Spartans Ready To Tackle Gators

TAU OMEGA TO
HOLD JITTERBUG
BALL TOMORROWFirst Big Dance of Year
To Follow Game

Tau Omega fraternity will present its traditional "jitterbug ball" tomorrow night in the University ballroom. This dance will honor the "starting eleven" and will climax rushing activities for the season.

The entire student body is invited. Tau Omega rushers will be special guests. The first starting eleven players on our Spartan football team, together with their dates will be admitted free.

The fraternity colors, pink and blue, will be used to decorate the ballroom, and Don Francisco's orchestra will play. Dancing begins at 9 o'clock.

The sponsors are Miss Margorie Jackson, escorted by Charles Slocum, fraternity president; and Miss Betty Jo Adair, escorted by Leo Stalnaker.

Dean and Mrs. D. Edison Bunting and Mr. and Mrs. Jesse Keene will act as chaperones during the evening.

Tau Omega members attending are: Charles Slocum, Robert Bretz, George Jack, Lee Beinhorn, Carl Chambers, Jack Brockman, Carl Lauther, Leo Stalnaker, Eugene Zielinski, William Hayes, Don Storms, Robert Price, Dante Bardnadin, Edwin Baranowski, Ben Hatcher, Wallace Pepper and Arthur Trubiano.

Tickets can be purchased from any of the above members. Stag, 33 cents; drag, 55 cents.

Alpha Gamma's Have
Informal Party
Honoring Rushees

Alpha Gamma sorority entertained rushees at a "bank party" at the home of Miss Alma Alvarez, 815 So. Edison. Each guest was issued paper money upon entering, to be used to pay for playing games, playing the juke, and for refreshments. At the end of the evening a prize was given to the girl having the largest amount of money left.

Active members acting as hostesses were the Misses Nita Medina, Margie Casal, Frances Piazza, Dot Marett, Gloria Runtun, Elisabeth Erwin, Betty Holton, Katherine Perdicaris, Rose Mary Didier, Delores Garcia, and Muriel Yarborough.

Our president, Dr. James E. Mooney has been ill since the opening of the term.

Those of us who know him and have worked under his guidance, miss him. We know that overwork, for the good of this institution, is the cause of his illness.

Those of us, who haven't as yet had the good fortune of knowing him, are anxious to meet him as soon as possible.

All of us, students and faculty, are awaiting the day when Dr. Mooney will be able to return to us. In the meantime, we'll carry on, as he would want us to do.

God speed your recovery, Dr. Mooney!

WILLIAM HAYES
STUDENT BODY
HEAD RESIGNSHeavy Program and
Work Is Cause

Bill Hayes, president of the student body handed in his resignation at the student assembly Tuesday. Hayes, who was elected to the office last May, stated that due to a heavy course and his enlistment in the naval reserve, he will be unable to carry the duties as president of the student body.

After much consideration the resignation was accepted by the student council and the administration.

Hayes' letter of resignation reads as follows:

To Member of the Student Council and the Student Body:

After much thought and consideration I have come to the conclusion that I must discontinue my work, in the capacity as President of the Student Body of the University of Tampa.

Due to a heavy schedule, special work in the naval reserve and outside work, I feel that this is my duty, in considering your needs.

I hereby submit my resignation as President of the Student Body and Student Council of the University of Tampa, with best wishes for your continued success during the coming years.

Signed,
BILL HAYES.

BETTER BE CAREFUL

"How did you get that black eye?"
"It's a birth mark."
"What do you mean, a birth mark?"
"I got into the wrong berth on the Chattanooga Choo-Choo last night."
—Visual Digest.

COACH VINES' SPARTAN ELEVEN will face the State team tomorrow minus two would-be probably starters. Clifford Coggins is still in the hospital convalescing from influenza and Willard Knight is nursing a shoulder injury.

TAMPA GRIDDERS
OPTIMISTIC IN
SEASON STARTERVines To Coach His First
Spartan Game

Grim and determined, Melvin Vines, new University of Tampa Spartan mentor, faces one of the toughest football schedules in the school's history. Coming here from Athens, Ga., and accepting the proposal as head coach, Vines was chosen after a series of resignations.

Former coach, Joe Justice, ex-Tar star footballer, was appointed to head the Spartans early last spring, but later resigned to enter the armed forces.

Vines must work with a green squad. Only two are senior gridders and only a few juniors and sophomores are returning this season. Freshmen prospects are good; in fact, the best in several years. But no one can predict how these former high school stars will perform against college competition.

Boys In Top Form

Somewhat of a disciplinarian and true believer of all training rules, Vines may not make a championship team from the Spartans this year, but you can be sure that his boys will be in tip-top condition when they line up against the Gators tomorrow.

Coach Vines is a native of Alabama and received all of his education there. Receiving his sheepskin from the University of Alabama in 1929, he immediately stepped into the coach's shoes at Athens high where he has held that position until his acceptance of head coach at Tampa U.

Has Excellent Record

At the University of Alabama, Vines played varsity ball for four years in the blocking back position. The unusually high record of Athens football squad for the past 12 years proves he has ability as a mentor of football.

Rushing Activities To
Cease Tomorrow NightBids Will Be Issued
Through Mrs. Moffatt's
Office Monday Morning

Saturday, at midnight, will mark the end of the rushing season, which has been the inspiration for a whirl of parties throughout the past two weeks.

Sororities and fraternities have entertained at smokers, suppers, luncheons, dances, game and swimming parties, honoring rushees. The last parties of the rush season will be held today and tomorrow.

Bids will be issued Monday morning through Mrs. Ruth Moffatt's office. Those students receiving bids will be notified by a note in their box in the lobby Monday morning at 9 o'clock. The students must then go to Miss Moffatt's office and receive their bids.

The bids must be accepted by 4 o'clock Tuesday afternoon. As soon as the student makes his decision he must go to the president of the sorority or fraternity he wishes to join and be pinned with the colors of the organization.

Each student is urged to watch his mail box Monday, in order that he may receive his bid and reach a decision as soon as possible.

Pledging ceremonies will take place within the next few weeks. A student is a pledge for one semester, and if he makes an average of C or higher, he is formally initiated. If his average is lower he remains a pledge the second semester.

313 Masquers
Meet Today

There will be a very important meeting of the 313 Masquers Dramatic club Friday afternoon at 2 o'clock in the club room. All former members are urged to attend. The first regular meeting of the year will be held next Tuesday night at 8:15. At this time plans for the winter activities of the club will be discussed.

All students who are interested in becoming members of the club should indicate their interest by talking to Mrs. Connolly, club advisor. They should also watch the bulletin board for announcements concerning try-outs.

To Sponsor Game

Jane Hughey, Nouna Hitchcock, Julie Hayman and Elsie Gill will sponsor the opening game of the season. Jane Hughey and Elsie Gill will represent the Florida Gators and Julie Hayman and Nouna Hitchcock, Tampa University.

University Expands Its Engineering Department

Dr. Mooney Appoints Five New Professors

In order to keep step with the trend of the time, the University of Tampa has announced through its president, Dr. James E. Mooney, the expansion of its engineering department.

Dr. Mooney announced today the appointment of five new professors in engineering to be added to the marine engineering and aeronautics departments. These men will commence their duties with the advent of the fall term. The appointments are as follows:

Mr. Storm W. Archer, chief mechanical engineer at McCloskey Shipbuilding company. Mr. Archer received his degree in engineering from N. Y. U. He did additional work in aeronautics at Pratt institute. Mr. Archer will teach the course in principles of aeronautics and aeronautics laboratory. "We are pleased to have Mr. Archer on our faculty. Since he has had a wealth of experience in aeronautics and marine engineering he has made definite contributions in research in the aeronautical field," Dr. Mooney said.

Mr. Frank A. Eckerle, who is stress analyst for McCloskey shipbuilding, is scheduled to teach hydraulic and aeronautical instruments. Mr. Eckerle has his degree in mechanical engineering from Cooper Union.

Mr. Leo J. Goldshlak, employed by the U. S. navy department as assistant naval architect at the Tampa Shipbuilding company, will teach statics and kinetics. He is a graduate of M. I. T. in engineering. He is supervisor for the United States navy at the shipbuilding company.

Mr. Anthony J. Iacobucci, of the scientific department of McCloskey Shipbuilding company, received his degree of naval architect and mechanical engineer from Webb institute. Mr. Iacobucci will teach the introductory course in naval architecture.

Mr. A. C. Krieg, another Webb graduate who is now chief draftsman for McCloskey Shipbuilding company, will act as visiting lecturer in special phases of marine engineering and naval architecture.

Dr. Mooney said: "Both Mr. Krieg and Mr. Iacobucci have been of definite assistance to us in the past in helping us develop our marine program. Both of the five new men who have been appointed as guest professors of engineering at the University of Tampa are making a definite contribution to the university. They are men who have both the theory and the practical as well as the necessary professional training. They are going to help a great deal toward making our courses dynamic and forceful."

Rules for Freshmen

1. All freshmen are required to wear "rat" caps at all times, except Sundays. These are to be purchased in the book store.
2. All freshmen must address upper classmen as "sir" or "ma'am" and obey all "reasonable" orders and instructions given by upper classmen.
3. Freshmen may not occupy any furniture in the lobby or book store.
4. No freshmen are allowed to "cut" across the campus by the way of John Smiley walk unless accompanied by an upper classman.
5. All freshmen must attend "rat courts."
6. All freshmen are required to carry matches for upper classmen.
7. Any freshman "acquiring" a rat cap from a rival college or university will not receive any more "padding" from upper classmen.
8. All freshmen must attend University football games and if instructed to do so sit in a special cheering section.
9. All freshmen must attend "pep" rallies when they are scheduled.
10. Freshmen are required to know the names of all student body officers, members of the faculty, and presidents of University sororities and fraternities.

These rules are drawn up by the sophomore class. Only sophomores are allowed to punish freshmen. These rules are effective during the entire semester.

KEEP THIS COPY OF RULES.
(For your own sake.)

Life is a one-way street. No matter how many detours you take none of them leads back. And once you know and accept that, life becomes much simpler. Because then you know you must do the best you can with what you have and what you are and what you have become.

—Isabel Moore, "I'll Never Let You Go." (Farrar & Rinehart).

NEW DEFENSE COUNCIL HELPS WAR EFFORTS

Dean Sanford To Name New Members

Plans for the organization of a new campus defense council to continue the war activities carried on at the university last year will be announced shortly, Dr. Daniel S. Sanford, dean of instruction, said today.

The council will be made up of students, faculty and administration. Committees will be formed to promote the sale of war stamps and bonds, the organization of a campus "first aid unit" arrangements for air raid practice drills, special assemblies and other activities closely related to the war effort.

At the suggestion of the University of Tampa, the state defense council of Florida will prepare from time to time a column entitled, "Campus War Activities" which will be printed in the college newspapers of the state. This will include news items from the several colleges.

The plan for the column has been endorsed by Mr. John Kilgore, chairman of the division of education, information and morale of the state defense council and his office will collect and distribute this information.

Suggestions for activities and understandings, which groups within the university might carry on to help with the war effort, are welcomed and should be turned in to Dean Sanford's office.

SMOKING

In the interest of removing the fire hazard and eliminating smoking in the University building, the University forbids all smoking in the building with the following exceptions: Student Union Room, Ladies Room, Men's Washroom, Bookstore and Cafeteria.

Presidents from three sororities were hosts at a tea given in honor of new rushees. Left to right: Marion Neil, Sigma Theta Phi; Elsie Gill, Delta Kappa; Nita Medina, Alpha Gamma.

Slocum Elected New Tau Omega President Keene Faculty Head

Charles Slocum, senior class president, was unanimously elected president of Tau Omega fraternity last week. Mr. J. Keene was chosen as faculty adviser to replace Dr. Phelps.

Robert Bretz, senior, was elected vice president; Robert Price, sophomore, recording secretary, and Eugene Zielinski, junior, treasurer. Other officers are Leo Stalnaker, corresponding secretary, and William Hayes, parliamentarian.

Last semester's pledges of the fraternity were informally initiated last Friday night.

The formal initiation ceremony was held last Sunday in the studio of Dean Harry A. Dobson, a honorary member of Tau Omega.

New members are Carl Chambers, Lee Beinhorn and John Brockman.

CHARLES SLOCUM, new Tau Omega fraternity president, greets Mr. Jesse Kenne, new faculty adviser. Tau Omega will hold its first dance of the year tomorrow night in the university ballroom.

ANGUS IS NEW B. S. U. EXTENDS DEPARTMENTAL INVITATION TO ENGLISH HEAD DORM STUDENTS

Received Ph. D From Ohio State First Meeting and Party To Be Oct. 6

We have with us this year a new faculty member, Dr. Angus, who is the new head of the English department. Although he hasn't been here very long we've already come to know and like him. To the students he's the tall, lanky, genial professor whom we see with a friendly nod for all, walking down the hall.

Dr. Angus has had an interesting career packed with experience, adventures and travels. In the first place he's not a native to this country. He was born and raised in Nova Scotia. There he attended a small Baptist university in Acadia. From Acadia he received his scholarship to the University of Maine where he got his M. A. degree in 1934. After that Dr. Angus taught a number of subjects in a local high school, getting his first teaching experience before receiving a teaching fellowship to the Ohio State university at Columbus. Four years, from 1936 to 1940, Dr. Angus taught there. He received his Ph. D. degree in 1940 there, also.

In 1940 Dr. Angus moved to Washington, D. C., to teach at the George Washington school. Incidentally, he met his future wife there, and married her. By 1941, Dr. Angus was again on the go, this time moving to Blacksburg, Va., for a teaching position at the Polytechnic institute. Now this year he is with us and we hope he has a long, successful career here at Tampa U. Just to prove what a man of quick yet thoughtful decisions Dr. Angus is, in fact that only last Sept. 14 did he receive a telegram notifying him of his appointment here at the University. By the following Thursday he had arrived ready for work.

The early part of this summer Dr. Angus traveled through the eastern states, especially Maine and New Hampshire. Also in New York he did research work on 19th century literary criticism at Cornell university.

Being a man of many interests, Dr. Angus likes sports, is an avid water color painter, and a man of the outdoors, especially liking said boating. Many's the day that he's spent braving the gale on Maine waters. Also tennis and swimming are pastimes of Dr. Angus, who is a frequent figure at the Davis Island pool. All this goes to prove why Dr. Angus is such an interesting man as a professor and a raconteur. He can boast of a long list of accomplishments, experiences and interests!

ODDITY OF FLAG USAGE

The chaplain's pennant on naval vessels is the only flag ever flown above the Stars and Stripes in any branch of American armed services. The pennant means, "The crew is at divine services."

Rookie: "I'd go through fire for you."
She: "What a silly ash you'd be."
—The Rugged 36th, Fort Bragg, N. C.

Baptist Student Union extends special invitation to all dormitory students to the recreation program on Thursday night.

All students attention is called to the "Join the Church Sunday" on October 4.

The first meeting and enlistment party will be held Thursday, October 6, in the recreation hall of First Baptist church. At this time a new president will be elected. All Baptist students of the University are urged to come to this meeting to get acquainted with the B. S. U. and its plans for the coming year.

The B. S. U. is a connecting link between the Baptist student and the church designed to promote the activities of the Baptist student in the church.

Council members and Alumnae had their annual fall Retreat the opening of school at the Y. M. C. A. camp on Lake Belle and made plans for the Union's activities of the coming year.

Officers for this year as elected at the close of last year are: Willie Mercer, Membership, Vice President, James Moore, Social, Vice President, Maurine Robles, Devotional, Vice President, Frances Wyles, Secretary, Kathryn Perdicaris, Treasurer, Betty Halton, Publicity Chairman, Bob Price, Baptist Student Magazine Representative, Dora Ann Berry, Sunday School Representative.

Student Elections Will Be Held Wednesday, Oct. 7

Student elections will be held Wednesday, Oct. 7. At this time the major office to be filled is president of the Student body. Candidates for this office must be from the senior class, in good standing.

Other offices to be filled are vice president, and secretary-treasurer of each class. Vacancies on the student council will be filled also, and all freshman officers will be elected.

Petitions must be in by Monday noon. Campaign speeches will be made in assembly Tuesday.

A WINCHELL SIDELINE REMARK

Paul McNutt, riding in a horse-drawn hack in Washington, questioned the driver.

"Ever hear of Paul McNutt?"
"Yassuh."
"Remarkable man, isn't he?"
"Yassuh, sho is."
"Intelligent, too."
"Yassuh, yass indeedy."
"And," persisted McNutt, "he's very good-looking, isn't he?"
"Yassuh," agreed the driver, "an' doan' he know it."
—Walter Winchell.

FROSH TO SEE ACTION AGAINST GATOR TEAM

Lassan, Thornton, Straub Ready for Opener

SPARTAN SCHEDULE

Oct. 3	U. of Florida	Tampa
Oct. 10	U. of Miami	Miami
Oct. 17	Ala. State Tehrs.	Tampa
Oct. 24	Naval Air Sta.	J'ville
Oct. 31	Tenn. State Tehrs.	Tampa
Nov. 14	Rollins (H'e'ming)	Tampa
Nov. 21	Presbyterian	Tampa

Coach Vine's Spartan eleven is ready to meet the powerful up-state Florida Gators, in the opening game of the season, on Phillips field tomorrow afternoon at 3 o'clock.

It will be the first time in college competition for at least five members of the tentative starting line-up; only two rugged members of last year's varsity are to begin the fight.

With two games under their belts, and a more experienced team, the Gators held a definite advantage over the never-the-less dangerous Tampa gridders.

Veteran Bill Lassan will hold down the left-end position, next to the other returning varsityman, left tackle Fleming (Junior) Thornton. Jack Layfield completes the left side of the line at guard.

"Rip" Collins, 210-pound freshman, has shown enough fight to encourage Coach Vine to slate him for the centering job.

Either Sonny Yarbrough or Bud Fuller will begin at the right guard post with Val Dzewguc seeing some action.

Freshmen will again come into view at right tackle, which will be filled by either Wallace Gillet, or Jack Bispham. John Reed will also see plenty of action against the Gators.

Right end was to alternate between Bob Crossland and Cliff Coggins, but Coggins is definitely out because of injuries.

In the backfield, Freshman Harry Ashworth or "Bugs" McCullough will serve as blocking back along with Tommy Lakus.

The other three men in the backfield are all lettermen. Frank Straner will be right halfback, Willard Knight, left halfback, and Paul Straub holding down the fullback post.

Volleyball Is First Girl's Sport

Well gals! don your saddle shoes and bloomers and get ready for Oct. 8, that one important day because it opens the Woman's Intramural sports competition. These sports begin at the beginning of the school year and last throughout its entirety until May 21.

This is the only form of woman recreation competition which exists within the woman's sports. All the girls of the University may take part in this program either as a sorority member, a plebettes (non-sorority) or a freshman.

By competing in these sports a girl may receive an intramural letter if she earns 100 or more points in one school year. These sports offered are: volleyball, basketball, bowling, round robin, horseshoes, archery, tennis (single and double) and swimming. Individuals and dual sports are also offered to those interested. These are: badminton, tennis, horseshoes, bowling, table tennis, golf, shuffle board, archery and swimming.

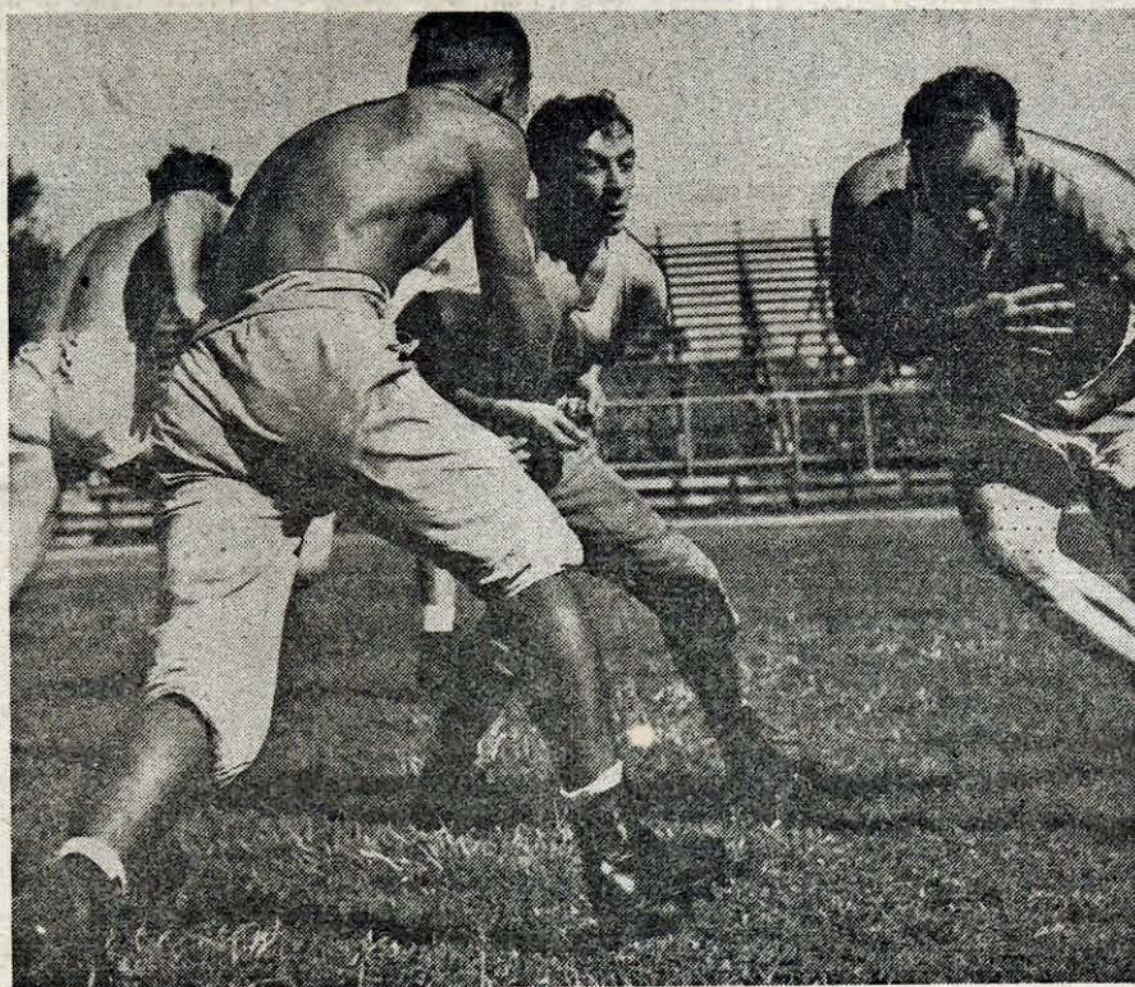

Sororities, Plebettes, and Freshmen are headed by an appointed leader of their group such as Alpha Gamma, Muriel Yarbough; Delta Kappa, Virginia Smith; Sigma Theta Phi, Angie Spoto; Freshmen, to be appointed; Plebettes, Jane Gibson.

Oct. 1—Alpha Gamma vs. Delta Kappa; Sigma Theta Phi vs. Frosh.
Oct. 8—Alpha Gamma vs. Sigma Theta Phi; Plebettes vs. Frosh.
Oct. 15—Alpha Gamma vs. Plebettes; Delta Kappa vs. Sigma Theta Phi.
Oct. 22—Alpha Gamma vs. Frosh; Delta Kappa vs. Plebettes.
Oct. 29—Delta Kappa vs. Frosh; Sigma Theta Phi vs. Plebettes.

LOVE AMONG STITCHES

ASTORIA, Ore.—Petra Rasmussen and Roscoe Lackey wove their romance around a pair of appendectomies. They met when Lackey underwent an emergency operation at the hospital where Miss Rasmussen was a nurse. They were married in the hospital room where the bride was recovering from an appendectomy.

SPARTAN SPORTS

CLARKE McCULLOUGH takes the ball around left end during practice drill at Phillips field last week. Paul Straub is shown as he charges the ball-carrier.

FLEMING THORNTON, last year's 60 minute-man, returns to the lineup tomorrow afternoon. Thornton and Paul Straub are the only two starters of last season's grid team.

Kitty Perdicaris Heads Varsity Cheerleaders

Spectators at the Tampa-Florida game Saturday will find a group of cheerleaders with many new yells and new formations for the cheers.

Under the direction of Kathryn Jerdicaris, head cheerleader, and Kitty Ann Sweat, alternate, the cheerleaders have met each day for practices.

Last Monday members of the varsity and freshman squads were selected by the student council.

Cheering on the varsity will be: Kathryn Perdicaris, Kitty Ann Sweat, Margie Casal, P. J. Harvey, Joe Fernandez, Dot Giles, and alternates Nita Medina and Ellen Mooney.

The freshman team includes: Tommy Bissonnette, Teddy Velonsis, Lois Sanchez, Betty Marshall, Peggy Pepper, Betty Jo Adair, and alternate Billy Frank.

SPOLTORE SPUTTER

With football season around the corner, it is significant to take cognizance of the complete change in the picture of now and a year ago. Last year at this time the draft was in full swing, taking its toll of the district's athletes, but many were hopeful, yes, even confident of the United States steering clear of the world conflict.

But now we are involved right up to our necks, and several of our athletes, along with many other young men, have either made the supreme sacrifice for their country or are in enemy prison camps. Words cannot express our feeling of gratitude to our hard fighting service men on the various fronts. We know they're fighting for us, as well as their mothers,

of our athletes. Gone are coaches Stewart and Justice, both officers in the navy; student athletes, Bill Brennon, all state end last year, Bob Bowen, Bill Clevenger, Gene Youngs, Sid Weiner and several more to name a few. This has been the case in every college in the nation, and we must bear with it.

In their places we have Coach Melvin Viner, a student of Wallace Wade at Alabama, and a fine crop of freshmen to help the other juniors and sophomores that are left, and who will carry on the best they know how.

Not having much time to mold a formidable team ready to meet our toughest opponent of Saturday, Coach Viner has tried, and we will try to stop the state university team, but we

fathers, wives, and sweethearts, and we should all resolve to back them up 100 percent.

But, in order to become good fighters, they must be prepared and that's why our schools have decided to continue football despite the numerous transportation problems and expressed opposition to the pastime. A strenuous game of bodily contact football, with experienced coaches explaining the fine points, teaches young athletes how to plan an attack and how to protect themselves while on the defensive, two very important requirements in fighting a war. Therefore, it is our opinion that the pigskin game, which is still growing in popularity, should be continued, and it is our sincere hope that the pastime will help us in making the Axis aggressors yell "uncle" in the shortest possible time.

The war has really riddled our athletic department here at school. We have had three changes in coaches since last January. The service has called two of our coaches, and several

need the moral support of the entire student body, along with our band, and knowing that the student body is behind them, the boys out there on the field will give you, the student body, all they've got, and will overcome the great odds against them.

The "Fighting Spartan" is definitely unheeded in the forthcoming fray Saturday, but present and in the lineup will be boys who tasted the bitter tang of defeat last year, when Florida beat us 44-6. They all know that this may be their last try at the "Gator," and coupled with the determination to win, and the moral support of the student body, they will give you a game well worth seeing and remembering.

In closing, let's all come out and help Coach Viner and the "Spartans" win the game, and the others to follow. It's undoubtedly the toughest schedule a Spartan team has ever been asked to face, and they need your help. Lots of luck to Coach Viner and the team.

Designed to keep the men enrolled in the university in the best possible physical condition to fit the needs of the nation, intramurals encourage the competitive spirit which is so necessary at the present time.

Every Thursday morning at 11:30 the various fraternities of the school will meet to decide who is to receive the coveted title of "champion" at the end of the school year.

Every effort is to keep the competition as fair as possible. Members of the regular squad of Spartans are not allowed in the touch football competition.

Points are given to the various teams for being present at the appointed time and for winning the game. The team with the greatest number of points at the end of the entire schedule is named the victor of that particular sport. These points all contribute to the final decision at the end of the school year.

Strayer (Bucky) Hawk has been named the new business manager for the Spartans. A graduate of St. Petersburg junior college, "Bucky" was connected with the Recreation department of St. Petersburg for some time.

Hawk has charge of the entire business end and all the arrangements prior to the games, including advertising, publicity, and the selling of tickets.

"I'm lucky," mused "Bucky," "for this job only keeps me busy 23 out of the 24 hours in a day. The hour's sleep feels good."

WELCOME FRESHMEN

Freshmen, we welcome you to the University of Tampa! We ask you to become one of us, to share our friends, to share the things we love—our classmates, our teachers, our traditions, our Alma Mater!

This year, more than ever before, we need students—good students who will be the courageous men and women this country must have to make "the lights go on again all over the world."

Whether you go on to the battlefields or whether you help rebuild this war-torn world, we want you to realize what college must mean to us in days like these. Get all out of it you can by putting all you have into it.

New students, we salute you, and whether it be work or play, whether it be hard or easy, we know you will come out on top. We wish you the best of luck in University life.

By working together and holding high our ideals we'll have a grand year and help speed our country on to victory!

CHANGE THE TELEPHONE LOCATION!

A telephone placed among clattering dishes in the cafeteria would be more convenient than where it has been newly placed. In order to make a phone call in the student union room, one must compete with the juke box, freshmen idiosyncrasies and candy and soft drink counter trade.

Why the telephone was changed from its former position we do not know. But we advocate a change be made so that we can hear at least every other word instead of every sixth. The students appreciate the thoughtfulness of the administrative body to have available for them, a free-phone. We believe the setting was changed because strangers were accustomed to its use.

We suggest the old drawing room as a quiet and appropriate place for that purpose. A schedule could be arranged whereby only resident and non-resident students would have access to same.

RAT COURTS

The disgracing display of upperclassmen at the first Rat court did not add any merit to their so-called supremacy. The purpose of the Court was to impress upon the mind as well as the body, the rules presented to them at the beginning of the semester. This session was to be an orderly conducted Court. A judge was to preside and hear cases against the belittled frosh.

Each freshman was to be assigned a task to perform as a gesture of fair play in good spirit. This department is sorry to relate this was not done. As we saw it, the Court was only a means of reprisal—a means to satisfy the brutality in some upperclassmen. We do not believe some assignments were in true color and good faith.

The nucleus of this college's social calendar by the beginning of the semester is centered around its freshmen. They entered the University of Tampa as total strangers, ignorant of college habits and routine. We upperclassmen should not set a bad example. It is up to us to see that the freshmen get a good start and mingle with all students in the school. A spirited freshmen cheering section at the opening game tomorrow would be beneficial to the school and would set a good impression upon the town's people who attend the game.

Mrs. Grace Barnes Appointed Girl's Guidance Head

The girls of Tampa university will find an interested and helpful listener to their problems in Mrs. Grace Barnes, newly-appointed head of guidance for women. Mrs. Barnes is ready, willing and able to talk over the problems of the female contingent of the university whether they be personal, professional or both.

Records will be kept by this new service which will tell of the women's interests, activities, and defense plans.

The service will put the girls in contact with their major professors and get the new co-eds in touch with the workings of the university.

As defense of our country is figuring largely into day's scheme of things, the registration of all civilian defense volunteers activities will be filed.

Mrs. Barnes invites all co-eds to come in and talk with her whether they have problems or not. Mrs. Barnes is head of the secretarial science department. She came to Tampa from Cedar Town, Georgia.

And That, My Friend, Is the Way I Became a Newspaper Reporter

I am a reporter for the Minaret; a perfectly normal and somewhat unobtrusive character, who is content to wend his merry way through dignified halls of Tampa U.

One placid afternoon, while I was passing through the lobby, I was accosted by a wild-eyed and frantic individual in the personage of my editor-in-chief. Desperately she clutched me by the collar and cried out, "Deadline (she always calls me deadlin), I've got to have a story on Tampa U's fall registration. It's got to be a big story, a great story, an exciting story."

With this, she collapsed in a chair. After I had succeeded in smoothing down my hair, which had risen about four inches above my scalp, I explained to her that there was no great story in "Registration." It was a very boring process. Thousands of students and colleges get around to it every fall. A lot of bleary eyed individuals sign a lot of insignificant papers, buy a lot of expensive texts and take a physical examination which, in their condition of scholarly decay, they haven't a chance of passing. The faculty, for these three days, walks about muttering to itself and often looks into space with the vacant stare of a somnambulist. This state can be attributed to the fact that, individually and collectively, the faculty has been struggling with the problem of getting hundreds of Freshmen's seven days schedule into five days.

All of what I have just said made no impression upon the brain of my worthy editor-in-chief.

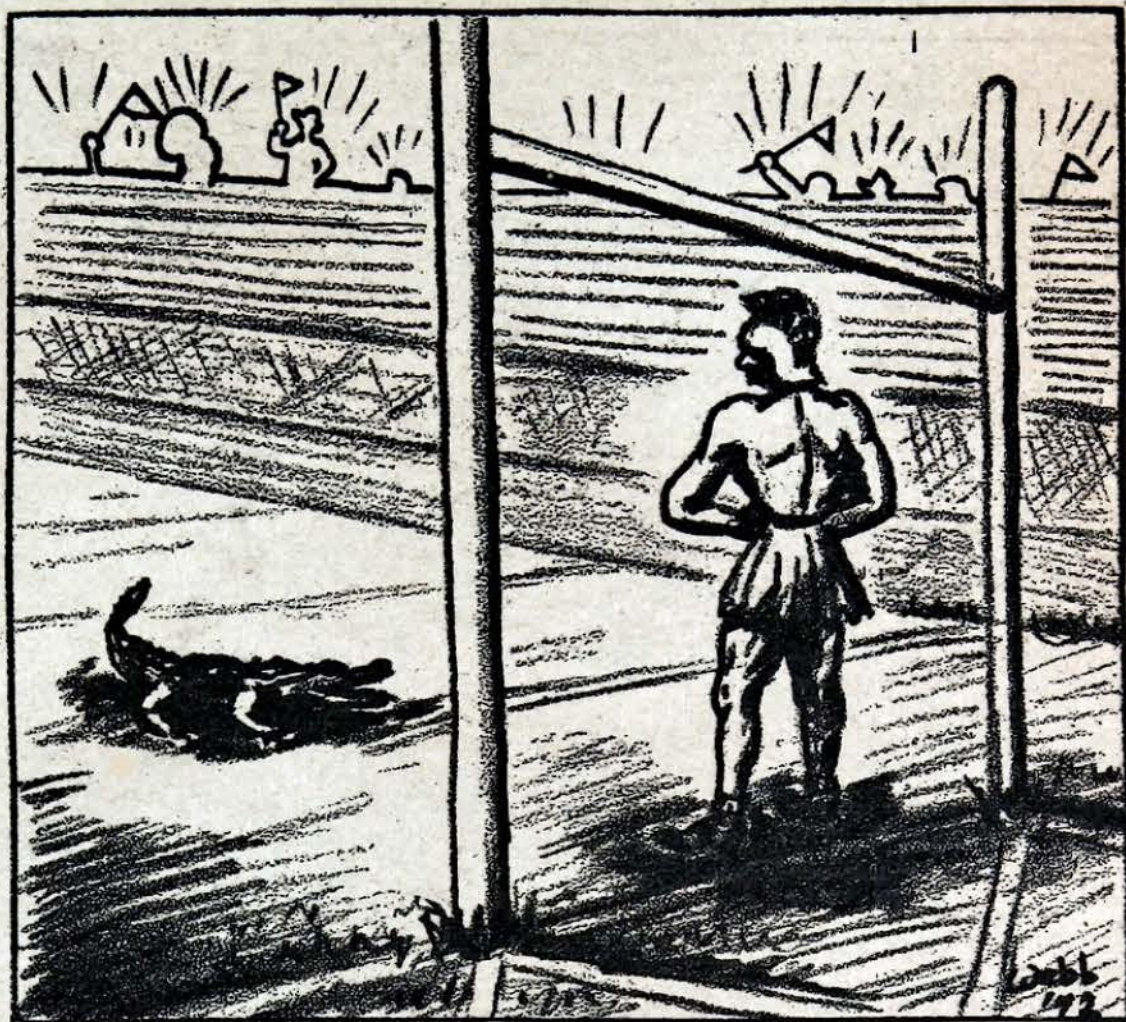

"My boy," she said, "The Minaret never fails to cover everything! Get going!"

I could tell by that fanatical gleam in her eye that it was useless to argue further. In fact it might be dangerous. Therefore I departed in haste to locate this "big" story.

As I look back on it now, I realize that my editor wasn't so wrong after all. There is a great story in Registration. It is the story of youth on the march toward a knowledge and a free way of thinking that is denied the rest of the world. I watched young America or at least a cross section of it during the days of Registration. Gone is the light hearted attitude toward studies. The trend is away from snap subjects and leans heavily toward physics and mathematics, which are the tools we will need to rebuild this crumbling world. The number of students that enrolled is unimportant. How many will complete their course? That is the vital question. And of those who graduate; how many will have equipped themselves adequately for the job that is to be done. Time will give us the answers to these important questions.

For those who are factually minded let me report that the first year enrollment numbers 178 men and women. The men in the first year classes outnumber the women two-to-one. The Freshmen outnumber the Sophomores two-to-one. Are you aware of this, Sophomores? Aero-

So He Wants To Fight, Eh!

nautics and engineering have the greatest following. I may truthfully say with confirmation by the faculty that this should be a very successful year.

Well!! There is my story. The editor won't like it. I don't like it. The reader can't stand it. And to think, there I was strolling through the hall, a carefree little termite, when suddenly, etc., etc., etc.

Frosh Thoughts Of Tampa U.

Virginia Hebert—"Words fail me! (But I hope the teachers don't.)"

Betty Garrison—"All I can say is, there are plenty wolves on the loose!"

Ernest Drawdy—"I like it fine, especially the girls."

Eva Mae Dorman—"I hardly know what to say. Everyone is so friendly that I'm crazy about it."

Billy Frank—"As far as I know now, it's swell. I'll have to get around some more."

Billy Frank—"As far as I know now, it's swell. I'll have to get around some more."

Betty Marshall—"Only thing I don't like about it is that I have to go to class."

Katherine Bowen—"The school books are just too heavy, that's all."

Susan Frye—"It's just the opinion of a rat, but I think it's swell."

Bud Williams—"It's fine, especially since I got a rat cap from Florida U."

Jayne Lee—"I'm wild about the profs, especially the sarcasm in their lectures."

Richard Leveck—"The place can give me anything but brains."

Peggy Pepper—"It's super colossal with an up-beat."

Joe Fernandez—"It's one of the best institutions for higher learning that I have ever attended. Of course, I've never been anywhere else."

Betty Jo Corley—"The place grows on me."

Sam Maggio—"I think this school is swell, even the sophomores. Especially Mr. Baranowski."

Jack Bispham—"I like everything, even the profs."

Albert Wester—"I'd rather not say. I just came from rat court."

Barbara Mabry and Harry Dobson Are Resident Regents

Professor Harry Dobson, who for the past 10 years has been an instructor in the music department, has been appointed dean of men.

Dean Dobson studied at North Carolina State, the Institution of Musical Art, and in Europe.

For the past few years Dean Dobson has been regent in men's dormitory.

Miss Barbara Mabry of Tampa is the new house regent in the girls' dormitory. Miss Mabry attended Florida State College for Women and Stetson university.

STATIC

Students may come and students may go, but Driskall seems to go on forever. He'll soon be leaving, too, to join the rest of our boys who are fighting it out on the battle-field instead of the football field.

This place seems to be more a marriage bureau than an institution of higher learning. Anbrow Willis and Lt. Bob Bowen, two of our alumni, are telling it to the chaplain at Fort Benning next month. . . . Guilia Botari and Tom Albers deserve some kind of medal for being able to keep a secret like theirs for so long.

Former Ed. Ann Simpson has forsaken these fair halls for those at Tally. Her place at school will be hard to fill. . . . Just when we thought Elsie Gill might give some of the local boys a break, Lt. Earl Caton comes along and tries to establish a priority rating. . . . Jane Hughey is one girl who never has a moment of worry about her man. That certain look hasn't left Art's eyes since the first time, 'way last year, when they lighted on Janie.

Kitty Ann Sweat is back! The other day she had her picture taken in a wedding gown posed with a soldier for Cameraman Frey. Not the real thing, though, only publicity. . . . "Colonel" Tittsworth is back, too, but just until February when he'll leave to join the armed forces.

Florence Brown really seems to get the approval of the whole football team but it looks as though Jr. Thornton has the inside track. . . . And Susan Frye is coming in for her share of the attention around here, too. . . . Vivian Van Wornor and Steve Solak are taking up right where they left off last June, or has it been going on all summer?

Dan Shaw spends lots of his time telephoning up to Tally; but the rest he divides pretty evenly between Janice Harmon and Betty Marshall, when he can do so without interference from Geo. Curry, which isn't often. . . . Ray Parodie is pining away for a date with Betty Jo Adair, but she regards him only as a good neighbor.

June Hunt and Herbert Goldberg are another couple to keep your eye on this year. . . . It's about time some of the Freshmen girls learn the time limit for their late dates, especially if they live in the dorm. . . . The cheer-leaders really have some nifty new ideas for this season's games—they'll bear watching.

Bob Hach will see the action on the football field tomorrow from the stands. Also his uniform will be that of a soldier instead of the football uniform he's more accustomed to wearing. Doyle Bluemle is another boy who seems to think a uniform is his best bet. At any rate, he's now wearing gold and blue of the coast guard.

You'd have to fly pretty high to find the way to Ellen Mooney's heart. She's been in the clouds ever since the naval air cadets invaded Tampa U. . . . And Dot Giles is plenty proud of the Navy insignia she's wearing over her heart. After all, it came from her Bill.

Society

Socially Speaking

These last two weeks have been busy ones with the various fraternities and sororities getting the low down on prospective rushees. The most popular types of parties the first week were luncheons and dinners.

The alumnae of the Alpha Gamma sorority entertained their rushees at a luncheon held at the Tampa Terrace Hotel last Saturday. Novel invitations had Terry Shand and his orchestra as the theme for his orchestra supplied a soft background of music. Seating was so arranged that a member sat between every two rushees. This luncheon was served in Smorgusbord style and every guest was presented with a corsage in the sorority colors of green and white. They also gave a novel game party at the home of Elisa Alvarez.

The Beta Chi Fraternity was host to their rushees and dates at a dance held at the Villa Del Rio Monday night. There was a good turn out and a good time enjoyed by all. This was only one of the several parties given.

The Delta Kappas have again scored with their novel invitations. Their game party held at the home of Rosalie Mathis was really called a cut up party and the invitations were in the shape of a paper doll with a red bow at the waist. Tuesday the traditional Bingo party was given at the home of Jane Hughey.

The color scheme and prizes were of a patriotic theme. The rushees were again entertained on Tuesday at a luncheon at the Cricket Tea Room. The place cards were of real roses in a lace background like an old-fashioned nosegay. The centerpiece was of roses.

Members of the Sigma Kappa Nu Fraternity entertained rushees at a smoker at the Tampa Terrace Hotel last Tuesday night.

They will conclude their rushing season on Friday night, when they will be hosts at a spaghetti supper, and informal party. The decorations will feature the fraternity colors of silver and black.

The alumnae of the Sigma Theta Phi sorority entertained rushees at a spaghetti supper at the Columbia Restaurant. A centerpiece of roses in the shape of a V was placed in the middle of the long table. Place cards were all in the V for victory motif. They

gave a swimming party for rushees and their dates at Sulphur Springs. Supper was served in an open style.

Wednesday night of last week, the Tau Omega fraternity held a smoker in the Knight of Columbus Hall. Various games and short talks served as entertainment for the rushees. Mr. Keene gave a talk, and Mr. Dobson, honorary member, said a few words. Refreshments were served to all.

Delta Kappa's and Sigma Kappa Nu's Entertain Rushees

The Delta Kappa sorority and Sigma Kappa Nu fraternity entertained jointly, last Friday night, at a dance at the American Hellenic center honoring rushees.

Sorority colors, red and white, were combined with fraternity colors, silver and black, in decorations. The S. K. N. shield was placed over the orchestra pit, as the D. K. emblem was over the punch table.

Each Delta Kappa rushee was presented a wrist corsage or red roses tied with white ribbon.

Punch and cookies were served during intermission.

Manuel Sanchez played for dancing.

Hostesses were the Misses Elsie Gill, Ellen Mooney, Jane Hughey, Dotty Ann Kelly, Dot Mallard, Nancy Marsh, Dora Ann Berry, Julia Hayman, Dorothy Richelieu, Margie Moran, Rosalie Mathis, Virginia Smith and Kitty Ann Sweat.

Hosts were George Curry, Dan Shaw, Sherman Reid, Bob Taylor, Dick Wozniak, Fred Lenfestey, Billy Webb, Norman Light, Clayton Tittsworth, and Roy Parodie.

Miss Ruth Moffatt and Dean and Mrs. D. Edison Bunting were chaperons.

OUR BOYS IN UNIFORM

Joe Mills, star guard on the University's football team for two years, is now in naval aviation cadet training at Jacksonville. After finishing his pre-flight training at Atlanta, he went to Jacksonville naval air station, where he is now stationed.

Everyone misses Joe around school, especially the 313 Masquers. A Beta Chi, he took active part in all school activities. Do you remember his part in "Three Shorts and a Long"? Joe had to catch a train that night for Atlanta. But he didn't let that stop him. He loyally did his part in the play, even though he had to wave goodbye to Hilda Bethea from backstage.

Joe played guard on the varsity team, and now is playing that same position for the Naval Aviation Cadets in Jacksonville. Don't miss the game between the Spartans and the Naval

Aviation Cadets in Jacksonville—Joe will surely bin the fighting, showing the same old spirit and pep that he has always been able to muster up, no matter what the odds. We just wish he were with us. But he's a good one to have on your side, Uncle Sam!

Clearwater, the old home town, is just as proud of Joe as we are. Because when he finishes, he will be a commissioned officer in the Navy, just one of the many boys which the University has given up for our national defense. If the rest of Uncle Sam's nephews are as good and loyal as Joe, we'll have them all back in a short time.

MAGNIFICENT MAHOGANY

Largest single board of mahogany in existence is owned by W. E. Sexton, of Vero Beach. It is a table with a top 4 inches thick, 5 feet wide, and 35 feet long and weighing nearly 2 tons. It appeared first at an exposition in St. Louis in 1904 and has since lain in warehouses of furniture makers until acquired by Sexton, who has built a room to house it.

Sigma Theta Phi Climaxes Rushing With Buffet Luncheon

Sept. 19—Luncheon at Terrace on balcony. Hostesses were the alumnae. The sorority flower, the red rose, was the centerpiece. Each rushee was given a corsage of red roses. Miss Thompson, our adviser, and Mrs. Roemheld, a guest, also attended.

Sept. 21—Bridge and bunco party at the home of Alice Lee Sewell. Games of ping-pong, bridge and bunco were played. Refreshments of crackers and lime sherbet were served. Active members were hostesses with the alumnae and rushees attending.

Sept. 24—Spaghetti supper at Columbia. The center piece was V for Victory shaped made up of red roses and white chrysanthemums. The invitations carried out the "V" theme. Alumnae were hostesses.

Sept. 26—Tea at the home of Miss Julia Satterfield. Centerpiece of table—red roses, cakes decorated with the Greek letters. Gladiolas were placed in various places about the room. Invitations introduced the flower theme with flowers of shells on them.

Sept. 28—Swimming party at Sulphur Springs. Active members will be hostesses. Dates were also included. Eats of wieners, rolls, potato chips, cold drinks, pickles and doughnuts.

Sept. 30—Theater party. All rushees will be taken to a movie and a soda afterwards by the active members.

Oct. 3—The rushing season for the Sigma Theta Phis will be climaxed by a buffet luncheon. Active members will be hostesses. Corsages of the sorority flowers, red roses, tied with sorority colors of blue and silver will be presented.

The — of O.

Upon the request of our honorable judge of the Freshman Rat Court, I will attempt to write a brief essay of the — of O. In order to write upon this topic, you must first of all decide upon a definite thing or object to represent O.

In my case, I would like to select the one thing which gives me 99% of my worries and troubles, and a thing which I have the least of. If you haven't guessed by this time, the O of this essay will be my brain.

I thoroughly agree that the brain is the most vital necessity of this human race. Without it an individual is at a total loss—having O to do and O to say. Since this is my case, I am sorry to say that I shall have to close my composition on the — of O.

Clubs Hold Elections Early Next Week

Last spring various clubs elected their presidents for the coming year. They are as follows: Dance club, Nouna Hitchcock; Mary Lefler, Home Economics club; Marion Neil, La Tertulia, and Billy Webb, Kappa Kappa Psi.

The Quill club is holding its election this week, and other organizations will elect officers soon.

FASHION

Isn't it wonderful how many cute little freshmen are rushing around the halls these days. Even with their make-up left off, their colorful school clothes seem to add a touch of color to our newly painted halls.

For instance, the little gal who so modestly has set the U on Pi-ah has an adorable blue striped gingham dress. It has a long torso outlined with white rickrack braid. With this, Betty Jo Adair wears brown and white saddle shoes, and white socks to add the typical collegiate touch.

Eloise Parr showed up at the Alpha Gamma luncheon Saturday with a light blue wool suit with bracelet length sleeves. The novelty of this suit was the absence of buttons since it was fastened by an inset belt tied on the left side. For accessories, Eloise chose a black off-the-face pillbox, black pumps and purse, which was particularly becoming to her type of face.

And did you notice how dignified some of the girls looked at the inter-sorority tea?

Harriet Wellacott wore a very tailored original model of three shades of green wool. The dress has a pleated skirt on the all-popular long torso blouse. With this, Harriet wore a black pixie hat trimmed in green velvet and other black accessories.

To get away from the inevitable all-black outfit, Peggy Pepper (isn't that a cute name?) wore an all-brown crepe dress with a gathered skirt. Piggy's accessories are all brown too.

Guess you heard about the D. K.'s and S. K. N.'s dance for their rushees on Friday . . . but you should have seen the darling evening gowns . . . the freshmen gals sure know how to dress. Little Jayne Lee's cornflower blue, marquisette was real old-fashioned . . . made her resemble a southern belle. Sara Jane Knight's Grecian formal had long full sleeves and sequins on the neckline, and made quite a contrast for her long blonde hair. And did Betty Marshall ever look wonderful in white? The long torso was lace and the skirt was a full net affair. A tailored dress was just what Ann Moore needed, and she wore a yellow jersey blouse and a pink beige, taffeta skirt.

Still think blue does wonders for a blonde like Janice Harmon. Her formal had long sleeves and a long torso of lace, with a huge skirt of net. Kathryn Bowen's red-dotted swiss attracted more than one person's attention . . . the drooped shoulders, full shirt, and a bit of white applique set off the neckline and skirt. Tell you more later.

Private: "I feel like telling that sergeant where to get off again."
Second Private: "What do you mean 'again'?"

Private: I felt like it yesterday, too.
—Wings, Chanute Field, Ill.

AN ACTIVE LIFE

CHICAGO.—Mrs. Alvina B. Keller, 35, won \$10 a week temporary alimony pending hearing of her divorce suit against Charles T. Keller, 40, on these charges: In less than three years of married life he forced her to leave him 25 times. On numerous occasions he chased her from the house without giving her a chance to change from her nightgown. On Sept. 2 he came home with lipstick on his shirt. She grabbed it for evidence and he threw her clothes into the garbage can.

WHAT! A girl training men to fly for Uncle Sam?

• The name is Lennox—Peggy Lennox. She's blonde. She's pretty. She may not look the part of a trainer of fighting men, but—

She is one of the few women pilots qualified to give instruction in the CAA flight training program. And the records of the men who learned to

fly from Peggy show she's doing a man-sized job of it. She's turned out pilots for the Army... for the Navy. Peggy is loyal to both arms of the service. Her only favorite is the favorite in every branch of the service—Camel cigarettes. She says: "They're milder in every way."

DON'T LET THOSE EYES and that smile fool you. When this young lady starts talking airplanes, brother, you'd listen, too... just like these students above.

AND WHEN she calls you up for that final "check flight," you'd better know your loops inside and out. It's strictly regulation with her.

YES, and with Instructor Peggy Lennox, it's strictly Camels, too—the flier's favorite. "Mildness is a rule with me," she explains. "That means Camels."

Flying Instructor PEGGY LENNOX says:

THIS IS THE
CIGARETTE FOR ME.
EXTRA MILD—AND THERE'S
SOMETHING SO CHEERING
ABOUT CAMEL'S **GRAND FLAVOR**

The smoke of slower-burning
Camels contains

**28% LESS
NICOTINE**

than the average of the 4 other
largest-selling brands tested—
less than any of them—according
to independent scientific tests
of the smoke itself!

• "EXTRA MILD," says Instructor Peggy Lennox. "Less nicotine in the smoke," adds the student, as they talk it over—over Camels in the pilot room at the right.

Yes, there is less nicotine in the smoke...extra mildness... but that alone doesn't tell you why, in the service...in private life... Camels are preferred.

No, there's something more. Call it flavor, call it what you will, you'll find it only in Camels. You'll like it!

CAMEL

THE CIGARETTE OF COSTLIER TOBACCOS

BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to 5 EXTRA SMOKES PER PACK!

VETERANS—You men who fought the last War—make this your job. To see that no American boy shall fall because a lack of scrap deprived him of a fighting chance.

SCRAP SLACKERS CAN LOSE THIS WAR!

IT'S squarely up to you. The mills need scrap to make the steel to go across the sea as ships, and tanks, and guns. They need it now—and in the months to come. For all new steel must be 50% scrap — and the mills are running out. They haven't enough for even 30 days more production —then they'll be shutting down.

Unless you get to work. Unless you go into your basement and your attic and rout out the junk that's there. Talk about it to your friends and neighbors—you men who

know what war is like. Tell them . . . "Don't be a scrap slacker. Get your scrap ready for the drive now under way!" Then get to work and help them do it.

We're out to fill the junk yards—to make every salvage depot a towering tribute to our fighting men. And don't think the job is done when the scrap starts piling up. Because the war must end before the need for scrap is over.

Do this to help make sure it ends OUR way!
