

## Y'all Vote, Ya Heah!! Election Time Is Here Again!

by Russell Thompson

On April 26th, 27th, and 29th, the student body of the University of Tampa will again have a chance to elect Student Government Officers. The 26th and 27th will be the primary elections, and the 29th will be held open for necessary run-offs.

Offices up for election will be, President of the Student Body, Vice-President of the Student Body, Coed Vice-President of the Student Body, Senior Class President and Vice-President, Junior Class President and Vice-President, and the President and Vice-President of the Sophomore Class. Election will also be held at this time for the Secretary of the Student Body. This Office was formerly known as Secretary of the Senior Class.

Candidates for Student Body Offices gave speeches at the Student Government Convocation held on the 20th of April. At this time nomination speeches were made for each candidate and the candidates had a chance to speak for themselves.

The polls will be kept open from 9:00 a.m. to noon and from 1:30 p.m. until 8:00 p.m. on all days of election. These hours make it possible for every student to have a chance to vote. This will enable student opinions to be expressed by electing the candidates which most go along with the students own opinions.

Unfortunately, this year, due to the state elections it was impossible for the Student Government to obtain voting machines. It is hoped by the elections committee that the students will co-operate to make the elections run faster. These are elections for their representatives and student interest and support will make the results.

### FALL SEMESTER ADMISSIONS

For the fall semester, 700 freshmen and about 100 transfer students have been accepted to attend Tampa U. The minimum Scholastic Aptitude Test score has been raised to 450, in both English and Mathematics, although students with a good academic record will be accepted with a score of 400.

### Mrs. Delo Nominated For Lane Bryant Award

Mrs. David M. Delo, wife of the president of the University of Tampa, has been nominated by the University of Tampa Woman's Club for the annual Lane Bryant \$1,000 individual award for distinguished volunteer service in 1965.

The national awards were established to recognize and encourage extraordinary volunteer achievements in communities throughout America. Mrs. Delo was nominated particularly for her outstanding volunteer work with brain-damaged young people both in Tampa and the Washington, D.C. area, as well as her service to the University of Tampa and the community.

Judges for the awards, which will be made in December, are Edward W. Brooke, attorney-general of Massachusetts; U. S. Senator Maurice Neuberger, Ralph McGill, publisher of The Atlanta Constitution, and Gen. Lauria Norstad.

Mrs. William T. Acuff is president of the University of Tampa Woman's Club.

### Tampa U. To Hold Forward Fund Kick Off Dinner

The 1966 phase of the University of Tampa's Forward Fund campaign will begin tomorrow night, April 27, with a dinner held at the University's Student Center. Mr. Fred D. Leary, president of the General Telephone Co. of Florida and a member of the University's board of trustees will be presiding.

The five year campaign, begun last year, has for its objective \$950,000, to be used to improve the University's total educational program.

Guest speaker will be Dr. James W. Whitehead, assistant to the president, Washington and Lee University, Lexington, Va. Dr. Whitehead, an alumnus of the University of Tampa, has also received an honorary Doctorate of Humanities in 1954 from UT.

Last year, the Forward Fund Volunteers raised \$180,000. The proceeds from the Forward Fund go into the University's general finances, with the bulk of it earmarked for more academic improvement including additional faculty members and new laboratory equipment.

### SELECTIVE SERVICE ISSUES GUIDELINES FOR STUDENT DRAFT

The Selective Service System on March 24 issued the criteria to be used in determining whether college students should receive draft deferments. The new guidelines are effective immediately and copies will be sent to all local draft boards.

The criteria are based on the student's scholastic standing among the full-time male students in his class or his score on the Selective Service Qualification Test (see Bulletin Vol. XV, No. 8). The test, which is voluntary, will be given May 14, May 21, and June 3 at 1,200 colleges and universities. For undergraduates a score of 70 or more is needed to qualify for a II-S (deferred) classification on the basis of the test. For graduate students a score of at least 80 is required.

The guidelines are advisory to local draft boards and do not automatically guarantee deferment to any student meeting their requirements.

Following is the text of the statement by Lt. General Lewis B. Hershey, Selective Service Director, of the criteria concerning the placing of student registrants in Class II-S:

"A registrant's activity in study at college, university or similar institution of learning may be considered to be necessary to the maintenance of the national health, safety or interest when any of the following conditions exist:

"1. The registrant has successfully completed his first year and achieved a scholastic standing within the upper one-half of the full-time male students in his class or has attained a score of 70 or more on the Selective Service Qualification Tests, and has been accepted for admission to the second year class next commencing or has entered upon and is satisfactorily pursuing such course.

"2. The registrant has successfully completed his second year and achieved a scholastic standing within the upper two-thirds for that year of the full-time male students in his class or has attained a score of 70 or more on the Qualification Test, and has been accepted for admission to the third year class next commencing or has entered upon and is satisfactorily pursuing such course.

"3. The registrant has successfully completed his third year and achieved a scholastic standing within the upper three-fourths for that year of the full-time male students in his class or has attained a score of 70 or more on the Qualification Test, and has been accepted for admission to the fourth year class next commencing or has entered upon and is satisfactorily pursuing such course.

"4. The registrant has been pursuing a course of instruction which requires the completion of more than 4 years of full time undergraduate study for the first academic degree; and has successfully completed his fourth or subsequent year and achieved a scholastic standing within the upper three fourths for his last completed undergraduate year of the full-time male students in his class, or has attained a score of 70 or more on the Qualification Test, and has been accepted for admission to the fifth or subsequent year class next commencing or has entered upon and is satisfactorily pursuing such course.

"5. The registrant has been accepted for admission for a degree by a graduate or professional school to the first class commencing after the date he completed requirements for admission and if such class has commenced, the school has certified that he is satisfactorily pursuing a full-time course of instruction leading to his degree, and in his last full time academic year prior to entrance into such school achieved a scholastic standing on that year's work within the upper one-quarter of the full-time male students in his class, or has attained a score of 80 or more on the Qualification Test."

## Starting a New Chapter; Beginning of a Story; Closing of a Book

Promoted

Dean DeCarlo

The University has made known the appointment of Dean Michael A. DeCarlo to the new post of Dean of Students. Dean DeCarlo has been with the University since 1962. Dean DeCarlo originally from White Plains New York, now lives in Tampa with his wife and his three children.

Dean DeCarlo received both his B.A. and M.A. from the University of Miami, and has taken courses at the University of Miami School of Law. As of date Dean DeCarlo serves in many capacities at the University, besides being Dean of Men he instructs Logic in the Philosophy department, is a Peace Corps Liaison, and served as Director of Placement until July 1965.

Before coming to the University of Tampa Dean DeCarlo served as Assistant Dean of Men of University College, and was Director of Academic Counseling and headed the male Dormitories at the University of Miami.

Dean DeCarlo also served the United States Navy as a Pilot and during this time ran up over 2,000 hours of flying time.

The appointment will be effective as of September 1, 1966.

Joins Staff

Dean Terry

Effective September 1, 1966 the position of Dean of Men will be filled by Mr. Allen Terry. The vacancy of this office is due to the promotion of Dean Michael DeCarlo to the new position of Dean of Students.

Mr. Terry a long time resident of the Tampa area received his B.A. from the University of Tampa, and was awarded his Masters in Economics from the University of Michigan. Before coming to the University Mr. Terry worked for the firm Shearson, Hammill and Company, where he worked as a C.P.A., Mr. Terry was also employed as the assistant Comptroller of the First Federal Savings and Loan of Tampa. Mr. Terry served in the United States Air Force for four years.

Mr. Terry while studying at the University served on the counsellor program as an undergraduate, and after his graduation from Graduate School served as guest lecturer in Economics. For the past year Mr. Terry has served as Assistant to Dean DeCarlo.

When asked to express his ideas on his new position Mr. Terry said "I believe that every student with a problem should and will receive an honest evaluation."

Retires

Dean King

Mrs. Karl (Lucile) King, who has been the Dean of Women at the University of Tampa for fourteen years, will be retiring from that position at the end of July.

Dean King was born in Tuscola, Ill., was graduated from high school at Continental, Ohio and in 1924 received a BA degree from Defiance College.

When Dean King first came to the University of Tampa there were only 750 students enrolled in the college. Now there are nearly 2,000 students enrolled in the University, and Dean King has played an important role in this growth. She has given guidance to many a young man as well as young woman, which points out the fact that Dean King has made her position one of many responsibilities. In addition to her administrative duties, she has been advisor to Panhellenic Council and has carried much of the responsibilities of housing for the women students.

The most important thing Dean King has learned in dealing with students is that honesty with young people is the only way to create and maintain rapport. Also, she feels that it is important to have a good sense of humor. Even though she has had to do her share of disciplining, Dean King feels that most young people are sound and good, it's just that the bad ones get more publicity!

Although Dean King is retiring, she will not be leaving the educational scene. She will be State Chairman of Education for the Florida Federation of Women's Clubs, which represents 65,000 women in the state of Florida. Dean King has also been asked to take a Chairmanship in the General Federation of Women's Clubs, which represents 11 million women in the nation. She is also the Third Vice-President, in charge of education, for the Tampa Women's Club. Interspersed with these activities, Dean King wants very much to do some traveling with her husband.

"I will miss the students, sharing their joys as well as their sorrows", said Dean King. She will miss the contact with young people that she has had here at the University of Tampa but Dean King reminds all that "the door to my home and my heart is always open to you!"

### Composer Conducts Own Opera 'Enchanted Canary'

A new opera, "The Enchanted Canary," to be conducted by its composer, Dr. Noel Stevens, University of Tampa Music Department chairman, will have its premiere in Tampa April 29-30 at 8:30 p.m. at the University's Falk Theater.

Conductor

Mr. Westly

Sponsored by the Special Events Committee of the University, the production combines the efforts of the art, drama and music departments. Nationally known artist Joe Testa-Secca, the University' artist-in-residence, is designing the sets, costumes and general decor. D. J. Cermele, director of the Falk Theater, is stage director, and Marvin Phillips of the drama faculty is technical director. Orchestra members will include Tampa Philharmonic players and advanced music students. The chorus will be composed of selected music students.

"The Enchanted Canary" is based on a children's fairy tale which combines both fantasy and comic elements. The composer uses the story to symbolize the trials and tribulations of the Artist searching his way to an adequate means of expression.

The principal role of the Prince will be sung by tenor Malcolm Westly, assistant professor of music at the University, who is also active in community music circles. Lady Gaga, who tries to woo the Prince, will be sung by Miss Kay Chiesa, well-known Florida mezzo-soprano and member of the San Carlo Opera Company. Lord Tubby, the Prince's father, is portrayed by tenor Luther Bonsill of the St. Petersburg Civic Opera. Bass baritone Harry Waller of Tampa will sing the role of the Old Man. He recently appeared in the St. Petersburg production of "Carmen."

Mrs. Hedi Sevendsen of St. Petersburg takes the Witch's role. She has appeared as soloist with the St. Petersburg Symphony and is a Metropolitan audition regional winner. The Princess, who as a canary is trapped in a magic orange grove, is sung by Bobbie Lou Kaminis, also a member of St. Petersburg Civic Opera Company.

Dr. Stevens has also composed a "Symphony for Band," a "Sonatina," and several concertos. He plays clarinet in the Tampa Philharmonic, arranges music and directs the University of Tampa band and the Wind Ensemble.

The composer attended the Eastman School of Music, where he received the Doctor of Musical Arts degree. He played with the Rochester Philharmonic and the Eastman Rochester orchestra under the direction of Howard Hansen.

**Decision To Be Made**

Once again the election polls will open as this year's campaigning has begun. Last year the Minaret attempted to endorse a slate of candidates out of the proposed possibilities. How important, influential or fairly this was done is of little consequence, for that is past and we live for the present.

The paper this year, will not endorse any candidates. We will, however, endeavor to present each candidate in an objective manner. This is being done for two reasons. The first being obvious, and needing no explanation. The second is that we will introduce to you each candidate, his background, qualifications and what he hopes to accomplish. It is now up to you to weigh the qualities and deficiencies in each candidate put before you and determine which ones you wish to obtain positions that they are striving for.

**Dean of Men**

The Minaret would like to take this opportunity to welcome Mr. Allen Terry to the administrative staff here at the University. Mr. Terry is presently the Assistant to the Dean of Men, Dean DeCarlo. In September he shall become the new Dean of Men, as Dean DeCarlo will be promoted to the Dean of Students.

Mr. Terry worked in close coordination with Dean DeCarlo since 1962, when he was Assistant Dean of Men. While attending the University of Tampa he was for three years a certified Stock Broker and in this way was able to support himself through college. He graduated from the University of Tampa in 1962 with a B.S. in Economics. Mr. Terry attended the University of Florida for his Masters degree in Economics. He was an accountant in the city of Tampa for a year before coming back to the University as Assistant to the Dean of Men and a promotion shortly thereafter.

Upon asking Mr. Terry about his plans on policies of the University in the upcoming year, he said that he was a "very strong advocate of Dean DeCarlo's present policies."

We hope that Mr. Terry's reign here will be characterized by a strong and efficient administration and that the policies and standards of our University will continue to help it rise. Once more welcome to the University of Tampa again, and congratulations on your new job, Mr. Terry.

**It's Up To You**

In the coming week the student body of our University will go to the polls to elect the Student Government officers of the 1966-67 semester. As in all elections the outcome is up to the voters and the way they vote. This year as is stated in this issue the Minaret is not endorsing a candidate. However, we are asking the students to think and choose the candidate that he or she feels will do the job.

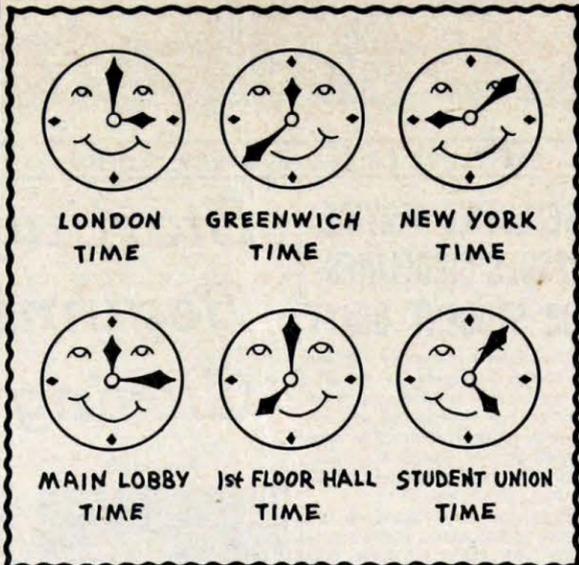

We ask you on the day of elections to exercise one of the rights that made our country the great democracy that it is today, the right to choose the candidate of your own choice.

At this time I would like to wish on behalf of the Editorial staff all the candidates the best of luck.  
M. H. S.

**Adieu . . .**

This Spring will mark the end of Mrs. Karl Kings 14 year career as Dean of Women. We of the Minaret would like to thank Dean King for her years of devoted service to our institution.

We at the University will always have a place for her in our hearts.  
M.H.S.

**Letters to the EDITOR**

Dear Editor:

The American campus of today has turned into an apathetic society for off-beats to express their dislike of everything from studies to Federal policies. They have fallen into a pit of conformity of thought which is their way of thinking they are individualistic in their actions. If the United States ever falls it will be because of apathy and conformity of thought and the weight of this, my friends, falls on our shoulders. We can no longer say it is not our fault but the preceding generations because present and the future are our fault, for we are the generation of today.

Is there no self respect and personal honor left today in the American college student? Are we all so wrapped up with disension that we cannot see "we" and "they" are us at present? At one time personal honor and incentive were tools of advancement, the keys which unlocked the doors to the future. Yet today it seems that anything which might instill incentive and a challenge into an individual, a course of study, or a policy of the administration is something to be frowned upon and feared as a direct attack against each person, acting in conformity of an individual, and detrimental to the well being of his current position.

The American student of today feels that the administration is against them, that every policy passed by the administration was aimed against that one person and again here arises this fact of apathy and conformity of thought.

It may well be that the basic problem with the American college student of today is that he is so wrapped up with how to avoid responsibility for the longest possible amount of time that he refuses to open his eyes to the world. He will not read or listen and is actually afraid to learn, for the fear he might just possibly get something out of it.

Sooner or later the college student will have to go out into the business world and where may I ask is a better place to start business than with one's academic studies. Treat studies as a business and the returns may be shocking enough for one to open his eyes and rid himself of apathy which he has toward himself, his fellow students, and of the administration. Shed your doubts and instead of being an Epicurean, try being Socratic in your ideas. Let's try once more to put academics first and sexual excitement later. If the American society fails, the weight shall fall on our shoulders, for it is our generation, the generation of today which is carrying the hate chip of the world on its shoulders. A hate filled generation can only go down in hate. Tomorrow is ours, let's not destroy tomorrow today!  
B.W.S.

**GUIDANCE PLACEMENT**  
The Guidance and Placement Office has some recent acquisitions in their library which might be of some interest to students on campus.

1. FINANCIAL AIDS FOR GRADUATE STUDENTS
2. JOB OPPORTUNITIES FOR THE WOMAN COLLEGE GRADUATE
3. OCCUPATIONAL OUTLOOK HANDBOOK

Dear Minaret,

On Friday, April 1st (April Fools Day) a new Dean of Men assumed office. His name is Mr. Al Terry.

According to Mr. Michael A. DeCarlo, the former Dean of Men who is now the Dean of Students, "College is not an extension of high school, but a period of preparing for a position of responsibility and leadership in society." Under Dean DeCarlo our responsibility. Under Dean Terry, our responsibility appears to be nil. A recent instance may serve to prove a point.

Several students were approached in the Student Center by dorm counselors, and were threatened with camping if they were caught wearing a crew-neck shirt again. Let us examine this point in detail.

Under Dean DeCarlo the wearing of crew-neck (Henley) shirts was permitted. Apparently there could be no objection to this because the crew-neck shirts were shown in the summer men's fashion guides of Playboy, Esquire, and The New Yorker. Dean Terry seems to have different ideas about the subject. His main idea appears to eliminate them or any collarless shirts from the student's body.

Naturally, Dean Terry's position on this matter raises several questions.

1. Would Dean Terry expect the students to wear collared shirts to H.P.R.? Does he expect the crew team or any athletic team to wear collared shirts on the field?
2. Does Dean Terry feel that his judgment on men's fashions is superior to that of America's best men's magazines?
3. Does he expect the school store to stop the selling of collarless shirts (sweatshirts, T-shirts, and crew shirts) to the students?

Are we the only school complaining about dress regulations? The answer to that is no. According to The Scope of Organized Student Protests in 1964-65, by the Educational Testing Service, answers by 849 Deans of Students reveal that dress regulation complaints placed fourth in percentage of protests. Dress regulation protests were exceeded only by civil rights, food, and Viet Nam protests, in that order.

The case for crew shirts is only an example. Things show a definite sign of getting worse.

As students of this University we can not accept - much less understand - Dean Terry's position on this question. We would like a definitive explanation of why he chose to regulate student's leisure time wear.

Thank you.  
Two Conscientious Observers

To the Editor;

This letter is in reference to the pornographic literature available at a store which is patronized by the University of Tampa students. Since the store in question is considered "on campus" as far as rules and regulations go, I think we should voice our opinions on the standard of literature they expose to and connect with university students. With all the organizations we have that promote high principles and a better moral code, why doesn't someone make an attempt to wipe out the "smut" that infiltrates our campus by protesting its sale.  
Name withheld upon request

**University Of Tampa Artist Honored By State Department**

The Art in the Embassies Program, Department of State, Washington, D.C., has selected "Mother & Child," a painting by Joe Testa-Secca, assistant professor of art of the University of Tampa's Art Department, to be included in their collection of Contemporary American Art.

Mrs. Estes Kefauver, Advisor on Fine Arts, Department of State, accepted the painting at the St. Petersburg Art Museum, April 19. It will be on loan for two years on exhibit in an American Embassy abroad.

Artist, Testa-Secca

Testa-Secca, the University's artist-in-residence, is nationally known for his paintings. A graduate of the University of Tampa and also a native of Tampa, he has won prizes in exhibition throughout the country. In addition to his duties at the University, he has also been an instructor of painting at Tampa Art Institute.

Well known for his mural work, he designed the murals on the administration and science buildings at the University of South Florida. He also designed the stained glass windows at the new Jesuit High School chapel, Tampa.

Last fall Tampa Art Institute honored him with a one-man show spanning 13 years of his work. Other shows in which he is exhibiting or has exhibited during the 1965-66 academic year include the group show, St. Petersburg Jr. College, Clearwater (Florida) inauguration; a two-man show at the Webb Gallery, Winter Park; Four Florida Artists at the Winter Haven, Fla., Public Library; the 27th Annual Exhibition of Contemporary American Paintings, Society of the Four Arts, Palm Beach, Fla., a one-man show at the Group Gallery, Jacksonville, Fla.; the Florida State Fair annual exhibition, and the invitational Southeastern Artists at the Gallery, Fort Lauderdale, Florida.

Dear Editor:

Many of the students are expressing their distress over the dress rules here at the University. It seems that the general opinion is that the rules of dress are far too stringent for a liberal arts university.

One only has to venture onto virtually any other college campus in Florida and witness the liberal dressing habits of the student body. It will become immediately apparent that the University of Tampa has the strictest rules of dress of all the Florida colleges. The students at the University of Miami are allowed to dress in a most casual manner on the weekends. The students at the University of South Florida are given what amounts to a free hand in their dress habits.

We are supposed to be adults, but we are not treated as such. It seems almost ridiculous that we are subjected to these picaresque rules on one hand and then accused of not behaving like adults on the other. People who are treated like adults will behave like adults. The students at the University are, for the most part, mature young individuals, and I feel that they are entitled to dress any way they see fit, within reasonable limits. It is a nationwide custom for college students to wear loafers or tennis shoes without socks. Not allowed here. Some students want to wear a contemporary hair style, but are suppressed into wearing a more "conservative" cut. It seems that the only hair cuts approved by the University is the crew cut which was the vogue in the mid-1950's.

Let's get with it. Slackened dress rules in the interest of student individuality and self expression would be truly a "Sign of Progress" at the University of Tampa.  
Name withheld upon request

**Jan Bach Wins Music Award**

Jan Bach, instructor in music at the University of Tampa, has won the award for vocal music in the annual national competition sponsored by the Birmingham (Ala.) Festival of Arts Committee.

Bach received the \$100 prize for his composition, "Three Songs" for soprano and piano. The songs were composed as setting of poems by Isabella Gardner. They were performed on April 15 at a reception in Birmingham for the award winners in connection with the 15th annual Festival of Arts in that city. A prize also was awarded in the piano competition.

A faculty member of the University of Tampa since September, 1965, Bach is becoming well-known as a composer. In January the premiere performance of his composition, "Dionysia," was played by the University of Illinois Concert Band. In a recent public concert, the University of Tampa Wind Ensemble played the premiere of his new work for viola and wind instruments.

**We Would Like To Say It In Print**

by Peter Curry

Think back to September—registration. In that hefty packet of IBM cards and forms there was a little white card for you to fill out. It asked for your hometown newspapers' name and address. For most of the students, that was as close as they've ever come to the University's Public Relations Department.

The Public Relations department is located on the second floor, Main Building, behind an unobtrusive little sign—NEWS BUREAU. Whenever you pledge a fraternity or sorority, or become elected to an office, we try to let the folks in your hometown know about it. But, our staff is small, and we often miss a story which would be of interest to your hometown paper.

So let's have no more unsung heroes or heroines! If you are part of any activity that would make interesting news copy, let us know about it. We'll get it in your paper between the engagement notices and birth announcements.

**Workshop Program Starts June 20**

The University of Tampa will sponsor its fifth annual pre-college workshop program June 20 to Aug. 5. The program is designed for students who have completed their junior or senior year in high school.

Purpose of the seven-week program is to improve the academic skills of students who would ordinarily not qualify for full college acceptance because of academic deficiencies but who appear otherwise to have the potential ability to do satisfactory college level work.

Director of the program is Dr. Robert J. Nickel, professor of education at the University. Some 140 students completed the program last summer.

Students having completed their junior year in high school may now attend the program, as well as seniors. The program's aim is to help these students learn how to increase their scholastic achievement in their senior year ahead.

Attendance in the pre-college workshop program does not guarantee admission to the University of Tampa nor to any other college, Dr. Nickel said. However, those who successfully complete the program may be admitted to the University in September, 1966, or February, 1967, depending upon space available. Students who register for the course may also prepare for other colleges.

Additional information and brochures are available from the Office of Admissions, University of Tampa.

# Would You Believe . . .

"No, I don't want to be drafted!"

"There's a library???"

"This is one way to build the University"

First I play the French Horn then run to the Oboe, then Conduct

"I've heard of cramped quarters, but this is ridiculous"

"ARUM"

I think we are being watched

## Trivialities

- Who was Amelia Earhart?
- What poet wrote books about Lincoln?
- Who was Mr. Honeywell and on what comedy series did he appear?
- Who was Lassie's original owner on the T.V. series?
- What's the name of Doby Gillis' girlfriend?
- What was the name of Sky King's plane?
- Who starred in "Casablanca"?
- Who wrote Al Jolson's famous song "Swanee"?
- Who played the Thin Man on the T.V. series and what was the name of the dog?
- Who is Bernie Schwartz?

## Wishing Upon a Star

- Sleeping 101 Requirements - 12 hours of sleep per day; faithful practice. Textbook - Freud's Interpretation of Dreams.
- 10 o'clock classes everyday, none after 1 o'clock.
- 3 breaks of twenty minutes each in night classes.
- Shuttle buses to Clearwater every fifteen minutes.
- Instant computer-matched dates.
- Swimming pool in the student center.
- Italian (real) Chinese, Jewish, and French foods served in the cafeteria.
- A library that has a book you need, when you need it.
- Roommates that you can turn off when they get on your nerves.
- A washing machine that also irons your clothes while you wait.

## WEEKLY CROSSWORD PUZZLE

- Courtesy title
- Cut off

**VERTICAL**

- Worm
- Encountered
- Makes into law

**Here's the Answer**

## Book Club Announces New Program

NEW YORK, N.Y. . . . A new annual writing fellowship program directed to the college senior was announced today by Mr. Harry Scherman, Chairman of the Board of the Book-of-the-Month Club.

Officially titled "The Book-of-the-Month Club Writing Fellowship Program," the project will be administered by the College English Association under a grant from Book-of-the-Month Club.

Beginning with the academic year 1966-67, which coincides with the Book-of-the-Month Club's 40th anniversary, the program calls for fourteen fellowships of \$3,000 each. For the purposes of the program, the United States and Canada have been divided into seven geographic sections, each section having approximately the same college population. Two fellowships will be awarded in each area annually.

Mr. Scherman pointed out that although there are many fellowships available for those who wish to pursue scientific and scholarly investigations, there are relatively few fellowships available to the young creative writer.

"It is our hope," Mr. Scherman said, "that this program will help rectify this situation. We have designed it to give the gifted senior an opportunity to develop his creative talents in the year following his graduation.

"The fellowships will be given without any strings attached to allow the recipient the widest possible latitude free from immediate economic strain," he added.

The program is open to any person who will be a senior in an accredited college or university in the United States or Canada on December 1, 1966 provided, however, he is nominated by a member of the English Department of his college. Applications must be post-marked no later than midnight December 1, 1966.

The first year's winners will be notified May 1, 1967 and awards given on June 15, 1967. Application blanks may be obtained from any college English Department or by writing to: Dr. Donald Sears, Director, Book-of-the-Month Club Writing Fellowship Program, c/o College English Association, Howard University, Washington, D. C. 20001.

## Pet PEEVES

- Having all your exams on the same day.
- You work on a suntan for weeks; in two days your roommate has you looking like a palefaced northerner.
- Your fraternity brother has his eye on the same girl that you've been eyeing for weeks—he is aggressive.
- You discover that the book you've had lying on your desk for two weeks was on overnight reserve—at ten cents an hour.
- Having your pen-mate do better on an exam than you—after copying off your paper.
- You've started for the beach when you discover that the gas gauge reads empty . . . no coins.
- Mother thoughtfully sent you a care package—suddenly you have a dozen friends that you never speak to.

### TRIVIALITIES ANSWERS

- Pilot
- Sandburg
- Boss, My Little Margie
- Tommy Rettig
- Zelda
- The Songbird
- Bogart, Bergman
- Gershwin
- Peter Lawford, Asta
- Tony Curtis

## U.S. Government Graduate Grants To Study Abroad

Are you qualified for graduate study abroad?

The competition for the 1967-68 United States Government graduate grants for academic study or research abroad, and for professional training in the creative and performing arts, will open officially on May 1st, the Institute of International Education (IIE) announced today.

IIE conducts competitions for U.S. Government scholarships provided by the Fulbright-Hays Act as part of the educational and cultural exchange program of the U.S. Department of State. Under this program, more than 850 American graduate students will have the opportunity to study in any one of 53 countries. The purpose of the awards is to increase mutual understanding between the people of the U. S. and other countries through the exchange of persons, knowledge and skills.

## College Events Calendar

- 27—Inns of Court Dinner: C. D. DeLoach, U.S. Dept. of Justice, 6:30 p.m., Great Hall, Stetson Univ. College of Law (\$1.50 with reservations).
- 27—Film: "On the Waterfront," 8:30 p.m., Falk Theater, Univ. of Tampa.
- 29—Concert: FSC Band, 8:15 p.m., Branscomb Aud., Fla. Southern College (free).
- 29—Concert: USF Band, 8:30 p.m., Theatre, Univ. of South Fla. (free tickets).
- 29-30—Opera: "The Enchanted Canary," 8:30 p.m., Falk Theater, Univ. of Tampa.
- Exhibits (all free)—
  - Apr. 1-28—USF Art Student Exhibition, Theatre and Fine Arts Teaching Galleries, Univ. of South Fla.
  - Apr. 15-May 20—Recent Drawing Acquisitions—Museum of Modern Art, Library Gallery, Univ. of South Fla.
  - Apr. 24-May 14—Paintings by Tampa artist John Murray, LaMonte Gallery, Univ. of Tampa.
- Special Events—
  - 12-14—Extraordinary session of Benedictines of American Cassinese Congregation, St. Leo College.
  - 15-17—Greek weekend, St. Leo College.
  - 24—Commencement, 3:30 p.m., Univ. of South Fla.
  - 27—Conf. on Mental Health, Univ. of South Fla.
  - 30—Secret of Motivational Management Conf., Bay Campus Univ. of South Fla.
- For further information, contact—
  - Florida College—Harry Pickup, Director of Public Relations, Temple Terrace.
  - Florida Presbyterian College—Robert Stewart, Public Relations Director, St. Petersburg.
  - Florida Southern College—O. B. Fanning, Director of News Bureau, Lakeland.
  - Manatee Junior College—Mrs. Florence Girvin, Director of Public Information, Bradenton.
  - St. Leo College—Brother Bernard, St. Leo.
  - St. Petersburg Jr. College—Jim Weakley, Director of Public Relations, St. Petersburg.
  - Stetson University College of Law—Everett E. Cushman, Director of Legal Institutes and Activities, St. Petersburg.
  - University of Tampa—Col. Franke D. Hutchins, Chief of Public Relations, Tampa.
  - New College—Furman C. Arthur, Director of Public Relations, Sarasota.
  - University of South Florida—Dan Deibler, Director of Information Services, Tampa.

## SOUR NOTES

- Scientists: Men who insist on having some basis for their superstitions.
- Philosophers are men who employ the clean, incisive knife of logic—to split hairs.
  - Marriage must be a divine institution. It's certainly not for people.
  - Fraternity: An organization, the members of which have survived a rigorous culling process from which only the culls remain.
  - No greater love hath any man than when he loveth his neighbor as himself.
  - It is only because man has the faculty of reason that he is considered to be above other animals. Only reasoning could make one come to that false conclusion.
  - Professors' words are immortal. They never seem to end.
  - When asked the question "What's bliss?" A bachelor said "A miss." Two lovers said "A kiss." While a married couple said "This?"
  - Cynic: One who is enough to make anyone a pessimist.
  - Students no longer come to classes just to get good grades. Their grades are now sent to them.
  - It is a base canard to say that university students get no experience which suits them for the business world. They get abundant experience at cheating.
  - Wisdoms knowing what the word means.
  - Classes: sleeping quarters for students.
  - The only thing a rational man hopes to get out of marriage is himself.
  - A good pickpocket can remove your money with the skill of a surgeon. Of course he never gets as much.

# Candidates For Student Government

President Student Govt.

Richard Kunsch

Thank you, Don. Members of the administration, faculty and fellow students: I guess, as you can tell already, I have adopted a new theme song for the present . . . You Never Walk Alone . . . a Student Body President doesn't walk alone though . . . But it must be a continual effort from both the student government and the student body. . . . If I am elected as your Student Body President I will work with both, in order to make the school year 1966-1967 the greatest ever. Throughout this year as Vice President I have worked with many students here and feel that with this united effort we can accomplish a lot in all fields.

I'm sorry my presentation this morning has been so brief, but due to my accident, I can't go into detail.

Thank you.

Running for the office of president of the Student Government is Richard (MOE) Kunsch. Moe is a junior, whose major is in the field of art. He is presently our very capable and hard working Vice President of Student Government. Moe Kunsch was the man behind our highly successful "Homecoming." Being in charge of this event was not an easy task; Moe displayed his superb talents in handling this affair with remarkable proficiency. Besides this job, Moe has worked on several special events committees. He took part in the Ford Caravan of Music which starred Roger Miller. In addition to this, he was instrumental in having the Kingston Trio appear at Curtis Hixon Hall. "Mr. Moe," as he is known to his many friends, also attended S.U.S.C.A. last spring and this fall. Moe Kunsch is the man for the office of president. His platform is manifold. He stands for honesty, student rights, and increased activities. We ask you to go out and vote. Support Richard Kunsch for President.

Vice-Pres. Student Govt.

Unopposed

John J. Mulry, Jr.

It's both a pleasure and an honor for me to be here today, accepting a nomination for candidacy of Vice President of the Student Government.

Over the past year serving in the capacity of Sophomore Class President, I have learned much about student government here at the University of Tampa.

It has been said many times that a school is only as strong as its student body.

It can also be said that a student body is only as strong as its student government. Therefore, in a fast growing institution such as the one we attend it is a must that you the students elect capable leaders to represent your views.

Contrary to many opinions our representative government here at the University of Tampa is very strong. As our school grows our government grows, also.

However, we the students have the right to determine in which manner this growth shall take place. Therefore, it is our responsibility and our duty as

President Student Govt.

Greg Mathews

It is not my intention to spend the entire time up in front of the student body knocking one of my opponents or the present Student Governments achievements. The purpose of standing here before you is to state why I solicit your vote and exactly how I feel about the office of Student Body President.

When a student is elected to this office he becomes the bridge between the administration and the student body.

He is your voice behind the closed doors in the main corridor.

Should I be elected, I would seek to increase the pride and the spirit of the student body in their University. This I believe can only be achieved when there is an emphasis on the non-academic, out of class pursuits, and when the various trivialities that are tossed up at you are reduced.

Since I first enrolled in this institution 3 years ago it has grown and developed exceedingly. The new dorms, Spartan Hall and the Embassy, the new parking lots, the tourist center, the redesigned classrooms, and the new administrative personnel, are evidence of this fact.

In each case the emphasis has been on the administrative and academic role of the University. Seldom if ever has the student's role been emphasized.

Where are the recreational facilities for the students? What is the student without a car to do with his free time? Why are the basketball players and baseball players given cuts when on road trips and then dropped from class? What new regulations will be presented to us tomorrow? These are questions worth considering.

Should you enter the voting booth next Tuesday and Wednesday remember it is you that will select the leader who will fight for you and represent you. If you want something done now is the time to do it.

Thank You  
Math major and philosophy minor, Secretary of IFC, Secretary of Circle K, House of Representatives - Chairman of Spirit and Publicity Committee, Chaplain of Fraternity and Rush Chairman, Participated in Special Events Committee, Intends to receive a teaching Certificate, Academic Scholarship.

members of this school community to elect representatives next week who will serve us best.

As future Vice President of the student body I shall do all in my capacity to fulfill the responsibility which has been accorded to me.

I am proud to serve this student body and our University. It is my hope that homecoming next year will be better than any before.

This being my first responsibility I shall endeavor to do a job which will bring much satisfaction to you.

As chairman of the Constitutional Committee I shall attempt to revise our present constitution and make changes which shall best suit our needs as students.

Graduated from North Yarmouth Academy, Yarmouth, Maine June 1964 with honors.

President Sophomore Class - 1965-66, S.U.S.G.A. delegate 1965, Vice President Delo Forensic Society 65-66, Debated against Harvard in Spring 1965, Debated Against British National Champions on Viet Nam in March, T.V. appearances on Dr. Speronis History in The Making Program 1965-66, Director of Rat Period Fall 1965, Chairman of various entertainment committees, Roger Miller, Kingston Trio, Honor Roll Fall 1965, President Theta Chi pledge class spring 1966.

President Student Govt.

William C. Oakerson

Deans, members of faculty, fellow candidates and student body:

There are no major issues in this election. Each candidate has been exposed to the needs and shortcomings of this position. We have our own ideas on what this university needs and what the student body wants. In preparation for my candidacy for student body president I've done some research on school governments and arrived at the following conclusions . . . Student governments must change to meet the needs of the future and student officials must be willing to lead and not merely preserve.

Lately, nation-wide trends have down-graded student governments and increased scepticism on the part of the students. I've note several factors which contributed to this degeneration of authority:

A new type of student who is no longer the typical "Joe College."

Student government is being taken for granted and no longer serves the needs of students.

American high schools have absorbed a lot of college social life.

Our nation is in a period of transition; our way of life is in danger and the threat has brought about an increased emphasis on education.

In order to offset this trend, student government must:

Reassess its program. (Are we the product of ideals of the past? Are we just concerned with perpetuating the past?) Our student government must provide a means of peaceful revolution to stimulate a better student body.

To find a new justification for various extra-curricular activities on campus other than customs and traditions.

To orient new students who will be formulating new ideas and attitudes and make them aware of the vital role of student government.

To become a more effective instrument in education; it must be a catalyst and work with administrative and academic personnel.

To use issues for the aid and betterment of the student and his future life . . . not trivial things.

Officers must stop being a body of elected campus employees and begin to wield power as a body of elected leaders.

Student government is not a complete self government, but is a joint venture with the administration, with the latter having the last word. Student government's aim should be to support the goals of the institution, to create the best atmosphere for intellectual results, and to find reward in helping people to do things as well as correcting their mistakes. The role of student government is actually determined by the nature of the institution. Student government must do what its constitution states, and anything above this is to that administration's credit.

It has the responsibility of providing a voice for the students and a voice for the administration, coordinating campus activities, serving as a training ground for future leaders, and keeping the student body informed of its activities, thus bringing about more participation. Student government allows students to become more intimately involved in college life and on small campuses, such as ours, there is a wonderful opportunity to put things on a more individual basis. The present members of student congress, the candidates, and especially you who have two and three years left in school, hold the key to our student government's success . . . not only to take, but to give.

In direct reference to the

Coed Vice-President

Merry Barr

All of us have held throughout life, either consciously or otherwise, some basic goal or aim that helps us to measure our everyday actions. DeCartes in describing his said, "I shall pass this way but once, any good that I can do therefore, let me do it now, let me not defer or neglect it, for I shall not pass this way again." These words have helped to serve as my constant reminder.

As you already know the office of Co-ed Vice President was established with the advent of the new constitution. Those of you who have been associated with the house as I have can see that changes, as with any new and growing organization are warranted.

The journey has begun but it is by no means near its end. Its completion will require the same ingredients that were mandatory at its beginning namely, hard work, initiative, fair play, and above all the carrying through of responsibility.

Kennedy once said to the effect, that man cannot pledge what he will do beforehand. He must bear witness to the actual situation and the circumstances surrounding it. He can pledge however, to use his best judgment and to keep constantly in mind the confidence that has been placed in him.

Where do we go from here? Sue has presented to you my past endeavors, and I have attempted to share with you my feelings towards the position of Co-ed Vice President. I can go but one step further, to say to you the student body that if elected I will do my best.

English Major from Glen Core, N.Y., Editor-in-Chief Minaret, House of Representatives, constitutional committee, House Reporter, Ford Caravan committee chairman - Publications, Sorority membership chairman, Panhellenic Board, Executive Committee, A.W.S. - Association Women Students, Publication Chairman, One of 3 students serving on the special events committee.

election at hand, I would like to present a short passage written about President Lincoln, but which bears insight into an occasion such as this.

A tall man came along a hundred years ago, and taught us a lesson, perhaps some of us tend to forget.

What man is, what he can do, what he has to say—these are more important than whence he came, where he lives, or what he is like. Heredity, environment, appearance and education, are not of themselves passports to stature.

The components of any success are difficult to isolate, let alone assess.

There would be no cut diamonds if there were no uncut diamonds first. Would you let a Lincoln wart overshadow a Lincoln virtue?

"What is a weed?" asked Dr. Emerson. "A plant whose virtues have not been discovered."

I am a 21-year-old Junior from Little Silver, New Jersey, elected to Who's Who in American Colleges and Universities in 1965, Vice President of Sigma Phi Epsilon Fraternity 1966, Best Pledge award, Spring 1964, Sigma Phi Epsilon scholarship chairman and housing committee member, Clifford B. Scott Memorial Key winner for highest scholastic average in Sig Ep 1965, Ulysses Grant Dubach award winner for greatest percentage of scholastic improvement 1965, Fraternity representative for the House of Representatives 1966, Alpha Chi Omega Sorority "Big Lyre" 1965, Borden Freshman Prize winner for highest grade average in 1963-64, Dean's list,

Coed Vice-President

Elsa Garcia

The office I am seeking is that of Co-Ed Vice President—it is important to me and should be to you, too. Presiding over the House of Representatives is the main function of the position. This legislative body was established to represent you the students and the Co-Ed Vice President serves as the link between this body and the Executive Council by voicing those views and opinions expressed by you and your representatives.

In the past the office of co-ed vice president has not been developed to its broadest scopes. The primary goal of student representation has not as yet been fully realized. Since the inception of the House of Representatives, there have been many changes in the University of Tampa. As a growing body, it is time the House of Representatives moved forward under the leadership of a co-ed vice president who will be able to give the time and energies required of this position. The co-ed vice president should be your direct representative. As a student, it is your responsibility to elect the candidate who will extend the power of your vote. As a candidate, I want to see this speech become a reality. I feel that I have the time, ability and energies to carry this through. I would like to wish all the candidates the best of luck in their campaigns.

Alpha Chi Omega, corresponding secretary, assistant second vice president, assistant social chairman, assistant rush chairman, House of Representatives, alternate (5th floor) '64 '65-'66.

Sec. of Student Govt.

Unopposed

Karen Cobb

I am a graduate of H. B. Plant High School in Tampa. My major is Elementary Education and my minors are English and Biology.

My activities include: Majorettes, Moroccan Staff, Pi Delta Epsilon, House of Representatives, and I am a pledge of Alpha Chi Omega.

My qualifications are: I have had experience in taking minutes both in high school and here, for I am Secretary for Pi Delta Epsilon and S.U.S.G.A.

1964 - Fall 1965, Honor Roll, Fall 1963 - Fall 1964 - Spring 1965, Ulema Scholastic Honor Society member 1 1/2 years, Awaiting Initiation into Phi Alpha Theta National History Honor Fraternity and Sigma Tau Delta National Professional English Honorary Fraternity, Student Union Leadership School 1966, Member of the Young Republican's Club, Crew Team 2 Years (Co-Captain J.V. 1966), Intramural sports 2 years (Football and Basketball) 2.4 average for 5 semesters over-all.

DO YOU KNOW . . .

That this building was built by Henry Bradley Plant, railroad and steamship owner, and opened in 1891?

Coed Vice-President

Linda McLeod

Mr. President, members of the faculty and fellow students: I would like to thank Bruce for that flattering introduction—I was getting such a big head listening that I was top-heavy when I stood up.

Yesterday several of my friends and I were sitting in the only modern building that we have, discussing the University. We have a great school here with unlimited potential. The development of this potential depends not only on the administration but a large share of the responsibility rests upon the shoulders of the student body. The potential leaders of this school are here today, and I am not referring only to the students running for an office but also, to you. The students who show enough interest in our school to come to this convocation instead of saying, "well, I got out of class, now for a nap!"

It is up to us to make something really great of the University of Tampa. Since my qualifications have already been stated by Bruce, I would like to let you know a few of my ideas for developing this potential. The main duty of the Co-Ed V.P. is to preside over the House of Representatives. Gail Fischer has done a tremendous job—now I would like a chance to show what I can do. Last semester, some of the members of the House were appointed rather than elected. The first meeting of the House, I think a committee should be set up to make sure that your representation is truly representing you and your organization. This will assure a meaningful and objective forum. Also, I'd like to see an agenda prepared, listing scheduled business of the House and a copy placed in the hands of each representative prior to the meeting. These are just a couple of my ideas. I would welcome the opportunity to talk to any of you individually, at any time. If I can answer any questions for you, I would be more than happy to. I feel that I can do a good job as Co-Ed V.P. and I am asking for the chance to prove it. I realize I can't have everyone's vote but I would like to have yours.

Junior, Biology major, Chemistry minor, Delta Phi Epsilon Sorority, 1st V. P., assistant treasurer, Scholarship Chairman, House of Representatives, Ways and Means (V. Chairman), Special Committees (Ford Caravan etc.) Majorette, Biology Lab Asst.

## National Fraternity Held Conference Here

The state conference of Phi Alpha Theta, National Honor History Fraternity, was held recently on the University campus.

In attendance were Dr. Charles Tebeau, University of Miami; Dr. Wyn. Stetson University; Dr. John Mahou, University of Florida; and Dr. J. R. Beiser, Dr. A. P. Stuckey, Dr. James Covington, and Dr. Jesse Keene represented the University of Tampa. Also attending was one alumnus, Mr. George Church, now teaching at Oak Grove Jr. High.

In late April, initiation to Phi Alpha Theta, Theta Gamma Chapter will be held. The five individuals to be initiated are Dr. James Covington, Gerald Billowski, William Charles Oakerson, George L. Taylor, and John V. Whitbeck.

The conference was a great success and congratulations are given to all those who participated.

NOTICE!!

Any student who is interested in running for student judge with 60 hours and a 1.3 average should contact a member of student government before the end of the 2nd week in May.

# Candidates Seeking Class Offices

**SR. CLASS PRESIDENT**  
Unopposed

**Bryce William Smink**

A 21-year-old Junior from Washington D.C., attended Montgomery Junior College, Takoma Park, Md. Freshman Representative to the House of Representatives, Judge on the Student Court.

Attended the University of Maryland, came to the University of Tampa in the Fall of 1964.

House of Representatives '64-'65 '65-'66, Ways and Means Committee, Parliamentary - '66, Publicity for Kingston Trio - Committee, Communication Committee for the Ford Caravan, Staff a Ford Contest Committee.

Delo Forensic Society, Constitutional and By-Laws Committee, Representative to the House of Representatives, Debate, Speech writer.

Dean's List - Fall 1966.

Ulema, Committee for Upgrading the Academic Standards of the University.

Sigma Phi Epsilon, Historian, Fund Raising Committee, Corresponding Secretary, Best Pledge Spring '65.

Worked Registration Spring Semester, Proctor for Political Science, Leadership Conference, Summer job on Capitol Hill.

**SR. CLASS VICE-PRES.**  
Unopposed

**Burton Epel**

Transferred from Rollins College in 1964, since then I have been Treasurer of TEP Art Eds of the DeNova, also a member of the Kappa Pi, the English Honorary Fraternity and worked on Ford Caravan. Active in I.F.C. at present.

## Dr. Delo's Address in National Magazine

An address delivered last fall by Dr. David M. Delo, president of the University of Tampa, has been published in the recent issue of "Science Education," the official journal of the National Association for Research in Science Teaching.

Titled, "Needed: A Change of Accent for Higher Education," the talk was given by Dr. Delo at the University's opening convocation of the year in September.

He was recently cited for the speech by the Freedoms Foundation of Valley Forge, Pa., which will present him with an Honor Certificate Award for Public Address, 1965. The Foundation called the address "an outstanding accomplishment in helping to achieve a better understanding of the American way of life."

**JR. CLASS PRESIDENT**

**Paul Jirka**

President of Smiley Hall - fall semester of 1964, member of House of Representatives - fall 1964, member of Ways and Means Committee in House of Representatives - fall semester 1964, candidate for president of freshman class - fall 1964, vice president of Smiley Hall - fall semester of 1965, member of House of Representatives - fall 1965, member of Elections Committee in House of Representatives - fall 1965, representative of Pi Kappa Phi pledge class - fall 1965, secretary of Junior I.F.C. fall 1965, I.F.C. representative for Pi Kappa Phi - spring 1966, member of Pi Kappa Phi Rush Committee -spring 1966, honor roll.

## To All Seniors

The Institute of International Education is holding a Summer Crossroads program in Colorado Springs June 5 to 11, 1966. All students who are terminating their studies in the United States in June or August are urged to apply. Home hospitality will be arranged with families and will involve discussions with other students who are returning to their native country. The discussions will concern their experiences while a student in the United States. The Host Family will cover all students expenses except personal incidentals. (Additional information is on file in the Guidance and Placement Office.)

**JR. CLASS PRESIDENT**

**Rick Lede**

An English major from Bronxville, member House of Representatives, Ford Caravan Committee, Honor Roll Student, Sigma Phi Epsilon Fraternity, President of Pledge Class.

## Ticket Policy

- For all Drama Department productions, University of Tampa students may obtain one ticket anywhere in the house for each production by presenting their identification cards.
- For all Theatre Artist Series productions, University of Tampa students will be given one ticket for each production by presenting their identification cards; the ticket will entitle them to a seat in the balcony section of the theatre. If a student desires a seat elsewhere in the theatre, he must pay the difference between the Activities Fee allocation for his ticket and the public price of the ticket he desires.
- For all events at the Falk Memorial Theatre, the student body will be informed well ahead of the event so that a ticket will be assured each student who wants one. For the Theatre Artists Series productions, student tickets will be available at the Falk Memorial Theatre until five days before the production date. Ample publicity will be given to the student body about the cutoff date to allow all those who wish to obtain tickets for the productions to do so.

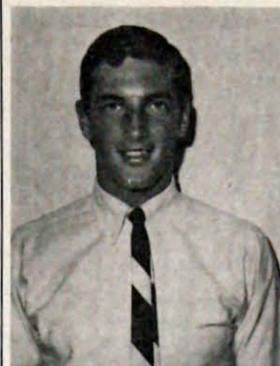

## CONTEST

Competition for the Blanche Yurka Awards in Public Speaking and Dramatic Performance will be held on May 13 and 14 in the Student's Building, Dr. Fellows announced to-day.

The awards consist of a trophy, an autographed copy of one of Miss Yurka's books and a cash prize of fifty dollars for each winner. Miss Yurka established the annual awards last year, after a week's visit to the campus of U.T., in order to stimulate interest in Speech and Drama.

Any University of Tampa student is eligible to compete, provided he or she is taking a minimum of twelve semester hours. For entry blanks, see Dr. Fellows in Room 245 Plant Hall, or Mr. Cermele, Falk Theatre. All entries must be made prior to May 6th, 1966.

**SOPH. CLASS PRESIDENT**

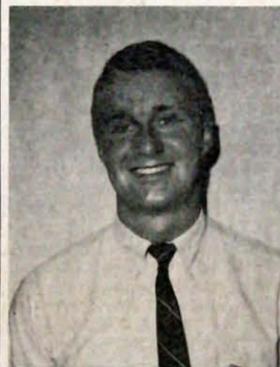

**Ron Smokey Burgess**

Being that next semester's sophomore class is the largest in the school, it will need a well qualified leader to guide the class through the school's numerous activities. The qualifications of the sophomore class president should include responsibility, leadership, intellect and equally important experience.

I believe I have many of the qualifications to carry out the office of the president of the sophomore class. In high school I took an active part in school politics where I carried an office for my senior class and student govt. I am also active in school sports and presently I am on the varsity baseball team. If elected I can prove myself an able president of the class of 1969.

**SOPH. VICE-PRESIDENT**

**Thomas Cunningham**

My qualifications for Vice President of the sophomore class:

Student Government Representative one semester (Smiley Hall), Pledge of Pi Kappa Phi Fraternity, Jr. I.F.C. member and President of that organization.

I have been active in the past, in my high school class government. 1.8 Grade Average, Scholarship Award for fall 1966.

### DO YOU KNOW . . .

That the carpeting preserved in the museum covered all the floors in the hotel and was bought from Queen Victoria of England who did not consider the design appropriate for Buckingham Palace.

That the hotel was headquarters for Col. Theodore Roosevelt and other officers of the Spanish-American War in 1898 before embarkation to Cuba?

**SOPH. CLASS PRESIDENT**

**Thomas W. O'Brian**

A freshman from Montclair, New Jersey. Qualifications are: Sigma Phi Epsilon, Vice President of Pledge Class; Junior I.F.C. Representative; Class officer, Vice President, Malvern Preparatory School, Malvern, Pa.

**SOPH. VICE-PRES.**

**Anita Carbone**

A 19-year-old from Merrick, N.Y., in high school she was Active in Student Quill, President Red Cross, Leader Core, Captain Kickliner, President Co-Captain Sportsnight.

In College: Captain Spartanettes, Executive Committee, member VIEMA, Honor Roll, Deans List, President Pledge Class, Pi Kappa Phi Pledge Class Sweetheart.

**SOPH. VICE-PRESIDENT**

**Peter S. Mack**

High School: Homeroom President 3, 4, Student Council 1, 2, 3, 4, Junior From Committee 3, Varsity Football 2, 3, Varsity Wrestling 3.

Tampa U.: Freshman Vice President, Special Events Committee, Pledging Theta Chi.

### DO YOU KNOW . . .

That this building cost more than 3 million dollars to construct?

That Mrs. Plant went to Europe and the Orient in search of beautiful things for this building, with a blank check?

That the walls in the building are one foot thick, of solid brick?

That the original doors were covered with hand-tooled leather?

# Phi Epsilon Pi Fraternity Shows Interest In Tampa U

Representatives of Phi Epsilon Pi, national social fraternity, are interested in developing a chapter at the University of Tampa.

The following is a statement of what you can expect from Phi Epsilon Pi:

Phi Epsilon Pi's rich store of tradition started in 1904, and the fraternity has grown up in quality, size and stature, until today, there are over 25,000 Phi Ep alumni, 50 chapters, 3 colonies and 40 alumni associations which make-up our rapidly growing fraternity.

Phi Ep's are prominent and accomplished men, Phi Ep's undergraduates are leaders of their campus communities.

Phi Ep is one of the few major National Fraternities to run a thorough career-counseling service, whereby upper-classmen can consult with established and successful alumni in the professions or businesses that they are considering themselves.

Phi Epsilon Pi is one of the few fraternities with a National Educational Loan Fund, so that any brother can borrow up to \$4,000 to be repaid after graduation. In addition Phi Ep scholarship programs give over \$10,000 a year to brothers who are in need of money to continue their educations.

70% of the chapters of Phi Epsilon Pi Fraternity maintain scholastic averages above their campus' all men's average. For over 60 years, Phi Epsilon Pi has always ranked among the top 10% of fraternities in academic excellence.

Phi Ep was founded, and continues today, as a nonsectarian organization. Phi Eps are of all ethnic backgrounds. There are brothers from many countries and from all sections of the United States and Canada. A fraternity member is accepted for himself and for no other reasons.

Phi Ep chapters are run on the principles of local autonomy. The only National prohibitions are in regard to hazing, discrimination, academic and financial irresponsibility.

Throughout the various colleges in the country, Phi Ep men are regarded as members of one of the top-ranked and most respected national fraternities.

Phi Epsilon Pi truly attempts to put its motto "Friendship Binds Eternal" into effect at each chapter. Meaningful relationships among the brothers as undergrads and as alumni is most important goal.

Interested students may review available literature in the Office of the Dean.

## Duseur Greek Society

At the last meeting of the Interfraternity Council the problem of Greek and non-Greek relations was discussed. Dean Decarlo brought out the fact that the total enrollment of this college, only 23% are Greek affiliated. It is a simple task for a fraternity man or sorority woman to discuss the non-Greek life, for they have experienced it, but so many times when the topic of a fraternal organization is brought up, there is little knowledge of exactly what a fraternity or sorority is.

I believe most people understand that it is a esoteric society of high and lofty ideals, it entitles a strong brotherhood, and it has a very active social life. But so many times people ask why they should pledge themselves to a small minority, when they believe they have these benefits among their own friends.

Last week almost one hundred men took it upon themselves to pledge a fraternity. Why did these men pledge? Why did they choose to enter the fraternal group they did? What are their responsibilities? In this article and the following, I hope to leave with the non-Greek enrollment a better understanding of exactly what is meant by fraternity and a few of the underlying ideals of a fraternity.

Recently I asked one of the new pledges to the fraternity system why did he "go fraternity". He wrote this short article.

"It all began when several brothers suggested that I sign up for rush. I was a little hesitant but they said it would be a great opportunity to meet all the 'Greeks'. I took their advice and I was on my way to discovering just what a fraternity is.

"A fraternity is many things to many different people. I was impressed by the unity of a national fraternity. As a brother you can travel anywhere in the United States and be welcomed at various chapters by brothers who you've never met. This bond among brothers can not be broken.

"The social aspect of fraternities is often considered it's primary reason for existence. It's true that fraternities boost your social life but it's far from the main idea of a fraternity.

"I pledged by fraternity for the companionship of men that I would have something in common. A fraternity is your second home; the brothers your second family. A fraternity offers help when you ask for it and guidance when you need it."

### DO YOU KNOW?

That the University of Tampa building is the most authentic example of Moorish architecture on the North American continent?

## What Every Greek Should Know!

The following is a statement of policy concerning eligibility for initiation into social fraternities. It is effective immediately.

(1) Students must complete at least 12 credit hours creditable toward graduation and have a cumulative "C" average in order to be eligible to receive a bid. Any failing grade is disqualifying.

(2) Pledges must complete the regular semester in which they are pledging with at least 12 credit hours creditable toward graduation and have a cumulative "C" average in order to be eligible for initiation. More than one failing grade or two or more Ds will be considered disqualifying.

(3) The cases of all pledges who fail to qualify for initiation will be reviewed by the Dean of Students. When, in their opinion, the student's academic status is threatened or it is otherwise deemed appropriate, the pledge will be ineligible to continue his fraternity participation until he has attended a cumulative "C" average and has the unanimous approval of the University officials mentioned. The deadline for qualifying is two regular semesters or one regular semester and one summer session.

(4) Students who fail to qualify for initiation are not permitted to live in chapter houses. Those who are already located in these houses will be recalled to the campus.

(5) Students who have been placed on disciplinary probation are ineligible to receive bids. Pledges who are placed on disciplinary probation prior to initiation must be dropped from the pledge program until they are removed from disciplinary probation. In highly unusual and compelling circumstances and when approved by both the Dean of Men and Dean of Students, consideration will be given to a request for review of an individual case.

Students are reminded that Selective Service requires not only a minimum semester load of 12 credit hours but also normal progress. In order to make normal progress at the University of Tampa, a student must complete an average of 15 credit hours per semester.

Presidents and pledge masters should take immediate action to review the academic progress of all pledges. Realistic, effective and compulsory study hours should be initiated. Further, students experiencing difficulty should be referred to the Director of Academic Counseling.

This policy should be disseminated immediately to all actives, pledges and other persons considering affiliation with social fraternities.

Michael A. DeCarlo, DEAN OF MEN

# FRATERNALLY YOURS

## TAU EPSILON PHI

This semester is proving to be very successful for the brotherhood. Besides getting the largest pledge class on campus, our house manager, Harvey Meyers, is in the process of redecorating our television room with new furniture, drapes, and paint.

The brotherhood of Tau Epsilon Phi proclaimed Friday, March 18, "George Rose Day". George is one of the twelve founding brothers of Epsilon Sigma. A party was held in his honor, with the brothers presenting him many gifts and awards.

Plans are being made for our gala Spring Formal to be held at the Causeway Inn, early in May.

## ALPHA CHI OMEGA

Greek congratulations to four of our Sisters: Cheri Ellis; Kay Isaacson; Marcia Reynolds; and Rosemary Wade, for being chosen Phi Kappa Phi Daughters of 1966. This is quite an honor, them.

Our chapter has received an honor from the National Headquarters of ALPHA CHI OMEGA... a certificate award for consistently good chapter scholarship. Keep up the good work, Sisters!

We are pleased to announce that one of our new Spring Pledges, Patty Lawrence, has been chosen for prospective membership in the National Honorary Music Fraternity, Mu Phi Epsilon. Congratulations, Pledge Patty.

And to all sororities and fraternities, Congratulations on all your new Spring Pledges!

## ZETA TAU ALPHA

The Big Sisters honored their little Sisters at a banquet at the Sweden House Saturday, March 19th. The food was tremendous, and it was a bright day for all.

Our Industrious Pledges were once again at work on March 21st selling sandwiches to co-operative fraternity men, hungry sorority women and ravished Independents. It was fun and profitable.

Our sisters extend their warmest congratulations to Carron Porter on her title as Rose Queen of Delta Sigma Phi Fraternity and Jo Anne Dewey for her recent adoption by the Pi Kappa Phi Fraternity.

We were hard at work on April 2nd, giving your cars the cleanest wash this side of the Hillsborough River at Steves Standard Station, on Kennedy Boulevard.

## SIGMA PHI EPSILON

We would at this time like to thank "Pepper" Johnson, Linda Letotta, Brenna O'Shea, Joan Krusa, Susan Vano, Susan Byers, Dixie Miller, Dale McKay, Maisel Kieffer, Connie Gill, and Karen Reynolds, for their help at our Rush party.

On the intramural scene, the Sig Eps won their first bowling set against the Pi Kaps on Monday night.

The Brothers of Sigma Phi Epsilon had an enjoyable weekend at Sebring. It was a weekend of relaxation, fun in the sun, excitement, and some memorable experiences.

We congratulate the Crew Team on the victory over Amherst, both J.V. and Varsity, and our brother Bill Oakerson and Bob Meredith.

Spring break is upon us and the Brotherhood Phi Epsilon wishes everyone of you a safe and enjoyable break wherever you may go.

## DELTA SIGMA PI

Twenty-one students of the University of Tampa are new pledges of Epsilon Rho Chapter of Delta Sigma Pi, national professional business fraternity.

To qualify for selection in the organization, a student must have completed at least 24 semester hours of work, have at least a "C" average, and be majoring or minoring in economics or business.

The pledges and their hometowns are:

Ron Kelley, J. Nelson Perez, Robert C. Calafell, Donald E. Morris, George Williams, Bruce Robinson, Carl MacDonald, Dennis Sanchez, and Alfred N. Olsen, Tampa; Harold E. Tillotson, St. Petersburg; Robert L. Lovelace, Plant City; Roger Withers, Naples; David Wingrove, Boca Raton; Charles W. Walker, Jr., Jacksonville; Mickey Goff, Gokelgia; Alex McIlwain, Glencoe, Ill.; Robert Lewandowski, Bay City, Mich.; William R. Laffert, Winchester, Mass.; Steve Taffe, Pleasant Valley, N. Y.; Richard Feeney, Newburgh, N. Y.; and Pierre L. Thomas, Vermont, Ill.

## DELTA PHI EPSILON SORORITY

Recently sponsored a get-together for all Sorority Pledges.

## PI KAPPA PHI

Spring is here. Pi Kappa Phi is proud to announce the new addition to our fraternal organization, our new daughters. Miss Joanne Dewey, Miss Cheri Ellis, Miss Kay Isaacson, Miss Jo Anne Pollidore, Miss Renee Steel, Miss Marcia Reynolds, Mrs. Ruthann Stafford, and Miss Rosemary Wade were awarded, for their service to our Fraternity, at the annual serenade on Tuesday night. They were presented the traditional 'gold bootie' and Pi Kapp kiss. Following this night, these young ladies were honored at the annual Daughter's Day Banquet held at the Sheraton Hotel.

Pi Kappa Phi would like to thank the Civinettes for their help at the car wash last Saturday. Little John Weise and Robbin Hood Matthews are also due a congratulatory note for their splendid work at the intramural Archery contest. Last but not least we should like to announce the joining of Marcia Reynolds and Richard Menendez in 'lavaliership.' Good luck at Jai Alai, Dick and Marcia.

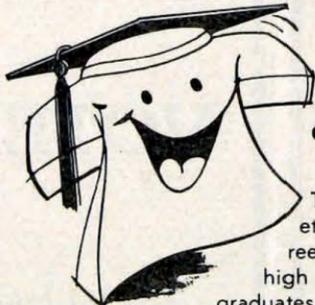

Would anyone like to buy a very differently decorated 55 Ford? Prices start at \$50.

### NOTICE!!

Important Senior Class meeting this Thursday, April 28th in the Student Center at 7:30. The Senior class gift will be picked at this time.

### DO YOU KNOW...

That if you walk around the entire building, you have walked a mile?

### THIS CALL COULD BE FOR YOU...

There's a wide variety of interesting career opportunities for high school and college graduates with General Telephone of Florida. Whether you'd like to be a telephone operator or prefer other areas such as secretarial, general office, accounting, sales, telephone installation and service, engineering or research... there's interesting work to be done.

To learn more, call or visit the personnel department at any one of our business offices.

"Good people make this a good place to work."

**GENERAL TELEPHONE**  
A Member of the GT&E Family of Companies

## THETA CHI

"Intelligence Plus;" Epsilon Zeta Chapter once again received the Regional Scholarship Award. For attaining an average above that of the overall men on campus; we were awarded the 1965 silver certificate from our National President, Howard Ater.

In the community Theta Chi's are recognized in their work for the Leukemia Drive, Pans Pencils and Paper Drive for the Underprivileged children, the upcoming pledge car wash: On campus, urban renewal project for West Tampa. (Now in the progress)

GIANT plans for the Ring dance, April 22.

Up to date only six more Zeta pledge books to go—Watch it! Fine job by Butch Taylor and Halsey Tuthill in archery. We are closing in fast on first place in intramurals.

Good luck to Brothers Gamarin, Peck, "Big Fat" Watson and Garbis on their crash diets.

Brother Gillon was awarded his second Merit Badge by the Blue Cab company. President Johnson says: "M.D.I. '66."

## CIRCLE K

Circle K meetings are Thursday at 9:00 in room 226. All those who are interested are invited to attend. This includes members and officers as well. Circle K is formulating plans to attend the convention in Fort Lauderdale next month.

## DELTA SORORITY

The Sisters of Delta Sorority proudly announces their Spring pledge class. They are: Ernestine Fernandez, Josephine Fleitas, Sandy Ihasz, Cathy Crowder, and Sharon Houser.

Congratulations are also extended to the Sorority's UNDEFEATED BASKETBALL TEAM. Members of the great team are: Roving Seed, Defense Powers, Swish Campbell, Lay up Roque, Basketball Hollingsworth, Shake 'Em Up Duren, and Rebound Coniglio.

Many activities are planned during the month of April. Extensive preparation is in the process for Delta's Formal Weekend: April 22-23-24.

# Esquire's CLUB & CAMPUS FASHIONS

By CHIP TOLBERT  
ESQUIRE'S FASHION EDITOR

**E-A-S-T-E-R-T-I-M-E!** The very word begins to echo through the quadrangle like an ignited stick of dynamite. Whatever other connotations it may hold for you, Easter Vacation always comes as a last-minute antidote through which you escape—just in the nick of time—your impending nineteenth nervous breakdown and the breakneck pace of academic life. So, on your mark, get set, GO! Chances are you'll be going South where the Spring grass is green and the tropic sunshine good and hot. Time, that is, for tips on what to take along...

**NASSAU, ANYONE?** No doubt T.S. Eliot wasn't thinking of the Caribbean when he labeled April the cruelest month—not by a long shot. There's Bermuda, sitting like "an emerald in a sapphire sea;" there's Ft. Lauderdale, where the girls are and where the boys follow after. On the West Coast, there's La Jolla, or for the way out swingers, Newport Beach. And if you really want to get away from it all, there's Mexico City. But whether you find your pipe-dream under a volcano or under a swaying palm, remember to play it safe. Take along at least one dark suit, a lightweight polyester and wool or a cotton blend. You never know when you might be invited up to the Governor's mansion for drinks on the patio.

**FOR THAT SMART,** young millionaire look, you couldn't do better than select your dress-up resort wear in Navy blue. Dark gray's okay, and olive will do, but royal Navy has a rich, crisp college men like. And, incidentally, there's no time like the present to look for a Permanent Press suit. It'll keep the wrinkles out as Summer comes sailing in.

**WEAR WITH IT,** a white or pale tone button down shirt. It may be striped (and here the color scheme of things is getting bolder and brighter every day), or a solid color. Best bets: pale blue, pale lemon, pink, or a creamy tan shade. The new Permanent Press dress shirts are great for travel for obvious reasons: you wash them out at night, and the next morning, without ironing (or puckered seams) they're back in perfect shape. Take along a couple of ties: a bright, bold paisley, a repp stripe, and make sure they sport the new, fashion-right, wider widths.

**MAKE THE CASUAL SCENE** in a Madras or polyester/cotton seersucker sport jacket. Here, your color and pattern choice may be as wild as your taste permits. You'll need a pair of dark, medium, or light gray dress slacks, and your choice should depend on coordination with the jacket. Jeans or chinos, three or four pairs, low-rise, hip-hugging, and tapered in faded blue or a wheat color, are mandatory. Make sure they have built-in wash-and-wear capabilities. Ditto with your sport shirts. Select three or four in the popular Henley style in lightweight woven fabrics, and a couple of cotton/polyester knits.

**ON THE BEACH** let your imagination drift around the sand castles. But before you make the beach scene, be sure you're equipped with several new swim shorts. Big, splashy Hawaiian surfer trunks (usually available with matching shirts), and the new Basketball swim short styles will be among the most popular this season. Most young men prefer them in trim, athletic, form-fitting models, and the word for surfing '66 is COLOR. Bright, burning reds, vivid yellows, flashy greens, and wild prints are the top contenders.

**THE TWILIGHT CHILL** calls for a couple of colorful sweatshirts, and a bulky, loose-knit "Poor Boy" sweater. Sneakers and sandals are a must, of course, but even more imperative are shades and a good suntan lotion. Slip a pair of black loafers into your suitcase, zip it up, check out your reservations, and be off!

**NEXT MONTH,** we'll survey Spring and Summer fashions in depth. Meanwhile, give our regards to the gang, and make every moment count. Smooth sailing...

# The Dazzling Spartan Nine

by Bill Guerrero

Under the direction of Coach Larry Gable the Tampa University Baseball team is now 12-4 overall and 2-2 in the Florida Intercollegiate Conference.

The three main factors in this fine season are the pitching, hitting and fielding ability of the Spartans. When you talk of pitching we say RAY VIET, who is now 4-0 on the season and is ranked 4th in the nation by the National Athletic Bureau. We have big Wayne Handen (6' 8") and is now 3-2 overall and 1-1 in the F. I. C. Also the only left handed hurler is Bill Guerrero, he is now 1-2 overall and 1-1 in the F. I. C., he is used mostly as a relief specialist.

We can't forget Bill Payne, Kit Brandbelt and Steve More who make up the rest of the pitching staff.

The big sticks in the line up starting with Dan Sikes, 3rd baseman, who has yet to hit under 385 average. Dan has two homers, three doubles and three triples. Next is the long ball hitter Jim Frazier, playing left field. The fastest Spartan is Pete Schaaf, who has two inside-the-park homers and has been clocked at 3.2 seconds down the first base line. A young boy coming along well is Ron Burgess (Rookie) is now developing into a fine right fielder. The little man at second base is Joe Pizzano who is a rare combination of "gloveman" with a good "stick."

Mr. Glove, John Chafer, the shortstop, in his second year with the team has developed into one of the best shortstops that Tampa has seen.

When you hear some rebel yells down at first base you'll know it's Frank (Weed) Vinning, a real fine defensive player. Frank has also brought across three game winning runs this season.

Utility men on the Spartan team are Tony Averelli, an outfielder, Tom Fondas, catcher and Bub Falco, Mr. versatility.

Behind the plate is a Tampa boy, Wayne Granda, who stops everything thrown at him and hustles circles around opposing catchers.

## Tampa U Nite at Al Lopez Ball Park

Members of the University of Tampa faculty staff and student body are invited to attend a baseball game Tuesday night (tonight) at Al Lopez field between the new Tampa Tarpons and The West Palm Beach Braves.

The Athletic Department in cooperation with Tarpon owner, Mitchell Mick will honor the University athletics activities in pre-game ceremonies. University personnel and their families will be admitted free at a special gate located at the front entrance to the field. The only requirement for admission will be to show your University of Tampa identification card.

Pre-game activities will start at 7:00 P.M., and a special feature will be the University of Tampa baseball team which will put on an exhibition. The game between the new Tampa Tarpons of the Cincinnati Red organization, and the West Palm Beach Braves of the Atlanta Braves organization, will start at 7:30 P.M.

Plan now to attend and enjoy all the activities and a fine baseball game free on behalf of the Athletic Department.

## MAJORS PICNIC SUN. MAY 1st

The Physical Education Department is sponsoring its Annual Majors Club Picnic, Sunday, May 1, from 10 a.m. to 2 p.m. at Lithia Springs. It will be sixty cents a person and one dollar a couple. If the person brings a covered dish of baked beans, potato salad or of the sort, there will be no charge.

There will be food, games and swimming for a few of the planned activities. All Physical Education majors and their dates are invited. Transportation will be given to those who need it and will be at the girls dorm between 9:15 and 9:30, Sunday morning. There will be directions to Lithia Springs in the Physical Education Office all during the week. Anyone who wishes directions see Mr. Butler.

If there are any questions, see either Mr. Butler or Danny Cogan.

## "CYPRESS GARDENS HERE WE COME"

by Richard Randazzo

The University of Tampa Ski team will be competing in the 20th annual Southern Intercollegiate Water Ski Tournament at Cypress Gardens on Saturday, May 7, 1966. To see the tournament plus the ski show students will be admitted free upon presentation of their school I. D. cards at the ticket window. The tournament starts at 8 A.M. and will continue until late afternoon.

# Tampa Crew Streaking Home

by Frank Gartlan

As this edition goes to press our crew team is preparing for its meet with Rollins on Saturday, April 23rd. This promises to be a tight race as Rollins upset a highly rated Jacksonville shell during the past week.

The members of our crew feel that how we fare against Rollins will be a pretty good indication of our chances for success in the Florida State meet to be held on our course April 30th.

Coach Wickersham is looking forward to the State meet. He is proud of his varsity crew's 4-3 won loss record and he is equally proud of the fine showing the J. V. team. The coach also praises Richard Cooper, the public relations manager for the team who has worked so diligently to keep the student body informed of the races held on the Hillsborough. His fine work is evidenced by the increased turnouts of students at our home meets.

The crew feels that they can improve on their third place showing at Cypress Gardens. The reason for this is that six oars fell off their homemade carrier while being taken to that meet. If nothing unforeseen happens at the state meet they'll have the opportunity to show what they can do without a handicap.

So let's get behind our crew April 30th and show them that we appreciate their scholarship — free efforts.

## Bernd Heidborn Exchange Student

Bernd Heidborn is a sophomore here at the University of Tampa. He is originally from West Berlin, Germany, and is twenty-two years old.

Heidborn got the opportunity to come to America, and specifically, to the University of Tampa, through the Tampa Rotary Club, which sponsors a scholarship for Florida International Students. To help promote this scholarship fund, Bernd travels around the state of Florida, giving speeches to local Rotary Clubs. He enjoys doing this and would very much like to see the scholarship program become much more developed.

When asked about the difference between American and European education systems, Bernd pointed out that the European schools offered more specialized courses at an earlier stage of one's career. Bernd, for example, is majoring in Dentistry, and as early as his freshman year, has had pre-dental courses. Also, European high schools runs for thirteen years. Bernd was required to take six years of the English language, which explains his mastery of it. He also speaks French and some Russian. All this seems to show that the European schools are more intense in their study curriculum.

Athletics are not stressed very much in the European schools, but that has not stopped Bernd from being an avid sports fan and participant. His favorite sports are tennis, soccer, basketball, golf, swimming and skiing (both water and snow). It seems that he has come to the right part of the country to participate in these sports.

To Bernd, American girls are not very different from German girls. He says they dress the same, comb their hair the same, and act the same. Bernd feels that American girls are a little more mature.

After completing one school year here, Bernd plans to return home to Germany to complete his education. After that, he would like to return to the United States to live and to practice dentistry.

## Karate Now In Tampa

Here's your chance to lose weight, learn self-discipline, inner calm and how to throttle your fellow man.

This is not merely a pastime. The Amateur Athletic Union estimates 200,000 Americans are studying the sport or "way of life" as its adherents prefer it to be called.

George Mattson, first American to receive a black belt from the Uechi Ryu Karate Association of Okinawa; present holder of black belt, 4th degree; Author of the book "The Way of Karate" has appointed Mr. Martin Goldberg (1st degree black belt) chief instructor of his Tampa branch.

Mattson, who looks like the after-picture of the kid that used to have and kicked in his face, said a tudent forgets about self-defense after six months.

"By then a student could probably obliterate any aggressor," Mattson said.

It is at this point that Karate takes on a new meaning for the student, according to Mattson. "In Karate we don't talk about philosophy. If you talk, you create a goal," he said.

"We don't want to achieve a goal. We just start with exercises, exercises that take a great deal of thinking, concentration, awareness."

A Karate session lasts an hour and a half. The exercises are simple but the movements are repeated endlessly. One exercise, moving one foot from the right to the left is repeated nearly 100 times and the sessions are conducted silently, except for periodic groans and moans from out-of-shape students. Karate is a paradox. It's the most violent and effective form of self-defense known to man. Yet a student is learning how to be at peace with himself and the world and how not to fight.

In Karate you don't compete with anyone else. You just compete with yourself.

"Everything we do is on an intuitive level. We teach A in order to learn B . . . We deal in riddles and puzzles . . . We try to relax the mind and let the meaning come out."

The man who wants to marry a fortune should go widow shopping. If he's lucky he might meet a girl whose face is her fortune and it runs into a handsome figure.

Keep your eyes on their stockings, boys — smart girls put their money where it draws the most interest!

Some people marry for money, some for love, but most for only a short time.

Marriage is not a lottery because in a lottery you have a chance. June is the month for weddings and cooings; the billings come later.

In Turkey a woman never sees her husband before marriage. Here, she doesn't see him much afterwards.

You may never find the perfect companion but it's a lot of fun trying.

Have you ever met the one and only you could be happy with? Sure, lots of times!

Of course, if you want a girl who doesn't lie, smoke, drink or pet nowadays, you had better go down to the grave yard and dig one up.

Women may not be much, but they're the best other sex we have and generally speaking they're generally speaking.

Women are attractive at twenty, attentive at thirty and adhesive at forty!

Clothes make the man, but with a woman, they show how she is made. The dress that makes one girl look slim will often as not make others look round.

There are a million or more reasons why modern women dress as they do, and every one is a man.

Evening dresses are so called for they look like night gowns. Do you know where bad girls go? They go everywhere!

Except for Howl Hall fathers don't have to worry about their daughters getting kissed good night any more; their boy friends don't leave until some time in the morning.

Some people are born bad. Their mothers have often wished they had thrown away the kid and kept the stork.

Medical Library: Mead, a Roman drink — four parts wine to one of honey!

### PLACEMENT SERVICES

The organizations listed below will be interviewing in the Placement Office during the month of March. Interested seniors should check with this office for details concerning these visits and sign the Interview Schedule for appointments if they wish to be interviewed by the organization's representatives. Complete descriptions of openings are available upon request.

- May 5 Owens-Corning Fiberglas Supply Division  
A.B. degrees/Business Majors
- May 16 Phillips Petroleum Company  
All degrees
- May 18 International Minerals and Chemical Corporation  
All degrees

On May 5 a representative from the Moser Secretarial School in Chicago, Illinois, will be on campus to interview any students interested in Moser or the secretarial career.

On May 6 Dean Dillon of Stetson University School of Law will be on campus to interview prospective law students.

### Jeannie Brown Gets Around

When Jeannie Brown was a year old, the doctor said he didn't think she would ever walk. Today the University of Tampa freshman covers the campus from the Falk Theater to the main Plant Hall.

The 18-year-old daughter of Mr. and Mrs. Arthur M. Brown, Jr. of 4122 Barcelona, Tampa, has been handicapped from birth with a spinal condition. Doctors performed a series of operations on her legs during her childhood and finally she progressed from leg braces to walking with the aid of crutches, which she does today.

Jeannie first went to Bayside School for handicapped children, then to Coleman Junior High, graduating from Plant High, where she ranked in the upper third of her class. Mrs. Brown thinks her daughter is somewhat modest, for Jeannie failed to point out that she was secretary of the Roteens at Plant, and was first vice president of the Tampa Little Women, a service organization of Tampa girls.

The determined young student showed her compassion for others during her high school days, when she went out to MacDonald Training Center and helped work with retarded children. She was presented an award there for outstanding achievement. This work helped her choose social work with children as her future career, and she is majoring in sociology at the University.

Jeannie speaks highly of the teachers at Plant who encouraged her, as well as her fellow students. She was included in all activities and supported the football team at every game, as the cheerleaders took her by bus to the out-of-town games.

Having undergone 16 operations, cheerful Jeannie is happy to report that she's been able to keep up with her classes, with extra study. Her grades are excellent at the University (largely 'A's' and 'B's' the fall semester), and she has a four-year state vocational rehabilitation scholarship.

Said Mrs. Brown, "She's been a blessing to us. Her brother has become an understanding and helpful son. And she's just so determined to make her own way. Jeannie thinks 'normal' and wants to be treated that way."

One reason she and her parents chose the University of Tampa was because of its special ramps and elevator facilities. Many handicapped students have thus been able to attend the University, and it has received special recognition for its favorable environment for such students.

### New GI Bill School Applications

By PHILIP MEYER  
Chicago Daily News Service  
WASHINGTON, March 23 — The Veterans Administration will start receiving applications for education benefit under the new cold war GI bill next month.

Some 4,000,000 veterans who have served since Jan. 31, 1955, are eligible for the new program. Another 600,000 will become eligible each year as they return to civilian life.

The VA will have application forms and booklets explaining the new law available at its regional centers in about two weeks. Meanwhile, here are answers to some of the more frequent questions raised by cold war veterans:

**Q. How do I apply for educational benefits?**

**A. Write to your nearest VA regional office next month; ask for the booklet and the application forms.**

**Q. Can anyone who got out of service since 1955 use this bill?**

**A. You must have served at least 180 days and have been released under conditions other than dishonorable.**

**Q. You don't have to have served in a combat zone?**

**A. No.**

**Q. I wasn't discharged. They only "separated" me, and I'm still in the reserve. Am I eligible now?**

**A. Yes.**

**Q. I served in a six-month reserve program. That adds up to 180 days. Am I in or out of this bill?**

**A. You're out. Six-month reservists are specifically excluded. College isn't for me. I just want to learn to repair automatic transmissions.**

**A. Most vocational training automatically qualifies. Exceptions: photography, music, entertainment, public speaking, athletics. In these cases, you have to show that the course will be used in your present or contemplated occupation. If they are offered as part of a program leading to a college degree, they are automatically okay, however. But three subjects are out altogether: bartending, dancing, and personality development.**

**Q. How about flying?**

**A. It will be approved only if it is offered by an institution of higher learning for credit toward a degree.**

**Q. Can I finish high school under this bill?**

**A. Yes.**

**Q. What expenses does the program pay?**

**A. You get a flat monthly rate while you are in school: \$100 if single, \$125 if married, \$150 if married with a child. That is all.**

**Q. Can I study part time and still collect?**

**A. Yes, with the payment reduced proportionately.**

**Q. Do I have to show need in order to get it?**

**A. No.**

**Q. Any restrictions on how I spend the money?**

**A. None.**

**Q. When does this program start?**

**A. June 1.**

**Q. My older brother studied under the Korean bill, and he complained about a two or three month lag at the start of each school year before the checks began coming. I suppose that will happen again?**

**A. The VA says it won't. They plan to use computers this time.**

**Q. The recruiting sergeant in my town says I'll have to sign up for three years to get a complete college education. Is this so?**

**A. It adds up that way. You get a day of education for each day of service. Two years of service gives you 24 months in school, which is a little under three academic years. Three years works out to a full four academic years.**

**Q. I got out of the Army nine years ago and don't have the faintest idea what I did with my separation papers. Can I get new ones?**

**A. Yes. Send a self-addressed, stamped envelope to your service. The address is Washington, D. C.**

**Q. Who do I see and when about the other programs in this bill — home loans, job counseling, and hospitalization?**

**A. They're in effect now. Write, call, or visit, your VA regional office.**

### SURFERS-

GO FREMACS

Surfin' knit shirts, crew or Henley collars, in your favorite color combos. 300 & 400

Surfin' jams and trunks, solids, plaids and cool Hawaiian florals. From 400

(Catalina and others)

### Lively Arts

The cast for James Thurber comedy, "Thurber Carnival," to be presented by the University of Tampa May 18-21 at 8:30 p.m. at the Falk Theater, has been announced by D. J. Cermele, director of theater.

The production will be a series of vignettes in which each person plays several roles. Cast members include Ed Thompson, Dave Upson, Babs Beatty, Eleanor Newman, Rae Gardner, Bob Harris, Toni Abercrombie, James Lunetto and David Evans. Cermele will direct the production.

Bob Donovan, well known cartoonist, is designer and Marvin Phillips of the University drama staff is technical director.

## Here are 7 knotty problems facing the Air Force: can you help us solve one?

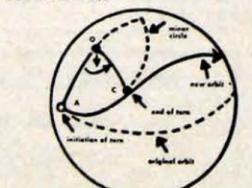

**1. Repairs in space.** If something goes wrong with a vehicle in orbit, how can it be fixed? Answers must be found, if large-scale space operations are to become a reality. For this and other assignments Air Force scientists and engineers will be called on to answer in the next few years, we need the best brains available.

**2. Lunar landing.** The exact composition of the lunar surface, as well as structural and propulsion characteristics of the space vehicle, enter into this problem. Important study remains to be done—and, as an Air Force officer, you could be the one to do it!

**3. Life-support biology.** The filling of metabolic needs over very extended periods of time in space is one of the most fascinating subjects that Air Force scientists are investigating. The results promise to have vital ramifications for our life on earth, as well as in outer space.

**4. Space orientation.** The orbital problems of a spacecraft, including its ability to maneuver over selected points on the earth, are of vital importance to the military utilization of space. There are plenty of assignments for young Air Force physicists in this area.

**5. Synergetic plane changing.** The ability of a spacecraft to change altitude can also be crucial to space operations. Where but in the Air Force could Sc.B.'s get the chance to work on such fascinating projects right at the start of their careers?

**6. Space propulsion.** As our space flights cover greater and greater distances, propulsion—more than anything else—will become the limiting factor. New fuels and new propulsion techniques must be found, if we are to keep on exploring the mysteries of space. And it may well be an Air Force scientist on his first assignment who makes the big breakthrough!

**7. Pilot performance.** Important tests must still be made to determine how the pilots of manned aerospacecraft will react to long periods away from the earth. Of course not every new Air Force officer becomes involved in research and development right away. But where the most exciting advances are taking place, young Air Force scientists, administrators, pilots, and engineers are on the scene.

Want to find out how you fit into the Air Force picture? Contact your nearest Air Force representative, or mail the coupon today.

### Don't laugh.

A Volkswagen police car may seem like a funny idea to you, but it makes a lot of sense to the city of Scottsboro, Alabama.

They wanted a car that could take Police Officer H. L. Wilkerson on parking meter patrol; all day, 6 days a week, in stop-and-go traffic. Without breaking down. And without breaking the taxpayers.

So, in 1964, they bought Car S-5: a VW with a dome light, siren, and 2-way radio.

That was the year of Scottsboro's only 12" snowfall. The other police cars were in trouble up to their hubcaps. But Car

S-5 was a credit to the Force. It went uphill. And downhill. And Officer Wilkerson never even put the chains on.

Officer Wilkerson isn't supposed to go after speeders, for obvious reasons. But once (in 1965) he chased one. And caught him. It's hard to say which man was more surprised.

Car S-5 still averages 29 miles per gallon. It still doesn't need oil between changes. And it's never had a breakdown.

After a year and a half of continuous use, it had its clutch replaced, and its valves adjusted.

That is all.
