Announcement

Those students who have not yet pre-enrolled for the Fall Semester can still do so in the Registrar's Office. Pre-enrollment is the only way to avoid the potential hassle of closed courses, substitutions, and an undesirable schedule. Your choice of classes will never be better than it is right now. We encourage you to complete your schedule before you leave the campus and avoid the competition with incoming students next September.

Pre-enrollment is a privilege offered only to continuing students; therefore we urge you to take advantage of the opportunity now.
