T. U. Singers Give Concert At Avon Park

Billy Martin Introduces University Glee Club, Faculty Trio, Soloist

Billy Martin introduced the University Glee Club, faculty trio, and John Trusler to the Union Congregational Church of Avon Park in a joint concert Tuesday night.

The male octette, Bond Giles, Arthur Burrows, Howard Westley, Billy Martin, John Trusler, Jack Armstrong, Hazen Carleton and Francis Parks and the Girls' Glee Club also were featured.

Professor Lyman Wiltse directed the following program accompanied by Miss Mary A. Haverstick:

"I am Music"—Floering; "A Legend"—Tschalkowski; "Didn't My Lord Deliver Daniel"—arranged by H. R. Wilson; "It Cannot Be a Strange Country"—Repper by the full chorus.

John Trusler sang the baritone solos "Onbra Mal Fu (Xerxes)"—Handel; "Proqueto Pagliacci"—Leoncavallo; "Goin' Home"—Dyck; "South of the Border"—Kennedy-Carr, and "A Song of Peace"—Sebelius were sung by the male octette.

The faculty trio composed of Mary Haverstick, pianist; Kathleen Barkley Wiltse, cellist, and Lyman Wiltse, violinist, played Arensky's "Trio in D Minor." Miss Haverstick played "O Sanctissima"—Corelli for the offertory. The girls sang the "Blue Danube Waltz"—Strauss.

The full chorus sang "Sleep of the Child Jesus"—Gavaert; "Triumph, Thanksgiving"—Rachmaninoff; "Jesus, Joy of Man's Desiring"—Bach; "The Heavens are Telling (Creation)"—Haydn which preceded Dr. A. C. Elliott's benediction.

Prof. Phelps Attends National Geological Society Convention

Prof. William B. Phelps, head of the geological department here, attended the fifty-third annual meeting of the Geological Society of America which was held during the Christmas holidays in Austin, Tex.

Other representatives from Florida were Herman Gunter, state geologist, and S. A. Stubbs, his assistant.

Mr. Phelps is a member of the Mineralogical society, one of the two divisions of the parent organization, the other being the Paleontological society.

The purpose of the organization, to which all members must be elected, is to review the geological progress of the preceding year. Problems of Canada, the United States and particularly the Latin American countries were discussed.

The Florida delegation also made several field trips through the oil fields, where they collected a number of fine specimens of the fossil, cretaceous ammonites.

Tentative arrangements are being made for a joint field trip of students of the Tampa university and Duke university geology departments some time in the spring.

Zeno Stalnaker Conducts Service At Methodist Church

The Methodist Student Organization, under leadership of Zeno Stalnaker, conducted the evening services at the Hyde Park Methodist church during the holidays.

The sermon was delivered by Mr. Stalnaker, assisted by Miss Lula Blake Gibson. A vocal solo was offered by Miss Cora Shields, who is also a member of the M. S. O.

Evening services are given monthly by this organization at different churches throughout the city.

Spartan Football Schedule Announced For Next Season

Sept. 19—Alabama State Teachers, here.
Sept. 26—South Georgia State Teachers, here.
Oct. 4—University of Florida, at Gainesville.
Oct. 10 or 11—Miami, here.
Oct. 17—Open date.
Oct. 24—Stetson, here.
Nov. 1—Howard college at Birmingham
Nov. 7—Appalachian State, here.
Nov. 14—Rollins, here.
Nov. 21—Stetson, at DeLand.
Nov. 27—Tennessee Polytechnic, at Nashville (tentative)

S. I. A. A. Will Meet Here

Tampa U. Will Be Host to Southern Athletic Leaders

The University of Tampa will be host to the Southern Intercollegiate Athletic association at its annual meeting during the Christmas holidays of 1941.

This meeting will bring to Tampa many of the athletic leaders and coaches of the S. I. A. A., of which Tampa U. is a member. It is the outstanding athletic meeting of the south among the smaller colleges and universities.

The invitation was extended by Assistant Coach Pix Pierson, at the annual meeting held at Birmingham during the recent holidays, and credit for the meeting's coming to Tampa may be divided between Pierson, who overcame strong opposition from other college towns, and Prof. W. Porter McLendon, whose interest in the movement contributed to bring it here.

Bill Gaventa Outlines Plans For B. S. U.

Bill Gaventa, state B. S. U. president, outlined B. S. U. activities for 1941 at a preliminary council meeting Jan. 2 at the home of Miss Hilda Sweat. First regular council meeting of the year was held Monday night at the school.

Plans were made to hold an open forum meeting probably Jan. 14 or 16 with a pastor of some Baptist church to lead the discussion on "Maximum Christianity."

Council members are looking for suggestions on what the B. S. U. can do registration days to enlist new and old students at the beginning of the semester. Anyone who has such a suggestion will be welcome at council meeting Monday night at 7 o'clock in Mr. Wiltse's office.

Borchardt To Head Art Exhibit at State Fair Again

Norman Borchardt, head of the art department, will again this year have charge of the art exhibits at the Florida state fair here in February. An exceptionally good exhibit is being planned, with separate showings by various organizations in Tampa and throughout the United States.

The Tampa U. art classes and the Brush and Palette club will show various types of work, and students are working to complete their pictures in time for the exhibit.

A special exhibit of work by contemporary American artists collected by the International Business Machines corporation, will be sent here for the fair. The collection, a very valuable one, has been on display at the New York world's fair.

The University of Tampa Spartans will play 10 football games during the 1941 season, according to the schedule announced yesterday.

Besides all four state collegiate teams, the Spartans will meet four newcomers next season—Alabama State Teachers, Howard college, Appalachian State Teachers (whom they played in a practice game last fall), and Tennessee Polytechnic at Nashville.

The Spartans will play Stetson twice again next season. Their strongest opponent again will be the University of Florida, in which game an improved Spartan will meet an improved Gator eleven. All the other teams are considered to be fairly well classified in Tampa U.'s football class.

Tennessee Tech last season held Vanderbilt to a score of 6 to 0. The Spartans will play six home games and four away from home, at Gainesville, Birmingham, DeLand and Nashville. One date, Oct. 17, is open.

Dr. Denton Visits Havana

She Is Guest Speaker At International Education Conference

Dr. Minna C. Denton was one of the principal speakers at the regional conference of World Federation of Education Associations in Havana Dec. 26, 27 and 28. Dr. Denton, representing the University of Tampa, spoke on "Teaching Food Economics."

The home economics section was presided over by Mrs. Elena Mederas de Gonzalez and Benjamin R. Andrews, professor of household economics, Columbia University, New York City. The meetings were held at the Lyceum Club.

Others attending the conference were Dean Genevieve Fisher of Ames Iowa State College; Miss Baletta Frajen and Miss Lula Venable, of Florida State College for Women; Miss Marjorie Heseltine, U. S. Childrens Bureau, Washington; Miss Fannie Brooks of University Illinois and Dr. Louise Stanley, Chief of the Bureau of Home Economics, Washington.

Sight-seeing tours were conducted about Havana and the conference closed with a banquet Saturday night at the National Casino.

International Relations Delegate Makes Report

The International Relations club held a luncheon meeting at the Jacaranda tea room yesterday. R. B. Fordyce, president, was in charge.

A report was given by Richard Schwartz, who attended the state convention at the University of Florida. Plans were discussed for representatives attending the state conference being held at Tallahassee.

Library Notice

During January, the Library will be open on each Sunday afternoon from 2 until 4 o'clock. The new schedule went into effect last Sunday, and will be in effect Jan. 12, 19 and 26.

Alpha Psi Omega Formally Pledges 5

(Picture on Page 2)

Five outstanding University of Tampa drama students were formally pledged to Alpha Psi Omega, national honorary fraternity last night, after the regular meeting of the "313 Masquers."

Those taking the pledge were Ann Simpson, Hilda Sweat, Marianna Harrison, Charles Barrow and Bill Fricke.

Formal initiation will be held next Thursday night at the home of Miss Martha Franco, a charter member of the chapter here.

'41 Moroccan Fully Staffed

Picture Appointments Are Being Made by All Class Editors

With the staff fully organized, plans are now well under way for the 1941 Moroccan. Appointments for pictures are being taken by Class Editors Francis Alderman, senior; David Webb, junior; Beverly Bond, sophomore, and Lola Ann Sparkman, freshman. Norma Myers is making appointments for the faculty members.

All pictures will be \$1 for the first two and 25 cents for each two additional pictures. Since photographs are being made by a new studio, Bryn Allen, old pictures cannot be used this year.

An entirely new type of cover has been designed but it is being kept secret by the editorial staff.

Anyone knowing of a business firm or of a person who would advertise in the Moroccan has been asked to turn the name in to R. B. Fordyce, business manager.

Board Member Warns Students Of Fifth Column

John H. Boushall, member of the board of trustees of the university and vice president of the First National bank, addressed students in assembly Tuesday on "The Challenge of 1941." Bringing up the three questions, "Who Are You?" "What Are You?" and "Why Are You?", he stressed the importance of the spirit of service which has been the mainstay of American independence.

"We are free-born," he said, "and it is our duty to maintain a country where people will continue to be free-born."

He warned against lack of sincerity, and the fifth column movement in the United States, and asked that those who do not want to accept their responsibilities to speak out and not pretend agreement which they do not feel.

"My greatest fear for the United States today," Mr. Boushall said, "is that integrity may be lost."

Pulitzer Student Of Journalism Visits Tampa U.

Pat Munroe, Florida student at Pulitzer School of Journalism, graduate school at Columbia university, New York, addressed the advanced journalism students last Monday.

The school has 73 students, about a third of whom are girls, Munroe said. They spend an entire day at reporting, or at feature writing, and half a day at copy reading and headline writing. Instead of having hour class periods, he said, using some of New York's leading newspapermen as instructors.

Munroe is from Quincy, Fla., and spent two years on the staff of the Atlanta Journal.

Dr. Mooney Recommends New Coach

Flucie L. Stewart To Be Offered to Trustees As Leader of Spartans

President Mooney has announced that he will recommend Flucie L. Stewart, head coach at the University of Delaware, for the same position at Tampa U. The board of trustees has not met to consider the recommendation.

If he is accepted, Stewart will report here in time to take over spring football training.

His coaching staff has not been discussed, of course, as his own appointment has not yet been made, but press reports have stated that Pix Pierson, assistant coach with Head Coach Nash Higgins, will not return for the next football season. Pierson has made no statement.

Stewart Visits Tampa

Stewart was here for a short while during the Christmas holiday, and before that time had looked into the football situation here. As a result, he expressed full confidence in the future of Tampa U. and its athletic teams.

Stewart is 31 years old, married, and has two children. He is a native of Ranger, Tex., where he made all-state tackle on the high school football team.

He made all-state end at Furman university, Greenville, S. C., for three years, and received mention for all-American. He was graduated there in 1932.

Coached At Furman

For three years Stewart coached freshman football and varsity basketball at Furman, and in 1935 went to Appalachian State college at Boone, N. C., as head coach, remaining there until last September, when he became assistant athletic director and head coach at the University of Delaware.

At Appalachian his football team won 28 games, tied two and lost six. Last year his basketball team won 18 of 19 games, and played in the National Intercollegiate Basketball Tournament in Kansas City, where Stewart was elected vice president of the National Intercollegiate Basketball Board.

Stewart's Delaware U. football team lost its first three games, then won five straight. Previously it had won three games in two years.

Stewart plans to make a flying trip to Tampa Jan. 16. He's coaching basketball at Delaware U. now.

Government Offers Engineering Course At Tampa University

The opportunity to learn two years and a half of college work in engineering drawing, in six months, without any cost to the student, is being offered by the national government here in the University of Tampa.

A joint program with the University of Florida is being developed whereby juniors or seniors, or individuals in industry who have had regular high school mathematics, may take the course. Classes will begin next semester, and will be held in the evening, three times each week in three-hour sessions.

Civic Music Will Present Its Second Concert Tuesday

Anne Jamison, popular radio and concert singer, will be presented by the Civic Music association in its second program of the season Tuesday night at 8 o'clock in the municipal auditorium.

Students who have not received their complimentary season tickets may still receive them in the business office.

A special request has been made for those attending to dress semi-formally.

Tampa, Florida
December 26, 1940

Dr. James E. Mooney, President
University of Tampa
Tampa, Florida

Dear Dr. Mooney:

As we told you a few days ago, the men from the University who helped us during the Christmas period just ending certainly were of great assistance.

They worked better than any temporary force we have ever had before, and the credit this office has received for handling a record volume of mail efficiently is due largely to their efforts.

It was a pleasure to us to have them, and we hope they will be with us again.

Mr. Wall, our Postmaster, joins me in this word of appreciation, and we hope you will pass it on to the boys.

With best wishes for a Happy New Year, and a most prosperous one for the University during the year 1941, I remain,

Sincerely yours,
S. G. HARRISON,
Supt. of Mails

GET YOUR MOROCCAN PICTURES EARLY

You want your Moroccan to be the best Tampa U. has ever issued.

One of the best ways for it to meet this requirement is to eliminate the last minute rush for pictures and materials so the engravers and printers will have time to do justice to it.

That last minute rush for pictures is up to the students—and faculty members. If each person will make a personal effort to have his or her picture taken at the designated time, it will contribute a lot toward making the Moroccan the best Tampa U. has ever issued.

In This Corner

By EYE CUE

Flash! . . . Two people were seen studying in the library Tuesday afternoon! Such a phenomenon is indeed epochal at Tampa U. In fact, a professor who was fortunate enough to see this amazing sight was so encouraged that he asked Eye Cue to make the following announcement to the entire student body.

"In order to provide adequate accommodations for the expected record crowds which will fill the library before final examinations, the administration has made special arrangements to facilitate studious cogitation.

"Ushers will be placed at advantageous spots to help lessen the noise and confusion which invariably accompany the mad scramble for seats. Those who come early are asked to form a double line at the doors, as a bag of peanuts will be given to each and every student attending."

(Confidentially, that prof showed amazing integrity and sagacity in putting the announcement in Eye Cue's column. After all, everybody reads In This Corner.)

"In accordance with the advocated study methods which disapprove of long, continuous study periods, special attractions will be provided to afford the students relaxation at regular intervals.

"The features attraction will be a GYP tease by Gypsy Rose Lee, and,

for the girls who may feel gypped, Tyrone Power will deliver an address on "Love, and How To Make It," with demonstrations.

"By special permission of M. C. A., Jack Teagarden and his orchestra will provide soft music continuously, also in keeping with the recently approved study methods.

"It is hoped that the students will not abuse these privileges by looting on the library tables. Reservations may be made by applying to the athletic office immediately."

The alarm clock rang,
Out of bed I sprang
To attend my eight-thirty class
I hopped in my bus
And started to cuss
The blamed thing was out of gas.

I started to run
Like a son of a gun
And thought I had figured it well,
Said the prof with disgust,
Be prompt you must
Or the dean will give you (censored).

Girl—"I bought an engagement ring here three days ago."

Storekeeper—"Yes, and for what would you like to exchange it?"

Girl—"A revolver and one bullet, please."

He—"I hear the church you go to is very small."

She—"Yes, every time the preacher says, 'Dearly beloved,' I feel like it's a proposal."

"Aren't you afraid your creditors might see you at this expensive restaurant?"

"It's the safest place. They can't afford to come here."

(Story on Page 1)

WIN DRAMATICS HONORS—Five Tampa U. students elected to Alpha Psi Omega, national dramatics fraternity, are, left to right, Charles Barrow, Ann Simpson, Marianna Harrison and William Fricke, and, not pictured, Hilda Sweat.

Intramural Program Offers 19 Sports For All Students

The Intramural program, under the able direction of Miller K. Adams, has grown to occupy an important and vital part of the university curricular.

Every year more and more students are realizing the well-rounded selection of sports open to them . . . covering from the more strenuous ones of touch football, soccer and basketball to table-tennis, horseshoes and badminton.

All in all, a total of 19 varieties fill the year's sports calendar, among which are baseball, tennis, golf, swimming, volley ball, archery, track and cross-country.

Considered among the major sports we have baseball, soccer, basketball and touch-football. No member of the varsity is eligible to participate in any of the above except soccer.

Tampa U. has prided itself in presenting a full program of sports open to all its students, and most of the students take part in this widely varied program.

And now that the nation is in the midst of a program of national defense, college programs in "sports for all" should become more and more popular throughout the nation, as a means toward building a stronger and better conditioned manhood and womanhood. This should be important in all times, peace or war. It is especially important today.

Three rodents with a defective vision; Note the manner in which they flee; They all pursued the spouse of the agriculturist

Who severed their extremities with a kitchen utensil.

In the entire span of your existence. Have you ever noted such an unusual phenomenon as

Three rodents with defective vision?

"So you're working your way through Cornell? How do you do it?"

"Well, don't tell dad; he thinks I'm peddling marijuana, but I'm editing the Sun."

Absent-minded Arctic Explorer (addressing his dogs)—Oatmeal! Cream-of-wheat! Grape Nuts! Oh, I wish I could think of the cereal that makes you dumb beasts go!

In The Social Spotlight

Dear Maudie:

Heigh ho, and a happy new year to you all! Better late than never! Every one (or maybe I'd better say a large majority) has suddenly got the urge to study. It couldn't be that exams are just around the corner, or could it?

Dan Cupid played his part well during the holidays with several of the alumni, and also one of our drum majorettes. Bob Thomas and Margaret Dickinson took the vows — likewise Murray Clements and Margaret Richards. And Kitty Grant became the Mrs. of Bradenton's Buddy Hill.

Heard that the band members had a h— of a time in Miami. That's enough said . . . judge for yourself . . .

Talk about embarrassing moments . . . ask Mr. King about his latest! Friday night he came over to the Deke dance to take some pictures for them, and there it happened. Rigging up his flashlight apparatus, he walked up to the end of the dance hall and proceeded to get ready to take a shot. Just as he raised the camera to get the focus the bulb flashed.

With a disgusted look on his face, he walked over to the table and inserted another bulb in the socket. Picking up the camera, the bulb again went off. The third trial met with the same misfortune. Very much embarrassed and also disgusted, our prof shoved the whole "darn mess" in the box and walked out the door. (And the crowd roared!)

T. O.'s are certainly working hard on their ring dance and Deke are also busy making plans for their initiation dance for the new members, which will be held the second week of next month.

Hope to see you all at the dance tonight. We all want a recreation room so come on out and give your support to a good cause. (Paid advertising.)

Deke pledges really did themselves up proud at the dance they gave for the members last Friday night. The

prom cards were darling, being replicas of the pledges pins. Surprise in store for the members were corsages of flowers carrying out the sorority colors of red and white. Some were of white flowers tied with red ribbon and the others were just the opposite. And they really were beautiful.

Well, s'long until the dance tonight.
Love,
M. M.

Margaret Dickinson And Robert E. Thomas, Alumnae, Are Married

A wedding that was not especially surprising to Tampa U.'ers occurred Saturday night before Christmas when Miss Margaret Dickinson became Mrs. Robert Earl Thomas.

WFLA station recording department made a record of the ceremony. When Bob saw the microphone he lost his nervousness and said nonchalantly, "I've seen that somewhere before. This is going to be easy."

It didn't make much difference with Margaret as she couldn't reach it anyway.

The ceremony was completed before the record was and there are several off-the-record statements on the record.

Then the minister's daughter put her fingers on the record before it was set and as a result Bob repeats "to have and to hold" several times.

In Orlando Bob's studio had reserved the bridal suite at the Angebilt. Then they went on to Daytona and St. Augustine and were home for Christmas.

Delta Kappa Pledges Entertain With Dance For Members, Dates

Pledges of the Delta Kappa sorority entertained members at a prom dance at the Hellenic center Friday night from 9 until 12 o'clock. Music was furnished by Val Antuono and his orchestra.

Dance cards were replicas of the Delta Kappa shield, done in red and white, the sorority colors. The colors were repeated in the corsages which were given to the members and pledges.

Miss Carroll Thomas, pledge, president, was in charge of arrangements and was assisted by the Misses Dorothy Hill and Virginia Richelieu.

Those attending were the Misses Frances Mathis, Lucie Lee Marsh, Emma Jane Sacrey, Celeste Dervaes, Frances Sessions, Mary Merle Jones, Phyllis Flanagan, Kitty Ann Sweet, Frances Alderman, Yolonda Finney, Elsie Gill, Priscilla Hunt, Bertie Elinor Helms, Mary Sears, Bunny Wolf, Carroll Thomas, Beth Hotchkiss, Dorothy Hill, Alma Hanson, Frances Alexander, Jean Pryor, Virginia Richelieu, Caroline McDowell, Hilda Bethea, Anne Kelly, Lola Ann Sparkman, Mary Cantrell and Elizabeth Edwards.

Frank Eaton, Warren Watson, Howard Beynon, Paul McCloskey, Bob Bowen, Jimmy Whitehead, Jack Lund, Walker Gilmer, Junior Spence, Jack Leihman, Collins Whitehead, Jack Williams, Jimmy Williams, Oliver Boynton, Jim Huber, Andy Anderson, Haze Carlton, Deacon Raines, Champ Williams, Arthur Schiro, Walt Frederick, C. P. Saclarides, Ernest Garrison, Joe Mills, Bill Knopke, Dan Shaw, Jack Goodson and John Flinders.

Proud parent—My son is home on a vacation.
Stooge—How do you know?
P. P.—I haven't had a letter from him in two weeks.

Benefit Dance Will Be Held Tonight For Recreation Room

The second of a series of dances given for the benefit of the recreation room will be held tonight in the University ballroom from 9 until 12 o'clock.

Music will be provided by Laura Raye Rhythmettes.

The price of admission will be 35 and 50 cents. Tickets may be obtained from Mr. Strauss and members of the student body.

Money from the dance will be used to buy furniture for the recreation room, which will arrive next week.

S. T. P. Pledges Surprise Members

Pledges of the Sigma Theta Phi sorority presented the members Venetian blinds for the sorority room at the S. T. P.'s Christmas party. This gift will take the place of the usual entertainment for the members.

The Misses Caroline Melber and Charlotte Anne Thompson, advisers of the sorority, received gifts, and also gave paint for the floor of the room. The alumnae gave a lamp, and instead of exchanging presents, the members brought furnishings for the room.

"Doc, is there no hope? Am I really going to die?"
"I'm afraid so, old fellow."
"Gosh, that's the last thing I expected to do."

Mary Borelli Gives One-Act Production For "313 Masquers"

"Be Home By Midnight," a one-act play, directed by Miss Mary Borelli, was presented last night at the regular meeting of the "313 Masquers", and was enthusiastically received.

Members of the cast were Charles Barrow, Jay Sanders, Norma Myers, Odessa Dietrich and Carl Lauther.

The presentation marked the fifth one-act play to be presented by members of the dramatic technique class during the semester. Three more are scheduled before examinations begin.

THE SMOKE'S THE THING!

EXTRA MILDNESS

EXTRA COOLNESS

EXTRA FLAVOR

AND ANOTHER BIG ADVANTAGE FOR YOU IN CAMELS—

the smoke of slower-burning Camels contains

28% LESS NICOTINE
than the average of the 4 other largest-selling
cigarettes tested—less than any of them—according
to independent scientific tests of the smoke itself

WHEN all is said and done, the thing in smoking is the smoke! Your taste tells you that the smoke of slower-burning Camels gives you extra mildness, extra coolness, extra flavor.

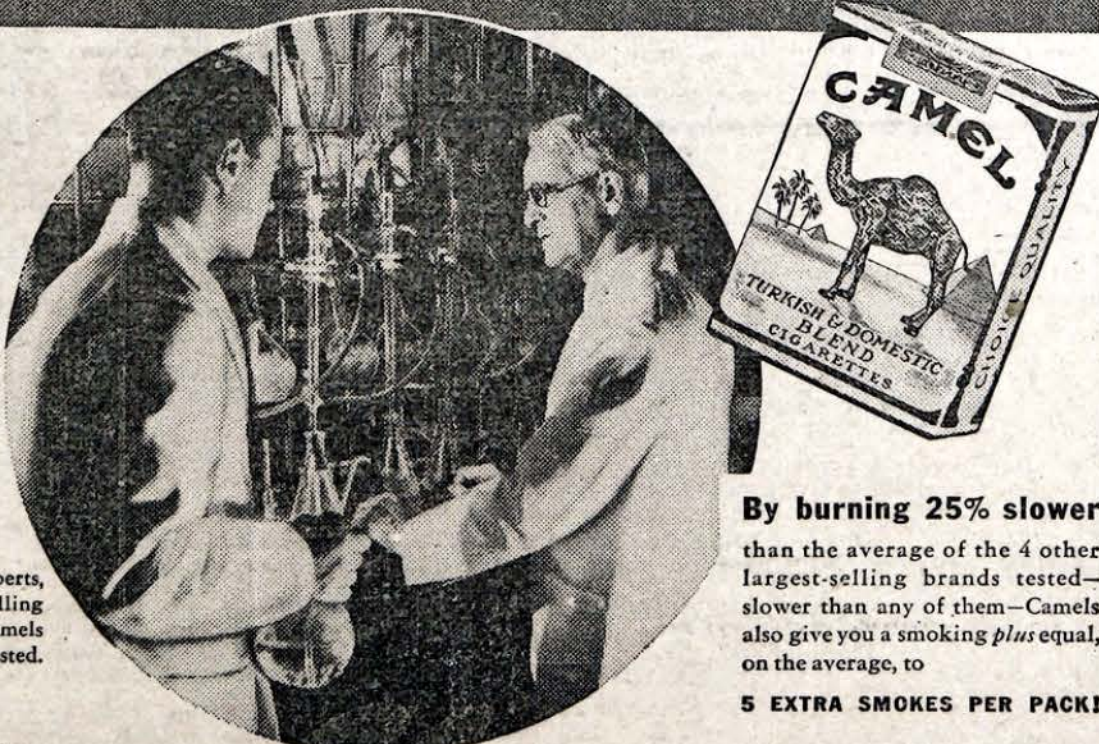

Now Science tells you another important—and welcome—fact about Camel's slower burning.

Less nicotine—in the smoke! 28% less nicotine than the average of the other brands tested—in the smoke! Less than any of them—in the smoke! And it's the smoke that reaches you.

Mark up another advantage for slow burning—and for you!

Try Camels...the slower-burning cigarette...the cigarette with more mildness, more coolness, more flavor, and less nicotine in the smoke! And more smoking, too—as explained below package, right.

"SMOKING OUT" THE FACTS about nicotine. Experts, chemists analyze the smoke of 5 of the largest-selling brands... find that the smoke of slower-burning Camels contains less nicotine than any of the other brands tested.

By burning 25% slower
than the average of the 4 other
largest-selling brands tested—
slower than any of them—Camels
also give you a smoking *plus* equal,
on the average, to

5 EXTRA SMOKES PER PACK!

CAMEL — THE SLOWER-BURNING CIGARETTE —

Reformer—Young man, you must conquer yourself. Why, I conquered myself when I was about your age.

Young man—Well, I'm a harder man to lick than you are.

Explorer—Greenland is the coldest place I ever saw. While I was there a

man set a bucket of boiling water outside to cool off and it froze so fast that when he came back two minutes later the ice was still warm.

There's one thing that women like to have at their finger tips and that's the current fashion in nail polish.

Juniors Hit Top Form At Carnival

Throngs Have Evening
Of Fun at First Annual
Halloween Celebration

Memories of the Past

(Once upon a time, back in the dim, dark ages, the Junior Class held a carnival, which was efficiently and capably reported by Jim Huber. In fact, he slaved while others revelled in joy. That story was never printed, for various mechanical reasons. Well, here it is, dug out from hidden recesses of the printer's archives—just to show that Jim did a good job of it. Anyway, it'll bring memories—it was a swell carnival.)

By JIM HUBER

Climaxing a drive to raise funds for the junior-senior banquet, the first annual junior Halloween carnival last night turned out to be a bang up success.

Several hundred people thronged about the front porch of the University and were prevailed upon in typical carnival style to eat hot dogs, throw darts and baseballs, grab bags, and find out all about their futures from Madame Zelga, the fortune teller.

Under supervision of R. B. Fordyce, class president, the carnival was complete with concessions, a spook show,

and dancing in the University ballroom.

Couples Win Prizes

Prizes were given to the two best jitterbugging couples, Carl Lauther and Katherine Perdicaris, and to the two most uniquely costumed couples, Phil Lewin, his features distorted grotesquely, and Swede Ericson, "charmingly" attired in female costume.

As a special treat for the Halloweeners, a moving picture of the football game was shown.

The main attraction of the evening was the spook show which produced thrills and chills for those brave-hearted individuals who dared enter the dark chambers of horror.

With the sounds of clanking chains and rattling bones coming mysteriously from all sides, the fun-lovers trodded blindly over strange objects, brushed against shadowy obstructions and finally entered a dimly-lighted chamber which boasted a skeleton in a coffin playing solitaire. Those who survived this ordeal, went on to enjoy the dancing and more fun-making.

Flash! From all appearances, the Juniors are making the Seniors work for their banquet this year—check the Marsh-Sessions booth brigade.

Soldiers In Blitz

The soldier boys turned out en masse and blitzkrieged the balloons with darts. Pity the enemy, if they are as accurate with rifles.

Dr. Laub and Professor Phelps revealed their true gambling spirit by furtively remaining in the vicinity of the penny-tossing booth. On the sly, Dr. Laub remarked that he suspected treachery, as he was taken to the cleaners.

Hillsborough and Plant were well represented, their delegations being quite prominent with unique costumes.

Flash! Tony and Juanita insisted

on entering Madame Zelga's (Olga Martinez and M. M. Jones) booth together. Maybe they don't trust each other.

Casualty Casts a Shadow

The only casualty of the evening was when Miriam Quarles gashed a couple's fingers while fishing for a Coke in a tub of ice. Latest reports inform us that she won't lose her digits, however.

They tell us that the Spook Show scared Little Miss Moffet away. She won some chewing gum, but complained that Prof. Keene snatched it from her.

The most pathetic sight we saw was Prof. McLendon endeavoring patiently all evening to batter down the duck pins with tennis balls. As we went to press, he was still trying. We hope you had luck, Prof. All in all, everybody had a swell time.

McLendon, Leinbach Attend Economics Society Meeting

Professors McLendon and Leinbach attended the annual meeting of the American Economics association in New Orleans during the Christmas holiday.

The purpose of the meeting was to present papers on the latest economics research and to discuss problems of teaching.

Several of the meetings were held in French restaurants where French meals were served. The St. Charles and Roosevelt hotels were convention headquarters.

While there the Tampans visited many places of interest and renewed acquaintances with old friends from other universities.

TAMPA U. OFFERS---

RECREATION DANCE

In the Recreation Room
Tonight at 9 o'Clock

for the benefit of equipment
for the recreation room

Music By

Laura Raye Rhythmettes

Their Student Civic Music
Concert Tickets

It happens everywhere— Chesterfields give smokers what they want

It's the cooler
better-tasting...milder cigarette

It's called the **SMOKER'S**
cigarette... Chesterfield... because
it's the one cigarette that gives you a
COMPLETELY SATISFYING smoke.

You try them and find them
COOL and **PLEASANT**. You light one and
find they really **TASTE BETTER**. You buy
pack after pack and find they are **MILDER**.
