STUDENT PUBLICATION OF THE UNIVERSITY OF TAMPA

VOLUME 21

FRIDAY, FEBRUARY 12, 1954

NUMBER 9

NATIONAL SORORITY INSTALLED ON CAMPUS

Students Seeking Employment Told Of Work Scarcity

Because of the lack of work available in the Tampa area few offers of part-time jobs for students are being received, but 175 letters were mailed to business firms in this area a month ago, asking them to contact the University if and when openings occur, Prof. Harold A. Heiser, student employment counselor, told the Minaret this week.

Professor Heiser said he will be available in his office to students seeking part-time or full-time employment, Monday through Friday of each week from 7 A.M. to 2 P.M.

Don't Follow Through

One reason students sometimes find it difficult to get jobs is that when they are sent out for an interview with a prospective employer, they fail to follow through, either by not contacting the firm or by failing to return to the employment counselor's office and report the results of the interview, Professor Heiser said.

By not following through on job applications, he said, the student makes it difficult not only for himself but for other students to get work, because many employers will come to the conclusion that students are not dependable and will refuse to hire them on either part-time or full-time basis.

Employment Important Thing

Professor Heiser had a word of advice on the pay offered. Some students have complained that the pay they are offered is low, but the main thing is to get employed, he said, citing the example of a student who accepted a job with a downtown firm at unattractive pay, but who through diligence in his work was soon promoted to a higher position with a corresponding pay increase.

He said that many firms have accommodated a part-time employee's work hours to the college schedule in order not to interfere with the student's classwork.

Speaks to Manager

Professor Heiser said he plans to address several civic organizations in the Tampa area soon. He will attempt to convince personnel managers of local businesses that the University of Tampa has many capable students who can be of great service to their firms and that the firms, in turn, can be of inestimable service to the students.

If a sufficient number of students are interested, representatives of two national organizations, the W. T. Grant Co. and the Travelers Insurance Co., will visit the University soon to interview recent graduates.

Nance Accepts Position As Aide To Sec'y of Army

Dr. E. C. Nance, President of the University has accepted the position of Civilian Aide to the Secretary of the Army for the State of Florida. Dr. Nance received a letter from Robert T. Stevens, Secretary of the Army, asking that he accept the position of Civilian Aide to the Secretary of the Army for the State of Florida because, "I feel that your background and the esteem in which you are held in your community ideally suit you for the type of activity I have outlined."

Dr. E. C. Nance has served for the past four years as a member of the 3rd Army Advisory Committee. Dr. Nance will deliver the main address to the Annual Military Inspection and Review at the Naval and Marine Reserve Units of Miami, Saturday, January 23rd.

Admiral Gallery will present the Noel Davis Trophy to Naval Reserve Aviation, V.R. Squadron 801.

Attending the address and ceremony will be: D. V. Gallery, Rear Admiral of U.S. Navy, Chief of Naval Air Reserve Training; F. H. Lawson-Scribner, Brigadier General, U. S. Marine Corps, Commanding Office Marine Air Reserve Detachment; W. S. Asserson, Jr., Captain U.S. Navy, Commanding Officer Naval Air Reserve Training Unit, Miami; W. R. Lear, Lt. Col., U.S. Marine Corps.

University Enters Float In Parade

The University was well represented in the Gasparilla parade, Monday, February 8, with a float: student designed and built; financed by Mr. Carlton Cone. The float plan was introduced in the Student Senate when Cone, King of Gasparilla, provided the money needed. George Felke and Charles Archibald were put in charge of building the float and with their crew worked until late Gasparilla eve perfecting it.

The float was designed by the Art Department from a sketch by Sally Wolfe. With a gold background trimmed in red and black, the float depicted Mr. Sun peering at six fair Spartan maids representing different phases of college life: Miss Football — Myrna Durham, Miss Frat Pin — Elvira Tamargo, Miss Intellectual — Ida Mary Casey, Miss Campus Queen — Mitzi Hoffer, and two scholars—Diane Achenbach (the Sunshine Girl) and Pat Whidden. An open book reading "Learning Under the Sun Is Fun," the Homecoming theme, provided a backdrop for beauty.

Putting much work into the float were Jim McAllister, Joe Hewlett, Carolyn Spoto, Braxton Pounders, Norma Jean Spoto, Doris Cothorn, Dallas Coffield, George Plomaritis, Beverly Gail (B.G.) Darrow, Bill Bosworth, and Joyce Wamble.

(Continued on Page 6)

Gifts Mark Start Of Notable Special History Collection

"The University of Tampa has the nucleus of a collection of books on American history that may someday be the finest collection of its kind in Florida, and one that will draw scholars from many states," Dr. James W. Covington of the history department said recently.

For the volumes to which Dr. Covington referred, the University is indebted to Mr. Carl Laub and Miss Hilda Laub, of Terre Haute, Ind., father and sister of the late Dr. C. Herbert Laub, for many years professor of history here.

After Dr. Laub's death, Nov. 19, 1952, Mr. Laub and Miss Laub presented to the University more than 100 books in the American history field, selected by Dr. Covington from Dr. Laub's personal library. Prof. Norman Borchardt of the art

Students Chosen For High Office

Doris Duryea received the symbols of office of royal matron of Florida Court No. 7, Order of the Amaranth, at an installation and coronation ceremony Jan. 12 at the Soreno Hotel, St. Petersburg.

Alpha Chi Omega Charter Received By Gamma Pi

The Delta Kappa sorority which was pledged to Alpha Chi Omega in November was installed recently as the Gamma Pi chapter of Alpha Chi Omega, becoming the third national sorority on the University of Tampa campus.

National Officers Attend

National officers who installed the chapter were Mrs. Raymond L. Suppes, National President; Mrs. Arthur C. Cope, National Secretary; and Mrs. Darrel R. Nordwall, Panhellenic Delegate. Other installing officers were Mrs. Frank Kerdyk, Province President, III; Mrs. Joseph R. Trott, Jr., District Alumnae Chairman, III; Miss Mary Anne Browne, Chapter Advisor; Mrs. James L. Kirk; Mrs. William J. Braley; Mrs. Edward H. Cristy; Mrs. R. M. Clewis, Jr.; and Miss Virginia Toffaletti. The Gamma Iota Chapter of the University of Florida also assisted in the ceremonies.

Installation Program

The installation program took place the weekend of January 29, 30, and 31st, beginning with pledging of Friday evening, the 29th of January, in the sorority room. Saturday afternoon, at the Tampa Terrace Hotel the initiation ceremonies were held, followed by a formal banquet that evening in the Palm Room. Guests attending the banquet were Dr. and Mrs. Ellwood C. Nance, Mr. and Mrs. Karl King, and Miss Marcella Hanley. A reception was held in the University of Tampa Ballroom on Sunday afternoon from 3 to 5 o'clock. The evening of January 31st, a model chapter meeting was held with the national council representatives presiding.

Charter Members

Charter members of the Gamma Pi Chapter of Alpha Chi Omega include Tampa Alumnae Eleanor Carden, Joan Jacobsen Coleman, Dorothy Cleotelis Cowden, Georgia Reed Danahy, Beth Ann Griffith,

(Continued on Page 3)

Professor's Son Loses Life In Bay

The students, faculty and staff of the University extend their deepest sympathy to Dr. and Mrs. Martin I. J. Griffin in the sad loss of their 16-year-old son William on Feb. 9. William, one of four St. Petersburg boys who set out in their boat for Tampa Monday morning, Gasparilla Day, died of exposure on a sandbar in Old Tampa Bay while awaiting rescue after the boat capsized.

THE MINARET

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during the school year at no cost to the student body. The staff welcomes comments and criticisms. Address all correspondence to the Minaret, Room 205, University of Tampa, Tampa, Florida.

AN HONOR SYSTEM—YES OR NO

(This is in answer to a letter received from a student at Tampa U. and reflecting the opinion of many other students.)

An honor system that works is wonderful. Honor systems and honor councils have worked out splendidly in other schools. But is the student body at the University of Tampa capable of handling themselves under the responsibility of an "honor code?" We think not.

An honor system is built on mature thinking and an attitude of honor. All of the major schools in Virginia, for instance, have very successful honor systems, and it springs from the traditions dating to the earliest days of our nation; based on the codes of the Jeffersons, Washingtons, Madisons, and the Patrick Henrys of an earlier era.

For some reason, unknown to us, these fine traditions don't appear to be a part of the cultural heritage of the students at Tampa U. Don't shake your head in disbelief. If you are alert and normally intelligent, you know what goes on around here at examination time. Beating the system has been developed to a high but crude art.

Of course this isn't good. Many students are ashamed of it, and consequently lack pride in their school. Possibly this could be remedied by an honor system.

Many members of the faculty don't believe that the students want or can abide by an "Honor Code." To be effective an honor code must be an integral part of student life. All or a very large majority of the students must want it and must support it wholeheartedly.

If the student body wants an honor system, the Student Senate should arrange a referendum, to determine the facts. However we are not optimistic about the support that a "code" would receive. We have often heard the comment, "I don't want an honor system because then I couldn't cheat."

CONGRATULATIONS FOR A GOOD JOB

Those who worked on our Gasparilla float deserve much credit. They have our thanks and those of the student body for the fine job they did. It proves that there is still some school spirit around Tampa U. We hope it will grow.

JUST A WORD

A few days ago Mr. Whitis, the Building Superintendent, was contacted regarding the maintenance of the physical property of the University of Tampa. He furnished some enlightening information which should help in understanding the tremendous task of maintaining these buildings, and how every individual (students, faculty, and administration) in the University may help to keep it a pleasant place to live; many of us do live here.

Perhaps this conservative estimate of the daily work-load of Mr. Whitis and his sixteen staff members will aid in explaining the enormous job they are doing.

1. From 30 to 45 phone calls and visitors are received in the office of the Superintendent requesting workmen to better departments.
2. There are 24 wood fires, 30 stoves, 3 floor furnaces, and 2 coal stoves that must be fueled and lighted every cold morning. We use 50 cords of wood a season.
3. An average of one major job each day is completed.
4. Since September, 1953 the following improvements have been made: The new floor in the Lobby, another radio studio has been built, a new office for Dr. Nance has been completed, a new boat house, a new Industrial Arts shop, a new floor in the boys Physical Education dressing room, the cafeteria and kitchen have been remodeled, and a Biology lecture room has been remodeled.
5. There are 170,561 square feet of floor space and 300 rooms in the University of Tampa.

Women's Dorm Had Bay Shore Address During War Years

Did you know that once upon a time the girl boarding students at the University of Tampa were almost THE socialites of Tampa?

During the war, in 1943, the University of Tampa was used as a training center for cadets. The third and fourth floor were both needed to house these young men, so the girls' dormitory had to be moved elsewhere—and elsewhere proved to be fabulous!

A New Home

A couple had just bought and re-decorated the old Dorchester home at 901 Bayshore Blvd. It was a lovely home, built of brick, and in the most fashionable section of Bayshore Blvd. In the home were a beautiful, indirectly lighted reception hall, a large living room containing a huge stone fireplace, a sunroom, a walnut-paneled dining room, and a beautiful double stairway ascending from the reception hall to the wide bedrooms upstairs. The people wanted to sell the home, but the University prevailed on them to rent the home for \$175 a month—and so, the new women's dorm.

Miss Marcella Hanley and 18 young ladies happily swarmed in on the Bayshore residents on Feb. 20, 1943, just 10 years ago this month. The rules required the girls to be in by 11 P.M. on week nights and 11:30 P.M. on week-ends. To help furnish the home with shades and drapes, the Faculty Women's Club raised \$100 at a tea.

Then Came Fun

Glorious times were had during the year and a half the University of Tampa girls stayed there. The sun porch was used as a game room and for entertaining, the dining room as a study hall, the large attic for hanging clothes, the big basement for washing and ironing. In the kitchen was a hot plate used for snacks for hungry gals.

The girls gave party after party, and they were frequently entertained by the cadets. A busload of boys would serenade with "Good Night, Ladies," each evening they left. In fact, old residents will remember the serenading all the way back to Tampa U.

Exploring

The attic in this wonderful place contained an enormous cedar closet in which the girls could keep their furs and formals. There was a flat part of the roof where the girls took sun baths. The number of planes that would fly over at sun-bath time was amazing. Another bit of fun the girls had was exploring the corridors and walls for secret closets. Miss Hanley would hear more mysterious knockings!

The happy times at 901 Bayshore only lasted until June of 1944. Before this time, the girls had raised a healthy victory garden, had given a wedding reception (during which an air-raid practice was held—and how the food disappeared in the dark!), and had done many more exciting things. Going back to Floor 3 at Tampa U. seemed quite a let-down, but for those girls that live there now, it's "second home."

Letters to The Editor

Dear Editor,

What is wrong with our professors here at T.U.? Do they think they must stand over us at all times, carefully looking around the corners and over our shoulders, making sure no one cheats on exams? Are we grade school children whose honesty cannot be trusted?

The answer is no!!! Tampa U. students are adults in an adult world, capable of conducting themselves honestly, without the supervision of the schoolmaster's whip, and it is high time that the administration and student body became aware of this fact.

In short, one of the many needs of this University is a functioning "honor system," under which both the faculty and students respect each other's integrity. Such a system has been effected in the better universities, and has proved highly successful in raising student morale and spirit, placing student-teacher relations on a higher plane, and increasing respect of students and community for the university.

Our men and women of Tampa U. are certainly as basically honest as those of any other university—does the administration deny this? If so, why? If not, why does it close its collective eyes to the recognized success of the honor system, and continue with the antiquated system of the eagle eye demon standing over a class, watching, waiting for the slightest sideways stare or slip of the eyes that could be interpreted as an excuse for seizing the paper and ripping it to shreds?

You may not be able to print this letter because of the administration's iron grip on the Minaret to avoid criticism, but, then again maybe you will . . . maybe things are changing. Who knows?

Very sincerely yours,

(Note: Name withheld at the discretion of the editor. This letter is commented on Editorially today.)

The Party Line

by

Peggie and Vilma

Very Special—Frat and sorority rushing.

Always the lover—Bill Sefchic.

Little bit—Dixie Patterson.

Eternally yours—Charnell Dick and Tom Spack.

Notorious—Jimmy Caravella.

Tender—Special saying.

Inexhaustable—Never ending love.

No one but you—Frank Stefanic and Jackie Fitzgibbons.

Especially for you—This valentine greetings.

Looks like old home week at the fair!! Just about everybody is working there:

In cute red (short) costumes we find Alice Ortabello, Alice Farmer, Mary Malcolm, and Marilyn Turner.

In the Chrysler "New World's In Motion" Exhibit we see many a familiar face: Walt Minahan, Jackie Skipper, Jim Mathis, Acil Stephens and Chuck.

Johnny Suzhon found out that he's 10 pounds heavier on one side while weighing in at Doris Cothorn and JoAnn Danahy scale in the chiropractors booth!

Persons Most Likely to:

Be a family man: Red Mansell

Take Valentino's place: John Vanoulis

Own a Gambling Casino: Carolyn Welch

Take Betty Grable's place: Sally Villar

Own a Chicken Ranch: Milt Green

Be a Manager of Jimmy White's: Sonny Stephens

Take Mr. Keen's place: Sammy Rodante

Invent the Z-Bomb: Dean Goldsmith

Take over the Cafeteria: Julius Nagay

Warden of Sing Sing Prison: George Plomaritis

Everybody had fun at the T.O. Party

Frank Williams and Kay Clemons

Joe Bodo and Irene Diaz

Joe Travares and Darolyn Peck

Reggie Colvard and Helen White

Frank Morehead and Nan Mullen

Al Leathers and Julius Nagay made a lovely pair.

Bye now

Be seeing ya!

Alpha Chi Omega - - -

(Continued from Page 1)

Betsy Joyner, Ursula Hacs, Joyce Wamble, and Helen Jane Tomlinson.

The charter members of the active Gamma Pi Chapter and their offices follow. Committee Chairman are also listed. Jayne Anderson, President; Barbara Billet, Recording Secretary; Charlotte Brunke, Scholarship Chairman; Doris Cothorn, Rushing Chairman; Jerry Davis, Publicity Chairman; Audrey Douglas, Historian; Myrna Durham, Chaplain; Eleanor Ebsary, Panhellenic Delegate; Mary Fink, Activity Chairman; Joan Hickey, Social Co-chairman; Bertha Lewis, Chapter Editor; Joyce Newell, Treasurer; Pat Neff, First Vice-President; Dawn Palmer, Warden; Rita Reed, Social Co-chairman; Norma Jean Spoto, Second Vice-President; Marilyn Viscusi, Corresponding Secretary; and Sally Wolfe, Librarian.

Founding

Alpha Chi Omega was the sixth national Greek-letter fraternity for women and was founded at DePauw University, October 15, 1885. The Gamma Pi Chapter is the 77th collegiate chapter of the sorority, and is the fourth active chapter in Florida, the others at Florida State University, University of Florida, and Florida Southern College. There are some 38,000 members of Alpha Chi Omega at the present time.

National Project

Among Alpha Chi Omega's works for the welfare of children has been the provision of over \$5000 annually to the Cerebral Palsy Division of the National Society for Crippled Children. Active and alumnae chapters also take part in the project by helping the local clinics and hospitals by donating pieces of equipment, self-help toys, local scholarships to train specialists, and volunteer services.

Purpose

The purpose of each Alpha Chi Omega member is to always be a true example of love, unselfishness, sincerity, to keep happiness, joy, and peace in her everyday life, and to strive for all that is good and worthy.

Alpha Chi Omega urges sound scholarship and superior intellectual achievement, and believes that character, personality, and leadership are developed through participation in campus activities. It advises its members to participate in the religious life of the community while in college, and also urges individuals to take advantage of programs of a cultural nature that are available in the college community.

Student Seeking - - -

(Continued from Page 1)

uates or members of the June graduating class.

Job Offered

The Amco Steel Fence Co., of Houston, Tex., has asked for applications from graduating students not liable for military service, and interested in taking a course of training from three to six months in Houston. On completing the course, the student would return to Florida in a managerial position with Amco with an attractive starting salary.

Professor Heiser asks that students contact him in his office regarding employment. He is also assisting seniors in filling out their personal data forms for quick reference in job seeking.

Jayne Anderson, Gamma Pi president, receives the Alpha Chi Omega national charter presented by Mrs. Arthur C. Cope, National Secretary.

SAACS Group Plans Gainesville Trip

The University of Tampa Chapter of the American Chemical Society Affiliates will leave Tampa early Friday afternoon, February 19, to visit the Department of Chemistry, and to attend lectures at the University of Florida in Gainesville. The group will stay overnight and will return to Tampa sometime Saturday afternoon after visiting other departments and the campus.

Mr. Jerald A. Thomas, sponsor of the University of Florida chapter, is planning special laboratory sessions for the benefit of the University of Tampa students.

Officers of SAACS are: President, Bob Montezuma; Vice-President, Bob Upthegrove; Secretary, Margaret Miller; Treasurer, Jack Caplinger. The Projects Committee is made up of the Executive Board and is headed by Bob Upthegrove.

Gifts Mark Start - - -

(Continued from Page 1)

department designed a bookplate, with a likeness of Dr. Laub, for the memorial volumes, and plans were made with Miss Charlotte Anne Thompson, librarian of the University, to place the volumes in a special section in the west wing of the Library and hang a portrait of Dr. Laub above them.

Through the generosity of Dr. Laub's father and sister, the University of Tampa subsequently received a second gift in the form of a check for the purchase of other books to add to the original collection. The check was presented to Dr. Ellwood C. Nance, president of the University, by Dr. Guy G. Becknell on the donor's behalf at an assembly some weeks ago.

This money has made it possible to add a number of important but hard-to-get titles, and if a way is found to continue the project, the memorial library will be known throughout the country before long, Dr. Covington said.

IT'S ALL A MATTER OF TASTE

**It takes three years of steady work
To earn a Ph.D.
It only takes one pack to know
That L.S./M.F.T.**

*Warren Perry
Northwestern University*

**In college crowds you'll always see
Those packs of red and white—
It's Lucky Strikes they choose to buy;
Their flavor tastes just right!**

*John D. Neulen
Princeton University*

LUCKY STRIKE
IT'S TOASTED
CIGARETTES
L.S./M.F.T.

When you come right down to it, you smoke for one simple reason . . . enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better . . . always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

**We're rooting for our favorite team;
The arguments are loud.
But smoother-tasting Lucky Strike
Wins cheers from all the crowd.**

*Alice G. Ogden
Santa Barbara College*

LUCKIES TASTE BETTER

**CLEANER,
FRESHER,
SMOOTHER!**

VARSITY CREW AND TENNIS PRACTICE BEGINS

Improved Spartans Battle Miami Tonight

Cagers Surprise Favored Mercer

by NICK VEGA

Proving themselves capable of holding their own against major opposition, the University of Tampa Spartans will seek their second straight upset win when they battle the University of Miami quintet at Fort Homer Hesterly tonight.

Recent outings have shown that the local cage team is vastly improved and will be ready to tackle the strong Hurricanes from Coral Gables. The Spartans completely disregarded the odds as they fought Maryland University on even terms before losing in the final period. The Terps, ranked 13th in the nation among leading powerhouses, rallied in the second half after trailing 26-25 to eke out a 61 to 51 victory over the men from Minaretland.

The Spartans matched Maryland bucket for bucket throughout most of the contest until the College Park, Md. team saved their face in the closing quarters. Howie Bernstein lead the locals in scoring with 13. Chuck Jarczyński was second with 10 points.

Tampa racked up their fifth triumph as they upset the Mercer Bears, 81-70. Coach Bailey's boys unfurled a blistering fast break and tumbled the favored Georgia quintet. Marty Brooks raised his season's total to 245 points as he bucketed 23 to take scoring honors for the game. Bernstein had 18; Jarczyński, 17; and Lou O'Bresly, 14. Tampa took an early lead and held a 23-12 margin at the first period and a 40-32 margin at the midway mark. Mercer rallied to a tie in the third; however, Brooks, Bernstein, and Bryan started to hit and forgot to miss. By the end of the third quarter, the Spartans were again in front with a 14 point lead.

Tonight's game with Miami will have Brooks, O'Bresly, Bryan, Bernstein, and Jarczyński at the starting positions for Tampa. Miami will match Scherwitz and Klima at forward, Howell at center, and Artsonburn and Denton at guards.

Intramurals

Basketball standings: (as of Feb. 10).

	W	L	Ave.
Ace Club	3	0	1.000
Sigma Phi Epsilon	3	0	1.000
Sigma Kappa Nu	1	1	.500
Independents	1	2	.333
Tau Omega	1	2	.333
Rho Nu Delta	0	3	.000

The Ace Club will meet the Sigma Phi Epsilon team next Tuesday in the game of the season. . . Braxton Pounders has really been showing his heels in the high-scoring race. . . "Buster" has sunk 52 points in 3 games for a 17.3 point average. . . The high point team this year is the Ace Club with 150 points for and 93 points against with the Rho Nu Deltas (although in last place) next with 81 points for and 137 points against. . .

BEHIND THE SPORTS DESK

by HANK DI STEFANO

Johnny Vardian, Backfield Coach Resigns

Johnny Vardian, backfield coach since 1950 has submitted his resignation, to be effective at the end of the current semester. Vardian will stay on for the remainder of the semester especially to help Coach Marcelino Huerta with the approaching spring drills. Coach Vardian's reason for quitting the coaching profession was to enable him to go into private business. Vardian was not only the backfield coach but also served as the chief scout for the Spartans, and for this reason, it will be a tough job to replace him.

Just Clearing Up

Lately, this corner has heard several rumors that freshman forward Lou O'Breasley was quitting school to go back home. It was rumored at first that O'Breasley was getting his scholarship cut down to only half. In an interview with Coach Sam Bailey and athletic director Marcelino Huerta, it was brought to my attention that to begin with, Lou O'Breasley never started school with a full scholarship. A final comment from Coach Bailey says that Lou is in school and is playing basketball and all are happy.

Top Notch Players Enroll

In the coming football season, the University of Tampa will have two top-notch players who will be trying to break in the lineup for the opening game. It is my opinion that if these two players do break in for the starting game, that Tampa will field a highly rated football team among the small college elevens.

The first of the two players is Dalles Coffield, a halfback. While in high school, Dalles was voted the outstanding football player in the state of Virginia. Hopes are high that Dalles will come through in great form.

The second player is Dickie Harte, a Floridian who hails from Mulberry. During the last football season, Harte was attending the University of Florida on a full time scholarship. Dickie's original playing position is in the line, but he also fills in at the halfback post when needed.

This corner along with the coaching staff is glad to be able to have these fine athletes here at the University of Tampa.

Amuso Leaves

We were very sorry to learn that Guy Amuso, Sarasota halfback withdrew from school at the end of the last semester to enter the Air Force. Before leaving for his home in Sarasota, I talked with Guy and during the conversation, he admitted that he was very sorry to be leaving the University and most of all, his many friends. We want to wish Guy the best of luck in the Air Force.

Laurels for Tampa Quintet

At this time, I think it is only fitting to mention a little something about the University of Tampa basketball team for their wonderful performance against the Thirteenth team in the nation, The University of Maryland. Many fans thought that the Maryland quintet would hand the Spartans the same medicine that the Spartans handed the University of Havana some time ago. The Spartans enjoyed a one point lead at half-time but the sharp shooting of all-American Gene Shue put the Terps ahead to stay in the third period. The final score was 61-51 in favor of Maryland.

Mexico, Quisas

There is still some chance that the University of Tampa will meet the University of Mexico in Mexico. The athletic committees of the two schools are still trying to get to an agreement which will satisfy both schools.

SPARTAN STATISTICS

Basketball

Scoring: University of Tampa Spartans (not, including Phillips Oilers game)

Top 5:	G	Fg	Ft	Tot.	Ave.
Marty Brooks	16	93	45	231	14.4
Howie Bernstein	16	90	29	209	13.1
Chuck Jarczyński	16	60	56	182	11.4
Bobby Bryan	16	69	32	170	10.6
Lou O'Bresly	16	54	23	129	8.1

Record to Date:

	Won	Lost	Pf	Pa
Tampa Spartans	5	11	1028	1018

Hats Off To A Sport

Forwards on the Spartan Five

Marty Brooks (6'3", 175 lbs.), the Amsterdam, N. Y. sharpshooter, was second highest scorer for the Tampans last year with 266 points, and a 12.6 point average. Thus far this year, in 16 games, Marty has garnered 231 points for a 14.4 average and is the high scorer on the Spartan team. A most versatile player, Marty is a good play maker and squad leader for the University Five. A fine team man and keen competitor make the opponents respect him both on offensive and defensive at all times.

Louis O'Bresly (6'3", 175 lbs.), hailing from honeymoon headquarters of the North, (Niagara Falls, N.Y.) has had a couple of years of Service ball experience. Louis has become a member of the starting five by his size and skill at the hoop game. Being only a Freshman, he has a great future on the hardwood under the Spartan colors. In 16 games he has hit for 129 points and a 8.01 poin average.

MacWilliams (6'3", 190 lbs.), one of the finest basketball players to wear the Spartan garb, has been having tough luck this year because of injuries. For 2 seasons, he has been in the Marine Corps having played for the Tampa team in 1949-50-51 during which time he received All-American honors. If Mac can beat the injury jinx, he will end his college career before the hometown folks in a magnificent manner.

Hector Alcade (6'1", 172 lbs.), a Freshman from New York City, has fine potentiality on the basketball court and should show himself as a great asset to the Spartans before the season ends. With 3 years of playing ahead, he should come into the fore within a short time.

I PREDICT

Record to date: 46 wins, 15 losses, 7 ties, .754 Perc.

Basketball, Friday, Feb. 12:

1. Tampa over Miami (Spartans over canes!!)
2. Alabama over Florida (Crimson Tide Rolls!!)
3. Auburn over Georgia (height beats 'em)
4. Tulane over Georgia Tech (Tech has it rough!)
5. Kentucky over Miss State (Still No. 1 in nation.)

OARSMEN AND NETTERS PREP FOR COMING SEASON OPENERS

by CHARLES ARCHIBALD

A familiar sight on the Hillsborough River will be the University of Tampa shells as the Crew team gets into condition for the first race of the season against Florida Southern on March 11 at Lakeland. Formal practice starts the day following Gasparilla Day and all is in readiness.

Coach Bill Stalnaker has 19 experienced oarsmen from the 1953 crew which won four races and lost three races during the past season. A seven-race schedule calls for the Spartans to compete against some of the top oarsmen in the country. Four of the seven races are slated in Tampa while two will be held in Lakeland and the last in Philadelphia where the Tampans will bid for the championship in the Dad Vail Regatta.

On May 8 the Spartan Crewmen will compete for the State Championship against Florida Southern and Rollins in Lakeland on Lake Hollingsworth. The last time the University of Tampa Crew Team went to the Dad Vail Regatta was in 1950 and that year they finished third.

Among those returning lettermen are Herb Vater, 1953 Captain, Ben Rutkin, varsity coxswain, Charlie Schiro, Charlie Meyers, Dave Hogue, John Alfonso, Raymond Tavares, Sam Rodante, Ronnie Pinner, James Metcalf, Frank Scaglione, Gale Porter, Dale Nabors, David Militello, John Donnelly, Ernest Segundo, Frank Moos, Frank Moorehead, and 1953 Junior Varsity coxswain Joe Bodo.

Crew Schedule:

March 11—Florida Southern at Lakeland
March 27—Amherst, HERE
March 31—Rutgers, HERE
April 6—Florida Southern, HERE
April 13 — American International College, HERE
May 8 — State Championship at Lakeland
May 15—Dad Vail Regatta at Philadelphia

Varsity Tennis practice got under way on Tuesday, February 11 on the University of Tampa courts as Player-Coach Bill Dawson sent his charges through a conditioning session.

Other members who reported for practice include Mark Ryan and Al Cazin from the 1953 squad; Cookie Garcia, Ben Fielding, Tom Collentine, Ted Greene, Dick Sweet, Tony Scionti and Ken Bellevieau all newcomers to the squad.

Any person wishing to try out for the varsity squad may do so by reporting to the boat house at 2:00 today.

The tentative schedule for the Varsity Tennis Squad:
University of Florida at Gainesville
University of Miami, Home and Home
Florida State, Home and Home
Stetson University, Home and Home

Syncopatin'

By Dawn Palmer

University of Tampa Band

The University band did its part in the gala Gasparilla celebration by marching February 8 in the five mile long parade. On February 12 the band again marched in the annual Ybor City night parade.

Band members are once more looking forward to their trip to Havana, Cuba. They will be in Havana on March 4, 5, 6, and 7 to help celebrate the Carnival. It is the beginning of a five week celebration for the people of Havana. The chief participation of the band will be in the Saturday night parade.

University of Tampa Chorus

The chorus is preparing a program of varied numbers which will be presented for the civic clubs and fraternal organizations. They will also appear in the annual college show which is this year known as the Ozark Musicales.

Philharmonic Chorus

The Philharmonic Chorus is planning their program for Palm Sunday. The main work is the "Seven Last Words of Christ" by Dubois. Rehearsals are held on Sunday afternoons. It is not too late for those wishing to audition for a part.

Yma Sumac

A big treat is in store for us when Yma Sumac and her unusual company of dancers, musicians and Andean drummers comes to Tampa on Friday, February 26th, at the Tampa Municipal Auditorium.

Sorority Fetes Prominent Alumni

The Gamma Sigma chapter of Zeta Tau Alpha Fraternity gave a tea to honor Mrs. F. D. Jackson, prominent alumna, February 12, at the home of Mrs. James Quinn, 325 Blanco Ave., Davis Island.

Mrs. Jackson was chosen for the Outstanding Citizen Award of 1953 by the Civitan Club of Tampa, recently.

The honoree was presented with an orchid at the tea, to which all chapter members and alumnae were invited.

The colorscheme of the decorations followed the sorority colors, turquoise blue and steel gray.

CONTEST ANNOUNCED

Prizes totaling \$520 will be awarded by the Intercollegiate Association for Study of the Alcohol Problem for editorials submitted by May

1 on the general theme "The Opportunity of the Home in Dealing with the Problems of Alcohol." Editorials must be between 500 and

800 words. First prize is \$200. Copies of a circular describing the contest may be obtained at the Dean of Men's office.

Four Tampa U Couples Exchange Marriage Vows

Studstill-Yates

Miss Betty Jean Studstill, daughter of Mrs. G. C. Andrews, 710 River Heights Ave.; and Thomas Studstill, of Bowling Green, Fla., was married to Selburne R. Yates, son of Mr. and Mrs. L. R. Yates, 906 East Emma St., on Jan. 29. The ceremony was held at Seminole Heights Baptist Church, the Rev. Thomas D. Lide officiating.

Bridesmaids were Miss Ellowene Kreider and Miss Ruby Curry. Robert Yates, brother of the bridegroom, was best man, and groomsmen were Eugen Stokes and James Berfield.

Valdes-Linares

Miss Elena Valdes, daughter of Mr. and Mrs. Damaso Valdes, 1214 East 26th Ave., and Manuel R. Linares, son of Mrs. Amparo Gonzales, of 2201 16th St., and Manuel R. Linares, of Miami, were married Dec. 20 in the First Presbyterian Church. The Rev. William Passiglia officiated at the ceremony.

The couple are at present attending the University where the bride is a senior and the bridegroom a junior.

DuBose-Burt

Miss Marilyn Louise DuBose, daughter of Mr. and Mrs. J. I. DuBose, 3812 Granada St., and Glenn Leslie Burt, son of Mr. and Mrs. M. F. Burf, Jr., 3713 Bay-to-Bay Blvd., were married Jan. 17 at Folkston, Ga.

The bride, a graduate of Plant High School, is a senior at the University and has been a majorette for three years. The bridegroom, also a graduate of Plant High School, attended Georgia Tech and the University of Florida.

The couple will reside in Key West, where Mr. Burt is serving with the U.S. Navy.

Irvin-Wagner

Miss Joan Irvin, of 608 Azeele St., and George Wagner of St. Petersburg, were united in marriage Dec. 19 in a nuptial mass at Sacred Heart Catholic Church. The Rev. Msgr. P. J. Donohoe, of St. Petersburg, officiated.

Mrs. Paul Danahy, soloist, presented a program of nuptial music. The bride was given in marriage by her father. Miss Jayne Anderson served as maid of honor, and the bridesmaids were Miss Ardelle Austen, Mrs. Allen Coleman, and Mrs. E. L. Hinson, Jr. Emil Schiavone was best man. The groomsmen included Allen G. Coleman, Winfield Lamb, and Tom Greiser. After the ceremony a reception was held at the home of Mr. and Mrs. E. L. Hinson, Jr., 852 South Newport Avenue.

The bride was graduated from the University of Tampa in 1953. She was president of Delta Kappa sorority and head majorette. The bridegroom received his degree from the University June 6, 1952. He was a member of Tau Omega fraternity and a member of the University Band.

sides those already mentioned. Mr. Karl King also put many hours of time into making the project a success. Larry Mason pulled the float along the parade route on the heels of the Spartan band.

Florida Boys Enroll at T.U.

Three Florida boys were recently awarded scholarships to attend the University of Tampa to play football. The first two to sign were Jerry Strickland and Don Herndon

who hail from Wauchula, Florida. The two played their high school football at Wauchula High school where they both starred. Strickland is an end and made the second string South Fla. conference team while Herndon, who is a halfback, made the first string South Fla. conference team. Strickland measures 6'2" while Herndon measures an even 6'.

The third of the Florida boys to sign up is Paul Davis, a 5-10 halfback who hails from Lakeland, Florida. Davis weighs in at about 165

and is considered a triple-threat back at his position. If Paul comes through with the showing he did in high school, the kicking problem for the Spartans will be practically solved.

Jarvis Hidjet, formerly from Tampa and residing in New Jersey has also signed a grant-in-aid scholarship for the coming football season. Jarvis is a tackle weighing in at 220 and standing about 6-2. I'm sure that he will be a welcome figure on the Spartan team.

Florida Southern, Home and Home Spring Hill, at Mobile, Ala. St. Petersburg Jr. College, Home and Home Rollins College at Winter Park Loyola at New Orleans, La. Millsaps at Jackson, Miss.

Home matches for the University of Tampa will be played on the Davis Islands Court.

Liggett & Myers Tobacco Co. says . . .

FOR more than thirty years we have used research day in and day out learning about tobaccos and cigarettes in the public's interest.

Continuously we and our consultants have analyzed, experimented with and smoked all kinds of tobaccos... especially Southern Bright, Burley, Maryland and Turkish cigarette tobaccos.

Our own cigarettes and competitive brands have been submitted to the most exacting scientific scrutiny including thousands of analyses of millions of pounds of tobaccos.

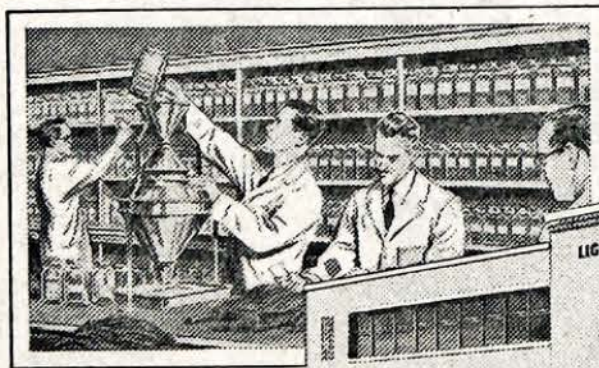

From all these thousands of analyses, and other findings reported in the leading technical journals, our Research Department has found no reason to believe that the isolation and elimination of any element native to cigarette tobaccos today would improve smoking.

For four years we have maintained in the smoker's interest an intensified larger scale diversified research program. A half-million dollar 30-ton machine, the world's most powerful source of high voltage electrons, designed solely for our use has tested tens of thousands of cigarettes. This program has already given to us direct and significant information of benefit to the smoking public.

Our consultants include Arthur D. Little, Inc. of Cambridge, Massachusetts, "one of the largest and most reputable industrial research organizations in the country" (From Business Week Magazine) and eminent scientists from leading universities.

Today the public can confidently choose from a variety of brands—by far the best cigarettes ever made by the tobacco industry.
