UNIVERSITY OF TAMPA, TAMPA, FLORIDA

Thursday, March 18, 1965

ACA CHANGES

The University will eliminate the major in Business Education and the two-year Secretarial Science Certificate program effective September 1, 1965, Dr. Charles R. Walker, Jr., Vice President for Academic Affairs, has announced.

These two programs will be phased out over a two year period. No new students will be taken into the programs, but current students who wish to continue to major in Business Education or to complete the Secretarial Science course must immediately advise Mrs. Robbie Wooten, assistant professor of secretarial science, of their intentions. They also must complete all typing and shorthand requirements within the next two years.

V.I.S.T.A. Representative Nancy Sinkin Visits Campus to Recruit Volunteers

by Julie Quintana

A VISTA Field Representative, Miss Nancy Sinkin, visited our campus recently. Active during her college career in student political activities she served as President of Political Forum. Miss Sinkin organized several on-campus political organizations and fund raising drives. She was radio announcer for her college radio and advertising manager for the campus newspaper, gaining experience in public media presentation.

VISTA, she explained, is an organization which offers dedicated Americans an opportunity to serve their country at home. It is a part of the Office of Economic Opportunity, created by President Johnson to wage war against poverty. VISTA recruits, selects, trains, places, and provides the support of qualified Volunteers whose services have been requested to assist in eliminating poverty in the United States.

Volunteers must be 18 years of age or older and living in the United States. Married persons are eligible only if both husband and wife apply together and both qualify. Those with dependents under 18 are not currently being considered for service.

Service is for one year which includes a four to six weeks training program. VISTA service may be extended for two additional periods for a total of three years.

The training program is directed toward the needs of the job location to which the Volunteers will

be assigned. It is a training to give the Volunteer motivation, adaptability and experience.

While in Tampa, Miss Sinkin recruited on the campuses of the University of South Florida and the University of Tampa. She also appeared on WFLA television and radio to discuss VISTA.

—NOTICE—

Alumni Relations Director, Capt. Kenneth P. Hance, has announced that beginning with the current issue all seniors will receive a copy of the alumni magazine, "The Muezzin."

The newly created publication, edited by Suzanne Oliver, contains a wide variety of feature stories and news regarding current activities of alumni throughout the country.

Any senior may obtain his copy by seeing either Capt. Hance or Mrs. Oliver in Room 342.

Placement Interviews

TUESDAY, 23 MARCH — INTERNATIONAL BUSINESS MACHINES INTERVIEWS. Interested in the top 10% men scholastically. Data Processing, Systems and Analysis.

THURSDAY, 1 APRIL — FLORIDA DEPARTMENT OF PUBLIC WELFARE. Interested in students majoring in the following: Sociology, History, Education, Psychology, Philosophy, English.

WEDNESDAY, 7 APRIL — F. W. WOOLWORTH & COMPANY. Interviewing for Management Trainees.

Placement Opportunities

GULF FLORIDA TERMINAL: Wanted: Accountant.

HORWATH AND HORWATH: CPA FIRM. Wanted: Accountant.

ST. REGIS PAPER COMPANY: Various opportunities. You are invited to come in and look at the materials.

SAVANNAH, GEORGIA — CITY OF: Police Captain wanted. Good salary.

SUNBEAM CORPORATION: Sales Trainee positions. Materials available in this office.

Delo Forensic Society Now Going Full Steam

The "Delo Forensic Society," has opened its membership to all students interested in expressing themselves, and, or, blowing off steam verbally. Since we are an honorary organization representing the school in intercollegiate debate competition, we have established certain precedents for the applicants. They are required to perform any type of speaking in front of the members. On March 21, there will be a punch party for those who have talked their way into the society.

During the third week in March, several members will be participating in an Intercollegiate Invitational Poetry Festival. The areas for entree are narrative, lyric, original, and theatrical, in the renaissance period. The debate team is also contemplating holding a debate, open to the public, sometime in the near future. If there are any organizations that would like to debate with us on the present U.S. debate topic of "Should the Federal Government Establish a Public Works System for the Unemployed," or any other topic we would appreciate hearing from them either through a member or a letter to Dr. Fellows.

Minaret Maid of The Week CHRIS

Photo by Steve Bowen

Curiosity looks as though it's going to get the best of our Irish red head Chris Hyland as she looks back at celebration behind this infamous door.

The Minaret is published bi-monthly by the students of the University of Tampa, Tampa, Florida

(Publication is suspended one week prior to and one week following vacations.) Editorial content is decided upon by the Editorial Board appointed by the Editor in Chief.

All letters to the Editor are reviewed by the Editorial Board — content however, is in no way altered. Views and opinions expressed in these letters are not necessarily those of the University, the paper, its editors or its staff. Letters must be signed, but the name of the author will be withheld upon request.

EDITORIAL . . .

The first thing that a good politician learns is that he must have publicity, good or bad, he must have it. The University of Tampa has a very good means of getting publicity to the people of Tampa and the students also through the school station, WTUN. For about a year now, the station has been sitting idle. The administration explains that money is needed to put the station back on the air and that the funds are not available at the present time. Most of the local radio and TV stations have expressed an interest in the school station and would be interested in helping the school get the station operational again. Some of the stations have been contacted, true, but not all of them have, and not even the majority. The Editors of the Minaret would like to suggest that the administration get together with all of the station managers of the local radio and TV stations and attempt to form some sort of an organization to assist the University in placing WTUN back on the air.

LETTERS TO THE EDITOR

Dear Editor

Believe it or not, the disappointingly low outcome of the Senior class at their annual meeting was not due to the \$12.00 graduation fee. Senior classes, on the whole, physically at least, have not changed. Apathy has (and will), always prevail, but if it does, it is caused by the school itself.

Tampa University has become pervaded by a sense of congestion, rather like an insistent, maddening pounding in the skull that comes from trying to breathe in a very small room with all the windows shut. Yet the faculty member, or the administrator walking down the halls is not at all likely to find it sinister.

Dear Editor:

Unfortunately Dr. Martin Luther King doesn't want to answer the real Negro problem, the communities' economic plight. The Negro leadership in such organizations such as C.O.R.E., N.A.A.C.P., and the Southern Christian Leadership Conference have prostituted the true course of the Negro. These organizations have wasted time and money on showy circus type and flamboyant attempts at breaking into the white community. By forc-

All over school, but especially permeating amongst this year's graduates, there now is felt the same bitter expectancy a friend of mine had prior to a disembarkment to Fort Dix Army Camp.

After graduation will be a short-lived relief. But then workmanship takes precedence. Yet when you begin a conversation with anyone of this year's graduating class you will find a suppressed hatred for the school. And it is a sad and ever-so-sickly feeling.

My father recalls that in May of his Senior year he stood outside his fraternity house and sighed: "They're all over! The best years of my life." This is a statement rarely quoted today. In fact, one

upperclassman expressed his feelings on the subject. He said: "It's a meaningless ride on a roller-coaster without a destination. I'm just counting the hours until the ride ceases to exist." He was paraphrasing an unhappy sophomore at M.I.T.

When I once felt the same way, I consulted a man of authority, within the school, as to what I should do. I was given facts, figures, sloppy logic, but no compassion. No delving into the sanctity for an admittance of rejection. I have comprehended well what that upperclassman meant.

Robert Harris

Negro, all the others are supported financially by whites, and depend on the white community for their support.

The main area where the Negro holds the voting power is in Harlem and has produced the Adam Clayton Powells that are plaguing our federal government. So until the Negro is educated on the basic concept of voting and the proper use of the ballot, he should not vote.

Organization News

Sorority Rush

The formal sorority rush season opened on Sunday, March 7 with the Panhellenic Tea. All rushes and sorority women listened to a panel discussion on the purpose of sororities.

Informal parties given by the sororities began March 12 with Zeta Tau Alpha on Friday, Alpha Chi Omega on Sunday, and Delta Phi Epsilon on Saturday. The following week the formal parties started with Delta Phi Epsilon on Friday, Zeta Tau Alpha on Saturday, and Alpha Chi Omega on Sunday. The rushes will pick up their bids on March 22.

Sigma Tau Delta

Bernard P. Alicki, president of Sigma Tau Delta, Honorary English Fraternity, wishes to announce the names of two new pledges: Glenna Osborne and Marie Dobrocky, Tampa, Florida.

The fraternity is again seeking material: poetry, essays and short stories, for the yearly publication of DeNovo, its literary magazine. All works should be submitted to Dr. J. D. Locke in Room 422.

The yearly banquet between Sigma Tau Delta and Pi Delta Epsilon National Collegiate Honorary Journalism Fraternity will take

place sometime in May. The date will be announced.

Our guest speaker at this month's meeting was Dr. F. J. Thompson, associate professor of English. Dr. Thompson spoke on Tennessee Williams who is one of our most successful living playwrights.

Delta

The sisters of Delta wish to thank all those who came to our car wash and made it such a success.

Our pre-car wash party held at the home of sister Rosie Aprile was enjoyed by all. We would like to extend grateful thanks to Rosalie and her parents for the use of their home.

Congratulations to our new pledge Linda Scrivner of Tampa and our associate DeeDee Maurici, also of Tampa.

Congratulations, also, to sister Janet Rogers on her recent election as president of Ulema. We would like to extend our best wishes to sister Estela Gual who was recently engaged.

Two of our sisters, Marilee Duren and Janet Rogers, took an active part in the preparations for Reno Night at the Student Center.

Zeta Tau Delta

We would like to congratulate Sister Connie Tokarski on being chosen Queen at the Civinettes Valentine Dance.

Acknowledgment is also due to the recently elected officers for the coming year. They are as follows: President, Sue Black; Vice President, Michele Hunt; Membership Chairman, Kathy Lowe; Secretary, Judy Bonitz; Treasurer, Elaine Mendez.

All the Sisters are sincerely looking forward to a good turnout during Spring Rush. We're looking forward to seeing you!

Pi Delta Epsilon

Pi Delta Epsilon, National Honorary Journalism Fraternity, held their annual election of officers at the Student Union Building. The newly elected officers are: President, Bernie Alicki; Vice President, Richard Davison; Treasurer, Ron Haws; and Secretary, Darby Dornblaser. Also elected were Stanley Pietrowicz, Historian, and Dave Scott, Pledge Master.

Pi Delta Epsilon pledges are those deserving students who have devoted a great deal of their time and effort to the much needed roles of Journalism Publications. We are

therefore proud to announce that 16 students have been selected to pledge our fraternity this semester. This is a token of our appreciation to those individuals who have endeavored to promote journalism. Our pledges are as follows: Tony Abella, Steve Bowen, Wallace Brown, Richard Buckhantz, Bob Clerk, Karen Cobb, Del Davis, Dean Drapin, Tom Ferrante, Gail Fischer, Bob Harris, Sandy Klements, Karlin Klinger, Richard Rieth, JoAnn Russo, and Bob Terri.

Sociology Club

We've got news for all the sociology majors, and for all students who are interested in sociology.

A "Sociology Club" has at last been organized. After several meetings, where all that were interested attended, a constitution was drawn up, and officers elected. Kevin Hughes was elected President; Gary Garbis, Vice President; Janet Rogers, Secretary; and Sandy Seed, Treasurer.

The purposes of this club are to stimulate interest in sociology; to seek to alleviate social problems, either by simply understanding them and realizing that something must be done about them, or by taking some kind of positive action on our own student level. They can

also help those people who are having trouble developing professional skills and attitudes.

Zeta Tau Alpha

Province workshop was held at the University of Florida on March 5-7. Attending the workshop were Sisters Marie Pokorney, Kathy Loew, Michele Hunt, and Sue Black.

Sorority Rush Parties are on the way. Zeta Tau Alpha will be holding its informal, Friday, March 12, and the formal Saturday, March 20.

We would like to congratulate Sister Judy Bonitz who recently became pinned to Joe Pizzano, a brother of Pi Kappa Phi Fraternity.

Alpha Chi Omega

Alpha Chi Omega is proud to announce the names of its new sisters who were initiated February 26: Pat Cunningham, Adrienne Menendez, Donna Mercurio, Marcia Reynolds, Carolyn Showers, and Leslie Smith.

We would like to congratulate our new officers: Robbie Downs, President; Cheri Ellis, First Vice President; Suzanne Monaco, Second Vice President; Liz Redzig, Secretary; Louise Gonzalez, Treasurer.

Spanish Club Shows Viridiana

The Spanish Club had the pleasure of attending the showing of *VIRIDIANA*. The Spanish Film was presented through the University of Tampa Film Classics League.

The film was directed by Luis Bunuel who was exiled in Mexico since 1938; and who upon his return to Spain in 1961 at the invitation of Franco made the film *VIRIDIANA* with government financing. Two days after the film won the Grand Prix at Cannes, Franco banned the film. *VIRIDIANA* is undoubtedly one of the boldest stories to be depicted on the screen. No matter how anyone of us reacted to the story, it is a major cinematic achievement.

Bunuel opens people's eyes to the evils of sentimental piety and morbid tyranny in Franco's Spain, *VIRIDIANA*, the young girl, was obviously intended to personify what is false in Spanish pietism and her Uncle Jaime signified the sickness of the ruling classes. Seldom in cinema has the nature of revolution been realized with such profundity and expressed with such power.

Photo by Steve Bowen

Models of inventions by the famed artist Leonardo da Vinci are being exhibited at the University of Tampa's Student Center through March 19.

SPORTS ROUNDUP

by Bob Harris

CREW

At present, the crew team is practicing on time trials, starts, and sprints.

On weekends, the team rows about 14 miles in all, but on those weekends before a race, such as the 7th and 8th of March, the team will row 36-40 miles, as well as practicing starts, sprints, and time trials.

The stern is pretty fairly set, since all the boys have rowed prior to this season. The coach feels that the new equipment has acted as a stimulus to greater incentive. So, this season should be both a highly successful and an exciting one.

March 13 we lost the first meet. It took place in Winter Park against Rollins, a highly trained crew, and certainly no one to fool with.

The second race will be here, March 22, versus Amherst. It should be an unforgettable event, so come

on out and cheer these hard-working bunch of oarsmen on to victory.

SPRING PRACTICE

The once throbbing headaches of Coach Sam Bailey are subsiding now that spring practice is underway. Four new tackles have made the difference. The over-all picture shows a strong defense, while the ends are weak. Is it any wonder? What with the departure of little All-America Jim Galmin. But the spirit soars, and this is half the battle. Three big teams spell possible trouble for the Spartans, next fall. They are: Mississippi State, Maine, and Buffalo Universities. A new team was added to the roster, replacing Presbyterian — Delta State — McNeese remains; to give the Spartans discomfort half of the football year.

Coach Bailey is optimistic and chances for surprise victories are plentiful.

T. U. Spartanettes Set New Scoring Record While Going Undefeated for Season

Setting three new records as they went, the girls' varsity basketball team recently completed the first undefeated season in the history of the West Florida Women's Intercollegiate League.

While sailing through the league competition, the girls set a new league high-scoring mark with 57 points in one game against St. Petersburg Junior College. This is also the first time in the history of the league that one college has won both the softball and basketball championships in one year.

The varsity girls completed the six-game season on March 4 with a low-scoring 24-17 victory over Florida Presbyterian College. The league is organized on a home and home basis with four West Florida colleges participating: Florida Presbyterian College, St. Petersburg Junior College, and Manatee Junior College.

The winning Spartanette squad, which livened Howell gym all season with their practices on Tuesday nights and Thursday night games, worked hard to obtain their record in basketball. Their dependability,

work, and planning has paid off with a championship squad composed of ten players, a manager, and a scorekeeper.

Playing forward positions on the team were high-scoring Judy Alvarez Campbell, Donna Phillips, and Ericka McDonald. The roving positions which, in girls' basketball involve playing both forward and guard, were very capably handled by speedsters Karen Rumph, Rosalie Coniglio, and Marilyn Bronstein. Completing the squad at guard positions were Jackie Beltram, Lorraine Biard, Bonnie O'Brien, and Pat Wolfe, who accounted for the largest percentage of the team's rebounds. Nancy McCandlish served as manager and Florence Barbour completed her second year as official team scorer.

Completing the league's competition for the year will be the volleyball tournament to be held at St. Petersburg Junior College April 8 and April 22. Volleyball practice will begin in the near future and all full-time female students with a "C" or better average interested in trying out for the team are encouraged to attend the first practice.

Barry 'Bones' George turns in extra effort as Spartan mat team again walks away with AAU title.

SWEET MUSIC FOR TELEPHONE SWITCHING

Add electronics to telephone switching, and some pretty exciting things happen.

Such as a fast-action push-button phone that "dials" numbers by a succession of short, musical tones instead of a lengthy sequence of impulses.

And beyond the "Touch Calling" phone is a new Electronic Automatic Telephone Exchange developed inde-

pendently by GT&E scientists. It will make many new telephone services possible.

General Telephone & Electronics Laboratories contributes the basic support to the GT&E family of companies for product innovations such as this. In fact, basic research is our solid base for continued future growth.

If research is one of your goals in life, you might want to know more about General Telephone & Electronics. Full information is available from your Campus Placement Director. Or write to General Telephone & Electronics Laboratories, 730 Third Ave., New York, N.Y. 10017.
