

## 60 NEW PUPILS REGISTER FOR SECOND TERM

### Include Out-of-Town Students

Sixty new students have registered at the University of Tampa for the second semester, according to announcement by Dean M. S. Hale's office.

This makes an increase over the first term's registration and brings the total to probably the highest enrollment during any year since the organization of the institution. Dean Hale was very proud of this registration and believes the University is striving forward all the time.

The list includes a few pupils who have attended the university before, but were not enrolled the first semester this year. A large number of January graduates of the two local high schools, Hillsborough and Plant, are starting their higher education at Tampa U.

Several out-of-town students have enrolled and three out-of-state pupils have also registered. Out-of-town registrations include: Louis Torbert, Sebring, Ohio; George Aubert, Monroe, La.; Harriet James, Morristown, N. J.; Lincoln Dowell, Lutz; Virgil Harris, Davenport; Thomas Metcalf, Sarasota; Robert Slater, Sarasota; and Donald Wallin, Mango.

#### Tampa Students

Tampa students listed are:

Paul Alfieri, Sam Alfieri, Mike Bacarella, Betty Ann Bamon, Eleanor Bates, Mollie Bergman, Rae Birnback, Gwen Blake, Robert Boggs, Mary Burgess, Mary Glenn Coarsey, John Cobke, Martha Lee Curtis, Mrs. Lonnie Day, Mrs. Ida Decker, Oscar Denham, Betty Dickinson, Mary Dominguez.

Billy Edwards, Carmen Hernandez, Mrs. Louise Folsom, Mrs. Nell Fowler, Lloyd Gillett, Harriet Gregory, Clifton Hall, Albert Hand, Priscilla Henderson, Harriet Huson, Maella Johnson, Beth Kennedy, Louise Lomax, Hugh Macfarlane, Jack Markey, Julia Martinez.

Carmen Moran, Marvin Nelms, Delia Pacheco, Mrs. M. Perry, Richard Powell, Christine Ramos, Kenneth Reid, Bennett Rutkin, Morris Rutkin, Dorothy Sanford, Sister Rose of Mary, Sister Lillian Josephine, Sister Julia Patricia, Sister Veronica Maureen, Mrs. Minkie Tweet, Manuel Vasquez, Helen Walker, and Mrs. Earl Whitaker.

This list has 25 boys listed and 35 women.

#### SPEAKS TO CLASS

Mrs. "Sunshine" Verplank, society editor of the Tampa Daily Times, was a guest speaker in the Journalism 301 class Wednesday afternoon.

Mrs. Verplank discussed society writing and editing and gave suggestions to the students for improving their journalism.

## Campus Magazine Off Press Soon

Dr. E. B. Hinckley, English professor, announces that "The Muezzin," University of Tampa's literary magazine is in the hands of the printers and will be off press next week.

Dr. Hinckley is editor of the publication and states that this issue, the first this year, will run about 36 pages and sells for fifteen cents at the bookstore.

It contains stories, poems, articles, and other literary features all written by University of Tampa students and each member of the student body should purchase one to learn the literary talents of Tampa U.

## "Babe" Didrikson In Golf Match For Spartan Club

By HAMPTON DUNN

"Babe, see those fellows over at the clubhouse with big T's on their sweaters? They are University of Tampa football players—don't try to vamp any of them!"

"O. K. I'll only take three or four of them for souvenirs," replied Mildred "Babe" Didrikson, world's No. 1 woman athlete, to her manager, Capt. Henry Lawson.

It was the occasion of her golf exhibition Sunday at the Palma Ceia club the amazing Texas star made this statement. The exhibition was sponsored by the Spartan club, a group of local business men who aid the athletic association in supporting the Tampa U. athletic program. A group of footballers handled the ticket sales for the event. Tom Tallifero, president of the Spartan club, refereed the match.

"That girl has more energy than any three persons I have ever seen," remarked her manager to this writer (he does most of the talking for the famous athlete).

"One afternoon last week she played 36 holes of golf, and followed that with three hard sets of tennis—all in one afternoon!"

#### Is a Real Athlete

"Yes, sir, she is a real athlete. From the first of December through April 7 we are on a good-will tour that will carry her to all parts of the United States. The purpose of the tour is to prove to the fans her versatile abilities," he continued.

Asked if Miss Didrikson was participating in any other sports while on the tour, Captain Lawson stated that the "Babe" had confined her exhibitions to golf, and was improving her game with every match. Babe, whose home is in Beaumont, Tex., started the world in 1932 when she stole the show at the Olympics by capturing one event after another.

Talking to the manager while following the matches, we learned several interesting facts about the star.

"Babe is very temperamental at times," he said, "but I am trying to break her of these outbursts of temper. She will get mad at herself on

the links when she doesn't show up so well."

#### Has Two Bad Habits

Although she gets riled at times, Miss Didrikson has a pleasing personality as one realizes when talking to her. She has two bad habits, according to her manager who is constantly with her. One of these is smoking cigarettes. She smoked nearly a package during the 18 holes at the exhibition Sunday (we can't name the brand, as that would be getting a bit commercial), but they evidently do not "get her wind." Attending movies too often is the other bad habit she has.

The star is a fairly attractive young lady with, of course, athletic features, which were set off in her costume, a white flannel skirt and blue and white blouse, at the exhibition for the Spartans. She is slender, but really has a drive, probably averaging about 250 yards. She got off a 265 yard drive Sunday.

A Cincinnati sporting goods house is sponsoring Babe on her tour, and furnishes her equipment and publicity. She has driven her smart coach 10,411 miles since Dec. 1, including a trip to Mexico City. Exhibitions are her chief source of income.

After the hard match with Florida's leading golfers at Palma Ceia, the "Babe" enjoyed a glass of milk and refreshing orange juice in the grill.

#### May Return to Tampa

Talking to the writer about the small number of spectators, Miss Didrikson said, "Well, you can't expect many as the exhibition was worked up too fast. I hope to come back to Tampa again soon and we will make some money for the Spartans as there may not be other attractions and we will have more publicity."

"I like Tampa and Florida and hope to visit here some more," she said. Of course she was invited to pay the University a visit when she returns. The outstanding woman golfer received her higher education at the University of Southern California.

Several University boys are proudly displaying Miss Didrikson's autograph to friends this week, as she gladly signed cards, etc., for the collegians. Orris Beynon learned that she used one golf ball to every four holes when he asked her to autograph one for him.

## Week-End Cruise To Be Made by Student Yachtsmen

Members of the University Yacht Club last Monday night made preliminary plans for a fleet cruise to the Little Manatee river. The members propose to leave Tampa some time after noon Saturday, March 7, and sail to Cockroach Island, near Ruskin and disembark.

There it is planned to have a fish fry. After the supper the party plans to attend an old-time square dance in Ruskin. The yachtsmen will spend the night on shipboard and in cabins which are available at the mouth of the Little Manatee. The fleet will return before noon on Sunday.

At Cockroach bay government officials are excavating skeletons and relics from the huge Indian mounds. The work is supervised by Bruce Simpson, state archeologist. Students of University of Tampa's archeology classes have visited these mounds several times.

Completion of plans for the cruise will be made next Monday night at 8:30 when yachtsmen will convene in the university club room. Since the cruise is not a Yacht club affair anyone interested in the trip is invited to attend the meeting. Several members of the University faculty have been invited to join the cruise as chaperons.

Available boats for the cruise are: Culbreath's "Jolly Roger" with a capacity of three passengers; Bill Logan's "Wind Lass," with capacity of eight; Val Kreher's "Valarian," 10; and Joh Schaub's boat, capacity, four,

The sleeping facilities of these boats are necessarily less than the cruising capacity, hence the necessity of "bunking" in cabins by part of the party.

#### RADIO PROGRAM SUNDAY

University of Tampa will again be on the air waves Sunday afternoon in a regular bi-monthly program over radio station WFLA, from studios in the Tarr building.

Prof. August Ingley's band will be featured and a prominent faculty member will be the guest speaker at that time. These programs are arranged and presented by the publicity department of the university.

## Conscience Hurts; Fan Sends Money For '34 Grid Game

"Diogenes cease your search. Hang up your lantern and hunt no more, your honest man has been found." Such information was issued from the athletic office early Tuesday morning when excited athletic officials announced the receipt of a letter bearing four carefully wrapped dimes. The letter explained that the enclosed sum was in payment for a ticket a fence climbing football fan forgot to buy to the Newberry College game in 1934. The writer explained that a troubled conscience prompted his action.

A letter of appreciation and five cents in change was sent to the writer residing in a nearby town.

### Speaks Here

FRANK P. JOHNSON

## STUDENTS HEAR FRANK JOHNSON ASSEMBLY TALK

### Three-Act Comedy Is Next in Series

Frank Preston Johnson, noted newspaperman and world traveler, was the featured speaker at University assembly in the Municipal auditorium yesterday morning. His visit was sponsored by the Collins Entertainment Festival which will present its last program of a series next Wednesday evening with a three-act comedy, "Paupers and Pews."

Mr. Johnson spoke intelligently, thoughtfully, and convincingly on the topic, "Recovery Through Discovery." The speaker is sure that in a large measure complete recovery lies in closer cooperation between science, industry and agriculture, with a healthily stimulated agriculture the real key to the situation.

Preston Johnson has devoted years of study to many sides of the problem, and believes that when the farmers have money, everyone has money, and practical men are right now on the trail of a solution to that problem.

Visitors to assembly, as well as students and faculty members, were well impressed with Mr. Johnson's coverage of the national subject.

#### Comedy Is Next

University students have a treat in store for them when the three-act comedy is presented in the music room Wednesday night as the last of four entertainments held annually at the school.

"Paupers and Pews" is the story of an incident in the lives of a group of ordinary people in an ordinary town; an incident which might have happened to any group of people in any town. But it turns out to be one of those revealing incidents, which, while commonplace in itself, brings hidden facts to light and marks an epoch in the lives of several people.

The Rev. Paul Jones, a very young minister, with very little practical experience, is called to succeed the aged Dr. Somerville, who is retiring after 30 years as pastor of First church, Glenville.

#### Minister Has Problem

Upon arrival in his new field, the Rev. Mr. Jones discovers to his unsophisticated amazement that the town is divided by a railroad into two distinct social classes. The less favored who live "north of the tracks" believe that they are looked down upon by the elite membership of First church who live on the other side of the tracks. An aristocratic widow and the town "boss" convince the young minister that there is at least some truth in their belief. He sets himself to the task of correcting the situation.

## 1936 SCHEDULE IS ANNOUNCED BY CULBREATH

### Gridders Will Play Six Home Tilts

University of Tampa's Spartans will play 10 games during the 1936 football season, it was announced by W. E. Culbreath, business manager of the athletic department. The schedule lists six games in Tampa and four on the road, and is by far the most impressive program ever attempted by a Tampa U team.

The Spartans will play their last season under probation of the S. I. A. A. conference before becoming a member of that circuit.

Highlights of the 1936 schedule are provided by the visits of University of Tampa's arch football rivals, University of Miami, Stetson U, and Rollins college, who with Tampa U form the mythical "Little Four" athletic conference of Florida smaller colleges. Miami will play here on Oct. 9, Stetson on Oct. 23 and Rollins on Nov. 20. The latter date has been proclaimed homecoming day by university officials.

#### Schedule Open Oct. 2

The schedule will open on Oct. 2 when the Georgia State college team will be met at Douglas, Ga. and will close on Dec. 4 with a night game against the powerful Western Kentucky Teachers in Tampa.

The Spartans will invade Georgia a second time on Oct. 17 when they clash with the South Georgia Teachers at Statesboro. In this game they will take part in ceremonies dedicating the new football stadium which is in course of construction at Statesboro.

Newberry college comes here for a game on Oct. 30. The following week, the local team will travel to Ruston, La. to battle Louisiana Polytechnic Institute. The strong Cumberland university eleven from Lebanon, Tenn. will play in Tampa on Nov. 13.

The date, Nov. 26, is open at present.

#### The Schedule

The complete schedule follows:  
Oct. 2—South Georgia State college at Douglas, Ga.

Oct. 9—University of Miami at Tampa.

Oct. 17—South Georgia Teachers college at Statesboro, Ga.

Oct. 23—Stetson university at Tampa.

Oct. 30—Newberry college at Tampa.

Nov. 6—Louisiana Polytechnic Institute at Ruston, La.

Nov. 13—Cumberland university at Tampa.

Nov. 20—Rollins college at Tampa (Homecoming).

Nov. 26—Open.

Dec. 4—Western Kentucky State Teachers at Tampa.

Five sisters of Jackson, Ala., are named Ara, Era, Ira, Ora and Ura.

## Ingley Publishes Booklet of Songs

Students of the University of Tampa now have the opportunity of purchasing a song book containing the official songs of the institution, at a very nominal cost.

Prof. August Ingley, a composer and director of the University band, has published the book for the purpose of stimulating student interest in the music and words of Tampa U's songs.

The 14-page booklet contains words and music of all school songs, pictures of the University band and its director and several other features. It may be purchased at the bookstore in the lobby for 25 cents.

## FACTS AND FIGURES

Various facts about the growth of the University of Tampa that are revealed from time to time should cause a tug of pride in every student. We have had some setbacks due to deaths, loss of faculty members and students, and these things are naturally going to dim the scene of a steady process of establishment. This growth may not particularly be in the form of increased enrollments, doubling of the student body as in the first years, but it is to be found in stability of the student body, the organization of institutions and faculty, and the activities of the alumni.

The enrollment is not quite as high as last year. According to reports, it is something like 398 students. The greatest majority of last year's students are still here; a few have gone to other universities for specialized study and others have dropped. The best fact is, though, that Tampa U. is drawing scores of high school graduates of Tampa both at the first of the year and mid-term. Only five students were recorded as obtaining transfers at mid-term.

The principal social organizations seem to be firmly founded, the three fraternities and two sororities, with their memberships increasing at the present time. Miller Adams' intra-mural athletic program has taken a definite place as a source of good-will among students. The faculty is made up largely of instructors who were here at the transfer of the university to the hotel; they should feel fairly well settled. And mention should be made of the daily lobby assembly, very popular.

As to the ideas of students, those able to do so are majoring in mathematics, physics, geology, English and languages with definite intentions. Thirteen are reported majoring in one subject. The graduating class this June will consist of 22 students, almost twice that of last June, and a group of L. I. graduates even larger. The mid-year graduates of this year provide an innovation. One last interesting fact is that, in these times of unemployment and overcrowding of professions and jobless college graduates, all of these mid-year graduates found positions. Likewise, all of the June graduates found positions—all except one whose preference was marriage.

—EDGAR ANDREWS.

## A WORTHWHILE VENTURE FOR TAMPA U.

The old saying that "an idle brain is a devil's workshop" certainly holds as good on the campus at the University of Tampa as it has in the past. Now, more than ever, do collegians feel the need of industry in order to keep themselves busy with something besides the regular burden of class-work. Recreation has been offered as the best tonic for restless and unoccupied students.

But recreation will not bring about the essential good that it should without organization. If not mistaken, recreation is not only a means of developing the body, but also a means of creating or building. Many a recreative hobby has brought happiness to many people and it is the hope of all recreation leaders that recreative hobbies grow along as time passes. But what means will bring about this recreation? As has been stated time and again, only through organization will this recreation bring the needed happiness.

The University of Tampa has started along the right path towards the realization of these truths. With the three organized fraternities, Beta Chi, Rho Nu Delta, Sigma Kappa Nu, and the two official sororities, Delta Kappa and the Sigma Theta Phi, the Pre-Medical club, the Science club, the Sigma Epsilon organization, the "313 Masquers" dramatic club, the "T" club, and other organizations have helped to stimulate the much needed recreation in the University. Many other organizations will help these and certainly a well balanced program of recreation will then be an integral part of the school's curricula.

With the popular Coach Nash Higgins at the head of the athletic department, it would not be difficult to make a wide and extensive program of recreation in the University of Tampa. Coach Higgins, an athletic director at the University of Florida three or four years ago and recreation director in the city of Tampa for the past year, urges the students of the University to follow the example by the other students and join in the organization and promotion of recreation here. Certainly the University of Tampa is capable of having more than a mere dozen organizations whose sole purpose is to better the leisure problem in the school.

With the spring season around the corner, students will look more and more for activities other than classwork duties. Now is the time to organize and look forward to a sound and wholesome organization which will contribute to the general character of the student rather than detract from the present schedule. Many a civic organization in the city of Tampa will be more than glad of the opportunity of helping University students and these must not be passed without due consideration.

## MUEZZIN CALLS

### NOCTURNE

Gray evening mist  
Descends and drapes  
The emaciated trees...  
Above, the brokenchipped half of a moon  
Hangs eerily luminous in a starchut-tered sky...

Nothing but  
Silence here  
Expressing the unutterable...  
My thoughts perforate it  
With melodic patterns of you...

One similar night  
(Not far remote)  
The present moment  
Became too quickly  
A spent portion of the past...

—GEORGE KAYTON.

### EVERMORE

March or October, spring or windy fall,  
Afternoon or evening or cool dawn,  
Rain or sunshine, sleet or foggy pall;  
These will not know or care when you are gone.  
Heaven will still be drenched, or dry with drouth,  
And wild geese still will migrate north and south.

Of this, though, be assured, and do believe:  
While memory lives you still will light our way  
Even in trouble's darkness, and your gay  
Naivete, and your laughter take away  
Such mournful thoughts as come to those who grieve.

—ZORRO.

### DIALOGUE IN SPRING

#### He

'Tis a hunger and a thirst  
A strange unrest  
Within my breast  
That glows, and ever has since first  
Fair Eve did pick the fruits that grow  
Within God's orchard, ages, ages ago.

#### She

Still be the hunger, the thirst  
In that garden; who knows  
But there yet grows  
The fruit delicious that first  
Fair Eve did pick to brew despair  
(World-wide) with you in His voluptuous lair.

—PAUL JOHNS.

## PARTANETTE

BY

DOT  
TALBOT

University women cagers lost the first game of a two-out-of-three-game series with the Tampa Hospital Nurses Tuesday night for the championship of the red division of the city recreation basketball league.

The game was played on the Lee playground court and the score was 15 to 14 in favor of the Nurses. Williams was high scorer for the Nurses with 10 points and Stone was high for the University with 6.

Two first-string players on the local team are out from injuries and will probably be on the bench the rest of the season. Angelina Martino sustained a knee injury in the last quarter of Tuesday's game and Dorothy Talbot is out with a cramped muscle.

Line-ups for the first game follow:  
Tampa Hospital Nurses: Williams, f (10); Ellis, f; Long, f; McCook, f (6); Rousseau, f; Proudlove, f Rivers, g; Levy, g; Barris, g.

University: DeWolf, f (5); Rupe, f (3); Keating, f Stone, f (6); Martino, g; Trice, g; Dennis, g.

Volleyball is being played in the physical education classes again and plans are under way for another intramural tournament.

Various clubs and other organizations in the school are expected to enter teams. The most outstanding player in the league will be elected by vote of the officers of the W. A. A. and the sports managers. A medal will be awarded to the player receiving this honor.

Swimming classes will begin sometime in April and will be under the direction of Miss Dot Talbot.

Courses in beginner's swimming, advanced swimming, diving, and Life Saving will be given during the regular physical education class periods.

Students will receive training for competition in the annual swimming meet the end of the year.

Women tennis players of the University will be given a chance to show their ability in that sport this spring. An elimination tournament is scheduled to be held soon and all students in the college may enter.

The class winners will meet each other to determine the school champion, who will be presented a medal.

## Gleams From the X-Changes

Here we are again this week with comments on news and features gleaned from student newspapers of outstanding schools in the south.

From "The Tech Talk" of Louisiana Tech we learn that Claudette Colbert made selections of coeds to be placed in the year book of that institution.

'Tis a pity that Tampa U does not have an annual so that Clark Gable or someone could settle the question of just who is prettiest on our campus. It is our humble opinion that he would have a big task (Step up, ladies, and take a bow!).

A staff writer on "The Wooden Horse," of St. Pete junior college, reveals that the one and only Sally Rand is not only a fan and bubble dancer, but is also an able journalist. This should encourage the ambitious cub reporters to work hard and maybe, they too, will become a famous fan dancer. Just what is the journalism profession coming to, anyway??

Loyola university (Calif) gridders are going literary, according to "The Loyolan", student publication. The Block L. society is offering cash prizes to athletes who deliver the best three-minute oratorical speeches. Spartans, don't let the west get ahead of you.

From "The Stetson Reporter, Stetson university, quote: "George Straus, who in past years was one of the most brilliant basketball performers ever to play under the Stetson colors, felt that his boys should have won their first clash with the Hatters, and he says that Friday night his club is going to show the Stetson fans how the game of basketball should be played."

Well, Tampa showed the fans how to play, but it seems there is another school in the state that knows how to perform also.

There is poetry in dope  
And in suds of laundry soap;  
Music's found in everything,  
Even cheerleaders "try" to sing.  
—Students Weekly, Western (Ky.) Teachers college.

While 40 band boys at the University of Miami slept on unsuspectingly burglars entered their dormitory in an early Sunday morning visit, and stealthily relieved them of their valuables, "The Miami Hurricane" reports. Evidently, the intruders were not musically inclined, as all the instruments were left undisturbed.

## "313 Masquers" Club To Present Plays in Brandon

"313 Masquers," the dramatic club of the University, will present two productions at Brandon tonight, Mrs. Elizabeth Connally announced yesterday.

A three-act comedy, "Elopement of Ellen," and a playlet, "Be a Little Cuckoo," are the titles of the presentations which scored a big hit when they were given in the university music room Jan. 14, and will be repeated in the Brandon school building.

Students in the cast of the three-act comedy are Zoe Lorch, Fred Carter, Ann Peebles, Bruce Kelly, Truman Winter, Verna Vining and Bert Hernandez. Players in the second play are Myrtle Hodge Reece, Gladys Helen Harrison, Kitty Lea and Marjorie DeWolf.

Several interesting features have been arranged for periods between acts. Bert Hernandez and Miss Laura Del Rio will perform a novelty dance to the selection "The Lady in Red," and a tango. The Lorch sisters' trio, composed of Misses Zoe, Charlotte and Lorna Lorch, will render two vocal selections, "Rhythm In My Nursery Rhymes" and "Dinah."

The group will be transported in the bus owned by the Athletic association. Mrs. Connally plans to present other plays in the near future.

## PAINTER VIEWS SADDEST WORK

When Sir John Lavery, famous British painter, recently visited Dublin, Irish Free State, to receive the freedom of the city he again viewed the saddest portrait he ever painted. It was that of his wife, on which he was engaged at the time of her death. It remains unfinished, as it was that day when grief made further work on it unbearable for him. It is titled "The Unfinished Harmony." It is one of a collection of 33 of his paintings which he has given to the Dublin Municipal Art gallery in obedience to Lady Lavery's dying wish. A thirty-fourth picture is a portrait of Sir John painted by Lady Lavery. A sombre painting of the death-chamber, entitled, "It is Finished," will hang side by side with "The Unfinished Harmony."

BY  
T.L. FERRIS

The Frats and Sororities have been more excited than an expectant papa... It's octavelats at Mr. and Mrs. Delta Kappa, the new addition consists of the Misses Rogers, Windham, Sessions, Sampey, Taylor, Webb, Powell and Morrow.

Eighteen blessed events came to the Sigma Kappa Nu's last night. The Messrs. are Schaub, Pou, Donnell, Reiner, Bryan, Kelly, Ferris, Johnson, Beazley, B. Wilson D. Wilson, DePury, Gainer, Fussell, Reid, Young, Donaldson and Williams.

Mr. Beta Chi will be smoking a cigar after tomorrow evening when he will become the father of Messrs. Lindsay, J. Wilson, Beynon, Pittman, Spoto, Dmytryk, Canary, Pichard, Rhodon, Toulme, Trawick, Nelson, Craven, Smith, Newell, Mandula, Mczeika, Bloom, Wellons and Yorkunas.

The Rho Nu Delta is the proud daddy of Messrs. Prado, Anderson, Castro, Alonzo, Henriquez, Delgado, Guerra, and Coniglio.

Mr. and Mrs. Sigma Theta Phi have been anticipating and are expecting additional members in March. We'll tell you who they are as soon as announcements arrive.

So may we say, Con-brats-lulations. We wish you many pleasant nights getting the newcomers a glass of water, et cetera!

### Short story:

Minaret  
Duet  
Cigarette  
Pet.

After meeting him we may see why the Sunshine city attracts McGucken so much. (This is not a paid advertisement from St. Pete.)... That new one you turn around to look at twice is La Belle Helen Walker... If you're seeing double, it's the Alfieri twins and not what you had last night... "Mr. Si," friendly night watchman here, celebrated his birthday on the same day George Washington came into this world. Hamp Dunn celebrates his on George's death day... Have you noticed the U. of Tampa's tops on a package that is sold by the millions a day? Look on the reverse side of a pack of Camel cigs...

Free Park theaters go to Cecelia Marshall and Dewitt Trawick. The Park is showing "The Story of Louis Pasteur" with Paul Muni and "Dangerous" with Bette Davis (and she is dangerous) and Franchot Tone.

Howard Vincent O'Brien, noted magazine writer says: "I laugh when I see advertisements telling what makes one popular—learn to play the saxophone; 'do card tricks'; 'be a clever talker.' None of those things makes for popularity; they make for envy. People don't want to admire nearly as much as they want to be admired."

"I can put it all in a single phrase. Anyone who wants to be a social success can do it by learning just four words—and using them constantly. Those words are: 'What do you think?'—with just a faint emphasis on the 'you!' I have never known it to fail."

Two girls got sorta ritzy riding a cab two blocks the other darkness during inti-ache-lon... Answer to letter: No, I don't know if they have dates that nite, but their names are Mary Burress (Spencer's sis) and Louise Lomax... If you're penny-wise you'll leave your coppers at home. Just a hobby since chain letters went out of date. Mildren Allison says her favorite plants are strawberries and cotton.

### Ditty:

McGuck plays Buck  
In the lob  
She loses game  
But does not sob

(2nd verse, same poem).

Her foot was sore,  
Lame, and stiff.  
This does not rhyme,  
But what's the diff?

(anonymous)

Till the S. K. N. dance tonite,  
s'long.

### RICKSHAW SPEEDERS CURBED

Peiping, China, has declared war on speeding rickshaws, the picturesque two-wheeled passenger vehicles pulled by men between the shafts. Warnings that the pullers must slow down have been issued by the Peiping municipal government, the bureau of public safety. One notice also adds, for the benefit of the public, that for humane reasons those using rickshaws should not force the pullers to run at fast speeds. It also warns pullers for their own welfare to refuse to run fast for the inducement of a little extra-pay. The pullers are complying.

# SPARTANS ENTER A. A. U. TOURNEY; CLOSE SEASON

## Ranked High Among Favorites

After a rather hard basketball season, the University of Tampa's constantly improving cage team will settle down to the task of competing against the state's best quintets in the A. A. U. gold medal basketball tournament to be held at the Davis Islands coliseum today and tomorrow.

Although no favorites have been selected for the 1936 tourney, local basketball fans are expecting to see some of the fastest games ever played on the Tampa court. The University of Tampa Spartans, Cohen Brothers of Jacksonville, Sebring Martins, Lakeland All-Stars, Tampa Junior Chamber of Commerce, Gulf Oil company of Gainesville, Homestead, Tampa Fire Department, La Tropical Beer company, Siac Athletic club, Clearwater All-Stars, Rexall Tigers of Leesburg, Schwab-Davis of Orlando, and the Red Tigers of Sarasota are the crack teams ready to answer the whistle in today's games.

**Third Time In Tourney**

The University of Tampa dribblers will be representing the local institution for the third consecutive year. In 1934, the Spartans were knocked out of the running in Orlando by the Kinney's Shoe Store five of that city. The Kinney quintet, composed chiefly of Stetson University players, eked out a close 37-36 score in the semi-finals, after the locals had taken the Rollins Tars by 31 to 27. Incidentally the University basketballers had defeated the same team on two previous encounters by scores of 49-48 and 41-33. That year the Spartans compiled the enviable record of 28 wins in 31 engagements. The Lakeland Sunkist five emerged the A. A. U. champions of 1934.

Last year, the Spartans again were eliminated in the semi-finals of the A. A. U. tourney held at the Davis Islands coliseum. This time the 1934 title-holders, the Lakeland Sunkists, won a questionable game over the locals. Although the official score now stands as 41-40, many were the arguments brought forth against the doubtful score. However, the Spartan conquerors dropped the titular clash to the Baird's Hardware five of Gainesville, a team composed of University of Florida cage stars.

## Plebes Eke Win Over Sigma Eps in Big Six Cage Loop

Scoring most of their points in the first half, the 1936 Plebes eked out a close 19-16 victory last Tuesday afternoon over the Sigma Epsilon cage team to take the "Big Six" loop lead. It was the second straight win for the freshman quintet. The Rho Nu Delta fraternity bowed to the Sigma Kappa Nu quintet, 13-6 in another tilt.

Led by Sheppard, flashy forward who scored nine points, the Plebes took the Engineers in one of the fastest games played here this year. Hall, pivot man for the winners, followed Sheppard with eight points.

It was "Big Mike" Wilkerson, however, who supplied the fireworks in the fast game. The tall and rangy Engineer center, who was voted pivot man on the second all-star selections last year, led his teammates with nine points. He now leads the "Big Six" scorers with a total of 24 points.

The game was preceded by a volleyball clash which the Engineers took. The score was 15-11.

In the second game, the fast Sigma Kappa Nu quintet downed the Rho Nu Delta five, 13-6, after a hard and bitter struggle. Lopez, elusive Trojan forward, topped the scorers with four points. Both teams played a cautious game from start to finish and kept the shooting range well covered. Schaub and Gainer, Sigma Kappa Nu players were ejected from the game when the tilt became spirited. Hoy, pivot man, and Pou led the Sigma Kappa Nu five with three points apiece.

The box scores:

**First Game**

Plebes—Wackerman, f. (2); Sheppard, f. (9); Hall, c. (8); Balcom, g. Zendequi, g.

Sigma Epsilon—A. Hand, f. (2); Linday, f. (2); Wilkerson, c. (9); Andrews, g. (1); Newkirk, g. (4).

**Second Game**

Rho Nu Delta—Lopez, f. (4); A.

## Star Center

AL YORKUNAS

Who has made the Spartans a valuable pivot man this season. He is one of the leading scorers of the Tampa quintet and has done some nice defensive playing. His home is in Youngstown, Ohio, also the home of Coach George Straus.

Ramirez, f. (1); Tramontana, c-g; Sierra, g. M. Ramirez, g. (1); Prado, c; Delgado, g.

Sigma Kappa Nu—Johnson, f. (2); Young, f. (1); Buchanan, g. Pou, g. (3); Hoy, c. (3); Beazley, f. (2); Gainer, f; DePury, f; Schaub, g. (2).

In Juiz de Fora, Brazil, police found a marriage license "factory" to which authorities attributed 3000 fraudulent weddings.

The sails of the remodeled U. S. S. Constitution were made at Shawmut, Ala.

Balance of Schedule  
February 28-29  
A. A. U. Tournament in Tampa, Florida.

By MANUEL RAMIREZ

About a month and a half ago, the University of Tampa athletic association announced the appointment of George K. Straus, former basketball and football luminary at Stetson, as head coach of basketball. Many a gloomy and dismal opinion was voiced as to the outcome of the 1936 Spartan quintet.

Apparently the work of developing a fast basketball team at the University of Tampa was passed on to the new mentor Straus by Nash Higgins. The fact that Red Means, brilliant pivot man for the past two years, Rudy Rodriguez, stellar guard, and Eldon Cage, Indiana flash and high-scoring ace and others were not reporting for this year's team added to the woes of Coach Straus. Along with these troubles, a hard 17-game schedule was arranged for the Spartans.

But Coach Straus immediately took command of the situation and set about to the task of developing a crack cage team here and he has done a good job of rounding a smooth functioning machine. Without abundant material, he quickly developed Alvin Yorkunas, a freshman, into a fine center and balanced his first team with the fast defensive combination of Clinton and Bloom. Harry McCartney did not take long to find the range of the baskets and today he is easily the outstanding player on the Spartan five as his sum total of 137 points in 13 games shows. With the aid of Farnell, Mazeika, Ingram, the Spartans have had a fairly successful season in spite of the fact that they have met numerous defeats.

### Stetson Wins

After a long and wearisome trip into Louisiana where they met some of the best quintets in the south, the Spartans came back to play Stetson almost to a standstill. A last minute charity throw by Capt. Johnny Offutt, Stetson star forward, robbed the locals of a near victory. The score was 25-24 after a bitter and tough battle. In a return engagement at DeLand, the Spartans bowed to the stronger Stetson quintet again by the score of 39-17. However, these scores are no disgrace to the Tampa five. Stetson, undoubtedly one of the best cage teams in the south, took the Florida 'Gators by a 30-23 score and defeated the University of Georgia Bulldogs, 35-21. The Hatters have also triumphed over the Mercer Bears, Erskine, and other powerful southern quintets. The two Stetson games and the Mercer tilt later marked the noted improvement over the first Spartan quintet that took the floor against the Western Kentucky Teachers' college on Jan. 9. In a later contest, the Spartan dribblers took the Mercer University Bears into camp with a 42-38 win.

During the 1936 campaign, the Spartans have scored victories over the Southern college, Cooksey's Collegians of St. Petersburg, Southwestern and Mercer, and have dropped tilts to the Western Kentucky Teachers' College, Sebring Martins, Naval Air Station, Southeastern Louisiana, Louisiana College, Louisiana Tech and Stetson. In all, the Spartans have won four engagements and have lost nine or ten games.

### To Play in Tourney

The basketball possibilities of the University of Tampa Spartans for 1937 may be seen today, and probably tomorrow, when they go into action against the crack teams of the state in the A. A. U. gold medal cage tournament held at the Davis Islands coliseum. Stiff opposition will be offered by these teams, but the Spartans will eventually prove their worth in this, their last stand of the 1936 basketball season.

With the sudden rise of Gene Venzke, Pennsylvania star miler, in the east and the question of the United States track team in the Olympics at Berlin, mention must be made of the possibilities of a track team in the University of Tampa even though basketball still dominates the stage at present. The Spartans inaugurated the cinder track season recently at the South Florida fair field and track meet here by taking the team honors in the open or college division. Led by Adolf Ramirez who tied for individual high scoring honors, having won three events for 15 points, the University of Tampa tracksters collected 35 points to finish ahead of the Siac club by 30 points.

School Hasn't Track Team  
To date the University of Tampa

## Remember When?

GEORGE K. STRAUS

Here is shown an action picture of the present cage mentor at Tampa U. taken when he was a star forward on the Stetson Hatters' quintet back in 1932, '33. He was an outstanding player in Florida basketball circles of that time. He closes his first season as coach this week, and has been praised by sports writers over the state for his success.

has not had an official track team, although Coach Nash Higgins has trained a squad of men for the past two years and taken them to the A. A. U. meet in Jacksonville. In 1934, the University of Tampa tracksters journeyed to Jacksonville where they beat the Waldo athletic club, composed of University of Florida athletes, 50 to 42½ points. Last year the Spartans were defeated by the University of Florida track team. However, the two years of track competition has not been of intercollegiate type.

The possibilities for a track team this year are also dim, but with such men as Adolf Ramirez, Monkey Rhines, Cotton Clinton, Phil Patterson, Rudy Rodriguez, Robert Tramontana, Ray Newell, Willie Godwin and others around, there will always be a ready answer for the track and field call should the University of Tampa find it able to have a track team.

### Plans Made for Stadium

It is interesting to notice that finally the plans for a University of Tampa stadium have been approved by the Public Works Administration at Washington, D. C. This announcement was made last week by Representative J. Hardin Peterson, who said that the \$70,000 football stadium will soon be realized. This department extends a million thanks to Representative Peterson and George Howell of Tampa, who negotiated

with him for the final approval of the loan.

If the present plans materialize, the new football stadium will seat 13,000 persons and later may be expanded to accommodate 30,000 spectators. In either case, the new construction will be the third largest in the state of Florida. Only the municipal stadium at Jacksonville and the Fleming field of Gainesville surpass the proposed stadium's seating capacity.

Negotiations had been made since March of last year and it is a relief to know that sooner or later the University of Tampa football team will or more fans yelling for a Spartan trot over a new gridiron with 13,000 victory.

## Tampa U. Stadium Is Approved by PWA; Cost \$70,000

Phillips Stadium for long a fond dream of University school and athletic officials, has finally become a reality according to information brought back from Washington by George B. Howell, treasurer of the University Athletic Association.

Government funds will be used to construct the \$70,000 plant which will include a stadium with a seating capacity of 13,000, a cinder track, an administration building, and a spacious field house, the largest of its kind in Florida. Project plans for the erection of the plant have been approved by state and national PWA offices and work is expected to begin as soon as financial arrangements are completed in Washington.

The site of the proposed plant was deeded to the University by the Phillips estate. It is located north of Cass street between North Boulevard and the Hillsborough river.

E. E. Richards, McAllen, Tex., citrus grower, claims to have produced Texas' largest grapefruit. His prize specimen measured 26 inches in circumference. The former record was 25 inches.

Mississippi farmers are said to spend approximately a million dollars annually for planting seeds.

## "The Social Spotlight" This Week

By PSICHE

### DEAR MINERVA:

Practically everyone was at the Sigma Theta Phi Valentine dance. The only trouble was it didn't last long enough. The hearts used for decorations seemed to give everyone the right attitude 'cause many beaming faces were seen... Speaking of the same spirit, many of the girls wore lovely flowers.

Evelyn Robson was very surprised when at the end of a selection loud drumming came from the orchestra and Bob Thomas stood and announced that since Valentine's was Miss Evelyn Robson's birthday the orchestra would play her favorite piece. Her request was "Moon Over Miami." Can her heart beat that far away, or does she just like the rhythm?

The ballroom was decorated with many red hearts, red and white streamers, and in the center of the room a big cluster of white balloons. Near the end of the dance the desire for balloons got the best of everyone and the music was wasted while the old tallies (Red Means and Crockett Farnell) jumped. The lucky ones ran around happily hugging their balloons but some destructive souls had popping contests and for awhile the dance sounded more like a Fourth of July dance instead of a Valentine one.

All the fair damsels were there in their best finery. Many had on very original new models. Edna Johnson, president of the Sigma Theta Phi sorority, looked lovely in a white moire taffeta with a spray of red flowers at the neck.

Kitty Lea's black crepe with sequin yoke and peter pan collar looked as if it had been made to order for her.

Elsbeth Griffin's turquoise model, made along severe lines with an accordion pleated skirt, carried out her sophisticated type much to the admiration of others.

Some of Evelyn Robson's friends wanted to have a luncheon for her at the Crescent Grill Valentine's day, but they wanted to keep it a secret. They had a time persuading Evelyn to go to the Crescent 'cause it seems she kind of likes the drugstore. The luncheon went off fine though and the girls had a grand time. Valentines were used as place cards.

There just doesn't seem to be any let-up in things happening around this school. Everyone is on the go.

Last Friday night the Delta Kappas had their formal initiation ceremony, banquet and dance. Of course the ceremony was secret but I've heard that it was quite impressive. The D. K.'s are certainly proud of their new members, but then you can't blame them 'cause they're mighty cute girls.

The banquet was a great success because after so many last minute delays everyone was almost starved—

The dance was fun and all the boys were rushed. Dean Wilson was one of the most popular, and seemed to be enjoying the dance to its fullest extent.

It's certainly fashionable to wear flowers in your hair this season. Little Stella Rogers wore tiny gay flowers across the front of her hair, while Blanche Sessions wore white ones. Ginger Roberts chose white narcissus and wore them across the back of her head, giving a charming effect.

Mrs. Higgins seemed to have as much fun as anyone. Her lovely spring flowered evening gown was quite becoming.

The Sigma Theta Phi's held their informal initiation last Saturday night. They had a slumber party and had all Sunday to rest up. It's funny how most of us come back so tired from a slumber party. I know that the pledges are relieved 'cause now all they have to do is wait for formal initiation.

The Delta Kappas have started mid-year rushing. A luncheon was held Tuesday at the Crescent Grill. It was a general get together and quantities of chatter flowed around the table. The honor guests were Mary Eve, Betty Dickinson, Carmen Moran, Betty Ann Bannon, Mary Burress and Louise Lomax.

Louise Taylor was a flu sufferer. We're glad she hurried up and got well 'cause we missed her a lot around school. She managed to attend the Delta Kappa initiation but had to rush back to bed and missed the dinner and dance.

Otto Reiner is another person who has suffered from the same ailment. After one relapse he is back with us and we are very happy.

You'll hear more from me later.

As ever,

PSICHE.

# SOCIETY

## Sigma Kappa Nu To Honor New Members With Dance Tonight

New members of the Sigma Kappa Nu fraternity will be honored at an invitational dance given for them in the University ballroom.

Sponsors for the occasion will be Mrs. Miller K. Adams and Miss Jane Pearson. Chaperons are to be Dr. and Mrs. Edward B. Hinckley.

Music will be furnished by Bob Thomas and his orchestra. The dance begins at 8:30 o'clock and continues to 12.

This is the third campus dance given since the new semester began.

An initiatory service was held last evening at the home of Theodore Lesley, 2707 Morrison avenue. The new members who were initiated include:

Bill Reid, Bruce Kelly, Jim Bryon, John Donnel, Buddy Gainer, T. L. Ferris, Dick Young, John Schaub, Otto Reiner, Bryan Wilson, Billy Pou, Glover Beazley, Dean Wilson, Curly Johnson, Clark De Pury, Warner Fussel, Jack Williams, and Arnold Donaldson.

Old members who attended the initiation were Bill Logan, Lafayette Ingram, Buck Buchanan, Marvin Chancey, Steve Sandford, Walter Hoy, Theodore Lesley, Miller K. Adams, Lucian King, Jim Blomley, Marcus Hall, C. L. Craft, and Jack Harding.

A luncheon will be held next Thursday at which time plans for several private parties will be formulated.

## Rushees Honored By Delta Kappas At Three Parties

The Delta Kappa sorority has been having a number of social functions during the week, and are formulating plans for more events.

Rushees of the sorority were honored at a luncheon in the Crescent Grill Monday. Kitty Lea, president of Delta Kappa, presided at the luncheon, which was informal.

New rushees are: Mary Eve, Louise Lomax, Carmen Moran, Betty Dickinson and Betty Burris.

On Wednesday night members and the rushees enjoyed a theater party at the Park Theater and saw Claudette Colbert in "The Bride Comes Home" and Ronald Colman in "The Man Who Broke the Bank at Monte Carlo."

Last night sorority members were the guests of Miss Blanche Sessions at a waffle supper at her home, 2005 Morrison avenue.

A number of other social events are planned for the near future, but are not announced.

## RHO NU DELTA FRATERNITY TO HAVE MONTHLY LUNCHEONS

In a regular meeting held last Tuesday morning, members of the Rho Nu Delta fraternity voted unanimously on monthly luncheons in nearby dining rooms which will be followed by regular business meetings.

Don V. Giunta, president of the organization, expressed his opinion that the monthly luncheons would help bring about a better fellowship among the members. Musicians of the fraternity will provide entertainment at the conclusion of each luncheon.

## Something New in Bathing Suits

Latest in bathing suits was displayed at Miami Beach when Mrs. Harry Anderson of New York displayed this cocktail swim suit, a printed silk on which are recorded the recipes for the most popular warm weather drinks.

## Calendar of Coming Events

(Notices to appear in this column must be in by 3 o'clock on Wednesday afternoon preceding publication.)

Today, Feb. 28

A. A. U. tournament in Tampa.

8:00 p. m.—"313" Masquers at Brandon.

8:30 p. m.—Sigma Kappa Nu dance, University ballroom.

Feb. 29

A. A. U. tournament finals.

8:30 p. m.—Sigma Theta Phi theater party.

March 1

5:30 p. m.—University program over WFLA.

March 2

4:00 p. m.—First call for swimming candidates, Y. M. C. A.

8:00 p. m.—Delta Kappa meeting, University.

March 3

8:00 p. m.—Sigma Theta Phi meeting, University.

March 4

8:00 p. m.—3-act comedy, "Paupers and Pews," University music room.

March 5

12:30 p. m.—Sigma Kappa Nu luncheon.

## Sigma Theta Phi Initiate Eleven Pledges Saturday

Sigma Theta Phi sorority informally initiated their pledges and announced "hell week" last Saturday night at the home of Miss Margaret Hitchcock, 3211 Twenty-fourth street.

Following the initiation a midnight buffet supper was served and a slumber party held.

Pledges initiated were Misses Elspeth Griffin, Mary Earl Berry, Mildred Allison, Wenona Manson, Victoria Martin, Merlyn Vickers, Anne Thrasher, Julia Mary Neef, Marion Torkleson, Callie Hamiter and Edith McLeod.

Members present were Misses Edna Johnson, Margaret Hitchcock, Gladys Guthrie, Verna Vining, Ruby Wadsworth, Winnifred Watson, Roma

## To Present 3-Act Comedy Soon

"PAUPERS AND PEWS"

Above are shown actors who form the cast of the three-act comedy production, "Paupers and Pews" which will be presented in the music room of University of Tampa Wednesday night, March 4. All students will be admitted free.

Cassady, Edenia Delaney and Helen Arnold.

Tomorrow night a theater party will be given at the Tampa theater with Mr. and Mrs. Miller K. Adams as the honored guests.

A meeting was held Tuesday night for the discussion of formal initiation. Tentative plans were made for a dinner-dance, in honor of the pledges, to be given March 13 at the Hillsboro hotel.

## Tampa U. Grid And Cage Star Weds on Jan. 12

Mr. and Mrs. W. J. Burnside, 308 East Flora avenue, are announcing the marriage of their daughter, Geneva, to Harry McCartney, on Jan. 12.

The ceremony took place in Sarasota and the young couple remained in that city for the week-end. They were attended by Mr. and Mrs. Francis Quisenberry and Mr. and Mrs. Frank Biglowe.

Mrs. McCartney graduated from Hillsborough high school in the class of 1931 and was a member of the K. S. club.

Mr. McCartney was also graduated from Hillsborough. He attended the University of Florida for one year where he was a member of the Theta Chi fraternity. Since then he has attended the University of Tampa where he is a member of the football and basketball teams. He will continue school here until graduation.

Mrs. McCartney will be entertained at several parties. Among them will be a shower on Friday by her sister-in-law, Mrs. W. N. Burnside.

## Univ. of Tampa To Have Tank Team

All candidates for the University of Tampa swimming team are expected to report to Coach Johnny Upson next Monday afternoon at 4 p. m. The first meeting of the Spartan tankmen will be held at the Y. M. C. A. pool and plans will be made for the 1936 tank season.

Coach Upson, prominent swimmer in West Coast aquatic circles, plans to arrange an impressive schedule for the University swimmers and hopes that enough tankmen will report to form a water polo team here. This will be the first water polo team organized in the south. Only a North Carolina team has made any attempt to form a water polo team and it was coached by Coach Upson by correspondence.

This will also be the first swimming team organized at the University of Tampa and Coach Upson hopes that it will be a permanent organization in the local institution.
