

Size Of Campus Triples By Purchase

25 Acres Deeded To University By UR

The University has received the deed to 25.49 acres of Urban Renewal Agency property north of its present location thus nearly tripling the size of the 15-acre college.

President David M.

Delo also announced that the first phase of a \$7 million construction project would begin immediately.

Dr. Delo said first priority will be an AAU sized swimming pool. A contract

to build the pool with six racing lanes has been awarded to L. F. Lang & Son Pools Inc. Contracts will soon be let to build a 10-story dormitory housing 376 men, as well as a marina and three tennis

courts. Landscaping will also get underway.

The construction is the first leg in a projected program which would eventually encompass more than 75 acres for 3,000 students.

Contributors Give Tampa \$614,867

A total of \$614,867.51 was contributed to the University in 1968, reported Raymond Conlin, development officer.

Friends of the University gave the largest amount, \$314,544.54.

Arthurs Present Art To College

Nearly 300 paintings and objets d'arts valued at more than \$50,000 have been presented to the University and the Tampa Bay Art Center by Mr. and Mrs. Edward L. Arthur, Tampa.

Works by Harrison Covington, Syd Solomon of the Tampa Bay area, Jose Sanz of Spain and Saito, Onchi and Nishamura, Japanese printmakers, were in the collection. The works will be divided between the two institutions.

Dr. and Mrs. David M. Delo greet Mrs. Jerry Fogarty and Mrs. John Pratt at a reception given by the couple at their home last December. The occasion marked the completion of the remodeling project of the Barritt House.

Greetings from the President

The year 1969 should be a great one for the University of Tampa. We shall complete the library and open it in September. We shall soon complete the addition to the new Art Building housing the kilns for work in ceramics, and equipment for metal sculpturing; these phases can be expanded beginning in February. By the time this message reaches you, we shall have received the deed for the 25 acres of Urban Renewal land, and improvements will be underway.

All of us have a tendency to make resolutions for the coming year. I hope that each person interested in the University of Tampa will make a resolution to assist the University in every way possible during this significant year of 1969. Because of inflation, increasing basic costs of operation and the difficulties inherent in the attitudes of many people, fiscally stable operation of the University becomes more difficult each year as the gap widens between what the student (or his parents) can afford and the total cost of operation.

Our greatest academic need at the moment is to double our collection of books for the library. I hope all of you who are interested in creating an academic program of higher standards at the University will assist us in this endeavor.

For, remember that he who gives a good book gives more than cloth and paper and words. He leaves a foreword of his thoughts, a history of his interests and a record of his dedication to learning.

May you and yours enjoy happiness, prosperity, and great satisfaction in the year to come.

Cordially yours,

David M. DeLo

President
