UNIVERSITY OF TAMPA, TAMPA, FLORIDA

March, 1968

Former Student Rudge
Awarded Bronze Star

William G. Rudge Jr., a student at the University of Tampa from 1962-65, has been awarded the Bronze Star Medal for heroism in action in Viet Nam and by order of the President.

Rudge, an Army sergeant, distinguished himself by valorous actions on November 18, 1967 while serving as team leader of a long range reconnaissance patrol. While maneuvering his small force thru the dense jungle, he found an enemy path. He ordered his men into concealment. His troops were sighted by 40 heavily armed insurgents and fired upon.

"In complete disregard for his own safety, Specialist Rudge returned fire and ordered his men to perform an immediate action drill. His decisive actions enabled the reconnaissance patrol to exfiltrate without receiving any casualties. Specialist Rudge's courage and devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, the 9th Infantry Division, and the U.S. Army," according to Col. Robert E. Braden, Chief of Staff.

Bill Rudge Jr.

Rudge has tentative plans to return to the University in January, 1969, after completing his military obligation.

Large-Small School Controversy Spark
University of Tampa SUSGA Conference

By Bobbi O'Connor, Staff Writer

Dissension over the status of large and small schools added some controversy to the Florida State Southern University Student Government Association meeting held recently at the University.

Representatives from over Florida assembled on the Spartan campus to discuss mutual problems.

The revision of the Florida SUSGA Constitution added the note of controversy. The University of South Florida wanted more emphasis placed on the larger schools since they represent more students. Other opposition included the use of the phrase "non-political" organization. Conrad Slate, representative from Tennessee Tech, who worked on the Constitutional Revision Committee explained that SUSGA was not set up as a political organization but rather a group to discuss and help other schools with similar problems dealing with student government.

In answer to South Florida's argument, Slate explained SUSGA is an organization of governments and their problems, not the student bodies as a whole. Therefore, under the final decision, each school regardless of size should have one vote. The Constitution is now to be sent to colleges for ratification.

In executive meeting Monday, March 6, the University of Tampa voted in favor of the constitutional revision.

Other topics as constitutional revisions, Greek relations with student government, student government and faculty relations, publication support in student government, an effective student legislature, student government in the community, Latin American Student Government Exchange Program and the secretary's role in student government were discussed at the conference.

MINARET MAID OF THE WEEK

Miss Toni Rodriguez from Tampa is our Minaret Maid of the Week this issue. Toni is a sophomore majoring in French and minoring in Spanish. She enjoys outdoor sports, and, like all Floridians, loves the beach. On dates, she likes fraternity parties and dances and looks for kindness and wit in a date.

"Honey West" Star
Will Appear
In UT "Clear Day"

John Ericson, the Sam Bolt superdetective of the "Honey West" television series, will star in the musical-comedy, "On a Clear Day You Can See Forever," when the show is presented Monday, March 25. The curtain will ring up at 8:30 p.m. in McKay Theatre at the University of Tampa.

The musical-comedy is the fourth presentation of the Theatre Artists Series. It succeeds "The Knack" originally scheduled for Friday, March 15.

D. J. Cermele, director of the series, said persons who hold season tickets to "The Knack" should call the box-office at 253-3726, to make exchanges.

Appearing with Ericson are 15 cast members including co-star Linda Michele, a young singer who has been featured in several road shows.

In addition to his weekly television series, Ericson has been featured in movies opposite Elizabeth Taylor and Grace Kelly. For MGM, he did "Bad Day at Black Rock."

On Broadway, he starred for 688 performances in the hit, "Stalag 17," and then spent another six months with the show on a national tour. Ericson sang the Role of King Arthur in "Camelot" opposite Kathryn Grayson last summer on the West Coast.

The musical is the story of a young psychiatrist whose heart-strings are torn between a 20th Century "scatter-brain" with a talent for extrasensory perception and an 18th Century English noblewoman who was, it seems, the former incarnation of this 20th Century vis-a-vis.

Princeton & Harvard
Debate Team Here

Debate teams from both Harvard and Princeton will challenge members of the Delo Forensic Society at the University of Tampa during the last of March.

Tampa will take the negative side of the resolution: "Resolved, That the Federal Government Should Guarantee Every Citizen of the United States an Annual Cash Income," at 8:30 p.m. Friday and Sunday, March 29 and 31, in Falk Memorial Theatre.

Tampa's honor in both duels will be defended by Eugene Canfield of Tampa and Arthur Eichengberg of Hawthorne, N. J. Both are seniors concentrating their studies in business and economics.

Tampa defeated Princeton last year and is offering its "Challenge Cup" again this year. If Princeton were to win, Tampa would have one year to recover the trophy. Permanent possession of the prize is awarded to either team winning twice within three years.

The debate with Harvard will attempt to break a 1-1 tie record. Dr. Hugh Price Fellows, professor of speech, is debate coach of the society and Jack H. Bertsch, assistant professor of philosophy, is the advisor.

Dean Wiley Dispels Rumor;
Women to Remain on Campus

By Nancy Meehan, Staff Writer

Dean Wiley stated that she never told any University student that 21-year-old and older women could live off-campus, dispelling a current rumor on campus. She said that some students were told that the matter was being considered but that no formal decision had been made. This apparently started the rumor that off-campus-living would be permitted next year.

"As long as there is room in the girl's dormitory," Dean Wiley said, "there positively will be no off-campus living."

St. Patrick's Day Dance,
Easter Trips Scheduled

After two days of holding the Speech-a-thon in the Student Center, Delo Forensic relocated in Thee Place. Art Eichenburg never stopped talking as he and other Forensic members carried the podium from the Center to the coffeehouse.

St. Patrick's Day will be celebrated at the University with a Program Council Dance in the cafeteria Sunday 8-12 p.m.

Music will be provided by the Puddin' Basin, a group which has performed at many University functions. Admission to the dance is 25¢, and favors will be distributed at the door.

Steaks will be served for Sunday dinner and recorded music will accompany the meal.

Also on the Program Council agenda are the annual Nassau and New Orleans trips during Easter vacation. Reservations are being accepted for the student excursions in the Student Center office.

The Nassau trip is a four day event which includes transportation, meals and accommodations for \$120.

For \$85, a student spends seven days and six nights in New Orleans. Also covered are four tours, accommodations, and night club cover charges. Meals are at individual expense.

Deposits for both trips of half the total cost are required by March 28.

The traditional Harold's Club night of gambling, floor shows and dancing is set for March 30. This year, chuck-a-luck, Black Jack, over and under, dice tables and roulette will lure students. Curfew will be extended to 2 a.m. for the evening.

Announcements will be made soon about activities scheduled for Fifth Anniversary Week of the Student Center, April 14-21.

\$19,265 In Scholarships
Awarded To T U Students

Ninety-one academic scholarships totaling \$19,265 have been awarded by the University of Tampa for the spring semester, according to Peter Cook, student financial aid officer.

Last spring 84 scholarships valued at \$20,359, were awarded.

Student Leaders
To Meet Here

Four outstanding Tampans and one person from out-of-state will spotlight the Third Annual Student Leadership Conference to be held during March and April at the University of Tampa Student Center.

The purpose of the program, sponsored by the Program Council of the Student Center, is to equip the participants with the knowledge and working tools of leadership to be of more value to their organizations, according to Director Robert Lovely.

Dr. Aurobindo Jani, assistant professor of psychology at the University, will kick off the first session, "The Psychology of Leadership," which opens March 19. On March 26 and April 2, Ted Wendland, supervisor of the sales division at Tampa Electric Co. will talk on "Parliamentary Procedure."

Michael DeCarlo, former dean of students at the University now at Oglethorpe University, will discuss the "Problems of Leadership" on April 15.

At the final session, April 22, Colby Armstrong, executive secretary of the Merchants Association, will speak on "Running Meetings" and Ray Clifton, director of Continuing Education at the University, will talk on "Effective Leadership Aids."

Students wishing to sign up for the conference may do so before Friday, March 15.

This brings the total number of scholarships presented for the 1967-68 school year to 169 involving 116 students and \$36,580, Cook said. This is compared to a total of 151 scholarships to 102 students involving \$36,348 for the 1966-67 school year.

Academic awards last fall amounted to \$17,315 distributed to 78 students up from the 1966 fall figures of \$15,989 to 67 students, Cook noted.

dent must maintain an academic standing of 1.5 quality points of a possible 3.0.

In addition to academic scholarships, the University offers a tuition scholarship of \$25 to students carrying 12 semester hours if their parents are bona fide residents of Hillsborough County.

Tampa recipients of academic scholarships include: Mrs. Adeline M. Gonzalez Castillo, Joyce Chao, Vincent R. D'Alessandro Jr., Rosemary Easton, Marlene C. Fernandez, Gene M. Flores, Robert Q. Gordon, Era Lea Henderson, Barbara T. Kanaszka, Mrs. Barbara E. King, Sarah J. Marchese, Lourdes Martin and Morley L. Maudon.

Others are Joseph J. Masturzo, Neal V. McCarthy, Patricia Anne McCloskey, Mrs. Norma J. McCumber, Philip G. Owens, Selestine Prater, Laura Lee Pullara, Joyce Ann Rodeiro, Mrs. Astrid Rogers, Mrs. Patricia A. Schellenger, Frederick M. Tibbitts, Mrs. Betty A. Valdes, Richard J. Warren, Morris S. Willner and Mrs. Elma L. Zambito.

MINARET MAIL BOX
IN STUDENT CENTER

Speech-a-thon
Sets Record

University of Tampa's Delo Forensic Society set a world's record in non-stop talking. The members talked continuously for 168 hours. This record will be recorded in the 1968 edition of the Guinness Book of World Records.

Originally, the purpose of the speech-a-thon was to promote unity and a spirit of cooperation among the members of the society, however it also provided quite a bit of publicity for the university. Henry Morgan mentioned it on Monitor news and it was also mentioned on the Huntley-Brinkley Show. After the society reached its goal for 168 hours Monitor news sent down reporters to cover the whole story.

Bill Greco, president of the society, originated the idea of the speech-a-thon and John Gusowski was in charge of getting in touch with the publishers of the Book of World Records and finding out how to make it legal. He was told the society could set its own rules but once made they would have to be adhered to throughout the earlier speech-a-thon. The rules set up were quite restrictive: only a natural pause in speaking was allowed. The material of the speech had to be extemporaneous, i.e. one could not read his speech, a short direct quote could be used, and the speaker was limited to a small area surrounding the podium.

Don Fredgant, with 17½ hours, holds the record for the most hours spoken by the men and Askrid Rogers, with 10½ hours holds the record for the women.

Minaret

The Minaret is published bi-monthly by the students of the University of Tampa, Tampa, Florida

(Publication is suspended one week prior to and one week following vacations.) Editorial content is decided upon by the Editorial Board appointed by the Editor-in-Chief.

All letters to the Editor are reviewed by the Editorial Board—content, however, is in no way altered. Views and opinions expressed in these letters are not necessarily those of the University, the paper, its editor or its staff. Letters must be signed, but the name of the author will be withheld upon request.

DORMITORY VANDALISM SENSELESS, EXPENSIVE

There are two sides to every story. A particularly unpleasant "other side" to the Lykes Hall story has been uncovered.

Each academic year, University students do \$5,000-\$7,000 worth of damage to all dormitories. Most of this is senseless vandalism, as unexplainable as it is uncouth.

According to Mr. Chiricos, director of maintenance, each dorm is put into shape before the beginning of the year. However, after the first month or so of school, destruction of living quarters begins.

A newly installed automatic elevator in Delo Hall has been repeatedly sabotaged this year. On the sixth floor, the call indicator has been ripped from the wall, necessitating residents to buzz for the elevator from the fifth or seventh floor. This is an example of vandalism that directly hurts the student offenders.

McKay Hall seems to be the center of campus destruction. This year alone, three plastic trash barrels, valued at \$90, were thrown into the Hillsborough River. Seven fire extinguishers also landed in the river, an action which could directly cause the future injury or death of dormitory residents. Holes were kicked in the doors of eight rooms. An acoustical tile ceiling was destroyed. One drunken student released a fire extinguisher in the dorm. Jalousie door louvers have been kicked in, repaired, and kicked in again. Equally senselessly, telephones have been ripped from dorm walls. Game rooms have been repeatedly torn up.

As was stated in another context in the last Minaret, this is not a tenement, but a college dormitory. What motivates such pointless vandalism? Is such expensive and dangerous activity considered "boys will be boys?" Doesn't the extent of this damage indicate inefficient maintenance of order by student counselors?

Twenty-four University buildings must be kept in repair by 18 maintenance men. Repairs after student binges seems to be keeping this over-worked force busy.

It will be difficult indeed, for one group of students to register any responsible criticism of University policy or procedure if another student group, no matter how small, continues to demand regulation because of unreasonable, unexplainable behavior.

The maintenance department stands ready to repair and service all dormitories when notified of need. Students are asked to notify dorm directors when repairs are needed, as nothing can be done if no one is told of damages. If action is not taken within 48 hours, the problem should be taken directly to the maintenance department, located opposite the basketball courts.

Perhaps better communication can eliminate previous misunderstandings.

ACTIVITY ENCOURAGING IN CAMPUS ELECTION

It is encouraging to see, this year, that students seem to be taking an interest in the student government elections. Twenty-eight candidates are competing for offices.

Three positions will be filled with unopposed candidates; luckily these students are qualified to hold office. But the majority of posts offer contests between several candidates, indicating the system of choice which defines democracy.

According to Tommy Rao, attorney general, the election is proceeding well. It is hoped that the voters will respond with equal thought and activity.

MINARET APOLOGIZES FOR LYKES HALL ERROR

Journalists cannot be half-right. With freedom of the press, which does exist on the University of Tampa campus, comes the inevitable responsibilities of accuracy and fairness.

The Minaret misrepresented a situation on campus in the last issue. In an effort to dramatize living conditions in Lykes Hall, pictures were used which were not representative of dormitory rooms.

A misunderstanding, unintentional but nevertheless damaging, involving the reporter and the photographer for the story created the unfortunate situation. Several pictures supposedly illustrating student living quarters actually were taken of a locked store-room, which would not be expected to be kept in constant repair.

The Minaret accepts the blame for this incident and apologizes to the parties concerned.

Above all, the Minaret hopes to be accepted as a responsible voice of student opinion. With this in mind, we intend to maintain strict honesty in principle and practice to keep the faith of our readers.

CAMPUS Reflections

By G. Jameson Gadabout

Hello, again! Once more the slightly sadistic, terribly truthful and relentlessly ruthless pen of G.J.G. is lifted to relate to you news, views, comments and criticisms of the everyday, humdrum existence of the U. of Tampa student.

It appears that "fooling" can turn into serious business as two 315 Hyde Parkers can testify. They probably never dreamed they'd be starring in "The FBI Story"!

Rush is over and so are all the free meals. It is said that the Sweden House will never be the same. And as you drive down a street and find it unusually lumpy and bumpy, it is the result of that off again, on again, or shall we say "Faucet Fraternity's" perseverance and good memory in doing a job on those susceptible freshmen boys. Other fraternities, don't give up just because your motto of "We don't have to rush", has proven false, there's always next time. Just don't let next time be too late.

All that hot air billowing up from Thee Place isn't a result of the furnaces, but rather, from Delo Forensic's Talk-A-Thon. A great deal of stale air seems to have wafted its way up the stairs hiding behind the guise of Apathy. Why is it that people who talk the most and do the least get all the credit for doing something they don't even have the brains enough to think of. If you're so hepped up on getting rid of apathy, T.L., why not do something about it instead of just talking about it. Overplayed records tend to grate on one's nerves, so do overplayed people.

Rumor has it that senior women over the age of twenty-one will be permitted to live off campus next year. Rumor also has it the Dress Code is going to be changed, but the best rumor I've heard in a long time is that the University is going to build a Library. Have you heard any funny rumors lately?

The University has taken the time and gone to the expense of installing a bell system to insure the prompt beginning of classes. The administration might think of a way of insuring that the professors begin promptly. Perhaps they should take a little stroll down the second floor about 10:05 A.M. on a Monday, Wednesday or Friday. It's interesting to note that the same people are always waiting for the same professor. There is an old saying that "What's good for the goose is good for the Gander". This certain Gander, however, seems to be using a double standard. Perhaps what he should use is a double alarm clock.

Many times I have overheard conversations of students and even faculty members commenting on things that have appeared in my column. If you have something you'd like me to write about or something you'd like to condemn me for having written, I encourage you to drop me a line via the Minaret Mail Box located in the student center. There's always room to improve and your reactions would be most welcome.

My bestseller list last issue was a little skimpy, so here are the latest and greatest to hit the charts.

The Fiasco of the Century by the Panhellenic Car Wash Delegation.

How NOT to Win at Softball by the TKE's.

Being Campused and Being Obnoxious by My Pal Joey.

How to be a Superstar by Mr. Ram.

The Five Dollar Dare by the Dinner Dancing Duo.

Nevertheless it's time to close with those immortal words of yours truly, "He who stabs in the back now, has great pain in the heart later."

LETTER TO THE EDITOR

To Whom It May Concern:

It would seem that students that have a destructive nature receive more encouragement from the student leaders or the student government on this campus than students who speak peacefully and creatively for 168 hours.

The Delo Forensic Society spoke continuously for 168 hours, night and day and did not receive one word of encouragement from the president of the student government. He was even seen in Thee Place, but his interest was more of a personal nature than of a nature of giving a little credit to a hard working group of students who could have used his encouragement. These students were get-

ting valuable publicity for the university, both local and nation-wide.

It must be noted that only two or three professors found time to encourage this group, but my gripe is with the so-called student leaders, who have been heard this past week saying that the students on campus are "apathetic."

I personally feel that this small group of students has done more for the character of this university than any event, athletic or cultural, held on this campus. And to expect a word or two of thanks from those whose first concern should be the betterment of this university is certainly not expecting too much.

Bill Greico
Pres. of Delo Forensic Society

Count Basie Concert Thrills McKay Audience

By Gary J. Kuenz, Staff Writer

The curtains in McKay Auditorium opened recently to the sounds of the great Count Basie. Thrilled best describes the response by the majority of the audience. Such old favorites as "April in Paris" and "I Can't Stop Loving You" to the new tunes of today were presented. Afterwards an informal reception was given in honor of Basie.

Leading off with 24 bars of easy swing in "All of Me" the brass suddenly erupted with the familiar Basie "kick" as the reeds and rhythm followed suit. Coming out of nowhere this sudden spurge of sound more readily could have been called a shock. From the first piece to the last the hard drive of the band never ceased.

"Flight of the Foo Birds," featuring alto and tenor sax solos, best showed Basie's new style. "I Remember Clifford," closer to the modern jazz vein, exhibited the greatness of the late Clifford Brown, jazz trumpeter. "Who Can I Turn To" provided the vocal work of Joe Williams and the last ingredient of the blues style.

When asked the reason for his success at the reception Count "Bill" Basie replied, "I play what makes the people feel good, and what makes them feel good, makes me feel good." Further questioned as to why he appeared on college campuses he added, "The College generation seems to know what is happening. The students seem to appreciate the kind of music I love to play." When asked to compare his type of music with the new psychedelic tones Basie said he couldn't because he didn't understand or know anything about it.

After leaving Tampa Count Basie will continue on a westward tour ending in Los Angeles. On or off stage Basie along with his band displayed the precious power of communication; the necessary ingredient of the professional entertainer.

Student - Authored Play To be Aired by Television

By Nancy Meehan, Staff Writer

"Jormada" is the best original play that has ever been produced at the University of Tampa. It is a fifteen minute, one-act-play, written, directed, and acted by students at the University.

"Jormada," Spanish for "a day's journey," symbolizes the conflict between the real world and the world of fantasy.

John Nichols, who plays Jake, is a conservative individual who "catches the coo coo bird," and wanders to the doorstep of an incredible world — not to step in, but to gain new knowledge of his own life.

Eldris Elkins, who represents the sophisticated world, Dotty Branch, who portrays a hippie, and Arthur Haver, the average individual, are the three characters who dominate this unrealistic world of fantasy. They have broken away from "our reality," and try desperately to pull Jake in with them.

Costuming was done by Connie Ohlman, hair fashions were styled by Tracy Mancusi, and lighting supervised by Paul Gowack.

Richard Wright, the author, completely left the interpretation and direction up to Gowack — an extraordinarily refreshing and perceptive young man. Mr. Wright's words are poetic and uniquely symbolic.

"Jormada" has been presented three times to the public since February 25, and will be video-taped on April 2 for a morning television show on April 7, on Channel 13. Wright will then send the tape to New York for criticism.

Ft. Lauderdale Official Issues Warning for Easter

TO: ALL STUDENTS PLANNING TO VISIT FORT LAUDERDALE, FLORIDA DURING THE SPRING HOLIDAYS 1968

FROM: R. H. Bubier, City Manager, City of Fort Lauderdale, Florida

DATE: February 8, 1968

I would like to take this opportunity to welcome you to our City and sincerely hope that your stay will be a pleasant and memorable experience.

In order that neither you nor the City incur any unpleasantness, the following suggestions and policies have been instituted and will be adhered to unequivocally.

1. Do not come to Fort Lauderdale unless you definitely have a confirmed housing reservation. Our policies and ordinances prohibit sleeping in cars and/or sleeping in the open. Campers or trailers are not permitted to park on the beach. If this type vehicle is to be used as living quarters it must be parked in a trailer park specifically licensed for this purpose.
2. All the laws that govern the conduct of the individual will be enforced. A person must be 21 years of age in order to purchase or consume alcohol. Persons guilty of intoxication, (it should be noted that drinking in the open is not permitted) narcotics, use of false identification, creating unnecessary noise or any other form of disorderly conduct and any other unlawful act will be arrested and prosecuted. Violations of the traffic code will result in apprehension and prosecution of the offender.
3. Parents and school officials of any and all students arrested during this period will be officially notified.

Students should be aware of the fact that persons who are arrested and convicted on any charge will have established a permanent, and sometimes criminal, record against themselves which could have a detrimental influence later in life.

It is the feeling of the City Commission, this office and all of the City departments involved, that if your conduct while in Fort Lauderdale follows your personal guidelines while on campus, that your vacation will indeed be a pleasant and memorable experience.

Cordially,
R. H. Bubier,
City Manager

Election Candidates Offer Platform

Mike Catanese

President of Student Gov.

Mike Catanese came to the University of Tampa in the Fall of 1965 and made the Honor Roll his first semester at the University. He pledged Sigma Phi Epsilon Fraternity in the Fall of 1966 and was again on the Honor Roll. Mike is a Biology major and plans to go to dental school after graduation.

Last year Mike was selected along with twenty-nine other students from across the country to participate in The Dental Research Program for

College Students sponsored by the American Dental Association. He spent his summer at Case-Western Reserve University working in the Physical Biology Department. Last semester Mike made the Dean's List and acquired a 2.0 overall average. He is now president of Sigma Phi Epsilon Fraternity and has received a scholarship from the University.

If elected President of the Student Body, Mike plans to accomplish two main objectives. First, he plans to stimulate greater participation by the student body in student government. He hopes to enlarge the scope of student government to make more people aware of their best instrument for any type of reform at the University of Tampa. Secondly, Mike is concerned with the general apathetic attitude of students toward University functions and hopes to improve this situation by working for more student control in planning and executing functions. Mike believes that it is the students that make a university great and without student pride and participation the University cannot make any great advancements.

Ed Page

President of Student Gov.

Ed Page, also known as Missouri, is in the process of completing his third year at the University of Tampa. His numerous accomplishments, in many various fields, provide the confidence needed in a candidate for the President of our Student Government Association.

Since his acceptance at TU,

Ed has actively participated in many extra-curricular activities. As a sophomore he became an active member of the Pi Kappa Phi fraternity and has

served this organization diligently. He is a main participant in the universities intramural program, where he was selected to various All-Star teams. However do not overlook his academic status. He carries an accumulative grade average of 1.9 and, as a result, has been awarded an academic scholarship.

As a junior, along with holding the prominent office of President of the class, he manages to actively report for the Minaret. He has also been twice named to the University of Tampa's Honor Roll.

To the students: "I feel students should rely more upon the Student Government Association and be assured that the student leaders uphold their rights. And, if I am elected President of our Student Government Association, I will do all in my power to uphold these rights."

James Parker

Pres. of Student Government

James Parker would like to ask the student body for its support in this election. He would not be a candidate for the office of President of the Student Government Association if he did not feel he was qualified. Jim has served in student government all the way through high school and while he was a student at Western Kentucky Univ. In his three years here at Tampa, he has been a very interested spectator in Student Government affairs and especially in giving the student a bigger voice in Student Government as well as Administrative affairs.

There are a lot of changes which should be made around this campus so that the student can live, relax, and study, in a more favorable atmosphere; such things as better food, liberalization of dress standards, and also the treatment of college students as adults, not prisoners or young children. These are all things that are mentioned continuously by students but very few actions are made to improve the situation. Something has to be done! Jim is not saying that he can get rid of all these problems, but he will do his best to alleviate them, or even dispose of them all together.

If you like the way things are here at the University now, then do not vote for Jim because there are going to be many changes made.

Herbert Knowlton

Vice Pres. of Student Gov.

Herbert Knowlton, one of the candidates for Vice-President of the Student Body is a sophomore from South River, New Jersey. He is acquainted with the procedure of student government, since he is a member of the House of Representatives and the Vice-President of Sigma Phi Epsilon Fraternity.

Understanding the duties of the office, Herb is willing to accept these responsibilities and fulfill his obligation to the students of Tampa University at the best of his capability.

Claire Weiner

Vice Pres. of Student Gov.

Probably one of the most attractive candidates for Student Governments is Claire Weiner. This bright co-ed plans to hold the office of Vice-President of the Student Government Association.

Claire, who has been in on the planning and enjoying end of many activities at the University of Tampa, has the energy and know how to make a big success of Homecoming and her other responsibilities as Student Government Vice-President.

VOTE!

Mary Sue Gaudio

Co-Ed Vice President

"God grant me the Serenity to accept the things I cannot change; the courage to change the things I can; and the wisdom to know the difference." M.S. knows the difference. The office of Co-Ed Vice President needs someone that knows what to do and how to do it. As a result of her vast experience in Student Government and all around leadership, Mary Sue has this knowledge. She has been a working, active member of the House of Representatives for three years. She has attended and learned much about student problems and how to solve them by attending numerous Susga conventions, of which Student Government is closely aligned.

Serving as President of Alpha Psi Omega, the Honorary Drama Fraternity, and Membership Chairman and Treasurer of Zeta Tau Alpha she has gained more experience in the role of leader and caused her to be named to Who's Who in American Universities and Colleges. Having been Chairman of Orientation, she has the know-how to get along with people and the perseverance to get things accomplished. Mary Sue has proven time and again that she is capable, trustworthy and devoted. She has the experience

Linda Waldman

Speaker of the House

Co-ed Vice President requires a dynamic and alert personality to carry out the duties of this important office. The search for such a person may be ended with Linda Waldman.

Active in student activities Linda has proven her ability to lead as president of her pledge class, lawn display chairman, dorm counselor, a member of the House of Representatives, a member of the elections committee and the roster goes on.

Elected to be your Co-ed Vice President, Linda will do her best to represent your views in the House and as a member of the Executive Committee—vote for effective and competent leadership.

Kathy Driscoll

Sec. of Student Government

Experience should be of primary importance when selecting a candidate for any office. In the case of Kathy Driscoll, her past experiences more than qualify her for the office of student government secretary.

Leadership is not a new role for this pert junior. She has

served the student body on the Orientation Committee, as a member of the House of Representatives, cheerleader, and historian; librarian of

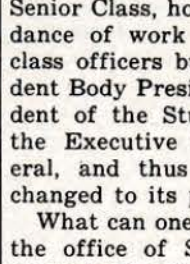

Civinettes. Sorority experiences include vice-president of her pledge class and president of Alpha Chi Omega. During high school she was elected secretary of her senior class and the student body — she has also worked professionally as a secretary during summer vacations.

Donna Blaess

Sec. of Student Government

"I expect to pass through this world but once. Any good thing, therefore, that I can do or any kindness I can show to any fellow human being let me do it now. Let me not defer nor neglect it, for I shall not pass this way again."

The office of Secretary of the Student Body is relatively a new one. The present elections will start the third year of its existence. Prior to 1966 the office was entitled Secretary of the

Senior Class, however, the abundance of work fell not on the class officers but upon the Student Body President, Vice President of the Student Body, and the Executive Council in general, and thus the office was changed to its present title.

What can one really say about the office of Secretary of the Student Body? It is a job few people ever want, and basically a thankless job. One which requires a lot of time and availability. Qualifications are such that a person needs the ability to write and type to a high degree of accepted English composition. What is even more important is a command of the language with the ability to formulate and execute efficient and effective letters, memos, minutes, and whatsoever else the need may be.

Knowledge of a craftful pen, a superb memory for details, a willingness to work, and be available to execute the duties of Secretary, and the desire for a successful school year '68-'69. These qualifications, Donna, does have. She tries never to take on more than can be handled in doing a complete and successful job.

One must believe in himself, his neighbors, work, and give of himself in all areas to be successful to others. It is only the students who faithfully implant Student Government members every spring who receive the rewards from these faithful servants. The Secretary, having a vote on the Executive Council makes this office one of increased importance and Donna is now placing her faithfulness before you.

She will strive to contribute to the University, and we, the students in it. To spend and be spent in this worthy service. To try and always see those viewpoints of others and to present these other viewpoints to the best of my ability.

So, what she has to offer you is service, desire to serve, ability, time to devote and confidence in doing a complete and successful job for the students of our University.

Jeannie Brown

Student Judge

Jeannie Brown is running for the office of Student Judge. She is a native of Tampa. She graduated from H. B. Plant High School where she was active in student council and various club activities. Several offices were held by her during the course of her club work.

She believes that the student should contribute to the governing of his or her school. Jeannie feels that she can contribute much to Tampa U. since she has been a student here for the past two and a half years.

Her past experiences in club work and student council have given her the experience that she needs in order to carry out the duties of her office. She has an interest in the welfare of both the school and its students and is willing to work hard, if elected, to do the job to the best of her abilities. Although she has not held a student government office previous to this, she feels that she is quite capable of undertaking the job. She stated that she has an interest in the student body and desires to contribute her time and energies to the office of student judge.

Janet Lewis

Student Judge

Janet Lewis is a junior majoring in physical education and minoring in history. She has been known to be active in campus organizations since her freshman year, is an honor roll student, and an associate member of Phi Alpha Theta Honorary History Fraternity.

She is a member of Zeta Tau

Alpha Sorority and has held the offices of; secretary of her pledge class, activities chairman, historian-reporter, rush chairman and vice president.

She served as Business Manager and Managing Editor of the Minaret as well as being a staff reporter. During her sophomore year, Janet acted as a dormitory advisor which gave her a good background as to the regulations set by the University, working with the Administration, and the rights of the students.

Presently she is serving as Secretary to the Executive Committee of Student Government and has been active in its workings. Recently, she was named to Who's Who in American Colleges and Universities.

During her four years at Tampa, Janet has had many opportunities to learn about the workings of the University and a knowledge of the Administration and Faculty, which, coupled with her status as a student, give her the necessary qualifications to be an effective Student Judge.

Nancylee Leonelli

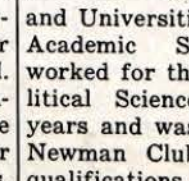

Student Judge

Qualifications for Student Judge are extremely important. The following resume is in support of Nancy Leonelli's candidacy.

Nancy is an honor student, majoring in history, with a minor in Psychology. For the past two years she has taken an active part in Student Government, serving in the House of Representatives, and Chairman of the Evaluation and Research Committee.

This year Nancy is President of Civinettes, and formally served as Chaplain to the organization.

This semester she will be initiated into Phi Alpha Theta, Honorary International History Fraternity. She was recently elected a member of Who's Who in American Colleges

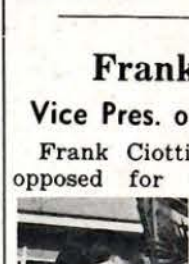

and Universities, has received 4 Academic Scholarships, has worked for the History and Political Science Dept. for two years and was Secretary of the Newman Club. These are her qualifications.

Ron Burgess

President of Senior Class

Ron 'Smokey' Burgess is a candidate for Senior Class Pres. and is running unopposed. He is an active brother in Sigma Phi Epsilon and is presently athletic chairman. He played varsity baseball for two years. He is a Physical Education Major and belongs to the Major's Club.

Smokey plans to conscientiously work for the Senior Class. Some of the duties would be to arrange for the Senior Class dance, and take Cap and Gown orders for graduation exercises. To take suggestions for the class gift and for the guest speaker upon graduation day. He feels as a candidate that he can successfully accomplish these duties.

Frank Ciotti

Vice Pres. of Senior Class

Frank Ciotti is running unopposed for the position of senior class vice president. Frank's continuing interest in student affairs has kept him in the forefront of campus activity.

A member of Sigma Phi Epsilon fraternity, Frank was elected president of his pledge class, leading his brothers on many successful service and money-raising projects.

In high school, Frank served as treasurer of his senior class. Currently, he is treasurer of the Magnolia Tavern Mug Club.

Frank, an economics major, plans to work to develop a strong, useful senior class.

Jim Bernhardt

President of Jr. Class

Perhaps you've seen Jim Bernhardt actively participating in University of Tampa's campus functions. Jim has superb leadership qualities, as shown in his fraternal representations. He is now the chaplain of Pi

Kappa Phi and as a pledge of this organization held the position of pledge class president.

He continually strives to perpetuate spirit and friendliness in his endeavors. He presently has an accumulative grade average of 1.5 and sports a long list of extra-curricular activities. While participating in the University of Tampa intramural program, and occasionally surfing at Melbourne, Jim still finds time to help his fellow students.

Jim is an "idea man"; he will, if elected, propose numerous suggestions for the betterment of the University, and will try to the best of his ability to demand that the students' ideals are upheld. Vote for Jim Bernhardt for Junior Class President.

John Herby

Pres. of Jr. Class

John is older than most of his classmates — 23 years old. He came to the University of Tampa from the U.S. Air Force where he served two years in Amarillo, Texas and two years

(Continued on Page 4)

Candidates Speak

in the Alsace-Lorraine territory of France. While in France John helped found and administrate his base's first Airman's Club.

As a member of the Airman's Club Board of Governors, he served in the capacity of Entertainment Committee Chairman.

Aside from being a Floor Adviser in McKay Hall since coming to the University of Tampa, John has been active with the Student Center Program Council as its Music Committee chairman and as the council's representative to the House of Representatives. He is a member of the English Honorary Fraternity (Sigma Tau Delta) and serves as its Treasurer and Business Manager. This semester he is pledging Tau Kappa Epsilon Fraternity.

John's platform is geared to eradicating the students. Apathy concerning their University existence. His speech to be given before the Student Government Association is entitled, "Sweeping Changes In the Student Body". John seeks the unification of the students into a WORKING body to press for and produce activities which will enhance their learning as well as their social lives. His primary idea to incur this, is to stipulate that each class officer be required to hold a minimum number of required meetings and also stipulate that each class conceive and accomplish a project each year that will in some way benefit itself or the student body.

Thomas Imbamba President of Jr. Class

Thomas Imbamba is running for Junior Class President. His past experience in working with organizations makes him feel that he is capable of doing a good job. His first three semesters here he made the honor roll

which enabled him to gain a scholarship. While pledging Sigma Phi Epsilon Fraternity he was president of his pledge class and best pledge.

Tom has worked on the Minaret and has been a member of the Program Council for two years, now serving as treasurer.

Tom has stressed that he is very concerned about student representation and wants to try and get greater unity between the student body and student government.

Bobbi O'Connor President of Jr. Class

Bobbi O'Connor, the present Vice President of the sophomore class, has been an active member in student government and other organizations during her two years at Tampa U. As an honor roll student and a member of Zeta Tau Alpha sorority, she has proven herself to be a capable and responsible person.

She served as a member of the House of Representatives her freshman year, was president of her pledge class, and a Phi Alpha Theta Associate. She was also a member of Civinettes, International Relationship Club, and Newman's Club.

Bobbi feels she is the most qualified candidate for this position and asks for your support. Student Government has started to make progress this year and experienced people are needed to keep up the good work.

Gary Cooper President of Jr. Class

Gary Cooper's qualifications for the office of Junior Class President, as gained through experience are few. Throughout high school as in college he has only been an observer of Student Government meetings and functions. However, his capabilities for the job far exceed his inexperience.

Gary is an intelligent individual, who adapts quickly to areas of life that he has never explored before. He is also the kind of person who will give no less than 100% to anything he undertakes.

Gary would like to try to better his school through the Junior Class next year. With your support, he will.

Joe Pirrello Vice President of Jr. Class

Joe Pirrello has announced his candidacy for Junior-Class Vice President. After having had the opportunity to serve in student government the past year, Joe feels that he is qualified to represent you in the future. His duties as a defensive back with the Spartan football team occupies his spare time along with student government activities. "It is important to have a cross section of our student body representing us. I feel that I fill this category," states the present Sophomore Class President. Joe strongly urges each student to get out and vote!

Clayt Sitterly

Vice Pres. of Junior Class

As a member of the Junior Class of the University of Tampa, Clayt Sitterly has entered the forthcoming elections as a candidate for the Vice-Presidency of the Junior Class. His qualifications show a definite interest in campus activities. He is an active member of Pi Kappa Phi fraternity, he holds the office of assistant treasurer, along with the responsibility of an inter-fraternity council alternate. He has recently held the Tampa Greyhound Scholarship, which has enabled him to further his education in his chosen field. Holding an accumulative average of 1.8, he plans to major in English and minor in Philosophy.

Roger Sofer

Vice President of Jr. Class

By attempting to win the office of Vice-President for the Junior Class at the University of Tampa, Roger Sofer considered many things. He cannot promise, for instance, Howell Hall decent mail-mail service, Lykes Hall air-conditioning and luxury suites, Alpha Chi Omega

a weekend, Theta Chi non-drinking Brothers, Sigma Phi Epsilon Jewish pledges, and Steak and Shake a seat on the Inter-Fraternity Council. Nor can he promise that a new cafeteria will be built in Bern's Steakhouse, or that he will use naphalm to drive out the inhabitants of Plant Park.

He does however, promise that he will use all of his resources to help make next year's Junior Class the BEST this school has ever seen. He thinks that he is well qualified for this student

office. Presently, he is the President of Alpha Epsilon Pi Fraternity, (the house is right next to the Theta Chi one), a member of the Inter-Fraternity Council, and a delegate at the House of Representatives, he thinks that he can do the job, if you, the students will give him the opportunity.

You must excuse him for not having his picture appear on the top of this article. It is not that he doesn't want you to see what he looks like, but rather the fact that it was censored by the editors.

Joyce Hatfield Vice Pres. of Jr. Class

Joyce Hatfield, who is seeking the office of Vice President of the Junior Class, is an English major with a minor in Psychology. She has made her presence known ever since her arrival on campus. She is an active member of Zeta Tau Alpha Sorority and has held many positions since her pledgeship last Spring.

Although Joyce has held no defined post in Student Government this past year, she has attended Executive and House meetings showing her interest and desire to work.

In every endeavor she has undertaken, Joyce has shown enthusiasm, the will to work, and a tremendous spirit. If elected to this position she will have the time to devote these energies and the "know how" to be the most effective Junior Class Vice President ever.

Jeff Onore

President of Soph. Class

Jeff Onore is running unopposed for the office of sophomore Class president and is hoping for continued success. He has not received all the support for class projects he had originally expected but is hoping to remedy the situation.

Under his leadership, the freshman class has donated money to the new library and contributed to student government funds.

Mary Pratt

Vice Pres. of Soph. Class

Although she is only a freshman, Mary Pratt has made a name for herself in University activities. Elected freshman class vice-president, Mary served as an efficient and enthusiastic officer. She is currently directing the Food For Peace campaign of the student government and volunteered her organizational abilities for the state SUSGA convention held at Tampa.

Currently directing the Food For Peace campaign of the student government and volunteered her organizational abilities for the state SUSGA convention held at Tampa.

A Civinette, Mary was selected as delegate to the House of Representatives and her active participation in floor discussion has made her a valuable representative.

While her primary interest is student government, Mary enjoys donating her time to other campus projects, including program council functions.

During her high school career at the Academy of Holy Names — Tampa, she won the Woman of the Year Award.

Mary cares deeply about her school and feels she can serve it well, through the development of good communication between sophomores and their class officers. In the interest of the class, she asks that each voter consider carefully the two people who will represent them in campus affairs.

Ruth Wernick

Soph. Class Vice President

Ruth Wernick, a freshman from Framingham, Massachusetts is a candidate for the office of Vice-President of the sophomore class.

Ruth is an elementary education major who enjoys working with children and is anxiously awaiting her first teaching position. She wanted to attend a school where she could know all the students and faculty and therefore chose the University of Tampa.

Her interests are varied and include party going, long walks, and visiting the beach whenever Florida weather permits. To keep up on current events and the world scene she reads Time Magazine each week. At the moment Ruth is busy with the activities of pledging Delta Phi Epsilon Sorority.

Ruth's qualifications for the office of Vice-President are many and include such positions of responsibility as the business and advertising staff of her high school Year Book and newspaper and a member of the Senior Steering Committee which directed all activities of her senior class. Ruth feels that her greatest qualification is that she lives on campus and will be available to students who wish to offer suggestions which otherwise might never be heard.

Elections will take place Monday and Tuesday from 9 a.m. to 6 p.m. in the student center. Run-offs will be Wednesday.

SAVE "ABU SIMBEL"

"The Preservation of Abu Simbel," a graphic explanation of the effort to save one of the most important Egyptian monuments before it is flooded by the Nile backed up in a reservoir behind the Aswan High Dam, will be at the University of Tampa March 16-30.

The educational exhibit will be on view 10 a.m. - 5 p.m. Tuesdays - Saturdays at the Tampa Bay Art Center.

Photographs revealing the enormity of the technological project undertaken by the UNESCO and 25 artifacts excavated near Abu Simbel, loaned by the University of Pennsylvania Museum, are included in the display.

This column stands corrected. Since the last edition of the Minaret, the 209 Club has changed hands again. Dougie's A-Go-Go has relocated down the street and the 209 has returned to Theta Chi control.

Everyone has their price, it is said, including Niz and MS. For \$5, Niz and MS danced in the cafeteria at dinner to the piped-in music. MS had to settle for a \$1 of the take.

Please write letters to the editor and put them in the beautiful Minaret Mail box in the student center. It would be so great to have the box stuffed with student opinion.

In this student's opinion, the program council is doing an excellent job with its mid-week record hops in the cafeteria. Continued student support testifies to this.

The Teke's seem to have stumbled onto a little problem. No one is qualified to run for fraternity office. Tom ("Clean-cut") Chambers has thrown his support to Lilly, the cook, for next year's president.

Having student art hanging in the administration wing of Plant Hall is a good idea as it brightens up an area of the building that could tend to look very dismal to students.

Three pledges were picked up in unofficial open rush by Steak and Shake. The SAS Scribe asks that congratulations be extended to couple of the month, Bush and KO. Rich definitely must be the man of the hour as this column has been flooded with reports of his activities, such as selling pizzas and being so ugly that his voice left him, which seems kind of unfair to say about anyone.

What keeps Icky Delle Valle so hot under the collar? This redhot character must have something burning in his brain or smoldering in his chest. Why is he so fired up? It would be a shame for his dreams to go up in smoke.

The fifth floor of Howell Hall is a highly inflammable area lately, with several sparks ready to ignite.

The wild party life seems to have caught up with the 310 Club on the Island. Noted men-about-town Stone, Goodie and Nu-Nu have been forced to slacken their pace after finding they too are susceptible to the Common Cold.

Who ever started the shaved-head fad ought to have every hair pulled out one-by-one, slowly and painfully, for being an instigator.

Dominic is going on the milk wagon, which isn't so bad, but he carries his milk in a wine skin.

There ought to be Trivia finals soon between PT, Petty, "Dax", Fly, and Donna Tapley. These five know more about nothing...

Joey Elia and friends are ready to hit the trail this spring break. They have arranged to charter a bus and are aiming it at Mexico, across the border from Larado, Texas. Sig Eps seem to be rather famous for their Mexican excursions. This epic is supplemented with an all-star cast from several fraternities. Joey plans to have "Magical Mexican Tour" buttons made for the occasion.

Anita Carbone bit the dust when she dislocated her arm in the annual ZTA-TKE tackle softball game. Generous Tekes suggested she be used as second base instead of shooting her.

"Bernada Alba" Features Women

By Mary Arfaras
Staff Writer

Increasing excitement augments the atmosphere of the University's drama department as the group practices to present "The House of Bernada Alba," by Federico Lorca. The curtain will rise at 8:30 P.M., Wednesday, March 20-30 at Falk Theatre.

The cast includes Edris Elkins as Magdalena, Francis Coughlin portraying the first servant, Holly Nisewanner interpreting the beggarwoman and Barbara Larkin and Janis Ann Burda representing the mourners. Miss Elkins was well received in her latest performance in "Jornada" cleverly written by Richard Wright and directed by Paul Gowack.

Federico Garcia Lorca, author of the play, is one of the most renowned names in the Spanish theater. His brilliant and most realistic lyric dramas have made him a favorite of the contemporary theater. Lorca's subjects are common type but his character's actions are exciting and extremely dramatic in their natural spirits. "The House of Bernada Alba" is one of his finest and most realistic works. His plot revolves around five repressed daughters subjected by a domineering mother. Their rebellious natural spirits circumvent her, thus inflicting the tragedy of violence and death.

The drama students are directed by D. J. Cermele and Jon Walter.

British Champions Set to Debate Delo Forensic

Two champion debaters representing the British Empire will participate in an exhibition debate with members of the Delo Forensic Society at the University of Tampa at 8:30 p.m. Saturday, March 16, in Falk Memorial Theatre.

The topic will be "Private Morality is No Concern of the Law," according to Jack H. Bertsch, assistant professor of philosophy and adviser of the society.

The Englishmen selected for the tour during an annual competition are Andrew R. Parrish and Nicholas Wall. Parrish received his B.S. in chemistry in 1967 and has done post-graduate study in chemical engineering at King's College of the University of London. He is now employed by British Aluminum Ltd. in personnel management.

Wall is a barrister who received his B.A. in literature and law from Trinity College of Cambridge in 1968.

Donald Fredgant of Arlington, Va., and Ronald Eckstein of Tampa, both juniors majoring in history and minoring in philosophy, will uphold opposite views with a British debater on each side. Dr. Hugh Price Fellows, professor of speech and debate coach of the society, said.

The event is free and open to the public. The audience awards the decision and may comment or question the debaters.

FRATERNALLY YOURS

- REMINDER -

Fraternities and sororities are reminded that the deadline for their news is the Thursday following each Friday the Minaret comes out.

It is the responsibility of each organization to get their news to Buz Narbut at the Pi Kappa House or Jan Cook in Howell Hall. The news may also be put in the Minaret Mail box located in the Student Center or left in the Minaret office.

DELTA PHI EPSILON

Rush has come and gone once again. Congratulations go out to all the Greek organizations with the addition of their new pledges. The sisters of Delta Phi Epsilon are pleased to announce the following girls as their spring 1968 pledge class: Sandra Cohen, Susan Darg, Donna Green, Ellen Martin, Barbara Weinstein, Janice Wells, Ruth Wernick, and Pam Willets.

Our sisterhood has continued our philanthropic project this semester sponsored by the American Cancer Society. Our girls will be offering their time for this most worthy cause.

Deepers anticipate intramurals for the basketball play-offs. March sixth was an important day on our schedule. D Phi E competed against Zeta Tau Alpha.

D Phi E wishes to congratulate Merry Barr for the title of Moroccan Queen, 1968. We wish to also give sincere thanks to Lynne Shearer, sponsored by Delta Phi Epsilon, for her candidacy in the contest.

We are sorry to lose one of our sorors, Diane Poll, who transferred to Jersey City State Teacher's College. The best of luck to her and also to Joann Ayres on her engagement to "mysterious" Steve. Marriage plans have been made for an August wedding.

The Deepers are extremely proud to announce their scholastic average of 1.47 for the fall semester, 1967.

We are all looking forward to many eventful spring activities, especially our formal weekend.

PSI CHI

Sixteen members were initiated into Psi Chi, national honor society in psychology, recently at the University of Tampa.

Honorary membership was awarded to Aurobindo J. Jani, assistant professor of psychology at the University. Also honored was the Rev. John A. Benton Jr., Ed. D., director of the Episcopal Counseling Center.

Other initiates were David L. Agresti, Warren L. Davis, Joe Gallagher, Morley L. Mason, Jerry Robinson, Jim Stuart, Miss Ellen Falk, Stephen P. Levy, Miss Honora Bradley, Miss Anita Carbone, Miss Margaret A. Perkins, Miss Patricia Rimm, Albert J. Settembrini and Martin Small.

Sponsor of the chapter is Dr. Curtis A. Gilgash, chairman of the psychology department.

ZETA TAU ALPHA

The sisters of Zeta Tau Alpha congratulate all sororities and fraternities on their new pledges. We are also very proud to announce that our new "Baby Zetas" are Monica Barber, Nicki Fairlamb, Debbie Goss, and Pat Higgins. Welcome to "Zeta Heaven."

At our meeting on March 5th the chairmanships were announced. The new officers are Joyce Hatfield, House Manager; Andi Keshish, Activities; Kininy Price, Corresponding Secretary; Ellie Covert, Standards; Sharyn Davis, Scholarship; Donna Blaess, Assistant Pledge Trainer; Jamie Stone, Panhellenic; and Lynn McKenna, Social Chairman.

The Zetas are really looking forward to all the activities that have been planned for this semester. Parties, carwashes, and even another baseball game with the Brothers of Tau Kappa Epsilon has been scheduled. The TKE's hope to redeem themselves — we're planning on slaughtering them AGAIN!!!

It's election time again, and the Zeta spirit is really flying high. Running for offices are Mary Sue Gaudio, Co-ed Vice Pres.; Donna Blaess, Sec. of the Student Body; Janet Lewis, Student Judge; Bobbi O'Connor, Pres. of the Junior Class; and Joyce Hatfield, Vice President of the Junior Class. Good luck to all of you, and remember, we're behind you all the way.

PHI ALPHA THETA

Six papers were presented at the regional meeting of Phi Alpha Theta, national honorary history fraternity, held on Saturday, March 2, at the University of Tampa.

Dr. Jesse Keene, local chapter adviser and University professor, said the meeting opened at 9 a.m. in the International Room of the Student Center.

Welcoming the more than 80 professors and history students from over the state was University of Tampa President David M. Delo. Among guests were Donald B. Hoffman, national secretary-treasurer of Phi Alpha Theta.

Presiding at the morning assembly was Louis Cianfronga, local chapter president, and Clarence Lilley, vice president.

SIGMA PHI EPSILON

To start things out we'd like to congratulate the following people: Merry Barr, the newly crowned Moroccan Queen. Our newly-elected fraternity officers: Pres., Mike Cetanese, Vice-Pres., Herb Knowlton; Sec., Dom Moresco; Treas., Nick, Caramanica. Our new initiates: Larry Elliston, Jack Flack, Jack Ilardi, Frank Ciotti, Tom Attardi, Joe Midulla, and Rick Johnson, and our new pledges, Mark "Greek" Konstantinides and Bruce McClenachan. Best of luck to all Greek organizations and their new pledges.

Under local news, word is out that Dom "Thumb" has had his license taken away by the Carpenter's Union so the Sip Ep's remodeling work on the house remains unfinished till they get another carpenter. Seems one night Casey Clark had more trouble with cigarette burns in his rug than with la roach. Speaking of roaches it seems ours has acquired a new mate. Ever notice Tom I. and his muscle shorts or George S. smoking his new pipe?

Our men in service: Pvt. H. Knowlton and Pvt. J. Benitez. For Sale: a 1968 Cadillac and a 1953 M. G. Joe Elia and his shadow are the guides for "A Magical Mexican Tour." Is it true Marc Swann and Dave Ryan are having a double wedding with a blonde and brunette there to fight for the bouquet and with F. C. as the prize? Anyone know if Nick C. likes girls? There seems to be a strange odor around the house. Guys say it's a "skunk." For golf lessons see Les Harvey (females only).

Soon to be heard about will be "Sig Ep Rally Time." Seems we've started something out at Apollo Beach.

TAU EPSILON PHI

The brotherhood would like to extend its congratulations to all the fraternities and sororities on a very successful Spring Rush. We would like to mention at this time our new brothers: Dick "Evil" Griffith, Andy (AWA) Alexandre, and Les Stein.

The Black Sheep has injected some new blood into our fraternity as he has garnered 23 pledges for the Spring Pledge Class. The names of these boys are: John Accordi, Ed Amarundo, Marlwood Badway, Andrew Berger, Gary Berger, James Brown, Ralph Carter, Richard Dombrosky, Greg Howell, Harvey Keiser, William Mandel, Ronald Mercer, Gary Gross, Stanley Prager, Eddie Rachins, Bruce Roesler, Jeff Schneider, Ken Stegman, James Thomas, Paul Von Gunten, and Steven Weichselbaum.

The recent Talk-A-Thon featured our own beloved "mouth," D. F. G. who happens to be the most versatile double talker TEP has ever had.

Birthday salutes go out to that "Sound of Soul Man" Ira Shapiro. Many happy returns to the "H" who celebrates his 20th next week.

Flags are at half-mast in mourning for the famed "Chopper" that has made Yogi Yates a legend at Tampa U.

In the area of sports we now feature an outstanding array of young athletes via the acquisition of our new pledges. The opposition better watch out as the TEP's will be fought in basketball and the other remaining sports.

Best wishes to our Junior Chancellor Moe Kunsch as he was married a few weeks ago. Also, best of luck to Mr. and Mrs. "Chuckles" Cullman who are expecting a bundle of joy in a few months.

KAPPA PI

Kappa Pi art fraternity will have a sidewalk show Saturday, March 16th at the Davis Island Supermarket. The time will be 9 a.m. to 4 p.m. The show is open to all art students for exhibit. Each exhibitor has been asked to bring his work on Saturday. This show has been arranged by Mrs. Linda Garcia, secretary of Kappa Pi.

SPANISH CLUB

The Spanish Club at the University of Tampa and many other Spanish students composed a group of 40 who journeyed to the Centro Asturiano in Ybor City to see the "zarzuela," "Maria Manuela," a Spanish musical comedy. The evening ended with a buffet at the Columbia Restaurant.

New Professors

Francis A. Carpenter, former principal of Buchanan Junior High School, has been hired as an associate professor of education at the University of Tampa.

Carpenter, who is a native of Muncie, Ind., earned his B. S. in physical education and his M. A. in guidance and counseling at Ball State Teachers College in Indiana and his Ed. D. in elementary education at Florida State University.

In Hillsborough County, the professor served as teacher, guidance counselor, dean and assistant principal as well as principal. He taught English and education courses at Florida Southern College, University of Tampa, Florida State University, Rollins College and Florida Atlantic University. Carpenter planned, organized and implemented a reading program for Brevard County while at Florida Atlantic.

The educator is the father of four children and lives at 416 Floral Drive. He is a member of Kappa Delta Pi and Blue Key and is listed in Marquis' "Who's Who in the South."

At the University, Carpenter will teach social studies and language arts for the elementary school and supervise interns.

Seth Chase Earns Scholarship From Colony Shops

University of Tampa senior Seth Chase has been awarded the first art scholarship to be presented by the Colony Shops, Inc. of Florida at the private institution.

The firm recently announced that it would award to an outstanding art major a \$250 scholarship each semester. Maurice Garrett, secretary and treasurer of the company, said the scholarship was awarded on the basis of ability and potential.

Joe Testa-Secca, assistant professor of art and artist-in-residence at the University, said Chase has been an outstanding student in the fine arts and shows much promise. "He is already doing graduate level work," observed the professor.

The Florida State Fair accepted two of Chase's entries for exhibition last year, and he was one of three students who won an award of equal merit in the student art show currently exhibited in the University's Student Center.

The student is a member of Kappa, Pi, honorary art fraternity, ULEMA, the honorary scholastic fraternity at the University, an art editor for the fall semester of the Moroccan, the college yearbook.

"Seth's design for the first 16 pages of the annual was considered so exceptional by the yearbook company, that the company reproduced his work and forwarded it to other colleges and universities as an example of a good annual," recalled Miss Marie Freckleton, instructor in art.

Poetry Review Now Available

The University of Tampa "Poetry Review" departs from the usual practice of nationally known "little magazines" by placing the work of an unpublished poet on the first page of its 12th edition, according to Dr. J. Duane Locke, editor of the "Review" and associate professor of English at the private institution.

The "Review" came off the presses last week and represents the work of 41 poets.

The publication likes to give poets who have never been published before a prime position, if their work is worth it. "We think 'Nocturne,' by Gisele Cheney, has great merit," explained Dr. Locke, who originated the "Review" three years ago.

Included in this issue are Dr. Hans Juergensen, associate professor of humanities at the University of South Florida, and Jerry Parrot, a student at USF.

University of Tampa students publish their works through a local fraternity rather than in the "Review."

The magazine included 55 pages of poetry by 15 new contributors, notes about contributors and announcements concerning other publications. It continues to present many styles of poetry.

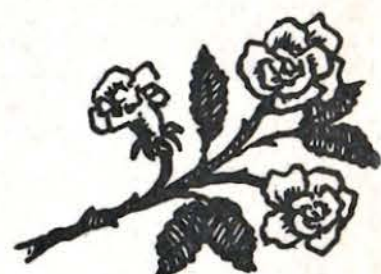

Chase has also taught children's classes at the Tampa Art Institute and was student director for the University's LaMonte Gallery. He has been named to the dean's honor list and last year captained the University's College Bowl team.

He is the son of Brig. Gen. and Mrs. Levi R. Chase of Courtland, N.Y.

*What kind of man
reads the Minaret?*

Joey Elia, our Minaret Man this week, is one of the many admirable students working his way through college through his own enterprising agility. His line of work keeps him hopping as he cannot afford to linger over each accomplishment. Down through the years, he has become known as Moon Man because of his preference for working at night. While his job has certain inherent risks, Joey has become a craftsman in his highly specialized profession. While climbing the ladder of success, often to the second and third story, Joey pauses long enough to read the Minaret, the college newspaper for men of daring.

Basie Meets Students

After his appearance in McKay Auditorium February 26, Count Basie was honored at a coffee in the International Room of the Student Center. There Basie talked with reporters and students while signing autographs.

Women's Intramural Basketball

Women's intramural basketball championship will be played Monday in Howell gymnasium at 4 p.m.

Alpha Chi Omega ranged number one in the winner's bracket, will play the first place team in the loser's bracket in this double elimination tournament.

Delta Phi Epsilon defeated Zeta Tau Alpha, 19-17, March 7, going on to play the Soul Set. This game's victor challenged the P. E. Major's Club. The overall winner in this bracket, unknown at press time, will be the team to play Alpha Chi.

"We have had good participation in intramurals this semester, with no forfeits because of too few players showing up to play," comments Miss Alice Rodriguez. "This interest has helped make our sports program a success."

Next on the intramural schedule is foul shooting, judged on the basis of the best shots out of 25 attempts. This will be followed by table tennis, pool, swimming and co-ed softball.

THE UNIVERSITY OF TAMPA CALENDAR OF MEN'S INTRAMURALS 1967-1968

TENNIS	Mar. 5 through Mar. 16
PADDLE TENNIS	Mar. 7 through Mar. 20
SOFTBALL	Feb. 20 through Mar. 4
TRACK & FIELD	April 15 through May 2
SWIMMING	April 18 through May 9
GOLF	April 1 through April 21

HANDBALL

Martin Seneca of the Physical Education Major's Club won the University of Tampa Intramural Handball Championship for 1967-68. In capturing the top spot Seneca defeated Barry Stout of Pi Kappa Phi fraternity, Tom Parherson of Lykes Hall, Richard Everts of Tau Epsilon Phi fraternity and in the finals, Paul Weisberg of Tau Epsilon Phi.

The runner-up position was secured by Paul Weisberg. Weisberg disposed of Ralph Testa of Sigma Phi Epsilon fraternity and Jeffrey Gass of Tau Epsilon Phi before losing to Seneca in the final match.

Richard Everts and Jeff Gass both representing the TEP fraternity, tied for third place.

Men's intramural ratings for foul shooting and badminton have been announced by Dean Burroughs. Tau Epsilon Phi placed first, with Sigma Phi Epsilon second.

Pi Kappa Phi ranked third, followed by the P. E. Major's Club, Tau Kappa Epsilon, Delta Sigma Pi and McKay Hall.

Students Hear Tran Van Chuong

Dr. Tran Van Chuong, resigned South Vietnamese Ambassador to the U.S., addressed a University of Tampa student convocation at 8 p.m. Thursday, March 14, in Falk Memorial Theatre.

Dr. Chuong, resigned in 1963 because of "deep political convictions."

The former ambassador was guest of honor during an informal coffee hour for students at 3 p.m. Thursday in the Student Center International Room.

He discussed the current Vietnam crisis, how he thinks peace can be achieved and what we should do in the future.

Before being appointed Ambassador in 1954, Dr. Chuong was Minister of Foreign Affairs in Vietnam and represented the State of Vietnam at the Geneva Conference on Indochina in July of 1954.

Dr. Chuong was born in 1898 at Phu Ly in North Vietnam. A member of a prominent South Vietnamese family, he spent his youth in Algiers and France and took his doctorate in the University of Paris Faculty of Law.

The statesman has served as Vietnam's envoy to Brazil, Argentina and Mexico. Mme. Chuong was formerly permanent observer for Vietnam to the UN. The couple has lived in Washington since their resignation.

Northeast Airlines has become completely jet powered after delivery recently of a DC-9 twinjet, completing a \$150 million new equipment program begun in 1965.
