

A Record Year - Thanks To You!

The President's Message

Although the 1974-75 fiscal year was one of difficult decision, record levels of inflation and unparalleled cost increases, the institution not only survived, it ended the year stronger and better than it had ever been before. As evidence of this new strength, a record \$1,483,858 was received in gifts for all purposes from all sources! Considering the state of the national economy, the total is remarkable! Equally encouraging, this is the second consecutive year in which gifts have reached a record amount and the third consecutive year totals have been, above the million dollar mark!

As the title of our Annual Report indicates, these accomplishments were possible "Thanks to You!" The University of Tampa could not long endure without the good help of its friends who both give generously and ask boldly in support of the University. It is you who have made progress and strength as well as records possible and we thank you most heartily! Working together, we can make the 1975-76 year equally successful!

B. D. Owens
B. D. Owens

In this issue, as well as the November issue, of the Muezzin we shall be reporting to you on the financial status of the University as well as listing and honoring those who through their gifts have helped our forward advance.

The charts indicate gifts received in the past three years, plus a more detailed analysis of the record \$1,483,858 total for 1974-75. Due to space limitations, we can list in this issue only the members of our various giving clubs. In the November issue a complete listing of all donors by constituent source such as Alumni, Parents, Friends, Boards, etc. will be published.

Whenever or wherever listed, it is our donors who have made the record gift year possible and, more importantly, have made possible many good things for faculty, students and academic programs. To each who gave we say "Thank you!"

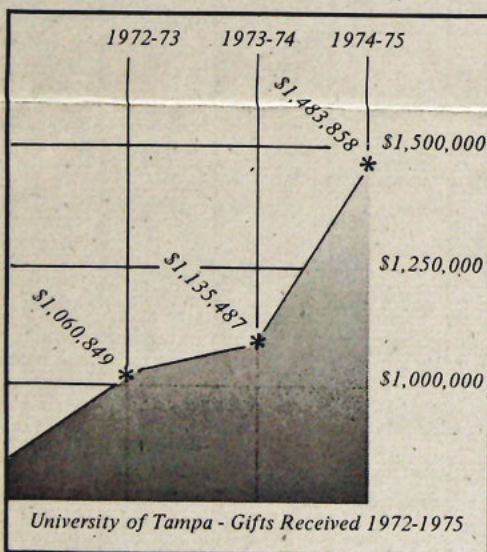

In this issue also appears the fiscal 1974-75 financial report. Despite record gifts the year closed with a \$193,237 deficit. This indicates the problems that inflation and rising utility costs present to the University. It also highlights the need for more unrestricted gifts from donors to be utilized where needed most.

Watch our next issue for our entire list of donors. Meanwhile, if you would like additional information about any of our giving clubs, just write or call the Development Office.

Unaudited Summary of Current Funds For The Year Ended June 30, 1975

REVENUES:	
Educational and General	
Student Tuition and Fees	\$4,175,254.00

Our name "The University of Tampa Muezzin" originated in the Islamic Religion. The muezzin is the official who proclaims the call to public worship. Similarly, "The University of Tampa Muezzin" publication broadcasts the call for higher education. The name was inspired by Plant Hall's 13 Moorish style minarets which distinguish the University as a landmark of learning.

Fraser Hale / St. Pete Times

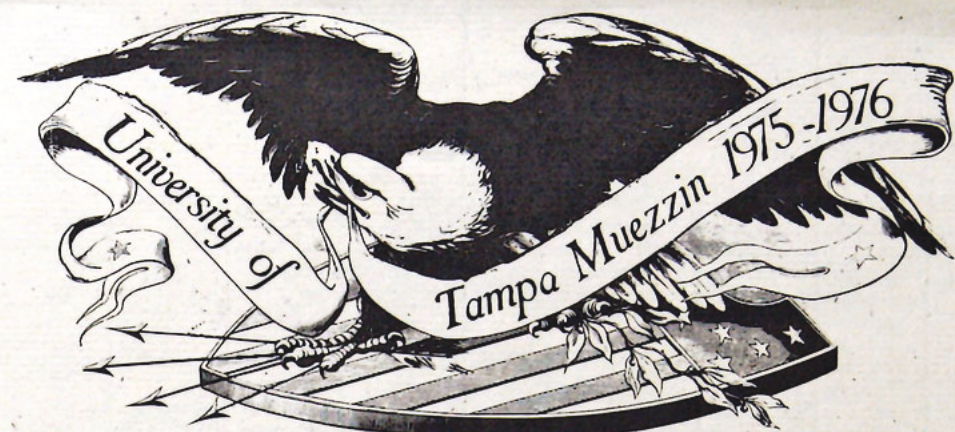

Perched precariously on one of Plant Hall's minarets is a workman giving it a new coat of paint - black paint, that is! The extensive roof and minaret weatherproofing and new aluminum surface project was made possible by a \$75,000 grant from the U.S. Department of Interior's National Park Service under the National Preservation Act of 1966, matched in part by grants from the Conn and Fruehauf Foundations.

This man is really up a tree! But for a good purpose - a Bicentennial pruning of the University's more than 300 oaks and palms. More than 20 local tree surgeons, members of the newly formed Professional Tree Surgeon's Association of Florida, performed the successful operation.

For A Worthwhile Cause!

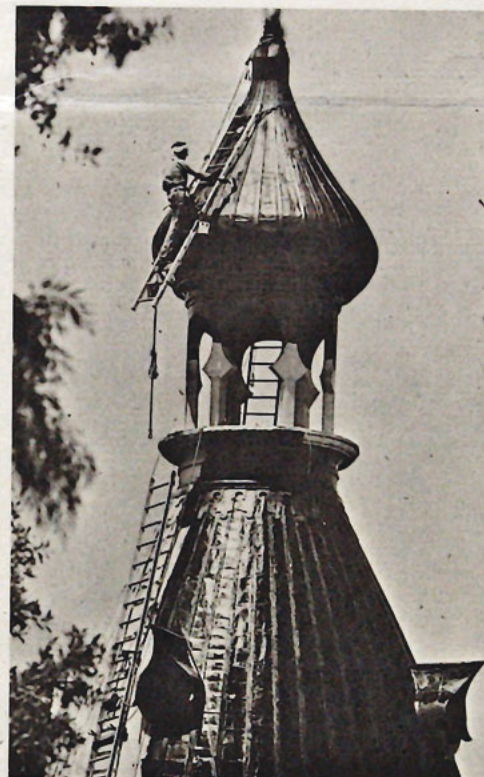

Development men are responsible for the building of the University, not its demolition. So just what is Dr. Robert Gronlund, Vice President for Development and Public Relations, doing to that valuable wall with that big sledge? The bullseye on the wall may give you a hint. Dr. Gronlund was one of many faculty, staff and friends who took a swing at the wall to kick off renovation of the Old MacDonald's Farm building in the Fairgrounds. The building will be renovated in Bicentennial decor, named the 'Heritage '76 Building,' and provide a home for the ROTC program. All this is a part of the University's observation of the nation's 200th birthday.

Creative Chaos

From an observer's point of view, the University of Tampa campus this summer looked like sheer chaos. Nothing looked quite right: piles of dirt and broken cement clogged up the parking lot behind Plant Hall; walls were being demolished in the old Fairgrounds buildings; a gaping hole opened up behind the library; amputated pieces of trees were strewn about; and - to top it all (so to speak) - all the minarets were painted black!

But by October few traces will be left of the summer storm. The one-time parking lot now is a pedestrian park with grassy knolls; old Fairgrounds buildings are being transformed into the Scarfone Art Gallery, the new ROTC "Heritage '76 Building," and new industrial arts and fine arts facilities; the gaping hole is now a sparkling new swimming pool; the trees are neatly groomed for the Bicentennial year; and - to everyone's relief - the minarets are once again elegantly silver.

Eric Hobbs / Tampa Times

Minaret Society

After an impressive first year in which it broke the college record for annual giving clubs, The Minaret Society continues to set a fast pace. In three years, The Minaret Society has produced a total of almost \$2,000,000 in gifts and pledges. There are three membership levels: Gold Crescent, \$10,000 or more per year; Silver Crescent, \$5,000 or more per year; and Crescent, \$1,000 or more per year. In addition, the Life category indicates those who have contributed amounts sufficient to endow their annual membership. We proudly list the members of The Minaret Society — the University of Tampa's record-breaking prestige giving club!

Life Members

Mr. and Mrs. D. E. Abbott / Mr. and Mrs. J. W. Crews, Jr. / Mr. and Mrs. Al Ellis / Mr. and Mrs. Harry MacEwen / Mr. and Mrs. Chester Mallett / Mr. and Mrs. Lester Mallett / Mr. and Mrs. Walter Mallett / Mr. Walter Pierce / Mr. and Mrs. Paul Pinson / Mr. and Mrs. Reginald Sims / Mr. and Mrs. Richard C. Williams

Gold Crescent Members

Mrs. David Falk / Mr. and Mrs. Herbert J. Friedman / Mr. and Mrs. R. S. Lang / Mr. and Mrs. John A. McNulty / Anonymous / Mr. and Mrs. Robert Thomas / Mr. and Mrs. Woody Tucker

Silver Crescent Members

Sword and Shield - Spartan Club

Began in 1967 to undergird the Spartan football program, Sword and Shield continues, now that the University has dropped intercollegiate football, as a \$100 a year giving level under the Spartan Club for the entire intercollegiate athletic program. Other Spartan Club levels include the distinguished Golden Order at \$500 per year. Members at \$50 and Associates at \$25. Members at all levels may designate their gifts for a specific event or for the entire athletic program.

A Match Anyone?

With the dollar shrinking in value almost daily, it astounds many to hear that there are ways to make gifts to the University of Tampa which double in value and impact. It occurs because grants or gifts are occasionally made on a challenge or matching basis, i.e., that the donor encourages others to support the project by matching gifts to it.

For example, the University received a \$75,000 matching gift from the National Park Service for the much-needed roof and minaret restoration project on Plant Hall, the historic Tampa Bay Hotel building. This large and essential project will cost, on a bid basis, \$150,000 and will safeguard the entire building including the restored Western Civilization Corridor rooms. This means that each gift you make for the roof project will be matched \$1 for \$1 — a good way to double the impact of your gift dollars. At press time, \$35,000 of the needed \$75,000 has been pledged. Your help is needed to complete the project and to preserve Tampa's most famous landmark.

Another interesting match and challenge was made by an anonymous Tampa donor who gave \$3,000 toward construction of a hand-made harpsichord for the Music Department to be placed in Fletcher Lounge. This donor specified he would match gifts on the basis of a \$1 for every \$2 given by others so that the \$9,000 project might become a reality in time for a series of Bicentennial concerts in 1976. Friends of the music program at the University are invited to extend the value of their gift dollars by helping to complete this match.

Yet another way to achieve double-duty gift dollars is through having your company, if it is a matching gift company, match your gift to the University of Tampa dollar for dollar. Over 600 companies now do this.

For a free folder listing all matching gift firms or for information on the two special matching grant programs involving the roof and minaret restoration and the harpsichord, write or call the Vice President for Development.
