## It Seems 70 Me...

that fall of the year is the most jam-packed season there is. Everyone eases thru the summer concentrating on having fun and keeping cool—then—all of a sudden it's September and all of those things you so cheerfully agreed to do last spring catch up with you and you are snatched into a full speed run to try to accomplish at least a part of them. Some day I'm going to write a book entitled "The Gentle Art of Saying No," dedicate it to myself, then sit down and read it! Would you like an advance subscription?

As usual these past months, there is much activity here on the campus of dear old T. U.—it's always interesting to wander around during registration week and see the shy freshmen, bold and sophisticated upperclassmen, new and old professors, and harried staff of the registrar's office. I must admit that this year the registration went smoothly and the long lines in the hall were conspicuous by their absence. Maybe there is something to this business of Plan Ahead.

We hope that you will be as excited as we are about the plans for Homecoming. The Alumni Board has spent many evenings and your alumni president and homecoming chairman, many, many long hours trying to develop a schedule that will be the best ever for our Homecoming. This year they have had wonderful cooperation from the administration and the students—everyone has gone all out to try to make this the most enjoyable homecoming ever staged at our Alma Mater. If you aren't here to enjoy the festivities with the rest of us—it's your loss! Please try to fit Homecoming into your busy fall schedule. We absolutely guarantee you a very enjoyable time for the whole family.

Did you know that the Alumni Office has been moved? We now occupy room 128. Among the things that happened during the summer was the shuffling of rooms among the registrar, Dean Rhodes and the Alumni.

There are some very interesting events on the calendar for the next few months at the University. One which we have looked forward to since the idea was first mentioned by Dr. Delo about a year ago, is to be a grand ball which will be held in the lobby and will recreate the spirit and setting of the opening ball of the Plant Hotel. The very idea is exciting and many of you older alumni will remember the desk in the lobby, the beautiful gilt mirrors, plush carpet, carved conversation chairs and other furnishings which were still here when we first wandered thru the dark and gloomy halls. The proceeds from the ball will go into a scholarship fund and will be a project worthy of your support. You will be kept informed as the plans develop and your support will be needed to insure the success of the evening.

Did you know that Dr. Delo is going to publish a bulletin of the University which will be mailed to you between issues of the Alumni Bulletin? This will help keep you and other interested friends of the University informed as to what is going on. The mailing lists are in the process of constant enlargement so that we may tell our story of a growing private institution with standards of excellence in liberal education to more and more people.

Goodness . . . so much stuff I'm putting out this time! Oh well, they say there is no one so fanatical as an old alum.

Virginia Overstreet Editor

## HOMECOMING

November 7 is a significant date for the University of Tampa. It will be Homecoming, and a very special Homecoming indeed.

This Homecoming will honor the 25th anniversary of the graduation of the first four-year class. There were only 14 members, most of whom will be with us on November 7. This small first class is a cry from the 236 graduated last year, the difference is some indication of the progress made by the University in this quarter-of-a-century.

The public is cordially invited, at no charge to view the skits prepared by student groups, and the crowning of the Homecoming Queen in the Municipal Auditorium on Friday, November 6.

You are also invited to the Homecoming Dance at the Homer Hesterly Armory on November 7 following the football game.

All Alumni are urged to attend each event, and Dr. & Mrs. Delo invite them particularly to the Alumni Reception at the President's House, 1815 Bayshore Boulevard.

To all of you, a cordial invitation to visit our main building, the former Tampa Bay Hotel, and to inspect the renovation which has occurred. If you have not been inside the building recently, you will find it changed materially and for the better.

Just as we look back 25 years to the graduation of the class we will honor on November 7th, and to the intervening years of constructive educatonal service to the young people of this community, so we also look forward to a continually brightening future which the University of Tampa will surely experience with your support.

See you at Homecoming!

DATE	TIME		PLACE	EVENT

## The Original Fourteen

This year we observe the 25th Anniversary of the first full four-year graduating class.

Fourteen people were presented diplomas on June 11, 1935, in the school's first commencement exercise. Some of these original 14 were transfer students completing their work in Tampa, but the majority were members of the class started four years earlier in borrowed rooms at the Hillsborough High School.

It was not an easy four years, with the original organization of the Junior College and then, two years later, developing the four-year curriculum and moving into the present University

Building.

These 14 members of the first graduating class will be honored guests at this year's Homecoming activities.

For you who have come and gone to the campus since those early days, let us introduce you to our anniversary graduates:

Mr. Miller K. Adams, Associate Professor of Physical Education here at the University. Miller Adams was the first President of University of Tampa Alumni Association and named Alumni of the Year in 1957. He has been working for his doctorate for the past few years and expects to receive his degree about Christmas of this year. Besides being active in civic clubs, he serves in a professional capacity as an advisor with the Hillsborough County Schools, Health Department. He is married to the former Carolyn Maness and has two daughters in college.

Mrs. Miller Adams, also was a member of the class of '35, received her degree in Education. Mrs. Adams is employed by the County School Board, Jackson Heights Elementary

School.

Mr. Joseph Clawson has been located in Phoenix, Arizona, 3143 East Pima Avenue, and has promised to bring us up to date on his activities.

Mrs. Julio Burns, 620 South Dakota, Tampa, has been a teacher at Brewster Vocational School in Tampa since 1937. She is Chairman of the Business Education Department, Adult School. She also teaches history at the high school level at Brewster. Mrs. Burns is a member of Delta Pi Epsilon. She received her M.A. at the University of Florida. Mrs. Burns' husband is the owner of C. C. Burns Furniture Co. Mr. C. V. Collier was last

Mr. C. V. Collier was last known to be working for the Southwest Foundation for Research and Education and living in San Antonio, Texas. We know that he has been furthering his education by taking courses at several schools since graduating from Tampa University. Mr. Collier is a research chemist, has had many papers published.

Mrs. Anne Crane is another member of this graduating class who we were unable to contact. Mrs. Crane received her degree in Education and we have reason to believe anticipated going into teaching.

Miss Irene Haas, is now Mrs. Skadron, residing in Quincy, Florida. Mrs. Skadron is a housewife and her husband is

a cigar manufacturer.

Miss Louise Leonard, who was Class President of this first graduating class, has followed a career in Education. She is presently a counselor at Central Missouri State College, Warrensburg, Missouri, teaching classes in psychology.

Dr. Alan P. Stuckey, Associate Professor of History and Political Science here at the University, received his doctorate from the University of Florida in 1952. Dr. Stuckey is at present doing a professional study for presentation to the Florida Historical Society in which organization he is an active participant as well as in the Southern Historical Society. Mrs. Stuckey is a teacher at Hillsborough High and they have one son in elementary school.

Mr. Alfred William Taylor for many years has been Meteorologist in charge of the Weather Bureau in Savannah, Georgia. Mr. Taylor at present is taking some courses at Armstrong College of Savannah. He is married, has one boy in High School, a daughter married who has two children a girl 3 and boy 2. Mr. Taylor lives at 14 Parkwood Dr. Savannah, Ga.

Mrs. Henry J. Van Balen, the former Dorothy Pou, resides at 2312 Swann Ave., Tampa, Fla. Mrs. Van Balen who teaches at Gorrie School in Tampa, is also very active in community affairs. She directs the choir at St. Mary's Episcopal Church, is an active member of the Pilot Club, member of Delta Kappa Gamma, and also has found time to take several music courses with Professors Wiltse and Park at the University of Tampa. Mr. Van Balen is employed by E. I. Keefe and Co. of Tampa. Mr. and Mrs. Van Balen have two children, one attending Plant High and one at Gorrie Elementary School.

Mr. Ted Van Antwerp resides at 13301 Gulf Boulevard, St. Petersburg, Fla. An accomplished magician, writer and entertainer, Mr. Van Antwerp is the operator of the Cafe Baba on the St. Petersburg beach. He has created an unusual atmosphere for the Cafe Baba which is finding wide approval.

Dr. Dillard B. York is a practicing physician in Tampa, residing at 909 Beacon Avenue. Dr. York married Rachel Lees, also a Tampa University graduate, and they have three children, one girl and two boys. After leaving the University in 1935, Dr. York attended Vanderbilt University School of Medicine graduating in 1939. He spent two years at Tours Infirmary, New Orleans, La., as an intern, and at Ohio State University Hospital as assistant resident in surgery. Next followed five years in the Army as Regimental Surgeon, 405th Infantry, a combat unit overseas. While in the Army he graduated from Army Medical College, School of Tropical Medicine. Dr. York was chief resident at Tampa General Hospital for one year and has been in private practice for the past 13 years.

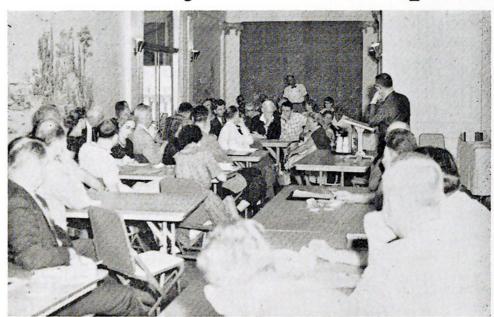

Mr. James Moore, the 14th member of this first graduating class, is deceased.

A significant step in University faculty development was taken this fall with the establishment of a pre-school workshop for all members of the faculty and administrative staff. For four days and three nights the entire faculty and staff talked over problems of the immediate school year and the future in general. Dr. David M. Delo, President, the man responsible for the workshop was highly elated even though exhausted after the final session. "We have accomplished much in our conferences bringing before the entire staff the problems of individual departments and sections so that each of us will have a better understanding of the overall operation of the University. This should assure much fuller cooperation between the departments, both faculty and staff in the coming years. Because of the fine results already obvious, we hope that the workshop can become an annual event preceding the opening of school each

The sessions all were held in the New Terrace Hotel at Sarasota. The entire cost of rooms and all meals for the four day session were underwritten by a friend of the University, Dr. Seabury Mastick Pleasantville, New York. Of course, many who heard of the workshop being held in Sarasota immediately asked "Why?". There was very good reason, however, for the selection of the location. Sessions were scheduled each of the four days from 9 o'clock in the morning through 10 o'clock at night and to make the sessions valuable full attendance was a requisite. By having everyone in the same hotel, eating in the same places, outside interruptions were held to a minimum and the togetherness of the situation promoted lively discussions on the days' topics long after the close of the scheduled sessions.

The workshop opened on Tuesday evening, September 8th, with a late afternoon reception and dinner in the Roof Garden. Following the dinner, Dr. Delo introduced the 17 new members of the faculty and

## Faculty Workshop

Dr. Willis Dunn, Registrar, seen at the rear of the room, was one of those who took part in the many lively discussions.

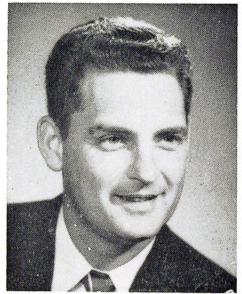

Dr. Judson C. Ward, Jr., Vice Pres. and Dean of Faculty at Emory University, Atlanta, Ga., leads a discussion on curricula on second day of the Faculty Workshop.

staff. Also on the evening program was an historical resume of the University by Dr. D. L. Zielonka, telling of the first decade of Tampa University's existence, followed by Dean M. C. Rhodes bringing the resume up to date. Even later Dr. Robert J. Dew, Jr. and his Committee on University Objectives gave a report that furnished material for practically an all-night discussion. The full report of this committee will be given in a later issue of the Alumni Bulletin.

Most of the day Wednesday was taken up with papers and discussion of the University's development program, public relations programs, community relations and special services. The featured speaker both in the morning and afternoon sessions was Mr. Paul M. Ireland, Executive Vice President of the Cumerford Corp., Kansas City, Missouri, a firm of fundraising consultants to colleges and hospitals. The late evening session Wednesday was turned over to Dr. W. J. Dunn, Registrar, to explain the new admissions program.

His explanation of the new R-R punch card system put into effect this year sounded complicated, but a few days later, when the entire faculty was involved in the annual registration flurry, it was found that the new process did cut

PERRY OWEN KEENE

## Alumni Ass'n President's Message

You can tell by the headlines on this bulletin that another year has rolled around and it is now time for Homecoming again. This year's

Homecoming Committee is Harry Seely, chairman, along with Larry Donohue, Tony Ippolito, Bill Antonini, and Bebe Alonso. In the last several years that I have been active in alumni affairs, the Homecoming celebration has been bigger and better each year. It is our intent this year it shall continue in this tradition.

Your Homecoming committee has worked long and hard to organize all of the Homecoming festivities so that the majority of the alumni who so desire, will be able to participate in and enjoy each function that is scheduled for the weekend. As you can see by the schedule of events listed in this bulletin, all of the activities have been planned for Friday evening and all day Saturday.

The first function scheduled is an open house at the University on Friday evening. The new dormitories are completed and are being used this semester for the first time. They will be open for your inspection, refreshments will be served and I am sure that all of you will be as interested as I am in all the phases of progress going on at our school under the guidance of Dr. David M. Delo.

Immediately following the open house, the student skits will be presented in the Municipal auditorium and the Homecoming Queen will be announced. If you have never seen the skits before, don't let another year go by—they are hilarious!

Saturday morning has been left open for the individual organizations—sororities, fraternities, etc., to have their own breakfasts and meetings if they so desire.

The children's party will begin at 10:30 and the parade is scheduled to push off at 11:30. You will find that it will be a world of fun to bring the children to the party, and you will be conveniently parked, at the same time, to watch the parade

be conveniently parked, at the same time, to watch the parade.

In the afternoon, beginning at 3:00, Dr. and Mrs. Delo are holding open house for all alumni at their home on Bayshore Blvd.

From 5:30 until game time, your Association is sponsoring a Homecoming buffet dinner and reunion in the Geo. B. Howell gym at Phillips Field. You will recall that in years past the Association has held a luncheon Saturday noon. This year we have changed this to a pre-game buffet and get together.

The Association's guests at this affair will be the members of the first graduating class of the University of Tampa, the class of 1935. The alumnus of the year award will also be presented at this time. We hope that making this change will enable more alumni to participate and enjoy these pre-game festivities, the big game and the formal dance following at Ft. Homer Hesterly Armory. The price is right—only \$1.25 (where else can you get a delicious meal for a buck and a quarter). The time is right, the parking will be good at that time and only one baby sitter for both the dinner and the game, so gether up a crowd and let's

## ASSOCIATE SCHOLARSHIP

There is a new scholarship development at the University of Tampa.

During the summer a new group was organized to provide one or more full tuition scholarships to deserving persons. The group is known as the "University of Tampa Associates" and is in the process of incorporation. Each Associate is contributing \$10 a year toward a scholarship.

Later this fall a concentrated effort for new members of the Associates will be made. The organizing and early members of the organization are:

JOHN' ALEXANDER CONSTANTINE ARTIZBUSHER ALFRED C. BERGMAN ROGER CAVALLO JAMES W. COVINGTON DIANA CULLWELL **GENE DAVIS** R. HUGH DOUGLAS L. W. DU VON J. E. FARAGHAN JOE FERRARO KARL C. GISSINER EARL R. GNEISER **GEORGE E. MANNO** JACK E. MARLEY DANIEL PYZEL IV THOMAS J. ROCHE DANIEL ROSENBAUM HOWARD ROTHENBERG ANNIE MARY SANDFORD MARK SHEPPARD ARTHUR U. SKOP STEPHEN SPERONIS ED WALKER J. E. WATERS MORRIS E. WEINER ANGUS WILLIAMS, JR. LEN WHALEN

make this a real bang up celebration, before we march out to cheer our Spartans on to victory over Arkansas State!

Call the Alumni Office now —8-8861—and make your reservations for the dinner. Tickets are available at the Alumni Office and will be sold at the

Perry Owen Keene, Pres. University of Tampa Alumni Association

President's Message

DAVID M. DELO, President University of Tampa

Welcome — Yes, welcome back to the University of Tampa. It is my earnest desire to say "Welcome" to you personally during the Homecoming festivities planned for next month. We hope that all our graduates and former students will make a special effort to take advantage of Homecoming week to visit the campus once again.

Things have been happening at the University of Tampa. We've completed a great deal of renovation in the last year and a half, have additional work planned, and hope you will be

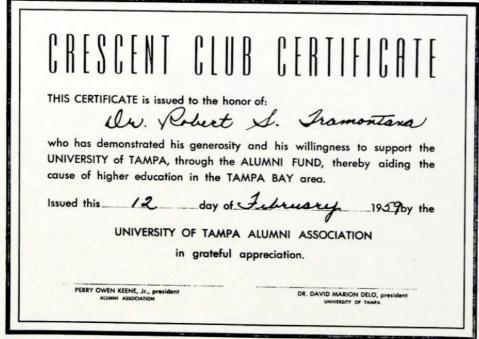

pleasantly surprised when you see our "new look".

We want you to see what is happening at the University because, frankly, our alumni can and should be our best advertisers. What you have done since your days on campus and your attitude toward your ALMA MATER are the very things that create the image of the University in the minds of others.

We also want you, as alumni, to share with us the pride of accomplishment that is evident every where on the campus.

A schedule of outstanding events for Homecoming will be found elsewhere in this bulletin. I hope you will find the time to take part in these activities.

So once again I say welcome, welcome back, in this year of 1959.

Pictured above is a sample of the new Crescent Club parchment certificate now going in the mail to alumni and friends of the University who have contributed \$100 or more to the Alumni Fund in the last year.

#### **PERSONALS**

Congratulations to DAVID CHARLES HOGUE (52 to 54) on his engagement to Miss Elaine Barbara Tokos. The wedding will be an event of the fall. David is now employed as an electrical engineer at the Westinghouse Electric Corporation and his address is 1010 Morrison Ct.

PATRICIA MAE CLARK (55) is to be congratulated on her recent engagement to Fredric R. LeVarge, who is now a student at the University of Tampa as well as an employee of the Peninsular State Bank. The wedding will take place on Nov. 25 at 8:00 at the Palma Ceia Methodist Church.

HARVEY REILICH (53) wrote us to say he has taken a position as factory cost accountant and supervisor of the cost department at the Associated Spring Corp., B.G.R. Division. Plymouth, Michigan. His home address is 14474 Oxford Dr., Plymouth. Thanks for those kind words about the Bulletin, Harvey, and for sending us this information.

#### **FACULTY WORSHOP**

Continued from page 5 registration time in half for most individuals.

Thursday was one of the livliest days as far as the faculty was concerned talking about curricular objectives and standards for the decade ahead. A guest speaker at these sessions was Dr. Judson C. Ward, Jr., Vice President and Dean of Faculty at Emory University, Atlanta, Georgia. Dr. Ward's advice and counsel in many phases of the University of Tampa curricular problems will mean a great deal in planning future curricula of a school of distinction.

Friday was business day at the workshop with the administrative staff explaining internal organization business and academic procedures and student relations. Following a luncheon and closing remarks by Dr. Delo, the participants left for their homes in Tampa tired but well rewarded.

## ALUMNI BULLETIN

Published by the University of Tampa Alumni Association

VIRGINIA OVERSTREET

Sec. 3466 P.L.&R. U. S. POSATGE Tampa, Fla. Permit No. 27

POSTMASTER: If undeliverable as addressed Form 3547 requested.

#### **FOOTBALL**

Well, there's four down and six to go. Of the four played the Spartans have one win and three losses. Of the six remaining games, who can tell. Coach Huerta, the crafty, hard working Spartan chief is optimistic as to the remainder of the season but realizes that Troy and Western Carolina were the two weakest teams on the Tampa schedule. This is to say that both these teams were tough and very good football teams, but the others are even better. Some, like McMurray and Florida State are much, much better. All of this points to what? Well, for one thing it all points up to the fact that the Spartans will have to buckle down and play their very best to come up with a winning season. Secondly it points up to the fact that a'though public opinion, for the most part, seems to indicate that the Spartans year in and year out have a fairly easy schedule, it is not true. This year more then ever.

As this is being written the Spartans are hard at work preparing for the coming games. As is the policy with Coach Huerta and his staff beating those teams is the only thing they will worry about until after the game. This writer, however, is giving a great deal of thought to the overall picture. One thing we'll certainly not worry about is the brand of football the fans will see the remainder of this season. That, we're sure will be the best in the south, for as those of you who watch the Spartans on Saturday nights will agree, the Spartans produce enjoyable football whether they win or lose.

#### **BASKETBALL**

The future looks bright for the University of Tampa basketball team. Coach Bob Lavoy has recruited that height that he lacked last year. The Spartans have lost only one man via graduation and that was Fred Guzielek from Amsterdam, New York. Coach Lavoy because he lacked the necessary height last year had to play a fast break type of basketball but now with the added height he can afford to play a more deliberate game.

Promising newcomers to the squad are 6'7" Tony Gardner from North Carolina, 6'8" Don Boyt from Cape May, New Jersey and Chuck Engleking, 6'4" forward also from Cape May.

The Basketball team faces a very formidable schedule including St. Peters, Wheaton College (Illinois), Loyola of the South, Mississippi Southern and all the teams in the state of Florida. The Spartans will play 11 home games at the University of Tampa field house. With the Spartans height and speed and a little of lady luck, we look for a prosperous and victorious season for the University of Tampa Basketball team.
