UNIVERSITY LOSES MR PIPER,  
ENGLISH INSTRUCTOR

Mr. Gardner Piper, instructor of Freshman English here, has temporarily left the University to undertake an active part in the government's reforestation program. He was ordered last Monday to report immediately to Fort Screven at Savannah, Georgia, for duty. Mr. Piper has been teaching in the University since the beginning of the year.

His place will be filled for the remainder of the term by Mr. C. B. Morrill, who was for several years an instructor of Freshman English in the University of Michigan. Mr. Morrill is the head of the history department in Hillsborough High School.

At the beginning of this semester, Mr. Piper inaugurated a new course in Freshman English, a course in the literature of the world, which, according to Mr. Piper, was for the purpose of giving his students some thing beside women and 'likker' to discuss. This course was taught in his classes in English 101. Two or three weeks ago, he expressed his satisfaction at the results shown thus far.

UNIVERSITY REPRESENTED AT  
ROLLINS

The University of Tampa was represented by Miss Edenia Delaney at the commemoration of the 317th anniversary of the death of Miguel Cervantes, the

"Shakespeare" of Spanish literature, which was held at Rollins College on April 23.

Miss Delaney gave a two minute greeting in Spanish at a luncheon given for the delegates from the institutions of higher learning in Florida.

She was accompanied by Miss Wenona Manson, Bill Logan, Mrs. W. Logan, and Miss Helen Lastra, Spanish instructor in the University.

"La Graceta," a local Spanish paper, has this to say in a paragraph devoted to Edenia: "The University of Tampa was represented by a very charming young lady, Edenia Delaney, who, in a very short oration, expressed appreciation for the invitation extended her to participate in the celebration and showed extensive knowledge of the 'rich language of twenty nations.' "

TENNIS

IF YOU ARE INTERESTED IN TENNIS, BE IN ROOM 206 BY FIVE O'CLOCK, MONDAY, MAY 8, 1933. THE ATHLETIC COMMITTEE HAS ARRANGED TO PAIR AND SCHEDULE ALL SETS. IF YOU ARE GOING TO PLAY, DROP IN MONDAY AT FIVE P.M. WE NEED YOU!

ELECTION COMMITTEE

The council has named the following faculty members and students as the election committee to supervise the election to be held a week from today: Mr. Robert Webb  
Dr. G. G. Becknell  
Marcia Bierman,  
Dot Pou

THE FINISH

Here we are! Four more weeks of classroom activities, and we reach our fate; final examinations.

The weather is warm these days. The nights are cool, pleasant, and tempting. One likes to stay up late, doing pleasant things. There's a great chance to forget that the day of reckoning rapidly approaches.

Here's a small thought for everybody: "Anyone can do the first half of a thing, only those who do the second half arrive." This is a good thing to think of occasionally these last weeks. We have all done at least the first half of a very important thing. Some of us have done our work well; some better; some not so well.

However, all of that is now in the past. The future is the main interest at present. A strong last minute will improve any grade. The degree of this improvement will depend on the effort, and the grade at present.

Certainly, an effort of this kind would act as a salver of conscience. The cognomen "Quitter", could never be applied to a person who made an effort of this type.

All Set? Let's Go!

RADIO ADDRESS

Last Monday night, at six fifteen, over Station WDAE, Dr. Guy G. Becknell, head of the Physics Department of the University of Tampa, gave the second radio address of a series sponsored by the University. The subject of the address was, "The Education of A Scientist."

In the first portion of the address, Dr. Becknell commented on the lack of development of social and political sciences, in comparison with the natural sciences.

The major portion of the address was devoted to an exposition of the crying need for social, religious, and political reform on a scientific basis. By an extremely logical analogy with the age of mechanical development, the probability of development along this line was indicated. Quotations from contemporary authority, and citations of present needs emphasized the central ideas.

In conclusion, Dr. Becknell stated the need for a large group of students of the social and political sciences to undertake the moulding of these necessary reforms. He emphasized the fact that these students should be sincere scientists; willing to share knowledge, and unwilling to follow the false Gods, "Wealth," and "Power."

The address ended with a note of practical advice to would-be political and social scientists. Students in these fields were advised to study well the natural sciences, to become well grounded in the scientific method.

THOUGHT

We are wondering why President Spaulding does not give his full time to the University next year.

## THE SPOTLIGHT

### Introducing:

Marcus Hall, a friendly, dominating, diplomatic politician. Marcus, one of the charter members of our rising university, is the first President of the Student Body and chairman of the executive committee besides being ex-chairman of the Publications Committee.

Marcus is the son of Mr. and Mrs. R. L. Hall, 5102 Branch Avenue.

His ambition is to own a stack of newspapers. Right now, though, he's pretty busy trying to be a good tennis player. If you don't believe us you should see his sunburn.

His favorite teacher? "Gardner Piper, by all means!" And why? "Beacuse he acts like a human being and not like a teacher." (We'll have to console each other, now that Mr. Piper has left.)

In the way of authors, Marcus has discovered, in the past semester, one just to his liking: Voltaire, a scathing critic of the eighteenth century.

His ideal girl must be lively, full of pep, and good looking. (Does that suggest someone at our famous institution?)

## ANNOUNCEMENTS

Students will please note the following changes in the examination schedule:

History 100, and Chemistry 101 will be on Friday, June 9, from 1 to 4 o'clock.

Theodore Lesley, Chairman of the Social Committee, announces that the banquet date has been moved up to Wednesday, May 17. He also asks that all students expecting to attend will please give the names of their two guests to a member of the social committee today. The money must be in by the end of next week.

School will be suspended on Wednesday, May 17, at six o'clock in order to give students time to prepare themselves for the dinner-dance.

## STUDENT COUNCIL LEGISLATES ON EXPENDITURES

At their meeting on May 2, the Student Council passed a motion to the effect that the executive committee of the Student Council shall have control over all expenditures of the sub-committees. It was decided that a clause to that effect would be included in the by-laws.

## MR. GUNTER TO GIVE RECITAL

In celebration of music week, Mr. Hayden Gunter, instructor of music will give a recital Wednesday, May 10, at 8 P.M. in the Federated Clubs Auditorium. He will be assisted by a trio and by Mrs. Annie Laurie Stanley, who will sing several classical numbers.

AROUND THE CORNER  
by  
Woodie

There seems to be some dispute as to who will take Eleanor Marchman to the dinner-dance. Come on, Pat. You've got some competition.

We learn of Dot E's engagement. Good old Dot! She has landed the Georgia "Pinhead" of Tampa - Rolls-Royce and all. About time, we say!

We wonder who this mysterious "Mr. X." is; that Hazel Tobbs is seen so frequently with. Last Sunday night they had a date, and Carmen Cosio and Lynwood were there too.

Since this column reported of the broken engagement last week, we understand that our two Ann's have been in a state of utter confusion.

Did you know that someone had a date with Aleyne Clayton last Sunday night, and even took the cradle along at that?

Among the P. Y. couples lately we seem to acknowledge the fact that Jim Moore and Becky B. are knocking the skyscrapers around. "Gawd Save Our Columnist."

We haven't been able to locate the tryst of Louise Leonard and boy friend lately, but we guarantee that next week we'll have his name and all. Be on the watch-out!

Another one of our popular sub-debs has chosen to wake up every morning to see the same old face. Congrats M. Carter, and we'll be there to see it performed.

It's come at last! Melita Quinby has double-crossed her Werner. Poor Werner, we wonder if he knows of one Fred Conklin, and one certain Ford Roadster? (David Lachovitz, probably.)

We wonder who made 83 and who made 85 on a certain test? Carmen Cosio knows just a little bit too much. She'd better be careful of our young columnist!

We wonder if Marcus Hall knows that the Tampa Daily Times sells "stacks of newspapers" (old) for 25¢ a hundred pounds?

ELECTION LAWS OF THE STUDENT BODY OF THE UNIVERSITY OF TAMPA

Sec. 1. Each year the Council, 10 days prior to the second Friday in May, shall choose an election committee composed of three students, who shall not be Council members, and two faculty members. This committee shall serve for a period of one year, and shall supervise all elections during that period. The Council shall fill any vacancies which may occur from time to time on the committee. The committee shall elect its own chairman from its membership.

Sec. 2. The committee shall cause to be printed ballots serially numbered and of the forms below:

(Form for ballot used in general election)

(Form of ballot used in Freshman election)

(Form of ballot used in special election)

Voting shall be by written (secret) ballot, no ballots other than those prescribed above shall be legal or counted. A polling place shall be provided by the election committee, and shall be presided over by not less than two members of the election committee, one of whom shall be a faculty member. The committee shall have lists of classified eligible students to be published one week before each election day. An official copy of this list shall be in the polling place. As each student is identified, the name is checked from the list by the clerk, who shall be a member of the committee. In case a ballot is spoiled, it shall be destroyed immediately in the presence of the voter and a new ballot substituted in its place. Ballots must be marked in ink; those marked in pencil shall not be legal or counted. Ballots must be deposited by the voters in a ballot box provided for the purpose, and in the presence of the clerk. The ballot box shall be sealed before balloting begins, and must not be opened until the polls close. After the polls have closed, the committee shall count the ballots in public; and shall submit to the Council a checked, certified copy of the results. The Council shall announce these results. The polls shall open at ten o'clock A.M. and close the same day at six o'clock P.M. During the voting no change shall be made in the list of classified eligible students. The Committee shall have the authority to decide the legality of any ballot.

Sec. 3. (See attached sheet for form of petition for nomination.)  
(Form)

No voter's signature shall appear on the nomination paper of more than one person for the same office. If such days duplication occurs, the signatures shall be stricken from the nominations, and the committee shall notify the petitioners who will be granted one day in which to correct such error. Furthermore, it shall be the duty of the committee to receive all nominations, certify them, and publish a list of the nominees at least one day before election. Nominations shall be in the hands of the committee by midnight of the Monday immediately preceeding an election day.

All nominations shall be made of petitions bearing the signatures of one tenth of the members of the electing bodies.

Nomination petitions shall be of this form:

c.1  
p. 6 of  
7

Date.

WE, the undersigned, wish to place the name of

\_\_\_\_\_ in nomination for the \_\_\_\_\_

of the \_\_\_\_\_.

(Space for the signatures of one  
tenth of the electing body)

-----  
WE, the members of the election committee of the Student Body of  
the University of Tampa, duly appointed to serve in this capacity,  
have examined this petition and do hereby certify that there are  
enough names legally entered upon it to place the name of

\_\_\_\_\_ in nomination for the \_\_\_\_\_

of the \_\_\_\_\_, and we further certify that \_\_\_\_\_  
is duly qualified in every way to hold the above office at the time  
of nomination.

(Space for the signatures of  
the members of the election  
committee.)

-----  
Sec. 4. The day of the general election, the second Friday in May,  
as set forth in Article 4, Section 2 of the CONSTITUTION OF STUDENT  
BODY OF THE UNIVERSITY OF TAMPA, and the second Friday after the  
opening of the fall term as the day of Freshman Elections; shall be  
called the regular election days.

Special elections must be called by the committee to fill any va-  
cancy, for the second Friday after such vacancy shall have occurred.  
In case such date shall conflict with a holiday, the next ensuing  
Friday shall be set as the date; and so on. If the conflict should  
be with the summer vacation, the special election shall be held  
concurrently with the Freshman election in the following fall, pro-  
vided the vacancy is made by an officer-elect, and not by an officer  
whose term is expiring. If there is but one nominee for an office,  
such nominee shall be declared by the council to have been elected  
unanimously.

Sec. 5. All officers must have these qualifications: they must be  
members of the student body at the time of election, and they must  
not fail in any subject, and they must have an average of "C" in  
nine hours' work. The president of the Student Body must have been a  
student from the beginning of the fall term of the year in which such  
nomination is made. Any officer who shall fall below an average of  
"C" in nine hours' work, or who shall fail any course, either or  
both, for a period of twenty class days, shall automatically be de-  
clared ineligible to hold such office any longer. Any officer who  
should fail to meet these requirements must be notified at once of  
the same by the dean or by the council. These requirements also

cover the qualifications for the eligibility of the nominees.

Sec. 6. If, at the general or special elections, no candidate for an office have a clear majority of votes cast, the committee is required to hold a run off election between the two candidates for each office having the greatest number of votes each, on the Friday following the election in which such candidates failed to win clear majorities of votes cast. In any election a majority of votes cast shall be considered sufficient to elect any candidate to any office.

Sec. 7. If, in an election, a tie vote is the result of the balloting, the election committee and the executive committee together, presided over by the President of the University, shall meet in secret session and by secret ballot elect one of the tied candidates to fill the office. If this special committee should become tied, the Chairman will cast the deciding ballot. This section applies only to tie votes for the leading position.
