UNIVERSITY OF TAMPA, THURSDAY, NOVEMBER 14, 1957

NUMBER 4

Governor Collins To Speak At Annual Alumni Luncheon

HOMECOMING SCHEDULE

THURSDAY, NOVEMBER 14:

8:00 p.m. — "Spartan Splash" — Homecoming Skits — Civic Auditorium

FRIDAY, NOVEMBER 15:

5:00 - 7:00 p.m. — Theta Chi — Open House — Tampa Terrace Hotel

8:00 p.m. — Reception for Alumni by University Administration, Faculty and Students — University Ballroom

8:30 p.m. — Pi Kappa Phi — Social Hour — Alumni — (Location to be announced) Beginning after Alumni Reception

9:30 p.m. — Presentation of Homecoming Queen — University Ballroom

10:00 p.m. — Greek Letter Dance — Location to be announced — (For all members of social fraternities and sororities and their escorts)

SATURDAY, NOVEMBER 16:

8:00 a.m. — Tau Kappa Epsilon — Breakfast — Palm Room, Tampa Terrace Hotel

8:30 a.m. — Industrial Arts Department Alumni Breakfast — University Cafeteria

9:00 a.m. — Ratholers — Rm 212-214 — Tampa Terrace Hotel

9:00 a.m. — Pi Kappa Phi — Breakfast — Licata's Restaurant — (Alumni and Active Chapter)

10:30 a.m. — HOMECOMING PARADE

12:00 Noon — Alumni Social Hour for Alumni and Faculty — Columbia Restaurant

1:15 p.m. — Alumni Luncheon for Alumni and Faculty — Siboney Room, Columbia Restaurant

4:30 - 6:30 p.m. — Sigma Phi Epsilon — Reunion and Buffet — Chapter House — Actives and Alumni

5:00 - 7:00 p.m. — Theta Chi — Reunion — Tampa Terrace Hotel — Alumni and Active Chapter — All former Rho Nu Delta and Tau Omega members invited

5:00 p.m. — Pi Kappa Phi — Buffet and Social Hour — Ft. Homer Hesterly Armory — Alumni and Active Chapter

5:30 - 8:00 p.m. — Alpha Phi Epsilon (Journalism Fraternity—Local)
Pi Delta Epsilon (Journalism Fraternity—National) — Spaghetti Supper — at the home of Dr. and Mrs. H. G. Baker, 3702 San Juan Street — for Alumni, Actives and their wives and husbands. Dessert will be served after Football Game

8:00 p.m. — HOMECOMING FOOTBALL GAME — Phillips Field

10:30 p.m. — HOMECOMING DANCE — Ft. Homer Hesterly Armory

12:00 Midnight — CROWNING OF HOMECOMING QUEEN

MESSAGE FROM THE PRESIDENT OF THE ALUMNI ASSOCIATION

When your editor invited me to write this message to you in the Homecoming Issue I was very pleased because it gave me the opportunity to thank the entire student body as well as the faculty for your kind indulgence in regard to the recent turnover in the management of the bookstore and cafeteria. We feel that you deserve the best and that is our goal. From all reports conditions seem to have improved and will continue to do so with your help. We welcome any and all constructive criticism because as you know without it the whole operation cannot be the success we desire it to be.

I have one other prime purpose in this message. As I sit here in my living room groping for words that would instill into this message the truly great importance of everyone reading it to make a determined promise to himself that they will become active alumni upon leaving school. I am convinced that new blood in any organization is not one of the great factors in the success of the organization, it is the greatest factor of success. To quote Walter Pater "What we have to do is to be forever curiously testing new opinions and courting new impressions." The year following your departure from the old school is the one time that the memories are the freshest and the enthusiasm the greatest. The memories will go on but unfortunately the enthusiasm will wane. We in the alumni association need you as future alumni if we are to accomplish the many goals we have in mind, such as scholarships, helping the many departments in the school that need help and above all the

(Continued on Page 2)

Florida Governor LeRoy Collins will be the speaker at the Alumni Luncheon, to be held on Saturday at the Columbia Restaurant in Ybor City. The alumni are very fortunate to secure Governor Collins as speaker, especially at this time when he is pressed with so many important calls upon his time. The Governor will bring a message of vital interest to all and a large crowd is expected to attend the luncheon. Governor and Mrs. Collins will also ride in the Homecoming Parade.

Mr. Sam Latimer, News Director of WFLA Radio, and well-known television personality will be master of ceremonies at the luncheon. Other invited guests include Nick Nuccio, Mayor of Tampa, and the "Mayors" of Ybor City and Sulphur Springs.

Mr. Lyman Wiltse, head of the Music Department of the University of Tampa, will be on hand with a group of singers. This group is taken from the Concert Chorus that has become very popular in this area. Along with this group will be Jack Jenkins and Sally Wallace, who will add their own bit of talent. In addition, Jerry Skora will be a roving troubador, circulating during the social hour preceding the luncheon.

The Homecoming Committee has done an excellent job in lining up the activities for this big weekend at the University of Tampa. Everyone should attend as many activities as possible to insure the success of the greatest Homecoming in the history of this University.

HOMECOMING QUEEN CANDIDATES

The list of Homecoming Queen candidates from the Dean's office and the organizations sponsoring them are as follows: Joyce Capitano, Delta Zeta; Beth Carr, Student Florida Education Association; Pattie Clar, Tau Kappa Epsilon; Laura Jean Cook,

Methodist Student Movement; Sylvia Greerson, Theta Chi; Elaine Mikler, Alpha Chi Omega; Gloria Otero, Pi Kappa Phi; Claire Charlton, Sigma Sigma Sigma; Sandra Fernandez, Zeta Tau Alpha.

Only those pictures that were available were used in this issue of Minaret.

EDITORIAL

As most of you know I attended the Journalism Convention at Cornell University this past weekend. The one thing that I noticed about the many other schools that were represented at the convention was the apparent student interest in all of the publications. Here at the University of Tampa there seems to be a lack of enthusiasm concerning the newspaper as well as the yearbook. This can be easily corrected if you the student, would take an active interest in your publications. A school newspaper can only be as good as the students make it, and one or two students can't possibly give any university a fair representation of the entire school. We have all of the facilities for having an excellent newspaper; we should be able to take the award for the best newspaper for a university of our enrollment. It made me feel very sad when the University of Tampa did not even enter its publications for the national judging. Wouldn't you be proud if we could walk off with first prize for the outstanding school newspaper in the country?

There is a lot of work involved in putting out any newspaper, whether it is good or bad. The copy must be written, proofread, taken to the printer, the proofs must be read, and the actual make-up of the paper takes many hours. In the past there have been one or two students who did all of this work as well as the writing. In order to have an outstanding newspaper there should be many students who participate in the gathering of news and the writing. There is something going on in our school and community all of the time that would make interesting newspaper copy — if there were someone to write it. Maybe you have an idea for a column or an editorial. Then why don't you take time to write it? It could be the stimulant that the MINARET needs.

The MINARET falls far short of a true representation of the University of Tampa, but it is your fault, because you are content to sit back and let someone else do a job that you could do better. This office has not had one letter from any student concerning any issued published. Why? It is impossible for me to believe that everyone who reads the MINARET agrees with every word that is published. Isn't there any topic of controversy that you would like to express your views about? Are you going to be content to sit back and let the MINARET go out to all the other schools as a true picture of our university? It's up to you! Come on, let's show some enthusiasm for the University of Tampa and for our newspaper. Sit down and write that letter or that article right now. Don't be afraid to disagree with anything that we publish or to express your opinions. The next Journalism Convention will be held in 1960. Let's take that award for the best newspaper from a small university. It's up to YOU!

The IFSC ruled in their meeting last week, that all football players would have to pay for their tickets to the homecoming dance this year. This was done because of a six hundred dollar debt left from last year. The action brought a lot of angry protests not only from the football players and coaches, but also from the students in general and your editor in particular. I felt that the players should be guests of honor at this big dance that follows the outstanding football game of the season. Several students approached the IFSC to try to get them to change their decision, but it could not be changed. So, the next best thing to do, was to find another way to finance the players' admission. Most of the players are on athletic scholarships and due to rigid practice schedules and classes can not hold part-time jobs. The most logical way to solve this problem and to restore the good feelings between the IFSC and the student body was to let the students have an opportunity to help the football team to attend the dance. In the assembly on Tuesday, the situation was explained by the president of the student body and a collection was taken up from the students to pay for the players' admission to the dance. Congratulations to the IFSC, the students, and we'll see all of you at the HOMECOMING DANCE.

Exchange News

At this time of the year we are all plagued with the same fears and apprehensions. Mid-terms have a way of creeping up on us and they are here breathing down our necks before we had a chance to get used to the idea of studying.

The following article on "How to Study", might be helpful to freshmen and for those upperclassmen who have not yet learned the ropes.

George Washington University
Omicron Delta Kappa and Mortar Board presented a panel which discussed the effects of improper study habits on the student's health. It was explained that in order to retain good circulation, the student should not slump or eat excessively while studying. In addition, studying in a cool room tends to improve results. Also breaks between study periods, when the student begins to lose his ability to concentrate, are important. . . .

All this is very well, but who can deny himself the comforts of a deeeep easy chair and an ample assortment of candy, potato chips and two gallons of black coffee?

Southern Methodist University
Four Kappa Sigs at the University have a hearse for sale. Last November they bought a 1948 Black Cadillac hearse for \$200 because they wanted a "different" mode of transportation. Their original plans were to acquire a fire engine, but they found the price too high. Now in debt, the four are willing to part with their conveyance for \$150.

Co-eds have refused to ride in it, they say, despite the tasteful midnight blue interior styling.

Wisconsin State Teachers College

You've got to get an "A" or you'll get no credit at all in a new course offered at this school. Called "honors seminar", it is an experimental class open only to students with good academic records and who, according to the student newspaper, "have the initiative and curiosity to explore ideas and points of view in an informal and self-directed atmosphere of discussion."

The faculty committee in charge of the experimental course says that standards will be high and that credit will be given only for "A" work: Those who finish successfully will be given three credit hours. Failure to get an "A" carries no penalty. It's just as if you weren't there.

University of Cincinnati

Some unfortunate UC students have been fined recently for being just plain forgetful. A new law was passed recently which specified that all students who forget to take the keys out of their cars when they park it, must pay a three dollar fine.

PRESIDENT'S MESSAGE

(Continued from Page 1)
promotion of the university itself. Last year we made a step in the right direction by giving to every graduate a free membership. This practice will be continued in the future. See you at what promises to be the best homecoming ever.

Sincerely,
Lawrence Donohue

Strictly Feminine

Well, here it is that time of year again . . . HOMECOMING! All of the girls here at Tampa U are trying to decide what to wear to the big game and the dance that follows. Since the game is to be played at night, hats are permissible, but not necessary. As to what to wear, well anything tailored is suitable for the game, a suit, wool dress or the inevitable skirt and sweater. Heels if you are more comfortable in them, but flats if you like them better. For the many luncheons that are planned for this big weekend, hats are in order, as well as gloves and heels. Here again whether you wear a tailored outfit or not depends on personal taste, but suits are definitely in order.

The big event of the weekend is of course, the homecoming dance, this year featuring Tony Pastor and his orchestra. Originally the dance was to be formal, but since it follows the game, many will go informal. Cocktail dresses or formals will be in style.

It doesn't really matter what you wear, girls, just remember to be neat, with pleasing color combinations, a smooth hairdo and immaculate accessories. Carry an

CONGRATULATIONS

My sincerest congratulations to the Student Senate for their actions concerning the voting for homecoming queen. This is the first time this year that such a matter, concerning each student in this university has occurred, and the Senate handled the matter in an admirable way.

Congratulations are also in order to each student who signed the petition requesting the senate to vote again on this motion. One hundred and forty-one students signed the petition. I hope this is an indication that the students in this school do have an interest in all matters concerning the student government and its functions.

Thanks again members of the Student Senate for your spirit and action on this vital issue. CONGRATULATIONS.

evening bag, don't load your escort with compact, comb and lipstick. Hope we will see all of you at the game and the dance, and let's have a good time. This should be the biggest and best homecoming ever at Tampa U.

Tune in to Strictly Feminine Monday through Friday at 6:45 p.m. over WTUN, 88.9 meg. on your FM dial.

The Minaret

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during school year.

The editor welcomes comments and criticisms. Address all correspondence to the MINARET, Box 28, University of Tampa, Tampa 6, Florida.

Minaret Editor Attends National Journalism Convention at Cornell

Jean Morris, editor of the MINARET, attended the Grand Convention of Pi Delta Epsilon, National Journalism Fraternity in Ithaca, New York on October 27th. The convention was held at Cornell University, with delegates coming from all over the United States. There were approximately two hundred students attending the three day meeting. Students were housed in the various sorority and fraternity houses as well as in the guest rooms in the main building.

Saturday morning the business meeting was held when the various delegates gave reports as to what their schools were doing in the field of journalism, and radio. Immediately following the business meeting, there were discussion groups in the activity rooms concerning the many phases of communication. Jean attended the discussion groups on radio and newspaper publishing. In the radio discussion, she gave a report on WTUN and its many activities. It is surprising to note that WTUN, our own radio station was the only station represented that is entirely student operated. The discussion of school newspapers was very interesting

and Jean tells us that the big difference in our MINARET and most of the other school papers is that the other papers have larger staffs and a lot more students interested in the publishing of the papers.

A banquet was held on Saturday evening with Mr. George V. Denny, founder of Town Meeting of the Air, and Vice President of People to People, was the guest speaker. His topic was SPUTNICK vs. the PEOPLE. At the banquet, the awards were made for the various school publications, including newspapers, year books, and literary magazines. The University of Tampa did not submit any publications for judging.

There was a dance in the ballroom of Willard Straight Hall following the banquet with one of Cornell's student orchestras providing the music.

Sunday was spent touring the famous Cornell campus and according to our editor, it is a fabulous campus covering many hundred acres.

All in all the convention was a big success and Jean tells us that many who didn't even know of the University of Tampa now know about our campus and activities.

National Teachers Exams Feb. 15

The National Teacher Examinations, prepared and administered annually by Educational Testing Service, will be given at 250 testing centers throughout the United States on Saturday, February 15, 1958.

At the one-day testing session a candidate may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression, and Non-verbal Reasoning; and one or two of eleven Optional Examinations designed to demonstrate mastery of subject matter to be taught. The college which a candidate is attending, or the school system in which he is seeing employment, will advise him whether he should take the National Teacher Examinations and which of the Optional Examinations to select.

A Bulletin of Information (in which an application is inserted) describing registration procedure and containing sample test questions may be obtained from college officials, school superintendents, or directly from the National Teacher Examinations, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. Completed applications, accompanied by proper examination fees, will be accepted by the ETS office during November and December, and in January so long as they are received before January 17, 1958.

TAMPA U CO-ED SEMI-FINALIST IN ORANGE BOWL QUEEN CONTEST

A University of Tampa senior has been selected as a semi-finalist in the 1958 Orange Bowl Contest.

Ida Ann Felicione, 20-year-old coed from Tampa, was chosen from photos and a resume she had submitted to the Orange Bowl Committee in Miami.

Twenty-seven semi-finalists were picked from a total of 100 entrants.

Miss Felicione has been invited to attend a luncheon at Miami's Columbus Hotel on Saturday, Nov. 16. The judging for the Queen and her court of four Princesses will follow the luncheon.

In addition to reigning over the annual Orange Bowl festivities, the Queen will receive a 500 scholarship.

The festival will be held in Miami from Dec. 25 through Jan. 2. The Queen will be featured at the New Year's Eve King Orange Jamboree Parade, the New Year's Day Football Classic and the Fireworks Finale the next night.

Miss Felicione is a drum majorette with the University Band and represented the university at the Latin-American Fiesta. She was recently elected to "Who's Who Among Students in American Universities and Colleges." She Placed fourth last year in the Miss Florida contest.

DEAN KING GUEST SPEAKER

Dean King was guest speaker at a meeting of the Peninsular Woman's Club in Daytona Beach, Florida on November 7. She spoke before a capacity crowd on the topic "The Role of the Clubwoman in International Affairs".

On November 8 she spoke to the West Palm Beach Woman's Club on the same topic. There were many well known women of Florida present at this meeting.

Dean King and Dean Burnside attended the National Convention of the Florida Association of Deans and Counselors at Pensacola, Florida last week.

The first college for women, now Mount Holyoke College, South Hadley, Mass., opened Sept. 8, 1837, as Mount Holyoke Female Seminary with 80 students who paid \$64 a year for tuition and board.

James Douglas, fourth Earl of Morton, introduced the "Scottish Maiden," early form of the guillotine, into Scotland, and then became the first man to die on it, in 1581.

One hundred and twenty descendants of Johann Bach, the famous German composer, have been cathedral organists.

A new idea in smoking...

Salem refreshes your taste

- menthol fresh
- rich tobacco taste
- most modern filter

Refreshing! Yes, the smoke of a Salem is as refreshing to your taste as a dew-sparkled Spring morning is to you! Now get the rich tobacco taste you love, with a new surprise softness and easy comfort. Through Salem's pure-white modern filter flows the freshest taste in cigarettes. You take a puff . . . it's Springtime!

Smoke refreshed . . . Smoke Salem

Danforth Foundation

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, invites applications for the seventh class (1958) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1958, for their first year of graduate study. The Foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President Dean M. C. Rhodes has named Boyd B. Burnside as the Liaison Officer to nominate to the Danforth Foundation two or not to exceed three candidates for these 1958 fellowships. These appointments are fundamentally "a relationship of encour-

agement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The maximum annual grant for single Fellows is \$1400 plus tuition and fees charged to all graduate students; for married Fellows, \$2400 plus tuition and fees charged to all graduate students with an additional stipend of \$350 for children. Students with or without financial need are invited to apply. A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with his Danforth Fellowship, and applicants for these appointments are cor-

dially invited to apply at the same time for a Danforth Fellowship. If a man receives the Danforth Appointment, together with a Rhodes Scholarship, Fulbright Scholarship, or Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend, until these other relationships are completed.

All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Miniwanka in Michigan next September.

The qualifications of the candidates as listed in the announcement from the Foundation are: men of outstanding academic ability, personality congenial to the classroom, and integrity and character,

MEXICAN SCHOLARSHIP

American students will have a chance to study in Mexico during the academic year beginning March 1, 1958, on the Mexican Government Scholarship Program, it was announced by Kenneth Holland, President of the Institute of International Education.

Preference in granting these awards is given to graduate students who will receive 1,250 pesos monthly and tuition at the National University. Junior and senior year college students are eligible for under-

(Continued on Page 5)

including serious inquiry within the Christian tradition.

All applications, including the recommendations, must be completed by January 31, 1958. Any student wishing further information should get in touch with our Liaison Officer.

Music Scholarship

The Joyce Ann Wiltse Scholarship Committee has been unanimous in its decision that the music scholarship again be awarded to Jack Jenkins, in view of his excellent record.

Jack has maintained a high average in University of Tampa courses, has been chosen as guest soloist at many of Tampa's churches, appears regularly for shows at MacDill Air Force Base, and has starred in local TV programs.

He was baritone soloist for the Latin-America Fiesta televised coronation, and received a partial scholarship to the Fred Waring Music Camp at Delaware's Water Gap this summer, where he gained practical music training and invaluable experience.

Jack was chosen as the supporting male lead in Tampa Little Theatre's production of South Pacific where he received excellent notices.

Sticklers!

NO SORRIER WARRIOR exists than the one without Luckies. What's he missing? A smoke that's as light as they come! End to end, a Lucky is made of superbly light tobacco—golden rich, wonderfully good-tasting tobacco that's toasted to taste even better. That's a lot to miss out on—no wonder our chief has grief! Up North, you'd call him a Blue Sioux; back East, a Bleak Creek. But out in the land of the pueblo, he's just a mighty *Mopey Hopi*. (Smoke signal to you: Light up a Lucky. You'll agree a light smoke's the right smoke for you!)

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!

TEKE GRADUATE CHAPTER NEWS

Dr. John Allen, president of the University of South Florida, will be the guest speaker at the Tau Kappa Epsilon Graduate Chapter Homecoming Alumni breakfast. The affair will be held Saturday morning, November 16th, at 8:00 a.m. in the Palm Room of the Hotel Tampa Terrace.

Dr. Allen, who has been much in demand lately at various clubs and organizations, will speak about the new University of Southern Florida, its relationship to the community, and how fraternities and sororities will fit in the overall educational picture.

Tau Kappa Epsilon Tampa Graduate Chapter invites all Tekes and former Kappa Sigma Kappa members to the breakfast. Also attending will be the active undergraduate chapter at the University of Tampa and many Province officers. For those desiring advance reservation, Jerrold Scaglione, president of the Tampa TKE Graduate chapter, may be contacted.

MEXICAN SCHOLARSHIP

(Continued from Page 4)

graduate scholarships covering 1,185 pesos a month for maintenance plus tuition. Travel to Mexico and funds for incidental expenses must be supplied by the grantee.

Eligibility requirements for these foreign study fellowships are U.S. citizenship, knowledge of Spanish, good academic record or professional record if the candidate is not a recent graduate, and good health. Preference is given to candidates under 35 who are single or who do not plan to take their families with them.

Special fields of interest for graduate students at the National University are architecture, including research combined with an assignment with a leading architect, Indian and physical anthropology, ethnology and archeology, Mexican history, painting, museography, biological sciences, tropical medicine and cardiology. Candidates for the M.D. degree may receive special training at the National Institute of Cardiology or the Institute of Tropical Medicine. Undergraduates will be particularly interested in classes in language, literature, philosophy, Mexican history, archeology and physical anthropology.

Applications may be obtained from the Inter-American Department, Institute of International Education, 1 East 67th Street, New York City.

THANKS STUDENTS

by Tony Saladino

I would like to thank the Student Senate for electing me editor of the 1958 Moroccan. It is indeed an honor to be able to edit the yearbook from the University of Tampa, which boasts an enrollment exceeding 1500.

With the full cooperation of each and every student here at the university I am confident that we will be able to put out one of the finest books ever at the university.

Staff members have been lining things up and now are ready to swing into full action. This year's staff is composed of the following:

Sandra Cape, assistant editor; Andrew Mirabole, managing editor; Mary Ann Federico and Don Jones, business managers; Rene Carrera, art Editor; Grace Lucido, sorority editor; Jimmy Gallagher, fraternity editor; Catherine Iabruzzo, organization editor; Ralph Lazzara, sports editor; and Dr. Baker's journalism class.

Dr. Baker, who serves as faculty advisor for the Minaret, will also serve as faculty advisor for the Moroccan. Dr. Baker has already expressed his interest in the 1958 Moroccan and has aided in arranging plans.

Any suggestions concerning the 1958 Moroccan are welcomed.

When the four victims of the Boston Massacre of 1770 were buried, the Boston Gazette, in its issue for March 12 of that year, illustrated its account of the event with cuts of four coffins — one coffin short of the number of cuts prepared by Midnight Rider Paul Revere, an engraver by trade, who billed the Gazette for "5 coffins for a massacre."

Rev. Charles L. Dodgson, the English author who wrote "Alice in Wonderland" under the pen name of Lewis Carroll, was a lecturer on mathematics at Oxford University.

Did You Know?

Did you know that the first cartoon to appear in an American newspaper was published in the Pennsylvania Gazette in 1754? Printed, in Philadelphia, by Benjamin Franklin, the drawing, a one-column, two-inch woodcut, pictured a snake divided into eight parts. Each section represented a state or region on the Atlantic coast, the head symbolizing the New England states, and the body, New York, New Jersey, Pennsylvania, Maryland, Virginia, North Carolina and South Carolina. Under the cartoon stood the bold command "Join or Die!"

On December 24, 1753, the government of the colony of New York issued an urgent message to its fellow colonies to join it in an intercolonial convention to be held in Albany on June 14, 1754. The purpose of this meeting was to discuss rumors, which were flying about the colonies, of an impending war with France. Chosen as one of Pennsylvania's three delegates to the convention, Franklin became increasingly aware, as the time for the meeting drew near, of the danger which the colonies faced. With this danger foremost in his mind, he set out, through his paper, the Pennsylvania Gazette, to alert the colonists. On May 9, 1754, he published an "advice" to Major George Washington that the fort at Pittsburgh had been surrendered to the French. In order to strengthen his appeal for "our common defense and security," Franklin printed the cartoon with its bold command in the same issue. By doing so, he created the forerunner to the modern political cartoon. In fact, the drawing was so successful that it was immediately reprinted in four papers in Boston and New York. It reappeared in various newspapers in 1765 in opposition to the Stamp Act and again in 1776 at the outbreak of the Revolution.

In The Good Old Days

When the University of Tampa was yet a junior college, tuition was eight dollars an hour, registration fee ten dollars and library fee two dollars and a half.

Miller K. Adams, present head of the department of physical education, was listed in the roll of students in 1931-32.

Dr. Stuckey was salutatorian of the graduation class of 1934, and the other graduate, Alfred W. Taylor, now a brain surgeon in St. Petersburg, was the valedictorian.

Dr. Stuckey worked as a University of Tampa "sanitary engineer" for 30 cents an hour. His janitorial partner, Ben H. Sullivan, is now a meteorologist.

Dr. Nava, who has been on the faculty since 1931, remembers that college boys went out in the woods and chopped logs for the several fireplaces all for 30 cents an hour.

An advertisement in a 1934 Minaret was written by a leading Tampa industry: "up until the time the University of Tampa was established, Tampa was one of the two cities in the United States of 100,000 population or more, without a university."

For a quarter you could see John Barrymore and Carole Lombard in Twentieth Century, Zasu Pitts in Sing and

Like It, and Frederick March in Death Takes A Holiday. And for the same price a student could buy "hot lunches" at the Plant Park Pharmacy.

Dr. Becknell, Rabbi Zielonka, and Dr. Nava, were all members of the original faculty. Hillsborough High School was used for class the first two years, 1931-1933. The University of Tampa started out as a school for part time students with school in session in the afternoons and evenings.

An article appearing in a 1934 Minaret read "There are 40 or 50 who have found employment in part time jobs outside of the University of Tampa." Students held jobs as reporters, musicians, stage comedians, clerks, masseurs, beauticians, radio singers, and entertainers, ushers in theatres, filling station operators, stenographers, several waiters, and even a fireman. Also, there were 80 students working at the University of Tampa. Enrollment this semester numbered 337.

Nash Higgins, Spartan Coach in 1934, originated the idea for University of Tampa's colors. Since Hillsborough and Plant were the only high schools in Tampa, then, he combined the black used by both schools with red from Hillsborough and gold from Plant.

Super Sub!

It's been said that the atomic submarine "Nautilus" stays submerged so long that it only surfaces to let the crew re-enlist.

Perhaps for this reason, the Navy has taken valuable space aboard the "Nautilus" for the only soft-drink vending machine in the entire submarine fleet.

Naturally (or you wouldn't hear about it from us) it's a Coca-Cola machine. And not unexpectedly, re-enlistments are quite respectable.

Rugged lot, those submariners. Great drink, Coke!

1957 Spartans:

Members of the 1957 squad: 1st Row — Charles McCullers, Virgil Starling, John Scremin, Bill Paskalakis, John Priest, Billy Head, Joe Priest, Bill Smith, Rick Rados, Jack Himrod, Bill Shields, Paul Davis, Billy Turner, Don Herndon, Mike Whitwell, 2nd Row—Dick Leis, Wayne Story, Tommy

Many students and football fans have been asking why there was no number 33 jersey on the Spartan roster. Well, the number 33 has been retired from the Spartan roster for a good reason. Nick Waytovich wore the jersey for the four seasons he played with the Spartans. During those four years Waytovich made more tackles than any other Spartan to step on a football field. During the 1953 season Nic made an unbelievable 50% of all tackles made during the season. He was named to the Little All-American squad for two straight seasons. I, myself, have heard opponents ask "what keeps that little guy going?" Well, if you ask Coach Huerta he will tell you "heart" and determination. He never would quit no matter how bad he was hurt and most of the time would have to be carried off the field.

This, to my estimation, is the greatest line man in the history of the University of Tampa. Nick is now serving a hitch in the army and plans to teach in the Tampa area when he finishes his tour of duty. He is married to the former Pat Kelly.

SPARTANS

Have you ever wondered how the University of Tampa teams came to be called the Spartans?

In 1932, when we were still a junior college, Miller Adams, then head of the athletic department, called a meeting of the members of his various teams for the purpose of choosing a name.

At that time our bitterest rival, especially in basketball, was St. Petersburg Junior College, known as the Trojans. Mention of Trojans calls to mind the Greeks, and in particular the Spartans, who in the legendary Trojan War were among the Trojans' most dangerous adversaries; and because of our rivalry with the St. Petersburg school Fletcher Crawford suggested we call ourselves the "Spartans."

The name was finally agreed on, and Spartans we have been ever since.

SPARTAN WARRIORS

DON HERNDON
Halfback
Wauchula, Fla.

BILLY SHIELDS
Halfback
Tampa, Fla.

Big "Bullet" Shields will be playing his last Homecoming for the Spartans. Bill has been hampered with a knee injury during his grid career but even so he is one of the fastest backs in the state. Bill came from the University of Florida in 1955. He played his prep football at Plant High School and made the all city, all state, all southern and a place on the all-American high school football squad. He was the most sought after half back in the state and received offers from Miami, Georgia Tech, Georgia, F.S.U., Florida and many, many more.

Shields has been clocked at 9.9 seconds in the one hundred yard dash, his quick starts are a main factor. He is one of the fastest men on the quick opener play that the Spartans have.

Bill stands 5'11" and weighs 180 lbs. His major is physical education and plans to coach here in the Tampa area.

O yes, I almost forgot, Bill's steady girl is one of our cheerleaders, Miss Beth Carr.

Don Herndon, our star from Wauchula, suffered a severe sprained ankle in last week's game and is a very doubtful starter in the big Homecoming tiff with Appalachian. Don has been a big yard gainer for the Spartans all season and it's absence may hurt the Spartans chances.

Nuznoff and Harte Spark Atomizers

Uncle Sam got a good pair when he snatched Bill Nuznoff and Dick Harte from the ranks of the Spartan eleven. Both held positions on Tampa U's team last year — Harte at end and Nuznoff at quarterback.

They decided to make good when sent to Ft. Sill, Oklahoma, and what better way than by playing football? Here is an account of some of their playing as written up in The Atomizer, the paper put out at Ft. Sill.

The 692nd Flag Football Team decisively won the 52nd Group Championship by defeating the 86th RKT 33-0. The 692nd swept the Group playoffs in four successive victories. The victims that fell beneath the rushing attack of the Atomizers received scores of 13-12, 35-0, 29-13, and 33-0.

Even with the handicap of a sleepless night, the 692nd Atomizers had little difficulty in rolling over their last victims and into the Group Championship.

The brilliant offensive attacks of the Atomizers were sparked by the passing combination of Nuznoff and Harte. The offensive wall gave Nuznoff plenty of time to get his passes off and effectively work the option play.

On defense Dick Harte stood out as he intercepted passes and ran long returns to set up TD's.

In a recent scoring column, Nuznoff threw for the first TD, then later in the game he raced over for two more.

Spartans Tame Lions

One of the best editions in Spartan history (sometimes "hot"—with 3 victories, sometimes "cold"—with 2 losses, but never "old") put forth their best effort of the half-gone season in downing the highly-favored Southeastern Louisiana College Lions 33-13 on the night of November 2, 1957.

Though the affair was played on "Wauchula night" (in honor of the hamlet which has produced several outstanding Spartan players), it might better have been labeled "Spartan night" in honor of the supreme team effort needed (and gotten) to take this one.

The "strange" Spartans (we hadn't seen them in 3 weeks, and the local "confines" were undoubtedly as equally unfamiliar to them as to us) lost little time in asserting which team would control a local piece of real estate known as Phillip's Field.

Pushed only for two periods, (Tampa led 14-13 at the half), the team won "going away"—or perhaps "coming home" would be more appropriate.

Spartan Ranking Boosted

Soaring Spartan morale would seem completely logical in view of the fact that Mississippi Southern (rated the Number two independent college football team in the South—second only to Miami)

had a considerably harder time in beating this team 14-0 than did Tampa (our score, again, was 33-13, and though comparative scores and figures are meaningless—except to accounting majors—this win certainly must put Tampa "up there").

After-Game Fireworks Display Held In Lobby

One of the most interesting floor-shows in recent years was staged for the benefit of all the odd and motley human beings and college students who attended the post-game dance.

Here, a considerably "in-ebriated" ex-student (non-alumni status, however) "precipitated" several brawls, and some of the pile-ups were larger than those out on the football field; anyway, excitement was had by all, and this is the first time many of us can recollect any of our dances having much in the way of anything.

Predictions

Tampa over Jacksonville State (the Spartans are hot, and they should be able to sweep everything right down to FSU, but this game is away, and the Spartans could have as much, or more, trouble than they had in the Southeast game).

Florida State over Miami (just a hunch).

Florida over Georgia (hard-foughtedly).

(Percentage now stands at a "lofty" .4285).

Cagers Begin Practice

by Mel Baumel

The Spartan basketball team under the direction of Head Coach Biittner began official practice October 14. The first week was mainly spent on conditioning. This included calasthenics, running and volleyball. The weeks to follow found Coach Biittner stressing the fast break and rebounding. Coach Biittner was impressed with the spirit of the team and the large number of boys trying out. Due to the many boys coming out, for the first time in many years, Tampa may have a J.V. team. This year the Spartans will face a very formidable schedule encountering such teams as Miami, Tulane, Loyola (New Orleans), Florida State and Morehead. Tampa does not have an exceptionally tall team but they do possess all-around height.

The returning lettermen who are slated to see a lot of action are Wiley Cairns, Fred Guzielek, J. C. Miller, Gene Fogle and Billy Turner. The freshmen numeral winners who are expected to play a

good part of the season are Bob Sigert and Jim Hemming. Top newcomers who have a good chance to break into varsity at John McNamara, George Staley and George Sullivan. The freshmen who will play J.V. ball are Ed Holtun of St. Petersburg, Ron Stephson from Ohio, Bob Bengter from Tampa, Barry Mack from Hollywood, Fla., and Ross Jett from Illinois.

Before I finish my article I would like to focus my attention to the Student body. This year the Spartans will play at their own field house, the George B. Howell Gymnasium. There are 11 home games on the schedule and they are evenly spaced away so it will not drain your pocketbook. I know the fellows on the team will have added incentive when they hear the Student body behind them so elts get out there and cheer Tampa on to one of their best seasons. I would like to see everybody out and cheering when the Spartans play Appalachian at Phillips Field.

Tampa Cheerleaders

TAMPA U. CHEERLEADERS—Here are the gals who will inspire the football crowd to cheer inspiration into the Tampa University's Spartans. Left to right: Ramona Hernandez, Glorinda Otero, head cheerleader Beth Carr, Shirley Hickey, Linda Faye Tillman and kneeling, mascot Susan Huerta.

First Spartan Game

by Phil Rotolo

On Oct. 14, 1957 the University of Tampa played their first football game by beating Bowden College 28-0. Jim White was the first Spartan to score a touchdown. Coach Nash Higgins had a squad of 36 players and eight of these were all staters.

It was this same year that tuition was \$75 and books \$15. You could get a room for about \$30 to \$36 a semester.

The 1957 Spartans ended up the season with a 5-2-2 record and also won a post season game on Christmas day. Here are the scores for the 1957 season.

Oct. 14 Tampa 28	Bowden 0
Oct. 21 Tampa 21	Southern College 0
Oct. 27 Tampa 13	South Georgia State 0
Nov. 4 Tampa 6	Auburn Frosh 18
Nov. 11 Tampa 12	Ogelthorpe 0
Nov. 17 Tampa 19	Rollins 7
Nov. 25 Tampa 8	Stetson 0
Dec. 9 Tampa 6	Howard 6
Dec. 16 Tampa 0	Miami 0

The Spartans went on to play in a post-season game on Christmas Day by beating the Haskell Indians 7-0. Now here is the first Spartan squad:

Phil Patterson, Red Means, John Edison, Willit Middleton, "Primo Canera" Hurn, Marvin Chauncey, Joe Palmer, Jim Blomley, Hewitt, Henry Alfonso, Wilbur Gunnoe, McGinnis, Beasley, Day, Johnny Arthur, Joe Carr, Willie Goodwin, Rudy Rodriguez, Hart Overstreet, Joe Shiro, Ken Hance, Fraser, Jim White, Gus Muench, John Mastry, Guy Whitlock, Buck Torres, Julio McNenny, Bert McCollum, Ed O'Reilly, Walter Hoy, Marion Lee, Bob Tramontana, Frank Clinton, Octavius Smith, Jack Fitzgerald.

WOMEN'S INTRAMURALS

by Jane Bradley and Lynn Cekal

Last Thursday volleyball intramurals ended with the Alpha Chi Omega Sorority taking first place with 9 out of 12 games. Tied for second place with 8 games apiece are the Delta Zeta Sorority and the Independents. A run-off game will be played Thursday, November 7th at 11:30.

At the last meeting of the W.A.A., Bobbie Robles was named intramural director and Lynn Cekal publicity manager.

A SALUTE!

Do You Know Your School

Do you know your school? Perhaps this question sounds rather naive to the average student at the University of Tampa. Naturally, no one could attend the University for long without becoming acquainted with its most prominent features: the stately Moorish architecture which thrusts its sharp, silvery spires upward to the heavens; the faded, dusty room where once the tired traveler Theodore Roosevelt rested his weary head. However, the question is not as naive as it appears at first glance, for I am not speaking of these or other well-known aspects of its imposing atmosphere. On the contrary, my chief concern is the little-known, the neglected facts about our school, which we all should know but which few of us do.

Take, for instance, the two bronze busts situated on either side of the corridor leading to the library. Have you ever paused while passing to ponder who the gentlemen represented by the works were or what they did to merit such artistic immortality?

The bust on the right side of the corridor, presented to the University by the Cuban government in 1950, is of Carlos Finlay, (1833-1915). A Cuban physician and biologist of Scottish-French parentage, Finlay did extensive research in the field of yellow fever. In 1881 he published a paper suggesting the mosquito as the agent of transmission of the disease. His later contention that the stegomyia mosquito is the specific causative factor was proved correct by the Reed Commission in 1900. In addition to his notable contributions to the etiology and pathology of Yellow fever, Dr. Finlay also served as chairman of the Commission on Infectious Diseases in Havana from 1899 to 1902 and a chief sanitary officer of Cuba from 1902 to 1909.

The bust on the left side of the corridor, presented to the University by the Cuban government in 1951, is of Jose Marti, (1853-95), Cuba's great patriot. A lawyer by profession, Marti served as consul

to the United States for Argentina, Uruguay, and Paraguay. In 1892 he founded the Cuban Revolutionary Party and three years later inspired the Cuban revolt against Spanish domination. After landing on the island to take command of its rebel forces, the "George Washington of Cuba" was killed in a skirmish with the Spanish in May, 1895.

In addition to the two busts I have just mentioned, there is another in Dr. Nance's office which is equally unknown but nonetheless interesting. The bust, presented to Dr. Nance in 1952, by Dr. Norberto Salinas, Ecuador's consul to the United States, is of Eloy Alfaro, (1864-1912). Called the "Father of Ecuadorian Democracy," Alfaro began his political career in 1886 at the early age of twenty-two. At that time, as a result of his active participation in a revolt against the tyrannical government of President Gabriel Garcia Moreno, he was named head of Ecuador's Liberal Party. When the uprising proved unsuccessful, he was driven into exile in Panama, where he remained for nine years. In 1895 Alfaro was recalled from exile and proclaimed the supreme head of the Republic of Ecuador. On taking office, he pledged himself to the task of uplifting his country, reconstructing it and placing it on the road to progress. At the expiration of his term in 1901, President Alfaro had successfully accomplished many reforms including the construction of a railway from Guayaquil to Quito. Recalled to the chief magistracy in 1906, he remained in office until 1911 at which time he resigned in the hope of avoiding bloodshed from a revolt that had broken out in Quito. Alfaro returned to exile in Panama but was called back to Ecuador in the following year to act as mediator in a conflict that had broken out in the coastal provinces. There in 1912, after the failure of all conciliatory efforts, he was arrested and assassinated in his prison cell by political opponents.

Italian Student

by Maria Jawner

Among the foreign students at Tampa U. is a pretty blonde, Maria Lola Pipitone, from Italy. She came to this country two years ago to visit a cousin in Boston, and liked it so well that she applied for a student visa in order to learn more about the country and the language. Since she is especially interested in learning to speak English fluently, her association with other students will certainly help. For those in the field of education she has some interesting information on the school system in Italy. For instance (don't tell the kids) there is no law to enforce school attendance in Italy, but most parents are eager to send their children to school at the age of six, and pay for all their books and supplies, since

these are not provided free by the government as in the United States.

Maria holds a degree in elementary education, and taught school in the neighborhood of Marsala, her home town on the coast of Sicily. While teaching she received a few months' leave of absence for two successive years, and during those months she attended a course at the University of Messina to become a school principal. Students do not work while they are studying, Maria says, and it would be difficult to find part-time jobs.

Like most Italian people Maria loves music, and of course the opera ranks first with her. She misses the weekly performances at the Marsala Opera House, and at times she gets a little home-

IRISH STUDENT AT TAMPA U.

Caid Mille Failthe to you Now calm down a moment — that's only Raymond Kernan's way of saying hello to the University of Tampa and his new fellow students. Raymond is one of the many foreign students who now make their home here in Tampa while attending our fine institution, which is quickly gaining a truly continental atmosphere.

Coming all the way to our shores from the faraway land of comely colleens, shamrocks, and stout-hearted Irishmen, Raymond is now a budding freshman studying hard to lay the groundwork for a future career in engineering that he hopes to pursue in these United States.

Astride our white charger with the words "The Minaret" painted on its side, we finally got our Gaelic friend pinned down one morning between classes, and threw some leading questions at him, especially as to how he found his way to the University of Tampa. Proving to be a quiet-spoken, easygoing young man with a quick smile and a charming manner, Ray told us that he had always had a burning ambition to come to this country to find his fortune, but it was not until he had finished his secondary education and learned that the colleges in his homeland were terribly overcrowded and restricted that he decided to take on the adventure of coming to this new land.

The youngest of eight children, Ray had to save every penny (or is it pence?) that he could get hold of for transportation expenses. Having an older married sister who resides here in Tampa, young Kernan set his sights for our town, and one bright day just about four months ago found himself gazing around brightly at a bewildering new world.

From Castleblayney in the County of Monaghan to Tampa in the County of Hillsborough is a long haul in any man's language, but we have the feeling that Raymond Kernan has found the trip an enlightening one and well worth while as he searches for a new life in these parts. So on behalf of the administration, the students, and the city of Tampa, we wish him well and sincerely hope that he finds the Emerald Isle all over again here at Tampa U.

Junkman: Any rope, paper, or old iron?

Student (simply): I'm a college student.

Junkman: My mistake. Any bottles?

sick, but she smiles and says, "I am glad I have an opportunity to travel and study abroad, and everyone is so nice that I soon get over being homesick." In Tampa Maria is staying with her aunt and uncle, Mr. and Mrs. N. Pipitone, 1810 14th Avenue.

FOUR HAVE SERVED AS TRUSTEES SINCE SCHOOL'S FOUNDING

Four of the 10 business and civic leaders who in 1931 composed the first executive board of Tampa Junior College, now the University of Tampa, are still serving the institution on the Board of Trustees.

They are Charles F. Blake, attorney; Carl D. Brorein, president of the Peninsular Telephone Co.; George B. Howell, president of the Marine Bank and Trust Co., and V. V. Sharpe, president of Sharpe and Co., Cadillac dealers.

The bulletin of the junior college for 1931-32, the school's first year, gave the executive board as follows: Frederick H. Spaulding, president; V. V. Sharpe, chairman of the board; Charles A. McKeand, secretary; Ernest Maas, treasurer; George B. Howell, Charles F. Blake, Frank D. Jackson, E. J. Keefe, Carl D. Brorein, M. W. Carothers.

The bulletin stated that a charter was granted for the University of Tampa on March 13, 1930, but that a university of the type considered having been found impractical at the time, a junior college would be operated until the establishment of a university was feasible.

FCC Okays W-GTO Power Boost

Radio station W-GTO will have an even stronger voice in the future.

The Federal Communications Commission has granted permission for W-GTO to increase its present signal strength of 10-thousand watts to the maximum power allowed for standard broadcasting stations — 50-thousand watts.

At the favorable frequency of 540 on the dial, the increase to 50-thousand watts will make W-GTO one of the most powerful stations in the United States, according to W-GTO general manager, Eugene D. Hill.

The necessary new equipment has been placed on order and the increased power is expected to be put into use sometime after the station moves its broadcasting facilities to new studios now being built at Cypress Gardens.

An Ode to a Passing Bread Truck

Wing on, fair vehicle. Make your rounds, pass the bread and butter, too. Burn your rubber, wear your parts, return to eternal dust.

But give us life, the staff that keeps our tired sinews new.

Your ugly beauty hides the proteins cached away in your house of rust.

Your pedestrian audience thinks you nothing; a blob, an obstacle, a lifeless form.

Just an oafish metallic substance, they say, made up of so many finished parts.

They see you not as a symbol of life, moving along with a job to perform. A living, breathing, vibrant thing doing its best to encroach on our hearts.

I now your way of life; your feelings, your own peculiar views on things.

I do. I rejoice with you when you're driving well and all is a series of easy stops.

I do. And I know how it is when you're running hot and life is not the same. Then a route becomes a tortuous thing, a garage becomes a lonely sick-bed. I do.

But tune-up, Mack or Ford, whatever your name might be. Another dawn will break, another day will come; we always get a second chance.

You'll leave your terminal, warm your gears, and race the morning sun. You'll fight the traffic, shutter and jerk, and feed the faces around you.

And when your shelves are emptied, your oil runs thin, your parts begin to overheat, You'll know your job is done, your purpose served; what more can anyone ask?

So ride on, my friend, ride on. I wish I knew your proper, given name. Do your duty, unwind your fate. Do whatever there is to do.

Now you'll know there is one less foe to oppose your predestined aim. In the life before this one, before I became human, I was a bread truck too.

Into the construction of the Tampa Bay Hotel, now the home of the University of Tampa, went 452 carloads of bricks, 3041 barrels of lime, 2949 barrels of cement, 2244 tons of steel, 69½ tons of iron, 242 kegs of nails, 5050 feet of iron cornices, 689,500 feet of lumber, 1700 square feet of stone dressing, 28 granite columns, and many tons of other materials.

SORORITY NEWS

Alpha Chi Omega held their monthly carnation breakfast Saturday, October 26 at Morrison's Cafeteria. Joan Jones was chosen Carnation Girl of the Month and has honored at the breakfast.

Alpha Chi Omega had their Autumn Leaves Dance after the game November 2. Due to the illness of their pledges Alpha Chi Omega was unable to introduce them but they honored their pledges, Grace Lucido, Jan Pesola and Pauline Tourles, with a special dance to September Song. Although there was much illness due to the flu, Alpha Chi Omega had a very successful dance and hope that all who attended had a good time.

Alpha Chi Omega will hold their Scholarship Banquet, Tuesday, November 26 at 7:30 p.m. at the Cricket Tea Room. The guests of honor will be Dean King and Mrs. Nash Higgins.

Alpha Chi Omega's candidate for Homecoming Queen is Elaine Mikler.

DELTA ZETA

Delta Zeta's candidate for Homecoming Queen is Joyce Capitano.

Delta Zetas are busily at work completing their float and practicing for skit night. All join in wishing for Tampa U's most successful Homecoming ever.

SIGMA SIGMA SIGMA

The month of October was a very progressive one for the Sigma Sigma Sigma sorority.

They were very fortunate that they had their National Secretary, Mrs. Marie Sante Dunham, visiting them in order to inspect their chapter.

Now they are happy to announce that their candidate for Homecoming Queen is Miss Claire Charlton.

ZETA TAU ALPHA

The members of the ZTA Sorority have all had their bout with the flu bug and many of them have been out of school. All we can say is cheer up girls, you're not alone.

Most of the Zetas attended a shower for Ann Kreger last week at the home of Nan Davis. Ann will be married to Gerald Krumboltz on November 23, in the Christ the King Church here in Tampa.

Pat Waytovich, wife of former Spartan, Nick Waytovich, is in Chicago with Nick, where he is serving in the Army. She writes that they will be back in Tampa just as soon as possible.

ATTENTION GIRLS

WOULD YOU LIKE TO APPEAR ON THE NAVY FLOAT IN THE GASPARELLA PARADE? If you are interested, the Navy needs twenty attractive girls to grace their floats. Contact the Navy Recruiters in the lobby on November 20.

FRATERNITY NEWS

by George Panky

Theta Chi. Lovely Sylvia Greeson will represent the Theta Chi's in the homecoming queen contest. Miss Greeson has all of the qualifications to make her a top candidate for the honor.

New pledges to this fraternity are: Albert Gonzalez, Frank Alfonso, and Howard Kichler.

Theta Chi's pride and joy, Mike Skaroulis, better known as the "Golden Greek" continues to guide the Spartans through the victory path on the gridiron.

Robert Bondi, president of Theta Chi, has been named Junior Rotarian at Tampa U. He attends the meeting of the downtown Rotary Club each Tuesday.

All of the members of this organization are busy on the homecoming skit and float, confident of a winning entry.

An informal party is being planned by the Theta Chi Fraternity. Further details will be announced in this column next week.

Sigma Phi Epsilon. The Sigma Phi Epsilon held its first coke dance of this semester on November 1 in the fraternity house. It was a tremendous success. There will be another dance on November 8.

Everyone is invited!

Tau Kappa Epsilon. The Tekes are sponsoring Pattie Clark in the homecoming queen contest. Pattie is well known on campus. She is president of Zeta Tau Alpha, and active in many student activities. The Tekes feel that she has all of the qualifications to make her an excellent queen.

Five Tekes will be in town Nov. 12, Stan Kenton and Four Freshmen.

Members of this fraternity are all busy working on the float and skit for homecoming. Just like all of the other fraternities, they feel that they have an excellent chance of winning the awards for best float and skit.

Pledges — Dick Amnotte, Jeff Ripberger, Robin Ledbetter, Charles Naugle, Bob Curry, Dick Lee.

Pi Kappa Phi. The Pi Kaps are sponsoring Gloria Otero for homecoming queen. Gloria is a member of Alpha Chi Omega, a cheer leader, and active in student affairs. She is very attractive too.

The Pi Kaps are very proud of their pledge class which includes Bill Post, Tampa; Mike Scionti, Tampa; Jack Smallwood, Sarasota; Robert Wofford, Tampa. This pledge class will be bolstered by two pledges from the latter part of last year, Bob Matistic and Lee Vance.

Pi Kaps have announced committee chairmen for the homecoming festivities. Jim Gallagher has promised a skit that is out of this world. Bob Swirlbul, Float Chairman says, "The float will be in this world, but unusual."

Norm Douglas, archon of Pi Kappa Phi announced the election of Don O'Neal as new Warden.

THE BAND BOX

From the zoo to outer space! What will Tampa U's band come up with next? Be sure to attend the next game and find out first-hand.

At the very beginning of the school year, you were assured of the best band yet and as the half-time shows unroll and the applause sounds out over the stadium, —students, fans and onlookers are seeing this promise fulfilled.

All of Tampa University is proud of the progress the band is making and this progress will continue.

After Homecoming, the band starts looking forward to its annual trip to Cuba. This trip is made possible by contributions and The Front Porch Frolics. Attend this function and help promote the trip to Cuba which is so well deserved. Of course, as pointed out before, all may not return alive, but who lives forever? ?

Spanish Club

A Spanish Club which offers a varied social and educational program for its members has been formed at the University of Tampa. The aim is to make the students better acquainted with Spanish culture, to which this area is so closely related through history and population.

On the program are conversational groups, discussion groups, field trips to Spanish movies, appreciation of Spanish music and dances, and at least one special event — a dinner dance at the Columbia Restaurant — at the end of each semester. The business meetings will be held on the first Thursday of each month at 3 p.m. in Room 209, and will be conducted in English because of the many beginners.

The conversational groups will meet weekly, and are divided into beginners and advanced students of Spanish. No Spanish-speaking students will be allowed in the beginners' groups, which meet every Tuesday and Friday at 3 p.m. in Room 209, as these groups are formed mainly to give English-speaking students a chance to become more proficient in the Spanish Language. In the same room the advanced discussion group will meet once a week on Wednesday at 2 p.m.

The advisors to the club are Dr. Louis A. Nava and Dr. Dewitt C. Eldridge, and the officers elected for this semester are Rene Gonzalez, president, Kati De Lara, secretary, and William Leith, treasurer. New officers will be elected each semester. The dues have been set at \$2 a semester, or \$4 a year. Students interested in joining the Spanish Club are cordially invited to attend one of the meetings or contact one of the officers.

ACADEMY OF SCIENCE CLUB ORGANIZED

Y'all come! Watch the bulletin board for the exact time and date. Professor Reed has helped to organize the Collegiate Division of the Florida Academy of Science Clubs this year at the University of Tampa.

Officers elected for this semester are: Dorothy Stewart, president; Paul Upthegrove, vice president; Yolanda Hevia, secretary; and Robin Ledbetter, treasurer.

Plans are to invite interesting speakers from Tampa U as well as from the outlying areas. Anyone interested in science may become a member. Dues for the semester are fifty cents and meetings will be held in the biology lecture room No. 646. The next meeting date will be posted on the bulletin board and in the next issue of The Minaret.

Student Senate

The Student Senate is busy with activities and plans for homecoming. They have set up the parade and reserved the Municipal Auditorium for the skits. The senate has ordered homecoming stickers for cars and they will be distributed as soon as they arrive.

In a previous Senate meeting the motion changing the voting of homecoming queen to one vote per student was defeated. At the meeting on October 28 Howard Sinsley read the petition signed by one hundred and forty-one students asking that each student be allowed one vote. Connie Collins moved that each student cast one vote, with the candidate receiving the largest number of votes to be crowned queen, the runner-up, first maid and so on until the court of four maids has been elected. Joe Perez seconded the motion, and it was passed by a majority.

A committee was appointed to see about getting a trophy for the homecoming queen. Anna Lee Fatzinger and Ray Porcaro were appointed to this committee.

The Student Senate meets each Monday at 12:30 in the Dome Theater, and all students are cordially invited to attend.

KAPPA PI

KAPPA PI NATIONAL ART FRATERNITY pledged seventeen new members on October 27. The pledging ceremony was held at the home of Professor Borchardt with about fifty attending.

New pledges are: Larry Baines, Elaine Becker, George Blanco, Bill Brookes, Carmen Caltagirone, Sandra Cape, Fred Cason, Lillian Douhan, Mary Ann Fee, Frank Greco, Richard Lee, Gloria Otero, Albert Picarro, Karl Russa, Ted Starr, Margaret Walker, and Blondell Edwards.

Baptist Student Union

The Lakeland BSU was host to Tampa and St. Pete BSUs for the annual Halloween party which was on October 31. Everybody had a grand time meeting old acquaintances and making new friends.

The State BSU Convention this year will be held in Gainesville November 22-24. All you BSUs start making plans now because it's going to be a great time.

For the next month we will have a fellowship luncheon after both Monday and Thursday meetings. All students are cordially invited to attend "Pause For Power". SEE YOU SOON IN BSU.

Yours truly,
Robin Ledbetter

Industrial Art Department

The Industrial Arts Department will be host to all the Alumni at the annual Homecoming Breakfast to be served in the school cafeteria on Saturday, November 16, at eight o'clock. A large crowd is expected to attend. Last year there was a record attendance and after a hearty breakfast all who were present enjoyed a short speech by President Nance. This year's speaker will be Dean Rhodes. All students of the Industrial class, former and present, are invited to attend.

TESTING PROGRAM

The University is pleased to announce that the Psychology Department has instituted a testing program and this will be available to students under stipulated conditions.

These testing programs have two objectives: one for aptitudes to better counsel vocationally; the other for achievements with a view to improving study methods and basic educational scale.

The center is open for appointments and interviews from 10:30 a.m. to 3:00 p.m., daily, Monday through Friday. Interested individuals should contact the Psychology Department. The charges for the battery of tests are \$35.00 for non-college students and \$20.00 for full time University students.

WTUN --- 88.9FM

Once again, its time to give you, the students at the university, a report on what is happening at your in-school radio station, WTUN. Operations are now in full swing up in the second floor offices of our top rated station which is one of the best known educational FM outlets in the South. With new staff members wandering around looking mighty bewildered and confused, and the older crew busily trying to show them the ropes and at the same time perform their always fine work, things were a bit "up in the air" during those first few days of operation.

But now the groove has been set, the pace determined, and once again the place is humming with the drive to produce and program the very best in radio entertainment. This coming year, a pretty busy schedule of new shows; classroom lectures, classical programs, current events, newscasts, and sportcasts have been added to our already talent laden and diversified operation sheet.

With the veteran announcers like Vince Tata, Ed Van Gelder, Dick Follweiler, and Vince Cackowski doing their usually fine work and making

up the backbone of the staff, new members, such as Bob Curry, Bill Barkhimer, Joe Pendergast, Bernie McGovern, Don Bernardo, Lee Kuenzi and Jerry Herms are fitting in nicely and are busy right now learning the finer points of the business from Ed Van Gelder, Senior Announcer. Pat Allen, associated with the Boy's Clubs of Tampa, is now with us putting on an exceptionally interesting program covering all the various Boy's Clubs activities around our town.

Our lovely lady of the airwaves, Jean Morris, is back for the coming year with a whole new book of fashions for the smart women of Tampa. You can hear her tips on good grooming every evening, Monday to Friday at 6:45 p.m. at 88.9 on your FM dial.

On the technical side, Mack Lee, our Station Manager, has the able assistance of Tom Spettel in keeping the engineering problems under control. Tom, a tinker from way back, is probably right this moment enmeshed in the myriad of wires, coils, and schematics way back in a remote corner of the station, trying to find his way out.

Our continuity department

is now being graced with the sparkling presence of Miss Bernadine Becker, who keeps an eagle-eye over all the copy that is written by her, Bob Curry, and others who produce the sparkling "written words for hearing purposes" that issue forth through our microphones.

One of the highlights of the schedule is the half-hour that encompasses the news-sports fields, at 5:30 each evening. With the very capable newscasters, who give you the latest news, news as it happens, the sports department now boasts the talents of Joe Cannon, a new staff member with lots of experience in the field, who proves it each evening as he shows a keen perspective in analyzing and presenting the sports scene.

All these are only a few of the many and varied projects that are happening right now at your school station, all not only interesting and entertaining, but each one valuable training for the person desiring to make a career in the field of radio and television. Stop by at your first opportunity, look in and see what's happening at the top station on your radio dial, WTUN. You'll be glad you did.

Cast Announced For "Come Back, Little Sheba"

The drama department has announced the names of the students who are cast in the current production "Come Back, Little Sheba," by William Inge. The major roles are played by Vince Petti as Doc; Felicia Dolgin, as Lola, the girl he had to marry and quit medical school for; and Sylvia Sears as Marie, the student boarder, who plays it fast and loose with a dumb athlete Turk (Bob Currie) and temporarily forgets her trustful fiance Bruce (Jerry Herms). When Doc sees this he takes to the bottle again, and ends up in a hospital alcoholic ward. This has happened before when the constant realization of what might have been — if he had not met Lola — has rankled him to the extent of driving him into occasional binges and the arms of Alcoholics Anonymous. As before, he comes repentantly back home to his frowzy wife, who

finally decides to face reality, and to stop living in the past where she has been calling to Little Sheba, a lost puppy.

Other members of the cast are Ed. Van Gelder, as the milkman; Sid Shuster, as the postman; Jerry Law as Mrs. Coffman; Bill Barkheimer as Ed Anderson; Charles Shores as Elmo Huston. The direction of the play is under Professor Vincent, who is assisted by Vince Petti. There are still production jobs to be filled, and anyone who is interested should get into contact with Professor Vincent.

The play will be produced at the Dome Theatre of the University at 8:30 p.m., December 6th and 7th, 1957. Student admission is 50c per person, and general admission is 75c. Much interest is expected for this play that Shirley Booth has made famous on the stage as well as on the screen, so get your tickets early.

Four flags have waved above St. Augustine's hoary Castillo de San Marcos. The first, the red and gold flag of Spain, was raised in 1565. In 1763, the Union Jack of Britain took its place, but after 20 years the Spanish flag waved a second time. Since 1821, except for two brief periods under the Confederate Stars and Bars, St. Augustine has been under the Stars and Stripes of the United States.

From Office Of THE DEAN

A representative from WHITE SANDS PROVING GROUNDS will be in the Rawlings Room on November 14 to interview prospective graduates for technical personnel. Time of interviews: all day.

A representative from PROCTOR AND GAMBLE will be in the Rawlings Room on November 19 for interviews, which will begin at 11:30 a.m. Those who are interested in sales and other possibilities are requested to register for interviews with the office of Dean of Men.

All who are interested in these interviews are asked to register with the Dean of Men's office as soon as possible.

Note to students who wish to be excused from required assemblies — a student who must be excused from assemblies MUST SEE EITHER THE DEAN OF MEN OR DEAN OF WOMEN BEFORE AN EXCUSE CAN BE HONORED. If you have submitted an excuse without first having done this, please see Dean Burnside as soon as possible.

A representative from the GOODYEAR TIRE AND RUBBER COMPANY will be in the Rawlings Room at 11:30 a.m. on November 12.

"Sad and cold and lonely Professors walk the streets Seeking new employment, For they flunked athletes."

Novel Contest

The Thomas Y. Crowell Company is offering a \$2500 prize in its novel contest for college students only.

Its purpose is to encourage young men and women to write worth-while book-length fiction about their contemporaries or about some other subject of their choosing and help launch them on successful writing careers.

Any undergraduate or graduate student, not more than twenty-five years old, attending any American college or university during the academic year 1957-1958 is eligible. Manuscripts must be at least 70,000 words long, typed double-spaced on one side of the page only. Manuscripts may be submitted at any time between October 1, 1957 and October 1, 1958, with a covering letter giving home address, college, class, and age.

An outright award of \$2500 will be given to the prize winner and publication of the manuscript by Thomas Y. Crowell Company will take place within twelve months after the award has been made. In addition, standard royalties will be paid.

An outright award of \$500 will be given to the literary magazine of the college attended by the winner, in addition to the prize of the contestant. If there is more than one such magazine at the winner's college, he shall choose the magazine to be given this award.

Judges of the contest include Orville Prescott of The New York Times, William Hogan of The San Francisco Chronicle, and Editors of Thomas Y. Crowell Company. If the jud-

Russian Satellites

Dr. Stephen Speronis, professor of Russian history, comments that the two Red satellites give us confirmation that Russia is years ahead of us in the field of science.

"Both Sputniks are basic contributing factors to the one man rule affair in Russia, led by the Communist party. The first satellite gave a terrific degree of confidence to the Communist party, and also had bearing on Zhukov's firing," says Dr. Speronis.

Conclusions that he draws from this are that: United States students should be required to take more courses in science. But the curriculum should include the humanities, because this country should emphasize the production of thinkers.

Summing up, Dr. Speronis points out that "our goal is not to imitate the Russians. Democracy requires well balanced individuals rather than the narrow minded."

But these Russian scientific achievements teach an object lesson, and the opportunity implied should not be unseized by America.

ges cannot agree on a single prize winner, the prize money will be awarded in any case, the \$2500 being divided among the most worthy contestants.

Thomas Y. Crowell Company reserves the exclusive right to negotiate for the publication of any novels submitted in this contest within six months after the contest closes.

Queries and entries should be sent to:

SFCA ACTIVE ON CAMPUS

The Student Florida Education Association is sponsoring Miss Beth Carr as its candidate for homecoming queen and is currently working on the skit to be presented at the Spartan Splash. Student FEA is also making preparations for its contribution to the annual homecoming parade.

Adult Education At Tampa U

by Maria Janner

The Adult Education Center of the University of Tampa offers an interesting program this fall, as in previous years, which meets the specific demands of many local citizens who want to improve their knowledge and skills during convenient evening hours.

The State Department of Insurance, in Tallahassee, through Mr. J. E. Larson, insurance commissioner and state treasurer, and Mr. J. Ferlita, local deputy and insurance commissioner, made arrangements whereby the University of Tampa was designated as one of the approved schools in the State, in the Adult Educational Division, to give the course called Principles and Practices of Fire and Casualty Insurance. At the present time the 13th course is being given, which began Sept. 30, ends Nov. 23, 1957, and covers eight weeks or 240 clock hours of instruction. So far 320 people have attended of whom only 10 candidates failed to pass the State Board Examination. The instructional staff is composed of 12 local licensed insurance agents, each of whom is a specialist in his area of instruction. The next course will start December 2, 1957, since the State limits participation to 30 candidates per course.

Another course which meets a local demand is the class in Anatomy and Physiology for

Medical Secretaries, arranged by the local chapter of the Association of Medical Secretaries with the University. This class has been attended by 72 women who had 5-15 years experience as medical secretaries, and whose objective was professional upgrading. The course is taught by Prof. R. E. Dahm of the biological science department, and the class meets once a week from Oct. 2, 1957 through December 4, 1957.

The Principles of Real Estate are taught once a week from Oct. 7, till December 9, 1957, by Mr. Anthony Ferrigno, a licensed real estate broker. The aim of the course is to prepare candidates for the State Board Examination.

A course in Salesmanship, Public Relations and Personality Development proves to be very popular. The present class has 24 students who are instructed by Dr. Harvey Stout, and meets once a week from October 1, 1957, to February 4, 1958. The Elmer Wheeler basic material on salesmanship and public relations is being used.

Since Spanish is specially in demand in this area, a course in Conversational Spanish is given by Dr. Carey Eldridge of the language department. The class meets on Tuesday evenings, began October 1, 1957, and ends December 3, 1957. Many adults avail themselves of the opportunity the

Adult Education Center gives them by offering this course twice a year.

Prof. P. Hutcherson is conducting a class on How To Use The Slide Rule Friday evening, from October 4, through December 6, 1957. This class is of interest to students who major in Science and Mathematics, and has the required attendance of at least 10 students.

Another course that is given on Friday evenings, from October 4, through December 6, 1957, but of an entirely different nature, is Ball Room Dancing. The instructors are Mr. and Mrs. Jac Blair, a well-known husband-wife dance team who have performed on Broadway, TV and stage.

The program of courses offered by the Adult Education Center in the fall and in the spring depends largely upon the demands of the public for specific courses, as it is the desire of the University to offer these as a public service to the local community. No academic credits are given for courses taken under the Adult Education Program, but many benefits are derived from them by those who prepare for certain State Board Examinations, and those who want to widen their interests. Any additional information will be given by the Dean of Adult Education, Prof. H. A. Heiser of the University of Tampa.

INTERNS

Dr. Robert L. Mohr of the Education Department has announced that thirty-five students have begun their internship in the various schools. First semester interns began their student-teacher training on November 4 and will continue until January 15, 1958.

The following is a list of the students, the assigned school of internship and the directing teacher of each intern:

Hillsborough County:

Anthony Agliano, Phillip Shore, Mr. Anthony Reinaldo; Reynaldo Barreto, Jefferson High, Mr. Rocey Zabaldo; Raymond Cliburn, Lake Magdalene, Mr. Ed. Ballas; Jack Craparo, Wilson Jr. High, Miss Emily Lucas; Juan Cruz, Oak Grove, Mr. Paul Weesner; Antonio Diaz, Memorial Jr. High, Mr. Vincent Cacciatore; Ruby Hogan, Plant High, Mrs. Elsie Potts; Herman Hollingsworth, Dale Mabry, Mrs. Lottie Emberton; Mrs. Lois Kretzmer, Plant High, Mr. Broward Miller; Lionel Leon, Oak Grove Jr. High, Mr. Don Wolfe; Jesus Lima, Sligh Ave. Jr. High, Mrs. Robbie Gonzalez; Mr. Jose Lopez, Brewster Vocational School, Mr. T. H. Souther; Robert Leal, Memorial Jr. High, Mr. Reinaldo Escobar; Albert Saferstein, West Tampa, Mr. Tony Urso; Vincent Tata, Brandon, Mr. Thomas E. James; George Anne Kleir.

From Old Minarets

Minaret readers of 1933-1934 laughed over these jokes: Slapstick Director: Hey, hold that for a second.

Actor: I'm sorry, the pie is cast.

Cavemen used to knock girls senseless. That of course isn't necessary now.

Freshman: Can you tell me how to get to assembly?

Senior: I'm sorry, but I'm a student too.

Intelligence Test: Describe a spiral staircase or an accordion without using your hands.

Ramos, Washington Jr. High, Mr. James Stokes; Samuel Ucello, Washington Jr. High, Miss Josephine Puglisi; Mrs. Betty Wiley, Brandon, Mrs. Agnes Jeffrey; William Yanger, Wilson Jr. High, Mr. Henry Bullard.

Pinellas County:

Ted Dahlem, Disston Jr. High, Mrs. B. Nimroth; Donald Howard, Mirror Lake, Mrs. Elsie Johnson; James Johnston, Largo Sr. High, Mr. F. H. Beyer; Jack Reimer, Disston Jr. High, Mrs. Sarah Brown; Joe Townsend, Meadow Lawn, Mrs. Margaret Fuller; Norman Vincent, Meadow Lawn, Mrs. Nellie Nale; Marilyn Watkins, Largo Jr. High, Miss Betty Crowe; Mrs. Ellen White, Tyrone Jr. High, Mrs.
