Candidates May Get Petitions From Bookstore for Signatures

The annual election of Student Council officers and representatives will be held Wednesday, April 10, Robert Kasriel, president, announced Tuesday.

Officers to be elected are a president of the student body and a president and council representatives from each of the three upper classes.

All students who wish to become candidates are asked to secure their petitions from the bookstore. In order to run for president of the student body, a candidate must have the signature of 10 percent of the students on his petition. Candidates for the other offices must have the signature of 10 percent of the members of their class on their petitions. Petitions must be turned in to the election committee by Saturday noon, April 6.

Retiring Officers

Retiring officers are Robert Kasriel, president of the student body; Fred Manucy, president of the senior class; Steve Krist and Alice Williams, senior class representatives; Zeno Stalnaker, junior class president; Mark Ball, junior class representative; Henry Vest, sophomore president, and Earl Caton, sophomore representative.

The election will be conducted under supervision of the election committee, of which Olga Martinez is chairman. Other members are Harry Robertson, Orion Schlichter, Bill Gavena and Miriam Quarles.

Those planning to run for various offices are advised to attend all meetings of the coming convention in order to familiarize themselves with the duties of their office.

Student Council Plans

"It is the duty of the student body to elect officers who are capable and willing to devote their time to the service of those who elected them," Kasriel said.

The Student Council is planning to work together with the fraternities, sororities and all other organizations to form a committee composed of representatives from each organization and from the Student Council.

The purpose of this committee will be to plan a social calendar for the entire year. This will be an opportunity to integrate the school and help organizations to work together.

The Student Council requests that each fraternity and sorority discuss this matter at its next meeting.

BERRY ON PROGRAM

Dr. Kenneth K. Berry, professor of philosophy, attended the thirty-fifth meeting of the Southern Society for Psychology and Philosophy at New Orleans last Friday and Saturday, during the week-end of the spring holiday.

Dr. Berry addressed the philosophy section Friday morning on, "The Unity of Genius and the Individual in the 'de ente' of Thomas Aquinas."

WELCOME

It's a pleasure to welcome the F. I. P. A. and the F. S. G. A. to our campus—the one for the improvement of our relations with our sister colleges; the other for improvement of our own ideas of self government and student group responsibility.

To all our guests we extend the fullest freedom of our college, with the hope and wish that they may find both interest and enjoyment here.

DR. SONES IS NEW PROFESSOR

Education Teacher Arrives To Take Place of Dr. Morley

Dr. A. M. Sones arrived at the University Tuesday to succeed the late Dr. Morley as professor of education.

Dr. Sones came to Tampa from the Drexel Polytechnic Institute, Philadelphia. He was graduated from Cornell College, Mount Vernon, Iowa, with an A.B. degree, and received his degree of master of arts from Northwestern University and his Ph.D. from the University of Iowa. He also attended the University of Wisconsin.

He is a native of Iowa, is married and has two daughters, 11 and 15 years old. He is a member of the Methodist church, the American Legion and the Sigma Psi fraternity, has been a scoutmaster and a president of the Lion's club in his community.

Dr. Sones said he was interested in the University of Tampa "because of its unusually high entrance requirements, and its requirements for retention and graduation."

Jabber—Was your father a college man?

O'Pinch—Yes, but he never mentions it. The college he went to had a rotten football team.

WELCOME, DELEGATES!

The faculty and student body of the University of Tampa extend a glad greeting and a warm welcome to the representatives of the Florida Intercollegiate Press Association and the Florida Student Government Association. It is a happy privilege to have these meetings take place with us.

When affairs can be discussed jointly much progress results. The common welfare of our colleges is of vital interest to parents, faculties and students. Any means which promote their growth are indeed worthy of discussion. Forums, conventions and experiments provide ways for development—the F. S. G. A. and the F. I. P. A. evidence advancement.

Student government is a major issue on every campus. Colleges which have government by students advocate it highly. Our vote goes for anything which will foster the proper spirit between students and faculty. Our welcome includes our good wishes for the success of the F. S. G. A. delegates.

The campus weekly supplies a vital need. It tends to unify the student body of the individual university which it represents. It is the self-expression of that particular group. We offer the F. I. P. A. a hearty welcome and sincere wishes for a splendid session.

Once again, we are glad you are here. Welcome!

VALUE OF INTER-COLLEGIATE VISITS

Attendance of the Tampa U. delegation of six students to the southeastern regional conference of International Relations clubs at Chapel Hill, N. C., was of considerable value both to the institution and to the individuals who went. It was worth many times the cost of the trip.

The Tampa U. delegation was the largest from Florida. That doubtless made a favorable impression. The students took an active part in the proceedings. That, again, placed Tampa and its university before the students from all sections of the south. The advertising value was good.

But one of the greatest values that came out of the conference was that it taught Tampa U. students that they can hold their own with students from the larger "name" universities, as Duke and North Carolina. It taught them that they do not have to look up to or envy any other students—they can meet them all on their own footing.

As Tampa U. is so far from most of the larger colleges, contacts like this have not been frequently available. But this trip, as those of previous I. R. C. delegations, points out the value of intercollegiate contacts and exchanges of ideas. They're stimulating. They build self-confidence. And they add to one's respect for his own school, as well as for the other fellow's.

The joint conference in session here today and tomorrow have those same values.

ELECTIONS ARE IMPORTANT

Student elections are coming on.

That's an important time in the school year—it's important to each individual student. It presents an opportunity for them to pick their leaders for next year, rewarding ability and achievement with the honor of public recognition.

Student leaders should be selected by their abilities and their achievements, not by their personal popularity, their fraternity or sorority affiliations, or whether they are good dancers, good looking, or just good fellows.

Look them over, and select carefully, judging for the ultimate good of Tampa U. and its student body.

And the responsibility of office holding is of greater importance than the honor of public recognition. Let the candidates bear that in mind, and those seeking honor alone are seeking an empty reward.

STUDENTS CHANGE

Two custodians of dormitories at Harvard, after living among the students for 10 years, believe the trend in college is "less fun and more studies."

"Take any 100 Harvard men," they say, "and they'll average up better than any other 100 men you can find. They're intelligent, democratic, and they use very little profanity. And that's becoming more true every year."

Save your dimes for the Junior class show next Thursday. We hear that it is a "humdinger."

All delegates have been invited to attend the Delta Kappa sorority's shipwreck dance in the ballroom tonight, and a lake party at Beth Hornsby's lake lodge, "Bethaven," on Lake Josephine, tomorrow night.

No Cartoon Today

Absence of today's cartoon is caused only by a heavy run of pictures and convention news. The drawing, ready to go, will run next week. Apologies to Finney.

Campus Chatter (From other Colleges)

"Waltzing is harder work than jitterbugging!"

This announcement comes through the Strauss club, an exclusive organization at F. S. C. W. for waltz-lovers. Members of the club meet the following requirements:

Each must know how to waltz. No jitterbug may join. Each member must contribute to the fund for increasing the record library. Each must give half an hour each day during the week, and three hours on Saturday night to waltzing. No cuts are allowed.

Prof. Collects Pipes

A speech professor at Louisiana Tech has a collection of 34 pipes. He started his collection at the age of 16 and has never lost one.

The pipes range from the average "collegiate" models to the long Dutch type, the latter having a tobacco capacity for one hour of straight smoking.

Jeeves—The Dictionary!

The Florida Alligator tells of a recent debate in this manner:

"Florida Union auditorium Monday night was the scene of an unparagoned extravaganza as two vociferous and intransigent foreseers representing Texas Christian university met a pair of colloquial, effervescent and bombastic champions of the debate wearing the orange and blue, before an enormous crowd of distinguished citizens.

"In other words, TCU met Florida in a debate Monday night. Several people were present."

Southern College Tour

Marguerite Wills, accompanied by 25 members of the choral readers from Southern college, returned Monday from a tour of South Florida. They presented programs in several high schools and broadcast from Miami Saturday afternoon.

Hitch-Hiking System

Texas A. and M. cadets admit that hitch-hiking plays a very important part in their college life. In fact, they have a system that was organized 25 years ago—a tradition of which each student is proud.

What the Texas Aggies try to do is to make motorists conscious of their aims, and thus make the Texas public anxious and willing to help "a hitch-hiking Aggie."

Kay Kyser Says Florida Campus Needs Females

"I think the University of Florida is a fine place but I think your school needs some girls," said Kay Kyser during his military ball engagement on the Gainesville campus.

According to an Alligator correspondent, the old maestro and his warbler, Ginny Simms, were very much interested in the co-educational possibilities of the two state schools.

"With all these beautiful girls around now, I can't understand why you fellows don't go on a strike or something," Kyser declared.

When asked about how his popularity began, Kay said he attached equal importance to his radio program and phonograph recordings. His records today top all others in sales, and his weekly radio program is one of the most popular on the air.

'RELATIONERS' DELIVER 2 OF 7 STATE TALKS

Filipski Presented Summary of Round Table to Entire Convention

Tampa U. students delivered two of seven addresses made by Florida students at the annual Southeastern Regional International Relations conference in Chapel Hill, N. C., March 21-23.

Dale Petersen, president of the Tampa U. group, gave a talk in which he laid the background for a round table discussion on "The Peace of Tomorrow."

Ben Filipski, who was a member of the round table on "Powers and Policies in the Orient," talked on "United States Policy Toward the Embargo in Japan." Other round table discussions held were on "The European Theater of War" and "Our Neighbors to the South."

Filipski also was selected to present the summary of his round table to the whole convention.

Theme of Conference

The theme of the conference, which was represented by 450 delegates from the southeastern part of the United States, was "The United States in a World at War." The Tampa U. group was the next to the largest Florida delegation to attend.

Tallahassee was selected by an overwhelming vote as the meeting place for the convention next year.

An outstanding feature of the convention was a lecture by Dr. Warner Moss, of William and Mary college, who spoke on "After Britain, What?"

"The symbol of Britain is dead, the Victorian policy is outvoted," he said. "The symbol of Britain is free trade, parliamentary procedure, Queen Mary's hat, the Archbishop of Canterbury and Chamberlain's umbrella."

Opinion of Convention

In regard to the convention, Petersen, president of the International Relations club at Tampa U. said: "The discussion was of a very intellectual sort. It showed that the students were well read and showed the immunity towards propaganda."

"There was a definite feeling on the part of the delegates that the United States has no business entering the war regardless of who wins. There was more sympathy toward the German cause than is shown in the average publicity that the average newspaper in America gives."

Delegates from Tampa U. were Petersen, Filipski, Josephine Price, Bond Giles, Peggy Welch and Carroll Thomas, with Dr. C. Herbert Laud, as faculty adviser.

Those in charge of arrangements are Angelina Martino, Grace Dayan, Mary Pelaez, Angelina Cusmano, Evangelina La Fuente and Miss Alpharetta Leeper, sponsor.

QUILL MEETING

The regular meeting of the Quill club will be held next Wednesday night, April 3, at 8 o'clock at Dr. and Mrs. Hinckley's home, 218 Beach Place. Manuscripts which were submitted for competition will be read and voted on.

Juniors To Give Program Thursday For Banquet Fund

Members of the junior class will present a special program in the music room Thursday morning at 10:30 o'clock, to raise money for the junior-senior banquet and prom which will be held in May.

Talent from on as well as off the campus will help to entertain the student body for the price of 10 cents, Zeno Stalnaker, president of the junior class, said yesterday.

"The International Relations program seemed to go over so big, we thought the students might like to have another—and this one is going to be even better," he said.

Wanted: Snapshots!

Students who have snapshots of campus life that may be used in The Moroccan are requested to show them to Lucie Lee Marsh, and to submit informal sports pictures to Jack Goodson. Please bring these in soon, as the pages will be arranged within the next few weeks.

Baseball Nine Meets Miami Next Saturday

Team Improving Rapidly; Mound Strengthened

By FRANK MANISCALCO

Having completed their first week's drill, the Spartan Independent baseball team, under the watchful eye of Coach Miller Adams, is improving rapidly.

Approximately three-fourths of a field of 40 candidates trying out for regular or part-time position are green and inexperienced in college baseball competition. As such, it will take at least two or three weeks before the squad actually begins to work smoothly.

The services of Charles Alexander, last season's top hurler, and Fred Comparato, regular second baseman, who are no longer in school, doubtless will be missed, although Coach Adams is hopeful that from among his young recruits he can make adequate replacements.

Most of the week's drills have consisted in batting and fielding practice, with a short-inning game between the frosh and the varsity completing the day's work.

Game April 6

So far not much can be said of the probable lineup for the approaching game with the University of Miami Saturday, April 6. But certain noticeable factors derived from the daily drills are that the third base assignment is a fight between two newcomers, Arnold Holmes and Ed Peck. Holmes has been fielding superbly, while his hitting looks impressive. Peck appears somewhat green but promises to round out into a good ball player before long.

In the shortstop position, Champ Adams has been trying out Albert Jimenez, who played centerfield last year, and Fran Straner, Clearwater boy. Due to Straner's heavy slugging in the intra-squad games, and his gradual improvement in fielding, will perhaps earn him this post and Jimenez retained as a fly hawk.

The toughest competition looms for the first base assignment, as there are six Spartans bidding for this job.

They are Tony Kolka, Cecil Reed, Paul McCloskey, Floyd Wolfe, Paul Myers and Waisly Zaiko.

Bill Fisher, veteran catcher of last year, is expected to carry most of the back stopping burden, with Ken Stout, hustling rookie, placing a strong bid for the same position.

Mound Strengthened

The mound corps is strengthened, feels Coach Adams, because of the addition of Sam Humphries, Jack Westall, Marvin Levin and Jim "Slim" Jordon. Last year's holdovers, Dave Patton and Jap Simmons, are not yet in condition to determine how well they will carry the hurling assignments.

Aspiring outfielders are John Comparato, Bob Anderson, Dixie Howell and Frank Villarsa. Milan Buchan, who hit .458 last season, has not as yet turned out for drills, but is expected to most any day.

In addition, the following are trying out for positions: Howard Beynon, Tom Johnson, Bill Bergwin, T. Gregory, Ad Kurek, Deacon Raines, Lou Clark, Dick Sleichter, Henry Levin, Tom Albers, Jimmy Whitney, Richard Juby, Henry Vest and Johnny Kaufman.

Coach Adams is not saying much, but he feels he has prospects of a good ball club. He shows particular enthusiasm over the field of players working out regularly, and is optimistic about the manner in which the freshmen have been slugging the ball.

Besides Miami, the Spartans have tentative games scheduled with Florida, Oglethorpe, Stetson and Havana. The frosh will meet Hillsborough, Tampa College and Jefferson in two games with each.

TO HAVE PARTY

Alpha Gamma Sorority to Entertain At Bridge and Bunco Saturday

The Alpha Gamma sorority will have a bridge and bunco party Saturday afternoon, March 30 at 2 o'clock, at the Federated Clubs building.

The committee in charge is composed of Elisa Alvarez, Dolores Menendez, Elizabeth Edwards and Olga Martinez.

Bob Thomas really goes in for that little Dickinson gal in a big way. Keep up the good work, Bob, we're betting on you.

Just heard that Walter Brown better take up a course in sailing. Was it a long trek home, Walter?

Oddities at the Beach:

Joe Mills washing dishes at the stray Greek house. The Man-Mad Mooneys sunbathing in huge beach hats and pajamas. Kitty Anne waiting for her "Swede," who never came.

The Skins had a very orderly and clean house. Brandenburger telling his frat brothers that spring and love is here. Could it have been that cute little girl at the S.T.P. house? June Pedersen seen on a tandem with Glenn Fosnaught.

Paul "Virgie" Burns seemed to have switched his attentions from Nouna to DeLoach at the beach Sunday, but later was left holding the bag. True love never runs smooth and it's so much fun to make up. If you don't believe me ask Billy and Dottie.

We wonder if Link "Romeo" Dowell knows how many late dates Belle had with Driskell. Tom Johnson's new green and white shoes were seen strolling the beach with Jewel Fernandez while one certain T. O. came home to see B. J. Mims.

Our domestic little Mickey O'Berry must have been giving Manucy private lessons in how to cook. The Beta Chi's said it was good, too. While Luis Zengidui was taking lovely Doris McDonald home Friday night, Johnny Wainwright lost no time in cultivating Luis' heart throb.

Philip Shields shows up to see Emma Jane Sacrey and finds that she and Howie Beynon have been constant companions throughout the house party.

Florence Flanders accumulating a couple of tall curly haired northerners (Bill by name) by throwing shoes, sand and popcorn at them on the beach.—P. S. It worked, girls!

Lorraine Nicholson beating Bettie

Berlin's time with Walter Brown. Lorraine had her trouble trying to keep him and Johnnie Wainwright separated.

Lew Clark getting definitely sentimental over Jean Weeks—How about Paul and Evelyn? Barney Herman making the rounds at the S.T.P. house, dating Gloria Gutierrez, Adelaide Guerra (Juanita's lovely twin) and Jackie Jameson of course!

And Jack Dromey kept everyone on the jump thinking of things to do. A boat, bicycle and kite kept him busy. About ten girls were put out of their beds the first night by a deluge of rain.

Penny Harrison bidding the boy friend good-night for about 20 minutes. The five girls sleeping (?) on the front porch thought they'd never come up for air. Shiver, Harnish and Lauther giving a Tampa U. sales talk to a couple of Yankee gals they found lolling around on the beach.

All the houses borrowing all the other houses' dishes. Andy trying to wolf Brandy's most frequent date—L. Griffin's cousin—Jessie Mae Bravo. Kitty Cappello didn't stay at the beach long, but lost no time. So help me! Walter Frederick must be a star-gazer because he and Ella Beth Laird looked at the stars more than the sun.

Beach combings: Billy Handley and Dottie Leonard can now be called the Beach Combers. . . . One of the pretty bright shells on the beach, Jewel Fernandez, had pu-lenty of admirers, didn't she Paul H.?

Jack Williams really got in the swim with Prissy Hunt. . . . Joe Mills has got it bad, hasn't he, Paul B.? Ooops! I mean Nouna? . . . Johnny Wainwright got a sun tan with Doris Mac in the daytime and moon tan with Lorraine Nicholson at night. Ouch!

Tom Healy fell overboard and came up with B. B. and I couldn't mean Betty Berlin.

Snapshots taken at the beach: Link Dowell and Belle Myers (haven't you heard?) made good snapshot material. Dixie Howell and Jeanne Rouby make a good picture, too.

A ham disappeared from the B.X. house and Fred Manucy was in charge? . . . Speaking of hams, Collins Whitehead can jitterbug to slow or fast music, it makes no difference. Can't he, Nell Green? Swede Anderson just bowled them over at the beach. Wow!

"Shotsie" Mols dropped by Satur-

day night to wish all the gir—, boys luck. . . . Has anyone seen a pair of green shoes?

Juanita Guerra and Tony Kolka had to watch Juanita's twin sister, Adelaide, mighty close. Mickey O'Berry's two cute little sisters were having as much fun as anybody else.

Bobby Caldwell dropped in at the Sigma Theta Phi house to see somebody. Who? Oh!

Julian Betts turned the dial on his radio to J. F.'s station and all he got was static.

Jean Spence got a lovely tan—moon tan.
