English—American Debate on Vietnam

The Delo Forensic Society will sponsor an international debate in which two University of Tampa debaters and the two British champion debaters will participate, at 8 p.m., Friday, March 11, at the Falk Theater. Admission will be free.

In the exhibition debate, University students Ronald Eckstein of Tampa and John Mulry of Worcester, Mass., will collaborate with Richard Calder Jose of Nottingham University and Mike Hartley Brewer of the University of Birmingham, England, on the topic, "Resolved: That This House Deplores American Policy in Vietnam."

Eckstein and Mulry will each be teamed with a British debater in the collaborative debate. Judges will be announced later. Eckstein will be on the affirmative team and Mulry on the negative.

Dr. Hugh Fellows, professor of speech, is faculty sponsor for the Delo Forensic Society.

According to Dr. Fellows, twice a year the Speech Association of America sponsors an exchange debate between the two best British debaters and the two best American debaters. The American debaters tour the British Isles and the British debaters tour America with exhibition debates.

On March 12 an informal tea will be held at 3:30 p.m. in the International Room, when a discussion will be held on "Values in American Universities versus Values in British Universities." Everyone is invited to attend.

Eckstein recently won top honors, along with other Delo Forensic Society debaters, at the all-Florida forensic tournament held at Florida College, Tampa. He and Don Fredgrant were named the best negative debate team on the national intercollegiate debate topic, Resolved: That the Federal government should grant greater freedom in the investigation and prosecution of crime. Eckstein was also named the best speaker in debate and Fredgrant the second best speaker in debate. Bob Thompson took honors as the best poetry reader and Kathleen Faraghan, second best poetry reader.

John Mulry participated in the University's debate with Harvard University last year, as well as other debates. Dr. Fellows announced that the University will debate Harvard in a return competition this semester. The date has not yet been set.

Fraternity Queen Chosen

Carran Porter, a junior at the University from Fort Lauderdale, Fla., has been named as "Rose of Delta Sig" by members of Delta Sigma Pi, professional business fraternity.

Miss Porter will be crowned in ceremonies to be held at the fraternity's dance in March.

Carran was graduate from Fort Lauderdale High School in 1963. Her activities included Future Teachers of America, Tri-Hi-Y, FHA and band.

After graduation she attended Huntington College, Montgomery Ala., for a year, after which she transferred to the

University of Tampa. Her college activities include ACE, NEA-SEA and Civinettes. She is a member of Zeta Tau Alpha sorority, in which she has served as activities chairman, historian-reporter, and pledge class treasurer. She is currently ritual chairman. As a pledge, Carran received awards for Outstanding Pledge and Outstanding Pledge Scholarship.

GROW ALONG WITH A.W.S.

Dr. Warren, Dean of Women at Florida State University in Tallahassee, was the guest speaker for the first A.W.S. Convocation. Her main topic was the rising importance of women in today's society. During the two world wars, women achieved a great deal in gaining recognition for themselves, and consequently more women hold key positions in the business world than ever before.

Dr. Warren stressed the important role college life plays in developing leadership qualities. The A.W.S. is an ideal organization for preparing women on how to use qualities which make a leader, such as intelligence, magnetism, zeal and sensitivity.

Ford CARavan Of Music

Reserved tickets are now on sale for the "Ford Caravan of Music" presentation of "The Lively Ones," a concert starring Roger Miller and featuring the Good Time Singers. Sponsored by the University of Tampa Special Events Committee and Student Congress, it will be held at 8 p.m. March 27 at Curtis Hixon Hall.

Tickets can be purchased at Curtis Hixon Hall, Sears stores in Tampa, St. Petersburg, Lakeland and Clearwater and Belk-Lindsey of Britton, Tampa, and business office for students and faculty.

Prices are \$2.50, \$2 and \$1.50.

Miller, a top recording artist, is well-known for such hits as "King of the Road," a million-seller; "Dang Me," "Chug-A-Lug," and his latest, "England Swings."

The Good Time Singers, composed of nine young people, take the best from folk and country music, plus rock 'n roll. They are well-known for their television appearances on the Andy Williams Show.

Miller's versatility is shown in that he is not only a singer, but also a composer and arranger. People like Andy Williams, Patti Page, and Burl Ives sang his songs and made them hits. But because he wanted to sing his own songs, he soon rocketed to national fame.

Aside from achieving his mass public popularity with TV viewers, concert goers and record buyers, Roger Miller has received the highest awards the record industry has to offer. Besides taking every possible award in the Country and Western category from National Academy of Recording Arts and Sciences, he was awarded both of the annual awards by the Music Operators of America. This is the first time one person has ever received both.

Since his TV Special in January, appearances in movies, and with a possible TV series in the works, the popular artist is one of the most sought after performers in the entertainment field. The "Ford Caravan of Music" tour of college campuses is his first concert tour.

Dean Warren herself, possesses all these characteristics and certainly is a good example for all of us to follow.

DRAFT

By Eileen Cohen

In the last issue of the Minaret, I gave a bare outline of what a male student should be aware of concerning the draft. This time I should like to alert the male students who are presently classified 2-S of the developments in student deferment.

As I stated last time, college students will no longer be automatically deferable; they will be called when necessary to fulfill draft quotas. To decide which students to take, Lieut. General Hershey has re-instituted the qualification test used during the Korean War. This College Qualification Test consists of 100 questions and Hershey will only spare those obtaining a good score on this test or a reasonably high rank in class.

There are several ways to postpone or avoid being drafted—as Hershey has pointed out in several of his statements. Some of the ways involve other types of military service. A man may join the Reserve or National Guard, but he must serve on active duty for 4 to 6 months, attend meetings for the rest of his 6-year obligation, and be ready for active duty if his unit is called up during an emergency; besides, many National Guard and Reserve units already have full quotas.

Then there is the Peace Corps, but that only delays the inevitable, since a man is immediately subject to the draft once he returns home. The new draft pressure has produced heavier-than-usual applications for R.O.T.C. and officer training, which usually requires a longer time in service but at least gives a man officer status.

Under the new rules, the draft boards will now decide whether each student is more important to the national welfare as a student or as a soldier. Most administrators expect a crisis to come this summer, when many "to-the-end-of-the-term" deferments will run out and be closely reviewed by draft boards.

I suppose it would be safe to assume that we will see an increase of names on the Honor Roll and perhaps even the Dean's List at the end of this semester—a larger percentage of male names, I hope.

MIAMI DEAN JOINS STAFF

Dr. Charles Doren Tharp, well-known educator and former vice president for academic affairs at the University of Miami, has been appointed as assistant to Dr. David M. Delo, president of the University of Tampa.

Dr. Tharp, who assumed the newly-created position this month, recently retired from the University of Miami after many years as a faculty member and administrator. He served as vice president for academic affairs and dean of the faculties from 1955 until his retirement, having joined the faculty in 1939 as assistant professor of English.

As assistant to President Delo, Dr. Tharp will be concerned with various academic and administrative functions, new projects and evaluations. He will work closely with the University's faculty and administrators, to whom he is well-known through his work as consultant to the college's Commission On Program Revision. He delivered the commencement address in 1959.

In taking over his new duties, Dr. Tharp said, "I have a great deal of respect for the leadership Dr. Delo has given not only the University of Tampa but also higher education in the Southeast. Since he came to the University in 1958, its progress has become quite apparent throughout the area."

Dr. Delo said, "I am delighted that Dr. Tharp has been able to join us. His excellent experience, academic judgment, and educational creativity will be of tremendous assistance during this period when we are preparing to make important changes in our educational program."

In 1964-65 Dr. Tharp was asked to return to the University of Miami to direct organization of its archives section, a nine-month project. He collected various historical materials and directed publication of a handbook on the project.

Prior to becoming vice president for academic affairs, Dr. Tharp had served the University of Miami consecutively as associate professor, then professor of English and department chairman; director, then dean of the Division of Adult Education; dean of administration, and dean of the College of Arts and Sciences. The University honored him by electing him to the Order of Merit.

Dr. and Mrs. Tharp have one son, David K. Tharp, a recent law school graduate who is associated with the chief district federal judge in Miami.

Mr. Keller, "Where Are You?"

Mr. Keller, assistant professor of the English department, resigned on the 18th of February due to ill health. He has been a faculty member since 1947, and is remembered for his memorabilia of Thomas Wolfe, the famous American writer. Dr. Walker: "We'll miss a good friend and a fine colleague."

\$11,500 Boon to New Laboratory

The William G. and Marie Selby Foundation of Sarasota has awarded a grant of \$11,500 to the University of Tampa for construction of a laboratory for the teaching of foreign languages, Dr. David M. Delo, University president, has announced.

The grant will provide for the installation of the University's second language laboratory. The first was installed in 1960 and in part financed by contributions from the University's alumni. A modern facility to be equipped with 25 student booths, the new laboratory is expected to be ready for use this coming fall.

The University's Department of Modern Languages, headed by Dr. Eustasio Fernandez, offers majors in Spanish and French and courses in German and Russian.

In announcing the gift, President Delo said, "This timely and generous gift from the Selby Foundation will make it possible to enhance the University's foreign language teaching program, for which there is a growing demand. We are deeply grateful to the Selby Foundation for its assistance."

Dr. Fernandez added, "The acquisition of an additional laboratory will make it possible for our students to have more hours available in which to study languages. It will double our capacity and will also make it possible for us to have special languages programs on the campus during the summer and regular terms in addition to our normal academic program."

The Selby Foundation is an educational and charitable organization established by the late William Selby, pioneer Sarasota resident, prior to his death in 1956. His widow, Mrs. Marie Selby, is chairman of the foundation.

In 1963 the Selby Foundation established scholarships at the University of Tampa to provide assistance to academically worthy students in science and mathematics, with priority given to those from Sarasota County. Four such scholarships are offered annually.

A BIG THANK YOU

This past week was dubbed "Religious Emphasis Week". The purpose of this observance is to bring better religious understanding to the students on campus. During this week the classrooms were visited by various religious leaders of the community. We would, at this time like to thank these members of the city for giving of their time to us. College is a time when many doubts arise in the minds of students and perhaps these meetings have helped us to re-evaluate our convictions.

DON'T BLAME US ! ! ! ! !

If ever you walk past many of the students in the main lobby you will surely hear a gripe of how this school is not like any other University. Many reasons that are given are that the school never does anything for the students but just how true is this cry of anguish?

The University in reality goes out of its way to bring entertainment to our campus. Yet when it comes time for the student to do his part we can just see about a handful of student at any of these functions.

Today the college key word will have to be apathy we hear it every day and on this campus we surely see it every day. It is the estimation of this newspaper that the School is not to blame in this case, however, it is the student body! So if you find yourself complaining don't gripe about the School but look at the people around you, and blame them ! ! ! ! !

Letters to the Editor

Feb. 23, 1966

Subject: University of Tampa
Student Leadership Conference.
Refer accompanying notice.

The very poor attendance last night at the first meeting of the conference was very disappointing. Students who registered for the conference neither appeared nor called in advance to offer explanations.

Considerable planning and preparations have been involved in arranging this conference for the student body. Since students are always clamoring for more responsibility in determining the course of events at the University, it is assumed that they would particularly desire information concerning the topics covered.

I urge that you invite the attention of your membership to the benefits to be derived from both the theoretical and practical aspect of the presentations.

The next program will be held on Tuesday, March 1, at 8:00 P.M. in the International Room.

Lively Arts

Selection of the cast for the University of Tampa production of "All My Sons" by Arthur Miller has been announced by D. J. Cemele, director of the University's Falk Theatre. The play will be presented on the theatre's new open stage March 16-19.

Selected for starring roles were community residents Ed Wisner, as Joe, Madalene Shreve as Kate, Doug Vance as Chris, Judy Bowen as Ann, Max Vance as George, Ed Thompson as Dr. Jim and Mary Knight as Sue. Students Paul Gowack and Susan Henderson will take the roles of Frank and Lydia respectively.

Ken Utberg will be assistant to the director. Bob Bronaugh is stage manager, assisted by Jim Reasoner.

Opening night attendance will be by invitation only but the other performances will be open to the public.

The Pulitzer Prize winning drama of 1965, "The Subject was Roses", starring Dennis O'Keefe, Peter Durtea and Liz Ross, will be presented at the University of Tampa's Falk Theatre at 8:30 P.M. March 5. It will be this season's third event in the University's "Theatre Artists series".

Called the "Best American Play of the Year" by the New York Drama Critics Circle, it was the only dramatic play of the 1964-1965 season to win the unanimous reviews of the Broadway critics. Still a hit on Broadway, the play will be presented at the Falk Theatre exactly as it appears in New York.

The box-office opens for ticket sales Friday, February 25 and hours will be noon to 5 P.M. weekdays.

To the Editor:

I am addressing the administration in this letter, and I think it is something every student is concerned with.

Ever since I came to Tampa U. I have been hearing how the school was building a better reputation and how this depended on the students more so than the administration. Well, this is fine and I want this college to develop as much as they do, but how about thinking about recreation as well as academics?

To me, this is really a serious problem. The administration is always complaining about the student drinking problem. Well, I have a question for the faculty — What else would you like us to do? We could go play shuffle board with the Senior Citizens Club or spend the day in the Library. Now let's be serious, the only half way decent facility we have is the student center.

The administration will not accomplish anything by putting restrictions on us. Students will continue to drink and raise trouble until there is something better for us to do in our spare time. The university was just given a new beach house and several other generous donations. What harm could be done by giving a little of this to the students? The results may be amazing. Enough said?

Name withheld upon request.

Dances Slated

Two open adult square dances will be featured this weekend at recreation centers operated by the City recreation department.

Today from 8 to 11 p.m., Skeeter Chauvin will be caller at the dance at North Tampa Recreation Center, 12th and Seward.

Joe Johnson, president of the Florida Callers Association, will be guest caller on Saturday from 8 to 11 p.m. at North Boulevard Recreation Center, 214 N. Boulevard.

The dances are co-sponsored by the Tampa Square Dance Council and the City Recreation Department.

Dr. Noel S. Stevens, chairman of the University of Tampa Department of Music, has announced that the University Wind Ensemble concert originally scheduled for Friday, Feb. 18, at the college's Falk Theatre has been postponed until March 6 at 8:15 P.M. at the theater. At that time a Twentieth Century Wind Music Concert will be presented.

Wallace F. Green, chairman of the Department of Art at the University of Tampa, has been appointed to serve in an advisory capacity on the ad hoc committee on art in conjunction with the Cooperation Project for Standardization or Terminology in Instructional Programs.

Sponsored by the U.S. Department of Health, Education and Welfare for the years 1966-68, the project concerns standardization and clarification of terminology in art education in the public school systems and adult education programs.

FROM THE TOP

CUTS ANYONE?

"Any student who has been absent from a course for the equivalent of two weeks shall be dropped and may not be reinstated except upon written recommendation of the instructor, approval by the Vice-President for Academic Affairs. When a student is dropped from a course for excessive absences, there will be no refund, and student will receive a grade of F."

This is an excerpt from the paragraph entitled "ABSENCES" on page 55 of the 1965-66 catalog. The term "equivalent of two weeks" means, for example, if one is enrolled in a class which meets two times weekly, he will be dropped should he miss four classes.

The Vice President for Academic Affairs has given me the responsibility to determine if a student should be reinstated once he has been dropped from a class due to excessive absences. I wish to stress that I can reinstate a student only if the reinstatement is approved by the instructor.

There seems to be a general misunderstanding why we have the absence rule. The answer is obvious. One must attend classes regularly if he expects to gain full knowledge of the subject matter.

There are times when a student must miss a class due to circumstances beyond his control, such as, real sickness or an emergency. When I say "real sickness" I do not mean a headache or oversleeping. The reason a certain number of class cuts are allowed is to take care of circumstances which are beyond the students' control.

The majority of students who have come to me for an interview had no idea that they were over the allowable cut figure. I have a solution to this problem which I recommend to you. Those students who have followed my recommendation have never returned to my office on account of excessive absences. I recommend that a student list each class on a sheet of paper. Under each class enter the amount of class cuts which you can take without running into trouble. Take no unnecessary cuts if you have to take a cut, record the date the cut is taken under the class from which you took the cut. Subtract that from the figure you have and the new figure will indicate how many allowable cuts there are remaining. If you keep a balance sheet on your class cuts, and you take no unnecessary cuts, you should never be listed among those who receive a grade of F for excessive class cuts.

FINALLY, KEEP FIRM IN YOUR MIND THAT THE ALLOWABLE CUTS ARE TO BE USED ONLY WHEN CIRCUMSTANCES BEYOND YOUR CONTROL CONFRONT YOU AND THAT GETTING REINSTATED IN A CLASS ONCE YOU HAVE BEEN DROPPED IS IN MANY CASES IMPOSSIBLE AND DEFINITELY MUCH MORE DIFFICULT THAN TO GO TO CLASS REGARDLESS OF HOW SLEEPY YOU ARE OR HOW MUCH YOUR HEAD ACHES.

Esquire's CLUB & CAMPUS FASHIONS

By CHIP TOLBERT
ESQUIRE'S FASHION EDITOR

THE MODS OF LONDON have been responsible for nurturing some of the most radical and exciting fashion ideas in recent memory. At the outset, however, let's make it clear that virtually none of these fashions are presently being worn on American campuses. Yet in fashion as in everything else, from extremes emerge the means, and there's no doubt that modified versions of many of these innovations will catch on and be counted among the best college market sellers in the near future. In any case, we thought you'd be interested in hearing about what's happening right now on the London fashion scene, as well as what's being done in Mod fashions in America.

"SEE YOU IN CARNABY" is the in-phrase among London's way-out swingers these days. Almost overnight, Carnaby Street, located in London's fashionable West End, has become the center and the source of what the Mods refer to as their "instant fashions." It's an amusing paradox that Carnaby is located a mere 200 yards from Savile Row, long recognized as headquarters for London's most distinguished and conservative tailoring establishments. Who shops Carnaby? Only the Dave Clark Five, The Rolling Stones, The Animals, four young men named John, George, Paul and Ringo, and a fifth who used to be known around town as Anthony Armstrong-Jones. And what do they, and thousands of their fans and followers, buy there? Some pretty surprising fashions...

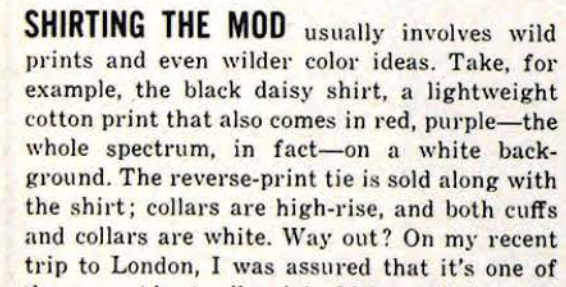

THE MOD TUXEDO, for a start, offers plenty of surprises. Cut tight and skinny, it features a 3 or 4-button jacket, high, narrow lapels, very deep side vents, satin belt loops, cuffs, and a wide satin belt. The trousers are tapered in *extremis*, and the outfit may be worn with black demi-boots. Accessories are radical, if not outrageous: frills on the cuffs and front of the shirt, plus a *very* wide bow tie.

THE MOD MODE, in all apparel areas, is characterized by certain definite trends. The wardrobe is form-fitted, and anything smacking of standardized fashions is "automatically out." The plumage on the male bird is getting brighter and snappier, and there's no doubt that it's getting harder all the time to tell the boys apart from the girls. Prices are comparatively high: slacks run anywhere from \$15. to \$25.

Lines are fluid, and we frequently find strong surface interest in a rich variety of textured fabrics. In slacks, the low-rise, hip-hugging model is in. Belts run as wide as three inches, and many of them are colorfully striped.

MODISM MOVES ON: here are some more "musts" in the fashion-conscious Mod's wardrobe. A camel suede overshirt with seamed pockets and shoulders, usually worn with slacks tapered to the knee, then flared out to bell bottom cuffs. A pair of giant black-and-white houndstooth check trousers, worn as low as possible. Ticking-striped low-rise jeans worn with a matching snap-front jacket. A rugged blue denim shirt with a high-rise collar and cuffs of white broadcloth. A fancy soft leather vest. The Mod Suit which doubles as a sports ensemble merely by unbuttoning the suit collar and replacing it with a dark collar. And maybe even a black vinyl, double-breasted jacket with slanting side pockets and patch breast pocket.

SHIRTING THE MOD usually involves wild prints and even wilder color ideas. Take, for example, the black daisy shirt, a lightweight cotton print that also comes in red, purple—the whole spectrum, in fact—on a white background. The reverse-print tie is sold along with the shirt; collars are high-rise, and both cuffs and collars are white. Way out? On my recent trip to London, I was assured that it's one of the current best-sellers! And it's now being sold in a few shops across America.

MOD-ORIENTED SWEATERS are among the first fashions to be adopted in this country. Bulky-knit mohairs are popular. Vivid stripes on the sleeves are sometimes repeated on the extra high turtlenecks. The scarf sweater incorporates school colors in an attached panel that wraps around the neck and hangs down in front and back. In any case, the Mod idea is catching on fast. Retailers from Minneapolis to Manhattan are clamoring for Mod fashions. Peacoats, white bell bottoms, the wider use of suede and corduroy: all these recent innovations can be partially attributed to London's Mods. Who can say what will come next? The wider paisley and polka dot ties are already fashion staples! Dramatic changes lie ahead.

GENTLEMEN, the Rockers have had it. The Mods are with it, and the fashion world is switched-on. Next month, we'll switch back a little closer to home in time for your Easter Vacations. Swim shorts, walk shorts, and resort wear will be our topic. See you then.

ALPHA CHI OMEGA

Alpha Chi Omega is proud to announce the initiation of seven new sisters. On Friday, February 11, Patricia Collins, Kathleen Faraghan, Carol Hutchinson, Betty Ippolito, Joyce Lo Cicero, Rosalie Pendino, and Barbara Sheffield, our lovely fall pledges, were initiated into the sisterhood. Congratulations to each of them. As their pledge class project, they presented to the chapter specially prepared song books, a gift well-appreciated.

On February 17, our informal rush party was held. The theme: "Bugland." At the moment, the sisters are busily preparing for the formal rush party to be held Thursday, February 25. This is a beautiful event, and very special highlight of Alpha Chi Omega's Spring Rush.

DELTA PHI EPSILON

The sisters of the Delta Upsilon chapter of D Phi E are proud to announce the initiation of Deborah Schenkman into their sisterhood. Congratulations to Debbie!

Representatives from D Phi E chapters at the University of Georgia, the University of Alabama, the University of Texas and the University of Florida were there. After many hours of meetings and discussion groups, our hostesses, Delta Kappa Chapter, honored us with an Open House party on Saturday night, which was a good time for all.

The week-end was an enjoyable and profitable one, and we are looking forward to hosting the Delta Kappas here on our own campus in the near future.

Sister Marcia Chalfin has recently been elected to the office of the 2nd vice-president which involves the office of Pledge Mistress.

PI KAPPA PHI

Pi Kappa Phi would like to take this opportunity to acknowledge its new Actives, they are: Jay Anders, Roy Carrasco, Larue Collins, Harry Connor, Paul Jirka, Joe Martinez, Jim Moore, and Charles Talmadge.

The Pi Kappas are looking forward to the Spring Semester with such favorites as DAU-

THETA CHI

Theta Chi would like to congratulate brothers Al Arnow, Pete Law, Jerry Quinn and Paul Sachetti and the entire January graduation class.

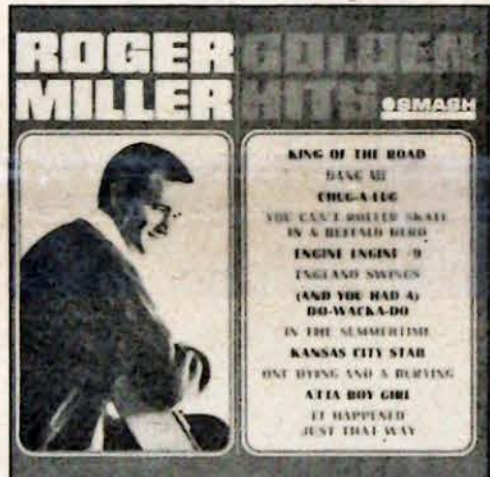

February 13 the Epsilon Zeta chapter will initiate its fine Fall '65 Pledge Class.

Now the season of Springtime is upon us and the brothers are moving into our fabulously decorated, lushly carpeted, naturally air cooled 'home' on South Newport.

In retrospect, we see the wonderful cocktail parties and other events of the past semester and look forward to an outstanding Spring '66. "We must be doing something right."

COLLEGIATE CIVINETTES

By Hope Harbison

We, the women of the Collegiate Civinettes, are constantly carrying on our program for the school and community and offering the opportunities of self-expression, self-development and leadership.

Our group, as you know, is a non-profit organization and any service rendered, is done solely on a voluntary basis and is not only dependent on the support of our school community, but also on the efforts of its membership.

An estimated 7,000 persons heard Jack Benny perform with the Tampa Philharmonic recently as Benny pushed his earnings for symphonies over the \$4 million mark.

Approximately \$16,000 in tuition scholarship aid has been granted by the University of Tampa during the 1965-66 year to students who are bona fide residents of the city of Tampa and Hillsborough County, University officials have announced.

Under a new provision which went into effect last September, students who are registered voters of Hillsborough County or who can produce evidence of parental voter registration, are granted tuition aid scholarships at the time of registration at the University. This aid is not to exceed \$25 for each student per semester. If a student is 21 or over, receipt of voter registration and notarized affidavit of residence is required.

RICK MANNEN WINS SHOOTING CONTEST THIRD STRAIGHT YEAR

Rick Mannen successfully defended his title by capturing the University of Tampa's 1966 Intramural Foul Shooting Contest at Howell Gym on February 21. This was the third straight year Rick has won the title. Mannen, teamed with Bob Ashmead, defeated the Independents in the team standings 80-63.

Second place in the individual scoring was Bob Ashmead who defeated last year's runnerup, Mike Lavin, by one shot.

Third place team standings went to Theta Chi Fraternity who was represented by Frank Walker and Henry Grau.

The fourth place position in team standings was occupied by Sigma Phi Epsilon Fraternity.

Basketball Team Ends Season

Tampa University ended its season on Saturday night, February 26, by losing to Florida State. This loss gave the Spartans a season record of seven wins and eighteen defeats.

The leading scorer for the Spartans was Dick Pusins who averaged 19.8 points per game. He was followed by Vic Thixson (14.2), Ron Stone (11.2), and Chris Wacenske (10.0).

The leading rebounder was Chris Wacenske who gathered 213 for a 8.5 average per game.

McKAY DEFEATS THETA CHI

McKay Hall with the fine play of Greg Stawicki and Dave Seagrist defeated the Theta Chi's in the Championship Intramural Basketball game.

Although behind six points at the half, McKay used its fast break and finally overtook the Theta Chi's who were definitely hurt by the loss of teammate Fred Fox. He had fouled out early in the second half and even with a good performance by Tony LaRosa, the Theta Chi's could not play well enough for victory.

In the Consolation game, the Independents defeated the Sig Eps. The Independents led by the play of Ron Makinson and Pete Schmidt took an early lead which they never relinquished. The Sig Eps were hurt by poor shooting throughout the game. Despite the fine play of Ken Voltar and Mike Lavin, the Sig Eps could not make up for the all around play of the Independent squad.

Young America on the Go-Go

Flash: The biggest news ever to hit teen travel is the new half-price plane fares! Anyone between the ages of 12 and 22 can now travel for 50% less than the regular price of jet coach ticket—and to just about any place that's anything in the U.S.!

More young people will be taking to the skies than ever before. Know what that means? The scene will be swinging even before the destination is reached!

Some tips for making that next trip the best ever: First, don't wait until the night before to start making plans. Half fare travel is on a standby basis so get your tickets beforehand.

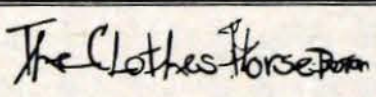

Know someone where you're heading? Then drop him (or her) a card before to set things up. Don't wait 'til you arrive to call; your friend may already have plans and nothing beats the inside know-how of a native for getting you the right spots.

Don't take everything with you that isn't nailed down. Porters are always around except when you need them. Just in case you should be one of "the chosen ones" however, be sure to have some quarters in an accessible pocket.

Now, to get down to important business—where the kids are. The IN spots are: More than ever before New York is where the action is. Twenty years ago young people made pilgrimages to Paris; today they come to NYC—the young people's town... Provincetown, America's Bohemia on the Waterfront and one of the liveliest, swiftest stretches of sand on the American Mainland... Washington—for a cultural-political survey course the fun way!... Los Angeles where the liveliest season is the summertime when the Hollywood Bowl, Greek Theater, Disneyland and the indomitable beach parties get into full swing.

Quickies: Don't miss—New York's Washington Square in Greenwich Village, scene of a gigantic art show in the spring and fall and folk singing every Sunday afternoon... the Tombs in D.C.—a noisy cellar where beer starts at 35¢ and you can chew on a Polish sausage for all of 17¢... "Pop" folk music at The Troubadour in L.A. where if you can prove you're 16 you get a 50% discount at the door... San Francisco's Windsor Hotel, the perfect pad for the student shoe-string—plushy for the price... "Camp" is IN and so is camping in the Grand Canyon area... One of the farthest out discotheques is Boston's Bibliotheque which does look like a library!

For more of where the action is—send for a free 64-page booklet "Go-Go American." It contains detailed information on student priced accommodations, restaurants, and 200 IN discount coupons for top spots all over the country! Just drop a card to Dept. ML, Youth Plan Headquarters, 633 Third Ave., New York, N. Y. 10017.

Tampa University Signs Promising Football Players

by Ed Roth

The 1965 football season was one of Tampa's finest in recent years. In keeping with its promise to build the University into a football power, the Athletic Department has recently signed many outstanding football players.

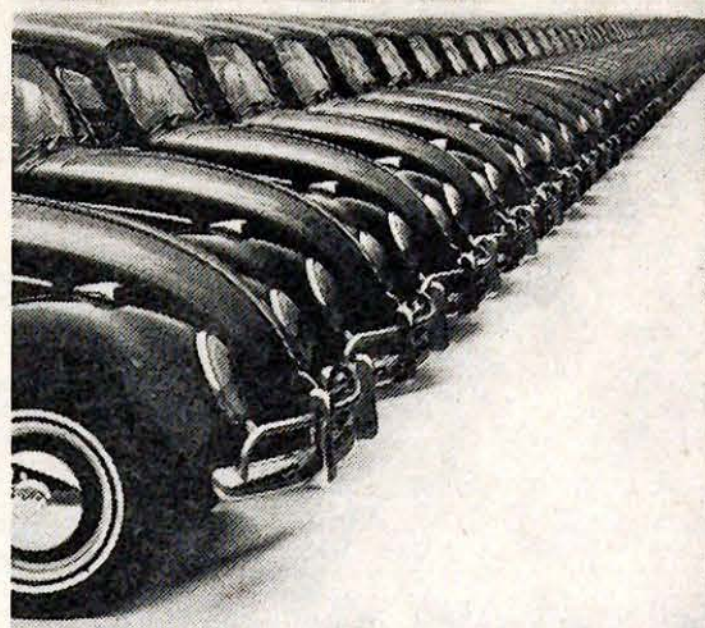

Some of these are: Phil Schaeffer, 6'1", 210 pound, former Robinson High School star, who was the leading rusher on last

Has the Volkswagen fad died out?

Yes. But it was an unnerving experience while it lasted. Because after we introduced our completely sensible car, people ran out and got it for completely frivolous reasons.

The first people bought VWs just so they could be the first people to have one.

And a lady in Illinois had one because it looked cute beside her "real" car.

However, the faddists soon found out that the bug wasn't an expensive (\$1,574) toy, but a cheap (\$1,574) car.

As a fad, the car was a flop:

(When you drive the latest fad to a party, and find 2 more fads there ahead of you, it catches you off your avant-garde.)

But as a car, the VW was impressive:

If you had to go someplace, it took you. Even when some cars wouldn't. And when you got there, you could park it. In places where other cars couldn't.

Once people took the bug's good points for granted, it became the best-selling car model in history.

And that's when the VW fad ended.

JUDO GIRLS'

by Patty Harrington

The Physical Education Department under Miss Rodriguez has started a new activity. The sport is Judo and is being taught by Mrs. Lora Friedman, professor of Education at University of Tampa and Chairman of Women's Judo for the State of Florida. She is ikkyu, first degree brown belt and has played Judo for four and an half years.

In this class Mrs. Friedman is aiming to teach the sport of Judo in its techniques of falling, throwing and groundwork. She also is teaching the students self defense techniques.

For you who know very little of Judo, it means Ju — gentle, do — the way. It is training for self-control, patience, flexibility, coordination, and general good health. The art is not to be performed for personal gain and the skills of Judo are not to be abused or misused at anytime.

In the study of Judo, non-resistance is the main tactical force. You yield to your opponents force as you are pushed or pulled forward, so doing, not only do you neutralize the effect of the opponent's effort and minimize expenditure of your energy but you are more able to sustain your balance than by resisting, while weakening the opponent's balance.

Boys—Beware of these Girls

Fly Northwest for half fare.

Northwest Orient Airlines has cut jet fares in half for all young people 12 through 21.

There are just two easy steps to qualify. First, be able to prove you're at least 12 years of age—but under 22. Second, purchase a \$3 identification card. You can also use your Northwest "I.D." card on most other major airlines.

We'll sell you a seat at ½ price whenever a seat is available, after regular passengers and military standbys have been accommodated.

Our Northwest Youth Fare Plan is good in the continental U.S. and applies all year around—except for a few days listed below.

Any questions? Call Northwest Orient Airlines. Better yet, fill out the application form at right. Take it—with proof of age—to your nearest Northwest Ticket Office. Or mail it to Northwest.

Travel under the Youth Fare Plan is not available on April 7, November 27, December 15 through 24, 1966, and January 2 through 4, 1967.
