

University Switchboard Is Carrying Big Load

By LEONARD GOTLER

The University of Tampa is the only organization in the city, other than Western Union, whose switchboard is equipped with ten outside lines.

This may give you some small idea of the tremendous load being carried by Mrs. Avery chief operator here, and her two assistants, Catherine Capello and Pat Scott. Thirty-eight offices in the building have phones, and, including all extensions, a total of 52 phones serve the administration, faculty, and students.

Neither the telephone in the lobby, nor the one in the boy's dormitory is equipped with a dial. Therefore, it is necessary for the operator to dial all out-going calls from these lines.

"No vivid imagination is necessary," says Mrs. Avery, "to realize the nerve-racking situation created by the jiggling of these two phones. You may rest assured that we will answer your signals as soon as we possibly can."

And when Mrs. Avery says that, you can be sure that she means it.

Handling phone calls isn't the only duty of our operators. They keep a record of all long distance calls and telegrams that are charged to the University's number; they operate the student information box outside the Switchboard Office; they accept and deliver messages to the students and faculty; and they operate the public address system.

It would be impossible to list the various incidental services that they are called upon to perform, but maybe I have succeeded in giving you some idea of their responsibilities. If I have done that, then you will understand why they need your co-operation. Don't wait for someone else to co-operate. You can help by limiting your calls to three minutes and by not jiggling the phone.

Beta Chi Alumni Scholarship

To be awarded to a Beta Chi Senior or Junior the second semester of each year. Worth \$200 in tuition, books, etc., or cash. The winner will be announced at the Beta Chi Alumni Luncheon at Homecoming. Qualifications for the award are:

Must be Beta Chi Senior or Junior.
Scholastic standing must be good.

There must be genuine need.

Drum Majorettes Are Announced

Several new girls have joined the ranks of Tampa U.'s strutters this semester. They are Glenn Massey, Julie Daniel, Georgia Reed, regulars, and Betty Dumas, substitute.

Lena Moore Gantt and Katy Lou Connatser, veterans of one year's band service, will again march with the band. Deloris Patrick will resume her duties as head Majorette at Tampa U. for her third year.

These girls have mastered new and difficult routines. In addition to the traditional uniform of red, gold, and black, these high steppers will sport snappy gold and white satin cadet uniforms and West Point cadet hats.

Cowan And Mohr To Sponsor F.T.A.

One of the fastest growing organizations on the campus, The Future Teachers of America, has begun the new school year by producing a full and varied schedule of activities. First on the list is the annual "get acquainted" party, which will be given soon.

The purpose of the organization is to enable the future teachers to become better acquainted with their profession and meet visiting educators, as well as have the opportunities for leadership. All students majoring or minoring in education are expected to join.

This group is under the co-sponsorship of Dr. Zoe Cowen, of the elementary education department, and Dr. Robert Mohr, of the secondary education department. The present officers are: Rose Borie, president; Blanche Higham, vice-president; Frances Combie, secretary; and Ellis Watson, treasurer.

Notices pertaining to meetings of this club will be posted on the bulletin board from time to time.

Regulations Enforced, Or Else! . .

Are the cars marked in this picture yours? If so, they are violating city parking ordinances. (For details see story below)

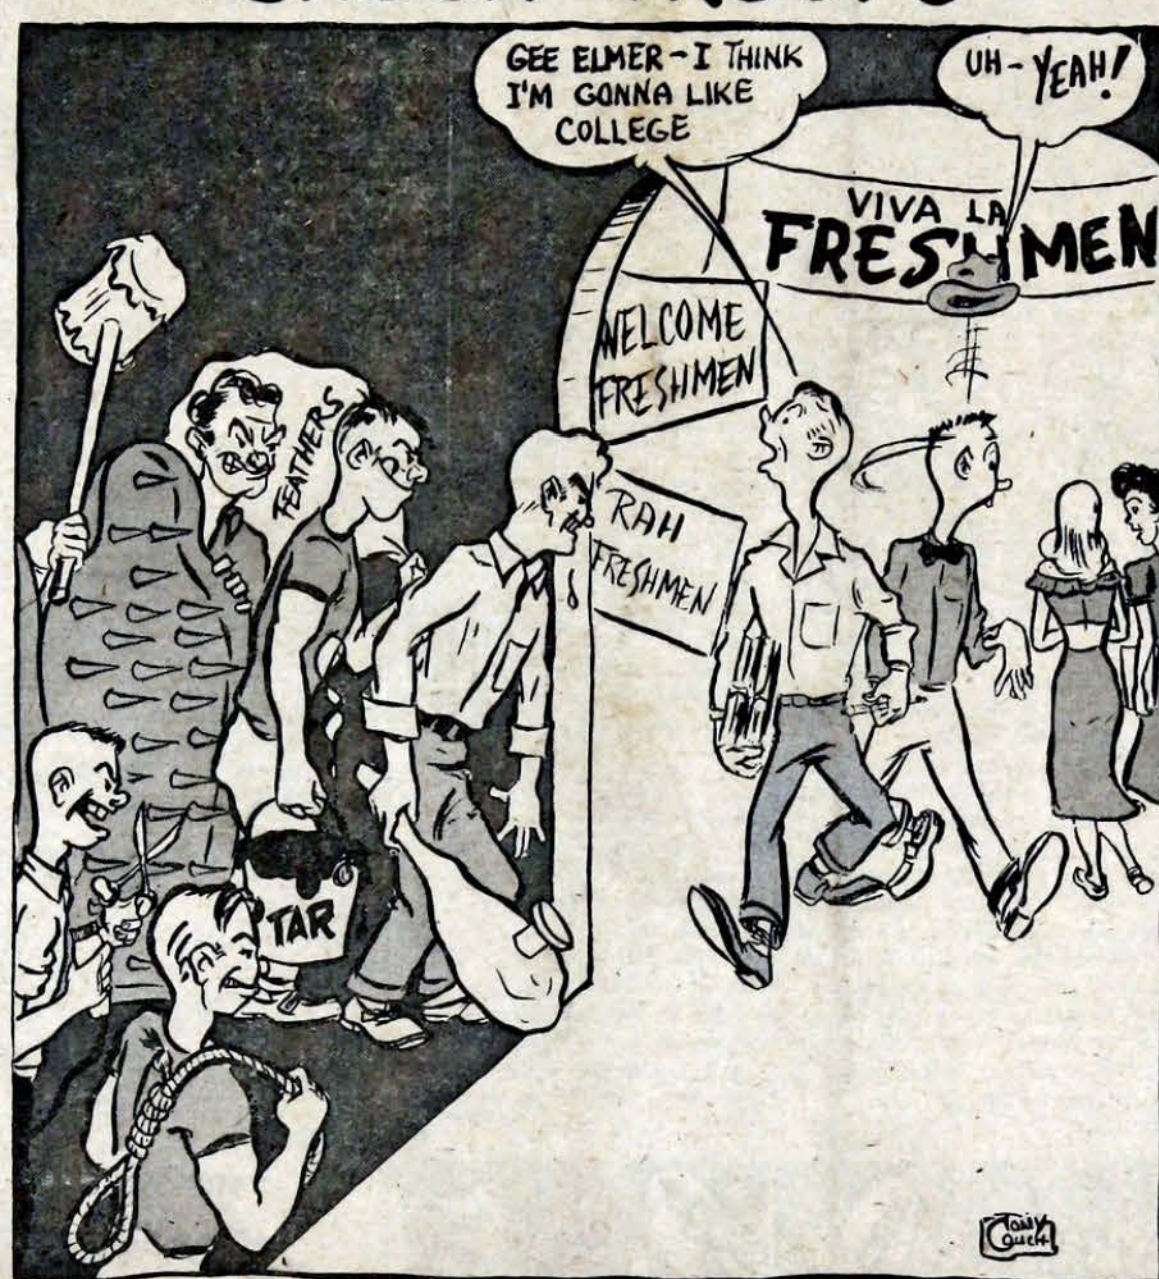

This year the Student Senate has acted to enforce the parking regulations and help alleviate the crowded parking condition that have always existed in the past. Many times in the past a few unlucky offenders were given parking tickets and made to pay the price for all. This year there will be someone on the job to direct parking so that no one will carelessly or thoughtlessly block the exits or entrances nor prevent other cars from leaving by parking double, etc.

If this is not handled by the students and the faculty of the school then the city traffic dept. will be obliged to take steps to correct the situation. Sgt. Flaherty warns. The fire dept. must have clear access to the building at all times and if any-

one leaves a car blocking same and it is found by the city police, the car will be hauled downtown by a wrecker and the owner will be obliged to pay the storage and the wrecker charges as well as any fines for parking violations. The sergeant admitted that the conditions last year were somewhat better than they had been in the past, but added that the situation still called for a great deal of improvement.

The Police Dept. is providing parking signs to be placed in the parking lot and around the school building. All faculty members who have reserved spaces are requested to notify the Student Senate of the make and license no. of their car.

"SHOCK TROOPS"

New Librarian Named To Staff

Mrs. Lucille Clark, formerly a serve librarian at Northwestern University, Evanston, Ill., has been appointed to the position of circulation assistant in the University Library here.

In conjunction with the English department, a course is being offered to all freshmen on correct usage of the library. Classes will be conducted once a week for an eight week period. Miss Lucy M. Lamphear, who is a graduate of Genesee State Teachers College in New York and who now is assistant to the Librarian here, will be the instructor.

This year the library has a seating capacity of over two hundred. New books are on the shelves and there is a proficient and well trained staff on hand between the hours of 8:30 a. m. and 5:00 p. m. Monday through Friday, and 8:30 a. m. until 12:30 p. m. on Saturday.

Union Building To House Art Dept.

Plans to move the Art Dept. into the remodeled Student Union Building upon its completion about the middle of October, were announced today by Prof. Norman Borchardt.

The University side of the Student Union Building, which once served as a book store, will provide space for music classes, while the art classes will occupy a long room and well lighted mezzanine at the rear river side.

The new mezzanine will feature a collection of "Prints" by Jon Corbino, Kuniyoshi, Max Weber, and other well known modern artists, when it is opened at the new location. Other "Prints" will demonstrate the methods form beginning to end of Zorach, modern sculptor, and several outdoor exhibitions are being planned for later dates.

The Art Department now has approximately 100 students, and has been accepted by Kappa Phi, a National Art Fraternity. Mrs. Mary B. Anderson, president of the fraternity, will have charge of the inauguration in the near future.

Prof. Borchardt plans to have etching kits for the use of the more advanced students, and its expected that some students will have an opportunity to work on South American murals intended for the walls of the new building.

Six Varsity Men To Return For Fencing

Again this year the sound of clashing foils will ring out at the regular afternoon practices of the Spartan Fencing Team. The nucleus of the team will be comprised of six returning varsity men. Twelve men are needed to complete the varsity, 9 subs, 18 junior varsity, and 18 freshmen. All positions are open to freshmen and other interested students who qualify during the season.

All freshmen and interested students who wish to sign up for fencing are asked to contact Pebley Barrow, manager of the team, this week.

Last year the team had a very successful season, according to Bill Thomas, captain of the team. In competition last May, out of nine awards presented by the Florida State Fencing League, eight were won by members of the Spartan team. These awards are on display in the intramural sports bulletin board. This year the team expects to hold competitive meets with Rollins College, University of Florida, University of Miami, F. S. U., Tallahassee, and others to be arranged during the season.

Practice will be held every Monday, Wednesday, and Friday at two

First Concert To Be Held November 4

The first concert of the Tampa Symphony Orchestra, under the direction of Prof. Lyman Wiltse, is scheduled for Nov. 4, with Vina Barnder, Australian pianist, as guest soloist.

Five programs have been arranged for the season, with a prominent artist as soloist for each. Melvin Ritter, violinist, will be presented on Dec. 7, Ellen Faulk, New York Opera Company soprano on Jan. 5, and a young baritone from the Tampa area on March 2. The season will be closed on April 7, with Frank Edwinn, bass baritone, as guest.

Student tickets will go on sale in Miss Jones' office at three dollars for the season. In order to obtain them, students must present their student activity cards. Tickets are not sold for single concerts. Tickets for the general public may be obtained at the Tampa Gas Company for one week, beginning Oct. 4.

A Brief Sketch Of Coach Shouse

By BUDDY SCOTT

Art Shouse, recently appointed line coach here at The University of Tampa, is no newcomer to the coaching profession. Records reveal that the genial Spartan mentor has been teaching grid tactics for twelve years, this being his thirteenth.

Shouse graduated from the University of Florida where he participated in football, baseball, and boxing. After graduation, he immediately entered the coaching scene. He has taught football at Hillsborough High School, Quincy and Sebring. His coaching career was momentarily interrupted when he entered the U. S. Army.

We know that Coach Shouse will develop a good forward wall for the University of Tampa this season, and we wish this hard working veteran the best of luck.

B. C. E. Instructors To Join Southern Economic Association

Dr. Harrison B. Fagan, professor of business administration and head of the School of Business, announced today that the entire faculty of the School of Business will receive membership in the Southern Economic Association this year and will attend the association's annual convention in Atlanta during the latter part of November. The SEA is an organization whose membership includes some of the leading educators, economists and professional men of the South and deals primarily with the problems of southern economy.

The School of Business welcomes the addition of three new faculty members to its staff: Dr. Roy Jones, an authority on international trade, Dr. Roy Geeting, a specialist in accounting, and Mr. George W. Smith, an expert in marketing, salesmanship and advertising.

Dr. Fagan also indicated that the Future Business Leaders of America, an intra-departmental organization, will begin its fall functions in the near future. All members and prospective members should watch the bulletin board for further announcements.

Office hours for the School of Business are from 7:30 A. M. to 5:30 P. M., Monday thru Friday, and from 7:30 A. M. to 12 o'clock noon on Saturday.

Memphis State College Next On Spartan List

Tough Memphis Team Expected

By LARRY ROSENBAUM

Tampa's Spartans are preparing to meet Memphis State College in Tennessee on October 9. This game figures to be as tough and rugged as last week's encounter with Milligan.

Although they lost, the Spartans are filled with pep and confidence. They went into this game more or less strangers to each other, but now they know the capabilities of their team. The hard-charging and vicious tackling of the boys brought high praise from Coach Gaddis. The players themselves came home with the conviction that the clock and not Milligan stopped them.

The Coaches have been working on the weaknesses shown in the Milligan game. Drills on fundamentals were held early this week in an effort to allow the aches and bruises to heal, and to the perfecting of new offensive plays designed to shake loose the speedy Spartan scat-backs.

Coach Gaddis is planning to take approximately three teams to Memphis. Traveling in an air-conditioned bus, the squad will leave the campus at 1:00 P.M. on October 6.

The Skyline Ball

The cool breezes blowing through the lobby of the University this week bring a pleasant thought to one's mind. But how can there be a pleasant thought (or a thought at all) with all the fuss and bother of getting to the right class at the right time with the right books? (what books). Cheer up gang, 'cause something is gonna happen in just a few days that will make you forget all about your trials and tribulations. Yes, sir, fellows, there's a grand night coming, so get your best suit to the cleaners, your one white shirt washed, starched, and ironed, steal a pair of socks, shine your shoes, and get out your little black book. Why all this unnecessary thurry-scurry? WHY? WHY? WHY? Well, fellows, on the night of October the eighth, there is going to be "The Skyline Ball". Those who were here last fall will remember the Skyline Ball as one of the Highlights of the entire school year. This dance, which was held in the Skyline Room at the

(Continued on Page 4)

313 Elect New Officers

The 313 Masquers elected their new officers at their meeting, Wed., Sept. 22. Bob Hancock was elected Pres. by an overwhelming majority. Erlaine Gonzalez is vice-Pres. Vivien Law, secretary, Joe Reese, treasurer, publicity manager is R. Stewart Falconer.

The new officers will be installed at the next meeting on the 7th of Oct. at 8:30 P.M.

Chemistry Department Adds New Courses

Prof. L. P. Geer, head of the Chemistry Dept., has announced that two additional courses were added this semester, a new course in physical chemistry and another section of general chemistry.

A new professor has been added to the department staff, Fred C. Vines Collier, B.S., an alumni of this University, (1935), is teaching a class in analytical chemistry. Other members of the staff are: H. D. Allen, laboratory assistant, who has a wide knowledge of chemistry, although classified as a freshman, and Credo Schwab, supply clerk.

Thousands of dollars worth of equipment have been bought for the classes in physical and general chemistry. Also, electrical repairs have been made throughout the laboratory.

The first steps have been taken to form a student affiliate of American Chemistry Society among the students interested.

A new Remington Rand cardex system for perpetual inventory of apparatus and chemical supplies, as well as for student records, has also been installed.

New Parts For Elevators Arrive

New parts for the reconditioning of the University's elevators have already begun to arrive, and, according to Mr. Tom Dodd, building superintendent, work will be started in the near future.

Steel safety-gates, steel track, cable, and other electrical parts are already on hand. The city of Tampa has commissioned the Otis Elevator Co. to do the job. Upon their completion, both elevators will comply with all safety standards, as established and enforced by the Florida Industrial Commission.

Dr. Mohr Takes Over Education

Dr. R. L. Mohr has replaced Dr. Donald W. Robinson as associate professor of secondary education.

Dr. Zoe Soven, associate professor of elementary education has been very busy this summer. Room 217, used by the education classes, has been redecorated according to specifications by lighting experts of the State of Florida. Through the cooperation of Dr. Louis Colman of the Florida Council of the Blind, the department was able to secure paint and a new type of pale green chasals boards, with the exception of the overhead lighting, which is expected to be added later, the classroom illustrates the most modern principles of lighting.

The reading laboratory, equipped with various machines useful in the diagnosis and treatment of reading difficulties, was used frequently for illustrations and demonstrations. The laboratory did a fine job this summer through the cooperation of Mr. William F. Gremer of the American Optometric Association, and his associates also helped a great deal to demonstrate the latest methods for detecting eye defects of school children.

The laboratory is equipped with four machines: the metronoscope, which measures speed and comprehension in reading; the ophthalmograph, which takes pictures of the eyes while reading, and the stastoscope and the telebinoculars, which deal with more complex measurements of eye movement and the speed reaction of the eyes.

In Memoriam

MRS. AGNES ETHERIDGE

In the passing of Mrs. Agnes Etheridge, the University of Tampa has lost a dear and true friend, whose loyalty and enthusiasm served as an inspiration to others.

Mrs. Etheridge first became associated with the University during the building fund campaign of 1945-46, when she generously volunteered her time and services. Twenty-one months ago, while serving as office manager for the Endowment Fund, she was stricken with a heart attack. This condition invalidated her, and upon her return to activity, Mrs. Etheridge had undertaken to assist the University with the Adult Education Department.

She had been here approximately two weeks when her disability overcame her. She died of a heart attack.

Mrs. Etheridge's personal charm was interwoven with a vivacious spirit. The unselfishness which enhanced these attributes made a fundamental and lasting contribution to her work. She was deeply loved by everyone who knew her.

To her family and friends is extended our sincerest sympathy, and the hope that our appreciation of her unusual service may, in some measure, lighten the burden of their bereavement.

THE MINARET

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during the school year at no cost to the student body.
The staff welcomes comments and criticisms. Address all correspondence to The Minaret, room 229, University of Tampa, Tampa, Florida.

BIBLE THOUGHT
The right hand of the Lord is exalted; the right hand of the Lord doeth valiantly . . . Psalm 118-16.

Our Sympathies

On behalf of the faculty, administration, and students, The Minaret extends heartfelt sympathies to Prof. Clyde T. Reed in his recent bereavement due to the death of his beloved father.

The Four Parties

The American people are faced with a grave responsibility of electing one of four political parties into power. If one of these political parties is chosen by the people of the United States for a period of four years what outlook do the people of the United States have for those four years?

First the program as laid down by the Democrats. President Truman has incessantly denied that Democracy party is to blame for the present happenings.

He has put this blame upon the Republican party, while on the other hand the Republican party has laid full fault with the Democrats. The Republicans have said that we have had the worst president in history. In a comeback at the Republicans, the Democrats have declared the Republican controlled congress is the worst in our country's history. Truman gave what he considered a chance for the Republicans to show what they were made of, but the Republicans turned down Truman's so called play for the presidency by passing only two of the bills that he set forth in his special session of Congress. These were of such limited power that they might as well not have been passed at all. But this can not be taken as an excuse for Truman's weakness. Truman's weakness lies in the fact that he is not and has never been presidential material.

The Republican party has for its candidates two men not only well qualified in the role of politicians but good citizens as well.

The Republicans are noted for the fact that they are controlled by the Wall Street Imperialists, and that their labor party, is far from enviable. They are also a very conservative party, and their outlook on the foreign policy is one of extremist in nature. The proof of their home policy is plainly stated in the recent special session, for had they had the best interests of the people at heart, they would have passed the bills laid down by Truman and realized that the American people would take this as a political move by Truman and do justice by a party that was not afraid to pass the bills of an opposition party that were merely sat up a political move to put that party back into power. The Republicans ignored this challenge and refused to pass the bills. If they refused to meet this challenge what will they do when another challenge is offered? Will they meet it or will they bypass it as they did the last one, only time and history will tell. But they must be judged by their passed actions and these actions do not speak well of the Republican party.

The next party is the People's Progressive Party headed by a Wallace-Taylor ticket. The People's Progressive Party is now in the hands of the Communists. This is by no stretch of the imagination a false statement. It was shown at the convention how easy it was for the Communists to take over the convention. It would be just as easy for the Communists to take over after they once got a foothold in the Whitehouse.

Next we have a party known as the Dixiecrats. The Dixiecrats supporting a Thurman-Wright ticket have as a minor excuse states rights as their platform when in reality they are struggling for white supremacy and intolerance and greed among men. This, it must be remembered, is not wholly a southern trait. That trait is carried on all over the world by men who are uneducated and ignorant. They are using states rights as a feeble excuse for being elected for they would like nothing better than a set-up in which no man, regardless of race, could enjoy his freedoms. Of course it is realized that this party has no chance of winning but is merely a protest vote against the now northern controlled democratic party.

However, if they ignore their privilege of voting they are have for a long time now, not chosen their leader by his individual qualification, but by party. It is now up to the people to take this grave task in hand and check it. They must read and reread the platforms of the four political parties and when they have reached an honest decision in their own minds which of these four parties is best qualified to represent them, they should vote.

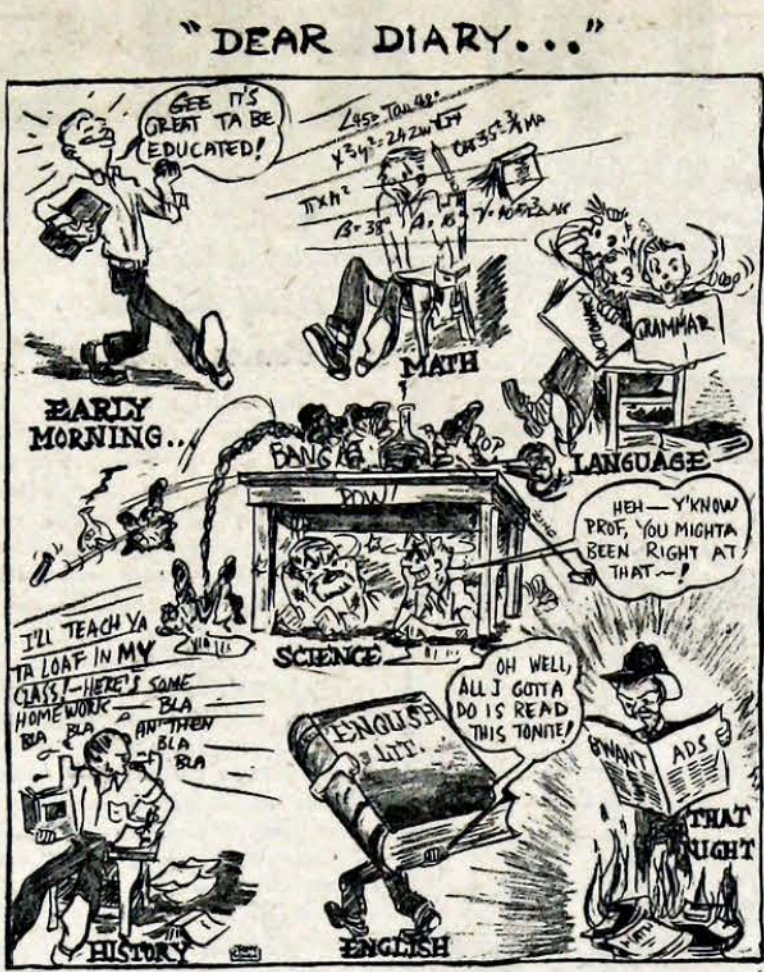

However if they ignore their privilege of voting they are throwing their rights and privileges away. Let the American people remember that whenever they choose they must go out and vote in November.

The Parking Situation

The Senate has gone to a lot of trouble to arrange marked spaces and provide traffic monitors—please cooperate and observe them. They are for your benefit and the welfare of all concerned. Above all, if you must leave your car locked, be doubly sure it is not blocking anyone else, and then leave it out of gear if possible so that it can be pushed or moved, if necessary, by the student monitors.

These are a few simple rules that must be observed by the students in order to improve the parking situation at the University. Individual students can not expect the Student Senate to shoulder all of the responsibility for the improving of this situation. It's up to all of us to make that improvement ourselves. We can if we cooperate; we will if we wish to use the city streets for parking in this vicinity; and we must if we don't wish to suffer the penalties individually for traffic violations.

This will give you some small idea why we must (and we can) work together to correct this long standing problem. Remember it's up to us to handle this job in our own way or the city traffic department will handle it in their way. The choice is ours now. Let's all support the Student Senate and do our part to cooperate.—"A word to the wise is sufficient."

One Act Plays To Be Given

"The New Drama course, 312, will present one one-act play a week," said Dean Thelma Jones, head of the Drama Department. The main theme of the new course will be training in direction and each one-act play will be directed by a student in the class.

The plays will be tested and well chosen to insure enjoyment for the audience. There will be an admission of 15 cents. The programs will

begin the 5th week of school and will be held in the Dome Theater. Students of the university and visitors will be invited to attend.

Dean Jones, also faculty advisor for the Spartan Troupers, announced that the Troupers will open their new season with a comedy-satire on Melodrama "Gold in the Hills." The large cast has not been selected as yet, but tryouts will be held for all students who wish to participate.

Rehearsals have begun for an assembly program, "The Man In The Bowler Hat," to be presented in assembly by 312 students.

"QUESTION?"

How do you think we can improve school spirit?

Tony Dorio (Screw), Junior, "By the induction of more co-eds."

Roscoe Davis, Senior, "I believe there should be more school activities."

Charley Sipes, Senior, "Serve beer in the lobby."

Bill Hiens, Junior, "More informal open dances instead of so many closed dances."

Shirley Roosevelt, Sophomore, "Chairs, Chairs, CHAIRS!!!"

Joan McDuffio, Freshman, "A more filial attitude toward every one else."

Juanita Smith, Freshman, "Vigorous pep rallies."

Ted Conover, Freshman, "There is enough school spirit at Tampa U."

Jeanne Agee, Sophomore, "Going all out for the school games, dances, endowment fund and cooperation with the students and jointly members."

Jane Wellman, Freshman, "More confidence toward the activities."

Conner Geoghegan, Freshman, "Put the chairs back for lobbyology."

Emilp Almeydo, Freshman, "Good attendance at inter-collegiate games."

Connie Espinosa, Freshman, "Participation by all in different school activities."

Emery Jewell, Sophomore, "More social activities."

Hiram Moody, Sophomore, "By drinking plenty of spirit on Saturday night."

Doris Mikell, Freshman, "More football games at home."

Nick Palermo, Freshman, "Pep rallies frequently."

Tommy Pardo, Junior, "More feminine inspiration."

Lillian Puleo, Freshman, "By co-operating and participating in all school activities."

A Letter From The Dean

I should like to take this opportunity to express the sincere appreciation which I, myself, and my staff feel for the understanding and help which the Student Senate has rendered during the press of registration.

Certain changes have been made in the matriculation procedure to assist students, faculty, and staff in lessening the pain of registration. Since our student body has grown so rapidly during the last few semesters, our whole system seems to be outdated again, and last week it became necessary for students to wait in long lines in order to complete the necessary forms. Plans are being formulated; however, to adapt our facilities to the expansion of the school and to facilitate registration for the coming semester.

We are indeed grateful for the assistance rendered by the students, which came at a time when aid was earnestly needed. The Student Senate rose to the occasion when we were in desperate need of its assistance, and it has been of immeasurable service to us during these extremely busy days.

Signed,
M. C. RHODES

Poet's Nook

MELANCHOLY'S STING, or
POE'S DILEMMA
By Stefano Arcuri

In slumber for me there is no rest;
The normal more than I am blest.
The darkness of night is a dell
Where psyche ventures out to quell
Its despairing dream's wiles and kinks

Which gathered are in sequent links.
Before me a grey curtain lies
Here mountains of subconscious rise,

Time is not charted in this place—
Psyche strays as if sunk in space.
Oh! in sleep's silent pit slip I
I tremble at what will come before.
I'm swept into regions of bleak yore
Where death whispers that all shall die

And within closed coffins to rest shall lie.
Of the recent born, young and old, it's mistress—
All in their mortal acme harken her call.
I am as in a magic spell;
My soul is still secure in its shell;
Yet I, woe-worn wretch, await the call!

Melancholy masters my mind
And gives me dreams that are unkind
I falter to think of anything
My memories with its sting.
Evil, ugly, looking faces
Stare at me from many places
And black, piercing sulfurous eyes
Look on as if me to chastise.

Then I awake with a loud scream
Surprised to know it was a dream.

WHERE SHALL I PARK?

By Bandyfeather J. Satchelsnatcher

In a hurry to find a place
Don't look now, but there's a space
Enie, meenie, minie, mo
I parked my car, now I can't go.

She blocked my car while I ate lunch
When I returned we played
"crunch"
Now she will have to have
Some fender-bender bend her fender.

"—All English teachers please note
my poetic lice-enz (No. 3673)"

AN ODE TO T. U.

We Hale a hearty welcome
to the Frosh of our Tampa U
Not that you have our sympathy
to us you're strictly taboo.

The first thing for you to learn
at our grand old Alma Mater
is that you're a "Rat" my lad
A thing upperclassman want cater.

Kneel before upperclassmen
as a dog does for his master.
Stand up for a Sophomore
as a wall does for its plaster.

Then will come a day next June,
when chivalry will subdue.
You then can be a part of us
and we a part of you.

—Hugh Simmons

AN EDITORIAL . . .

From The Student Senate

After two and one-half hours of deliberation in the choice of an editor for the Minaret, the consensus of opinion in the Student Senate was that this coveted position should go to either Bruce Atkins or Leonard Gotler.

In light of the services both men have rendered to the school and to the Minaret, the decision was extremely difficult. Bruce Atkins has shown superior ability in the departments of news gathering and writing, while Leonard Gotler in the past has demonstrated himself to be exceptionally capable as business and advertising manager, as well as apt in the art of newspaper make-up.

More than ability, these men have shown willingness to do, with individual initiative, the extra jobs which make them invaluable in their fields. In the discussion held in the Student Senate, it was brought most without aid, salvaged our paper in times of emergency last out that these men, together, all-year. On occasion, had it not been for the perseverance of these two, we would not have had a paper at all.

During the summer, without any guarantee of recognition for their jobs, these men planned the budget and schedule of the paper for this whole school year. At the same time, they introduced into the Minaret Office a system of neatness

and efficiency, so essential to the successful school paper. As the new school year approached and no apparent steps had been taken to have a school paper, these men were asked by Dean Rhodes if they could publish a Minaret on the first day of registration this year. With only a matter of weeks to work, and no staff with which to start, they voluntarily took the job. These men appointed their staff, pro tem, and issued on the first day of school a very fine paper.

In this voluntary capacity, the Student Senate believes they have "held the fort" long enough, and we wish to do justice to their splendid work by honoring them with the appointments of co-editors, knowing full well that they can fulfill the requirements and do the job famously.

May We present Bruce Atkins, co-editor of the Minaret in charge of news gathering and editorial writing, for this "48" school year. May We present Leonard Gotler, co-editor of the Minaret in charge of business management, advertising and copy make-up for this "48" school year.

May We present Dr. H. G. Baker, head of the English Dept., and Doctor of Journalism, the faculty adviser for the publication.

Signed,
The Student Senate

LETTER TO THE STUDENT BODY

The members of Tau Omega Fraternity would like to take this opportunity to place before you, the students, our profound thanks for your wonderful contributions during the summer session of 1948. Through your generosity, we brought our successful drive to a close in which we raised a sufficient amount to completely furnish the JOSEPH DITOMASO Memorial Room.

Joseph DiTomaso, a young boy of 20 years, died at Municipal Hospital on February 20, 1948, of a rheumatic heart. "His friendship we prized, and his courage will always be an inspiration to the members of his fraternity." In token of our recognition to his membership, we sought to dedicate one of our fraternity rooms to his memory.

We thank you for the realization of the dream of one of our brothers, Diego Almenguat.

THE MEMBERS OF TAU OMEGA

Fashion

By PAT WALDROP

In this issue attention will be given from the hemline down only. The reason is that the most startling changes this season are in shoes and stockings.

We have become more stocking conscious this fall than ever before. There is such a variety of colors and styles that you have to choose them with as much discretion as your gown or shoes. Thought must be given to the sheerness as well as the shade of your skin tone. A dark shade in sheer 15-denier nylon a tinted haze on the leg, while 30-denier stockings remain the same. Blue-grey nylon over pale skin gives a soft mother-of-pearl shade. Put it over a tanned leg and the effect is very unattractive. Stockings can be found for every occasion. For evening sandals there is only a seam over the toes. The seam free sandal stocking has slight reinforcements on the heel and toe which become invisible on the foot. To be worn with shell slippers, you have shell stockings. These have a faint reinforcement over the toes only. New shades are redwood, blackberry, firtree green, and vins roses, so effective with black.

More unusual than any other style is the high heeled spat type pump. It is closed in, fits snugly up to the angle, and fastens with three tiny buttons. Another popular pump has a slim toe, slender Louis heel, and delicate piping across the top.

The ever popular moccasin hasn't escaped the change of styles either. They now have low shell lines with an angle strap, straps across the instep or a high back. We are a little skeptical of them at first glance, but as we become more accustomed to the change we see that they are more in tune with the present fashions than last year's loafer would be.

WANTED FOUR STUDENTS LARGE BEDROOM WITH DOUBLE BEDS. 315 W. Hanna. Next to bath. \$6 per person a week. Breakfast extra. On Fla. Ave. bus line. Phone Mrs. Mary A. Green c/o Terwilliger's residence. No. 316041.

BUNGALETTE for two older male students. Will furnish electricity, water, (running hot water), and laundry. Eleven dollars per week. Cooking privileges granted. Also have double room. Phone H 33851 morning or late afternoon. Phone 33-7911 early afternoon. 517 Bay St.

Large well ventilated private room. For one man only \$7 dollars per week 3501 San Pedro St. 15 minutes from town See Mrs. Keeth.

Bed room, Kitchen, Private bath Modern Utilities \$40 per month All new fixtures 203 Cedar Ave. Ph. H-22824 See Mr. Greenburg

2 private apts.—Private bath One to each Men students preferred \$8 for one—\$9 for one 250 Parker Ph. H-10004 Mrs. Sneed

Double room—twin bed Private entrance 2 men or 2 girls 1908 Wykagyl-S. side of golf course Ph. 8-1908 Mrs. Norman Shenk

NOTICE

Any text books that are not being used by you, would be highly appreciated by the members of the football squad who are not G.I.'s. These books will be returned to you at the end of the semester.

Turn your idle text book in at The Minaret office.

Eyes?? Well your guess is as good as mine.

Orchids to the young man named Bill who gave out with a little impromptu concert during intermission. Also like to toss a few bouquets to the people who kept us all amply supplied with refreshments for the evening. While I'm at it—there anything Dick Saxon doesn't do? "Stardust" never sounded better.

Found, a new place for lighted cigarette butts while dancing—behind the ear. (P.S. I'm opening a toupee factory next week).

Ah yes, a good time was had by all and the Ace Club is to be congratulated. Upperclassmen met Freshman girls with their faces on and Freshmen men and women got their first taste of campus social life. Nice to see members of the faculty in attendance too—Won't you all come again??

IF IT'S BORDEN'S—IT'S GOT TO BE GOOD!

Len's Den

In another section of this paper is an article announcing the forthcoming appearance of Paul Robeson at Plant Field. This news came to us from the Florida headquarters of the Progressive Party, in the form of "canned" or mimeographed copy. In its original state, the story contained a bevy of propaganda. Realizing that it also contained some newsworthy material, we deleted the propaganda. Net result: A fairly good story about a brave man who will probably be lambasted with fruit and vegetables—only because he is supporting his ideals.

Do you like banana cream pie? At King's Cafeteria the other day, I ate the "yummy" piece of pie I've had in a long time. It's a good place to go for that after-the-show snack.

Department of "could-be useful" information, intended primarily for Freshmen. Source of inspiration: Mr. Pebley Barrow. . . . Going from the first to the second floors takes approximately 24 seconds, depending, of course, on how fast you walk. Going from the second floor to the first takes 25 seconds. . . . Don't ask me why. . . .

The spirit of willing co-operation being displayed by most Freshmen this semester is worthy of high commendation. Their attitude now will determine the attitude of the entire student body during the next four years, and, from all indications, the future looks bright. With this growing school spirit, we'll have a spirited school growth.

—Leonard Gotler

SOCIAL CALENDAR

Friday, Oct. 8—Kappa Sigma Kappa Dance (Invitation)

Friday, Oct. 15—Delta Kappa Night Club Dance (Invitation)

"Know Your Senate"

STUDENT SENATE MEETING SEPTEMBER 14, 1948

The meeting was called to order by the President of the Senate, Dick Saxon. There was no minutes to be read as this was the first Senate meeting of this school year.

President Saxon said that the parking lot must be lined or we would lose it. The Fire Dept. couldn't get their trucks in and rather than let the school burn down they would keep all cars from parking there. It was arranged for Jerry Jackson, Bill Benson, and Pres. Saxon to begin the job of lining off the lot and it was agreed that freshman would assist during rat week.

Bill Benson mentioned that it would be possible to obtain from Mayor Hixon on the parking lot across from Plant Field during the Spartan football games. It was agreed to investigate this possibility.

There was a discussion started by Peggy Anderson concerning the cheerleaders. There will be try outs again this year, but it was agreed that the veteran cheerleaders: Scottie Branch, Dora Lee Bowen, Pat Scott, and Evelyn Jewell, should be cheerleaders by right of their past services.

The social planned for this Friday was postponed by majority vote of the senate until two weeks from Friday, a week after the Ace Club dance.

Jerry Jackson asked about Freshmen elections. Dick Saxon answered that the election was being postponed a while so that the new class could meet and know one another better, but that it would be held in the next two weeks.

The books of the Senate members may be left in the Senate office. The necessity of a file on the Senate Officers, their schedules and home addresses was recognized. Such a file will be made and placed in Senate Office.

Tickets to local high school games will be sold in the senate office this year.

Election of Minaret and Moroccan Staffs will be held this Friday at 9 o'clock.

Respectfully submitted,
Bill Benson,
Secretary, Pro Tem

Chastain Honored At S. T. Banquet

Miriam Chastain, past president of the Sigma Theta Phi Sorority, was honored by the sorority with a banquet at the Columbia Restaurant Saturday, September 25.

Miriam was presented with a gift and a corsage by the members of the sorority. She was president of Sigma Theta Phi for the last two years and was graduated last June from the University.

In charge of arrangements for the banquet were "Mike" Royer, Madge Kleinhammer, Julie Daniel, and Barbara O'Berry.

Those present included Miss Charlotte Thompson, sorority adviser, "Mike" Royer, Margie Oglesby, Patty Ennis, Barbara O'Berry, Madge Kleinhammer, Julie Daniel, Joan Schwab, Scotty Branch, Betty Blitch, Margie Stanaland, and Norma Piper. Also present were members of the Sigma Theta Alumnae, including the alumnae president, Nancy Taylor.

At a meeting held last Monday in the sorority room, plans were discussed for the Harvest Ball, which is scheduled tentatively for October 22. Plans were also begun for the Sigma Theta Holiday Ball which will be held Thanksgiving weekend at a place to be selected later.

Alpha Gammas Start New Point System

Members of the Alpha Gamma sorority met Sept. 17, to make definite plans for their fall activities. A clean up meeting was scheduled, to attend to last minute details of decoration for their renovated sorority room.

A point system was established whereby members receive a given number of credits for service rendered to the organization. The member earning the highest number of points will receive a silver tray inscribed with the sorority's Greek letter. A person earning the highest number of points for two successive years will win permanent possession of the prize.

Other plans under discussion, which will later be announced definitely, concern the Homecoming dance and sorority luncheon.

LIONS CLUB

Members of the Tampa Lions Club settled back after their luncheon to hear Professor Lyman Wiltse address them on "What It Means to Tampa Advertising." The Professor told of the history and developing of the Tampa Symphony.

Mr. Melvin Ritter Concert Master and instructor of the violin, who accompanied Professor Wiltse, was also introduced.

POINTS

By J. CARTLIDGE

The millennium is here! Hosannahs and huzzahs! Calloo Callay and all that sort of thing. Jolly old T.U. is hitting its stride with a vengeance. First off we get a brand new art department replete with gallery, north light, and a real, honest to Betsy, mezzanine. No more refusing the traveling exhibitions that are offered to us each year for the mere cost of packing and crating. Now we can see real Kuniyoshis, Corbinos, and Speichers!

Secondly, we got a football team.

And even if they don't win a blessed game, the mere fact that they are out somewhere in the world doing and dying for us, brings tears of real gratitude and affection to these rheumy old eyes. Jack Layfield told us as the bus pulled out for the Milligan game, "We might not beat 'em, but I promise that we'll shore give 'em hell." And what more can us puny stay-at-homes ask than that? The resulting score of that game shows well that the Milligan boys were given an extremely hard time. When one thinks of the fact that we sent a team up there with only three weeks of practice behind them against a team which not only included veterans of the last three years, but which had spring and fall training and two tough games under their belts—when one considers all these things, 13-20 is as good as a win any day of the week.

Bumped into Mrs. Waters' other day and got the scoop that she is going to start a special tutoring service for those students to whom Spanish seems like Greek. Anyone interested can just look around for the cutest kid on campus, walk up and ask Mrs. Waters for full details.

Had a nice little informal shindig last Saturday nite. Jook music plus refreshments by courtesy of those gracious people, The Methodist Student Union, provided a pleasant diversion for this off-the-cuff affair. It is this reporter's humble opinion that this school could stand much more of the same. What about having, say, two or three such get-togethers a week? It'd shore save a heap of money that goes into cover charges and one-buck-drinks at the local gin-dives, all for the privilege (dubious as it may be) of joggling to the Hackneyed music of some two-and-a-half man combo. Well?

Couple of old Ringling School buddies of ours dropped in 'other day, liked the place so well that they decided to register for the next term. Bugs and Boodle Bennett. But one of the most outstanding things about this happy little family is their cat, Bugger. A normal enough looking cat, she . . . one tail four legs, one head, two ears, etc. The only deviation from the norm for cats is that this feline likes

Paul Robeson To Sing In Tampa

Paul Robeson, famous Negro concert singer, actor and speaker, will appear in Tampa on Monday evening, October 4th, Plant Field has been engaged by the Progressive Party in order to present Mr. Robeson in a program of singing and speaking.

Paul Robeson was born in Pennsylvania. He graduated from Brown University in Rhode Island and was a member of Phi Beta Kappa.

Robeson was admitted to the New York Bar after his college graduation, and had only practiced law a short time when he was offered a role in one of Eugene O'Neill's productions at the Provincetown, Mass. playhouse. His success as an actor was immediate, and thereafter followed more parts in O'Neill plays. Robeson's voice was "discovered" at this period also, and he began to study for the concert stage. He has attained world-wide recognition and acclaim as a singer and for his role in "Othello," and next winter he will again play the Shakespearean part in London.

Paul Robeson is the Co-Chairman of the Progressive Party of the United States, and has, in this capacity, toured the country in speaking and singing engagements.

ale . . . and only ale. When first informed of this phenomena we scoffed, guffawed, and even jeered a bit, whereupon we were immediately shuffled into the nearest beer-bordello and bade to watch an amazing spectacle. First a saucer of coke was proffered this fantastic feline, no dice. Then Pepsi; still no soap. R.C.; nope. Then came the crucial test. A dish of beer was put down, beside another dish of ale. Bugger went unerringly to the ale and started happily slurping away. We thought, "Ah hah We'll switch the saucers around. No cat can be this smart!"

Two hours later we were still switching saucers and watching Bugger guzzle ale. Our only comment is that it's mighty dam' unnerving.

Meet The Spartans

"Red" Ryan

Joseph "Red" Ryan is one of the reasons why the Spartans will be tough to beat this year. "Red" hails from Hopkinton, Mass., where he paced his prep school eleven to two successful seasons. Although he is more accustomed to the single wing type of attack, "Red" has mastered the intricacies of Coach Mike Gaddis' modern T-formation. Running from the right halfback sport, "Red" has the power needed for cracking the line and the speed necessary for sweeping the ends. His southpaw passing and kicking will prove to be a thorn in the sides of the opposing coaches.

After graduating high school, "Red" spent two years in the Navy. Unable to play football while a goby, he turned toward baseball. With the printer's ink still wet on his discharge papers, the ex-sailor

enrolled at Boston University. For the Terriers, he played football and baseball. "Red" and a few of his baseball mates were invited to work out with the Boston Braves. However nothing developed.

A friend of his introduced "Red" to Coach Gaddis during this past summer. "I liked the way Mr. Gaddis spoke about Tampa University and its football team," was "Red's" reason for coming this far south.

"Red" Ryan endeared himself in the hearts of his teammates by a statement he made on the practice field. The story goes that one day "Red" was returning punts when one of the balls stuck in the branches of a palm tree. With a look of innocence on his face, he turned towards the Coach and said, "Hey, Coach, the ball's up in the banana tree."

Bowling Team To Be Formed

With Coach Gaddis' addition of new sports to the intra-mural program, a bowling league has been formed. This league is to consist of all fraternities, clubs and other organizations that might be interested.

The bowling league will be considered as any other intra-mural sport, and the same honors will be awarded the winners. The league will be ruled by ABC rules and will use the handicap system so that all will be evenly matched. There will be ten teams formed. All fraternities, clubs, and independent groups are urged to contact Jimmy Gibson as soon as possible, so that the league might get off to an early start. Bowling will take place at the Jack Sheppard Alleys, and the afternoon and hour will be decided at the first meeting.

This will be the first time that bowling has been introduced on the University campus.

Intramural Previews

By JIMMY GIBSON

Intramurals will explode on the campus within the next two weeks, and with the addition of new sports to the schedule this year should prove to be the best yet seen under The Minarets. The formation of a bowling league is now under way and it promises to add color and life to the program. Also there are high hopes that an excellent rifle team might be formed.

Football schedules are now being arranged among the fraternities and clubs. Any independent organization or group of men interested in entering the competition should get in touch with Coach Gaddis as soon as possible. Eligibility rules have been changed from other years in that anyone who is not currently on the varsity squad is eligible to participate in intramurals.

The Sigma Kappa Nu fraternity is the defending champion in football competition. The schedule calls for football intramurals to run concurrently with the Spartan schedule which will end near Thanksgiving, and next on the schedule will be basketball, volleyball, tennis, softball, track and pingpong. Anyone who wishes to have a new sport added to the intramural program may see Coach Gaddis to make the proper arrangements. Further news and schedules will be published in the Minaret and posted on the bulletin board.

Team - Send - Off

Yeh, team! Hi, coach! Were predominant when T. U. had its first football pep rally in six years. The boys were given a big send off with kisses from frosh girls, and cheers from the student body. It was nip and tuck as frosh girls "fought" to kiss each man good bye and good luck.

There were cries of speech! speech! When Spartan mentors Mike Gaddis and Art Shouse made an appearance. The "brain-trust" declined to make any statement other than they were "happy to see the students so firmly behind the squad!"

The cheers were led by T.U.'s four snappy cheerleaders, Pat Scott, "Scotty" Branch, Dora Lee Bowes, and Evelyn Jewell, who were ably assisted by some unknown frosh "rats".

PENINSULAR
TELEPHONE CO.

Rifle Team To Be Formed

Former R.O.T.C. men and men with previous rifle training to contact Coach Gaddis, who has issued a cry for volunteers to join a rifle team. Hopes are high for a "dead-eye" team to compete with other Florida colleges and members of the Dixie Conference.

Some Big Deals On Homecoming

BY VALENTINE RIPLEY

The Student Senate is co-ordinating all plans and actions for Homecoming, an annual event. This year Homecoming will be held on Saturday, Nov. 6. On this date Tampa University holds open house and welcomes everyone to visit the school. The President's Reception, for all alumni, faculty members, and students is also given on this day.

Pajama Parade
Of special interest to Frosh is the Pajama Parade usually held after the homecoming game. This year however the game is being played on a Sunday so all parades, festivities, and rallies will take place on the day before the contest.

The Sophomores are in charge of the Freshmen in the parade but all cheers, yells, and good times are spontaneous and enthusiastic.

Dance
Tentative arrangements include a dance immediately after the bonfire, pep rally and pajama parade.

More students than ever before, a new and spirited football team along with a feeling of comradeship prevailing in the University promises to make this Homecoming the best traditional event ever held.

Library Hours

The Library is open Monday through Friday from 8:30 A.M. to 5 P.M., and on Saturday from 8:30 A.M. to 12:30 P.M. Evening hours are from 7 to 9:30 Monday through Friday.

Postal Substation

Students will find a conveniently located postal substation at 100-C Magnolia Ave., a few doors south of the Medical Arcade Building.

Cafeteria Hours

The Cafeteria is located in the basement of the University building. Breakfast is served from 7 A.M. to noon, lunch from 12 to 2, and supper from 5 to 7 P.M. The cafeteria snack bar is open from 7 A.M. to 7 P.M.

From left to right, Manuel Miranda, Julian Schamberg, Jerry Jackson, and Dook Blount try sneak play.

Rosey Rambles

By LARRY ROSENBAUM

Students, this is the year we have been waiting for! This is the year we were promised . . . The year that Tampa University begins its climb to southeastern prominence.

In September of 1947, a student-elected committee investigated the possibility of a University-backed football team for 1948. The committee was unsuccessful in its primary objective. However, it did receive sincere assurance that 1948 would bring a strongly financed grid squad. George B. Howell, a member of the Board of Trustees, informed the committee that \$75,000 would be included in the budget for the undertaking.

The Board of Trustees has kept its word. Tampa University is fielding a well-coached and excellently equipped team. Now it is up to the Student Body to substantiate this faith in the Spartans.

It is up to us to prove that we want a big-time athletic program. The teams representing the University cannot do the job alone. They need the reinforcement of some good old fashioned school spirit. The type of spirit that cheers a defeat as well as a victory. The type of spirit that will stand up for its team against derogatory attacks. The type of spirit that will make everyone proud to be a Tampa University Spartan.

All too noticeable was the lack of school support for the teams of last year and the year before. Only when Florida played here did the students attend. And then most of them rooted for the Gators! That doesn't sound good, does it? Unfortunately, it was true.

The men participating in the various sports are expending a great deal of time and energy. Their reward is naught but the advancement of the school. Those boys receive no scholarships, Dixie Conference rules prohibit and financial aid for athletes. This is a "purity code."

It is our fervent hope that the returning upperclassmen have become imbued with the "new look" and that the incoming freshman will bring vernal vigor to the ranks.

Spartans Lose Opener To Milligan 20 To 13

By CHARLES HAYNES

Without regard to their own personal safety, the Spartans, while trudging the green foothills of East Tennessee, met and were outpointed by a strong herd of Buffaloes—better known as Milligan College.

In the skirmish at Johnson City, Tenn., which lasted only sixty minutes, the big Red Team scored thirteen points to their opponent's twenty. It was a rough battle with spurs flying from the starting gun. Coach Gaddis took his untested Spartan team to meet a college who had played two games prior to their Tampa contest. Milligan had beaten Salem College (West Virginia) by 25 to 0 and Emory and Henry (Virginia) by 6 to 0. This put the Buffaloes on the top, as they had had time to work out any faults. Even with this behind them, the Tampa squad kept them worried all night.

The Spartans and Buffs sparred around for one period without scoring, but Coach Red Yancey's boys started moving in the second stanza when Harry Puckett, 165 pound scabbard from Alabama, went around end for fifty yards and the first score. Priden made the extra point for the Buffs. The half ended with the Milligan squad out front, 7 to 0.

The Spartans closed the gap in the third period when Red Ryan snaged a pass from Little Joe Morris, good for thirty yards. This put the ball on the Buffs' 24 yard line. After a few line plunges, Little Joe pitched a pass to end Holland Aplin, this time for pay dirt. White's try for extra point failed. The third period ended with the score Milligan 7, Tampa 6. The fireworks began in the fourth period, with an aerial attack from Buffs' Claude Holsclaw to end Kyle Middleton, who took the ball to Tampa's 26 yard line.

On the next play Holsclaw took a lateral from George Dugger and scored again for the Buffaloes. This

time Priden's try for the extra point front, 13 to 6. John Carr, who played failed, and this put Milligan out a nice game for the Buffs, made their last score with a jaunt around the end for twenty yards and the T.D. But Tampa Us. never say die spirit kept them in the ballgame. Manuel Miranda snaged a pass from Morris to the Buffs' 4 yard line. Then Miranda hit the line for the last score. White added the extra point, and the game ended Milligan 20, Tampa 13.

The Johnson City papers played the game up big and had this to say about the Spartans. "Tampa put a big, bruising rugged team on the field, and the Buffs had to go some to withstand the heavy visitors." Of course, the papers went on to say something about rough playing which caused many penalties throughout the game, and inferred that the Spartans were the cause of it. Who knows? But I have this to say in the defense of Tampa U., Milligan College entered the field with black game pants, white jerseys, and white head gears. Then, to top it all, they brought out a white game football to play with and got plum mad when Captain Harry Hobbs refused to play under these conditions.

After quoting rules and regulations to the mountain lads, the regulation tan football was used. Much credit is due our team for the fine showing in their first game. They should be in high gear when they meet Memphis State in Memphis, Tenn., on Oct. 9.

The starting lineup for the game was:
Tampa—Hill, L.E.; Malczewski, L.T.; Layfield, L.G.; Hobbs, C.; Carry, R.G.; Radd, R.T.; McCluney, R.E.; Morris, Q.B.; White, L.H.; Shaburg, F.B.; Ryan, R.H.

Milligan—Priden, L.E.; Hutchinson, L.T.; Crain, L.G.; Caldwell, C.; Vaccaro, R.G.; Bowers, R.T.; D'Agata, D.E.; Dugger, Q.B.; Holsclaw, L.H.; Carr, F.B.; Laws, R.H.

Score by periods:
Tampa 0 0 6 7 13
Milligan 0 7 0 13 20

Sport Glances

With football in the air around the University, every one is cindering about the intramurals problem. We had a long talk with Coach Gaddis and he has planned a large intra mural program this year. The program will consist of major sports; football, basketball and softball; also the minor sports such as golf, tennis, track and swimming. Awards will be given the outstanding individual players.

Touch football should get under way the first week in October. All frats, clubs, and independent groups who wish to enter teams should get together, organize their squads and appoint an intramural manager for their club. If this is done prior to October 1st when Coach Gaddis calls for the managers no time will be wasted in getting the program started.

Band Musicians Needed

The band has several vacancies for musicians. Students who own their instruments are preferred, but others will be accepted. Trumpets, French horns, saxophones, and clarinets are especially needed.

Membership in the band is based upon musicianship and attitude. Activity includes performances at football games, playing at assemblies, marching in parades for different occasions and special concerts on Sunday afternoons.

Skyline Ball

(Continued from Page 1)

Bayshore Royal Hotel on Bayshore Blvd., was given by the Florida Alpha Chapter of Kappa Sigma Kappa, the University of Tampa's only International Social Fraternity. To the new students who were not allowed this privilege last year, make certain that this night is reserved for this occasion. Believe me, you will not regret it. Ask those who have been to the dances. As in the past, the dance will be by invitation only. Here's another tip for the men-folks. Spot your heart-throb, (current, that is!) gather all of your courage into one mouthful, then pop the QUESTION!!!! That's all that there is to it. Simple, huh? Oh, by the way, don't be embarrassed by failing to have a few stray pennies in your pockets—you know, something to pingle in order to make a good impression (financially). You might tell her that best orchestra in the city, that of Don Francisco, will again be there to provide the music. Pardon me while I dream zzzzzz—a lovely girl, so young and coed, sweet music, a heart filled with the joy of like among friends, all in a wonderful and gay atmosphere my, my, zzzzzzzzzzz.
