## Senate To Produce Talent Show

### Scholarship Fund To Receive Benefits Of Talent Show

By Pankey Hall

The Student Senate, with the cooperation of the Student Body, is planning to produce a variety type show for the benefit of the President's Special Scholarship Fund. The show will be held at the Municipal Auditorium Wednesday evening.

The production committee, headed by Pankey Hall, chairman of the Assembly Committee of the Senate, is composed of Mary Bec Day, Freddie Spencer, Tom Wolfe, Ann Pickens, and John Mattox. There are a few key positions still open, and any student with theatrical production experience is urged to contact one of the committee members.

These members will, in turn, organize their own committees to work on the various aspects of the show, so there is need for all who are willing to devote their time and talent for this worthy cause.

All campus organizations have been urged to furnish at least one act for the show. In addition, students who are not associated with a campus organization are urged to participate. Any type of acts will be considered—songs, dances, comedy-skits, magic acts, instrumental numbers, etc.

The first audition will be held Tuesday night at 8:00. All acts should bring along their own music, and an accompanist if they desire. There will be an accompanist there for those who do not have one.

### R N D Fraternity Accepts 15 Pledges

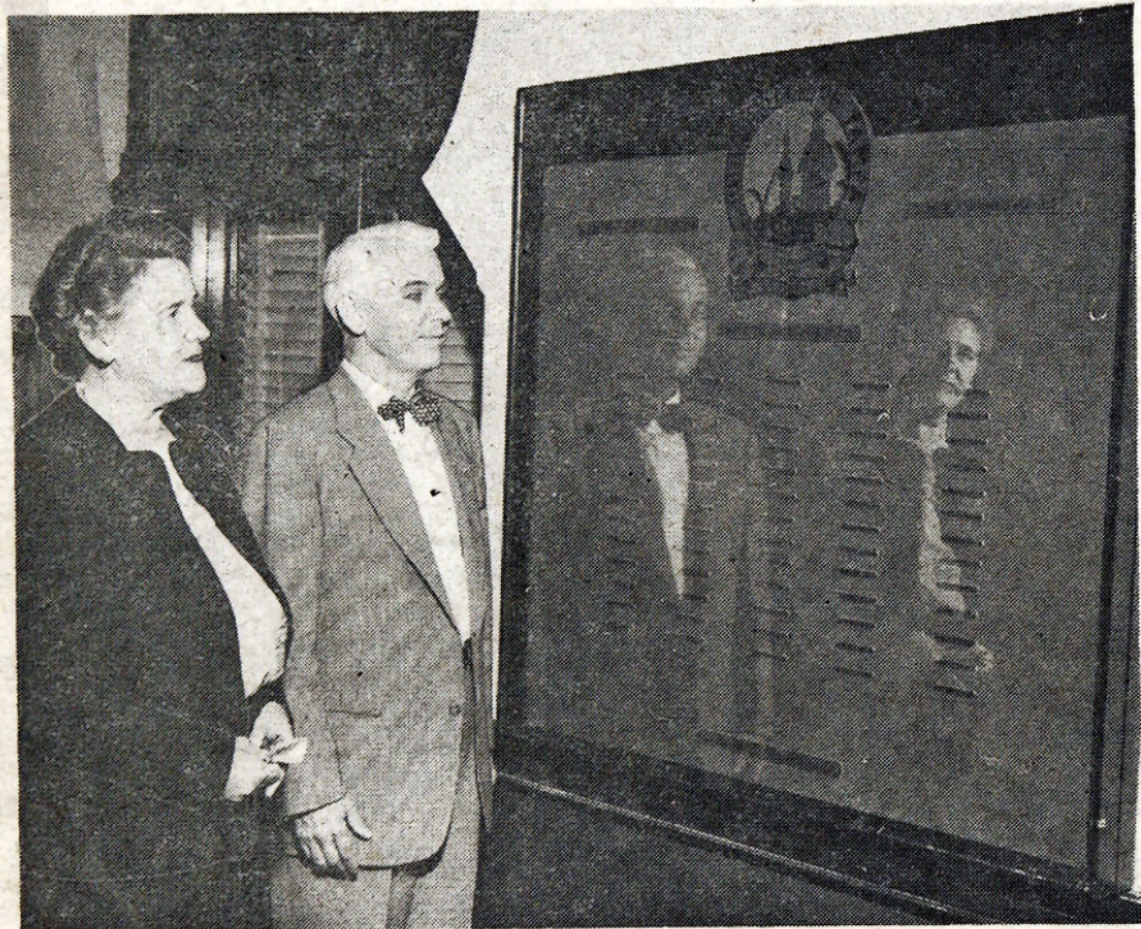

Two parties were given to the rushees, one at Cicarello's Lake and a date party at the American Legion Post in West Tampa.

15 students pledged RND. They are:

Bill Curley, Al Eaton, Andy Garcia, James Godwin, John Lahosky, Bill Lake, Joe Lopez, Tom Mahin, Richard Martinez, Ben Meno, Hugo Menendez, Henry Morales, Tony Provenzano, John Podola and Andrew Sulli.

The Annual Beaux Arts Ball will be held at the University on May 3 and two orchestras will be present. Student tickets are \$1.00 per couple. Purchase them from any Rho Nu Delta member or pledge.

Frank Puglisi, President of Rho Nu Delta was married last Sunday at Our Lady of Perpetual Help Catholic Church. The Bride was the former Elaine Guezada. They left on a honeymoon trip to the East coast of Florida.

An Honor Board containing the names of 65 University of Tampa students and alumni serving in the Armed Forces was presented to the University by the Faculty Woman's Club in a brief but impressive ceremony Monday morning.

The presentation was made by Mrs. Howard G. Baker, president of the club, and the gift was accepted by President Ellwood C. Nance. The Rev. Charles Wood of the House of

### Wake Up and Think...

By Panky Hall

There is a good bit of misunderstanding about the theory of evolution. Really this is not at all necessary because the theory is quite simple. In order that the readers of this column may have a clearer understanding of the theory, expressed in words that cannot be misinterpreted, Joe Sphinx has unselfishly agreed to write for us the following:

"'Evolution' comes from the word 'evolve' which comes from the same word as 'revolve' I guess, you know like a revolving door that goes round and round. The difference is evolution goes up and down. Well, not exactly up and down, but sorta back and forth, mostly forth.

"Everything evolves. If you were living back in early times you could not be standing where you are now. You would be swimming, because Florida was under water then. But don't worry about how your great, great, great great. . . great grandfather got around. You see, he was a fish, and fish would rather swim than eat and if Florida had been like it is now he probably would have died and you would not even be here. This proves that the earth evolves.

"What I meant up there about mostly forth was that for instance once something got to be a fish it would never again have to be a Paleospondylus gunni. Of course a few things have gone backwards, but since they haven't had much influence on the world we don't worry about them.

"Now that you understand evolution you probably wonder why it takes place. That's easy. There are several reasons. You know that offsprings are much like the parents. Once in a while the offsprings develop some peculiar traits. Sometimes they are so darned peculiar that they become a new kind of animal. If a fish had a baby with legs it would not have a thing to do with it because fish just don't have legs. The baby would go off and find another fish with legs and there would be the beginning of a brand new kind of animal.

"Another reason for evolution is surroundings. We have already proved that the world evolves. Mountains come and go. Oceans come and go. Now if there is a certain spider living in a cave in a certain mountainside and that mountain suddenly goes down the spider is going with it. He will wake up and find himself under the ground somewhere, and you know as well as me that a spider ain't built to live underground. So what happens? His children won't exactly be spiders. In fact, they would probably be worms, because worms are built to live underground and they would rather live underground than eat. I don't know if worms really came from spiders or not but you know what I mean."

Joe Sphinx, 5 years old

### Auto Liability Bill Submitted

Tallahassee, April 10 (AP)—A bill to require automobile owners to prove ability to pay accident damages before they can obtain a license tag was introduced in the Senate.

Senator King of Winter Haven, one of its introducers, said the proposal is designed to take out the "one free accident" now permitted under the present financial responsibility law.

Under the present law, a car

owner involved in a traffic accident loses his driver's license unless he can prove his financial responsibility, either with personal funds or liability insurance.

King said an owner of an automobile would be required to present proof of his responsibility when applying for his license tags.

Other bills submitted would require drivers of automobiles involved in accidents to make reports to the State Department of Public and Safety and prevent the taking of statements from injured persons confined in hospitals for 15 days after they sustained their injuries.

## YESTERDAY'S REVIEW

By Walt Weber

Student Senate members proposed a series of resolutions that would completely revamp the present Senate Constitution. The major area of reform would make it imperative for future Senators to attend the majority of Student Senate Assemblies, thereby, insuring representation of the whole student body.

Up to the present time the Student Senate has accomplished a great deal for the good of the school, but the heavy load has been carried by same Student Senators.

Class officers were familiarized with the functions and duties of their office when they were installed. There is not an acceptable excuse for any of them to absent themselves continuously from Student Senate meetings.

Several class officers have not attended even one Senate meeting this year. Others have attended one or two; still others have attended a few meetings but are now interning.

The problem of representation is indeed a serious one. The areas of needed development at the University which could be handled rapidly must now suffer for the lack of more earnest, hard-working Student Senators.

The Senior Secretary of the Student Senate has not attended one Senate meeting this year. She has broken her pledge to every one of you that cast a ballot so that she might represent you. The Jr. Class secretary is her carbon copy.

Your Senior Vice President, Senior Woman Representative and Jr. Vice President when candidates for office made promises to represent you. Have they? It is very evident that they have not. The Jr. Vice President attended one meeting this year. The Senior Vice President and The Senior President and The Senior Representative did not attend any.

The Senior Class President attended several meetings; now he is interning, and can not attend meetings, but he does work with the Student Senate body.

Those Student Senators who do participate at meetings give valuable time investigating Student proposals. . . . They work long hours bringing the proposals to reality. They assume the responsibility for the whole Student Body. They attend sessions regularly and, thereby, represent every student in this college. The active members of the Student Senate are doing everything possible to promote student welfare.

It is impossible for The Senate to function to its fullest capacity unless each class representative co-operates 100% with the student government body.

Holding an office in the Student Senate is not based on honorary status. The Students expect to be represented. They should call for an impeachment of every senator who has violated the trust of his office. This writer suggests they resign, or make amends for their behaviour.

The following is the complete list of Senate Members.

Senior Class:—President, Bill Clark; Vice President, Glenn Massey; Representatives, Betty Hayes, Don Munn; Secretary, Lula Belle Stalnaker.

## STUDENT SENATE REVIEW

Warren White, presiding officer of the Student Senate, received a vote of confidence from the Senate Body to continue in his present capacity as the official Senate spokesman, for the remainder of this term of office.

On Monday, April 2, the Student Senate was shown evidence for the need of a Date Room for resident coeds. The Senate decided to hold a hearing for the proposed project, after the administration viewed its opinion on this proposal.

Monday, April 9, Warren White released administrative views on the Date Room. The administration gave its sanction for the proposed project.

The Women resident students have been informed by the Senate to prepare a set of regulations to govern the Date Room policy. They were also asked to propose a location for it and to list what furnishings they wished to have.

Pankey Hall, Assembly Procurement Chairman, has begun operation "BIG SHOW". If you can sing, dance, imitate, play an instrument or make people laugh, please join the show. It will be the biggest the school has ever presented.

Ann Pickins and Don Munn, two of Tampa U's outstanding Student Senators will select a secretarial staff to aid the Student Senate. The Student Senate has grown to such proportions that make it impossible for one secretary to handle all of the correspondence for that organization. One of the duties to be assigned to the new secretarial staff, will be, to communicate with other colleges, for Year Books and College Constitutions so that an archive of them can be established in the Student Senate Office.

President Nance commended the Student Senate on its five point betterment program. In view of the spirit of the Senate he allocated special funds for a few of its undertakings.

The five point betterment program.

1. Wheel Chair projects.

a. Snack Bar.

b. Gym

c. Ramps

2. Bulletin Board.

3. Date Room for resident coeds.

4. Archives of Year Books and College Constitutions. This will be the first of its kind in the State.

5. Class officers funds. The Student Senate has been operating without a treasury fund for class officers. \$100.00 has now been appropriated into the treasury for them. Each class will receive \$25.00 so that they can carry out proposed projects within their own groups.

### Vitamin Chemist To Give Lecture

Dr. Walter H. Eddy, vitamin chemist and author of many books, now connected with Florida Southern College, Lakeland, will speak at the University of Tampa at 8 P. M. Saturday. The title of his lecture will be "Problems of Vitamin C Behavior."

The lecture is under the sponsorship of the Florida Section of the American Chemical Society. This Section sponsors lectures annually by chemists of outstanding ability.

Following Dr. Eddy's lecture, the University's Department of Home Economics will be host at a reception and tea. Both the lecture and the reception will be free to members and friends of the American Chemical Society.

Junior Class:—President, Warren White; Vice President, Mary Sheridan; Representative, Wayne Keene; Secretary, Joan Wuertz.

Sophomore Class:—President, Carl Carwden; Vice President, Freddie Spencer; Representative, Ralph Steinberg; Secretary, Sue Shaffer.

Freshman Class:—President, Charles Carson; Vice President, Denny Boyce; Representative, Ann Pickens; Secretary, Dot Cleotellis.

Parking commissioner, Ralph Steinberg; Public Relations Liaison Officer, Walter Weber; Chaplain John Mattox; Student Senate Secretary, Ann Pickens; Senate Assembly Procurement Chairman, Pankey Hall; Senate's presiding officer, Warren White, and Faculty Advisor, Dr. William Covington.

\* Signifies previous terms in office.

### T U Frats and Clubs Are Urged To Take Part In Talent Show

Only two fraternities were represented by members at the audition for the University Talent Show in the Dome Theater Tuesday night. In a letter to all campus organizations last week, the production committee had invited all organizations to have at least one act present at the audition.

In order that all organizations can be represented in the show, it has been decided to hold one more audition. This will be held next Tuesday night at 8 o'clock. This will be the last chance for amateurs to qualify, and the committee has again urged that all campus organizations send at least one representative prepared for the try-out.

All students who are semi-professional or professional entertainers are asked to join the show also. They need not attend the audition, but are asked to contact Pankey Hall in Dr. Goodbar's office.

The University Talent Show is being produced for the benefit of the President's Special Scholarship Fund. It will be held at the Municipal Auditorium at 8 P.M. on May 16th.

### Dr. Ramon Fina To Present Lectures

Art lovers will have the privilege of hearing Dr. Ramon Fina, internationally known artist, lecturer and critic, of ateliers and schools of Europe, the Orient and South America, in a series of 10 free lectures beginning this week and con-

(Continued on Page 4)

## Alice Jean Small

Young children will have an opportunity to develop their talents in the new classes which will be held in painting, sculpture and design at the University of Tampa on Saturday mornings. A series of 10 lessons is offered Tampa children, to discover, guide and encourage the cultural education of the young ones.

The older and younger pupils will be taught in separate groups. There will be a class for young children at 9:30, and a class for junior high and high school children at 10:30. The materials are furnished.

Work in charcoal, painting, ceramics, sculpture and drawing will be stressed with accent on furthering and developing the individuality of the children.

In charge of the classes is Miss Alice Jean Small, head of the department of handicraft and design at Tampa U. Miss Small is a graduate of the University of Washington School of Fine Arts. She conducted children's classes in New York City and in California. She is a student of Paul Bonifas, one of the world's leading ceramicists, and of Fernand Leger, of Paris, one of the most famous of contemporary painters.

Miss Small received first prize at the Florida State Fair recently and has been chosen as one of the international jury for the Cuban-American Exhibition to be held at the University of Tampa in April.

"Hawaiian Lagoon," a decorative interpretation created from motifs in her painting in the South Seas, is the painting upon which Alice Jean Small, head of the department of handicraft at the University of Tampa, has received the Critics' Award at the exhibition being held of her work in the world-famous Chinese Gallery at the Smith Tower, Seattle, Wash. Miss Small is currently showing 50 paintings at the Gallery, and will be feted in the Centennial Celebrations for the City of Seattle this summer.

Miss Small's paintings have been viewed by thousands, and more than 300 have been sold to museums and private collections throughout the world.

Miss Small has recently received a very high honor, with Norman Borchardt, head of the fine arts department, both being asked to be part of the international jury which will meet in Havana, Cuba, April 14, to select paintings from a group to be represented at the University of Tampa Exhibition of Contemporary Cuban Art the latter part of April. Miss Small was recently chosen secretary of the new state-wide group, the Florida Craftsmen.

## Newman Club

Mickey Smarse

Unlike any of the fraternities, the Newman club can accept new members throughout the semester. If you are interested please feel free to come up to attend our meetings at any time.

We just got our supply of Newman club T-shirts. They will sell for a dollar a shirt. At this price they are sold almost at cost. Please get them before we run out.

Last Wednesday Father Mallen gave an enlightening talk on chastity. I wish more people could have heard this talk.

Due to the fact that our president is graduating this June and we lost our Vice-pres., to the service, we had an election to fill these offices at the last meeting. The new president is Carman De Paula and the new vice-president is Mickey Smarse.

Flash! We are going to have a rosary meeting once every month preferably on the first Sunday of each month.

The convention will be held in Miami, on the 27, 28, 29 of April. Plans are being made to get as many as possible to go.

Betty Slott was appointed commissioner of entertainment. We'll have a picnic at Lowery park this coming Sunday and we wish to invite any and all the Catholic students at the University to go. After our last meeting we all went out to Howard Johnson's and each of us had a sundae.

## Spanish Newspaper Prints News About Los Picaros Club

Los Picaros has heard that in the city of Oviedo, capital of the province of Asturias, Mr. Paco Sousa, a former resident of Tampa is now a staff writer on one of the largest newspapers in northern Spain. He has been writing about the University, Los Picaros and the city of Tampa. He hopes that in the near future a delegation of 2 students could be sent for the inauguration of the monument to the Asturian Immigrant. He also writes about Tampa University in the Bulletin that is sent twice a month to the Sons of Asturias throughout the world.

Los Picaros wants to thank Mr. Sousa for his interest in good relations between English and Spanish speaking people and for the publicity that Los Picaros and the University has had.

The U. S. Civil Service Commission has announced a new Junior Scientist and Engineer examination for filling chemist, physicist, metallurgist and engineer positions paying \$3100 and \$3825 a year and mathematician and electronic scientist positions paying \$3100 a year.

Further information on these and other announcements of the Civil Service Commission can be obtained at the Dean of Men's office.

## G G Club News

The GG Club of the University of Tampa held its first rush party on April 2. Everyone there was invited to join the club as a pledge. Those who accepted invitations to join were:

Jimmy Rogers, Bob Floyd, Tony Kovack, Henry Shell, Walt Weber, Carl W. Erickson, Freddie Spencer, Glenn Wadell, Ralph Steinberg.

We are assisting with the construction of a new ramp for the benefit of the wheel chair students. The new one will be longer and not so steep, making it easier to go up.

We are also planning to put at the head of the stairs, leading to the cafeteria, a place for wheel chair students to eat. This will be a table against the wall at a height so they can eat comfortably while in their wheel chairs.

We are planning in the near future to have a get-acquainted party for all members and pledges, to let the new members learn the purpose and intent of our club, and to become better acquainted with one another.

M-G-M proudly presents the funniest one of '51!!!

## Beta Chi Fraternity Has Formal Initiation At Villa Euse Inn

The Beta Chi fraternity held formal initiation followed with a banquet at the Villa Euse Saturday night. Eight pledges were put through the ritual that made them Beta Chi's.

Dr. H. C. Laub, faculty advisor and chaperone made a brief talk about the history of Beta Chi. He noted among other things, that Beta Chi was the oldest fraternity on the campus of the University of Tampa.

The banquet started at seven o'clock, when 22 new pledges were introduced to the members and assigned to fathers. Immediately following this, the eight pledges from last semester were formally initiated into Beta Chi fraternity.

Dinner was served at eight o'clock. The fathers and their sons sat together. The tables were arranged in a horseshoe, with the center table reserved for the officers and guests of Beta Chi. The guest speakers' table was adorned with a large spray of Carnations. Wrist corsages were put on the individual tables for the ladies.

During the dinner, Dr. Laub made a brief talk about Beta Chi that was received with a round of applause.

President Harry Seely then called on Mr. Doyle Bluenle, a popular alumnus of Beta Chi. Doyle told of the first Beta Chi banquet that he attended. He left an impression, on the ladies and gentlemen present, that the first Beta Chi banquet was one that he will long remember. As a matter of fact, it was so good, that he hasn't missed one since.

After Doyle finished, President Seely, said the magic words "Let's Dance." The bandleader took his cue and from then on, the Villa Euse was dance land for the Beta Chi's and their ladies.

The banquet was a milestone in the Beta Chi fraternity. It can boast of being not only the oldest fraternity on the campus but also one of the largest. During the Christmas holidays, Beta Chi moved into its new rooms which are being furnished with the assistance of one of Tampa's interior decorators. Some time in the future open house will be held for the benefit of the campus.

Beta Chi would like to extend their thanks to all the young ladies that attended the banquet.

## Lead-Out Dance Planned By D K

Plans are now being made for the 14th annual Lead-Out Dance of the Delta Kappa Sorority. This is the traditional pledge dance of the sorority; its purpose being the formal introduction of the pledges and the naming of the outstanding pledge of the year. The dance is to be held May 18, and further plans will be announced later.

On March 13, the pledges of the Sorority had their formal initiation and received their "Mothers". The candlelight ceremony was held in the sorority and the new daughters were honored afterward at a din-

## K S K Fraternity Host Of Dr. Fina

The Fraternity has been the host of Dr. Ramon Fina, of the University of Havana. He has been occupying the guest room at the Fraternity house for the past two weeks. Dr. Fina, one of Cuba's outstanding artists and Professor of Design, Painting and Sculpture, is visiting the University, where he has lectured before the art classes. His lectures will continue for two more weeks.

This has been the week of weddings for the Fraternity. Two members were married during the past week, and one pledge was married the previous week.

Mr. Don Gwin was married Sunday, March 25, to Miss Ann Gates, daughter of Mr. and Mrs. K. L. Gates, of Bradenton, at the Manatee Methodist Church in Bradenton.

Mr. Roy Jaudon, of the Mid-year Graduating Class, and Miss Patricia Louise Moore, daughter of Mrs. Joe Ward and Mr. Ralph Moore, of Indiana, were married Sunday afternoon, April 7, 1951, at the Brandon Baptist Church.

Miss Gloria Fernandez, daughter of Mr. and Mrs. Mario Fernandez, of this city, became the bride of Mr. Al Pinera on Sunday at 5:00 P.M., in the Ybor City Presbyterian Mission. A reception followed the wedding at the Moose Hall.

### STUDENTS FROM MICHIGAN VISIT LOCAL CHAPTER

Five students from the Detroit Institute of Technology, and members of Michigan Alpha Chapter of Kappa Sigma Kappa, Fraternity, recently paid a visit to the local KSK chapter. The students were on a tour of the south, and had visited Miami and other Florida centers of attraction before coming to Tampa.

Robert Winning, one of the Detroit visitors, is the brother of Harry Winning, a former KSK and University of Tampa graduate of the Class of 1949. The other students were Jack Bologna, Doug Judd, Mike Jednak and Dick Miller. They were entertained at the Fraternity house while here.

The Institute of Technology is a 60-year old institution located in the downtown district of Detroit. Henry Ford was once a member of the Faculty, teaching in the Industrial Arts Department.

The visit was an indication of the close brotherhood of this National Fraternity and the extent to which the local Chapter is known.

ner held at the Cricket Tea Room. The new daughters and their mothers are: Dot Cleotolis, Helen Jane Tomlinson; Lena Moore Gantt; Joyce Boothby, Elinor Blackwell; Joan Jamerson, Lois Righelieu; Pat Neff, Louise Jenkins; Sally Rippey, Joan Wuertz; Jayne Anderson, Barbara Billett; Doris Henson; Sylvia Haynesworth, Alice Thomas; Ardelle Austin, Dorothy Bachman; Joan Jacobsen, Mary Esther Bartlett; Chloe Snow, Liz Lambert; Mary Jo Marzolf, Glenn Massey; Liz Schwartz, Georgia Reed; Jo Lynn Rhodes, Anna Ruth Beck; Marjorie Christensen, Frances Stevens; Eleanor Carden, Muriel Troughton; Mary Frances McMurray, Joan Irvin; Pat Harris, Lou Randall.

## Lecture

(Continued from Page 3)

tinuing through the week of April 16. The lectures will begin at 8 P. M. and will be held in the Ballroom. The public is cordially invited.

The University art department, sponsor of the lectures, announces Dr. Fina's subject as follows:

"Cimabue and Giotto," "Manuscript Illuminators," "The Development of Sculptural Painting," "The Development of Graphic Painting," "Venetian Painting," "Titian, the Last Sculptural Painter," "El Greco,

## Fashion News

By Dot Cleotelis

Fashion is dreaming of a bright, white summer, dramatizing white for new importance. Daytime or date time—white is right, bright emphasis for coats, suits, dresses . . . all co-ordinates and accessories.

White breaks into print with black and deep-hued overtones . . . discreet geometric patterns . . . navy, green or red dots . . . or exotic florals.

Black and white checks—large or small patterns . . . bold or sedate plaids; stripes from fine-lined stripings to brilliant multicolored wide stripes, on white grounds.

Look for flip white linen dusters to make fashion headlines in smart wardrobes again, this year they're enhanced with velvet trimmings at sleeves-end and necklines.

Daytime suits are excitedly dressed-up looking with stiffened hipline jackets over slender skirts and they make real news in fine white flannels, crisp failles and rich shantung.

White and off-white silks in crisp and tissue-weight shantung, honans, silk shirtings with white grounds for sharps, keen stripes and lots and lots of white sheers in stiff, and soft, filmy fabrics—are all destined for summer smartness.

The newest cottons wear that white, bright look in textured fabrics . . . with extra emphasis on novelty piques . . . batistes and

(Continued on Page 4)

## Ad. and Sales Club Hear Speaker From Pen. Telephone Co.

The Ad & Sales Club had as its main speaker on March 29th Mr. J. Hartwell Jones. Mr. Jones is the head of the Public Relations and Advertising Department of the Peninsular Telephone Company. His talk was well received as evidenced by the numerous questions which followed his discussion on advertising.

Prof. McGillivray, has discussed the possibilities of the club working with him on radio advertising to sell the University to the public. A committee will be appointed to follow this along.

A surprise speaker was Dr. Ramon Fina, Professor of Art at the College of Art Teachers in Havana Cuba. He explained the important role that Tampa could play in developing strong business and art relations between this country and the Latin countries including Cuba.

The next meeting of this club will be for adoption of the constitution and elections of permanent officers. This is scheduled for April 12.

In its continuing program for

promoting the school and helping the student become well informed on all general subjects the Ad & Sales Club has arranged for a member of the Hillsboro Crime Commission to speak on April 12th at 12:00. The meeting will be held in the speech room.

On April 8, several members of the club accompanied their faculty advisor, Prof. Roberts, to a meeting of the Tampa Ad Club. Each student was introduced to the assemblage and they were thanked

for showing interest in advertising as it is used in Tampa.

All interested students are urged to contact the organization if they are interested in helping themselves as well as the school. Prof. Roberts will guide all applicants to our meetings.

## Tampa U Crew Post Six Wins Aim For Dad Vail

Our Spartans followed their victory over AIC with a decisive two length victory over the Hanover Indians more commonly known as Dartmouth. A willing and strong Dartmouth shell lost the advantage a hundred yards from the starting line and couldn't bridge the gap although they continued to pull hard right up to the finish line. As in the AIC race the Spartans once again had the advantage of superior training facilities which weighed heavily in their favor when they needed the drive for the last stretch.

The Dartmouth crew, true to their heritage, passed many fine compliments towards the Spartans and their coxswain expressed his disappointment at not coming back for the Dad Vail Regatta.

Another disadvantage that the Indians were under was the illness of their regular coach. On this trip their captain who was unable to row due to an injury, performed the duties of coach.

Lineup for the visitors and their home towns follows:

Capt. Pete Krephiel, Scarsdale, N. Y.

Cox, Brock Lewis, Nantucket, Mass.

Stroke, Jim Tuffey, Summit, N. J.

No. 7, Jack Unkles, Short Hills, N. J.

No. 6, Bill Ford, Sioux City, Iowa.

No. 5, Dave Replogle, Larchmont, N. Y.

No. 4, Dave Chamberlain, Boston, Mass.

No. 3, George Davies, New Rochelle, N. Y.

No. 2, Marr Mullen, Seattle, Wash.

Bow, Dave Folger, Hanover, N. H.

Although satisfied with the victory and the all-round record of the crew, Coach Art Trubiano expressed dissatisfaction with the attitude of the team as a whole. He blames much of it on the current unsettled world situation when the boys don't know from one day to the next just where they stand in the draft. Art seems to think that if they don't snap out of it and put a little more effort, their chances in the State meet and the Dad Vail might be hampered. This would be a shame for we have a wonderful crew and as individuals you couldn't meet a nicer bunch of fellows.

The Minaret sports department will briefly describe various members of our crew for the next few issues. Today we start with the coach.

### ART TRUBIANO

Art hails from Keene, N. H., way back in the hills of New England. He received his education here at Tampa and also at Harvard. In "41" he was coxswain of the Spartan crew which had a successful year. While at Harvard he rowed on the 150 lbs. boat in "46". This is his fourth year as coach of the Spartan crew and he hopes to be here for a long time. Outside of coaching Art teaches in Wilson Jr. High.

### JOB OPPORTUNITY

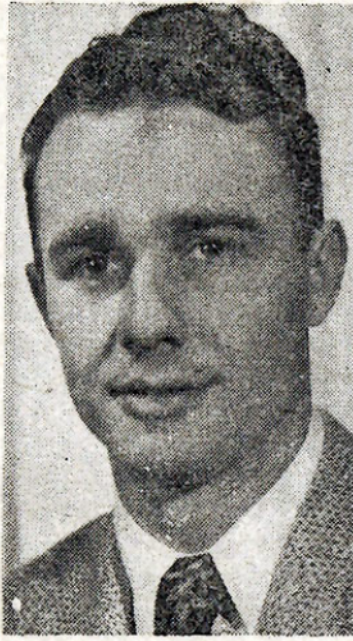

Cub reporters wanted. Male or Female. Long hours, low pay. Experience not necessary. Three persons to be carefully selected. Our employees know of this ad. Contact Sports Editor Minaret.

# Under the Dome

By Phil Brunet '52

OPEN LETTER TO WILBUR KINLEY, SPORTS DEPT., TAMPA TIMES

Your little blurb in "Sports Rays" of April 10, warrants some rebuttal from this quarter. You are 100 per cent right in all you say. We were no doubt wrong in allowing the three assistant coaches to play after subsequent events proved that the Spartan line could hold its own against the Hurricanes. Yet, who can honestly say that our little band of warriors with a reserve strength of possibly one man in some

## Tampa U Student Takes Fencing Crown

In the state fencing meet down at Sarasota, Tampa U's George Hoppe won the men's crown. This brings another major crown in state competition to Tampa. Placing third in the same meet was Ted Price of Tampa U.

Placing third in the women's division was Marion Moats a newcomer to the sport.

In the overall picture, Tampa did very well and plans are being made to expand the fencing program at the school. Any person who is interested in this sport may contact Mr. Adams for further details.

## Sigma Kappa Nu Party Follows Softball Game

The Sigma Kappa Nu fraternity will hold its traditional softball game between the pledges and the members at U de Park playground Sun. April, 15. The game is going to start at 2:30 and all pledges and members are urged to be there.

The pledges have great confidence in Tom Boyle, their pitcher. The members will have Sam Morton and Jack Thompson on the mound.

Following the game a weiner roast will be held for the members, pledges and their dates, at 5:30 P.M. on the Davis Causeway. The roast will be financed by the pledge class. They will raffie a radio, at 25 cents per ticket on Friday, April 20, at 12:30. Anybody can buy a ticket. Purchase one from any pledge or member.

## Pat Dixon T U Coxswain

Pat is a freshman in the BCE department. He matriculated at Fenger High School in Chicago, Ill. This is his first year of experience in any type of crew activity. While in high school Pat had his own band and played on many radio and television programs in the Chicago area. Since his arrival at Tampa U he has participated in two plays, "Can't Take it With You", and "Killer and the Dream Girl." In his off time he plays the guitar at the Big Ben in Clearwater. For a nineteen year old newcomer to the sport, Pat is doing a fine job and should be a valuable asset to the crew for the next three years.

## Enroll Now For Summer Session

All Students now enrolled in the University who plan to attend the summer session are urged to come by the Registrar's office and indicate their intention to enroll for summer classes.

The following courses will be offered in addition to those listed in the summer catalogue.

1. Education 304
2. Beginning Spanish
3. Beginning Shorthand.
4. Beginning Chinese.
5. Beginning English for Spanish speaking students.

Entering Students must have their transcripts on file before the date of registration.

# COLLEGE GIRLS CHEER HADACOL

At left: Miss Irene Sikeantanz, 3323 Cleveland Avenue, Port Huron, Mich.

At right: Miss Elaine Krupzak, 5082 Lapeer Road, Port Huron, Mich.

This is typical of thousands of letters telling how HADACOL relieves the real and basic cause of deficiency distresses. For HADACOL provides more than the minimum daily requirement of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, plus helpful quantities of Phosphorus and Calcium. It builds up the hemoglobin content of the blood (when Iron is needed) to send these precious Vitamins and Minerals surging to every part of the

**Hadacol May Relieve Cause of Troubles When Due to a Lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, that Interfere with Fun and Studies!**

The marvelous benefits of HADACOL, today's great nutritional formula, are equally helpful to young and old alike who are suffering from a lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

Here's what these two pretty coeds, who may have been suffering from such deficiencies, have to say: "We are two college students writing you this letter. Before taking HADACOL we were nervous, restless and unable to sleep at night. We found we were foggy all day and ached all over. Now after taking only 3 bottles of HADACOL we are different persons. We are full of life and energy and our aches have completely disappeared. Thank you for your wonderful discovery of that remarkable product, HADACOL."

body and to every body organ. Why not find out today why thousands say, "Only HADACOL gives you that Wonderful Hadacol Feeling." At your druggist: Trial size only \$1.25; large family size, only \$3.50.

## SENATOR DUDLEY J. LE BLANC The Best Friend You Ever Had

Senator LeBlanc has been in public life since he was quite a young man and has always advocated the cause of the oppressed and downtrodden. It was he who introduced the law in Louisiana that gives every deserving man and woman in Louisiana a pension of \$50.00. It was he who introduced the law creating the office of Service Commissioner, the duties of which office is to see that every deserving ex-soldier and veteran receives his just reward from the Federal and State Government. It was he who has consistently fought the battle of the school teachers in the halls of the legislature. He worked untiringly for the farmers and

Senator Dudley J. LeBlanc

the laboring man. You can place your confidence in a man who has by his past activities demonstrated to you that he is your friend. If you are suffering from deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, don't hesitate, don't delay, buy HADACOL today.

# Spartan Football Team Reaches The Height

The game underdogs of Tampa U played the powerful Miami Hurricanes on near equal terms in rain and mud at Phillips Field. After the first five minutes when the Miami team scored two quick touchdowns to make the score 14 to 0, it was Tampa who dominated the point making department. Lou Sequella took a pitchout from John Lahosky and raced through the complete Miami defense to score. The Hurricanes countered with a drive that was climaxed with Mallios going over from the eight yard line. Tampa roared back into the game when Vince Chicko pulled in a bullet pass across the middle of the visitors line and raced over 60-yards for Tampa's final score.

The final period saw both squads feeling the effects of mud and mire and no drive by either team amounted to much. The big thing in the final period was the effective work of Tampa's massive mammoths who didn't give one inch to the forward wall of Miami. This same Miami line was the one that played havoc with such teams as Purdue, Missouri, Iowa and our own Florida Univ. team.

At various times during the game the Spartan first team line was relieved by such able performers as Sam Bailey, Marcelino Huerta and Johnny Vardian.

Unless further developments are forthcoming this game marks the final appearance of Frank Sinkwich as head coach of the Spartans. Nothing much can be said that hasn't already been said about the job he has done in his short stay here. Nobody seems interested enough to force the issue of keeping him here and so it's just our bad luck and I know everybody in the student body wishes him luck.

The usual Tampa luck ran true to form when the famous Florida weather threw a sinker ball at us and struck us out with the worst possible weather a football game could be played in. The expected thousands dwindled to a mere fifteen hundred at game time and if it hadn't been for the fine advance sale the game would have been a complete financial fiasco.

If anybody feels that the final score against Tampa of 21 to 13 is any indication of the fine Spartan team playing the finest game of their assembled careers in the hopes that some support would be forthcoming from some unknown source, they are certainly right.

The school owes something to this group who went out and sweated their hearts out in a last desperate move to prove that we here at the school have one of the best potential small college football teams in the south.

## T U Pistol Club Has 15 Members

The University of Tampa's newly organized Pistol Club is still accepting applications for membership. Anyone desiring to join this club is requested to inform one of President Nance's secretaries of their intentions.

Mr. Vern Klentworth, well known throughout the country for his expertness with small arms, is the instructor for the university club.

Present club members are Edward W. Schmotzer, Armando Lopez, Jo Ann Hardy, Lorraine Ashworth, Paul Smarse, Frank A. Stump, Dr. R. Underberg, John H. Brandon, Don McMahon, D. E. Britten, Tony Jonaitis, Bill Burnett, Jr., James E. Burr, Victor A. Cristales, and De Loss Weyant.

## Beaux Arts Ball Monday, April 21

The floor show of the Beaux Arts Ball, to be held in the Municipal Auditorium, April 21, at eight o'clock will include a scene from **The Dream Girl and the Killer** the psycho-analytical melodrama written by Marjorie Barstow Greenbie and presented at the University of Tampa last fall. The scene represents a floor show in The Hell's-Where-You-Make-It Night Club, where all the clients are in masks, and features a dance by Mari Bec Day as Libby (or Libido) to the mad music improvised on the piano by Jimmie Phillips as Dopy. Other participants will be Chase Robinson as Mr. Luce; Charles Koch as Charlie Porker; Dick Borchardt as Doctor Crook; Roberta Graham as Mrs. N. Vera Aurora T. Complex; Phyllis Hannon as Vera, the Vamp; Jane Titus as Delphine Dollar; and Gloria Gonzalez as the Cigarette Girl. Marion Terry has designed the costumes for Libby and the Cigarette Girl.

William Antonini, who was production manager for **The Dream Girl and the Killer** when it was performed at the University of Tampa will be the manager of the University of Tampa act, and will also act as chairman of a committee of the students in the Drama Workshop and others who will assist in decorating the hall.

The Beaux Arts Ball, under the sponsorship of the Tampa Art Institute will be one of the most colorful social events of the season, and will include a display of talents in all the arts. All who attend are asked to come in costume. There will be prizes for the best costumes. The price of admission is a donation of \$1.00 to the fund for building an Art Institute in Tampa.

## Among The Amazons

Pat Wilson

Volleyball intramurals began last Tuesday with the Zeta Delta Phi's losing to Delta Kappa 27-15, and an Alpha Gamma win over the Sigma Theta's 32-11. On the same bill the Alpha Gamma's won over the Delta Kappa's 34-11. Volleyball ends next Thursday, April 12, when the Alpha Gamma's play Zeta Delta Phi and the Delta Kappa's meet the Sigma Thetas. If the Alpha Gamma's win their game they will have taken the championship, being the only team which has not lost a game.

Doubles in tennis intramurals begin immediately after volleyball, then follows badminton. Golf intramurals will be held on April 28.

The Florida Amateur Fencing

## Students Are Asked To Submit Ideas On How To Keep Football Here

The sports department is open to any and all suggestions, plans and ideas from anybody interested enough to drop us a line on how Tampa U could finance or continue football. I'll start the ball rolling by offering my thoughts on the subject. As I understand it, the present system has some five dollars of the student activity fund used for furthering the athletic program. Continue this but get another five dollars from the students registering during the first semester which will be used directly for football. With an enrollment of 800 students, this would give the fund a four thousand dollar start.

Naturally enough many would protest such a plan and probably with some justification. Such arguments as, "I never use my activity book", and "I work at night and can't attend games," would be common. But let these people stop and think of the long range benefits. I claim that today no educational institution trying to establish itself in a highly competitive field can survive on its academic or cultural advantages.

The cost of everything else has gone out of normal limits, so why shouldn't the student bear some of the burden. After all, I don't think anyone of us would rather see an instructor dropped just to keep some sport but if some other plan could be adopted it might help us later in life. It's pretty tough to mention that you've graduated from a defunct school and perhaps that could happen to Tampa U if we don't offer a more well rounded sports program to interest students from the state and from afar to come and benefit from the other fine advantages that the school offers.

League held its bouts last Sunday April 8, in Sarasota at the Lido Club. Women who represented TU were: Phyllis Hannon, Marion Moats, and Jane Titus. Congratulations are in order for Miss Moats who went to the finals and won third place.

## Intramurals

Track—May 1.

Swimming—May 11

Golf—To be announced

Badminton—To be announced

Table Tennis—To be announced

Fencing—To be announced

Handball—To be announced

All of the above listed events are ready to go. Everybody is urged to submit your entry or entries to Miller K. Adams soon. Dates on the events to come will be set just soon as entries are received. This is just a partial list of the second semester intramural activities and they have given us the opportunity to participate in just about any sport this year.

## NOW GOING ON

Tennis

Softball

In the tennis tournament few results are in at press time but things are running along in good shape. In first round singles, Garcia won by default, Hathaway defeated McCoy, 6-2, 6-4, and Unsiog defeated Setlier, 6-3, 6-3. In the doubles no results were available.

Softball got off to a fast start on March 29, RND 9 to 8, KSK 11-Ace 6. On April 3, it was SKN 7-RND 3 and BX 9-IND 2. April 5th, BX 16-ACE 2 and TO 6-KSK 3.

## Prof. Miller Adams New Head S.A.F.A.

Our popular director of intramural sports was elected to head the Florida State Amateur Fencing Association. He was elected to this post while attending the state fencing meet in Sarasota April 9.

Also elected to serve with him was Miss Beatrice Brill, Tampa's able director of women's athletics. She was elected to serve as vice-president.

As of April 5th the league stands as follows:

Beta Chi	2-0	1.000
Sigma Kappa Nu	1-0	1.000
Kappa Sigma Kappa	1-1	.500
Rho Nu Delta	1-1	.500
Tau Omega	1-1	.500
Independents	0-1	.000
Ace Club	0-2	.000

## INTRAMURAL TROPHY CHASE

The over-all point standing of the clubs and frats is unchanged this week:

Beta Chi	142
Rho Nu Delta	138
Sigma Kappa Nu	132
Independents	118
Tau Omega	90
Kappa Sigma Kappa	50
Ace Club	30

## Honor Roll - - -

(Continued from Page 1)

Prayer offered a dedicatory prayer.

Present at the ceremony was G. A. McCreery, 1316 West Cass St., who designed and made the honor board, volunteering his services in the project and declining compensation for the time and work devoted to it.

The board, enclosed in a glass-covered mahogany case also constructed by Mr. McCreery, has been put up on the north wall of the Lobby near the corridor leading to the administrative offices. It measures 48 by 40 inches and is in red, gold and black, the University colors, having black lettering on gold tablets against a background of red suede cloth.

At the top are the University seal and, at the sides of the seal and below it, panels inscribed,

"Serving Their Country in the Armed Forces—Inducted Since June 26, 1950." At the foot of the board are the words, "Presented by the University of Tampa Faculty Woman's Club."

The idea of an honor roll was first discussed by the Faculty Woman's Club several months ago. Soon after its reorganization last fall, the club, including women faculty members, faculty wives and members of the University staff, decided upon such a project as one in which all members felt a deep interest and one in which all would be proud to have a share.

Mrs. Johnnie Pate, Miss Charlotte Anne Thompson and Mrs. C. C. Denney were the committee under whose direction the project was carried out. Mrs. Ellwood C. Nance is honorary president of the Faculty Woman's Club.

Miss Stella Cox is vice-president, and Mrs. James Bignell secretary-treasurer.

To the 65 names originally listed, additions will be made as other students and alumni are inducted into the service and as omissions from the present list are brought to the committee's attention.

Names thus far recorded are:

William F. Adams, Jack W. Barker, Gerald W. Bodenberg, Edwin W. Bray, John Brockman, William T. Brown, Robert B. Bruns, James L. Burnett, Jr., Walter J. Carpenter, Edwin B. Cook, Frederick E. Cooper, Edward P. Cory, Jose B. Cosio, Gerardo Cuervo.

Roscoe R. Davis, George W. Felke, John H. Fernandez, James L. Ghiotto, Luther D. Godwin, Dean Goldsmith, Leonard H. Gotler, George H. Grant, Richard H. Hair, Robert E. Hancock, Eugene P.

Henry, James H. Hill, Harold J. Keating.

William E. Lee, John C. Leinhauser, Salvador Llosa, Ernest C. Lottman, John M. Lynn, Jr., James W. McAlister, Walter H. McCall, Fred J. McClendon, Byron C. McCluney, Grady A. Miller, Pat Musto, James B. Noland, Raymond C. Pratt, Richard C. Puls, Arthur G. Remnet, Jr., Justo N. Rodriguez, Jr., Clyde H. Roebuck.

Clippard L. Salter, Jr., John B. Sanchez, Arthur R. Schiller, Harry V. Schmidt, Robert K. Shirley, Hugh C. Simmons, Samuel E. Sloan, Jr., Culver O. Spencer, Jr., Robert F. Stephenson, William K. Stewart, Agustin F. Suarez, Howard H. Sypher, Ernest Turbeville, Jr., Marion E. Wacaser, Bill B. Williams, James T. Williams, John B. Wuertz, Eugene G. Yates, Al Yerkunas.

## Quiz Has Merits But Fatal To Ego

The freshman class studying Library Science under the direction of Miss Lanphear have a display of famous quotations posted on the large library bulletin board.

The bulletin board caption is "Who Said That?" Some of the quotes displayed are:

"Man is the only animal that blushes or needs to."

"The bigger they come the harder they fall."

"Let fools the studious despise, there is nothing lost in being wise."

"Modesty forbids what the law does not."

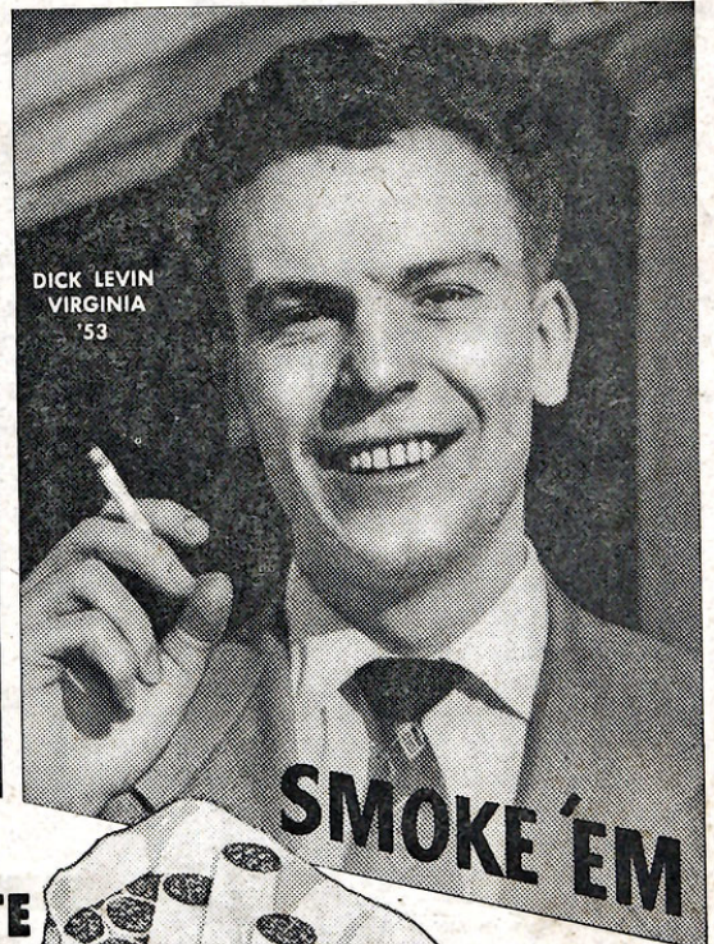

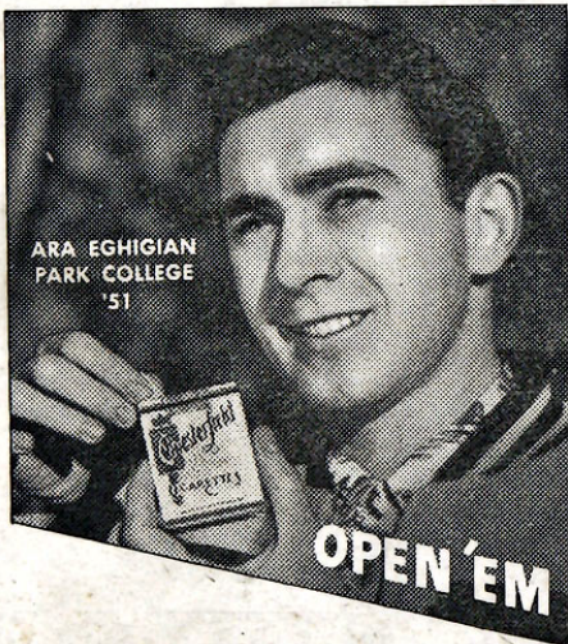

If you need opening sentences for a speech this board may help you.
