Moroccan Editor Reveals Plans For Forthcoming Year

Bruce Atkins, Editor of the Moroccan, the University of Tampa Yearbook, announced today the procedure for obtaining pictures and pages in the 1953 edition.

He said, "Before I say anything about page costs and picture taking, let me say first that the book will be out May 25, 1953—rain or shine—so that when your organization is scheduled to take a picture and you want to be in it—you'll have to be there on time. We will make every attempt to let the organizations pick their own time for having pictures made, but those wishing to appear in the picture MUST BE THERE. The only pictures we will retake will be those that did not turn out satisfactorily."

"The cost per page," Bruce continued, "will be \$15.00. Sororities, fraternities and other organizations may have as many pages as they wish, but payment will be made before pictures are taken. Your pages may be paid at the Business Office. This office will then furnish the Moroccan Staff with the names of organizations that have paid. Organization Editors are: "Becky" Brockman, Sororities; Carl Cowden, Fraternities; and Don Olson and Jayne Anderson, Organizations."

Miss Moroccan Contest

MISS MOROCCAN of 1953 will be chosen by a written ballot of the Student Body from a group of six girls. The six girls will first be chosen by a secret board of judges.

Any organization may submit the pictures of one or more girls by turning in these pictures, plus \$1.00 per picture submitted, to the Moroccan. The girls entered in this contest must be students at the University of Tampa and must be single.

The six finalists will be presented in a student assembly where they will be viewed once by the students in bathing suits and once in street clothes. The students will then cast their written ballots and the votes will be counted by the board of judges. The winner—Miss Moroccan of 1953—will be announced during an assembly in May.

The money collected by the payment of fees will be used to buy prizes for the winning girl and a cup for the organization sponsoring the winner. The remaining five girls and Miss Moroccan will make up the beauty section of this year's MOROCCAN. Each of the six girls will receive an 8x10 portrait of herself, taken by Van Dyke Studios.

Cooperation

This year's Staff will endeavor to give the Student Body the best MOROCCAN ever published. But to make it an extra special issue, the cooperation of everyone is desired. Do your part by helping the

T. U. Faculty Has Six New Members

The University of Tampa welcomes six new members to the administrative staff and the faculty this fall.

They are Mrs. Lucile King, dean of women and assistant and advisor in radio, drama and public relations; Dr. William D. Glenn, Jr., associate professor in charge of psychology and director of adult education; Dr. Harold F. Creveling, associate professor of geography and geology; Dr. Alan P. Stuckey, acting associate professor of history and political science; Donald A. Chase, assistant professor in charge

DR. GLENN DEAN KING

of sociology; and Alvan R. McFadyen, assistant professor of English.

Mrs. King has been prominent in young people's work and civic and church work in Ohio, and has had wide experience in the field of women's clubs. She served on the Board of Directors of the General Federation of Woman's Clubs of America and has held many offices in the federation. For six years she

DR. STUCKEY DR. CHASE

was a member of the State Board of Education of the Ohio Conference of the Methodist Church.

Two years ago Mrs. King was awarded a trophy for outstanding community service by the city of Bryan, O., where she directed a historical pageant for the city's centennial celebration. She is a graduate of Defiance College, Defiance, O., and attended the University of Michigan. Her teaching experience includes public speaking and debate, drama, choral work, physical education and other subjects.

Dr. Glenn comes here from New York University, where, except for a wartime leave of absence, he has taught psychology since 1927, and where he was director of the Testing and Advisement Center and director of the Reading Institute. He received the bachelor of arts degree in 1921, the master of arts degree in 1922, and the doctorate in 1931 from the University of North Caro-

Dates Of Thanksgiving Vacation Are Changed

The office of Dean of Administration M. C. Rhodes announces that Thanksgiving recess will be Nov. 27-30 inclusive, instead of Nov. 20-23 as given in the University calendar in the Bulletin and the Student Handbook.

Adult Education Classes Still Open For Enrollment

Registration for 29 evening classes making up the fall program of the Adult Education Center are still being accepted, but prospective students are urged by Dr. William D. Glenn, director of the program, to enroll without delay, as the classes have already held their first meetings.

The courses, consisting of 10 weekly meetings of one to two hours, are open to all, regardless of previous education or training. They do not carry college credit.

The courses are:

ABCs of Art, Norman Borchardt, Monday, 6:30; Parliamentary Rules and Procedure, Thelma E. Jones, Monday, 7:30; Spanish for Beginners, Mary Cortina, Thursday, 7; Speaking Effectively, Roy A. McGillivray, Wednesday, 7:30; Movies Good and Bad, Paul H. Morrill, Thursday, 7:30; Accounting in Business Practice, Russel C. Apple, Monday and Wednesday, 6; Advertising Production, Ernest Vincent, Tuesday, 7:30.

Interior Decoration, Richard H. Bostain, Jr., Wednesday, 7; New Materials, Fabrics, Sara L. Weisberg, Tuesday, 7:30; Ballroom Dancing, Olivia Sterling, Tuesday, 8; Reading for Fun, E. E. Keller, Wednesday, 7:30; Symphonic Literature, Stephen Park, Wednesday, 7:30; Writers' Workshop, Pauline Oates Glenn, Tuesday, 7; Poetry Writing and Reading, Sjanna Solum, Thursday, 7:30.

Ability and Personality Tests, C. J. Ho and W. D. Glenn, Tuesday and Thursday, 7:30; Posture, Poise and Personality, Merle Gibbs, Monday, 7:30; Home Care of Sick and Injured, Bernice Lee, Monday and Wednesday, 7; Study Methods and Educational Skills, C. J. Ho and W. D. Glenn, To be arranged; Mother, Baby and Family Health, Antoinette Blizzard, Monday and Wednesday, 7; First Aid, Instructor Training, William C. Knight, Monday and Wednesday, 8; Contract Bridge, The New Point Count, Virginia Allen Alderman, Tuesday, 8.

Fencing, Beatrice Brill, Tuesday, 7; Photography for Fun and Profit, William D. Newell, Tuesday, 8; Square Dancing, Beatrice Brill, Thursday, 7; Cake Decorating, Tony Provenzano, Tuesday, 7:30; Pottery and Ceramic Jewelry, Florence Irete, Tuesday, 7:30; News in the Making, John Perry, Thursday, 7:30; Opera Workshop, B. Gagliano, Tuesday, 8; First Aid, Standard Course, William C. Knight, Monday and Wednesday, 8.

1050 Are Registered Here This Semester

FORMER STUDENT TAKEN BY DEATH

Paul M. Morrison, 36, who attended the University of Tampa in 1946-47, died Oct. 9 in a local hospital, following a prolonged illness.

He was born in Polk, Pa., Jan. 12, 1916. Upon graduating from Mainland High School, Daytona Beach, he attended Stetson University in 1939-40. He served in the army in World War II. He also was in the Merchant Marine for about a year after attending the University of Tampa.

He resided with his parents, Mr. and Mrs. Oscar G. Morrison of 312 E. Lambricht Ave., Tampa.

Selective Service Test to be Repeated

The third series of the Selective Service College Qualification Test will be given December 4, 1952 and April 23, 1953 at 100 testing centers throughout the country.

In announcing dates of the third series, Major General Lewis B. Hershey said that 413,395 students have already taken the test. He reported that the Educational Testing Service of Princeton, New Jersey again has been designated to prepare and administer the test on the basis of submitted bids. Each examinee's score will be sent to selective local boards.

Students currently deferred on the basis of test scores or class standards number about 190,000.

General Hershey emphasized that increasing manpower demands make it important that each draft-eligible student who has not taken the test do so as soon as possible.

Students whose academic year will end in January 1953 have been urged to take the December 4, 1952 test. This will enable them to have a test score in their cover sheets before the end of their academic year, at which time their boards will reopen and reconsider their cases.

To be eligible to apply for the college deferment test a student must (1) intend to request deferment as a student; (2) be satisfactorily pursuing a full-time course of instruction; and (3) must not previously have taken the Selective Service College Qualification Test.

Applicants for the December 4, 1952(and April 23, 1953 test will mail application blanks to Educational Testing Service, Princeton, N. J., in self-addressed envelopes, which will be given to registrants by local boards. All these cards have not been mailed to local boards and it was emphasized that they will not be available until after October 6, 1952.

Statistics received from the Registrar's Office for this first semester show that exactly 1050 students are enrolled in the University of Tampa, to date.

The men students are 683 in number, while the women students add up to 367. There are 103 Freshmen finishing their second semester work, and 299 new Freshmen entered the school in September. The total Freshman class has 402 members.

Under Public Law 346, there are 231 veterans of the Second World War attending Tampa. Twelve disabled veterans of the Second World War are receiving an education under Public Law 16. Public Law 550 is sending 68 men, who fought in Korea, through school and four disabled veterans from that war are going to Tampa U. under Public Law 894. There are 315 veterans in all.

Catholics Lead

Out of the 1050 students attending Tampa U. 297 of them are Catholics and the next highest denomination is the Baptists with 199. The Methodists are third with 137.

The next four biggest Protestant churches represented on the campus are The Protestant with 79; the Presbyterians with 78; the Episcopal with 32, and the Lutheran with 21.

Other churches are as follows: Advent Christian, two; Assembly of God, five; Christian, 19; Christian Science, two; Church of God, five; Congregational, five; Disciples of Christ, two; Gospel, one; Greek Orthodox, seven; Hebrew, nine; L.D.S., one; Mormon, one; None, 19; Seventh Day Adventist, three; United Brethren, six; and Unity, four.

There are 105 students, who have not designated their religious preference.

Twenty-seven states and two foreign countries are represented at Tampa U. this first semester. From outside of Tampa, there are 148 Floridians and from the Cigar City there are 769.

Northern states lead the out of state poll. The highest being Pennsylvania with 26, next is Ohio with 17, then New York with 16, and last of the top four is Massachusetts with 11.

The other states are as follows: Alabama, three; Arkansas, one; California, two; Connecticut, one; Georgia, four; Illinois, six; Indiana, one; Iowa, one; Kentucky, three; Louisiana, one; Michigan, nine; Minnesota, one; Missouri, three; Montana, one; New Jersey, seven; North Carolina, six; South Carolina, one; Tennessee, two; Texas, one; Virginia, two; Washington, D.C., one; West Virginia, two; Wisconsin, three.

The two foreign countries are Nicaragua and Mexico.

THE MINARET

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during the school year at no cost to the student body. The staff welcomes comments and criticisms. Address all correspondence to the Minaret, Room 205, University of Tampa, Tampa, Fla.

INTERCOLLEGIATE PRESS

Editor's Commentary

"Nos" were loudly expressed by students in the Administrative Assembly held Tuesday when they were asked to give up their seats in the grandstand in order that the Athletic Department might benefit from the sale of tickets for the students' sections. Reason stated for this relinquishing of good seats was that for the past two home games, the students have not filled their designated sections, G and H, but have preferred to sit along the south sidelines in the bleachers. Because the student body have not confined themselves to their assigned sections, other people in the less expensive sections usually move over and occupy those seats. So, from observing that, for the most part, the students sit in the bleachers in front of the south stands, the Athletic Director, Marcelino Huerta, surmised that perhaps the students would be willing to make a "deal" with the Athletic Department. This agreement would be that the student body relinquish their claim to section H in exchange for section G and the bleachers. However, the question was raised that if the student section is to be used ONLY by a student and his date (not singular!), this would mean that those students who are married and have children would either have to leave them home with a baby sitter, purchase more expensive tickets, or stay home with them. Then Marcelo Maseda, speaking in behalf of the Athletic Department, declared that the purpose behind selling single date tickets was to eliminate the practice of a student securing tickets for himself and date PLUS, quoting Marcelo, "Grandmothers, uncles, aunts, cousins and nephews and other friends!" This statement drew a burst of applause from the students. Indicating their willingness and desire to help the athletic program, the student body voted without a single dissenting vote to allow the Athletic Department the opportunity to sell the reserved seats in section H for the Stetson game ONLY. There is also the provision that the Athletic Department will insure that section G and the entire bleacher section in the south stands will be for UNIVERSITY OF TAMPA STUDENTS AND THEIR IMMEDIATE FAMILIES OR DATES PERIOD! If this agreement works out to the satisfaction of the student body, i.e., if the students have enough good seats, and the school spirit is not endangered, then perhaps the "Always has been complications of students' seating arrangements" will have been solved! At least two will have an increase of revenue, which it needs so desperately, and that the student body will have RESERVED expressly for them over 1000 seats!

SOUND REASONING

The Interfraternity Council at the University of New Hampshire has abolished the long-standing rule of first semester so that freshmen and transfer students cannot formally join fraternities until the beginning of the second semester. The pledge season therefore will not take place this year until after the beginning of the spring term.

The reasons given by the Council for making this change are: (1) Such a system as this will allow the prospective pledge to concentrate all efforts on study the first semester, thus enabling him to achieve as high as possible a standing in academic circles; (2) Not only will the student be able to get a good start on procuring good grades, but there will be produced sufficient evidence for the fraternities to determine scholastic standing of the prospective pledge. (3) Another factor is the effect on the student. In order for a student to be eligible to join a fraternity it is necessary for him to have a certain scholastic standing; a definite incentive will be produced within the student to obtain this average.

The IFC also points out that in the old form of rushing, certain spirit was extracted from dormitory activities. With rushing not taking place until the second semester, each student will have a chance to fall into all forms of dormitory activities. This will bring about for the student a more well-balanced, well-rounded, campus spirit regarding all intramurals and social events.

Freshman Webb Leads Spartan Marching Band

By Betty Van Over

The University of Tampa band is really out front this year with every member working hard to please his school and put some spirit into the students. The peppy drum major, Bryan Webb, deserves much of the credit for anything the band does and to this talented ex-marine we might tip our hats. Bryan, better known as "Spider" is a native of Tampa and is a graduate of Hillsborough High School. He first became interested in music in the fifth grade when he started playing the Saxophone his father had used in school.

While attending Wilson Jr. High Bryan studied music under Mrs. Wiltse and when he reached high school he was elected drum major and also started playing in a dance band.

The summer of '49 found Bryan studying music at Vander Cook Music Conservatory in college.

Although music was his main interest in school it was not his only one. This versatile boy was a member of the Key Club, track team and was elected president of the student council but could not except this honor because he was called into the service. During his first year in the corp Bryan received the Arion Award for music.

At the end of his basic training Bryan qualified as sharpshooter with the M-1 rifle. He passed his general classification test with 133 of a possible 150.

Bryan's favorite female vocalist is Doris Day and his pet peeve darn him is Johnny Ray. He's working for his degree in mechanical engineering and by the way chicks if you want to impress him don't gossip that's the one thing he can't stand.

CALENDAR OF HOME-COMING EVENTS

October 20—Names of candidates for Homecoming Queen should be turned into the Senate. Remember, Freshmen girls are not eligible for queen.

November 1—If an organization is planning to have a float in the parade, it must turn in its name and \$1, for the entrance fee to buy trophies. The name of the organization from which the float was borrowed must be turned in by the above date.

November 22 — Homecoming Queen rehearsals.

November 5—Judging of Homecoming Queen at 1:00.

November 6 — Organizations must pay for their candidates flowers which she will carry. The money is to be into the Student Senate by this date.

New Names Sought For Roll Of Honor

The University of Tampa, being proud of its men and women who have served their country, is anxious to bring the Honor Roll up to date.

This is intended to be a complete roster of students and former students who have been inducted into any branch of the Armed Forces since June 26, 1950.

Anyone knowing names that should be included in the Honor Roll is asked to supply Dr. Baker's office with the necessary information.

The Honor Roll, on the north wall of the Lobby, was presented to the University by the Faculty Woman's Club in April, 1951.

YOUR STAKE IN DEMOCRACY

Perhaps the most important privilege you have as a University of Tampa student is the right to vote. Voting is the very foundation of our democracy. In any election the candidate who you think is best qualified for the office will be your choice. If you choose a candidate and fail to vote, you have given a vote to the opposition, which in your opinion is less qualified.

Investigate to the best of your ability the candidate who is running for office. Do not vote for someone merely because a friend asks you. Determine for yourself whether he is the most capable person for the candidacy.

The strength of an organization depends on its leaders. Remember this when you decide to vote.

This Isn't The Way To Stay In School

Yes, it will be woe to the student who doesn't heed this friendly advice. The "gang" can't help you when a slip is placed in your hand saying you have overcut your classes and are henceforth and herewith dropped from a class. They may sympathize and say, "Gosh, that's tough," when you find that you are short on quality points needed for graduation. A good way to maintain quality points is by attending all assemblies, because a quality point gets lopped off your record for each overcut of assemblies.

A small book, less bulky than that paper-covered best seller you carry in your purse or pocket, can be obtained free, merely by stopping at the Dean of Men's office or the Dean of Women's office and asking for a Handbook. After you get this handy guide, for best results it should be read from cover to cover. Of course the University doesn't have a policeman to stand over you and say that you must read it, so if you can't find the time to get a Handbook and read it, make it a point to drop by the school occasionally and visit with your old friends who did.

This is not meant as sarcasm but as good sound advice. You will find Dean Rhodes to be a very amiable good-natured and understanding man, but he is often called upon to do these things, so get a Handbook and check the ground rules.

MUSINGS BOUT MUSIC

By ALICE FARMER

Greetings:

Hello there or should I say Hi to our northern friends. This is a column on records both old and new and recording artists. I don't claim to be an authority on music, nothing of the kind, but we will try to give you the average listener's view point on music in general and bop in particular.

Rock A Bye Baby:

Not long ago I had the extreme pleasure of hearing the "Trumpeters Lullaby" as played by Leroy Anderson. This will probably go down in the annals of Tin Pan Alley as one of Anderson's biggest hits. In my humble opinion this conductor is one of the greatest composers of modern music.

The Female Johnny Ray:

You read right I'm talking about Kay Starr, a female who puts more into a song than J. R. and Frankie Laine put together. Her latest waxing is no exception: "Comes Along The Love" is slowly moving up the top five lists all over the country. One hit of the summer season was a low down New Orleans version of "Kay's Lament." This gal is a candidate for the hall of fame of show business.

Standards Revived:

Miss Peggy Lee is one canary who is doing her best to bring back the good old songs of yesterday. Her rendition of "Lover" was a tip top seller, and now with her release of "Alone Together," the disk jockeys all over the country are turning flips.

The Kaye boys, Sammy and Danny, who by the way are of no relation whatsoever, have put out standards in recent years which have become classics in their field. Danny's easy style and relaxed voice are the winning factors on his "Ballin' the Jack" disk, and

Sammy's smooth version of "Oh! Daddy" is one of everybody's favorites.

More about the old time tunes and back to the days of the early civilization. Remember those years 1940 to 1948, and "She's Funny that Way." It has recently been released by that "master of emotion" Frankie Laine, and what a truly great rendition. The song is tender, but not to the point of sickness and its melody and lyrics are rare in their feeling and harmony.

Dressed up in a brand new arrangement, a catchy title and played by a great band, is "The Doodle-town Fifer" by the Sauter and Finnegan combo. This little ditty has been known by many names, among them, "Golden Jubilee," "Day of Jubilee," etc.

Selling like a stack of hot tamales on a cool day in Mexico, is Gizelle McKensie's recording of "Adios." This charming Canadian lass is certainly an addition to the long parade of girl vocalists that are up on top today.

Season Songs:

The season of falling leaves and football games is here again, and it is the favorite time of the year. Not only one of the most beautiful of popular songs written about this time, but it has plenty of company. Of course, I am talking about "The September Song" and for company what self respecting song would turn down "Autumn Nocture," "September in the Rain," and "Autumn Leaves."

The Top Tunes for the Month of September: 1. You Belong to Me. 2. Auf Wiedersehen Sweetheart. 3. Wish You Were Here. 4. Half As Much. 5. I Went to Your Wedding. 6. Botch A Me. 7. Jambalaya. 8. Walking My Baby Back Home. 9. Meet Mr. Kallahan. 10. High Noon.

Yates Is Choice Of Sigma Kappa Nu For President

Bob Yates was elected by the Sigma Kappa Nu fraternity to lead them in the 1952-53 school year, at their recent meeting.

Other officers of the fraternity are Jack Muntz, vice-president; Selborne, Yates, secretary; Bob Herrick, treasurer; Jack McCledon, assistant treasurer; Jim Mathews, sergeant at arms; Michael Capitanio, public relations; Ed VanHorn, parliamentarian; Bill York, chaplain; and Al DeShong, coach.

Plans and a committee have been named for the first rush party which will be held October, seventeenth. The committee is composed of Jack Nurntz, chairman; Jack McCledon, co-chairman; Walter Burnside, Kip Felentzer, Al DeShong, and Bob Rawlins.

by Jack Breit

From the new UBS studios, Professor McGillivray and staff have the welcome mat out for all students, new and old. The University Broadcasting Service, now in its sixth year, extends an invitation to students interested in any phase of radio to audition for a spot in the organization.

At the present time, UBS has a 15-minute program daily, seven days a week. These programs are sent direct from the University to station WFLA by special wire, with students and faculty as the participants.

We of UBS are not exclusive. We want the group to grow and grow, so as eventually to attain our goals set up in our long range planning program. It isn't necessary to take a course in radio to be eligible. The work, and there is much work connected with producing a radio show, can be extracurricular.

There are openings for writers, announcers, actors, technicians, soundmen, musicians, clerical and promotion, and talents of various types. Our long range planning program includes a snappy variety show comparable to, or better than, the shows put on by other schools in cities throughout the country. Meanwhile, why not come up and we'll help you have fun while you learn.

U.B.S. Notes—MACK LEE as a scientist on "Drama in the News." DAN SHEA to open in new series of "Spartan Spots." DON OLSEN talking to himself, just warming up the golden voice for the "Homemakers Hour." CHUCK STOCKFORD pounding out openings with both fingers for "Everybody's Music," then he reads his own stuff. PROFESSOR MCGILLIVRAY looking for me, see you around.

Beta Chi Frat Elects Officers and Candidate

Beta Chi Fraternity will have at the helm for the year 1952-1953 Harry Seely, who will have as his Vice President, Bob Cogan; Treasurer, Jess Ritchy; Secretary, Earl Monaghan, and Pledge Captain Jerry Moier.

Emil Schivone was elected Panhellenic representative and Chuck Koch is Chaplain.

September 10th, Beta Chi held a meeting for the express purpose of electing a candidate for Homecoming Queen. Liz Schwartz was unanimously chosen.

A White table top Admiral radio will be raffled off today at 12:30 in the lobby.

U.S. Civil Service Announces Exam

The United States Civil Service Commission has announced its annual examination for Junior Agricultural Assistant. The jobs to be filled from this examination are Agricultural Economist, Agricultural Writer-Editor, Agronomist, Animal Husbandman, Botanist, Entomologist, Fishery Biologist, Forester, Geneticist, Home Economist, Horticulturist, Plant Pathologist, Plant Quarantine Inspector, poultry Husbandman, Soil Scientist, Statistician, Wildlife Biologist, and Zoologist.

The beginning salary is \$3,410 a year and the positions are in the Department of Agriculture and the Department of the Interior in Washington, D.C., and throughout the country. A written test will be given and education, or education and experience, is required. Pertinent experience alone, in addition to the written test may be qualifying for Agricultural Writer-Editor. Students who expect to complete their courses by June 30, 1953, may apply.

Full information, including instructions on how to apply, may be obtained at the Placement Office or from the head of the department where the appropriate courses are given. Applications must be filed not later than October 21, 1952.

PRE-VIEW

by Doris Duryea

Girls Intramurals got off to a brisk start Tuesday, September 30, with the Table Tennis (ping-pong) Tournament as the first exciting event.

Frances Stevens, intramural director, announced that 64 games are scheduled. Singles are now being played and will be followed by doubles.

Janet Addison is sports manager for table tennis. While Hermi Lopez acting as assistant in charge of equipment.

The girls will also have a volleyball team representing the University of Tampa in the City Recreation League. Last year the girls won the city championship. This year they will try to defend their title.

Under Physical Education, the coeducational off-campus activities this year are golf and horseback riding.

Back row l to r—Sally Wolfe, Kathryn Weekly, Mary Fink, Ann Roberts, Phyllis Stockton. Front row l. to r.—Joan Jacobson, Mitzi Hoffer, Sue Shaeffer.

University Student Donates Collection Of Foreign Coins

Because a Tampa Navy veteran set a straight course, our University has an enthusiastic new student—and a gift of foreign coins and currency.

Last spring Salvatore C. Jimenez, then nearing the end of a four-year Navy enlistment, spent a few days at his home in Tampa, and while here stopped in at the University to make tentative arrangements about registering this fall.

"When I get out of the Navy, I'm coming to the University of Tampa to begin my education," he told Mrs. Stephenson and Dr. Baker.

Salvatore was as good as his word. When registration day arrived, he was on hand early, smiling. "Remember me?" he said.

But not only did Salvatore want to gain something—knowledge—from the University. He wanted to give the University something. He wanted to give his chosen school his collection of foreign money, including a number of ancient Greek and Roman coins, accumulated by him in Mediterranean cities and other seaports of the world.

He hoped this gift might be the nucleus of a much larger collection to which other far-traveled students would be interested in contributing.

Dr. Nance proudly accepted Salvatore's gift.

"It is unusual for a student to come to the President's office bearing gifts," he said. "But apart from the gift, of which we shall all be very proud, it is a pleasure to meet this enthusiastic young veteran."

The collection will be put on display as soon as possible.

George Washington was the only President who was elected unanimously.

Jim Mann Heads Tau Omega Frat

The Tau Omega Fraternity have not chosen all their officers for the new year, but Jim Mann has been elected to lead them as their President.

It was announced recently that the fraternity's first rush party will be held Sunday, October 19th.

Monaghan To Be Prexy Of New Radio, TV Club

The Radio and Television Players, a new organization for the development and advancement of those interested in radio and television, held its first meeting Monday, Oct. 6. Officers for the 1952-53 year were elected at the meeting.

Miss Gail Potter, Coordinator in Charge of Radio Broadcasting at the University of Tampa, is the founder and advisor of the new group. Miss Potter reports that the organization is planning a very active year, including four Christmas plays: The Christmas Carol, The Messiah, My Lady's Juggler, and a Song From Heaven.

Officers elected at the meeting are as follows:

Earl A. Monaghan, president, Louis Dectus, vice president, Mary Lavis, secretary, Joyce Fernandez, corresponding secretary.

Myrna Lee Durham, Jerry Davis and Roy Baker were appointed on the social committee, and Mack Lee and Don Olsen were appointed to draft a constitution.

Any student interested in joining the new organization should contact Miss Potter or any of the officers of the Radio and Television Players.

McGillivray Represents TU At Speech Convention

Roy A. McGillivray, professor of speech and radio, represented the University at the fall convention of the Florida Speech Association held at Jacksonville Oct. 10 and 11, on the committee to revise the constitution.

He is also scheduled to speak before the Oldsmar Civics Club, Monday evening, Oct. 13. His subject will be "I Saw the Thin Men," a talk on what he saw in the German concentration camps while serving with the Army during World War II. He also has some interesting souvenirs to stress main points of the talk. He will be introduced by Jack Breit, president of the Oldsmar Club.

Psychology Begins To Work To Aid Students

Forty-three students have enrolled in the course, Orientation and Guidance, offered by the Psychology Department this semester at Tampa U. The course primarily for freshmen is open as an elective to upperclassmen who feel the need for organization and planning in their college career.

"The purpose of the class is to get each student to understand his abilities and skills from the standpoint of excellence as well as deficiencies and to discover whether these abilities are being used to the best advantage in his college work," stated Dr. William Darby Glen head of the Psychology Department.

"After we have found out the level of ability and skills of the students (and in doing the psychological tests are used extensively then the class will be taught how to use their assets in their course work and their classes."

The educator went on to say "Another object of the course is to teach young people to plan their future in a very practical fashion. A discussion of various areas of work will be carried out and the qualifications needed for various jobs will be presented. As a result of this process a student should be able to plan his training program both in its formal and practical phases with more satisfaction to himself."

This Will Help You Make Best Use Of Library Facilities

One way to get the most out of your Library is to know the things you can do.

You can use the Library from 8:30 A.M. to 5 P.M., Monday thru Friday, from 7 P.M. to 9:30 P.M. Monday thru Thursday, and from 9 A.M. to 12 noon on Saturday.

You have a choice of three different types of books, each serving a specific function, and it will be helpful for you to be able to distinguish between these three types:

1. Circulating books are located in the side alcoves opening from the main reading and reference room. The south (left) alcove contains books numbered (Dewey Decimal classification) from 000 through 799; the north (right) alcove contains books numbered from 800 through 999, B, and 920. These books may be checked out for a two-week period and may be renewed once for the same length of time. Maximum withdrawal is five books at a time. There is a fine of 5 cents per day on each book after due date.

2. Reference books are shelved around the large reading room, from left to right, beginning just beyond the Reference Desk. They are marked with an 'R' above the class number, as are the corresponding cards in the catalogue. The reference books do not circulate. They are for Library use only.

3. Reserve books are in the Periodical and Reserve Room on open shelves, and behind the Loan Desk and Reserve Desk (closed reserve). The time limit is stamped in the back of each book. The majority of books on open reserve are on one, three, or seven-day reserve. Books on closed reserve are for overnight or room use. Overnight reserves cannot be taken out until 4 P.M. and must be returned when the Library opens the following school day. On overnight books there is a fine of 10 cents after library opening hour, and on one, three and seven-day books a fine of 10 cents after due date. The withdrawal limit is one book in any one subject at any one time.

Magazine circulate for a two-week period and may not be renewed. There is no limit to the number which may be checked out at any one time. There is a fine of 2 cents per day on each magazine after due date. Current issues are in cellophane covers and cannot be checked out. Circulating issues—the most recent issues—are arranged alphabetically on shelves in the south section of the Periodical and Reserve Room; for issues prior to 1950 please ask at the Loan Desk.

Pamphlets and college catalogues circulate for a two-week period and may not be renewed. The fine is 1 cent per day on each item.

You know all the library taboos: No eating — no smoking — no cokes — no candy.

No talking — one quiet place — you'll want it quiet when you have an exam!

Cooperate—have material checked out—return it on time—each book and magazine belongs to all of us, not to any one individual—treat each item in such a way that it will remain in good condition for the next user—just the way you want to find it in the first place!

Be a good sport and observe the rules—it will make everyone happier. Help the library to help you!

Cheerleaders Elected In General Assembly

Mary Fink, Phylis Stockton, Freshmen and Sally Wolf, Sophomore were elected cheerleaders in a general assembly held Tuesday, September 30, in the Assembly Room.

The alternates chosen were Connie Byars and Martha Nash, Sophomores. These girls will relieve the regulars and otherwise help when ever possible.

Mitzi Hoffer was in charge of organizing and conducting the try outs. The judges were Crockett Farnell, superintendent of the Tampa schools, Marcella Huerta, head coach of the Spartan team, Sam Bailey, line coach, Carl Cowden, President of the Student Senate, and Professor Clyde T. Reed, Chairman of the Athletic Committee.

Applications postmarked after midnight of that date cannot be accepted for the December test.

Boucher Elected Ace Club Prexy

Bob Boucher was elected President of the Ace Club for the school year 1952-1953, at their meeting held Monday.

Other officers elected at the first meeting are Vice President, Tom Collentine; Secretary, Ken Foster; Treasurer, Joe Trevarrow; Sgt. at Arms, Waller Klutchnik; and Intra-Mural Manager, John Lahosky.

"There has been a good turnout of Freshmen this year. Everyone interested is welcome to come to our meeting every Monday at 12:30 in the Ace Clubroom," invites Johnny O'Neal, Senior Class President.

The purpose of the Ace Club is to promote social function and intramurals mainly for non frat boys. Professor Keller is the Ace Club advisor and Mae Avery is the club's Mother.

WHAT DO YOU KNOW ABOUT SPORTS?

1. Who hit 60 home runs in one season?
2. Who represented the U.S. in the Summer Olympic track games in the Mile events?
3. Who won the Decathlon event in the 1948 Olympic Games?
4. What pro-football team won the Pro-Ranks in 1952?
5. Who holds the American League record for consecutive games played?
6. Who won the 1950 World Series?
7. What three National League teams held Spring training on the West Coast of the U.S.?

Answers:
1. Babe Ruth.
2. Don Gehrig.
3. Los Angeles Rams.
4. Bob Mathias.
5. Don Getman.
6. Babe Ruth.
7. Chicago Cubs, Pittsburgh Pirates, and the New York Yankees.

Organizations To Get Free Smokes

Free smokes will be given to various student organizations by Earl Monaghan, as soon as possible. Earl has just been chosen the Chesterfield Representative on the Tampa University campus. Be on the look-out for Earl and the free samples.

The Romans used to applaud by snapping their fingers.

STUDENTS!

Make \$25⁰⁰

189 AWARDS LAST YEAR!

Write a Lucky Strike jingle!

No box tops! NO ENTRY BLANKS! It's easy!

Just write a 4-line jingle based on the fact that

LUCKIES ARE MADE BETTER TO TASTE BETTER!*

Here's your chance to make yourself \$25. Just write a 4-line Lucky Strike jingle, based on the fact that Luckies are *made better to taste better*.*

Then, if we select your jingle, we'll pay you for the right to use it, together with your name, in Lucky Strike advertising... probably in this paper.

Read the sample jingles on this page. Then get the gang together, break out the rhyming dictionary, and start writing. It's fun! And we're buying jingles by the bushel!

Hint—if you can sing your jingle, it's a good one!

Hint—the more jingles you write, the more money you have a chance of making.

Hint—be sure to read *all* the instructions!

I've heard the same in every class—
In history, psych, and ec—
For cleaner, fresher, smoother smokes,
It's Lucky Strike, by heck!

I like a better-tasting smoke
And mildness counts with me.
So when I buy I keep in mind
That L.S./M.F.T.!

HERE ARE THE INSTRUCTIONS

1. Write your Lucky Strike jingle on a plain piece of paper or post card and send it to Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y. Be sure that your name, address, college and class are included—and that they are legible.
2. Base your jingle on any qualities of Luckies. "Luckies are *made better to taste better*," is only one. (See "Tips to money-makers.")
3. Every student of any college, university or post-graduate school may submit jingles.
4. You may submit as many jingles as you like. Remember, you are eligible to win more than one \$25 award.

*TIPS TO MONEY-MAKERS

To write a winning Lucky Strike jingle, you're not limited to "Luckies are *made better to taste better*." Use any other sales points on Lucky Strike such as the following:

L.S./M.F.T.
Lucky Strike Means Fine Tobacco
Luckies' cigarette-tearing demonstration
Luckies taste cleaner, fresher, smoother
Be Happy—Go Lucky
So round, so firm, so fully packed
So free and easy on the draw
Buy Luckies by the carton
Luckies give you deep-down smoking enjoyment

Musical Notes

by Mary Graham

Tampa U. students should be aware of the educational advantages offered them by local music organizations. One of these is the Tampa Philharmonic Orchestra, conducted by our own Professor Lyman Wiltse, head of the University of Tampa Music Department and Band. The Philharmonic will present five concerts during its season this year, featuring three famous guest artists, a 250 voice chorus, and the winner of the Young Artists Competition.

Among the members of the Philharmonic are several of our classmates; Jack Berger, trombone, Herman Hollingsworth, bass, Mary Graham, bass clarinet, Ed Davis trumpet, and Joe Higdon, drums. Also a number of Tampa U. students will participate in the 250 voice chorus which will present Messiah with the Philharmonic at

the Christmas concert on December 4th.

Student memberships for the Philharmonic are only \$3.00 — a small amount for an opportunity of hearing some of the greatest artists of today. No single concert admissions will be sold.

The Panhellenic council is sponsoring a contest between fraternities and sororities to see which one can sell the most season memberships to the Philharmonic. The winning sorority or fraternity will receive a "tailor-made" song by Stephen Park for their organization. Tickets are on sale in the Dean of Men and the Dean of Women's office.

At the last home games, the Spartan Band thrilled many students and spectators with its intricate marching and cleverly designed formations.

Louis Roney, tenor, who has appeared with every major symphony orchestra in the country, including the New York Philharmonic where he had the leading role in "Tosca," will appear with the Tampa Philharmonic at its first concert on November 6th.

Under the direction of Lyman Wiltse and Bryan "Spider" Webb, drum major, the band this year promises to be one of the best in Tampa U's history. "Spider,"

who is a freshman, devised the first two shows which proved to be great successes. Indications are that even more gala events are in store for the remainder of the season when the band will have hat lights and be able to put on even more effective productions.

A 30 yard line section has been reserved for the band at the football games so that the student body can see, hear and CHEER with the band and cheerleaders. 'Nough said.

The University of Tampa Chorus under the direction of Lyman Wiltse meets every Tuesday and Thursday afternoon at 1:30. Its first major appearance will be at the Christmas Candelight Service in December. Anyone interested in joining the chorus is welcome.

Thomas Jefferson and John Quincy Adams were elected to the Presidency by the National House of Representatives.

Cooper Elected F.T.A. President

Jocelyn Cooper was elected President of the Future Teachers of America at their first meeting held last week.

Vice President is Lilah Tish, and Eleanor Rey is occupying the position of Acting Secretary. Alice Ortabello is Corresponding Secretary; Rosie Durand is Reporter, and Parliamentarian is Josephine Shaffer.

★
CONTAINS TOBACCOS OF
BETTER QUALITY AND HIGHER
PRICE THAN ANY OTHER
KING-SIZE CIGARETTE

BOTH regular and king-size Chesterfields are premium quality cigarettes and come in the smart white pack.

BOTH contain only those proven ingredients that make Chesterfields the best possible smoke: the world's best tobaccos, pure, more costly moistening agents (to keep them tasty and fresh), the best cigarette paper that money can buy — nothing else.

BOTH are much milder with an extraordinarily good taste and, from the report of a well-known research organization — no unpleasant after-taste.

BOTH are exactly the same in all respects. There is absolutely no difference except that king-size Chesterfield is larger — contains considerably more of the same tobaccos — enough more to give you a 21% longer smoke, yet costs very little more.

With varsity football in full swing, there are perhaps a few people around the lobby that are not aware of the Intra-mural sports program that is also being carried on. A student limping through the halls of columns is usually regarded as being a member of the Spartans, although more than once at this university has a boy been injured or badly bruised as a result of participating in the intra-mural games. This program, under the very able direction of Miller K. Adams, is a vital part of the sports activity. Mr. Adams, who a few years ago was a three sports star here at Tampa U., has a slant on "amateur sports" (and no one can deny that playing a sport for the enjoyment received, rather than a reimbursement, is not amateur) we feel is worth passing on to the readers of THE MINARET. "Anytime an athlete commences to think more of the award he receives than he does the sport in which he is participating," states Mr. Adams, "there is a danger that the love or enjoyment of the game is being trampled under by a desire to receive higher or more expensive awards." In awarding trophies and plaques to the winners in intra-mural contests, Mr. Adams wisely makes certain that the expense is kept as low as possible, but always giving an award of which one can be justly proud. As long as this spirit of amateurism prevails in our intra-mural games, so will the opportunity for those unable to participate in the varsity sports be present.

Football followers of Mississippi-Southern heard the Tampa game broadcast over a Mississippi radio network. At half-time, they heard words of greetings from Dr. E. C. Nance, President of the University of Tampa, and the president of Mississippi-Southern, Dr. E. R. Cook. Also on the half-time program was the Mayor of the City of Tampa, the Hon. Curtis Hixon, a long-time friend of this university and a guest of Dr. Nance. Perhaps there will not be a wave of Mississippi boys crashing at the gate to enter Tampa U., but it was a rare opportunity to tell the folks in Mississippi about Tampa U.; who we are, where we are, and what we are doing.

PLAY OF THE YEAR (so far) . . . It happened during the Tampa-Miss.-Southern football game. Miss.-Southern punted to Tampa, Chicko took a lateral from a teammate, raced down the sidelines (on the Southerners' side) apparently in the open and headed for a touchdown. BUT, suddenly, Vince Chicko was on the ground, whistles were blowing, players from both benches were on the field, coaches were getting their windsprints as they rushed over to tell the officials what had happened, and the fans were thoroughly enjoying the spectacle. There had been no infraction of the rules EXCEPT one of the Southerners' guards, Ed McDaniel, had made an excellent tackle of the ball-carrier. Illegal? Well, yes, when you consider the fact that McDaniel was not legally in the ball game at that particular time but was warming the bench. After the dew had settled on the grass once again, Tampa had picked up a touchdown and Chicko was given credit for a ninety yard runback. Was it a Minnesota team of old that used that same "play"?

For a few highlights on intra-mural football games played through Oct. 7, read Tom Collettine's story elsewhere in the sports section. In the next issue, we will have the standings of the teams plus the leading scorers.

Our welcome mat is out for Mrs. George Strauss, who recently was appointed as the Athletic Business Manager. It is our understanding that she held this position a few years ago, so it's back to the old grind once more. We wish her all the success and co-operation she so rightly deserves. With Mrs. Strauss in the office, Marcelo Masada now finds time to light his cigars before he throws them away.

The fair sex of this university are preparing themselves for sports recognition as they start volleyball play in the City League. Miss Beatrice Brill, coach of the girls, predicted that though the girls may not win all of their games, they will win the ones they don't lose! Next issue we will give you a lineup on the Spartanettes.

MAHIN OPEN A BIG HOLE—Finding a wide gap cleared by Tom Mahin, Spartan captain, Williams ploughs through the beefy line of Mississippi Southern.

FROM THE SIDELINES

By

TOM COLLETTINE

In the Intra-mural football opener, the Ace Club defeated the Independents 13-7 in a game that turned out to be a bruising battle for both teams. Dead-locked throughout the first quarter, the Ace Club surged into the lead in the final minutes of the second quarter as Bob Bryan scored from the Independents 20 yard line. At the start of the second half, trailing 6-0, the Independents connected with a pass from Lebato to Mendez for a touchdown. The try for the extra point was good and the Independents moved out in front 7-6.

With minutes left to play in the final period, Ashburn put the game on ice for the Ace Club when he skirted around the left side of his line for about 25 yards and a touchdown. The try for the extra point was not good. With the Aces holding a six-point lead and the clock running out, the Independents tried desperately to score again, but the game ended with the Independents on the Ace Club's 35 yard line. The final score was Ace Club 12, Independents 7.

The Nationals of Kappa Sigma Kappa proved too much for the boys of the Rho Nu Delta as the Purple and gold football team rolled over the Rho Nu's 12-0. Rooks, who was the field general of the KSK's, kept the defense of Rho Nu on their heels throughout the game, as he directed a running attack that clicked. Scoring for the Nationals were Cooper and Rooks. The two touchdowns were made on end runs.

Tasting defeat for the second straight game, the Independents were the victims of a fast moving backfield as Beta Chi won 26-6. The Chi's made their first score as George Montz faded back to pass and found "Turtle" Brooks with open arms who took the ball the remaining ten yards for a touchdown. Later in the ball game, Montz picked up a blocked kick and raced twenty yards for another score. The try for extra point was good and the Chi's led 13-0. Not to be outdone, Garcia of the Independents, also picked up a kick that had been blocked and ran thirty-one yards for a touchdown. The strength of BX proved to be a dominant factor, however, as Bill Thrift took the ball on a hand-off from Montz and behind perfect blocking, streaked down the sidelines and crossed the Independents' goal line, making the score 19-6.

Cheerleaders, Band, Players Participate In Pep Parade

The University of Tampa band, cheerleaders, and a large group of students in cars decorated with streamers of red, gold, and black conducted a pep parade through the streets of Tampa last Friday to promote pep and advertise the game with Mississippi Southern.

Led by a city motorcycle policeman, the parade began in front of the University, continued down Lafayette, up Florida, and back down Franklin to Lafayette and then to school.

The parade stopped at strategic corners to allow cheerleaders to lead students and spectators in various yells.

The feature attractions in the parade were the many football players who rode in cars and while downtown they paraded the streets helping to promote spirit.

After an exchange of punts, Beta Chi started driving toward pay dirt once more. Montz, faded back to pass, but Cogan was the boy with the ball and, went over unmolested for the final score of the game.

In a free scoring battle, Sigma Kappa Nu finally came out on top to defeat Tau Omega in a rough and tumble game, 33-20. Playing on even terms throughout the first half, the SKN's started rolling in the third period as Matthews took the ball on two successive running plays and tallied for the Black Knights. Jasinski found Mann out in the open and fired a bullet-like pass and Mann went over for TO. Then it was SKN's turn to score and they did when McNally leaped high in the air to haul down an aerial from Yates. Two plays later, Herick evaded the SKN defense and caught a touchdown toss from Jasinski. Startled by this sudden offense power of TO, Sigma Kappa Nu settled down and slowly but surely found their way down to the TO's goal line and Felentzer slipped over for the marker. But that seemed to inspire Tau Omega, for several plays later, Jasinski, who had passed for two touchdowns, went over his own left guard for what proved to be the last of TO's touchdowns. To insure their victory, the SKN's shook Deshong loose and he scored the final touchdown of the game. The final score, Sigma Kappa Nu 3, Tau Omega 20.

Thomas Jefferson, in 1783, while a member of Congress, organized under the Articles of Confederation, originated the decimal system of currency for this nation.

Review of Previous Three Tampa Games

by Bob Sharp

TAMPA 7 — TROY STATE 0

The Spartan gridders traveled to Columbus, Ga. to open their 1952 season against Troy State Teachers College of Alabama. Approximately 6,000 fans saw highly favored Tampa cash in on an intercepted pass to defeat Troy State 7-0.

Henry Bernat intercepted Jack Perdue's pass on Perdue's pass on Tampa's 45 then lateraled to Vince Chicko who scooted to the Troy six before being pushed out of bounds.

Tampa scored seconds later when quarterback Bill Minahan dove over from the one yard line.

Ted Green kicked the point to give the Spartans a 7-0 victory. Tampa 66 — South Georgia 6.

In the first home game, the Spartans scored 10 touchdowns to defeat a very much outclassed South Georgia team 66-6.

South Georgia drew first blood when John Lipsey raced 35 yards for the games first touchdown.

The Spartans then started their scoring spree in which Coach Marcelino Huerta used every man on the bench.

Fullback Al Leathers scored two touchdowns to take scoring honors for the evening. Other scores were made by Halfbacks Charlie Harris, Bob Boucher, Guy Amuso, Frank Williams and Gene King, Fullback Tom Spack and Ends Joe Onderko and Bunell Brown. Milt Green and Ted Green shared the extra point honors, each converting three times.

TAMPA 25 — MISSISSIPPI SOUTHERN 52

The Spartans encountered their first defeat from a strong Mississippi Southern club.

About 10,000 fans saw one of the best games ever played at Phillips Field when the Southerners, led by Halfback Tony Rouchon, took a 52 to 25 decision over the Spartans.

It wasn't until the final quarter that Mississippi really iced the game, until then it was a nip and tuck battle all the way.

In a game such as that, it is hard to pick out stars because everyone played well, but Bob Boucher, Charlie Harris, Vince Chicko, Fred Pancoast, Gene King, and Al Leathers were a few of Tampa's outstanding players.

Scoring for Tampa was Harris, Boucher, Chicko and Leathers, Milt Green got credit for Tampa's only conversion.

Sweater Queen

(Wool Bureau Photo)

WINNER IN WOOL. Jeanne Davis, 22-year-old hazel-eyed blonde from Opp, Alabama, is the proud winner of the title "Miss Sweater Girl, 1952." Chosen from a field of 500 aspirants in the annual Sweater Girl competition, she is seen here in her sparkling crown and the soft, all-wool turtle-neck sweater which helped her catch the judges' eyes.

MOROCCAN EDITOR

(Continued from Page 1)

Staff whenever help is needed.

The names of the Staff of the 1953 MOROCCAN will be published in the next issue of the MINARET according to their official positions.

Kappa Sig. Kappa Announces Leaders

Claude Gamble was elected President of the Kappa Sigma Kappa Fraternity at their first meeting held September 21.

Carl Rooks is Vice President; Ted Richardi is Treasurer; and Dale Kleinfelder is Secretary.

Five members of the Spring pledge class were formally initiated at this meeting. They are George Klemis, Tom Marani, Frank Rey, John Lamb, and Bill Newell.

Standing committee chairmen for the year 52-53 are: Ted Richardi, Financial and Promotional; David Komere, Pledge Activities; Jack Breit, Floats, Dale Kleinfelder, Membership; and Paul Samuels, Social.

Rush parties for the fraternity will be held October the eleventh and the fifteenth.

Rho Nu Delta Selects Lopez To Rule Frat

Rho Nu Delta elected Joe Lopez, president of the fraternity at a recent meeting.

Other officers for the year 1952-53 are Joe Diaz, vice-president; Stanley Shorey, treasurer; Bob Monctizuma, secretary; Lou Rodriguez, sergeant at arms; Roy Zombile, chaplain; and Sam Ucelle, parliamentarian. Lopez and Shorey are Panhellenic representatives.

The dates set for rush parties are October 10 and 16. The first rush party is to be held tonight at Star Lake.

Radio Dance will be held on November the twenty-first, and a large crowd is anticipated. Also, plans for building a float for the homecoming parade are underway, and candidates for homecoming queen are being considered.

NEW FACULTY MEMBERS 1
(Continued from Page 1)

lina. He is a native of South Carolina.

As a Naval officer in 1942-45 Dr. Glenn was assigned to an overseas training project conducted by the Navy for the Chinese Nationalist Government, his duties being those of personnel selection and curriculum planning. During two years' field service in China and India he instituted a program to reduce cultural conflict between the American and Chinese forces in 15 training camps. For this work he received a special commendation from the commanding officer, Adm. M. E. Miles, and was awarded the Distinguished Service Medal by the Chinese Government.

Dr. Creveling received the doctorate from Clark Univ. Worcester, Mass., in 1951. His earlier degrees were taken at the University of Oklahoma, the baccalaureate degree in 1927 and the master of arts degree in 1947. He taught at Boston University and Southern Methodist University, Dallas, Texas. His original home was Oklahoma. In the Army from 1942 to 1946, Dr. Creveling did instructional work in the Information and Education Service at Camp Blanding and had special assignments in Florida and elsewhere.

Dr. Stuckey is a graduate of the University of Tampa, having received the bachelor of science degree at the University's first commencement exercises in 1934, when two degrees were conferred. His advanced degrees were taken at the University of Florida, the master of arts in 1948 and the doctor of philosophy degree in February of this year. From 1942 to 1945 he served in the U.S. Coast Guard in Louisiana, California and the Philippine Islands.

Professor Chase has completed all requirements for the doctorate at the University of Maryland, except the thesis requirement. In 1949 he received the bachelor of arts degree from Tufts College, Medford,

TO SEE ACTION SATURDAY NIGHT—Vince Chicko, star halfback for the Spartans is slated to do a lot of ball-carrying against The Stetson Hatters.

Mass., and in 1950 the master of arts degree from the same college. He also studied at Harvard University and Tulane University.

While in the Navy in World War II, Professor Chase taught at the Naval Hospital at Chelsea, Mass.

A North Carolinian, Professor McFadyen has degrees from two North Carolina institutions, having the bachelor of arts degree at the University of North Carolina in 1931, and the degree of master of arts at Duke University in 1941. He was in the Navy as communications officer and NROTC instructor from 1942 to 1946, taught at Austin College, Sherman, Texas, from 1946 to 1949, and for the last three years has been engaged in graduate study at the University of

Florida. Professor McFadyen is now completing his doctoral dissertation.

Notice, FTA

A. L. Vergarson, director of education, Hillsborough County, will be guest speaker at the Future Teachers of America meeting Tuesday, Oct. 14. The meeting will be held in Room 222. All education majors are invited to attend.

The only two signers of the Declaration of Independence who became Presidents of the United States were John Adams and Thomas Jefferson—who died on the same day, July 4, 1826, fifty years later.

Southerners Given Terrific Welcome

M-I-S-S-I-S-S-I-P-P-I Welcome Southerners. This cheer welcomed the Mississippi Southern football team to Tampa for their game with Tampa U. Spartans last Friday night at the new International Airport at Drew Park.

Approximately forty students, Dr. E. C. Nance, President of the University, Mrs. King, the Dean of Women, and the cheerleaders met the squad of forty players. Mary Ester Barlett, former Miss Tampa, and Marcello Beseda welcomed the boys to the city.

Dr. Nance presented a box of Tampa made cigars to the President of Mississippi Southern University, Dr. E. R. Cook, who distributed them at a later date to the team.

Then came the motorcade through Tampa streets up to the Tampa Terrace Hotel, where the team stayed during their visit. The parade included two buses, four police cars and about 10 student cars.

The Mississippi Southern team arrived by chartered plane at 7:15 P.M. Friday night and left immediately following the game on Saturday.

Tampa U. Alumnus To Receive Ph.D

Robert Kasriel, who was graduated with honors from the University of Tampa in 1940, has completed his examinations and dissertation for the degree of doctor of philosophy in mathematics at the University of Virginia, and will receive his diploma at the next commencement.

In a letter to Dr. Guy G. Becknell, one of his former professors, Robert writes that his research on Multiplicity Functions was accepted in August.

It is unusual for a person to obtain the doctorate in pure mathematics, because an original contribution is required, Dr. Becknell said, commenting on the letter. Mathematics is universally considered the most difficult field for the doctor of philosophy degree, he said.

Robert is at present employed at the Research Laboratories of the National Advisory Committee on Aeronautics at Newport News, Va.

Andrew Johnson's wife taught him to read after they were married.

Hurricanes Can Be Predicted Accurately, Henry Wind Proves

"Accurate hurricane forecasting has come into its own," so states Henry Wind, "despite the fact that news reports still refer to surprise and upstart hurricanes which apparently start without being previously anticipated."

From research done over a period of years in which only published synoptic maps were used he has learned to identify hurricane producing high pressure that come out of the cold areas of Canada. By proper identification he has successfully forecast hurricane genesis as much as fourteen days in advance. Last year's record published in the Minaret here at the University of Tampa attests to his ability to accurately forecast a period of hurricane genesis. This year he has added something new, something that requires immediate and accurate synoptic data. This something new is the pinpointing of the area of storm formation. But due to the fact that he has no means of obtaining such immediate information he has resorted to the estimating of a pinpoint position from indices appearing on the daily published weather maps. This investigation is still undergoing close study.

Another factor that is highly important is the path prediction of these vicious storms. This factor needs extremely careful analysis but according to Wind, he believes he has worked out a method that can apply to all normally behaving hurricanes.

To date of this season he has successfully analyzed and predicted the paths of Able, Baker, and

Charlie from dynamic synoptic analysis. Path predicting of hurricanes has been of interest to him for many years and he can cite a notable success of a hurricane path from east of Miami up to Long Island in which he warned relatives in New York City that the mid-August 1950 hurricane would come by New York City in about three or four days. It did just that.

This year's record of hurricane genesis as published in the Tampa Morning Tribune covers hurricanes Able, and Baker from August 28 thru Sept. 2. He first tracked a hurricane producing high through Aug. 23 when he decided on definite hurricane genesis that he could pin point. The rest is published history. On Sept. 19 he was again alerting possible hurricane genesis through dates Sept. 25 to Sept. 29. Due to difficulty in accurately pinpointing hurricane genesis and the variable character of the Canadian polar high he pushed the dates back to Sept. 29 through Oct. 5. Errors made in calculations on Sept. 23 caused him to miss the exact date of hurricane formation although he pinpointed it within some 300 miles of where hurricane Charlie was picked up. No sooner that it was picked up so close to Florida he quickly analyzed the pressure systems in the vicinity and decided a trough area would cause it to go north. As far as hurricane Dog was concerned it was fated to fail as a hurricane due to lack of necessary generating forces as near as could be estimated.

To date the columnist John Perry

HENRY WIND

of IN OUR TOWN fame in the Tampa Morning Tribune has published eight articles concerning forecasts theories advanced by Henry Wind, and information given him by Henry Wind on hurricane matters as concerns Tampa. The latest one published on Oct. 3 dealing with a new hurricane genesis period from Oct. 9 thru Oct. 14.

Winds hobby of following the weather maps and making long range forecasts stems back many years and this year he has had occasion to make some long range forecasts for fishing conditions which proved reliable and was given radio plugs for same by Sol Fleischman over radio station WDAE during the spring and early summer of this year.

...But only Time will Tell...

ONLY TIME WILL TELL ABOUT A FRATERNITY! AND ONLY TIME WILL TELL ABOUT A CIGARETTE! TAKE YOUR TIME...MAKE THE SENSIBLE 30-DAY CAMEL MILDNESS TEST. SEE HOW CAMELS SUIT YOU AS YOUR STEADY SMOKE!

CAMEL leads all other brands by billions of cigarettes per year!

Test CAMELS for 30 days for Mildness and Flavor

CAMELS are America's most popular cigarette. To find out *why*, test them as your *steady* smoke. Smoke only Camels for thirty days. See how rich and flavorful they are — pack after pack! See how mild CAMELS are — week after week!
