TAMPA JUNIOR COLLEGE BULLETIN

MARCH 10, 1933

PRESIDENT SPAULDING OUTLINES PLANS.

In an assembly held in the north study Wednesday night President Spaulding gave a short history of Tampa Junior College. He also explained how the Tampa Junior College became the University of Tampa.

Several years ago, according to Mr. Spaulding, certain important citizens obtained from the state a charter for an institution called the University of Tampa.

Two years later Tampa Junior college was organized as a junior college. There was no connection between the proposed University of Tampa and Tampa Junior College beyond the fact that those who obtained the charter for the university sponsored the Tampa Junior College.

Due to the popular demand for a four-year college the charter for the University of Tampa was utilized. For this reason the Tampa Junior College is now known as the University of Tampa.

Mr. Spaulding pointed out that it is well known that a university is usually made up of a number of separate schools, including graduate schools and professional schools, and that the purpose of the University of Tampa is to establish for the present only a liberal arts college with a standard equal to the best institutions of the country. This is explained fully in the "Foreword" of the catalog.

The assembly program also included group singing, led by Mr. Gunter, and a xylophone solo by Arthur Tyler.

BRIDGE PARTY TO BE HELD AT THE HILLSBORO HOTEL ON TUESDAY, MARCH 14.

The Social Committee of the University of Tampa is sponsoring a benefit bridge party next Tuesday, March 14, at 8:30 P.M. It will be held on the mezzanine floor of the Hillsboro Hotel.

Those wishing to form tables should sign up in groups; otherwise, tables will be formed at the discretion of the Social Committee.

Tickets may be obtained from the following either Friday or Monday: Theodore Lesley, Martha Cowart, Billy Gillen, Louise Leonard, Mary Litschgi and Carmen Cosio.

Attractive prizes will be given, and refreshments will be served by the hotel. Outsiders are invited to attend.

F I A A TOURNAMENT IN LAKE LAND.

The F I A A tournament of basketballers is progressing rapidly. In the first heat F. M. I. was defeated by Ringling 38-35, Southern, playing bang-up ball, drowned St. Pete 53-38, while in the semi-finals T.J.C. 33-1 at the half way mark, pulled up to be defeated by Ringling by a final score 58-23, and Southern defeated Ringling.

The first place is thus accorded to Southern, second to Ringling, and F.M.I. and St. Pete will play for the consolation prize.

Berry of St. Pete was hurt early in the first game his team played, and Friedburg suffered several minor injuries. The local line-up was Fitzgerald, Hippenmeier, Gillen, Friedburg, and Castro. Fitzgerald lead the local boys in scoring, with a total of nine points. After the last game an all-conference team will be selected.

STUDENT FORUM TO BE ORGANIZED

Plans are now underway for the establishment of a "Forum" among the students for the discussion of current political questions. Interested students will welcome the Forum; its success will devolve upon them.

As an idea of the types of questions which will be studied, the following list has been suggested; technocracy, Russia's experiment with communism, a study of the state banking laws among the several states, with an idea of understanding the current national banking legislation, the use and control of radio, the policy promulgated by many newspapers of influencing unduly public opinion, political campaigns and speeches, with an idea as to establishing some new precedents about "campaign promises", and other municipal, state, national, and international political and economic questions.

The Forum will be organized on the lines of a study club. There is no doubt much informal debate is in store for the members. A constitution and by-laws will govern the procedure, membership, and other vital and necessary matters. The door will be open to any interested students, men or women, while the principal requirement for membership will be an interest in current questions.

Such a forum is for the purpose of inducing sound, constructive thought on our present day problems. Several members of the faculty have volunteered time and advice to the Forum on organization, reading, reference work, and study. This seems to be the opportunity for which many of us have been longing - a chance to learn things in a practical way - a chance to think without being radical.

More information regarding the Forum will be announced later.

COURSE COMMENT.

Let's have a serious discussion this time. The Sophomore history class, History 202, is extremely unique and interesting. The class is the happy medium, large enough to be stimulating, and small enough to allow the instructor to give individual attention.

Just a word in regard to the instructor. Dr. Johnston is a graduate of Colgate University, did graduate work at Columbia, studied in Greece, and taught at the University of Chicago. He is a member of the Phi Beta Kappa honorary scholastic fraternity. Furthermore, he is an instructor who does not take the textbook of his course too seriously. The main and general responsibility of the student in regard to the textbook is to read it carefully.

The hampered library facilities of the University are a severe handicap to this course. However, the class is doing its best to overcome this difficulty by making out reports, theses, summaries, and outlines, using the textbook and several other available volumes as references. Accurate form is insisted on in these compositions; this involves the correct use of footnotes and page citations.

To get a good grade in History 202, there is one main requirement; one simply must get a good grade on the final examination. The questions on these exams are of the "cumulative" type; that is, the student can work out the answers if he or she has a general idea of the work of the course. This would seem to constitute a fair deal for everybody.

Pat Stuckey

HALL OF FAME

Introducing:

Jacqueline Bettis, slim and sweet, with eyes an indefinable shade of green and blue (mostly blue). Jack's graduating class at high school certainly knew their business. They elected her the most beautiful senior girl.

She is the daughter of Mr. and Mrs. W. F. Bettis, 5901 Branch Avenue.

Jack has the distinction of being the only girl on the student council of our college.

Some day you women will buy dresses designed by the famous Mile. Bettis, - that is if Jacqueline accomplishes her life long ambition. She hopes to go to New York to study Commercial Art.

"And what do you like in the way of books?" we queried.

"Oh, mystery stories have a weird fascination for me."

Her hobbies are as varied as the winds. She likes sailing, jigsaw puzzles, and embroidering, - not to speak of coast guards.

"Lucky" and "Mutt" are her favorite pets. "Lucky" is an aristocratic alley cat, and "Mutt" is a dog of Heinz 57 varieties who keeps the cat occupied.

STUDENT OPINIONS

I suggest that certain parties around here who don't like the University of Tampa go elsewhere in pursuit of their education.

C. L. Craft

It seems queer that with the number of interesting happenings around the school we have so few contributions to the bulletin.

Herbert Sullivan

I think Mr. Piper could be a little easier on us English students. We have only 500 pages to read a week. He ought to give us a break.

Arthur Tyler

Chairman Publication Committee
Marcus Hall

Stories have been received for this column about the following couples, but owing to the subject matter, they have been withheld.

Buzz Sullivan and Mary Jane Meeker.
Wofford Wait and Mag Litschgi.
Ray Kimball and Edna Frances Prince.
Theo Lesley and Ruth Kiokliter.
Ann Carey and Jack Fitzgerald.
Jack Bettis and Arthur Wagner.

AROUND THE CORNER
BY - IKEY THE IKE

It is too bad that Woddy and Haffie had such a long wait last Friday night for the guests invited to their party. Better luck next time, boys!

If we could get something on Mag Allen and Joe, we 'ed be happy.

The Student Council gave Ikey the job of finding Allen some privacy. Ikey reports that if she will meet him around the corner, he'll show her lots of spots where an uninterrupted conversation can be carried on.

We understand that Mr. and Mrs. Gardner Piper have agreed to attend the bridge party, if they may play tiddle-winks!

It seems that the female half of one of our pet couples has been doing some real two-timing!

Marcus Hall has a rival for the affections of his better half.

Dot Pou reports that she loves to dance with Friedburg. She says his far-away look makes her feel, oh, so romantic!

We understand that at Florida Mr. Piper was known as "Pardner Griper". Why?

Keith Jones has aroused the jealousy of another member of the House of Jones! He's going to make all A's this semester. He needs them!

Ruby Knight has now reached the magnificent age of 20-XX.

Greetings to Plant Hi's latest contribution - Roy (Buttermilk) Higginbotham.

So long, folks. Keep out of the telescope.
