## Serendipity Singers Successful In Their First Tampa Appearance

The Serendipity Singers recently made their appearance at McKay Auditorium. The group is composed of Brooks Hatch; Tommy Tie-man, a tenor and guitarist; John Madden, 12-string guitarist; Jon Arbenz, a tenor guitarist; Mike Brovsky, bass; Bob Young, bass; Bryan Sennett, baritone; and the two girls, Diane Decker and Patti Berger.

Most of the members double as both singers and musicians. The Serendipitys were not only great in their singing abilities but they also showed a comical talent. There is only one word that can be used to describe them — superb.

Some of the songs highlighting the evening were Way to Glory Land, Beans in My Ears, Chilly Winds, Let Me Fly to Mt. Zion, My Heart Keeps Following You, and who can forget Don't Let the Rain Come Down and Freedom Star, which was written by a member of the group. To round out the evening and say goodbye the group sang Going Home.

And so the short stay of the Serendipity Singers came to a close but their memory will remain for some time among the students who attended the concert.

## Tennessee S.U.S.G.A. Convention Last For Outgoing Chairman Hines

by Julie Quintana

A group of eleven members of Student Government, both old and new officers, attended the Southern Universities' Student Government Association meeting last week, in Gatlinburg, Tennessee. The group included: Del Davis, Dave Dutch, Gary Garbis, John Hines, Richard "Moe" Kunsch, Richard Hoestra, John Mulry, George Murphy, Ken Roth, Russell Thompson and George Watson.

While there, they attended stimulating panel discussions; talked over problems in each individual university, and heard outstanding speakers.

SUSGA is a link of communication between the colleges and universities in the southeast. Its services are numerous. They include: an annual Publications Workshop;

the Annual Conference, a Workshop for student government; it offers the services of its research center; it publishes a directory of member schools; sponsors a sportsmanship clinic; offers the services of a Consultant Team; publishes periodically during the year, SUSGAGRAM which serves as a newsletter for the organization as well as providing helpful information for the student leaders. The importance of SUSGA is its assistance in helping the student leaders better serve their own student bodies.

For retiring president of SUSGA, John Hines, it was a sad and yet memorable event. John has accomplished a great deal as Chairman, both for the Association as well as our University, and he leaves his mark as a fine leader and hard worker.

## T. U. Administrators Attend Retreat To Discuss Old and New Policies

Sixteen University of Tampa administrators attended a weekend retreat at North Redington Beach the weekend of March 31.

Those in attendance were Dr. C. R. Walker, Mr. E. P. Sliz, Dr. S. L. Speronis, Col. F. Hutchins, Miss C. Thompson, Mr. D. Miller,

Capt. K. Hance, Mr. E. Van Gelder, Mr. R. Lovely, Mr. E. H. Cropsey, Col. R. Clifton, Dean L. King, Dean DeCarlo, Mr. R. Fernandez, and Pres. D. Delo.

President Delo and the respective vice presidents have not yet met to discuss final plans, Dean DeCarlo states. DeCarlo, however, discussed and described the agenda of the retreat.

DeCarlo himself made a recommendation to establish an office of Academic Counseling, Vocational Guidance, and Placement. Two full time counselors would staff this center which would provide an extensive testing program.

The possibility of the revision of rules for women's residents was discussed, as was the possibility of permitting senior girls to live off campus.

Also under discussion was the improvement of communication between students and faculty.

DeCarlo also mentioned that a new academic policy will be published shortly. This covers such things as suspension and expulsion, the 90 hours rule, etc.

### Student Sworn In NAOCS

Barry L. George, 23, a graduate of the University of Tampa was sworn into the Naval Aviation Officer Candidate program, April 10. Lt. Cmdr. A. Chipman, Assistant Procurement Officer of the Jacksonville Naval Air Reserve Training Unit, performed the ceremonies.

## Academic Changes Announced

Dr. Charles R. Walker, Jr., Vice President for Academic Affairs, announced that the Faculty has approved the following changes in the academic program, effective September 1, 1965.

1. That the substitution of band, orchestra, or chorus for HPR 100-101 will not be permitted.
2. That a student may choose either of two catalogs: (a) The one in effect at the time of his graduation;

or (b) the one in effect at the time of his original enrollment, provided the period between his original enrollment and his graduation does not exceed six (6) calendar years.

3. That due to the small enrollment the major in physics be reduced to a minor. Students currently enrolled will be able to complete the major, but they should see Dr. Walker immediately.

## Placement Opportunities

WEAREVER ALUMINUM, INC. sponsors a college program which provides lucrative sales jobs for students. They now have a year-round program which enables students to work full time during vacation periods and in their spare time during the school year — without conflicting with class or study schedules. Through this program, many students earn sufficient income to pay all or part of their school expenses each year — They also have an EXTENSIVE SCHOLARSHIP PROGRAM WHICH PROVIDES CASH SCHOLARSHIP AWARDS FOR STUDENTS AND GRANTS FOR COLLEGES. Students are invited to review the 1965 edition of their WEAL College Program booklet in this office.

This office has the booklet GUIDE TO FOREIGN EMPLOYMENT AND TEACHING OPPORTUNITIES FOR UNITED STATES COLLEGE STUDENTS. Students are invited to come in and review this booklet.

COMPTROLLER OF THE CURRENCY: Positions of National Bank Examiners. Positions available in Atlanta, Georgia; Columbia, South Carolina; Miami, Tampa, and Jacksonville, Florida. Descriptive circular available.

ILLINOIS, STATE OF: Department of Personnel (male and female). Brochures available.

PENINSULAR STATE BANK: Bookkeeper wanted (Not necessarily a graduate). Address: 1506 Dale Mabry, Tampa, Florida.

SAVANNAH, GEORGIA, CITY OF: Data Processing Programmer.

U.S. DEPARTMENT OF AGRICULTURE: Auditing and investigating. Qualifications: Bachelor degree with major in accounting.

### SUMMER JOB OPPORTUNITIES

GATES RUBBER COMPANY: Summer work leading to a career — Position: New Dealer Salesman. For further information check with this office.

# MINARET

The Minaret is published bi-monthly by the students of the University of Tampa, Tampa, Florida

(Publication is suspended one week prior to and one week following vacations.) Editorial content is decided upon by the Editorial Board appointed by the Editor in Chief. All letters to the Editor are reviewed by the Editorial Board — content however, is in no way altered. Views and opinions expressed in these letters are not necessarily those of the University, the paper, its editors or its staff. Letters must be signed, but the name of the author will be withheld upon request.

## LETTERS TO THE EDITOR

### Yet To Live Up To This Virtue

Dear Editor:

For some time now, Robert Harris has been shooting off his mouth about failures in this University. In his most recent article, he has attacked the lack of a guidance system with respect to the faculty and administration. While I am not in constant agreement with Mr. Harris, I do feel that this past letter was a gem.

Last year this school boasted a fine woman psychologist, Mrs. Geraldine York. However, she was only one person and consequently could not do too much. Her guidance

program, on a grand scale, is in essence, what Mr. Harris would like to see. On this point, Mr. Harris and I are in complete accord. I feel that it would help the students to know that qualified psychologists are ready, willing, and able to aid them in their individual problems. Under our present system, each student is assigned a guidance counselor upon admission to this University. However, due to the rise in numbers within the student body, this system is totally inadequate. At this point, I would like to clarify my last statement.

I am not accusing the faculty of having a "don't care" attitude. On the contrary, some professors will make an ardent attempt to help solve the individual problems of their students. What I am saying, is that since many of these professors are overly laden with other tasks, they do not have the time for this individual attention.

Hence, this is the problem:

This school prides itself on the security of the individual student, and as far as I am concerned, it has yet to live up to this virtue.

ROBERT GEORGE

### Embarrassing both to the University and to the Artists

Why don't we have better entertainment for the students. This question is often asked by the student to members of Student Government. The real answer is that the student himself is responsible.

There have been top rate artists presented on this campus in behalf of the student body. But isn't it embarrassing both to the University and to the artists themselves

when only a handful of people attend their performance. A good example of this was the appearance of the Serendipity Singers at McKay Auditorium, the majority of the student body failed to appear for the splendid show of folk songs and jazz and they missed a very excellent performance.

This event was sponsored by the

Student Congress. Do you believe that when the time comes around to bring another group of entertainers, that this will not come to mind? If the student does not support the events presented how can we continue to have them? Each student must remember that a University and the functions it presents is as good as its student body.

"I KNOW I'VE COMPLAINED A LOT ABOUT THE FOOD HERE, BUT NOW THAT I'M ABOUT READY TO GRADUATE I'M BEGINNING TO LIKE IT."

**Deadline for applications for the Editorship and Business Manager of the 1965-66 Minaret and Moroccan is May 14, 1965. All applications should be sent to Col. Frank Hutchins, Chairman Publications Committee, University of Tampa, Tampa, Florida.**

#### SPRING ELECTION Results

Results of the '65 spring elections have been tallied and the winners announced.

Gary Garbis and Moe Kunsch will head the Student Congress as president and vice president. Co-ed vice president is Carolyn Showers.

Directing the senior class will be John Kiefler, president; Dave Dutch, vice president; Sandy Klementis, secretary.

Junior class officers are Rick Hoekstra, president; Cindy Vilardeblo, vice president.

John Mulry is sophomore class president and Ken Roth, vice president.

## Activities Schedule Changes

President Delo has approved the following:

1. Mrs. Scourtes, Projects Secretary and Mr. Lovely, Director of the Student Union will maintain schedules in order to minimize confusion, errors, and inequities.

2. Activities scheduled for the benefit of the entire student body will receive priority over those scheduled for individual groups such as fraternities, sororities and other clubs.

3. These changes will be effective immediately so that events beginning September 1965 may be scheduled accordingly.

Student organization functions already scheduled for September or thereafter will be subject to change at the discretion of Mr. Lovely. Mr. Lovely will coordinate with Mrs. Scourtes. Organizations are requested to submit written requests for specific dates to Mr. Lovely by May 10.

The request should include the following information:

1. Name of organization.
2. Number of members.
3. Number of pledges.
4. Whether event is open or closed.
5. Purpose of function.
6. First and second choices for dates and specific hours of the function.

Specific policies and procedures are being formulated; however, this will serve for the interim.

The submission of the request is not a guarantee that the dates will be approved.

## Organization News

### TKE

TKE would like to welcome its new pledge class. Its neophytes are Jim Sponheim, Angelo Favata, Larry Pesek, John Scott, Joe Finks, Walter Lee, and K. J. Ferrullo.

Our softball team had its first practice last Sunday.

The industrious minded Fraters and pledges are in the process of painting and redecorating our fraternity room. The job is under the supervision of Frater Rosner.

Dr. McFadyen, our adviser, has pledged to us his full support and has been a great help in the remodeling project.

### Pi Delta Epsilon

The members of Pi Delta Epsilon, national honorary journalism fraternity, are all looking forward to our annual spring banquet that is going to be held in May. We are also planning to send a delegate to the national convention that is going to be held in May at the University of Pittsburgh.

Our initiation of pledges will be held at the home of Col. Frank Hutchins, the fraternity's adviser.

Our pledge class is one of the largest and finest groups of pledges we have had. The present fraters of the fraternity are all looking forward to their induction.

### International Relations

With the interest of several students, and the guidance of Professor Lindenmeyer, the International Relations Club has been re-activated.

The re-organizational meeting was held on February 17, 1965. The Constitution was re-written and adopted and the following members were elected to a one year term: President, Robert G. Marsh; Vice President, G. David Sanders; Secretary-Treasurer, Gail H. Fischer.

The club already boasts a membership of 21. After a diligent search of class cards it was decided that 3:00 P.M. to 4:00 P.M. on Mondays would be the most convenient time for the discussion meetings.

### Delta Sigma Pi

Delta Sigma Pi started off the Spring semester with a Ruch Party at Colonial Beach. We are also

proud to say that 11 fine pledges are with us this semester.

Our professional chairman Greg Esposito with Larry Rosenberg's help is busy planning tours and arranging for prominent businessmen to speak to the fraternity. Les Pasto, our dynamic social chairman has given us and planned many fine parties. A western party is planned for April 25, and later in May we will have our formal. Also, for the first time, the Deltasigs will participate in intramural softball.

We congratulate Greg Esposito on his recent engagement to Joy Frank. A July wedding is planned.

### Zeta Tau Alpha

Zeta Weekend was a huge success as always. Friday was the beginning. Starting with a banquet at the Embers followed by the annual Stardust Ball.

This year's pledges were presented to our guests, there were seventeen in all. Saturday night there was a Hootenanny Hoedown party and Sunday a picnic at Lake Carroll. Needless to say it was a fantastic weekend.

This month there will be a car wash with the profits going to Philanthropic Fund. If anyone needs their car washed — we'll do it. The date will be announced later in the month.

### TET

TET is on the move again, this time in athletics. After capturing first place in Archery, Badminton, Foul Shooting and Table Tennis, we are suddenly three points away from first place in intramurals. The brothers are anxiously awaiting this weekend as our annual TET formal will be held at the beautiful Causeway Inn.

### U of T Players

The University of Tampa Players have had their constitution both revised and accepted. President James Abruzzino had working with him Janice Fried, secretary; Elizabeth Frank, Jerry Martin, past U. Player president and now president of Alpha Psi Omega Honorary Drama Fraternity; Ruth Pittman, vice president of Alpha Psi; and Robert Harris, U Player treasurer.

### Alpha Psi Omega

The honorary drama fraternity has accepted many new members into their society for hard-earned workmanship. They are: Ron Hawes, Rita Owens, Robert Levy, Jeff Mergardt, Janice Fried, James Lunetto, as well as Doug Vance, who had been previously tapped but left to fulfill his military obligation prior to initiation. Others are Andrew Martinez and Vincent Patti; both non-students.

### Sigma Phi Epsilon

The brothers of Sigma Phi Epsilon Fraternity recently celebrated their annual spring weekend and it was highlighted by the Sweetheart Dance held at the Tampa Terrace Hotel. At the dance Dr. J. Ryan Beiser was commemorated and given a plaque for his 11 years of being faculty advisor. Mr. Ray King was also presented an award for his tireless efforts in organizing a new house committee made up of local Sig Ep alumni and in aiding the chapter in purchasing their new house. On the distaff side, the Sig Eps selected an unprecedented five Sweethearts to represent their fraternity.

# Applications For Dorm Advisers Being Taken

Applications from freshmen, sophomore, and juniors, for the position male student residence halls adviser for the term September, 1965 are now being considered and must be submitted prior to May 17. Application blanks are available in Room 253.

Applicants must be in good standing and be willing and able to assume all the duties and responsibilities of the position. These assignments are considered full time jobs; also those capable of maintaining a satisfactory average, should apply. Applications may be obtained from the residence hall director or the dean of men.

Remuneration for the undergraduate positions is considered the highest paid in the Southeast and is commensurate with the duties involved. The program offers an out-

standing opportunity for advancement and for supplementary experience in personnel work. Students interested in education, business, psychology, and sociology will find the experience valuable.

The general advancement plan is indicated below; however, it is

subject to modification when warranted by experience:

a. Freshman: Volunteer trainees. No remuneration. Trainees receive preference for appointments as advisers.

b. Newly appointed advisers: free rooms.

c. Advisers with one year of service: Room and 80% board.

d. Advisers with two years of service: Room and 60% board.

e. Advisers with three years of service: Room and board.

f. Director: Room and board and 50% tuition.

**CONNIE TOKARSKI**

A 20 year old junior from Pottstown, Pennsylvania. Her activities are: ZTA Sorority, House of Representatives, Homecoming Committee '65, and Civinettes. Her hobbies are water and snow skiing, swimming and horseback riding.

**MARY ALFAROS**

A sophomore now, she is a transfer student from Miami U. She lives in Tarpon Springs, and graduated from high school in 1963. She is 19 years old, and her activities include: modeling, photography, and the Spanish Club. Her hobbies are: tennis, skiing, piano, and dancing.

**"Pick Your Minaret Maid Of The Year"**

As you all know, in all the past issues of the Minaret, we have had a Minaret Maid of the Week. Now we are asking your cooperation to elect a Minaret Maid of the Year, out of the ten girls that have been our Maids all through the year. Here we have their pictures and a brief description about them. All you have to do is fill the ballot below, with the name of the girl you select and your student number, and deposit it in the ballot box that will be provided for in the Main Lobby all day, May 12.

I WANT FOR MINARET MAID OF THE YEAR:

MISS .....

My Student Number is: .....

**PATTY (Sunshine) HARRINGTON**

A 20 year old freshman from Burlington, Vermont. Her activities are: ZTA Sorority pledge, Page in the House of Representatives. Her hobbies include: snow and water skiing, golf, surfing, skating, and swimming.

**CHRISTINE HYLAND**

A 22 year old senior from Stamford, Connecticut. Her activities include: Massachusetts Club, House of Representatives, and is a member of Alpha Chi Omega Sorority. Her hobbies are: guitar playing, horseback riding, swimming, and dancing.

**SHARON LORITZ**

A 21 year old freshman from Cincinnati, Ohio. Her activities are: ZTA pledge, Civinettes, water skiing team, ACE. Her hobbies are: ice skating, water skiing, and reading.

# Spartan Girls Win Singles, Doubles And Runner-Up In F.I.T. Tournament

Quite frequently we find our colleges radiating with an air of pride due to an academic or athletic accomplishment. Tampa U. has been among these colleges in several instances recently. One speaks readily of the scholastic achievements and the male academic events, but seldom do we hear of any female participation in competitions. However, when a team has earned a great deal of honor for the school, as our female tennis team has, praise should be heard everywhere.

Our team won its victories while representing our school in the "Florida Inter-collegiate Tennis Tournament." Although the girls have played previously in their own individual capacities, this was the first time they had played as a team. It was a tedious experience having to play continuously until being eliminated. Weather conditions have a great role in determining the quality of a player's performance. The conditions that

weekend were not advantageous, with rain, wind, or the brilliant glare of the sun in your eyes. These are the conditions that our players, Judy Alvarez Campbell, Helene Caltigirone, Janet Stepp, and Mary Alvarez were subjected to.

In this "single elimination" tournament each girl played at least one singles match and one doubles match. Each victory constitutes another match with a different school until all the schools but one has

been eliminated. Trophies for doubles, singles, team and runner-up were the incentives. Each time a team played, whether they had won or lost, they would receive points. The school totaling the most number of points would receive the team award. Tampa U. received the singles, doubles, and runner-up trophies. We lack but a single point for the team award. Judy Alvarez Campbell won the singles, and Mary Alvarez joined her to gain the doubles award.

## TEP Takes Tampa Table Tennis Trophy For 1964-65

Don Blauner of Tau Epsilon Phi Fraternity captured the University of Tampa Intramural Table Tennis Championship for 1964-65.

Blauner defeated Langel of the Independents, Monks of Tau Kappa Epsilon, Wade Whitson of Lykes Hall before disposing of Ron Brett of Lykes Hall in the finals.

Brett defeated Beam of the Independents, Wally Wilks of Pi Kappa Phi, Jim Batwinis of Sigma Phi Epsilon and George Shary of Pi Kappa Phi to gain his berth in the final round.

George Shary of Pi Kappa Phi and Wade Whitson of Lykes Hall tied for third place honors. There was also a tie for fourth place between Batwinis of Sigma Phi Epsilon.

## RADAR THAT SEES LIKE A FROG

Now there's a new radar system which, like the frog, can see everywhere without motion. It does three jobs simultaneously: searches the entire sky for missiles, pinpoints the location of targets already spotted, and sorts out real missiles from decoys. All in less time than it takes to blink an eye.

It's done by steering the radar beam

electronically, and is the result of development work for missile defense by the scientists of a GT&E subsidiary.

Producing a radar system as versatile as this is the result of the ever increasing emphasis on research by the GT&E family of subsidiaries—research that stands as our solid base for future growth.

If you intend to take up any branch of communications as a career, General Telephone & Electronics is a good place to start. Information is available from your Placement Director. Or obtain details by writing to General Telephone & Electronics Laboratories, 730 Third Avenue, New York, N.Y. 10017.
