VOL 15—No. 6

## MIKE GADDIS TO BE HEAD COACH

### Conover Will Judge Beauty Section of New Moroccan

Frances Saxon, feature editor of the Moroccan, announced that Harry Conover, head of the world-famous model agency, will judge the beauty section of this year's annual.

Every girl in the university who is a classified student is eligible to enter or have entered by a male student, fraternity, sorority, club or organization, one portrait photograph.

Photographs must have name, class and vital statistics on back and must be turned in to Saxon or Prof. Baker's office by noon Wednesday, January 14. No full length or tinted photos will be accepted.

Four freshmen, two sophomores, two juniors and two seniors will be chosen by Mr. Conover to represent their respective classes.

Photographs will not be judged on "valentine sweet beauty" but on warmth, personality and intelligence.

### Penthouse Theatre Will Be Built In Old Spartan Room

The Spartan Troupers have made tentative plans to convert the old Spartan Room into a penthouse theater. Money has already been raised and work will go ahead as soon as all the materials become available.

A circular stage will be erected in the center of the room, and three tiers of seats will be put up all around the room, a canopy will cover the dome so that the acoustics will be improved.

All the work will be done by the

### Troupers Reveal Plans For Coming Productions

By Tom Carlin

Miss Thelma E. Jones, director of the Spartan Troupers, has announced that the Troupers will present Philip Barry's "Without Love" on March 28.

Mike Royer, who scored such a tremendous hit last year as Hedda Gabler, will play the part of Jamie. Katherine Hepburn made the role famous in the Broadway production.

Ralph Hunt, a newcomer to the Troupers, will play the part of Pat, idealist, reformer, crusader and lover. Elliott Nugent played Pat in New York.

Others in the cast will include Nancy Humes, Lulabelle Stalnaker, Mildred Girthrie, Wylie Bowyer, Andrew Martinez, Neal Ellis, Bob Gross, Stuart Falconer and Tom Carlin.

Miss Jones has appointed Katharine Sible to direct the production. In the future all Troupers plays will be directed by students under the supervision of Miss Jones.

In this play five new Troupers will be presented to the public. From now on each Troupers production will introduce at least two new people.

Troupers themselves, and it is hoped that the theater will be ready for use about March 1.

Heading the planning committee is Miss Thelma E. Jones, with Stuart Falconer in charge of the work crew. Falconer will be assisted by Neal Ellis, Vic Leff, Joe

"Without Love" is a fast-moving, modern drama filled with sophisticated people who suddenly wake up to the fact that life is really too primitive for sophistication. The ensuing turmoil as their world crumbles is most interesting.

"Without Love" is one of the great plays of our time and is especially appropriate in view of the present world problems.

"Hay Fever," the smash hit which opened the Spartan Troupers season, will be presented again the last week in January.

The production will be sponsored by the American Association of University Women, and all proceeds will go to a fund to establish scholarships at the University of Tampa.

According to present plans, the play, employing the original cast, will be given in Municipal Auditorium, but if the auditorium is unavailable the place will be announced at a later date.

All students who wish to see the play are urged to get their tickets at once, as students have first choice and there is a waiting list of more than 500 townspeople.

Russo, Wayne Allen and Tom Carlin.

Any student who is interested in helping in any way should sign up in Miss Jones's office. Donations of anything that could be used in constructing a theater will be welcomed.

MIKE GADDIS

### To Assume Duties Here Next Fall

Mike Gaddis, president director of athletics at Jesuit High School, accepted the position of Athletic Director of the University of Tampa, according to Dr. E. C. Nance, who made the announcement December 27.

"I have agreed to terms with Tampa University to take over as head football coach and director of athletics," said Gaddis, "but I will finish out the year at Jesuit, working only part time with the University. If possible I will direct a spring football session at the University."

Mr. Gaddis' contract, which has to be approved by the board of trustees, will be for 3 years. It specifies that he will be general director of all Tampa University sports, but will spend most of the time with the football and basketball teams when he takes over next year.

Gaddis is a graduate of Colgate University. He participated in varsity football, basketball, and Lacrosse at that institution. The newly appointed mentor received his masters degree from Albany State, and taught at Christian Brothers Academy, Albany, before coming to Tampa in 1941.

During the war Mr. Gaddis served in the U.S. Navy and was discharged as a Lieut. Commander.

Former students of the University will register for the second semester Jan. 19 through Jan. 24, and new students will register Jan. 26 and 27, it is announced by Dean of Administration M. C. Rhodes.

The schedule follows:

Former students—A-C, Jan. 19; Jan. 20; M-Mc, Jan. 21; M-R, Jan. 22; S-V, Jan. 23; W-Z Jan. 24.

New students—A-K, Jan. 26; L-Z, Jan. 27.

### Teaching Exams To Be Administered

The American Council on Education has announced the ninth annual administration of its National Teacher Examinations in Tampa, Florida on Saturday, February 7 and Saturday, February 14, 1948.

The Common Examination battery, consisting of general education and professional information tests, will be given on February 7. Special examinations covering the subject matter to be taught will be administered on February 14.

The Teacher Examinations are administered by Donald W. Robinson, Dean of Education at the University of Tampa. Dr. Robinson is also Dean of the College of Education at the University of Tampa. (Continued on Page 6)

### Art Work Exhibition Scheduled For Fair

The high quality of University of Tampa student work exhibited in the art show at the Florida State Fair in previous years will be equalled at this year's fair. Feb. 5-14, according to Prof. Norman Borchardt, University art department head, who will be in charge of the Art Building at the fair.

The exhibit will include student work from the University of Florida and Florida Southern College as well as the University of Tampa, Prof. Borchardt said this week.

The work of several University of Tampa students will be entered in competition for individual judging, though there will be no competition in the name of the University, Professor Borchardt said.

The art show this year will be notable for two loan collections, one of 15 paintings from the Metropolitan Museum of Art in New York, the other consisting of 30 masterpieces loaned by the International Business Machines Corp.

In these two collections will be represented some of the best-known artists from 1750 to the present time—such names as Samuel F. B. Morse, James McNeill Whistler, Albert Pinkham Ryder, George Inness, John S. Sargent, George Bellows, John Sloan, Robert Henri and Stuart Davis.

University of Tampa art students are working on art figures for an entertainment the Woman's Club is planning to give Jan. 17 in Municipal Auditorium to obtain funds for a proposed art department scholarship at the University.

## Our UBS Has Grown...

A year ago the University Broadcasting Service was just an idea, a dream, but today it is well on the road to becoming a reality. Through the hard and persistent work of Prof. Roy A. McGillivray it will become an important part of the University.

Prof. McGillivray and the students, who are as enthusiastic as he, hope in the near future to have a broadcasting studio at the University and to broadcast our programs from here. Radio, although 26 years old is still very young and has unlimited possibilities in the field of education.

UBS has two programs, news and drama. The news covers the activities of the campus, students,

faculty and alumni. It is broadcast every Friday at 1:15 P.M. over WFLA. The drama consists of plays produced and directed by Prof. McGillivray with the assistance of Hugh Sheppard and is on the air on Mondays at 5:15 P.M. over WDAE.

Plans are now being formulated for a weekly musical program arranged for UBS and presented by the music department.

Prof. McGillivray's radio broadcasting class is the first credit course in radio to be given at the University. Prof. McGillivray is assisted by Mardi Liles, chief announcer at WFLA.

The course features visits to local radio stations and a series of talks

by guest speakers from the field of radio. Among the speakers already presented to the class are Walter Tison owner and operator of WALT. Mr. Tison is a pioneer in radio. He helped construct WSUN and WFLA and he has helped build other stations in the South.

Paul Jones, program director of WFLA, has given the class a talk on rules and has very willingly answered all questions on radio from the class.

L. S. Mitchell, general manager of WDAE and a pioneer in the field of radio, gave a talk on the history of radio and the possibilities of jobs in radio.

## Memoirs of 1947

Tampa U. moves inexorably from 1947 into 1948. The "Auld Lang Syne" closed the old, and awakened us with the morning to the new year ahead. Resolutions (some held over untouched from last year) started the wheels rolling toward a bigger and better school program and student endeavors.

We could not close the books without mentioning some of the outstanding achievements made during the past twelve months.

The addition of a new Spartan Room and Book Store gave way to renewed school spirit and annexed gathering place for the students. Prof Benson also purchased a soda fountain and lunch stand for the room. The addition of an extra class room building (GCRI) relieved some of the old nails from swinging students in crowded recitation rooms. The construction of a modern gymnasium got well under way during the past academic year. A number of offices were remodeled and decorated and others opened for new faculty members on the teaching staff.

The feature event of the year perhaps was the progress made in getting the five hundred thousand dollars necessary for the Endowment Fund for the University. This future event is the big achievement to be carried over for completion during the 1948 school year.

1947 will be an outstanding figure for the city of Tampa—the city's first Symphony Orchestra had its origin at Tampa University. This great civic and cultural organiza-

tion is headed by Prof. Lyman Wiltse.

Due Commendation goes to KSK Fraternity, the only national fraternity on the campus.

Doyle Blumele was elected president of the Student Senate. The high distinction of Who's Who in American Colleges went to Carmen Palacio, Miriam Chastain, Paul Straub, Doyel Blumele, Pat Talant, Leonard Vidal, Peggy Anderson, Martha Jackson, Dot James, James McNab, James Phillips, and Joan Schwab.

Perhaps the greatest setback of the year was the failure to get a 1947-1948 Spartan Football team. However Coach Miller Adams has made up for that in many ways with his fast fighting Cagers who are still showing marked improvement as the season continues. This set-back is another landmark for the new 1948 to recapture.

Tampa University closed 1947 with one of its best years. The new year will strive to bring even more improvements in buildings, athletics, classroom facilities, faculty, and student body as well.

Congratulations Tampa U, and may the new year bring even greater fame and added glory!

Great Power, who made us from the common clay,

Yet breathed into that clay a flash of godlike fire,

Breathe now again, to light us through the year,

And warm our cold, hard spirits with that uper white ray,

Of Your own kindness.

## Popping the Question

Do you think the G.I. subsistence should be revised? Submitted by Miss B. J. Pelaez.

**William Gorman**—Yes, because there are so many outside expenses and school activities that take up your subsistence check.

**Dot Hara**—Yes, because if the boys do not have more money they have to get jobs. In doing this they sacrifice time working that should be taken up with their studies thereby not getting full benefit from attending college.

**Dominic Fucarino**—I think it should be raised at least \$20 a month for single vets and \$30 for married veterans.

**Patty Ennis**—Yes, it should be

raised at least 50% for single and married veterans alike.

**Angelo Pardo**—Yes, you can't make \$65 last for two weeks much less the whole month. I am married and average about \$52 a week and hardly exist on this amount.

**Norma Piper**—I think it should be raised because of the high cost of living. I think it should be raised to \$75 for single men and \$100 for the married ones. I don't see why the single veteran can't get by on the allotment he receives.

**Marjorie Stanaland**—I think it be raised. It is almost an impossibility to survive on such a small allotment.

**Barbara Shinn**—Yes, it should.

As it is a boy can't even take a girl out. The situation is awful.

**Martha Jackson**—No, because there are a lot of students attending the University who are getting by on a lot less than the \$65 the vets are getting.

**Elsie Rosen**—The current cost of living makes it impossible for the veterans, both married and single to do little more than exist. For example, let us take the single veteran living in the dormitory: He must pay room rent (ten or fifteen dollars a month), food (forty-five dollars a month), laundry (three dollars a month), and cleaning and tailor bill (four dollars a month). The balance of three dollars must cover toilet articles, cigarettes, and the dates we girls like so much. The need for an increase in allowance is obvious.

**Jimmy Leigh**—With the increase in the cost of living it is impossible to exist on \$65 a month. I believe that that the government should make a survey of living conditions and grant the veterans an increase.

**Ellis Brown**—Even a peasant cannot survive on \$65. Living cost are out of proportion with the subsistence allowance. I don't mind paying it back in taxes.

**Betty Wages**—I think it should be raised. It is difficult for married men to get along, especially those with small children.

**Mildred Baucom**—Sure, because no one can live on \$65 because of high prices. I think it should be raised to \$90 for the single veterans and \$135 for the married men.

## ::: Ye Trading Post :::

**FRANK**: "Darling, if you don't marry me, I'll hang myself from the tree in your front yard."

**MARGE**: "Now Frank, you know poppa doesn't like you hanging around here."  
—The Wooden Horse

**MR. BOORTSALIS**: "How did you puncture that tire?"

**GEORGE**: "Ran over a milk bottle."

**MR. BOORTSALIS**: "Didn't you see it?"

**GEORGE**: "Naw, the kid had it under his coat."

—The Wooden Horse

"There goes another pupil," said the professor as his glass eye rolled down the drain.  
—The Wooden Horse

**Boss**: "I suppose you wish I were dead so you could spit over my grave."

**Employee**: "Not me. I hate to stand in line."

—The Bagpipe

**T. U. Grad**: "And of course, I'll expect you to pay me what I'm worth."

**Employer**: "I'll even go further than that: I'll give you a small salary to start!"  
—The Wooden Horse

**Legate**: "Do you suppose some guys really like conceited women better than the other kinds?"

**McLean**: "What other kind?"

Ruth rode on my cycle  
On the seat just back of me,  
I took a bump at fifty  
And rode on Ruthlessly.

—The Wooden Horse

I made you my ideal,  
And so I copied you;  
I should have copied someone else,  
For now I'm flunking, too!!

—The Wooden Horse

**Joy**: "Are you going to let that redhead steal your boy friend?"

**Jane**: "No, I'll dye first."

—The Wooden Horse

## HELPFUL DATE HINTS...

After a date that seemed to you a smooth operation, have you ever had the next-day reward of a neutral nod and a fast departure? Maybe you've been trying to get by with standard practices in a highly competitive field: Women. so—check the appropriate answers of this Varsity Magazine dating quiz:

1—When the orchestra played a samba, did you (A) sit down? (B) dance with ease?—because you were taught recently by a girl you really weren't fond of? (C) fox-trot real fast—then tell her she couldn't follow well enough?

2—When the Class Bore came to cut in, did you (A) let your partner chance it with Kid Dullness? (B) organize a rescue party among friends for whom you'd do the same? (C) use the time to dance with other girls?

3—When the Class Dream Man cut in, did you (A) chance it? (B) organize a rescue party? (C) cut in on the most luscious girl on the floor, thus showing your date who was boss?

4—After several hours with her, did you (A) start an interesting conversation about the people at the dance? (B) learn the identity of her favorite actor, singer, etc., so that you might get a pair of tickets to see one of them in operation? (C) decide to call on an old girl who lives in the same sorority house, and ask her to put a plug in for you?

5—If you forgot to ask for another date, did you (A) decide to meet her after classes (by accident) and ask? (B) To send a record or book to her, mentioning that it would be fun to go out again? (C) Call her on the phone and book her for the month?

Now—the man with three or more A's is a nice guy—but he'll go unmentioned at sorority bullsessions. Too run-of-the-mill.

The lad with the C's works too hard—seems a bit unsure.

But the boy with the B average does best: will be guessed about, talked about, pointed out. He's the thoughtful fellow who makes a girl feel like a million dollar's worth of stardust.

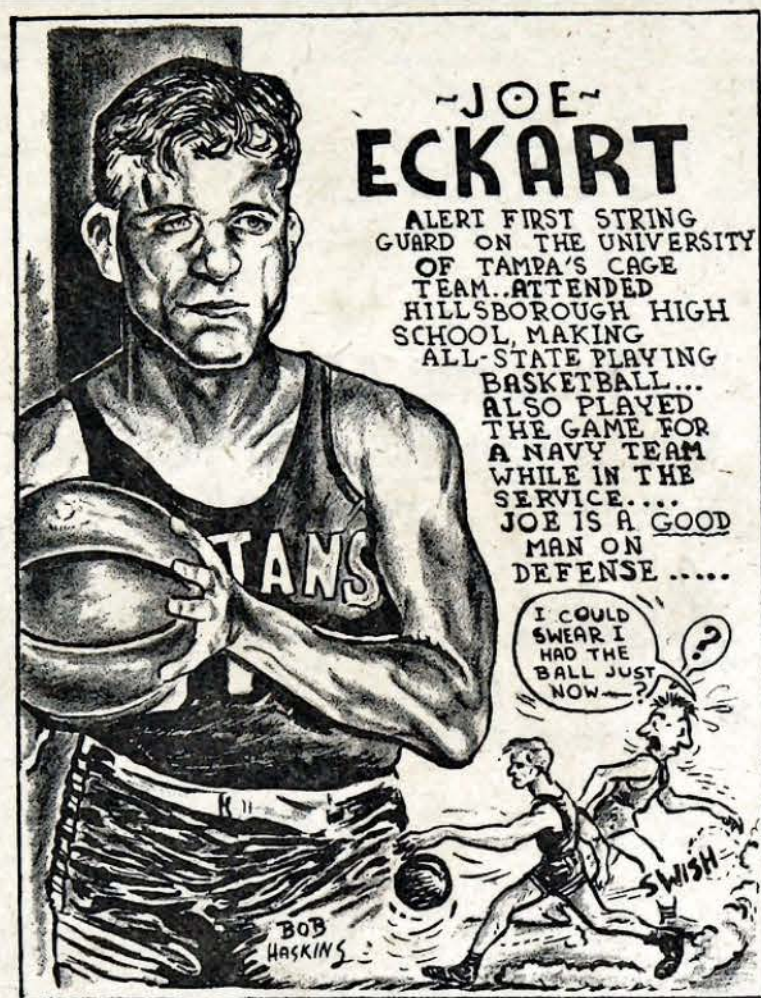

How did YOU do?

## How About Breakfast?

Breakfast in your room, one exam every two years, and classes if you're in the mood—those are a few features of college life in Britain. A life that's being shared by several hundred Americans—mostly veterans—currently attending English universities.

Living and studying in colleges built before Columbus discovered America, these Yanks are enrolled in institutions ranging from Oxford and Cambridge to the Royal Academy of Dramatic Art and the Leathersellers' Technical College. And according to Paul Pearson, reporting on college life abroad for Varsity, the young man's magazine—Americans are deeply impressed by England's system of education.

"Casual" is the word to describe the English student, says Pearson. He is more serious than his American counterpart (but no more "eager"), is jolly without being a back-slapper, and tends to "talk shop" constantly. Instead of cheer-

## No Jezebels Wanted

Should your daughter rebel against the rules she is asked to obey today, ask her how she'd like to go back to 1837 and accept the rules set up for the guidance of the girls of that time who attended what was then called South Hadley Seminary but which later became Mt. Holyoke College:

1.—Admission. No young lady shall become a member of this school who cannot kindle a fire, wash potatoes, and repeat the multiplication table.

2.—Outfit. No cosmetics, perfumeries, or fancy soap will be allowed on the premises.

3.—Exercise. Every member of this school shall walk at least a mile every day, unless a freshet, earthquake, or some other calamity prevent.

4.—Company. No member of this school is expected to have any male acquaintances unless they are retired missionaries or agents of some benevolent society.

5.—Time at the Mirror. No member of this institution shall tarry before the mirror more than three consecutive minutes.

6.—Reading. No member of this school shall devote more than one hour each week to miscellaneous reading. The Atlantic Monthly, Shakespeare, Scott's novels, "Robinson Crusoe," and immoral works are strictly forbidden. The Boston Recorder, Missionary Herald and Washington's Farewell Address are earnestly recommended for light reading.

Bluebird Magazine

## HIGHLIGHTS OF YESTERYEAR—1937

Tampa University was admitted into the Southern Intercollegiate Athletic Association, thus making it eligible for bowl game bids.

A new dance called the "Big Apple" was the rage of the campus.

The Plant Park Pharmacy was advertising in the Minaret about a hot plate dinner for the huge sum of \$25.

Louis Nava, University instructor, received his citizenship papers.

The registration of the University passed the 500 mark for the first time in its history, as a total of 501 students were enrolled.

## Spartan Sports

The New Year started off with a bang. Bob Fabian and Gene Besette were declared eligible for athletics January 1, 1948 by Dean Rhodes. Bob and Gene both starred for the Spartan basketball squad last season. Their return to the hardwood should prove an asset to Miller K's boys. Gene saw action in the Havana game but Bob was in bed with the flu. Both boys are ready to play in tonight's game with St. Pete Jr. College. Good luck Bob and Gene.

This game tonight with St. Pete should prove very interesting. St. Pete has had a 20-game winning streak and the Spartans will be out to break it. We sincerely believe the Tampa Cagers are capable of doing it. Don't forget your student books.

This column wishes to offer our apology to the Cigar Bowl committee. In the last edition of the Minaret we made a statement bearing the choice of the committee.

West Chester and Missouri proved to be two of the best small college football teams in the nation. We are very sorry gentlemen.

Dr. Nance's choice of Mike Gaddis as head football coach is a wise one in our opinion. This past season at Jesuit he turned out the smoothest working T formation we have ever seen in high school football. We are sure the student body will back him to their utmost. Congratulations Coach Gaddis and GOOD LUCK.

Don't laugh, but did you know that mathematically Tampa U. is 31 points better than Kentucky. Mathematically we said. Here is the way it works. Tampa has beaten Miami 43-35; Miami has beaten Cincinnati 64-61; Cincinnati beat Utah 49-36; and Utah has beaten Kentucky 59-56. Figure it up and Tampa is 31 points better than Kentucky. This system is called "factual fantasy." Remember we said "mathematically."

## Our Faculty:

### Miss Jacqueline Morpain

One of the newest members of the faculty of the University of Tampa, having arrived here this year, is Miss Jacqueline Morpain, instructor in French.

A native of France, Miss Morpain was unable to realize the dream she was cherished all her life—the dream of living in the United States—until after the liberation of France by the Allies. This is the first American school at which she has taught.

After earning the degree of master of arts at the University of Paris, Miss Morpain took additional special training as a teacher of French to students of foreign nationalities. This, together with the fact that she majored in English, makes her especially well qualified for the position she now occupies.

Unable to leave Paris during the war, Miss Morpain saw and felt at first hand the hardships of life under the German occupation, and many of her relatives and friends were connected with the French underground movement. Letters she now receives from home indicate that the sufferings of the French people have so far been alleviated but little, and that food has become even more scarce.

Miss Morpain finds that our American system of education differs greatly from that in her homeland. For instance, the degree of bache-

lor of arts conferred by our universities corresponds roughly to the French high school diploma.

With hesitation, Miss Morpain admits that she finds American students less industrious than those in France. French students are also more interested in their studies than in their grades, she says.

In 1840, penny postage began in England on Jan. 10. On May 6, 1840, the first stamp was issued. In the United States, the adhesive stamp came into use in 1847, a hundred years ago.

## The Alpha Gamma Story

Alpha Gamma sorority was founded in February, 1937, "to promote mutual aid among its members." Evangeline La Ficente was the sorority's first president.

Social functions held each year by the Alpha Gammas include the Masquerade Ball in October, the Mother-Daughter Banquet at Christmas, the Spring Dance, and the Founders' Day Banquet in February.

Several of the members hold offices in the Future Teachers of America, the Home Economics Club, La Tertulia and Alpha Mu Tau, honorary music organization.

Carmen Roccaforte succeeded Mary LiCalsi as president this year, and Carmen Palacio was chosen vice president, succeeding Jennie Cusmano in that office. Martha Jackson is secretary of the organization, and Mona Deeter is treasurer. Intramurals manager is Margie Petion; sergeant at arms, Jennie Cusmano, and Panhellenic representative, Evelyn Jewell.

The membership also includes Josephine Martino, Gloria Rodriguez, Josephine Beiro, Rose Beiro, Pauline Cacciato, Betty Owen, Marian Glorioso, Mary O'Brien, Deloris Patrick, Josephine St. Paul, Helen Greco, Carmen Zambito, Janice Babe, Inge Salomon and Frances Lewis.

Miss Robbie E. Landry is sponsor, and Dr. C. H. Laub is honorary father to the sorority.

## Prominent Author

### KARL A BICKEL

Among well-known authors now living in Florida is Karl A. Bickel, veteran editor and journalist, who resides in Sarasota.

A native of Illinois, Mr. Bickel traveled widely in the United States after graduating from Stanford University. From 1908 to 1913 he was editor of the Grand Junction, Col. Daily News, and went from there to the United Press, with which organization he remained until 1935, being president from 1923 on.

Karl Bickel is noted chiefly for his authorship of two books: "New Empire—The Newspaper and Radio" (1930), pertaining to his professional experience, and "The Mangrove Coast" (1941), which tells of his adopted home.

## Biographical Sketch: R. D. Webb

In the faculty roster in the University Bulletin each name has after it, in parenthesis, a date, signifying the year that person's service with the University of Tampa began. Some of the dates in the list go back to the early '30's when the University was new, and one of these appears after the name of Prof. Reuben D. Webb, who joined the faculty of the University in 1933 as associate professor of English.

A native of Alabama, Professor Webb received the bachelor of science degree from Alabama Polytechnic Institute, Auburn, in 1897, and the degree of master of science from the same institution the following year. During the summers after 1902 he did special work in English at the University of Chicago.

After taking his degrees at Alabama Polytechnic Institute he taught in the Ninth District Agriculture School at Blountsville, Ala., and later in the public schools of Millen, Ga., and Dothan, Ala. In 1900 he resigned the principalship of the Asheville, Ala., schools to become private secretary to Congressman Thompson of Tuskegee, Ala. A year

later he gave up this position to become an instructor in English at Alabama Polytechnic Institute, where he remained until 1915.

For the next 13 years he held the office of superintendent of Sunday schools in South Carolina. He edited the Promoter, a religious maga-

zine, in Spartanburg, and also contributed religious articles to the State, in Columbia.

Prof. and Mrs. Webb reside at 1009 S. Dakota Ave. They have a daughter and two sons. Their daughter, Mrs. Eleanor Hayt, is librarian at Plant High School.

The older son, C. H. Webb, is with the Internal Revenue Department in Atlanta. The younger, David, was graduated from the University of Tampa in 1942, and is now office manager for the Goodyear Tire and Rubber Company's store in Roanoke, Va.

## Teaching Exams---

(Continued from Page 1)

Adult Education of the University of Tampa will serve as Local Examiner.

Applicants for the Teacher Examinations should apply to Dr. Robinson (in person or by mail) during the month of December if possible. No applications may be received after January 7.

Candidates for teaching positions or students in the Department of Education will be examined at this center. Other candidates in this area may also take the examinations by applying to Dr. Robinson.

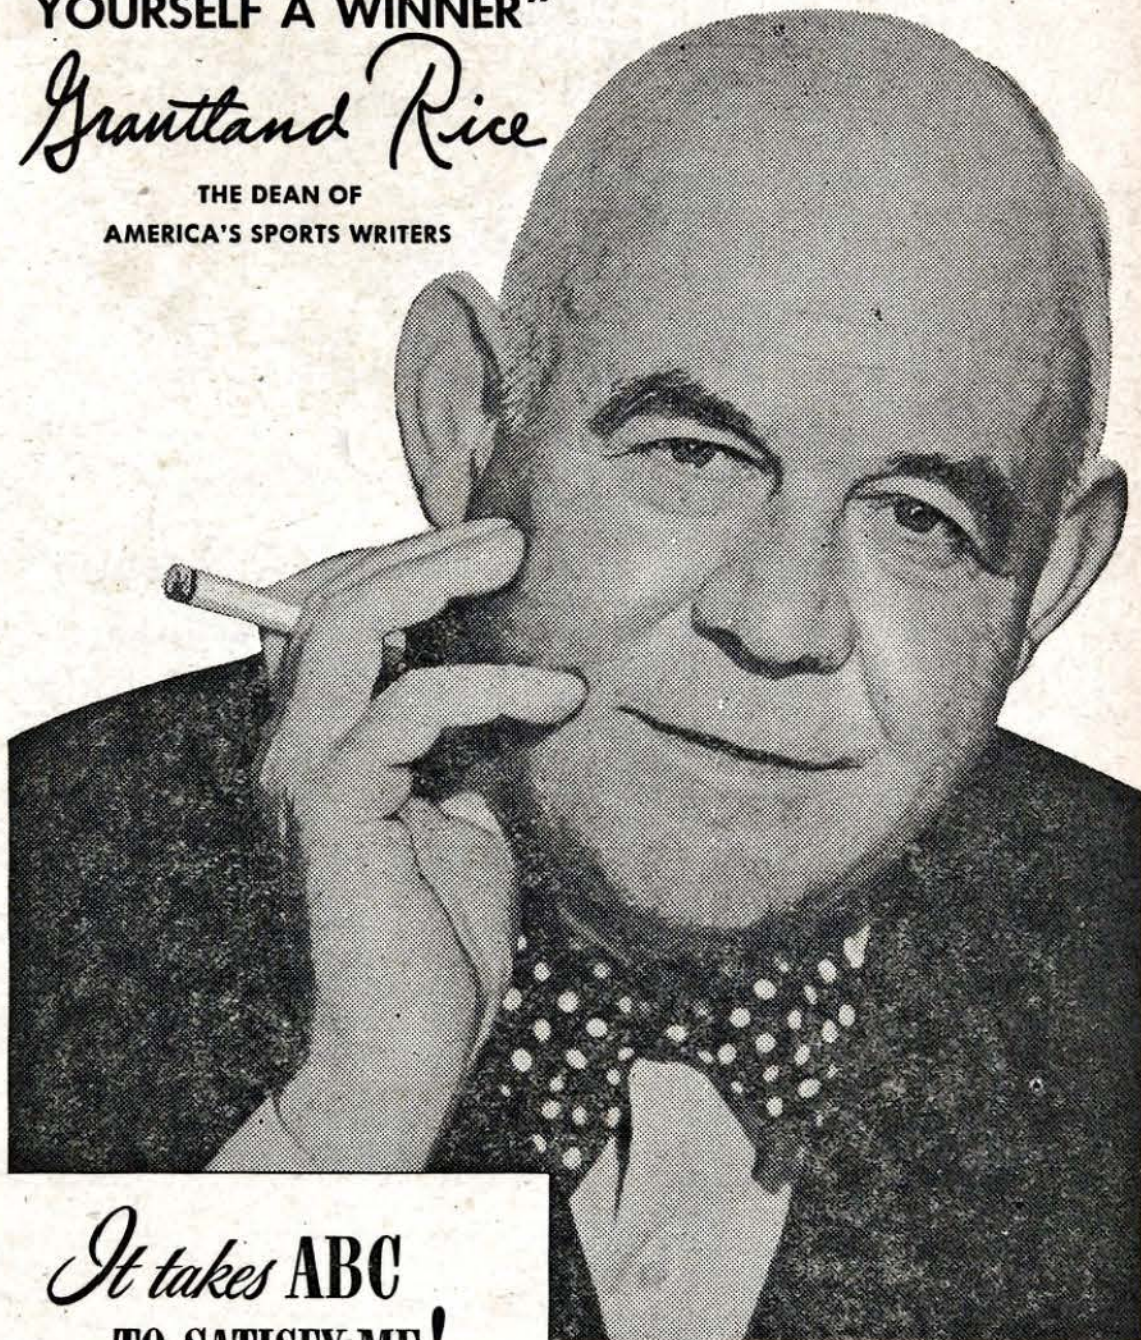

The Teacher Examinations are administered in a number of school systems and colleges throughout the United States on the announced dates. The results may be submitted to any cooperating school district or institution.

All education majors who are completing their work in the education department this year should see Dr. Robinson as soon as possible to complete arrangements for taking the examinations.
