## TAMPA U. ALUMNI RETURNS TO CAMPUS

### Spartans Meet Gators Tomorrow

#### GAME ATTRACTS WIDE ATTENTION AS BIG EVENT

#### Record Crowd Expected To Fill Stadium

By OSWALD DELGADO  
Sports Editor

Football rivalry between the University of Florida's Gators and the University of Tampa's Spartans will be initiated here tomorrow night when the two teams clash under the floodlights of Phillips field at 8:15 o'clock.

For the Tampa team tomorrow's game will be homecoming besides being the game for which the Spartans have been waiting during the last few years.

For the Florida Gators the game tomorrow will prove as crucial as any they have yet to play. The Gators' showing will be watched with much interest because of their past record and reports that the Gators had the most powerful team in years. A loss to the Spartans will lower Gator prestige in southeastern gridirons and raise the stock of the smaller Tampa team.

#### Both Teams Keyed Up

For these reasons both teams are prepared to shoot the works in the game which holds the spotlight in Florida's gridiron battles this week. Coach Josh Cody and his assistants have groomed their charges for a tough fight with the Spartans and they will present Florida's most effective combination when the whistle blows for the kickoff.

Not satisfied with the weak performance of the Gator backs, the Florida coach has placed his most effective running backs into one combination which is expected to give the Gators a more powerful offense than in their past games.

Bud Walton, capable Florida back, will be stationed at the fullback post; Bobby Johnson, fleet-footed tailback, and Pat Reen, ace performer against Miami, will complete the offensive threat against the Spartans.

#### Oxford Out of Spartan Game

The battle of centers which was expected to be waged between Tampa's Al Yorkunas and Capt. Jimmy Oxford of the Gators will fail to materialize. Oxford was taken out of the Miami game with a bad knee and will play here.

Florida supporters, however, are smiling at the return of Frank Koscis, guard and alternate captain. His appearance will strengthen the Florida line, although it is not certain that he will play tomorrow.

#### Surprise For Gators?

On the Tampa side the outlook is hopeful and Spartan fans feel that the Gators have a surprise in store for them.

The fine defensive play the Tampa team displayed against Cincinnati last Saturday gave indications that the local gridirons are not to be underestimated. All the Tampa team which saw action last week are in condition to face the Gators. Molina, who has

#### Alumni Members Planned Details of Homecoming Day

Committees of the University of Tampa Alumnae, who have planned the events of the Homecoming celebration were appointed by Bob Morales, alumnae president.

Committee for the pep meeting and bonfire tonight is composed of Bill Reid, chairman; Dick Powell, president of the student body; Leland Hackney, president of the freshman class, and Mark Ball, head cheerleader.

Other committees are as follows: Parade, Don V. Giunta, chairman, and George Spoto; alumnae banquet, Mary Eve, chairman, and Virginia Roberts; football game, Walter Hoy; dance, Bill Hippenmeier, chairman, and Edgar Andrews; publicity, Hampton Dunn.

Other alumni officers are Don V. Giunta, vice president; Mary Eve, secretary, and Bill Hippenmeier, treasurer.

The Sarasotan—"Fresh, Madam!" exclaimed the grocer. "Why, they wouldn't have been laid till tomorrow if I hadn't torn a page too many off the calendar in the chicken run."

#### Mayor's Proclamation

University of Tampa Homecoming Day The annual Homecoming Day of the University of Tampa will be celebrated Saturday, Oct. 22, 1938. This will, indeed, be a proud event for the people of Tampa.

The need which our city had for this institution has been demonstrated by the rapid growth and fine progress the university has made in the few short years of its existence. Tampa is proud of the university and I know our citizens will be glad to join the alumni, the student body and faculty in making Homecoming Day this year an outstanding and joyous occasion.

Therefore, I, as Mayor, designate Saturday, Oct. 22, in Tampa as Homecoming Day of the University of Tampa and request participation of the people of Tampa in the celebration.

This 18th day of October, 1938.

R. E. L. CHANCEY,  
Mayor of the City of Tampa.

#### TAMPA U. LOAN FUND STARTED BY NEW CLUB

Officials of a new civic organization to raise and administer a students' loan fund for the University of Tampa said today several students already have borrowed from the fund and are attending the University this semester.

Many other applications for loans have been received, the officials said, but the organization cannot allocate more money until more subscriptions are received. There is an urgent need for other subscriptions to supplement those that have come in, it was said.

#### \$150 Limit

Loans are made to worthy students on notes signed by their parents with \$150 as the limit and \$100 as the average. The money is passed directly from the administrators to the University and is loaned to students who could not otherwise avail themselves of a college education.

It was pointed out that a year at the University costs about \$200 in addition to living expenses. The loan fund would be the means of many who otherwise would not be able to

#### His Crystal Ball Predicts Victory

Dr. John H. Sherman  
Tampa U. President

#### University Enrolls 142 Students From All Over Nation

Of 142 out-of-town students registered this semester at the University of Tampa, 55 are from 18 different states and 87 come from 43 communities out of the Tampa district.

Ohio leads in out-of-state students with 10, while New York and Pennsylvania are tied for second place with eight each. Massachusetts and Tennessee claim five each; Illinois and Georgia, three each, and New Jersey, two. Missouri, Rhode Island, Virginia, Michigan, Iowa, South Carolina, Mississippi, Louisiana, and West Virginia have one apiece.

Massachusetts' Ben Filipski, Paul McClosky, Don McDonald and John and Fred Comparato claim the distinction of coming the longest distance. Marie Lewis of Newport, Rhode Island runs them a close second, and Bill Read of Tracer, Iowa, is third.

Tampa is the home of 387 of the total number of 539 registered.

#### HOME COMING IS MARKED WITH VARIED EVENTS

#### Spartans Greet Graduates, Former Students

By DICK POWELL

University of Tampa alumni will stage the greatest homecoming celebration in the history of the seven-year-old institution today and tomorrow with a program of varied events.

Established in 1931 as a junior college, the young university has grown so rapidly there are now more than 500 graduates and former students scattered throughout Florida and the United States, leaders of the Alumni Association estimate.

A majority of these are looking forward to attending the homecoming events this week-end, renewing acquaintances and visiting the historic campus once again.

While not as large or as old as alumni of most colleges, the University of Tampa alumni are planning as big a program as usually is held by graduates of other Universities. From Friday afternoon, when a large group of the out-of-town former students arrive, until the wee hours of Sunday morning when the annual dance is completed, the alumni will celebrate.

#### "Torch Parade" Tonight

Beginning the festivities will be an impressive "torch parade" tonight from the University to a vacant lot on North Boulevard near the fair grounds, where a huge bonfire will burn to pep up interest in the homecoming. University freshmen will act as torchbearers in the parade.

A bonfire, fed by a stack of material 30 feet high, will send flames into the sky to herald the homecoming celebration. Hundreds of students, alumni and townspeople are expected to gather at the bonfire and give songs and cheers for the Spartans.

Highlighting the ceremony will be the cremation of an alligator, signifying what the Spartans hope to do to the University of Florida Gators tomorrow night on the football field. After this event, a "pajama parade" through the downtown streets is planned.

Tomorrow morning will be spent in visiting the campus and meeting old friends and classmates.

The big feature of the celebration will be the annual parade Saturday afternoon.

#### Presidents, Mayor to Lead

Dr. John J. Tigert, president of the University of Florida, has accepted an invitation to lead the parade, along with Dr. John H. Sherman, president of the University of Tampa, Mayor Chancey and other dignitaries.

More than 300 University of Florida freshmen will march in a body in the parade, wearing their bright orange "rat caps."

Several hundred automobiles, entered by various clubs on the campus and in the city, will be part of the parade. Alumni leaders claim it will be one of the most colorful parades of the year. Beautiful sponsors of the football game will be given prominent positions in the procession.

After the parade comes the annual meeting and banquet at the Hillsboro hotel at 6 p. m., when a number of dignitaries have been invited to speak.

#### Grid Game Is Highlight

The highlight of the celebration, of course, will be the football battle between the Spartans and the Gators on Phillips Field tomorrow night, marking the first time the two schools have met on the gridiron. A section has been reserved for Alumni and

(Continued on Page 2)

## Welcome, Tampa U. Alumni

Tomorrow is "Homecoming."

Today the board of managers of your alumni association has completed the plans and arrangements for that "Homecoming" which is destined to be the GREATEST ever witnessed by the City of Tampa.

The meeting of the "Gators" and the "Spartans" on Phillips field has given the several committees the opportunity to exercise to the utmost their respective abilities. This they have done.

And it is because of their ceaseless efforts, which obviously will terminate in accomplishment, that I am not the least hesitant in saying, "Welcome" to the alumni and friends of our university as well as to the alumni and friends of the University of Florida.

"WELCOME" to the thought of this long anticipated "Homecoming."

R. E. MORALES, President,  
University of Tampa Alumni Assn.

The President of the Student Body of the University of Tampa issues a cordial welcome to the University Alumni who are attending the Homecoming celebration this week-end.

It is with great pleasure that we extend our greetings, for it is you to whom we owe the foundation of the student body. It was you, the present alumni, who helped to organize the various fraternities and sororities, and all of the extra curricular bodies which have promoted the student activities. It is you who laid the first foundation for our student government, giving us something on which to advance as the necessity arises.

Realizing that without the basis which you laid, on which you allowed us room to progress, we would have had no active student body, and with that in mind, we can only show our appreciation by always wishing you welcome when you return to visit your school and our school.

DICK POWELL,  
President,  
University of Tampa Student Body.

The Tampa Alumni club of the University of Florida extends its best wishes to Tampa University on the observance of the Spartan Homecoming celebration.

To Florida graduates who reside in the vicinity surrounding Tampa and about the State of Florida, a greeting is expressed for your full and enjoyable participation in the return of the Florida 'Gators to Tampa. All Florida Alumni in this city take pleasure in reconciling genuine loyalty for their Alma Mater with a fervent and sincere interest in the welfare of the University of Tampa.

Regardless to whom exultation or disappointment comes as a result of the gridiron battle on Phillips field Saturday, the inevitable outcome will be one of mutual success in the spirit of good will between two worthwhile institutions.

Thus, it is with keen anticipation that we look forward to the initial meeting of these two football teams, and with like pleasure to joining students, alumni, visitors, and friends of Tampa University and Florida.

BAYA M. HARRISON, JR.,  
President Tampa Alumni Club,  
University of Florida.

#### Enterprising Advertisers—

Will find a field of pay dirt by using The Minaret as an advertising medium. Minaret advertising is sold on its own merit, as Tampa U. students buy a vast amount of merchandise from Tampa merchants during a school year.

## QUILL CLUB MEMBERSHIP IS NOW OPEN

Competitions To Close  
Nov. 1

Are you interested in writing? If you are, now is the time to brush up on your literary technique. Get out the old faithful fountain pen, and start to write, because the Quill club, a literary organization of the University of Tampa, has opened its fall membership competition for entrance into the club.

Anyone who feels his literary merits would come up to the standards of the club is urged to compete. What shall you write? Poems, short stories, articles, reviews, essays, plays, or biographies are all eligible entries.

### How Entries Are Judged

Submit your manuscripts to Dr. E. B. Hinckley, faculty adviser of the club, accompanied by a sealed envelope with your name inside. Dr. Hinckley will read the manuscript (anonymously) to the club, and members will judge its literary value without knowledge of the author's identity. At no time will the writer's name be divulged unless he is accepted for membership in the club.

Requirements for competition are: You must have 1000 words of essay; or 2000 words of short story; or 50 lines of poetry; or a one act play; or the equivalent in length of any of these if the manuscript is of a different type. Competition closes Nov. 1.

The club has made rapid progress since its formation a year ago, with Dr. Hinckley as faculty adviser. The aim of the organization is to develop an interest in literary work and creative writing.

### Writing Operetta

At present the Quill club is writing an operetta called "Castles in Spain." The plot involves the experiences of DeSoto, explorer who landed in Tampa, but it will also include scenes from modern times.

Members of the club are writing the dialogue; the dancing will be under the direction of Miss Ruth Moffatt; Walter Bethel will direct the music, which will be written by the music department of the University; Lyman Wiltse will arrange the singing and Mrs. Elizabeth Connally will aid the actors. Costumes and scenery will be designed by the art department under the direction of Mr. Borchardt.

"Castles in Spain" will be presented some time after Christmas.

There are now 15 members in the Quill club. They meet on the first and third Wednesdays of every month.

Remember, you have until Nov. 1 to submit your manuscript, so start writing now!

## University Loan Fund Is Started

(Continued from Page 1)

matriculate, particularly those living at home, to attend the university.

Incorporators of the fund representing Tampa civic clubs are J. Glen Evans and Bruce Hamilton, of the Lions' club; A. L. Cuesta and Ray B. Cralle, Rotary club; E. D. Warner and J. Mack Palmer, Optimist club; Nathan R. Graham and T. W. McElvey, Kiwanis club; Henry H. Hale and Russell F. Bogue, Civitan club, and John M. Hammer and A. K. Dickinson, Exchange club.

### Cuesta President

Mr. Cuesta is president of the organization; Mr. Hammer, vice president; Mr. Hamilton, secretary, and Mr. Graham, treasurer.

The fund will require support for five years, the incorporators said. By the sixth year repayment of loans would begin and the money could be used to assist other worthy students. The group hopes to raise \$6000 this year and the same amount annually for five years with a view to having at least \$30,000 in the fund before it begins revolving with payments.

A full "certificate" is issued for each subscription of \$50. Part subscription certificates also are issued.

The incorporators emphasized that the loan fund is not charity and has nothing to do with the Spartan club fund. Subscriptions may be mailed or sent to any of the incorporators.—Tampa Times.

Visitor: "And what's the building over there?"

A soph: "That's the greenhouse."  
Visitor: "I didn't know the freshmen had a dormitory all by themselves."

## Welcomes Alumni

Dick Powell, President  
Tampa U. Student Body

## Tampa U. Alumni Return to Campus

(Continued from Page 1)

tickets may be reserved in the office of Miller K. Adams, director of intramurals, at the University.

A special train will bring University of Florida students and alumni to the game. It will leave Gainesville at 2:30 p. m., arriving in Tampa at 6 p. m. The special will leave the stadium immediately after the athletic contest.

The final event on the 1938 homecoming program will be a dance, sponsored by the University of Tampa Alumni Association and the Spartan Club, honorary members of the Association, at the Davis Islands coliseum, after the game. Manuel Sanchez and his orchestra will furnish the music, and the public is invited to attend.

## Florida Alumni To Hold Luncheon

Dr. John J. Tigert, University of Florida president, Dr. John H. Sherman, president of the University of Tampa, and Frank Wrigley, publicity director and alumni secretary will speak at a Tampa University of Florida Alumni luncheon Saturday at one o'clock, at the Tampa Terrace hotel. Baya Harrison, president of the Tampa Alumni organization, said yesterday.

Plans for the luncheon have been made by C. C. Vega, jr., Neil McMullen and Ralph A. Marsicano.

Alumni from the University of Florida and representatives from the University of Tampa have spoken at various civic clubs this week, urging the support of the game, and for making this game an annual affair in Tampa.

## 313 Masquers To Present 3 - Act Comedy, 'Holiday'

"Holiday," a comedy in three acts representing the sophisticated life of the wealthy aristocrats, will be presented by the 313 Masquers Dec. 6.

The play was originally produced in New York on the legitimate stage with Hope Williams in the title role. The character of Linda Seton, always appealing, was brought to the screen by Anne Harding. This year the play was returned to the screen with Katharine Hepburn in the lead.

Among the present day writers of high comedy in this or any other country the name Phillip Barry stands pre-eminent. He seems to have a special flair for portraying well-bred people, which places him in a class by himself.

"Holiday" represents his work at its brightest for beneath the glitter of wealth and social prestige he shows us the hearts that beat in search for love and happiness.

### Cast Is Announced

Announcement of the cast was made at the meeting of the Masquers Tuesday night. The following were cast: Linda Seton, Theresa Christel; Julia Seton, Ella Beth Laird; Laura Cram, Emma Jane Sacrey; Susan Potter, Betty Jo Mims; Johnny Case, Mortimer Lundsford; Ned Seton, Dean Silva; Nick Potter, Lincoln Dowell; Edward Seton, J. C. A. Valentez; Seton Cram, Frisbie Carr; Henry, Wendel Waters; Charles, Billy Allor, and Della, Julia Mary Neef. Understudies are Marianna Harris and Bill Gaventa.

Production staff includes: stage manager, Bill Gaventa; art director, Anne McCurdy; property manager, Julia Mary Neef; and business manager, Frances Macnamara.

The play is under the direction of Mrs. Elizabeth Connally. Rehearsals are under way.

### Officers Elected

The 313 Masquers elected officers for the ensuing year at a meeting last Tuesday night, as follows:

President, Truman Hunter; First Vice President, Mickey DeWolf; Second Vice President, Betty Jo Mims; secretary, Martha Franco; Treasurer, Julia Mary Neef; Social Editor, Anne McCurdy.

Two additional persons were chosen to represent the body in executive meetings. These were Billy Allor and Theresa Christel. An amusing play, directed by Martha Franco, concluded the program.

The Lake County Citizen—Bits O' Common Sense: Experience is not what happens to a man. It is what a man does with what happens to him.—Aldous Huxley.

There are two things to aim at in life: First to get what you want; and after that enjoy it. Only the wisest achieve the second.—Logan Pearsall Smith.

Have a real reserve with everybody and a seeming reserve with almost nobody; for it is very disagreeable to seem reserved but dangerous not to be so.

The Fort Meade Derelict—"Do you know why gentlemen prefer blondes?" "No, why?" "Because they have light overhead."

## He Trains 'Em

Coach Nash Higgins

## International Relations Club To Hold First Meeting of the Year

Commencing its second year, the International Relations Club will hold its organization meeting Thursday. This club was organized in October of 1937 through the efforts of Dr. C. H. Laub and W. P. MacLendon to encourage the study of international relations.

Officers who served last year were Dick Powell, chairman; Della Pacheco, vice chairman, and Grace Bruton, secretary.

The club is sponsored by the Carnegie Endowment for International Peace, from whom bulletins summarizing the course of world events and quite a number of books are received. These books are kept on file in the library and are the property of the club.

The books now on file are: "The Defense of the Empire," by Angell; "Rebuilding Trade by Tariff Bargaining," by Auld; "The Family of Nations," Butler; "A Tender of Peace," Clark; "Reciprocity," Culbertson; "Peaceful Change," Dunn; "Fascists and National Socialists," Florinsk; "The Old Savage in the New Civilization," Fosdick; "Is America Afraid?" Hartlers; "An Atlas of Empire," Horabin; "By Pacific Means," Hudson; "The Third Reich," Lichtenberger; "Population Theories and Their Application," Penrose; "Raw Materials in Peace and War," Staley, and "The Empire in the World," Willert, Long and Hodson.

## New Officers Are Elected by Alpha Gamma Alumnae

Miss Mary C. Dominguez was elected president of the Alpha Gamma Alumnae last week, at a meeting held at the home of Miss Angelino Martino, 2014 Thirteenth Ave.

Other officers elected were Miss Angelino Martino, vice president; Miss Grace Dayan, secretary; Miss Angelino Cushman, treasurer, and Miss Onelia Pelaez, sergeant-at-arms.

Miss Dominguez was graduated from the University of Tampa, cum laude, this summer with a degree of B.S. in Education. Miss Martino also obtained a degree of B.S. in education here last February. The Misses Dayan, Cushman and Pelaez hold normal diplomas. All are charter members of the sorority.

Activities of the Alpha Gamma Alumnae group for the current year were outlined. The first event will be an installation service to be held on the second Monday of November. Invitations have been issued to Mrs. R. W. Bryan, sponsor of the sorority, and to all the active members and pledges of the group.

## STP Pledge Group Entertain Members At "Cootie" Party

Pledges of the Sigma Theta Phi sorority entertained their pledge mothers at a "cootie" party Saturday evening, Oct. 15, at the home of Miss Libby Bardin. Jackie Jameson won first prize and Winifred Watson won the booby prize.

Those attending were the Misses Marie Mitchell, Mildred Alison, Sarah Barnes, Jane Pratt, Mikell Hancock, Mickey De Wolf, Marguerite Gooper, Mickey O'Berry, Elizabeth Ball, Sarah Morgan, Edna Wilson, Libby Bardin.

Frances Kingsley, Zula Satterfield, Winifred Watson, Verna Vining, Jackie Jameson, Louise Griffin, Marilyn Moseley, Beth Hornsby, Ruth Jolley, Margaret Reading, Juanita Guerra, Rita Higgins, and Mary Bailliff.

Mrs. Bardin and Miss Charlotte Anne Thompson were chaperons.

## Music Department Lists New Phases

The music department of the University is rapidly opening new phases of musical activities.

Professor Lyman Wiltse has organized a male quartet which is composed of Billy Martin, first tenor; Earl Plano, second tenor; Mortimer Lunsford, baritone, and Harold McClelland, bass.

The University string quartet made its first radio appearance last Monday afternoon at 5 o'clock over station WFLA, and will broadcast again next Monday afternoon at 5:45 o'clock. This group is composed of Professor Wiltse and Willie Ray Hale, violins; Wiltse and Willie Ray Hale, violins; Leila Jackson, viola, and Mrs. Wiltse, cello.

Mr. Wiltse has asked that all men interested in singing in the male chorus see him. There is a great demand for first tenors.

# The University of Tampa. Welcomes— Old Grads, Former Students And Visiting Friends

Only seven years old, the University of Tampa reaches out into 19 states and 49 cities and towns in Florida, to build its student body of 529 students. Through its high calibre of classroom and laboratory work, its art, music, and home economics departments, and its school of education, and through its athletic programs, its band, orchestra and dramatics and literary clubs, the University of Tampa is providing a well-balanced program of activities to meet the demands of college students of today.

When you go back home, tell your newly found friends about your Alma Mater. We need students from your home town. If you are teaching, we need recruits from your school.

And a Word to the Tampa U. Spartans:

**BEAT FLORIDA!**

# SOCIETY

## They'll Fly the Colors of Both Teams Tomorrow

MISS BLANCHE SESSIONS

MISS STELLA ROGERS

MISS CATHERINE CARTER

MISS MARY EVE

MISS IRENE WILLIS

MISS GRACE CLEMENTS

MISS MILLICENT HAMPTON

MISS MARTHA HUSTON

**SPONSORS FOR THE GAME**—Miss Blanche Sessions and Miss Stella Rogers will sponsor the home team; Miss Catherine Carter and Miss Mary Eve, the University of Tampa alumni association; Miss Irene Willis and Miss Grace Clements, the University of Florida team; Miss Millicent Hampton and Miss Martha Huston, the University of Florida Alumni association.

## SOCIAL SPOTLIGHT

Dear Minnie:

I've got news for you. Not four but eight young ladies will fill the sponsor boxes for the Home Coming game tomorrow night!

The two sponsoring the Tampa U. will be Miss Catherine Carter and Miss Mary Eve. Miss Blanche Sessions and Miss Stella Rogers will represent the alma mater.

In the Gator sponsor box will sit Miss Grace Clements and Miss Irene Willis; the Florida U. alumni are to be sponsored by Miss Martha Houston and Miss Millicent Hampton.

### Ceremonies for Pledges

The whole school has been buzzing with pledging services. The S. T. P.'s held their formal pledging at the Woman's Club with "Pres" Zula presiding. All was calm and serene until four boys invaded the kitchen.

The Beta Chi's had an old-fashioned bull session after their pledging at Lee Duncan's home.

Last Saturday night the Dekes gave their annual prom dance for the pledges at the Woman's club. Lincoln Dowell didn't know whom to dance with when he came to "Betty Presnell" on his prom card.

After a theater party at the Tampa Theater last Wednesday night, the Skins invaded the Don Quixote court for a dinner dance.

"She shall have music where ever she goes"—speaking of Maryellen Bailey, who is now Mrs. Al Maney. Sanchez' orchestra gave Al a farewell bachelor party.

### It All Happened in Miami

After the Miami game Tampa U.'ers danced under that famous Miami moon at Coral Gables Country Club. Celeste Dervaes and Emma Jane Sarey were nearly stranded down there until Willie Paxton came to the rescue. John Hall and John McCluny became so engrossed in seeing the town they nearly missed the football game. Paul Hance and Willard Driskell got their dates mixed after the game.

"Skipper" Houston and Joe de Bono were nearly turned topsy-turvy the other night. They were sailing by Peter O. Knight airport just as a heavily loaded Eastern Airliner was taking off the runway by the channel. The pilot saw the sails in the moonlight just in time to carry the plane up,

missing the boat by a few feet, rocking it with terrific force.

### Rat Caps Are Scarce

What has happened to the well-known freshmen? Have they all quit Tampa U? It would seem that way if you judge freshmen by their "rat caps," for they have almost completely disappeared. No longer do freshmen adorn the lobby floor, no longer do the freshmen girls go without make-up, no longer do either boys or girls wear the regulation "rat caps." Right here a word of praise goes to Leland Hackney, newly elected freshmen president, for he, at least, has continued to uphold that "rat cap" tradition.

There still remain several weeks in the six in which freshmen are supposed to remain "strictly freshmen." It would be nice, very nice, to see the campus and lobby once more adorned with those attractive freshmen. So freshmen let's each try to be for the rest of the six weeks Tampa's Typical Freshman.

### Capello Meets Capello

The Alpha Gams are having a dinner for their pledges before tomorrow's game. Afterwards the alumni, members, and pledges will leave en masse for Phillips Field.

The Cincinnati team was met at the station by welcoming committee of comely co-eds. Another group squirmed over the building last Friday. Kitty Capello found that Cincinnati has a Capello too when she was introduced; "Miss Capello meet Mr. Capello."

Girls, if you want to learn how to scout your hair up at the fetching angle, attend the newly organized home ec club. They're going to have style shows, too.

Mary Pierce became Mrs. Jack Bradford in St. Pete two weeks ago.

Patsy Wall cooked up a ghost down in the chem lab last Tuesday. For a peek at the ghost you'll have to see the Sunday papers.

### News From Haines City

Virginia Morrow visited in Haines

City last week-end. The Crockett Farnell's and Phil Patterson will be here today since Phil's and Crockett's team play Tampa College here this afternoon. Luther and Edna Sparkman will be here, too.

The T. O. pledges aren't shaving until after the game. The power of Samson! Order of the members.

Now try to curb your disappointment, Minnie, and put Pierrot costume back in moth balls 'cause the Sigma Theta's have had to call off their Halloween dance. The reason gals, there aren't any guys.

Tooleoo  
—ANNIE MAC.

## Sigma Theta Phi Pledges 19 Girls In Unique Event

Nineteen pledges of the Sigma Theta Phi sorority were formally pledged at a candlelight ceremony, Thursday night, Oct. 6, at the Tampa Woman's Club.

Miss Zulu Satterfield, president, assisted by Mrs. William Marbourg presided. Pledge mothers of each pinned the pins on each of their respective pledges.

Pledges are Elizabeth Bardin, Sarah Barnes, Mary Bailiff, Margie Dious, Gloria Guiterrez, Rita Higgins, Mikell Hancock, Louise Griffin, Virginia Lister, Jerry Ward, Edna Wilson, Marie Mitchell, Marilyn Mosely, Frances Kingsley, Ruth Jolly, Wilma Brant and Josephine Price.

Elizabeth Bardin was elected president of the pledges this week. Other officers are Louise Griffin, vice president; Marilyn Mosely, secretary-treasurer; Mikell Hancock, reporter, Ruth Jolly, sergeant-at-arms, and Jackie Jameson, pledge mother.

The sorority will hold a bridge party and fashion show Saturday afternoon, Oct. 29. The fashion show will be sponsored by Maas Brothers' Department store. Miss Jane Pratt is chairman, and Miss Zula Satterfield, sorority president, is ticket chairman.

## Pledge Group Elects Officers

Miss Margaret Dickinson was elected president of the pledges of the Delta Kappa sorority at their second meeting last Thursday.

Other officers are as follows: Miss Mary Elizabeth Webb, vice president; Miss Joyce Kehoe, secretary; Miss Mary Merle Jones, treasurer; Miss Priscilla Hunt, reporter, and Miss Helen Verdyck, sergeant-at-arms.

Other pledges are the Misses Lucille Mexico, Tula Carter, Kitty Ann Sweat, Lucienne Reichardt, Phyllis Flanagan, Louise DeLoach, Carol Neef, Mary Sears, Bertie Eleanor Helms, Marjorie Wells and Ella Beth Laird.

## Delta Kappa Holds Ritual for Pledges After Prom Dance

Seventeen pledges of the Delta Kappa sorority were guests of the sorority members at a Prom dance last Saturday night at the Tampa Woman's Club.

Pledging ceremonies preceded the dance, were in charge of Stella Rogers, president, assisted by Mrs. Nash Higgins, sponsor.

Mr. and Mrs. W. B. Phelps and Mr. and Mrs. Norman Borchardt were chaperons.

Pledges attending were Mary Sears, Tula Carter, Louise DeLoach, Phyllis Flanagan, Margie Wells, Mary Elizabeth Webb, Margaret Dickinson, Lucienne Reichardt, Priscilla Hunt, Bertie Elinor Helms, Carol Neef, Helen Verdyck, Ella Beth Laird, Joyce Kehoe, Mary Merle Jones, Lucille Mexico and Kitty Ann Sweat.

Leona Wagner was elected as parliamentarian, and Ann McCurdy was elected recording secretary recently.

Pledge officers are Margaret Dickinson, president, Mary Elizabeth Webb, vice president; Joyce Kehoe, secretary; Mary Merle Jones, treasurer; Priscilla Hunt, reporter, and Helen Verdyck, sergeant-at-arms.

## Rho Nu's Hold First Luncheon; Alonso Outlines New Plans

Rho Nu Delta fraternity held its first monthly luncheon of this year at "La Alhambra" restaurant, last week, when Professor R. W. Bryan, guest speaker, gave an interesting talk on Latin-American countries. He also outlined the fraternity's history and accomplishments. Louis A. Nava, fraternity advisor, welcomed the pledges and old members.

Braulio Alonso, president, outlined plans for the coming year and urged the members and alumni to work together so that these plans would be materialized.

The fraternity will hold a forum at the Ybor City Presbyterian church at an early date, at which prominent men from the university and the city will speak. All university students are invited to attend, and may secure further information from any member of the fraternity.

A party will be given for the members, pledges and alumni and their dates Oct. 28 at Bird View lake.

Next week the pledging ceremonies will be held under direction of Oswald Delgado and Braulio Alonso. The five pledges to be accepted are Robert Tinnaro, chairman, Saverio Salario, Albert Jimenez, Joe la Barbara and Xavier Canella.

The pledges elected Robert Tinnaro as president last week. Saverio Salario is vice president, Joe la Barbara, secretary and treasurer, and Albert Jimenez, reporter.

The Lake County Citizen—Teacher: "How would you punctuate this sentence? The wind blew a ten-dollar bill around the corner."

Johnnie: "I would make a dash after the bill."

## THEY'RE COMING BACK HOME

For the sixth time after the birth of the institution, seven years ago, University of Tampa graduates and former students of the school will again visit the halls of their Alma Mater.

Approximately 1000 students have left the portals of the University, but never with the thought of forgetting.

These students, whether they were graduated or not, can always carry the name of Tampa U. into every part of the United States.

However, the former graduates and students should return often to see what progress has been made by students who have followed them. Changes are a necessary part of any educational institution, and the Alumni should consider it a necessary part of their lives to keep in mind the progress that is being made.

The Alumni are always welcome. The present students, who at some time or other will be a part of the Alumni, also will return to these gates of knowledge, waiting to be welcomed by the students of that time.

Consequently, we, the present students, welcome those who have gone before us, with open hearts, extending our hands to those who helped to make the University what it is today.

This is the sixth homecoming anniversary. A thousand have left our halls, but let us always look forward to the time when thousands will attend the Homecoming celebrations in the future.

## "IN MEMORIAM"

A short while ago there was among us a man whom we all knew, loved and for whom we wished happiness. Now he is gone, and while we deeply feel his loss, we nevertheless know that he must be happier "over there."

"Pop" Mullan, as we knew him, was an old man with a young heart. But to the generation which is fast leaving us, he was known as a young man, a contemporary, and a good-fellow wherever he happened to be. He was always carefree and jovial, no matter in what state his fortunes were—if they were good, as they once were, or if they crumbled, as did everyone's in the crisis of a decade ago.

And so he came to the estate of age, a kind fellow and a lighthearted man. And age began to take away all he had left—his friends, his wife, and what little Fortune had left him. Proud still, he would not let his burden rest upon his few remaining friends or upon those members of his family who were just beginning their long struggle. Instead, he assumed the position of general watchman and keeper of the flag at Tampa University, and there, through the kindness of his student associates, spent the last few years of his life in happiness.

He never asked for anything, but gave of what he had with a free hand. He had a genius for making people happy in little ways—by bringing them a posey on a rainy morning, or by giving them fruit with which to while away a long afternoon. He gained pleasure in just such little acts and was never so happy as when he could present a prize to a winning girls' volleyball team. His pets, however, were his fireman's hat, red tie, and fiery pajamas, all of which he wore on his last jaunt with us. He loved to make the news and once said to us that he hoped that the following, as written about him last year, would be fulfilled.

"But there is one, no professor of books 'tis true, But one from whom a lot of life can be learned at will— A figure who by his inevitable presence and quiet duty, Has molded his shadow in the University's walls. 'Tis 'Pop' Mullan, everybody's friend, alike to man and dog,

Or cat strayed by error to this place. Half of the sunshine which filters into this dark place, Can be accounted for when one sees him pass, Or notes with cheered-up spirit, that he has called 'Hello!'

I think, sentimentalist that I have become in writing this, Which I began as a smart collection of professor's traits, That, if there is a Heaven seen and felt, And if, vain mortals say it every day, I happen there when life is gone—

I'd like for him to be sitting on the front porch, rocking And say 'hello' to me when I approach the steps."

L. M. H.

## Now Is The Time For All Good Men...

## Pan-Hellenic

Pan-Hellenic council has undertaken as its work for the semester the formulation of a plan for rushing season which will meet with approval from faculty and parents, and at the same time serve the best interests of the sororities and fraternities. Each organization is to present its suggestions at the next meeting.

The council will hold regular meeting on the first Monday of each month at 12:30 p. m. Additional meetings will be called by the president at the request of any member.

Al Yorkunas, president, hopes a scholastic competition among the sororities and fraternities may this year be managed by Pan-Hellenic. Under such a plan each organization would at the end of each semester compute the scholastic average of its members, and the organizations having the highest standing would be accorded recognition.

Official delegates to Pan-Hellenic this year are, Misses Deltina Diaz and Dolores Menendez, Alpha Gamma; Al Yorkunas and John Hall, Beta Chi; Misses Stella Rogers and Mary Ann Sampey, Delta Kappa; Braulio Alonso and Jack Alvarez, Rho Nu Delta; Misses Zula Satterfield and Julia Mary Neef, Sigma Theta Phi, and Tony Freedy and Virgil Harris, Tau Omega.

## Girls' Volley Ball Team Loses Two League Openers

The girls' varsity volleyball team has suffered two defeats in as many trials in the City league. Sparks, the University's first foe, downed the Spartans by a score of 15-3 and 15-10.

The Caltigironians, their second opponents, handed them crushing defeats of 15-5 and 15-3.

A game scheduled with Tampa Hospital for Oct. 13 was postponed because of rain, but will be played in near future. In this game, the Tampa Hospital is considered to go in as the underdog.

Players for the varsity are Wheatley, Hodson, Pratt, Sacrey, Alderman, Wilson, Dietrick, Alvarez, Reading and Castellana.

The freshmen team will meet Hyde Park for its first trial next week. The freshmen team lineup has not been announced.

## A Message From The President

This week we welcome our friends from Gainesville. It is well that every loyal Tampan have in mind the nature and value of the friendship which the University of Florida extends to us.

We are a weak little college, and Florida is big and strong. But we are a good little college; and Florida, discerning, has been generous and just to recognize that goodness quickly. When others were still hesitating over our place among the colleges, Florida early accepted our credits. Those who have entered the University of Tampa during these recent easy years can have little conception of how much that recognition meant then.

As the years have passed, the University of Florida and President Tigert have become our valued friends and mentors. We welcome this opportunity appropriately to say it.

And now, largely through the instrumentality of Mr. Cody, the University of Florida has scheduled her first intrastate game as visiting team—and, scheduled that game with us. As hosts, we are honored; but as a young college we have more to be grateful for, for Florida did not high-hat us. In every way they have made us equal. Financially it is an even break. Socially it is a cooperation. They have elected to act far differently from the way usually adopted by big universities when "giving a game" to the neighboring small college.

So: Welcome the Gators! Here is true friendship truly appreciated. Let us give to President Tigert, to Josh Cody, and to every Floridian who accompanies them the warmest welcome. —JOHN H. SHERMAN.

First Dutchman: "I don't feel pretty well, Adolph, I haf a horse in my throat."

Adolph: "Dat is not right, you haf a colt in your head."

## Student Opinion

To the Editor:

The university assemblies thus far this year have been marked by several innovations. In the first place the new time of 10:30 o'clock Tuesday eliminates the mid-day drowsiness and insures prompt dismissals.

The new system of checking attendance has brought about better student support. This system is far from perfect but it is to be hoped that continued assemblies on the high level of the first few weeks will eliminate the need for such a system.

Instructive and interesting talks on current world problems have been given as a regular feature of the assemblies. Dr. Fred P. Fletcher, who received much of his education in Czechoslovakia, spoke on the present European crisis, as did Mr. Toy, world traveler, who stressed the fact that although certain European nationalities seem outwardly happy their eyes show a glint of fanaticism rather than an expression of real joy.

Col. A. L. P. Johnson, head of the R.O.T.C. units in Tampa and authority on international relations and politics, pointed out last week that the United States must rededicate herself to the principles of the Monroe doctrine or suffer foreign domination of the territory and rich resources of the South American countries.

Music furnished by the band and orchestra here enlivened the programs and a stringed quartet presented by Mr. Wiltse was well received at last week's assembly.

New Smyrna Beach Daily News—"You don't know about C'lumbus an' Isabella? Well, it was like that movie where the girl hocked her rocks so she could slip her sweetie a wad to blow down."

## OFFICIAL NOTICE

Dr. J. H. Sherman announced recently that he would continue placing his column in the MINARET, as he has done for the first two issues this year. He plans, by this method, to place before the students messages of importance to them and thoughts which he wishes to convey to them. In announcing his plan, he wishes it stated that whatever he places in the MINARET, in his column, is to be counted as official, and must be treated as such.

# **GEOLOGY DEPT. EXPLORES CAVE ON FIELD TRIP**

## **Will Make Maps of Deep Cavern**

Flapping of thousands of bat wings, the crawling, scratching sound of sightless, white crawfish and the eerie gurgle of subterranean streams were the noises that greeted member of a Tampa U. geological exploration party on its latest field trip last Sunday.

Under direction of Professor W. B. Phelps, head of the Geology department, the explorers penetrated the depths of a solution cavern, a few miles northwest of Brooksville.

The cave is more than 100 feet below the surface of the earth, in the Ocala limestone formation, which was deposited during the Eocene period about 35 million years ago when Florida was under water. The surface rose above the water and was later submerged, during the Miocene period, when the Tampa limestone was deposited.

### **Students to Make Maps**

Aside from providing the boys in the party with thrills and chills the cave presents a practical problem to the Geology department. They will make maps of the underground cavern and solution channels and also will trace the underground drainage of that section. This will prove useful to the State Geological Survey.

Before they entered, small charges of explosives were set off at the mouth of the cave to jar all loose rocks from the roof. A strong cord was tied at the entrance and unwound as the party threaded its way through a maze of rooms and channels.

Several times the boys had to squeeze through openings less than a foot wide. One minute they would be on their hands and knees to keep from striking their heads on the low roof; the next minute they would hold their flashlights over their heads as they waded in water up to their armpits.

### **Find Ancient River Bed**

The largest room was about 15 feet wide, 20 feet long and 20 feet high. The roof had been worn smooth by an underground river years ago. There were deep holes in the floor, probably caused by eddies.

Hanging from the roof were thousands of bats. Small insects of the cockroach family were crawling on the floor. White crawfish that had lost the use of their eyes in the distant past were also found.

Members of the party were Professor Phelps, Ronald Graf and Jimmy Galbraith. This was the second trip to the cave. Professor W. M. Pearson, Biology instructor, went with them on the first expedition.

The cave was called to the attention of the Geology department by LeRoy Rooks, a university student who lives near there.

## **Fair and Cooler Weather Forecast For Football Game**

Football fans got good news for the Florida-Tampa game tomorrow night as Weatherman Talbott yesterday forecast fair and slightly cooler weather.

Talbott said there has been a gradual return to normal conditions during the last few days. He said there was a mass of cooler air moving down from the north and its effect would be felt here slightly by tonight or early tomorrow.

"It should be good football weather," Talbott said. "There is a slight possibility of showers here late today or tonight, but it should be cleared up by Saturday. The cooler air will bring the temperature down two or three degrees below normal."

Watch for it—about 30 Tampa U-ers are included... Mary Ann Sampey and Carol Neef whooped it up with hoop skirts at the Deke prom dance... After joojing hours, two (B. J. and S. J.) from the prom arrived home, with no escorts!

## **MATH CLUB HOLDS FIRST MEETING AND ELECTS OFFICERS**

Amateur mathematicians of the University met Wednesday, Oct. 12, for an organization meeting of the Math club. Officers elected were: Robert Kasriel, president; Zeno Stalnaker, vice-pres. and chairman of program committee; Truman Hunter, secretary and treasurer.

A committee named to draw up a code of by-laws, is composed of Kasriel, chairman; Stalnaker, Hunter, John Sherman, jr., and Lucienne Reichart. They are waiting for further information and recommendations from the American Mathematical association, national sponsor of the intercollegiate mathematical competitions.

The program committee, composed of Stalnaker, chairman, Reichart and Sherman, is planning a program for the next meeting, Oct. 26, at 7:45 p. m. Meetings are to be on the second and fourth Wednesday of every month.

### **INVITATIONS**

Prospective graduates of the University of Tampa, who will be members of the Alumni Association next year, were invited to attend an Alumni buffet supper, Saturday at the Hillsboro hotel, John R. Hall, president of the Senior class, has announced. Hall was issued a general invitation by the Alumni Association.

The Alumni organization has asked to meet all seniors who will be members of the association next year.

All seniors are urged to attend.

## **Florida Draws First Blood in Friendly Rivalry**

Florida apparently scored first in the rivalry between the University of Florida and the University of Tampa, as a large stack of wood gathered for Tampa U's homecoming eve bonfire was burned yesterday, a day before it was to light up a student body rally on a vacant lot near the fair grounds.

The Tampa U. freshmen had gathered the wood. Going out for more, they found only a pile of ashes upon their return.

Now it is quite cricket for backers of one school to upset plans and activities of the other. It comes under the heading of friendly rivalry. So, naturally, the Tampans just assumed Gator enthusiasts had carelessly dropped a match on their bonfire. If they didn't, they'll be glad to assume the credit for it.

### **Will Build On Ashes**

But the Tampa Spartans will have their bonfire anyway, and it will be "bigger and better than ever," in spite of the 3311 students at state university, Bill Reid, bonfire chairman said yesterday as he viewed the ashes. All their wood didn't burn—just a third of it went up in smoke. But that will be replaced, and more will be added for good measure.

The entire student body of 529 students is expected to rally around the fire tonight to open the annual homecoming that will be held at the University of Tampa tomorrow, which have the Spartan-Gator football game at Phillips field as the climax.

The Tampa university students gathered in the municipal auditorium yesterday to practice new songs and yells under the leadership of Dick Powell, student body president, and Mark Ball, head cheer leader.

### **Coaches Give Talks**

Talks were made by Coach Nash Higgins, Line Coach Pix Pierson, George B. Howell, treasurer of the University of Tampa Athletic association, and Dr. John H. Sherman, university president, after which the students went into a noisy cheering and singing session.

## **BAND STARTS 1938 PARADE SEASON AT CINCINNATI GAME**

With new uniforms, new instruments, and new formations, the University band has started its 1938 parade season.

Through the generosity of several friends, money has been given for the purchase of uniforms and for overseas caps to replace the old "foreign legion" caps. These same friends also have purchased several of the rarer instruments needed to balance a band the size of ours this year. Now our band, which is larger than that of last year, will look and sound better than ever before.

Lack of uniforms caused the band to rest in seclusion for the opening of the football season. The first public appearance was last Saturday noon before the game, in a parade through town where the larger band attracted much notice. It will parade again tomorrow at 3:30 p. m., before the Florida game.

New uniforms, exactly matching the other uniforms, were tailored by Jack Pendola.

# **'ISM'S ARE GREAT THREAT TO OUR PEACE,' JOHNSON**

## **South American Nations Next To Be Invaded**

Col. Alexander P. Johnson, U. S. army officer in charge of R. O. T. C. units at Plant and Hillsborough high schools, told students at the regular assembly Tuesday morning, Oct. 11, that possibility of penetration of totalitarian governments into the Americas is the greatest threat to world peace today.

During the week President Roosevelt's announcement of plans for extending military and naval defense of the nation verified Colonel Johnson's statement, showing that danger is real and imminent. Tuesday Colonel Johnson again addressed the students, explaining the statements he had made.

He said Brazil is the first danger point, because of the unusual trade agreements between that country and Germany, which provide that Germany shall receive enormous supplies of coffee from the South American nation and export to them in return manufactured goods dollar for dollar. Chile is another possible danger spot.

Colonel Johnson believes Americans have adopted a false doctrine of peace, the idea that, "We'll fight, yes, if our country is invaded, but we'll not fight outside of this country." He sees this as a declaration to Europeans that they may do as they like in Central and South America so long as they do not invade the United States.

"Will the United States enforce the Monroe doctrine or not?" In Colonel Johnson's opinion we should reinforce our position in a new Monroe doctrine adopted jointly by the 21 American republics, not by our country alone.

## SPARTAN MEN PACK DECEPTION, LINE IS TOUGH

### Loss to Bearcats Due to Bad Breaks

By CHARLES FENDIG

The Spartans ran into some bad breaks last Saturday afternoon, and as a result were deprived of what was on the verge of an upset victory, losing to the Bearcats of Cincinnati U., by a score of 7 to 6.

Fighting desperately to take home a victory, the Bearcats were knocked back on their heels in the last half of the game by the sheer fury of the Spartan attack. The red, gold and black clad warriors, fighting to overcome a one point lead, had advanced the oval to Cincinnati's seven-yard line. With four downs to make seven yards, the Spartans gambled on four line smashing plays.

But Cincinnati's smartly coached and hefty line rose to meet the occasion and four times they hurled back the Spartan's vain attempts. When the smoke finally cleared the pigskin rested but six inches short of a Spartan victory!

#### Loss by Lone Point

With the entire last quarter being played in the rain, the Spartans' tricky offense had little chance of getting started—and thus ended the game with our boys losing a one-point heartbreaker.

In earlier games played this season Tampa U. unleashed a pair of touchdown twins in the persons of Paul Hance and Champ Williams. These sophs proved their pre-season notices by coming through in fine style.

Paul Hance, last of the football playing Hance brothers, has displayed that he has no intention of being outshone by his illustrious brothers. He coordinates shiftiness and speed along with his better-than-average passing ability to make him formidable opposition for the best.

Champ Williams, an unknown quantity until this year, scored the first time he was given the ball in the first actual football game he had ever played. Williams' greatest assist is his deception, which is baffling at times, even to those who know his style.

Along with these boys the Spartans have Dick Spoto, ace passer and veteran backfield candidate of the squad, and Jim Mandula, another veteran, holding down the fullback slot where his offensive drive and defensive strength are used to great advantage.

Also there is Orris Beynon, 190-pound quarterback, whose fine blocking and defensive strength have stood out. Fred Comparato and Jap Simmons have proved themselves capable reserves and doubtless will see more service this season.

The Spartan line, which has been praised highly because of its fast charging tactics, has shown plenty of strength throughout the early games; even in the tough Miami battle the Spartan stalwarts came back in the last quarter to give the Hurricane a struggle.

Paced by Al Yorkunas, one of the finest centers in the state for two years, the Spartans have Ben Filipski, Paul Alfieri and Fred Manucy, all capable guards.

At tackles we have big Emory Brown, Clair Pittman, former Plant star, hefty Ed Pogue, Driskell and Ott from whom to choose. Lanky Phil Thomas and Russel Mumbauer have proved capable flankmen, and Dick Schleicher, 180-pound end and ace punter of the squad has also shown his worth.

Thus the Spartans have a well-rounded squad with particular emphasis being placed on their possibilities of development. In the South Georgia State game they displayed speed, ball handling ability, and defensive strength.

Against Miami the Spartans were outclassed by a team which later outclassed Florida, and against Cincinnati U. they displayed their ability to come back from a crushing defeat of a week before and still play a fine brand of football.

The Spartans doubtless will enter the Florida game Saturday night as the underdog. However, possessing a keen desire to upset the favored State eleven, and wishing to redeem themselves in the eyes of local supporters, the Spartans have assured one and all that when it is all over Saturday night the Gator that returns to Gainesville will at least be crippled.

## He'll Be in There Fighting

Al Yorkunas, Spartan Center

## Sigma Theta Phi, Alpha Gamma Win Volley Ball Games

Girls' intramural volleyball has been delayed twice by rain but the first play-offs between Sigma Theta Phi vs. Delta Kappa and Alpha Gammas vs. Dormitory have been played.

Sigma Theta's broke an all-time record when they definitely gave the Delta Kappas a severe beating last Thursday. S. T. P.'s downed their opponents by 21 to 5.

Those playing for the winning team were Gloria Gutierrez, Edna Wilson, Ruth Jolley, Rita Higgins, Louise Griffin, Thelma Morgan, Verna Vining, Margie Dyer and Libby Bardin.

The D. K.'s were Emma Jane Sacrey, Frances Alderman, Kitty Ann Sweat, Mary Wells, Helen Verdyck, Celeste Dervaes, Phyllis Flanagan and Tula Carter.

#### Wins Close Game

The combat between the Dormitory and the scrappy little Alpha Gammas was much closer. After a tiresome struggle the Alpha Gammas managed to win by 21 to 14.

Those representing the Dormitory were Frances Macnamara, Josephine Price, Marie Lewis, Charlotte Moles, Miriam Quarrels, Patsy Wall and Jane Pratt. Their opposing team was composed of Margie Segall, Deltina Diaz, Elisa Alvarez, Odessa Dietrich, Dolores Menendez and Mary Collura.

Miss Ruth Moffatt, girls' physical education director, has asked that the three sororities select 12 members to represent their respective teams for the coming year. All other members or pledges will be placed on other teams.

#### Personnel Announced

Those representing the Alpha Gamma sorority as announced by Margie Segal are Deltina Diaz, Dolores Menendez, Elisa Alvarez, Mary Collura, Olessa Dietrich, Olga Martine Lydia Palenzuela, Anna Lazzara, Lola

Jane Wallace, Florence Lutz, Evangelina La Fuente and Margie Segal, manager.

Representing the Sigma Theta Phi's are Ruth Jolley, Rita Higgins, Gloria Guterez, Jackie Jameson, Gennie Sultanfuss, Wilma Brant, Verna Vining, Louise Griffin, Margaret Reading, Thelma Morgan, Mickey O'Berry and Mickey DeWolf, manager.

For the Delta Kappa's are Mary Frances Mathis, Frances Alderman, Celeste Dervaes, Kitty Ann Sweat, Marjorie Wells, Helen Verdyck, Frances Sessions, Mary Ann Sampey, Blanche Sessions, Phyllis Flanagan, Mary Elizabeth Webb and Emma Jane Sacrey, manager.

## METHODISTS CLAIM FOURTH OF STUDENTS AT UNIV. OF TAMPA

Baptist, Presbyterians and other denominations had better look to their laurels, for, of the 18 denominations represented at the University of Tampa, Methodists claim 122, almost a fourth of the entire student body. There are 102 Baptists, 93 Catholics, fifty Presbyterians and 26 Episcopalians.

Eleven representatives of the Jewish church are students, and nine are from the United Brethren.

There are five each from the Congregational and Christian churches, four from the Greek Orthodox, three from the Christian Science, two from the Seventh Day Adventist, and one each from Unity, Universalist, Assembly of God and Tampa Gospel Center.

Seventy-one students expressed no preference as to religion.

## THERE'S A WORLD OF COMFORT

In clothes that really fit you and give you an individual style.

Clothes that are distinct, individual, snappy, without being loud.

That look as though they belong to you . . . and feel that way, too.

Our specialty is in making clothes for men who know the value of being well groomed . . . men who appreciate the quiet correctness and individual style we put in clothes.

That's why we make our clothes so desirable and so economical.

You'll wear a FICCIO suit twice as long as ordinary clothes because you'll enjoy its comfortable fit and good style.

## V. FICCIO SARTORIAL

207 E. LAFAYETTE ST.

PHONE H-56282

If there is anything called "luck" the Cincinnati boys had a monopoly on it last Friday afternoon, and if there is anything like "tough luck" the Spartans had all of it.

The Tampa team should have won the game by two touchdowns, in our opinion. We believe if the rain had not come when it did, the game would have been won by the local team.

Any way you look at it, it was a tough ball game to lose, especially after the Spartans had played their best game of the season. After the first quarter the contest was Tampa's all the way.

There were several aspects of the game, however, that give us hope that tomorrow's tussle with the Gators will not prove easy for the Florida team. The fine defensive play of the

plenty of speed in the field and his return of the Cincinnati punts was quite commendable. Champ Williams is still doing what he has been told—to get the ball and "run like hell." He is following instructions perfectly, as everyone saw last week.

Those of us who were wondering what had happened to Dick Spoto this season can cease to wonder. We believe Dick has hit his stride again and will play the type of game that made him one of the most promising backs on the Spartan squad a few years ago. Dick can still pass that pigskin and he'll get a lot of opportunities to show it in tomorrow's game.

Jim Mandula was at his best as the Spartan's line plunger last week, and

## LOOKS LIKE THE "MIAMI JINK" DECIDED TO HAUNT US FOR A WHILE....

Tampa line was a pleasing relief to local fans after seeing the Miami defeat.

The way Coach Pierson's boys consistently stopped the Bearcat offense shows that the Spartan's have an improved defense which will be greatly needed tomorrow night.

The few Cincinnati fans who followed their team to Tampa were of the opinion that the Spartans were just a "breather" for the Yankee team. It was—they must have "breathed" a sigh of relief when the game ended 7 to 6 with the Spartans on the wrong side of the score.

Although the entire line in general played heads-up football, the boys who won our attention were Ed Pogue, Bill Dmytryk, and Al Yorkunas. The first two attracted our attention be-

Ossie Beynon played his usual determined game. We had a hard time keeping up with Ossie. He changed from quarterback, to halfback to guard during the entire game. Although Ossie is as good a back as any other on the Spartan team, his play at guard was one of the bright spots in the strong defensive game that the Tampans displayed.

However, the heartbreaking defeat last week is past and everything is looking rosy for the game tomorrow night. The chances for an upset over Florida appear more real today than it did at the time the Gator game was scheduled.

At the beginning of the season the Florida Gators were hailed as the strongest team the Gainesville school has seen in several years. This was supposed to be the year that the Flori-

cause it is the first time they have played long enough in a competitive game to show their ability. Pogue turned in a nice performance as tackle.

Little need be said about Yorkunas. Al always turns out a bang-up game in backing up the line. Last week "York" was everywhere. He would crash from center to end through the Bearcat line and smear play after play. He was at the bottom of practically every pile. Enough cannot be said of the rambling Spartan center. He turned in his best performance of the year in last week's game.

The Tampa backs didn't stay far behind their improved line either. Most of the time they were far ahead with some nice long runs that made the Tampa-Cincinnati game a thriller. Paul Hance continued to show

da Gator had grown teeth large enough to bite in place where it would be effective.

Beginning with the Stetson game, however, the Gators didn't bite hard enough and if it is still true that the Gators can bite, thus far they have been muzzled by the other teams.

We understand, however, that a gator can use its tail very effectively. So we are cautioning the Spartans to muzzle and tie the Gator so hard that they might be able to hang a "Gator skin" in their trophy room.

The game means a lot to the Tampa boys. It will be the first and last time that some of the "fellas" will take a crack at the Florida team. They have been pointing for this game for years. Let's everyone go and help them bag the Gator.

**Watch Him, Gators, He's Tricky**

Orris Beynon, Spartan Halfback

**COACH HATCHER  
LIKES ATTITUDE  
OF FRESHMEN****Baby Spartans To Play  
Four Games**

The Baby Spartans have games scheduled against the first year men of Stetson, Rollins, Miami, and the Pensacola Naval Air Station, Freshman Coach Earl Hatcher said yesterday.

Last year the Tampa freshmen defeated the varsity in a practice game and fought a 7 to 6 win over the Miami frosh. The Baby Spartans lost to the Naval Air Station and the Rollins "B" team.

Dates have not been set for any of the contests, as the freshmen are being used against the varsity to condition them for the coming games. The first game probably will be played by the end of October.

The material on the Baby Spartan team is exceptionally good this year, Hatcher said, and speculations are that the freshmen will give a good indication of what Spartan teams for the next few years will be like.

**Twenty-one on Squad**

The squad is composed of 21 members representing many sections of the country, who were weeded out of approximately 75 youngsters who reported at the Spartan football camp for try outs at the opening of the season.

Because of the tough competition they have been giving the varsity, several first-year players have been injured. None is serious, however, and the squad should regain its full strength within a few days.

**Coach Likes Attitude**

Asked about the prospects for his team, Hatcher said he was highly pleased with the attitude the boys had displayed.

**"A Great Group of Boys"**

"We have a great group of boys out there," Hatcher said enthusiastically. "They all love football. I have a hard time keeping some of the crippled ones on the sidelines."

Hatcher said the freshman team which usually lines up against the Varsity is composed of Frank Brown, 190-pound center from Fort Meade; Bill Read, Tracer, Iowa, and Mike DeVito, of Watertown, N. Y., guards; Bill Jasiunas, East Hampton, N. Y., and Lutz Smehyl, Brooksville, tackles; Donald Gray, Hastings, and Orrie

Clash Tomorrow**

(Continued from Page 1)

not played this year due to a badly injured knee, may see action Saturday night. Paul McClosky, another sophomore back, who has been out with a sprained ankle, reported this week, and is expected to add speed to the Tampa backfield.

**Spartans Practice In Secret**

Spartan fans were barred from practice this week. Coaches Higgins and Pierson put their charges through several secret practices and scrimmages in preparation for the Gator game. Little was known about their activities, but indications are that the Spartan coaches had dug down in their bag of tricks in hopes of surprising the favored Gators.

No information as to the starting lineup for the Tampans was available at press time. Indications, however, are that several changes from the starting lineups of previous games will be made. Probable starting backs on the Spartan team may be Dick Spoto, Jim Mandula, Ossie Beynon and Paul Hance.

Latest reports from the athletic office indicate the game will be a sell-out. Phillips field stadium has accommodations for about 12,000.

The game tomorrow night will mark the Gators first appearance in Tampa since the Florida team played its last game here three years ago.

**SPARTANS SNATCH CAPS**

Tampa University Spartans may have lost the football game to the Miami University gridders, but the scores of Tampa University students who went to Miami to watch their boys "bring home the bacon" were not to be denied. And so, upon their return to the University campus, they began to display numerous Miami U. "rat" caps, obtained during the game.

**Intramurals**

The intramural athletics program has been seriously hampered by rain since the beginning of this semester. Wet fields have caused cancellation of touch football games in two out of three starts, and with only one game recorded for each team, it looks like a long season.

In starts this season a promising Rho Nu Delta team won by forfeit over the Plebes; S. K. N. nosed out Sigma Epsilon by a 7 to 0 score, and Tau Omega battled the Beta Chis to a scoreless tie.

The Skins won their game over the Engineers in the first play of the game with McMullen intercepting a forward pass and lugging it for a touchdown. Pinholster took a pass in the flat zone for the extra point.

Beta Chi and Tau Omega flashed good form at times in their game, with T. O. having difficulty in holding on to passes.

Yesterday's games were postponed because of the student council assembly. Next week the undefeated Skins play Tau Omega, who tied their first; Plebes tackle Beta Chi; and Rho Nu Delta meet Sigma Epsilon.

**STANDINGS TO DATE**

	W.	L.	T.
Sigma Kappa Nu	1	0	0
Tau Omega	0	0	1
Beta Chi	0	0	1
Plebes	0	0	0
Rho Nu Delta	0	0	0
Sigma Epsilon	0	1	0

In the only other sport in progress in intramurals, ping pong is progressing according to schedule. The third round was completed yesterday and favorites are holding their own. Tony Freedy, last year's champion, is in the top bracket with Dick Sexton, city champ, and the winner in this top bracket should take the top man in the lower bracket.

Life will give you exactly what you ask of it—if only you will ask long enough and plainly enough.

## Professorial "Doodlers" Confess Their Particular Form of Art

Pardon me, but do you "doodle"? "Doodling" is not a new dance; it is rather what you do with your hands when there isn't music that you do with your feet when there is.

At the University we have non-confessed "doodlers," confessed "doodlers," and violent "doodlers." Among the violent "doodlers" we have Dean Hale, who is one of the world's best. He begins, generally, with a double cross (as in Tit-Tat-Too) and works out with peculiar ornaments until the whole sheet of paper is a masterpiece of "doodling."

Miss Brown is another of the world's best "doodlers." Her favorite "doodle-pictures" are pumpkins and cats. The wall near her telephone at home is covered with this gala Halloween motif. For variety's sake she indulges in geometric designs.

Mr. Pearson goes in particularly for squares and triangles, but, like the Dean, he occasionally draws the Tit-Tat-Too motif. However he is not quite so accomplished in this design.

Mr. Dobson's "doodling" runs to heavenly bodies—he designs stars. Occasionally, he places a small dot in the center of the star and enlarges the dot until the star is completely obliterated—a dark cloud, no doubt.

### A Versatile Doodler

Mrs. Wenona Marbourg is very versatile in her "doodling." She draws arrows in numerous shapes and sizes, makes circles and keeps going 'round and 'round and, as a finishing touch, places a dot in the center. Furthermore, her accomplishments are also listed among those of the "o fillers."

Another of our champion "variety-doodlers" is Dr. Bode. Proudly he remarks: "I never do the same thing twice!" His favorite "doodle" sign is to merely run his pencil back and forth, back and forth. He confesses, however, that his designs are very

unsymmetrical. He also cracks his knuckles.

Rabbi Zielonka's "doodling" takes a different form. He does not deign to use a pencil. He counts his fingers. "I want to be sure they're still all there," he added in an explanatory manner.

Dr. Sherman also disregards the pencil and in its place uses the letter-opener. He shakes it violently, rubs it along his cheek, and tickles his moustache with it.

### Here's a Remedy for It

Dr. Laub is perhaps the first professor at the school to receive a remedy for "doodling" from his student. Dr. Laub's habit was that of always hitching up his trousers, so one day his students presented him with a brand-new pair of shiny suspenders. In addition to hitching up his trousers he scratches his head, but no one has yet given him a back-scratcher to use on his head.

Dr. Kraus: Quote — "Doodling is for nervous people; I always keep calm and composed."—unquote. Dr. Kraus' outlet for energy consists of walking up and down with a book, bowing from the waist, and perking his head to one side and nodding.

Mr. Bethel also discards the pencil-type of "doodling;" he prefers to rub his right eye or stroke his hair.

Dr. Morley is in a class by himself; he is one of the "lost" individuals who don't know whether they "doodle" or not.

Miss Thompson has a special time to "doodle"—only when she is sitting down near the telephone. Her recreation takes the form of squares of different sizes.

Mr. King designs various geometrical figures connected with curves, and they are noted for their complexity. He says: "What I do on one side I always do on the other."

## Schedule of Events

### UNIVERSITY OF TAMPA HOMECOMING FRIDAY NIGHT (Homecoming Eve)

8 p. m.—Torch parade, bonfire, pep meeting. Vacant lot on North Boulevard near fair grounds.

### SATURDAY (Homecoming Day)

12 Noon — Sigma Kappa Nu alumni luncheon, Landers Tea Room.

1 p. m. — University of Florida alumni luncheon, Tampa Terrace hotel. Dr. John J. Tigert, Dr. John H. Sherman, Frank Wright, speakers.

3:30 p. m.—Annual homecoming parade.

6 p. m.—"Gator Special," University of Florida special train arrives at University of Tampa Stadium.

6:30 p. m.—University of Tampa buffet supper, Hillsboro hotel.

8:45 p. m.—University of Tampa—University of Florida football game, Phillips field.

11 p. m.—Homecoming ball, Davis Islands coliseum.

## SKN Alumni Ass'n Luncheon To Become An Annual Affair

As part of the homecoming activities tomorrow the Sigma Kappa Nu Alumni association will hold a luncheon for all fraternity alumni at 12 o'clock noon at Lander's tea room.

This will be an annual affair, at which the officers of the association will be elected.

The association was organized last Tuesday night, Oct. 11. Plans also have been drawn up for the celebration of Founders day of the fraternity, Dec. 20, when both alumni groups and active groups will celebrate the fifth anniversary of the chartering of the fraternity.

Sigma Kappa Nu fraternity pledged prospective members recently and opened pledge court Wednesday under supervision of Arnold Donaldson, president, and Jimmy Whitney, pledge captain.

Officers of the new members, elected after the pledging ceremony, are Joe DiBona, Tampa, president; Robert Clinton, Tampa, vice president, and Joe Sprott, Lakeland, secretary-treasurer. Other pledges are Oscar Parker, New Smyrna; Earl Plane, Kissimmee; Lem Bell, W. E. Kinnard, Bill Hopkins, John Wainwright, Jack Goodson and Collins Whitehead, all of Tampa.

The Alumni entertained the members, pledges and their dates recently with a theater party followed by a dinner-dance at the Columbia restaurant.

"Don't bother me, I'm writing to my girl."

"But why do you write so slowly?"

"She can't read very fast."

**MONUMENT SERVICE STATION**

An old-fashioned girl blushes when she is embarrassed, but a modern girl is embarrassed when she blushes.  
Exchange.

Buy a hot-dog tonight. Proceeds go for Junior-Senior banquet.

## Tampa U. Band To Face Acid Test Between Halves

While the Tampa U. Spartans and the Florida Gators are plunging toward each other's goal lines tomorrow night, another contest will be under way between the rival schools, represented by their bands.

Between the halves, the 88-piece University of Florida band will compete for show against the newly-uniformed band of the University of Tampa, which contains 48 members.

### Test for Spartans

This will be a supreme test for the Spartan musicians as they will be endeavoring to uphold their reputation as the "best little band in the state." The marching band of the University of Florida, which numbers 88 pieces, is considered to be most skillful in executing formations. The Florida specialty is the Fordham "F" which is made to cover the entire playing field, from sideline to sideline.

The Tampa outfit will put on a special show of unusual formations and the usual marching tunes will be augmented by appropriate swing tunes. These drills are planned and executed by Herman Hancock and Dale Petersen, drill major and drum major, respectively.

This will be the second appearance of the University band since they have obtained the new caps and had the uniforms refitted. The first performance, between halves of the

Cincinnati-Tampa U. game, showed much improvement over the good form of last year, and Petersen, the lanky leader, gave a brilliant display of his twirling ability.

### Battle of Leaders

The battle of bands will also be a battle of leaders, as Petersen's rank as a leading major will be contested by the high-stepping Joe Madding, who is assisted by Owen Pillars.

Madding, a frosh from Pine Bluff, Ark., made his first appearance as the head major of the Fightin' Gators last week during the Miami-Florida game. His fame preceded him from Riverside Military academy, through Coach Carlos Proctor, who saw Madding perform.

The new drum major won the national title for instructions in drum majoring, which is the commanding execution and mechanical side of leading a band on the field.

Besides his ability on the field with a marching band, Madding is a drummer par excellence, having had instruction from the best jazz drummers in the country, Gene Krupa and Chick Webb. In the regular band he lends a hand with the snares.

The swing unit of the Tampa U. band is led by our own local men: the torrid trumpeter, Jack Williams; the campus Benny Goodman, Jerry Nelson, and John Hall, who will give even Mr. Madding some drum competition.

## Officers for New Club Are Announced

Mary Frances O'Berry recently was elected president of the newly organized Home Economics Club. Other officers are Mildred Allison, vice president, Ellen Rice, secretary, and Sarah Morgan, treasurer.

A committee was appointed to draw up a constitution which will be read at the next meeting for approval and for the affixing of signatures of charter members.

Other committees were appointed and are at work on various phases of the club's activities. Several social functions will be given soon to bring about a closer friendship among the members.

Dr. Minna C. Denton is faculty advisor and Miss Caroline Melber, a new faculty member in the department, is an honorary member. All

women students of home economics are eligible for membership.

Those present at the first meeting were Bernice Horne, Genevieve Sultenfuss, Betsy Ann Berry, Mary Jane Watson, Ester Frisina, Mary Frances O'Berry, Mary Sears, Mildred Allison, Sarah Morgan, Lyda Confer, Ellen Rice, Joyce Kehoe, Dr. Denton and Miss Melber.

### INTRUSION

In clouds of grey-green vapor  
My mind's ambitions rise—  
Lord, I am not a student, now,  
I am only a girl who cries.  
CECELIA.

"Frequent water drinking," advised the specialist, "prevents you from becoming stiff in the joints."  
"Yes," said the coed, "but some of the joints don't serve water."

Wife: Henry, do you know what the clock says?

Hubby: Yesh, my love. Tick-tock, tick-tock.

## LOG OF THE SHIP "SPIRIT OF TAMPA UNIV." IS DISCLOSED

The good ship, the "Spirit of Tampa U.," with Pilot Zendegeui, Co-Pilot Donaldson, Engineer K. Reed, Host Tillis and Stowaways C. Dervaes and Emma Jane Sacrey made up Louis's mind to go to Miami at 11 o'clock. We left at 12:40 from the airport of the hostess.

We hit a windpocket at Ruskin and were forced to detour for about 3/4 of a mile. After that our course and time ran something thus:

Ruskin—1:15.

Palmetto—1:30.

Bradenton—1:35, with a two-block detour.

Sarasota—1:55, lost bearings, wasted five minutes.

At 2:20, overtook the crate piloted by Ginger Roberts. At this time we transferred to the Spirit of Tampa U. one sandwich, four pieces of cheese, and four thin pieces of cake. Co-pilot ate sandwich; the rest devoured the remains, but were still very hungry.

The hostess lost the very distinguished hat at 2:50. We lost three very valuable minutes in order to recover lost article.

Punta Gorda at 2:55 and blew out an exhaust gasket.

Fort Myers at 3:22. Left here at 3:40 after having refueled boat, eaten a sandwich and guzzled a cold drink. Pilot Roberts of the crate gave us three bananas, one apple with a whole worm and 10 grapes with sand.

Estero—4:00.

Naples—4:25.

Between Fort Myers and Naples the course was very rough and bumpy.

Ochopee—4:50, stopped for three gallons of gas.

Miami at 6:30

Lost our bearing for 10 minutes.

### Federal Theater

The Rialto Federal Theater, 1625 North Franklin street presented "When Knighthood Was in Flower," Thursday night, Oct. 20. It was a romantic drama in four acts rewritten in 1931 by Paul Kester, from the novel written in 1898 by Charles Major.

This is the first of a series of plays selected by the Federal Theater to be presented by the Jacksonville touring unit for the 1938 and 1939 season.

Other plays to be presented this season include "If Ye Break Faith," "Rise of Silas Lapham," "R. U. R." and the "Sawmill."

Admission price, 15c.
