

ALUMNI BACKS ATHLETIC PROGRAM

New Additions To Teaching Faculty

The University of Tampa is fortunate in having several new additions to our already proficient faculty. The new faculty members will aid in balancing the drama and physical education departments. These departments have been lacking in the number of courses offered.

In addition to the above a Professor of Business Administration has been appointed.

Dr. Marjorie Barston Greenbie is a new addition to the Drama Department where she will fill the vacancy left by Miss Thelma Jones who left the University during the summer months.

The new drama head who received her doctorate from Yale University is a competent author, writer and director of dramatics. She is a member of the Phi Beta Kappa and belongs to the Pen and Brush Club of New York. She served as chairman of the National Women's Party of Maine, and is prominent in Drama work.

Dr. Greenbie has published several notable publications. They are: *Personality, Arts of Leisure, Inquest of Contentment, Be Your Age, Art of Living in War Time, American Saga, My Dear Lady, and Lincoln's Daughters of Mercy.*

Miss Mari Bec who received her training at the Cincinnati Conservatory of Music is a new addition to the Physical Education and Drama Departments. Miss Bec will teach courses in Creative Dancing and assist in Dramatics.

In addition to the Cincinnati Conservatory, Miss Bec received private instructions from Myril Ellwood, former pupil of Madame Fedorova and Edward Caton. She also studied under Alice Marting at the Cincinnati College of Music and spent two summers of dance work at Deerwood-Adirondac Music Center.

Miss Bec taught classes in interpretive dance at the Y.W.C.A., using the discipline of classical ballet and the stimulus to imagination and individuality of the modern dance before coming to the University of Tampa.

Richard I. Darby has joined the University of Tampa faculty as assistant Professor of Business Administration. Mr. Darby was graduated from the University of Florida.

Mr. Darby a CPA was with Bogue and Co. for four years after his graduation from Florida U. He is now connected with Darby & Darby, Certified Public Accountants. He will fill one of the several vacancies left by the loss of some Business Administration professors following the summer session.

DR. NANCE WELCOMES STUDENTS TO "OUR FELLOWSHIP OF LEARNING"

During the academic year, I shall have the pleasure of meeting each of you personally. But, for the present, I can only greet you collectively. My welcome is just as sincere.

We are pleased and honored to have you in our fellowship of learning. It is our fervent hope that you will never have reason to regret your decision to come here. We should be most unhappy if any person or condition at the University of Tampa caused you to wish you had chosen another college.

We would be more surprised than you, if you like everything and everybody connected with the University. Fortunately for you and us, this is not one of the requirements for good grades or a degree. It would mutually enhance our "peace of mind," however, if we held our dislikes in suspended judgment until we become better acquainted with each other and with the spirit and objectives of the University.

Human Beings, Not Angels

You can spare yourself a considerable amount of irritation and disillusion by remembering that among other things a college is an organization of human beings, not angels, most of whom are striving, in varying degrees, for improvement.

When we say of a person that he is striving for improvement, we mean he has not yet reached perfection. That's the thought I wish to stress about all of us: you, and our staff and faculty. That is what I mean by "fellowship of learning." You and your professors and your fellow students are "fellow workers together," to quote a biblical phrase, in the fascinating and thrilling pursuit of knowledge and understanding. You have much to contribute to each other in wisdom and friendship.

College Training

While making good grades and storing useful information are commendable requirements of a college education, they are not the most valuable marks of an educated person. One may become a walking encyclopedia and an "A" student and still never understand the meaning of culture, or intellectual living.

SPARTAN DRIVE SUCCESSFUL \$16,000 GOAL REACHED

Public Relations Director Named

By Walter Weber

Major Charles F. Steck has been appointed as Director of Public Relations and Alumni Affairs for the University of Tampa. This appointment was made to fill the vacancy created by the resignation of Mr. Jimmy Whitehead, who accepted a position in Miami with the National Conference of Christians and Jews.

Mrs. Steck and their daughter Jean, a sophomore here at the University, accompanied Major Steck when he arrived in Tampa. The remainder of the family, two sons, are in the armed forces. One a Captain in the Army Signal Corp, the other a Sergeant in the Marine Corp.

COLLEGES

Major Steck received his training at Wittenberg College, Springfield, Ohio. He also graduated from Hamma Divinity school. He then served parishes in Dayton, Ohio; Knoxville, Tenn., and Detroit, Mich. Major Steck also attended Gettysburg College and George Washington University. While in college he was interested in school publications and worked with many of them. Major Steck is a member of the Sigma Chi fraternity.

Army Chaplain

The next step of this congenial man was in the capacity of a Chaplain for the United States Army. He served six years with the Chaplain school where he assisted in the training of more than 8000 chaplains. Major Steck served with the chaplain School at Harvard University; Ft. Devens, Mass.; Ft. Oglethorpe, Ga.; and Carlisle Barracks, Penn. In 1948 Major Steck became Post Chaplain at Carlisle Barracks, the seat of the Army Security School, Armed Forces Information School and Chaplain School.

Separation

On July 31, 1950 Major Steck was separated from the Army with eleven years of active service. He then accepted the position of Director of Public Relations and Alumni Affairs here at the University of Tampa.

Post Office Substation Moved To New Location

The postal substation at 100-C Magnolia Ave. has been moved and is now located at 450 Grand Central Avenue.

Grand Central is only one block away from the University.

J. Crockett Farnell, chairman of the Spartan Fund drive started, "The \$16,000 which is needed to further the interests of sports at the the university of Tampa has been raised.

It was in the latter part of May that the Spartan Fund drive got under way. F. S. Clair Pittman, president of the Alumni, at a meeting of the athletic committee, appointed Mr. Farnell chairman of the drive.

The question under consideration was: can a college survive without athletics? It is hard to believe, but it is true that a school receives more favorable publicity on the athletic teams than on a fine talk made by a science professor before a group or convention of professional men.

Accreditation

The University in attempting to secure college accreditation and be placed on the approved list of Southern schools, lagged behind in the athletic program.

Unless the school is backed the sports program should be curtailed 100 per cent instead of being operated in a slipshod and haphazard manner. With this thought in mind the Alumni began to raise the money needed for the primary objective of furnishing a training table for all athletes.

Team Captains

The team captains who helped Mr. Farnell are: Doyle Bluemle, Dr. Paul McClosky, Rudy Rodriguez and Rawleigh Alonzo. With the idea that the University is for the Florida West Coast and not for Tampa alone the drive was carried to the outlying districts of Tampa.

Plans are now being formulated for a scrimmage game honoring the Alumni Club and afterwards a buffet supper for the team. This will make it easier for the team and alumni club supporters to get together. The plans will be announced next week.

The complete cooperation of the student body and Alumni Association should be an important tool in whittling out a successful future for the University of Tampa.

THE MINARET

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during the school year at no cost to the student body.

The staff welcomes comments and criticisms. Address all correspondence to The Minaret, room 209, University of Tampa, Tampa, Florida.

EDITOR VALENTINE RIPLEY
BUSINESS MANAGER HELENE KELLER
FACULTY ADVISOR DR. H. G. BAKER

Member Intercollegiate Press

WELCOME AND GREETINGS

In welcoming the students new and old THE MINARET wishes to take this opportunity to remind all students that this is their paper. Without the help and constructive criticisms of the student body there can be no "Voice of the Student."

A staff is required to publish a school paper; in both college and high school it is part of the extra curricular activities. At one time this and other out of class endeavor was looked upon as frills and loafing, but today they are now recognized as a vital part of college life.

This paper being no different than any other organization has experimented, introduced innovations and tried changes. Many of them were successful and have therefore become permanent.

One of the changes to be tried this coming year is a Junior Staff to be trained to take over the paper when the Senior Staff members leave. Of course unusual ability may be recognized and the person will be given more responsibility than would normally be assigned a junior member.

This issue marks the opening of the 20th session of the University. The past 19 years have seen many students come and go. But with the opening of each new session the old students have constituted a welcoming committee. They greet the new students and assist them in what ever way possible.

Your paper THE MINARET wishes to help in what ever way it can. Please do not be afraid to ask questions or offer suggestions. You may place your ideas in the Suggestion Box located on the Bulletin Board. Here is a better plan than dropping your ideas in the suggestion box—why not come to The Minaret staff meeting to be held Monday, Sept. 25, at 11:30 in room 209.

If you can, please bring them to the weekly meetings of THE MINARET staff.

SCHOOL BEGINS

Once more school has opened and once again children will be darting in and out from between parked cars. There can be only one penalty for those who speed and drive recklessly in school zones. That penalty should be revocation of their driver's license. And if a child's life is snuffed out the charge should not be manslaughter but second degree murder.

A small body bloody and mangled beyond recognition is a terrible sight to behold. Do you think your conscience would allow you a moments rest if this tragedy were to befall you. Imagine the wrath of the parents and the scorn and abuse of all society heaped upon you. Not very pleasant is it. Do you think those few extra seconds are going to be worth this possible price.

The only plausible way to prevent accidents of this type from occurring is to use extreme caution whenever you are driving in a school zone. And also be alert whenever you see a group of children playing. Drive carefully and you will help people live longer.

THANK YOU

The Editor wishes to personally thank those people who made it possible for the first issue of the paper to be ready registration week.

Sports news and color was chased down and written by John Marzolf. Carl Erickson, Ralph Kitchen and Walt Weber are to be congratulated for their untiring efforts in writing features and news.

The Business Office, President's Office and the Dean's Office went out of their way to ease the burden placed upon the staff members. Also profuse thanks to the Rinaldi Printing Company for their patience. And another thanks to the advertisers who helped fill in white space.

Last but not least Dr. H. G. Baker, faculty advisor to THE MINARET. The paper had but to ask Dr. Baker and the job was as good as completed.

Once again thanks and many thanks to all of you for your unselfish and ceaseless efforts.

Dean Rhodes Welcomes Students

To new students greetings and a friendly welcome to the University. To former students a handshake and a sincere welcome back to the University. As the 20th session gets under way many of us are troubled by the war clouds hovering on the horizon. We find ourselves unable to make long range plans with any degree of certainty. Nevertheless, we must carry on, we cannot sit idly by with folded hands because of the uncertainty of what the future may hold in store for us. Indeed we must make the most of the present to the end that we may be prepared to take advantage of whatever the future brings forth. Too many of us learned through sad experiences the folly of wasting our opportunities during World War II, to again be caught in the whirlpool of uncertainty surrounding the present crisis. Thus it is that I predict a serious effort on the part of most students to make the most of this year.

Increased Facilities

The University has endeavored to provide increased facilities through added staff and improved accommodations. An expanded library and a new student union room are the most notable among the improvements. These improvements should be conducive to a more effective use of the library and a reduction of the noise in the lobby. Further, the students will have an attractive and comfortable place in which to gather and converse.

Registration

In another place in this issue students, old and new, will find a schedule of registration procedures for the opening week. Compliance with this schedule will greatly facilitate registration and relieve students of much needless and tiresome waiting. An added feature of registration this year will be the photographing of each student as a part of the regular registration procedure. This will eliminate the necessity of having to have identification pictures and pictures for the Moroccan made at a later date.

Requirements

All students are urged to familiarize themselves with catalog regulations and requirements. Many painful disappointments can be avoided by so doing.

Yours for a happy and successful year.

M. C. Rhodes
Dean of Administration

Newspaper To Help Supplement Texts

New York, N. Y.—(I. P.)—The extensive use of daily newspaper clippings as supplementary text material in several courses given at the City College of Business and Civic Administration has been found "completely successful," it was reported here recently, and increased utilization of such material at other colleges and universities was predicted.

Two hundred foreign trade majors taking such courses as Techniques of Import and Export, Marine Insurance, and Credit and Collections under I. Harold Kellar, international marketing consultant and a member of the school's department of business administration were required to subscribe to at least one metropolitan daily and to cut out and paste in scrapbooks.

Academic Titles of Instructors Differ

There are certain basic requirements necessary to be qualified as an associate professor, a professor, or a dean, although they usually differ in every association of colleges, in fact, in practically every individual college.

To be an associate professor, at least a BS or BA degree is required; a professor a master's degree; and a dean a Ph D. Having these degrees does not necessarily mean that a person will hold these positions, for such factors as superiority and experience as well as a vacancy must be considered. Many times persons holding several positions never attain a position higher than that of a professor.

School Placement Service To Help Tampa U. Students

The Faculty Committee on Part Time Employment will help the students at the University of Tampa find part time work.

Prospective employers of part time help have been canvassed by members of the committee to ascertain the kind of work that is available.

The reports on these contacts are turned in to the Dean of Men's Office, where a file is kept of:

- a) jobs available or in prospect
- b) students who want part time jobs, with a record of the kinds of work done, and also the kind of work that would be related to the students intended career after graduation.

Regional Employers

In line with career after graduation, the committee will arrange to have representatives of regional and nation-wide employers (industries, department stores, etc.) to visit the campus to interview seniors for possible employment in the concerns.

Register

Students who register at the Dean of Men's office for employment are asked to notify the office if they obtain work without the help of the committee in order that the students name may be removed from the active file. It is also requested that in case of any change of address or telephone number, please let the chairman of the committee know.

Members

The faculty members on the Part Time Employment Committee are, Dr. H. G. Baker, chairman; Prof. Miller K. Adams; Prof. Russel C. Apple; Prof. Norman Borchardt; Prof. Laurence P. Geer; Prof. Richard I. Darby; Miss Margaret A. Doty; Miss Robbie E. Landry; Prof. Laurence G. Roberts and Miss Marcella Hanley.

Registration Schedule and Procedure For Fall Semester 1950-51

TUESDAY, SEPTEMBER 19th

9:00-12:00 A.M.	Registration of Juniors	Library
2:00-5:00 P.M.		
9:30 A.M.	Student Assembly for new students	Assem. Room

WEDNESDAY, SEPTEMBER 20th

9:00-12:00 A.M.		
2:00-5:00 P.M.	Registration of Sophomores	Library

THURSDAY, THROUGH SATURDAY SEPTEMBER 21st - 23rd

9:00-12:00 A.M.	Registration of all new students, for instance transfer students and entering freshmen	Library
2:00-5:00 P.M.		
(Except Saturday 9:00-12:00 only)		

Procedure

Students will find it advantageous to conform to the following suggestions in registering:

1. Obtain registration forms at the Office of the Dean.
2. Report to the Library for the scheduling and approval of courses.
3. Report to the Rawlins Room to have picture taken.
4. Report to the Registrar's Office for approval of schedules.

NOTE: Veterans will also be required to report to the desk marked "VETERANS". In the case of PL 16's a representative of the Veterans Administration will examine the schedule to see that it meets with requirements of the Veterans Administration, after which the secretary at the desk will fill out the necessary forms to be submitted to the Veterans Administration and collect the proper certificates of

entry into training forms. Veterans under PL 364 will not be required to have schedule approved by representative of the Veterans Administration, but will be required to have secretary fill out the necessary forms and collect the necessary certificates of entry into training forms.

5. Report to Business Office for completion of registration.

NOTE: Students may interchange steps 3 and 4. All students will be required to have on file physical fitness card properly filled out and signed by a reputable physician, or to present such card before registration forms will be issued.

NOTE: Room rent must be paid at the time of registration. Breakage fee is required of all dormitory students whether on scholarship or not.

Repairs and Alterations Completed Library Ready For School Opening

The building program directed toward a greater University of Tampa, gained momentum this summer with many alterations and improvements plus the addition of a snack bar.

The library now includes Riverview Auditorium and the hall space between the former class room and the old library. The new lighting system according to the Tampa Electric Company is one of the most modern and up to date installations for a reading room. Automatic thermostatic controlled heating will make the library a pleasant place in which to study or read periodicals.

Shelves have been installed in the space formerly taken up by the reading room of the old library. This will make it possible for a larger number of books to be added to the library.

Physics and Chemistry Labs

The chemistry and physics laboratories have had exhaust fans installed and in the case of the chem lab a larger roof fan has replaced the old roof fan.

A fire proof room has been installed outside of the chemistry lab to store explosive materials thereby reducing the hazard of fire from combustible supplies that are needed to conduct a successful chemistry class.

During the vacation period two infirmaries were opened in the school. One is in the girls dormitory and the other one in the boys dormitory. The infirmaries are well supplied and equipped to handle any mild cases of sickness or slight injuries.

If anything serious should happen the Municipal Hospital will handle the patient.

Snack Bar

The university cafeteria has been enlarged and the snack bar has been moved to its new location on the front porch. The old snack bar and the cafeteria have been combined by removing a partition which separated them. This makes the cafeteria about twice as large as it formally was.

Added Classroom Space

The mechanical drawing laboratory is now larger than ever before because a partition has been removed. This adds one more room to the lab.

The Deans Office received 11 new fireproof filing cabinets. These will be used for safer storage of the students record.

The photographic dark room had its tables lined with sheet lead and the school plumbing system connected to the laboratory. This arrangement will help the school photographer expedite his work.

The new outdoor gym has horizontal and parallel bars in order to add more variety for the physical education classes. The gym courts have also been leveled off. Along in the same vein the locker room has had a self-service system of baskets and lockers installed.

Repairs

Throughout the building minor repairs and painting has been done to keep the U. of T. classrooms and halls in good repair.

New Campaign To Pay Students For L.S.-MFT Rime

Here's a way to earn some easy money. You don't have to give away your fraternity pin or send in the top of your new convertible, but just compose a four-line jingle singing the praises of Lucky Strike cigarettes and tying in with their sensational new "Be Happy-Go-Lucky!" campaign. Each jingle accepted (and you can send in as many as you want) will earn you \$25, and a good many of them will be used in the Happy-Go-Lucky advertising campaign to appear in this paper and 275 other college newspapers.

Plenty of cash awards will be paid out, and the important thing is to get your jingles in as soon as possible. Rime or reason depicted should be one of life on campus such as:

As quarter-back, I lead the team;
I call out, "One-two-three!"
But when I'm not in training
It's L. S. /M.F.T.

It's easy, it's fun, and it's profitable. So get together (although, who wants to spilt \$25) or write as many jingles as you can and send them to: Happy-Go-Lucky, P. O. Box 67, New York 46, N.Y.

Tampa U. Is Easy Read This Exam

So you think that Tampa U. is hard. Take a gander at some of these questions asked at UCBS as printed in Rogue Magazine.

First, though, we shall define some of the terms used in examination instructions:

explain briefly: An abbreviation for "explain briefly and you'll get a C." In answering, be sure to include everything which the reader

might possibly consider relevant.

hour exam: Three hours work to be done in one hour.

evaluate: Give the instructor's opinions on the subject.

trace the evolution of: Write a complete history.

discuss: Tell everything you know.

be specific: Quote the instructor or text verbatim.

define your terms: The meaning of any word with more than one syllable should be carefully explained.

Test

1. Compare and contrast Machiavelli's theories with those of Big Frost. (20 min.)

2. Discuss the impact of Hrokbangen's Donaudamschifartsgesellschaftsdudeledsachfifermacheeeselle der Ubergangzeit on political thought. Is the title of the book an appropriate one? Be concrete. (30 min.)

3. Identify briefly the following items of English legal history: a) Assize of mort's haberdashery; b) Writ de haeretico tico; c) the chancellor's foot; d) Your fodder's mus-tache. (20 min.)

Campus Interviews on Cigarette Tests

Number 1...THE PUFFIN BIRD

*"What's all the huffin' and puffin' about?
I've been a Puffin' all my life!"*

You may think this "bird" is funny — but he's no

odder than many of the cigarette tests you're asked to make these days.

One puff of this brand — one sniff of that. A quick inhale — a fast exhale — and you're supposed to know what cigarette to smoke from then on. The sensible test doesn't have to rely on tricks and short cuts. It's a day-after-day, pack-after-pack tryout — for 30 days. That's the test Camel asks you to make! Smoke Camels regularly for 30 days. Your "T-Zone" (T for Throat, T for Taste) is the best possible proving ground for any cigarette. After you've made the Camel 30-Day Mildness Test, we believe you'll know why...

**More People Smoke Camels
than any other cigarette!**

TAMPA, FLORIDA

SCHOOL CAFETERIA AREA EXPANDED

By Ralph Kitchen

Enlarged and freshly decorated the University cafeteria under the able management of Harry Seely, will again be open this year, serving good meals at reasonable prices.

Regular meals will be served as usual with ample time in the morning for those in-between cups of coffee. The cafeteria will remain open from 7 A.M. until 2 P.M., closing from 2 till 5. It will reopen at 5 P.M. for the evening meal and close for the day at 7 P.M. It remains tentative whether football players will be served before or after the regular meals.

Seating capacity of the cafeteria has been somewhat enlarged this year by the removal of the retaining wall that previously separated the cafeteria from the snack bar. The removal of the snack bar to its new location on the front porch left this area available for cafeteria space. Additional tables and chairs have been added and it is felt that this new cafeteria should prove adequate for the University's needs.

Mr. Seely assures us he will make every endeavor to keep prices down, while maintaining a well balanced menu, in spite of existing conditions Coffee — not mud nor black death—but coffee, will remain a nickel.

New Spartan Room Snack Bar To Open

By Ralph Kitchen

Sodas, sandwiches, hot jazz and dreamy waltzes. All may be found at the newly installed snack bar on the front porch of the University. Cool and comfortable, designed for your relaxation between and after those grueling classroom sessions.

A bright spot on the campus this fall, and one sure to be popular with all, the snack bar will be open from 7:30 A.M. until 9:30 P.M. Music will be furnished by the new 100 play juke box. Soda jerks will operate behind a modern 22 foot soda bar, concocting everything from a plain sundae to nightmare specials.

Colorful? Yes suh. A color scheme of green and yellow is sure to keep the place always in a mellow mood. Yellow fornicia top tables, coupled with green plastic upholstered chairs gives a seating capacity of approximately 85 people. This should afford ample elbow room for those indoor athletes, providing the kibitzers are not too numerous.

It is planned to adorn the walls with the shields or emblems of all the fraternities and sororities, providing these can be obtained from the organizations.

NO COFFEE or MEALS will be served at the snack bar. These may be obtained at the University cafeteria.

This new and expanded place of relaxation and enjoyment has been provided at considerable expense. It is YOURS, for your pleasure alone, but please cooperate with the management by keeping it clean. Do not carve initials in the tables, or draw Petty girls on the wall. Relax, enjoy a dish of delicious Florida Dairy ice cream, a coke, read, or just shoot the breeze, but keep the place in order and everyone will enjoy it more, especially you.

"Sam's Song"

DR. NANCE WELCOMES - - -

(Continued from Page 1)

I believe many of you have come to college because you desire more than "college training." There is often a great difference between a "college educated" man and a "college trained" man.

The search for truth is, of course, a vital part of the educational process. But truth liberates us from darkness only when it illuminates the heart, agitates the mind and inspires us to action.

Education is not something we "get"; it is something that gets us—a way of life—a way of responding to life.

Education is Revelation

Education is the progressive revelation of the true, the beautiful, the good and the just that issues from the activity of an inquiring mind. Education is not an absolute term. There are no completely educated people in the world: there are some people who are becoming a little more educated each day. But one need not know all things to fully appreciate and appropriate what he does know. We only know in part, but the perfect is always just beyond us and we become more perfect in reaching for it. By practicing the good we know today, we increase our capacity for receiving greater good tomorrow. As Philip Gilbert Hamerton puts it:

"The essence of intellectual living does not reside in extent of science or in perfection of expression, but in a constant preference for higher thoughts over lower thoughts, and this preference may be the habit of a mind which has not any very considerable amount of information. This may be very easily demonstrated by a reference to men who lived intellectually in ages when science had scarcely begun to exist, and when there was but little literature that could be of use as an aid to culture. The humblest subscriber to a mechanics' institute has easier access to sound learning than had either Solomon or Aristotle, yet both Solomon and Aristotle lived the intellectual life. Whoever reads English is richer in the aids to culture than Plato was, yet Plato thought intellectually.

"It is not erudition that makes the intellectual man, but a sort of virtue which delights in vigorous and beautiful thinking, just as moral virtue delights in vigorous and beautiful conduct. Intellectual living is not so much an accomplishment as a state or condition of the mind in which it seeks earnestly for the highest and purest truth. It is the continual exercise of a firmly noble choice between the larger truth and the lesser, between that which is perfectly just and that which falls a little short of justice."

New Year

We are beginning the academic year of 1950-51 under the dark and ominous shadows of a national emergency. Some of our former students who were with us as late as last year are now in Korea serving under the banner of the United Nations. Others are on their way there. One is a prisoner of the Red Koreans. Everywhere there is fear of a third world war and prayerful hopes that such a tragic conflict might be avoided.

I know of no better formula for successful living under the anxieties and tensions of such times as these—than to live courageously each day, do the job at hand as efficiently as possible, and set our faces forward with invincible faith in God and the ultimate victory of right over wrong and light over darkness. If it becomes necessary it is better to fight and perhaps die for our liberties than to remember them as slaves.

INQUIRING REPORTER WELCOMES NEW AND TRANSFER STUDENTS

By Minaret Staff Writer

EDITOR'S NOTE:—In welcoming new students it is difficult to name everyone so a few names were pulled haphazardly from the new students file in the Deans Office. Even though your name may not be listed here, the University still wishes to say welcome and we hope you will enjoy immensely your time you spend here at the University.

Welcome to the University Pat Dixon. Of course this isn't the Windy City but we hope you will like it just as much. Claudette Griffin, happy to have your transfer from Hillsborough High and also Doris Janet Lucas from Hillsborough Hi.

Here is another boy a long ways from home. Glad to have you with us Ralph David of Toledo, Ohio. Another student to bring fame to U of T will be Gene F. Baur. Here's hoping you win another National photography contest Gene.

Scholarship

Well, here is a young lady who has won a D.A.R. scholarship, greetings Margie Ann Christensen. Albert Esber Abdelnour who hails from Cohoes, New York will find some people here from his home town. Of course the majority of the people who plan to attend TU are local residents but Joyne Virginia Anderson isn't one, she comes to Tampa from that far northern state called Maine.

Jefferson High a good school and a good boy from that school by the name of James Wilbur Carlton will be seen around the University. Do you think Carlton might

know Norton Allen from Plant High who will begin his freshman college year here.

Transfer

A transfer student from the University of Maryland is Kenneth Allan Barneby of Tampa. Speaking of higher education, Patricia Adna Webb who already has an M.A. and B.A. will attend Tampa U.

Band majorette Elizabeth Claire Schwartz will certainly have an opportunity to practice her skill here at school. Another student from Hillsborough High, Joseph Paul Bado, Jr., greetings Joe, hope you enjoy your college life.

Lester W. Young transferred from Hibbing Junior College in Hibbing, Mich., and Naomi Wingfield Craig comes to us from Portsmouth, Va. Welcome, welcome to the school of your choice.

Extra Activities

Extra Curricular activities are fine and here Betty L. Slott at the University you will find, quite an amazing variety of extra things to help you pass away any extra time you might have. Busy as a bee Jo Lynn Rhodes of Tampa may be recognized again in school for her scholastic achievement. Here's hoping you can do it again Jo Lynn.

Joseph Nelson Belluccio of Tampa, happy we are indeed to see you here at the University. Still enjoy working for a school newspaper? And to Allen Calero of Tampa, a welcome is also extended. Happy to have you with us.

Look in the next issue of THE MINARET it will have some more names of new and transfer students.

Be Yourself Girls A Phony Has No Chance At All

Girls, if you want to catch a husband, don't appear over-anxious to spring the trap. A little more casualness on your part may get you to the parson faster.

An article in the September American Magazine, telling what a cross-section of girls in the U. S. think it takes to catch a husband, says that about half feel the unsuccessful girl tries too hard. One comely miss, Alyne Powell, a Washington, D.C., secretary, expressed her opinion bluntly:

"Girls frighten men away by showing right off they have marriage in mind."

Another tip from the girls to their husband-hunting sisters is don't let your brains show by ap-

pearing to be too intelligent. Marian Squire, a slender, blue-eyed psychiatric social worker in Portland, Ore., confessed, The American Magazine states, that "some of my dates have shied away from me because of my Master's degree."

There's a big leap, in a man's thinking, between date and mate, points out the article, but some girls just won't recognize this fact.

The girls were in general agreement that the greatest asset in winning the interest of a man, especially one with matrimonial intentions, is a sunny disposition and a sense of humor. More important than being good-looking, the girls feel, is being neat and clean.

Moreover, advise the girls, always be a good companion in a genuine rather than in a sticky-charm school, way.

Patti Rich of Lakewood, O., offered this thought: "Be yourself. A phony has no chance at all."

SUMMER GRADUATES 1950

Student Religious Activity Increasing

New Haven, Conn.—(I.P.)—The current increase in religious activities on the American college campus can be traced to students asking basic questions about "the meanings and ends of life," according to Prof. Clarence P. Shedd, Stephen Merrell Clement Professor of Christian Methods at Yale University.

While religious attitudes cannot be accurately measured, Prof. Shedd said, recent surveys in several colleges showed that the war caused students to become increasingly religious. He termed "most surprising" the finding that in present beliefs and attitudes toward the church veterans do not differ dramatically from non-veterans.

The present situation is composed of neither great revivals of religion nor students clamoring for religious help, the Yale theologian declared. Prof. Shedd said that many colleges are trying to restore the balance between the humanities and the sciences, and, as a result, the number of colleges has more than doubled in the past five years in the addition of chaplains.

There are, Prof. Shedd said, many discouragements and plenty of room for pioneering in the campus religious activities. "There must be a several-fold increase in the number of competent and trained university religious workers, the churches must stop wasting their energies in denominational squabbles.

"Together they must do battle against the secularism that has taken over our social order and our college life in the past three decades.

Dr. Blakney, Commencement Speaker Sees Red Failure In China

Dr. Raymond B. Blakney newly appointed President of Olivet college in Mich., Commencement speaker for the University of Tampa summer session, said that the Communists cannot succeed where the Nationalists failed in China.

He went on to explain to the 56 summer graduates the first and foremost problem in China. A large population and the country's inability to feed itself. Dr. Blakney also went on to show that China also needs a large army of civil servants, judges, police, and executives to administer the laws.

Dr. Blakney and Dr. Nance, University of Tampa president, were faculty members at the Army Chaplains' school at Harvard University at the same time during World War II.

A list of those who were given degrees and what degree they received follows:

Bachelor of Arts

Richard Johnson, Charles Jones Moshell, Betty Ann Trimble.

Bachelor of Science

Bessie Juanita Benton.

Bachelor of Science in Business Administration

Athanassios George Anastassiades, Billie Birchfield, Carley Francis B'Smith, Thomas Marshal Dankert, Adrian Hansford, DeHart, Lenton Edgar Eason, Jr., Joseph William Eckart, Charles Thomas Eldredge.

Ernest C. Gorrell, Robert Drury Jones, Donald Blair Middaugh, Rosalie Moss, Richard Morris McIver, Francis Xavier Newman, James Marvin Owen, Josiah Wavid Register, Robert Lee Reynolds, William Ward Richardson, Weldon Thomas Wright.

Bachelor of Science in Education

Irene Askew Brice, Blanche Box Bryan, Hazel Stevens Burnett, Peter Vigo Castellano, Norman Dean Cramer, Christina Stark Cripe, Mary Marchman Drake, John Robert Fabian, John James Foley, James Lawrence Ghiotto, Bernice Jenkins Giles.

Strayer Livingston Hawk, Berwyn Nathan Hughes, Gadsen Lowman Hull, Estelle Moseley Hummerick, Ann Flood Knopf, Rosa Arguelles Leighty, Manuel Suarez Miranda, Luz Marie Pelaez, Olive Clark Perry, Sherwood Arden Rawleigh, Nora Staples Riherd, Anthony Lucido Rinaldo.

Michael Sanz Rubio, Julio Julian Alex Schamberg, John Newman Shadgett, Mildred Snyder Sherman, Katherine Louise Sible, Verna Cleo Stokes, Jean LaVonne Zeiner Taliagerro, Theodore Watson Walters, Ellis Watson, Boyd Wilborn.

New Constitution To Be Written For Panhellenic Council

Last semester (February, 1950) the Panhellenic Council announced plans to adopt a new constitution in place of the one that it is now under. After a careful study of the

(Continued on Page 6)

Students Need No Money only Time in New Education Plan

Kansas City, Mo.—(I.P.)—A new educational opportunity, called the "vagabond plan," has been instituted at the University of Kansas City, according to an announcement by Dr. Robert Mortvedt, vice-president.

Beginning with the current semester any full-time student enrolled in the University will be permitted to enter the "vagabond plan." Under this plan, the student may audit any course outside of his regular program without charge.

"The purpose of the new plan," Dr. Mortvedt stated, "is to encourage students to explore areas outside their normal range of academic or professional interest. For example, a Dental student will audit a course in music or philosophy, or

a Chemistry major will sit in on a course in modern poetry."

The University, Dr. Mortvedt comments, is vitally interested in assisting all of the students to obtain a broad, as well as a deep, cultural development. It is felt that a program of this kind, costing the student nothing except his time and interest, "will encourage students to survey areas which otherwise would be closed to them.

The plan is to try the system for one semester. If the results are as expected, it will be continued. The only limitations placed on the program are the following: it only applies to regularly enrolled full-time students; the student must obtain the consent of his Dean and the instructor involved; students will not be permitted to apply for credit in courses which are audited in this manner.

Auditors, of course, are not permitted to engage in class discussions, and they are not required to prepare the assignments in a course.

Univ. Of Tampa Parking Rules

In order to have more complete information and cooperation, registration will be required of all vehicles using the University Parking Lot this year. The Student Senate feels that this regulation is necessary in order to help ease the congested parking situation.

Numbered parking stickers will be issued and placed on the front windshield of all automobiles. This will eliminate having to register the cars when new state licenses are issued in January. At the same time it will provide and immediate identification of the vehicle to the University personnel who are policing the parking area.

Removal and Fine

Cars found on the parking lot after registration, without the stickers will be subject to possible removal and payment of fines by the owner. The following rules are to be found in the University Handbook and will be in effect until further notice.

In the parking area between the Ballroom porch and the Library, A LANE MUST BE KEPT OPEN TO ALLOW FIRE TRUCKS READY ACCESS TO THE AREA AND THE BUILDING, AND TO GIVE THEM AMPLE ROOM TO TURN AROUND AND LEAVE. This fact dictates the following rules, which, for the safety of the building and everyone in it, must be obeyed to the letter.

1. Along the row of posts marking the outer boundary of the area, cars may park side by side IN A SINGLE ROW as far as the Library.

2. Cars may park in pairs, end to end, making a double row, in the spaces between the trees that form a straight line running part way through the middle of the area.

3. Parking elsewhere in this area than the places specified is forbidden.

4. CARS MUST NOT BE PARKED AGAINST THE BUILDING in this area.

The parking spaces around the two porches are to be reserved at all times for the faculty and staff members for whose use they are marked.

If students will park their cars as here directed and take up no more room than they need, the number accommodated will be surprisingly large. There is also a parking area between the Art-Music Building and the east side of the main building.

The Student Senate administers the parking rules and imposes fines for parking violations.

Prof. Bignell Heads New Industrial Arts And Fine Arts Dept.

University of Tampa graduates can now qualify for Florida State high school teachers certificates in the fields of Art and Industrial Art, Professor James Bignell, art department head announced last week.

Mr. Bignell added, that the reorganization of the University's Art Department to include fine arts, handicrafts and industrial arts has made this possible.

A new wood working shop with, a full line of power and hand tools, was provided for the department during the summer months.

Society News

SIGMA THETA PHI

Plans for the new fall semester and Homecoming were made during a mid-summer meeting held at Rubins Restaurant.

The Holiday Ball will be the first formal dance of the year and it will be given Thanksgiving week end.

One of the accomplishments during the summer was the redecorating of the sorority room. Along this same line of things done was a beach party held at the La Playa.

DELTA KAPPA

The DK's were very active during the summer holding semi-monthly meetings. During the meetings plans were made for the fall semester activities.

One of the first big functions of the school year, the Delta Kappa Night Club Dance, will be presented Friday, Oct. 13.

ALPHA GAMMA

Members of the Alpha Gamma Sorority entertained Miss Lucy Go-

vernale, bride-elect, at a luncheon in the Don Quixote Room of the Columbia Restaurant. After the meal Miss Governale was presented with a gift.

Martha Jackson, president of the alumni chapter, was given a miscellaneous shower at the Y.W.C.A. Triangle last week.

The members of the sorority are making plans for a fall hop to be held early in the semester.

NEW CONSTITUTION - - -

(Continued from Page 5)

Constitution it was found that many changes and by-laws were needed to make the Panhellenic organization an effective governing body in the years to come.

Various committees were organized to help rewrite the new constitution. Several events in the past year had shown that the Greek Letter organizations of Tampa U. will be preparing to advance to a larger and more active phase.

Well rounded Campus Life

Panhellenic handles the problems

of general fraternity and sorority policy, including the practice to be followed in rushing and pledging. The Council is also interested in making the students conscious of what the Greek Letter Societies stand for and the part they play in a well rounded campus life.

Other Constitutions

The committees in charge of writing the new constitution have studied the Panhellenic constitutions of other large universities and colleges in order to get ideas and suggestions.

Several will be selected as models and will be sent to the various Greek letter Societies for readings and comments. Following this the new constitution will be drawn up and sent to each fraternity and sorority to be ratified.

Officers

One of the questions under consideration was having the Panhellenic officers come under alpha-

tical sequence according to the fraternity or sorority. The same system that is in use in the United Nations Security Council.

At present the officers of the Panhellenic Council are:

President, Jack Hendricks; Vice-President, William Antonini; and Secretary - Treasurer, Marjorie Oglesby.

Delegates from the sororities and fraternities are:

Delores Patrick and Elizabeth Berenguer. Alpha Gamma; Lena Moore Gantt and Helene Keller, Delta Kappa; Marjorie Oglesby and Betty Hayes, Sigma Theta Phi; Lulu Belle Stalnaker and Rita Ward, Zeta Delta Phi; Mike Diaz and William Antonini, Beta Chi; Reginald Woody and Edward Hahn, Kappa Sigma Kappa; Frank Puglisi and Johnny Diaz, Rho Nu Delta; Donald Munn and Jack Hendricks, Sigma Kappa Nu; Harold Wayser and Eddie Hollingsworth, Tau Delta Sigma; Joe Puppelo and Don McMahon, Tau Omega.

STUDENTS! MAKE MONEY WRITING LUCKY STRIKE "HAPPY-GO-LUCKY" JINGLES!

It's easy! It's fun! No box tops to send! No essays to write! Just write a simple four-line jingle, and you may make \$25! Start today!

Write a "Happy-Go-Lucky" jingle, like those you see on this page, based on some phase of college life. If your jingle is selected for possible use in Lucky Strike advertising, we will pay you \$25 for the right to use it and your name in our advertising. Start today. "Happy-Go-Luckies" will soon be running in your paper. Send in your jingles—as many as you like—right away, and \$25 can be yours pronto if your jingle is chosen. Be the first to write a jingle in your school. Watch this paper for more "Happy-Go-Luckies."

READ THESE SIMPLE INSTRUCTIONS

1. Write your "Happy-Go-Lucky" four-line jingle on a plain piece of paper, or postcard, and send it to Happy-Go-Lucky, P.O. Box 67, New York 46, N. Y.

Be sure your name, college and address are included—and that they are legible.
2. Every student of any college or university may submit jingles.

I really am a Lucky guy.
Just got my Ph.D.,
To prove to you how much I know,
L.S., sir, means F.T.

I study French and English lit;
I study Latin too,
But words that I like best to hear
Are Lucky Strike, don't you?

Be Happy-Go Lucky!

Enjoy truly fine tobacco! Enjoy perfect mildness and rich taste!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

SPARTANS IMPRESSIVE IN DRILLS

Bailey Will Coach Tampa U. Quintet All Of Last Year's Regulars Return

By John M. Marzolf

The University of Tampa which last year took one of the most ambitious schedules in the school's history, will again play host to some of the East's top powers. Under the direction of their new coach Sam Bailey the Spartans have added four new teams to their 1950-51 Fort Hesterly schedule: University of Georgia, Yale, Louisville and Dartmouth.

Coach Bailey has been blessed

with the return of all of last year's regulars which include: All American Mac Williams, George Montz, Jack Booros, Bill Mullen, Holland Aplin, Harry and Avron Bryan, John O'Neal, Jess Davis, Jim Menna and Bill Thrift. Along with the return of last year's squad a number of new prospects have been lined up for the team.

The Spartans will open their season in Philadelphia when they take on Villanova, Dec. 6, in the first of a five game road trip. Tampa's first game is scheduled for Dec. 27 against Yale on the Armory court.

Last year under the coaching of Mike Gaddis the Spartan quintet went to the semi-finals of the NAIB tournament held in Kansas City. In 13 home appearances during the 1949-50 season the local squad only lost one game that coming at the hands of mighty Western Kentucky. With the return of last year's team along with the addition of new stars Tampa's chances for a bright season this year seem to be excellent.

BASKETBALL SCHEDULE

Dec. 6—Villanova, there
Dec. 7—Hartwick, there
Dec. 9—Louisville, there
Dec. 11—Bowling Green, there
Dec. 14—Western Kentucky, there
Dec. 27—Yale, Tampa
Dec. 29—Dartmouth, Tampa
Jan. 2—Louisville, Tampa
Jan. 4—Fla. Southern, Tampa (tentative)
Jan. 12—Miami, there
Jan. 17—FSU, there
Jan. 18—Univ. of Florida, there
Jan. 23—Rollins, Tampa
Jan. 25—FSU, Tampa
Jan. 27—West'n Kentucky, Tampa
Feb. 3—Southern Georgia, Tampa
Feb. 6—Stetson, there
Feb. 9—Univ. of Georgia, Tampa
Feb. 15—Univ. of Florida, Tampa
Feb. 17—Rollins, there
Feb. 22—Florida Southern, there
Feb. 24—Miami, Tampa
Feb. 27—Stetson, Tampa
Mar. 1—Santiago, Chile, Tampa

University To Have Experienced Crew

Tampa University's great rowing crew had to remain satisfied with the state rowing title. Their quest for a second honor in rowing circles fell short by a boatlength and they finished fourth in the choice Dad Vail Regatta, held at Poughkeepsie New York. However, losing the Dad Vail did not detract from their splendid record for the season. Most of the crew members will be coming back this fall filling the shells with proven rowing veterans.

The junior varsity crew promises to provide able replacements when and if Coach Trubiano needs them. Their record is almost as impressive as the varsity. In one of their last races, the jayvees finished almost eight boat lengths ahead of their opponents.

This year should provide an even better record of achievement in crew.

New Physical Ed. Plan Announced

Like almost all other departments of the University the Physical Education facilities have been given the new look. During the summer months many changes and additions have been made in an effort to make the Physical Ed course more of a pleasure than a task.

In addition to tangible changes in the department some intangible changes have been made too. Plans have been made to expand the Physical Education program this year so as to include judo, boxing, wrestling, and fencing. "These activities are part of a conditioning program for the male student," Prof. Miller K. Adams, head of the Physical Education department said.

War in Korea

"There's a war in Korea," he stated, "and who knows when it will end. If it is a university's job to mold men's minds to meet the political and social requirements to preserve our American way of life, it is no less important or patriotic to prepare men to fight, if necessary, to preserve that way of life. The University proposes to make a contribution in each of these fields."

For the first time since the war Plant Field will be available to all physical education classes, as long as students refrain from climbing the fences. In addition to those sports which have been on the program in the past rowing will be open to members of the sophomore class, while freshmen will be given swimming instructions. Cross Country will be started again.

Bleacher Sections

In the future the spectator at intramural events will be able to view the games in comfort because of the addition of two small bleacher sections. Although this is inadequate for the large crowds watching the games, it is a start and they will be added to each year until all student spectators can be taken care of. At least one section will be added to both sides of the Court before basketball season.

The old wooden backboards which have been used in the past were taken down and replaced by new shiny fan-shape metal boards. New lockers have been installed in the athletic building.

University of Tampa's coaching staff is shown above in a practice session discussion. They are, left to right: John Vardian; Head Coach, Frank Sinkwich; Marcelina Huerta and Sam Bailey. (Tribune Photo)

Frank Sinkwich Heads Coaching Staff, Assistants Have Good Grid Records

By Walt Weber

The war party of U. of T.'s Spartans is being counseled and conditioned by seasoned veterans. All American Frank Sinkwich of Youngstown, Ohio, reaped top honors at the University of George in 1941-42. The fleet footed wonder man captured the Hersman Trophy and national recognition on the football field. After he received his sheepskin from the University of Georgia he roared into the ranks of the Detroit Lions. Here again his evasive pounding feet on the gridiron found him again in the eyes of the cheering fans. In 1949 he accepted a coaching position with the Erie Eagles. He was offered the University of Tampa's Head Coaching position in 1950 and accepted.

BASEBALL TEAM HURT BY LACK OF RESERVES

By Irving Edelson

Unlike the excellent basketball team and fine crew of last year, the University of Tampa baseball team finished its 1950 season with no trophies as high praise.

The standings for the Spartan nine was six wins out of 17 contests. Eleven of Tampa's opponents left the field with a notch in the win column of their record.

Coach Shouse began the season with a bustling group of 18 athletes who gave the Tampa coach a feeling of optimism about the coming games.

However, as the season progressed, the reserves began to dwindle until the total squad of baseball players consisted of 11 men.

If Tampa had played only Stetson or Florida Southern, they might have boasted a string of wins. In two games with Stetson, the Spartans took both, and in four against Florida Southern the Shouse coached team won two and lost the same number.

Against other colleges the University of Tampa met disaster. They were stopped by the Quantico Marines and Auburn University in pre-season contests.

With him came Sam Bailey of Fort Myers, Fla., for the role of line coach. This deceptive runner wore a uniform for the U. of Ga., Erie Eagles, Boston Yanks and the Richmond Rebels. His know how on the football field was equalled again on the basketball courts, where he both coached and played.

Sam Bailey

The well known Marcelino Huerta of Tampa is another capable line coach of Frank Sinkwich. He was bathed in glory at both Hillsborough High School and the University of Florida for outstanding yard grabbing in football. His prowess brought him recognition which came to the attention of Coach Sinkwich who asked him to help coach the Spartans.

Marcelino Huerta

John Vardian of Johnstown, Pa. made the roaring crowds jump to their feet when he out-manuevered the enemy by his clever broken field running. And to him Coach Sinkwich assigned the title of backfield coach. His swift broken field running is still remembered by the teams with which he played, they are: the Miami Seahawks, Baltimore Colts and the Erie Eagles. He also served on the Erie Eagles coaching staff.

John Vardian

The coaches believe that U. of T.'s Spartans will taste the fruit of victory more often than do their opponents. They are keeping their

Fruit of Victory

(Continued on Page 8)

Open Season, With Lejuene Sept. 30

John M. Marzolf

University of Tampa's football squad moved into the next to last week of pre-season practice with the prospects of a good season looking brighter. The Spartans first game is with the Camp Lejuene Marine eleven on the Leatherneck's field, Sept. 30.

Coach Frankie Sinkwich, who was signed as Tampa's mentor last spring, is well pleased with progress of the Spartan team, which has been working hard since late August. Last week the drills were tapered off to one a day when it was apparent that the squad was coming around to pre-season form. Coach Sinkwich feels that the team is over the worst part of it, having learned all the plays they will settle down to correcting the incidental mistakes and smoothing wrinkles.

37 player Squad

The team has been cut to 37 players which will be the amount carried by the Spartan mentor. Many of these players will be dawning the Tampa uniform for the first time while several remain from last year's squad.

Jim Mitchell a newcomer to the squad from Bradenton has been giving last years starters Holland Aplin and Hill a lot of trouble for a first string berth at end. Mitchell, a six-footer shows lots of promise and may be in there when the starter's whistle blows to open the first game. Big John Natyshek, a 225 pounder from Youngstown, seems to be assured of plenty of action on both offense and defense, with Ernest Reed who hails from Hamilton, Ohio showing strongly as a possible running mate at the other tackle spot. Both boys are new comers to the Spartan squad.

Richard Lashley, another Ohio lad, and Ernest Rubio, from Tampa have ben very impressive in practice sessions at the guard positions. These boys are getting plenty of competition although from Rene Milian, Jack Marley and Sam Puleo. At the center position is Mike Rovnak from Youngstown who has been showing plenty of ability in practice, Jack Jennings a holdover from last year's squad is in a new role at center and is showing up well. With this as a starting line the Spartans would have an average of 221 lbs. per man, from end to end.

The quarterback spot has been a hard one for the Tampa coaches to decide upon with all three aspirants showing plenty of big time sped and deception. They are Jim Jackson, San Francisco, Calif., John Lahosky, Washington, Pa., and Dan Sliman of Youngstown. At halfback Lou Sequella, Youngstown, is down for plenty of action when the season opens. The 165 pound Ohioan has been able to slip through the strong Tampa defense constantly in practice with his fine running. Gene King who played on the 1949 squad is also showing strongly in the rough sessions. These two boys are backed up by Jim Mathis, Charles Harris and Emil Schiavone who will see plenty of action and possibly starting nods. Fullbacks Milo Mraovich and Fred Cooper have been very impressive

Nov. 25	Florida State	Tallahassee

* Homecoming

PRESIDENT OF THE STUDENT SENATE

HOWARD H. SYPHER

The title "Progressive Party" has been used by third party movements in the United States three times.

Your Senate Speaks

The Student Senate has been active during the Summer Session for the first time and although routine matters have taken up a great deal of their time they have also worked out plans for helping in the registration of students for the Fall semester.

Members of the Senate will be on hand to direct Freshman to their placement exams in the GCR building as well as to help the professors in giving these exams. They will double their efforts the last three days of registration week for the benefit of students who have difficulty in completing their registration. Senate members will be on

hand to help these students decide on their curricula and correctly fill out the required forms.

Progress is being made toward a complete Homecoming Program and plans have been made to obtain the services of a name band. The Homecoming Weekend will start with the President's reception and be highlighted by our Homecoming game with Delta State on Saturday afternoon.

The Student Senate will operate The Book Exchange again this year. The Exchange is located in the Student Senate office on the second floor.

America Becomes Land of Campuses

America is ceasing to be the land of skyscrapers and becoming the country of campuses. No other nation has anything like a proportionate number of students and no other nation can hope to aspire to have such a number in our own time.

The colleges and universities give the impression of becoming the formative influence in the future of America in the years that lie ahead.

Frank Sinkwich - - -

(Continued from Page 7)

men in top condition. Each coach watches and studies the gridiron Spartans until most of the Spartans mistakes are known. The mistakes are corrected and more mistakes are sought. Day in and day out the team and the coaches work. Every day a better team—every night tired coaches.

Spartans at Work

The Spartans at work on the gridiron seem to possess the power, drive, rhythm and sportsmanship that will enhance their drive to win. The coaches are hopeful. The students seem to have reached a new fervored pitch with which to support the team. The football players are ready to give all. They in fact are impatient to test their new strength. The curtain will soon raise and Tampa U's colors will march back on the football gridiron.

Open Season - - -

(Continued from Page 7)

in the pre-season drills.

Tampa's coaches are having a hard time deciding on starting men because of the wealth of material. Tampa fans will be able to get a good look at the locals when they tangle with the always powerful Wofford College at Phillip's Field in the home opener on Oct. 14. Two tough contests precede the Bulldog game with Quantico Marines and Jacksonville State on the road.

The 1950 Spartan roster is as follows: ENDS: Jim Hill, 190, Holland Apin, 200, Ken Durrance, 195, H.L. Heirs, 200, Jim Mitchell, 210, Jack McCluney, 185. TACKLES: John Natyshak, 245, Tony Jonaltis, 205, Bill Hovance, 195, Bob Lovely, 205, Lawrence Siegel, 220, Tom Mahlin, 235, Ernest Reed, 230. GUARDS: Ray Escobar, 185, Ernest Rubio, 214, Jack Marley, 185, Sam Puleo, 210, Cecil Herette, 195, Richard Lashley, 225, Ralph Lucente, 205. CENTERS: Mike Rovnak, 212, Jack Jennings, 210. QUARTERBACKS: John Lahosky, 180, Jim Jackson, 195, Dan Slieman, 170. HALFBACKS: Fred Pancoast, 175, Lou Sequella, 165, Sam Sloan, 165, Gene King, 165, Jim Mathis, 175, Emil Schovone, 185, Charles Harris, 175, Eldridge Beach. FULLBACKS: Milo Mraovich, 200, Frank Sinkwich, 205, Fred Cooper, 185, and Carl Cowden, 180.
