Vol. 10—No. 15 16

CREW AWARDED SILVER OARS AT ASSEMBLY

Winds Up Season With One Defeat

By ROBERT NELSON

Coach James Nesworthy presented his crew members with miniature silver oars last week as a reward for the excellent work done during the first season of rowing at Tampa U.

The oarsmen lost the last meet of the season to a powerful Rollins crew by eight feet at Winter Park. It was the Spartans' first defeat of the year.

The Minaret men matched the Tars for the first part of the race but were unable to maintain the pace and the Rollins crew forged ahead in the latter half. Both teams broke the five-year record for the Lake Maitland course. Rollins' time was four minutes and 43.1 seconds. Tampa, four minutes and 44 seconds.

Marietta college set the record in 1936 while beating Rollins. The old time was four minutes and 46 seconds.

Working with 55 green candidates who had never sat in a shell before, Coach Nesworthy developed a crew of amazing strength, defeating Asheville prep and American International college. The latter team was undefeated in 10 starts, winning over such strong eights as Marietta, Dartmouth and Washington and Lee.

The Spartans crushed Asheville at Winter Park on March 21 by two lengths. Rowing side by side for the first minutes the Tampa crew took the lead at the halfway mark and was never threatened. The official time for the winning team was 5:05. Losers, 5:14.

Again at Winter Park on April 4, the Minaret men swamped the supposedly powerful American International college crew by five lengths. Starting off with a 44 stroke the Spartans moved out in front of A. I. C. and were never headed. Rowing more smoothly as the race progressed, they raised the count again in the latter half and finished in five minutes and seven seconds. American completed the race 18 seconds later in five minutes and 25 seconds.

Men who saw action during the season were: Arthur Trubiano, coxswain; Jules Fantel, captain and stroke; Calvin Peyrot, No. 7; Dixie Howell, No. 6; Junior Thornton, No. 5; William Pullen, No. 4; Harold Williamson, No. 3; Victor Hatch, No. 2; and Don Lopez, bow.

Four freshmen represented a college crew for the first time. The oarsmen were Peyrot, Williamson, Pullen and Lopez. Much of the credit for the crew's success must go to the coxswain, "Pepper Pot" Trubiano, also a freshman.

Substitutes were Victor Schell and Frank Montgomery, coxswain and manager.

Editor Appoints New Staff To Publish Minaret

Jane Hughey, newly appointed editor of the Minaret, has appointed her staff for the coming year. Under a new plan, this staff is taking over publishing of the paper for the rest of the year.

Eugene Zielinski is associate editor, Nouna Hitchcock, managing editor; Robert Nelson, news editor, and Don Cameron, editorial editor. These students make up the editorial staff.

Department editors are: Elsie Gill, society; Guilia Bottari, fashions; Frank Teske, sports; Marilyn Levy, girls' sports, and Frank Montgomery, cartoonist.

Reporters are Shirley Abell, Nancy March, Ellen Mooney, Art Spoltore, Suzanne Jackson and Frances Alexander.

Students who represented the University at the Florida Intercollegiate and Student Government convention in St. Petersburg were, front row, Ann Simpson and Jimmy Whitehead; back row, Jane Hughey, Dot Thonneson and Charles Slocum. R. B. Fordyce and Mary Merle Jones were not present for the picture.

Voluntary Drill Unit Organized By Students

Voluntary military drill is expected to get under way at Tampa U. within the next few weeks, Miller Adams, physical education director, announced Thursday.

A committee of students approached Adams two weeks ago and asked permission to enroll boys in a voluntary R. O. T. C. unit. Permission was granted and about 35 boys have enrolled to date.

The unit is undergoing organization at present and may not start drilling before summer. The committee also conferred with Doctor Mooney and obtained his complete approval.

There is a possibility that the unit may obtain arms and ammunition from the government and conduct rifle practice. However, in view of the need for arms abroad this is not certain.

Over one-half of the group has volunteered to bring shotguns and in the absence of other arms drill will be conducted with them.

Adams said: "The purpose of this drill is to familiarize the students with military maneuvers. All of the boys are liable for military service and this training will help them to become officer material."

We'll Give It Again for The Soldiers!

The Varsity show really went over with a bang and the whole audience (as well as the cast) were all in hysterics over the script as well as the action. No one knew what was coming off next, but all in all, hats off to all those who participated because they really showed they could keep the attention of a thousand people, by either dancing on the stage, playing in the band, or by all of a sudden popping up from nowhere yelling at the supposed to be actors on the stage. Anyway the Tampans enjoyed it, so to show where our hearts are, and certainly the cast doesn't mind giving two hours of their time, the Varsity Show is going to be given again on May 19th or 20th for all the soldiers from the nearby camps.

The whole performance will be of our own free will and we are keeping our fingers crossed that they will all come, bring their dates, and above all enjoy it as much as the students of Tampa U. enjoy giving it for them.

Student Leaders Go To State Convention

Juniors To Hold Formal Dance For Senior Class

On Thursday, May 14, the junior class will honor the seniors at a formal dance in the ballroom. This dance will take the place of the banquet, which customarily has been given.

Due to conditions of the war and the national program of cutting down expenses of extravagant affairs, the banquet will not be given.

The dance will be a closed affair, with only juniors, seniors and their dates attending.

The highlight of the evening will be the coronation of a king and queen of the senior class chosen by the junior class. By voting in the book store, the student body will elect the royal court.

Manuel Sanchez and his orchestra will furnish the music.

Glenn McRae, Dot Thonneson and Jane Hughey, officers of the junior class, are in charge of arrangements.

Young Builders Club Sponsors 'No Smoking In Lobby' Campaign

The Young Builders organization is sponsoring a campaign to stop smoking in the lobby. Smoking increases the fire hazard and makes the insurance rates of Tampa U. higher.

The more money the school has to spend for fire insurance, the longer it will take to raise money for an endowment, which we must have to become accredited.

This campaign was discussed at a luncheon meeting held last Friday in the cafeteria. Special guests at the luncheon were Mr. McWilliams, the presidents of the Plant and Jefferson Young Builders' clubs.

Each Wednesday two boys from the club attend the luncheon meeting of the Kiwanis club.

Sunday, May 2, members of the Young Builders' club and their dates were entertained at a beach party at Haven Beach. Dean and Mrs. D. Edison Bunting were chaperons.

Six delegates representing the University of Tampa, R. B. Fordyce, president of the Student Body; James Whitehead, president of the Senior class; Mary Merle Jones, vice president of Intercollegiate Press; Ann Simpson, editor of the Minaret; Jane Hughey, editor for next year of the Minaret, and Charles Slocum, representative of the Junior Class attended the Florida Intercollegiate Press and Government association convention May 1 and 2 at St. Petersburg Junior college.

Registration for the convention began Friday morning and continued until afternoon, when the first meeting of the joint group was held.

Presiding over the convention, which was the ninth annual meeting of the joint group, was Claude Corrigan, University of Miami, president of the press group, and Janet Wells, Florida State College for Women, president of the student government division. Ray Mathews, member of the St. Petersburg Junior college honor council, was chairman in charge of the convention. Oleada Dysin, Stetson university, is secretary-treasurer of the group.

Approximately 40 delegates representing the University of Tampa, the University of Florida, F. S. C. W., the University of Miami, Stetson and West Palm Beach attended the convention.

The delegates attended meetings, were entertained at the Bath club, and attended "A Midsummer Night's Dream."

New Bookstore To Open Soon

Sometime this week the new bookstore will be opened in the Student Union room. This large room will provide a congregating place for students as well as accommodate them with their needs.

The counter is painted with the school colors of red, gold and black, and at each end there are revolving vari-colored lights. At the large window in the back of the room is an illuminated water fountain. Mr. Bill Walsingham and his crew of boys were in charge of the decorations.

The bookstore will be kept open five nights a week, and sandwiches, frosted drinks and other things will be served at all hours.

KAPPA KAPPA PSI PRESENTS PORCH FROLICS MAY 6

Coronation Feature Highlight of Evening

The fourth annual Front Porch Frolics and May Festival sponsored by Kappa Kappa Psi Honorary Band fraternity will be given on Wednesday night, May 6, at the university. Plans call for a solid evening of entertainment from 7 p. m. till midnight. The whole porch will be filled with carnival attractions including stands selling hot dogs, cold drinks, cakes, candy, and many other delicacies, and games of skill and chance such as dart throwing, penny pitching, etc. A special section of the porch will be reserved for dancing throughout the night to the music of the university's dance band.

Promptly at 8:30 p. m. a floor show will be presented with the porch serving as the stage. The audience will be seated at the foot of the porch steps where benches will be available. The show will feature musical and dancing acts by university students. The highlight of this show will come with the coronation of the Campus May Queen and her court of two maids. The names of the May royalty are being kept secret until the actual ceremonies. After the show dancing, the carnival will again hold the spotlight for the rest of the evening.

Committees handling arrangements are as follows: General manager, David Webb; publicity, Bill Hayes; ticket distribution, Charles Slocum; program, band and coronation, Steve Solak and Bill Hayes; construction, Bob Bretz and Merriwether Williams; food, drinks and sundries, girls of the newly organized musical sorority, Alpha Mu Tau; lighting, Walter Shiver; seating, Hazen Canleton; sporting concessions, Jack Liebmann; signs, Billy Webb; throne and bandstand, Walter Brown; door committee, Dick Wozniak, and master of ceremonies, Bill Hayes.

The porch will be thrown open and activities will start humming at 7 p. m., Wednesday, May 6. Tickets can be purchased from members of the fraternity and from other band members. Pocket trouble, including tax, is only 21 cents for the whole big show.

Dramatics Class To Give Recital

The class of dramatic interpretation will present several of its students Thursday, May 7, in the dramatics room at 8:15 p. m. At this time, Norman Light will present "Vagabond House" by Don Blanding, Miss Beth Hotchkiss will give "The White Cliffs" by Alice Duer Miller, and upon request a condensation of a short one act sketch will be repeated. Those taking part in the play will be Misses Beth Hotchkiss, Dot Hill, June Hunt, Elsie Gill, Judith Benson and John Randow and Bob Tyler. Special musical entertainment will also be a part of the program.

Invitations will be sent to a guest list including members of the Dramatic club, Alpha Psi Omega, and outside guests. Any faculty member interested is cordially invited to attend.

Refreshments will be served following the program. June Hunt and Beth Hotchkiss comprise the refreshment committee and Judith Benson and Dorothy Ann Kelly, the invitation committee.

The executive committee of the 313 Masquers met Wednesday and made plans for their annual picnic which will be held, the latter part of May.

GIRLS' START SWIMMING

The girls Freshmen and Sophomore Physical Education classes are starting swimming next Monday at Davis Islands swimming pool.

The Freshmen will leave the school at 1:30 on Monday and Wednesday afternoon and have instruction from 2 to 3 o'clock. On Tuesday mornings at 11:30 and Thursday at 10:30 the Sophomore girls will have their classes.

DO YOU KNOW WHY YOU ARE IN COLLEGE?

Do you know why you are in college? Strange, as it may seem, there are very few people who do know the answer to that question. Is it to gain the prestige that accompanies "going to college?" Is it just for the "Hang of it?" Or could it be, by some remote chance, to learn? Some students have been sent to college merely because their parents want them to attend their ole Alma Mater. Fortunately, the University of Tampa is a comparatively young college, and does not have this problem to cope with.

Some one has said that the principal thought behind going to college is to learn, and that learning should occupy every thought and every moment of our college life. True, to learn, is the primary reason we are in college, but there is much knowledge to be gained that can not be found in the books taught there. Don't devote all of your time to studying. Join a club, the band, or some other organization.

Clubs can help a person, in more ways than you can imagine. They foster friendships which will never be forgotten and may help you make future business connections. Many noted men have gained prominent positions in life through such friendships made in college.

You get out of anything exactly what you put into it. Dr. Mooney did not get to be the president of our school merely by graduation from college. He put everything he had into that college, and he is reaping the good that came from the act. The presidents of different clubs did not get their positions by just being club members. They put everything they had into their organizations. If we put our talents into our University, it will not only help us, but will also be adding something to the school. And what is the use of going to college if the same is not benefited by your being there and your contributing something to it.

If perhaps you are not socially inclined, a sorority will really help you. If you are interested in journalism, the Quill Club was made for you. The Spanish Club, the Pan American Club, the International Club, and other clubs here on the campus were organized just for you.

Yes, there is more to this college business than just learning. Perhaps you, as an individual, will get more out of college life than you will out of the books studied there. At any rate, know why you are going to college, and get in there and start fighting toward that goal.

DORA ANNE BERRY.

OUR MOROCCAN'S DELAY

We regret having to announce the delay of the publishing date of our year book. The original date of May 16, unavoidably, can not be kept, but we are promised that the Moroccan will be published before the end of this school year.

Defense must come first. It is not the fault of the editor, Olga Martinez, nor the staff that the date of publication must be postponed. Priorities on material and work have slowed down the staff's work on the annual. We all owe Olga and her staff a round of thanks and appreciation for the splendid work that they have done and are continuing to do against these odds.

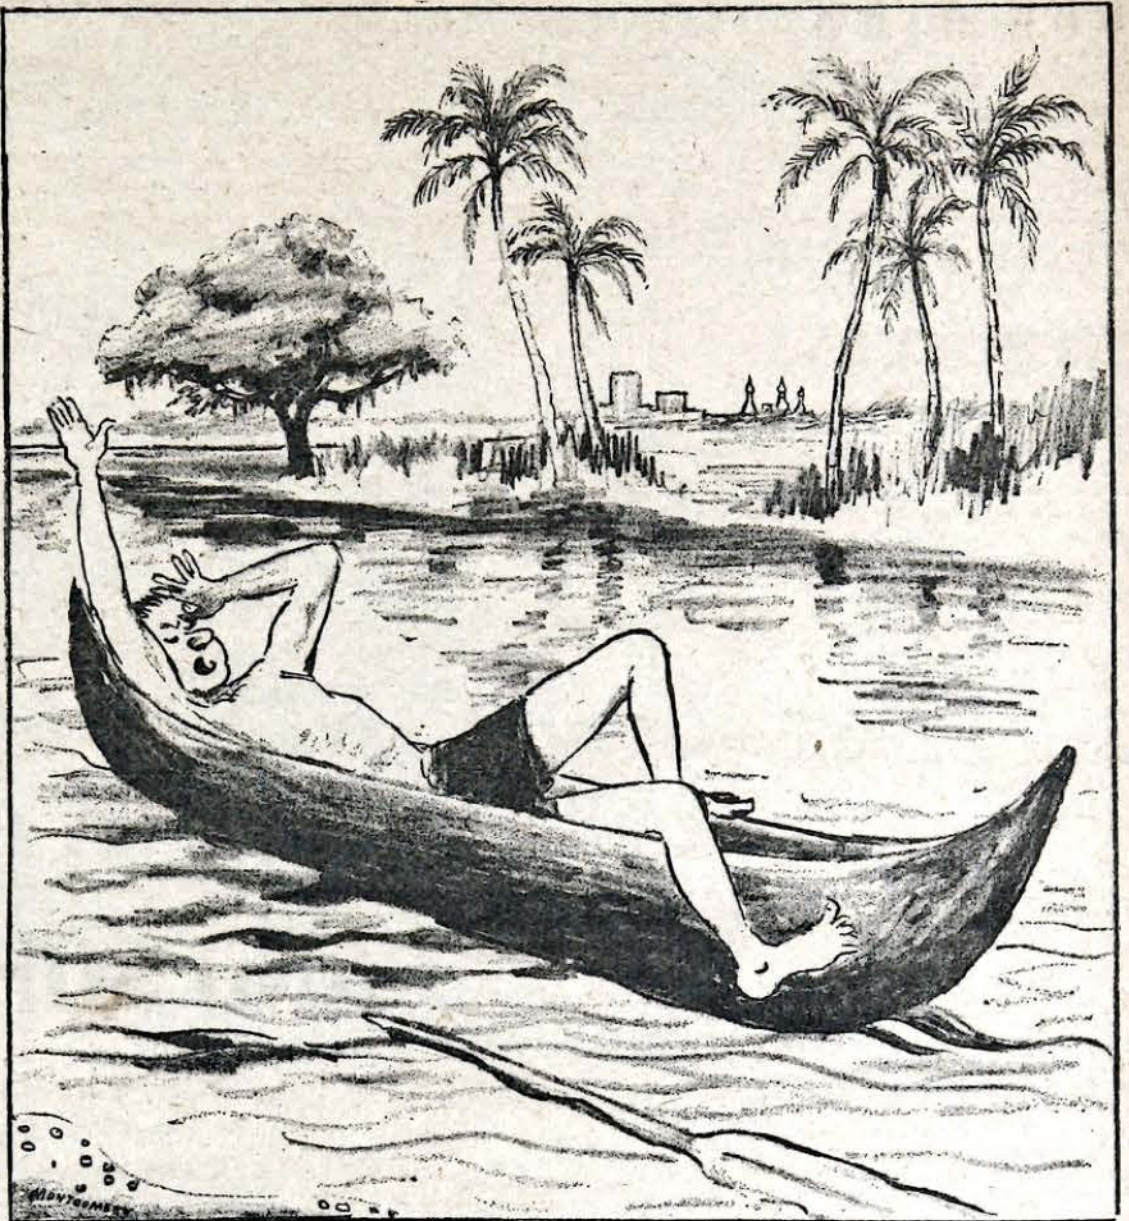

Just sit tight and be patient, because you will get your Moroccan as soon as its ready. If you think you could have done better under these conditions, then, why didn't you do it?

D. R. C.

SACRIFICE FOR DEFENSE

It is hard to realize as students so far removed from actual contact with the war that we are equally responsible for the successful conclusion of this great national enterprise. The impersonal attitude assumed by some students is a blind one and they realize that the life of their brother, father or friend may depend on their purchase of war saving bonds and stamps. Too often we have seen the result of unquestionable courage against well equipped cowardice. We must not be guilty of negligence which will cause our armed forces to loose faith. We have dedicated our lives, materials and money that those who are protecting our homes and ideals may have every resource at their command. Willingly have our soldiers given their all; willingly have we the people made sacrifices . . . now we must throw our entire efforts into the struggle . . . which we can best do by our purchase of defense bonds and stamps. Go now to the University's Bond Booth and be proud to have a part in America's destiny!

Mood Of The Week

What's Doing This Summer

Everyone has been wondering what everyone else is going to do this summer. Let's ask a few:

Beth Hotchkiss—"A little bit of everything including work, play and sailing!"

Jack Tanner—"Ditto!"

Ann Simpson—"Red Cross and family service work."

Dorothea Mallard—"Work and go to summer school. Ain't that gruesome?"

Walter Brown—"Go to war!"

Sarah Barnes—"I will graduate this June and I'm not going to do anything this summer."

Billy Webb—"Go on a cruise for the navy."

Claire Sanders—"You know what I'm going to do!"

Arthur Schiro—"I'll spend most of my time on Watrous avenue, as usual."

"Butch" Wilson—"Try to do a little extensive traveling so that I may uh—uh be—uh better prepared to cope with any situations which may arise in the profession which I have chosen and have been preparing for the last four years!"

Nancy Marsh—"Oh! I don't know. I think I'm going to Cuba."

Hazel Malcolm—"I'm going with Nancy. We're going to work our way on a banana boat."

Sherman Reed—"Stay out of the army, if I can!"

Paul Rippe—"I don't know. Might go to the Air Corps. Might not! Might come back to school and again I might not!"

Merriwether Williams—"Just depends on the draft."

Elsie Gill—"Just hoping for a job, so that I can come back next year."

Bob Smith—"I'm going to the U. of Florida to summer school."

Mary Eleanor Mercer—"Work and keep hoping for a job teaching."

Walter Shiver—"I'm going forth and boost the U. of T. wherever I may go."

Wanda Waters—"You just wait and see!"

Bette Campbell—"Goin' to work???"

No joke!!!"

Well, that's what a few are going to do. How 'bout you?

Knight and Spoltore—Just wait—

MANAGERS ARE HONORED

Scholastic and campus leaders, Bob Kloeti, Havana, Cuba, manager-elect of Auburn's 1942 football squad, and Warren Fleming, Atlanta, Ga., assistant manager of the Tigers' track team this year, have been elected to the local circle of Omicron Delta Kappa, national honorary leadership fraternity. Both are popular juniors.

STATIC

Hilda Bethea proved the old saying "the show must go on" when she danced at the Varsity show. Joe stood in the wings and waved a last good-by while she was dancing because he had to catch his train to Atlanta. Hilda and Emma Jane Beynon, another war widow, are among the molls who will help the Beta Chi's chunk their big function next week.

That romantic guy, Jackie Goodson, presented Mary Cantrel with an engagement ring right in the middle of the John Smiley walk last Saturday, and Celeste Dervaes is proudly displaying a shiner Louis Zendigue brought her between his trips back and forth from the army.

Among the other alumni coming in for their share of attention around here are Mac Shadburn, who came in from Camp Lee, Virginia, with his new wife; and Jack Williams, who is leaving for Atlanta to join the naval air corps. Also seen around town is Lieut. Dave Fulford.

Willard Driskell left last week for California. When our glamor-boy crashes Hollywood, we can say, "We knew him when."

Our recommendation for snake-of-the-year is Pat. W. She and Boopa should get together and wolf each other.

One of the newest romances to get underway here is the one rivaling Nancy Marsh and Glenn Philson. And another romance that ended in marriage recently is John Comporato on Ethel I. Ray Fordyce won't talk, but those "in the know" say he's been married for quite awhile now.

And Simps romance seems to be the real thing. Ask her who she moons about all the time.

Olga's soldier boy has gone so she's wolfing again.

Muezzin Now on Sale In School Lobby

The "Muezzin," the Quill club's annual literary magazine, is now on sale in the university. This magazine each year climaxes the literary achievements of the club.

Contained in the magazine are: short stories, poems, character sketches, essays, research papers and patriotic work. Since there is a number of articles in the publication by freshmen, Dr. Cramer, the club's faculty adviser, is going to use the magazine as a text for his classes during the last six weeks of school. The club publishes this "Muezzin" each year, on a non-profit basis. It will be on sale in the lobby for several weeks.

This Week In Defense

The University of Tampa has been approved and accredited by the army air corp and the navy to conduct army and navy programs whereby young men can enlist for regular college work and officer training leading to a commissioned officer's rank in either branch of service. This is an outstanding opportunity that the University of Tampa, working closely with the army and navy, is proud to offer.

Men between the ages of 18 and 26 inclusive who are, at the time of their enlistments, enrolled as full time students at the University of Tampa may enlist in the air force enlisted reserve for aviation training and defer their active duty until graduation from the university. This includes the possible enlistment of high school students who enroll at the university for either the June or Fall semester. All reserve aviation cadets will wear official lapel insignia.

Upon graduation from the University of Tampa, men enlisted in the air corps reserve will be assigned to an army air corp training base. Cadets completing the army air corps flying course at that training school will be commissioned second lieutenant in the U. S. army air corps reserve. Thus the student will not only serve his country as a commissioned officer; but as a college graduate, he will be better prepared for life after the war.

Under the naval program, freshmen or sophomores, between the ages of 17 and 19 inclusive, may enlist as apprentice seamen. This also includes the possible enlistment of high school students who enroll at the university for either summer or fall semester. In addition to their regular college work they will take prescribed naval courses.

After one and a half years of work, the enlisted students will be given a comprehensive examination. After passing the examination, the student will be either transferred into V-7, and assigned to the university until he receives his degree, or if he chooses, he may transfer to V-5 and be sent to naval flying school at the end of his second year.

Students in the V-7 will become midshipmen upon graduation and after three months additional training they will be commissioned an ensign in the United States naval reserve. Those who choose flying will be commissioned ensigns in the United States naval air corp reserve. University students enlisted in class V-1, U. S. N. R., will wear official insignia of service.

T. U. NINE HAS FOUR WINS, ONE DEFEAT

**Clements and Forster
Fan Greenberg**

By FRANK TESKE

The University of Tampa baseball team has won four games and lost one for a very excellent record this season up to the present time. The Spartans have beaten the MacDill Field Fliers twice, Drew Field once, and Taseco Shipyard once. MacDill took one game away from the Tampa U. nine.

In the first game of the season, Johnny Clements struck out Hank Greenberg, former major league slugger, while Frank Villarosa smacked out three hits and drove in three runs. The final score was Tampa U., 9; MacDill Field, 4.

Staging a five-run rally in the last half of the ninth, MacDill Field nosed out the Spartans, 6-5. Going into the last inning, the Spartans were leading MacDill, 4-1, but the Fliers tied the score and went on to win.

Playing their best ball of the season, the Spartans won a doubleheader from the army, beating MacDill Field in the opener, 4-3, and then taking Drew Field in the nightcap by a score of 3-1. Striking out 11 men including Greenberg, Doug Forster pitched the first game, while Johnny Clements allowed only four hits in the second game of the doubleheader. In the opener, Paul Straub's fly to centerfield brought in Frank Straner with the winning run in the last half of the ninth. The other game got off to a quick start when the Spartans scored two runs in the first inning and then chalked up another in the third.

Scoring 14 runs on nine hits, Tampa U. crushed the Taseco tossers by a score of 14-5. Doug Forster, Johnny Clements, and Tommy Lakus pitched for the Spartans, who scored five runs in the fifth alone.

In the Twilight league, Tampa U. has won one game from the 3rd Bomber Command, 7-0, and one from the 412th Signalers, 7-4.

Football Team To Have Rigorous Spring Practice

Rigorous physical training will be emphasized in spring football practice this year, Coach Joe Justice, Spartan grid mentor, announced last Monday. Practice will be held five days a week until the end of the term from 3:30 to 6 o'clock.

Coach Justice continued: "My idea of spring practice used to be not to put the squad through any really hard work. But I have changed my mind. This war situation is tough on football. None of us know how long it will be before we are called for military service. So we are going to do some hard work and get toughened up for the army just in case."

Along with the physical training, the team will run through various plays in order to become accustomed to the lineup. This Friday will see the squad put through its first scrimmage. Thereafter, scrimmage will be held once a week on Friday. Scrimmage games will be shortened to four 10-minute quarters.

Jack Williams To Be Honored by S. K. N.

Jack Williams, former president of Sigma Kappa Nu fraternity, who is leaving Wednesday for the naval air corps, will be honor guest at an informal farewell party to be given to-night by members of the fraternity.

The party will be held in the newly renovated fraternity room after the regular meeting. A gift from the members will be presented to Jack by Dan Shaw, recently elected president of the fraternity.

Sigma Theta Phi Pledges Entertain

Honoring members of the sorority, the Sigma Theta Phi pledges entertained at a bunco and game party Friday night at the home of Angie Spoto.

The party was for members and pledges only. Angie Spoto was in charge of arrangements.

Band Fraternity Marks Anniversary At Banquet and Dance

On Monday, May 11, the Alpha Sigma Chapter of Kappa Kappa Psi Honorary Band Fraternity will hold its First Anniversary Dance at the American Hellenic Center at 9:30.

Preceding the dance, the chapter will entertain at a banquet for members, dates, and special guests. Special guests will be Mr. Lyman Wiltse, honorary member; Mrs. Wiltse, Mr. John H. Forlong, honorary member and national trustee; Dr. and Mrs. James E. Mooney, Professor and Mrs. Stephen Park, Mrs. Mary Haverstick Givens, Mr. Harry Dobson, Mr. Bob Porton, alumni of the U. of Florida chapter, and Mrs. Porton.

Music for the formal dance will be furnished by Bob Porton and his orchestra. Sponsors will be Miss Elsie Gill and Miss Vivian Van Wormer. Invitations to the dance at being extended to all social fraternity members, members of the band, and others.

The banquet and dance will mark the celebration of the first anniversary of the installation of the chapter into the national organization of Kappa Kappa Psi.

Alpha Gamma Sorority To Hold Spring Dance May 8

Members of the Alpha Gamma sorority will sponsor their annual spring dance Friday night at 9 o'clock at the American Hellenic center. Don Francisco's orchestra will provide the music.

Preceding the dance, the newly elected officers of the sorority will be formally installed and a buffet supper given in their honor. An announcement of the names of the officers for next year will be made at the dance.

In charge of arrangements are: Nita Medina, invitations; Mary Jane Ryals and Kathryn Perdicaris, heading the decorations committee, and Mary Collura, Katherine Schiro and Olga Martinez in charge of the formal installment plans.

Invitations have been extended to the officers of the other sororities and to individual guests of the Alpha Gamma members.

Chaperons for the dance will be Dr. Laub, Dr. Lautz, Mrs. Givens and Harry Dobson.

Beta Chi Leading Softball Tourney

Leading the intramural softball tournament with three victories and no losses, the Beta Chi's have defeated all aggressors. Performing like professionals, they have the knack of a team accustomed to playing with each other.

With two wins and one loss, the Sigma Eps are holding down second place.

The Tau Omega and Rho Nu Delta fraternities are in a heated tie for third position in the standings, winning one and losing two apiece. The SKN's are last with two defeats.

In the men's singles and doubles tennis tournament, the first round has been completed. The singles title will probably be decided by Bob Henry and Jim Cryan, both excellent tennis players. The doubles title probably will be between John Randow-Jim Cryan and Bob Henry-Charles Heinmiller.

Glenn McRae Is President of T. O.

At the annual election of new officers of the fraternity last Monday night, the Tau Omegas voted for Glenn McRae to serve as their president for next year.

Charles Slocum was elected vice president, and other new officers were: Mervin Beat, treasurer; Fred White, recording secretary; Leo Stalaker, corresponding secretary; Calvin Peyrot, sergeant-at-arms; Don Cameron, publicity chairman; and Bill Hays, parliamentarian.

SPECIALTY RATES
for the University Miss

RANKINS BEAUTY SALON

426 W. Lafayette H-3067
"Across from University"

Compliments of

**JACK
SHEPPARD'S
GARAGE**

By ART "ACE" SPOLTORE

Little or no publicity has been given to our baseball team, so here's a boost for the team. It has only lost one game out of six, and has two of the best pitchers in the state throwing for the club, namely, John Clements and Doug Forster. Several new faces have shown up—Warren Scoop Watson, Tom Lakus and Larry Robles. The rest of the team is made up of veterans—Comparato, Jimenez, Villarosa, Holmes, Straner and Straub.

Beta Chi has just about clinched the intramural soft ball title. They defeated T O's last week 9-1, for their third successive victory. Just as predicted Willard "Babe" Knight with a batting average of .673 in three games has been the leader of the team. He is leading the teams in runs batted in and his average is

the highest. Knight and is potent bat will still remain the deciding factor in the next four games. Willard is a true Beta Chi boy.

Spring football is going to run for three more weeks, we hope. There are three more games scheduled, one each Friday till the end of the season. The last game will be with an alumni aggregation. These games are open to the public.

The annual tennis tournament for scholarship boys only will open next week. All players must have their names in to Andy Anderson, Jr., who is tournament chairman by popular vote, by the end of this week and play will start next Wednesday in both singles and doubles. The entry fee is 25 cents, and must be paid. There will be a system of prizes given, which will be worked out by Anderson.

Elections To Be Held on May 12

Elections will be held on May 12 for next year's major offices. Offices to be filled are president of the student body, to succeed R. B. Fordyce; president of the senior class, president of the junior class and representatives to the student council. Two representatives are chosen from the senior class, one from the junior class and the sophomore class.

Petitions must be in the book store by May 7. These petitions must be signed by at least 10 percent of the student body. Campaign speeches will be made May 11.

Mr. Borchardt To Speak at Art Club

Mr. Borchardt has been asked to talk to the Students Art club at the Federated Clubs building on Wednesday. His topic will be "The Work of the University Art Department and What It Means to the City." He will show some of the work done by various art students. Another exhibition of art will be made later in the year.

NAVY ANNOUNCEMENT TO COLLEGE FRESHMEN AND SOPHOMORES 17^{THRU} 19

**You want to serve your country!
Why not serve where your college
training will do the most good?**

Under the Navy's newest plan, you can enlist now and continue in college. If you make a good record, you may qualify within two years to become a Naval Officer—on the sea or in the air.

Who may qualify

80,000 men per year will be accepted under this new plan. If you are between the ages of 17 and 19 inclusive and can meet Navy physical standards, you can enlist now as an Apprentice Seaman in the Naval Reserve. You will be in the Navy. But until you have finished two calendar years, you will remain in college, taking regular college courses under your own professors. Your studies will emphasize mathematics, physics and physical training.

After you have successfully completed 1½ calendar years of work, you will be given a written examination prepared by the Navy. This examination is competitive. It is designed to select the best men for training as Naval Officers.

How to become an Officer

If you rank sufficiently high in the examination and can meet the physical standards, you will have your choice of two courses—each leading to an officer's commission:

1. You may volunteer for training as an Aviation Officer. In this case you will be permitted to finish at least the second calendar year of your college work, after which you will be ordered to active duty for training to become an officer-pilot. Approximately 20,000 men a year will be accepted for Naval Aviation.

2. Or you will be selected for training as a Deck or Engineering Officer. In this case you will be allowed to continue your college work until you have received your degree.

After graduation you will be ordered to active duty for training to become a Deck or Engineering Officer. Approximately 15,000 men a year will be accepted.

If you do not qualify for special officer's training, you will be allowed to finish the second calendar year of college, after which you will be ordered to active duty at a Naval Training Station as Apprentice Seaman.

Those who fail to pass their college work at any time may be ordered to active duty at once as Apprentice Seamen.

Your pay starts with active duty.

Here's a real opportunity. A chance to enlist in your country's service now without giving up your college training... a chance to prove by that same training that you are qualified to be an officer in the Navy.

DON'T WAIT... ACT TODAY

1. Take this announcement to the Dean of your college.
2. Or go to the nearest Navy Recruiting Station.
3. Or mail coupon below for FREE BOOK giving full details.

SANFORD HEADS COLLEGE GROUP

Named President of Florida Association

Dean Daniel S. Sanford was elected president of the Florida Association of Colleges and Universities at the ninth annual meeting of the group in St. Petersburg April 25. He succeeds William Melcher of Rollins college.

Dean Sanford is serving his second year at the University of Tampa, having come here after educational experience in several northern states and the Orient, where he was connected with the educational program of Yale-in-China. He is an alumnus of Yale.

Dr. Sanford has been active administrator in connection with the college defense and war training program, as coordinator of national defense activities in which the university has been engaged for a year. He was recently cited as one of the four Tampons honored for the 1942 selections in "Who's Who in America."

T. U. Chorus Sings In Presentation Of Elijah Tuesday

The most brilliant musical affair of the season will be presented tomorrow night at the municipal auditorium. Eight-fifteen will be the starting point of a really enjoyable and worthwhile evening. Elijah has long been considered one of the greatest oratorios ever written. The university chorus, augmented by choruses from the Friday Morning Musicals, the Junior and Senior Woman's clubs, Hillsborough high school glee club, and 12 different church choirs will sing the part for choral voices. These will be led by the capable director, Lyman Wiltse. For the role of Elijah.

Dean Daniel S. Sanford

"Let'er Ride!!"

RODEO OR RANGE—
TOP-HANDS AGREE:
"THERE'S NOTHING
LIKE A CAMEL"

GRAND CHAMPION ALL-ROUND COW-BOY FRITZ TRUAN also has a Saddle Bronc title to his credit. Wherever the riding is the roughest... you'll find Fritz in action—and, if not riding, he'll probably be enjoying a Camel (above). "Camels are extra mild. I've smoked 'em for 10 years," says Fritz.

"LESS NICOTINE in the smoke makes good horse sense to me," explains Bareback Bronc ace Hank Mills (left). "Camels have the mildness that counts. They've got the flavor, too." Everywhere you go, it's the same—for extra mildness, coolness, and flavor, there's nothing like a Camel—America's favorite.

"AFTER A REAL TOUGH RIDE, believe me, nothing hits the spot like a Camel," says Steer-Riding Champion Gene Rambo (below). "That full, rich flavor is great—and no matter how much I smoke, Camels always taste swell. What's more, the extra smoking in Camels is mighty welcome economy."

The smoke of slower-burning Camels contains
28% LESS NICOTINE
than the average of the 4 other
largest-selling cigarettes tested—less than
any of them—according to independent
scientific tests of the smoke itself!
