara, no small task by any means, he concluded.

Robert "Bobby" Charleton: Coach Charleton is 35, married, and father of two girls, Karmal, 2, and Karey, 5. His college ball was played at the University of Miami where he was an outstanding player. Coach Charleton, a newcomer to Tampa, believes that with the players the University has now, and the expected arrival of new players in the fall, a much improved team will be on the new Tampa Stadium turf and a vastly improved one.

Last is Coach George MacIntyre. Coach MacIntyre is 28, married and father of one boy, Michael, 3, who is, in the words of the coach, "definitely a football player." MacIntyre believes that the fact that Tampa is a small school can work to its advantage, and that it still comes down to 22 men who play the game on the field that counts. A much improved team is the outlook as he foresees it, and counts on 32 "good players who could play anywhere."

"The reason I came to Tampa," the coach finished, "is that it is a school with its future ahead of it, and the team has an excellent chance next year, and for many to come."

The three coaches were in accord with Head Coach Fran Curci in the assumption that the intra-squad scrimmage May 3, at the new stadium will help answer many questions. The coaches stressed the fact that the administration has helped immeasurably, an important asset for any team.

Roderick Pacing TU Baseball Team

By Dan Hudson
Staff Writer

As the saying goes "It happens every Spring", and its happening here in Tampa right now. It is baseball and spring training. Most people realize that the New York Mets and the Cincinnati Red Legs make the Tampa-St. Petersburg area their spring base, but many students don't realize that Tampa is also the home of the University of Tampa baseball team, too.

To date, the baseball team, coached by Larry Gable, has a four win and two loss record. The team has beaten the University of South Florida, St. Leo's, and perhaps most important one to date, that Southern powerhouse Mercer College of Macon, Ga. Gable stated that the upcoming games against Duke are going to be an important test for his squad. He stated that the team is finally starting to play up to its full ability. He continued that the team's pitchers have been throwing very well, while Ray Roderick has been pacing the team with a batting average well over the coveted .300 level.

Most of the opponents the team faces, and have faced are usually stocked with scholarship players whereas the Spartans get no scholarship aid from the administration. "The reason Gable pointed out," is the school's budget. The school has helped with equipment and other aids."

Crew Sports Winning Record

By Dan Hudson
Staff Writer

On March 21st, the University's Crew team continued its winning ways by downing Amherst in both the Varsity and JV events. Times for the mile course were very respectable with the Varsity in at 5:27, while the JV clocked in at 5:29. Both shells beat their opponents by a length and one-half. The team's record is now two wins against no defeats. The JV and Varsity shells both outdistanced the East Carolina Crew on February 29.

Other important matches are against Big Ten power Purdue, April 7, and in a match that has just been added to the schedule, Notre Dame April 20. Both are very important matches. Both will be at home.

Brad Wickersham is coach and the captains are Mike Snellgrove and Kenny Lee.

Far-sighted innkeepers are providing lavish guest facilities and greatly increased services for motel guests, says John G. Lacock, president of Quality Courts Motels, Inc.

Squires, Kaminsky Tops In Tennis

By Dan Hudson
Staff Writer

The University of Tampa Tennis team is now half way through its season, and sports a mediocre two wins, seven loss record. The team has played some of the toughest teams in the southeast. Among these are Georgia Tech, always a powerhouse; Stetson, another tennis power; and Rollins, one of the top teams in Florida.

The team is coached by Gene Vash, one of the highest ranking teaching pros in the south. Vash has done an excellent job with a small team, large on talent, and short on competitive experience. Of the top men on the team, only Steve Squires, and Harry Kaminsky have played regularly in top competition.

Squires is 19, and hails from Livingston, N.J. He has been one of the top ranked amateur boys in the Mideast, and was the New York State Boys' (16 and under) Champion, and ranked fifth in New York. In the match on March 19, at the Davis Island Tennis Club, he upset Georgia Tech's No. 1 player John Gilbert, one of the top three collegiate tennis players in the south.

Captain of the team is Harry Kaminsky, 19, of Milwaukee,

Wis. In 1965, he won the Wisconsin Junior Championship, and was ranked eighth in the Mid-west. When asked about the poor season start, he stated that one of the problems is the inexperience of some of the players, and also the lack of student support. With the season half completed, Kaminsky looks for a turnabout against Rollins, Stetson, and Southern Florida. He looks forward to the maturation of Sandy Cadel into one of the teams big men. Other team members are Ron Brenner, Charlie Matson, Jack McWilliams, all men with a future on the courts.

Kaminsky concluded that since tennis is a new sport he understands about the lack of student support, but feels that the administration could give the team more aid as far as support and equipment.

The team will play Big Ten contender Wisconsin on April 16. Stetson will visit Tampa on March 27, while Florida Southern rolls in on April 4. The matches take place at the Davis Islands Tennis Club.

JOE SPARTAN SAYS:

Join the Spartan Band my friend The experience is rewarding. We work real hard, but have good times. This is a recording.

FRONTIER CAREERS

for those who can grow

Few industries offer college men and women more rewarding growth careers than Florida's four electric companies. Fast growth—and far out.

Frontier of Science: From computer controlled dispatching systems to nuclear power generators.

Frontier of Management: From electronic data processing to public relations and personnel.

Frontier of Service: Security, welfare, and economy of communities are bound to electric service.

Frontier of Opportunity: Demand for electricity in Florida will double in ten years or less.
