'SMILIN' THROUGH'  
TO BE PRESENTED

313 Masquers To Interpret  
Famous Play Tuesday  
Night

"When two eyes so true come  
Smilin' Through . . ."

To the strains of this beautiful refrain, the 313 Masquers will proudly present its interpretation of the famous play, "Smilin' Through," in the Municipal auditorium Tuesday night.

The leads are capably re-enacted by Priscilla Hunt as Kathleen Duggan, Ella Beth Laird as Moon-yien Clare, Lincoln Dowell as John Carteret and Howard Beynon as Kenneth Wayne.

The story revolves around an accident which occurred 50 years before the time represented in the rise of the first-act curtain. Kathleen and Kenneth are the innocent victims of this unfortunate accident with which they had nothing to do but which they have great difficulty in living down.

Bill Fisher, as Dr. Owen, endeavors to keep things on an even keel and to aid Kathleen and Kenneth as much as possible but he has little success. John Cartaret is an obstinate old man and it is his objections which keep every one and everything in a constantly strained condition.

Other members of the cast are Hilda Sweet as Ellen, the housekeeper; Ben Filipiski, Jeremiah Wayne; Yolanda Finney, Mary Clare; Willey Tillman, Willie Ainley, and Marianna Harrison, Sarah Wayne.

## WELCOME, CONTESTANTS

Every year University of Tampa students look forward to the visit of the Florida High School Music Festival contestants. We are glad to see you.

The faculty and student body extend a glad greeting and a warm welcome to you. It is a happy privilege to have this meeting take place with us.

All music lovers will receive great pleasure from the solos, quartets and choral offerings in the singing divisions and the individual, small ensemble and full orchestra competitions in the instrumental group.

The public schools should be commended for the recent development in the interest and furthering of music. To show our appreciation for this growth, let's attend the meetings.

Once again, we are glad you are here. Welcome, contestants!

We wish to extend our thanks to Mr. McNulty for the placing of more benches in the lobby. We, the students, are grateful for them and we know that our visitors will be also.

## MAKE USE OF LIBRARY

If you are a regular student, you are paying a fee each semester for the use of the library.

Have you investigated the library? Have you noticed the shelves given over to the various subjects you are taking?

Have you seen the April edition of your favorite magazine? Every magazine from the Reader's Digest to the Dog World is there.

Do you have time to read the paper before you leave home in the morning? If not, find it in the library.

You can find good fiction books there, too; so why don't you drop in the next time you are down that way?

## CONVENTION HEADQUARTERS

Our University has been very fortunate in being selected as the meeting place for several conventions this year.

This coming week-end we have the honor again of having the Music Festival making their headquarters at our school. It is up to each and every student at the University of Tampa to appoint himself as host or hostess to this group of delegates.

They will naturally want to know about our school; as to where the library and museum are located, and other places of interest on our campus.

If each one will do his best to make these delegates feel at home; the future may find many other conventions selecting the University of Tampa as their headquarters.

## NEED FOR LOCKERS

Every one hears of two or three students losing or misplacing books. All day long the lobby is cluttered with notebooks and texts, giving it the general appearance of chaos.

Lockers could easily be provided and therefore eliminate the temptation of walking off with other people's possessions. Surely in this large building there is space available for locker-rooms.

Perhaps students could double-up in the lockers which we see on the side porch until a sufficient number could be obtained.

## Have You Read the Bulletin Boards This Week?

Do you find time to stop and read the bulletins as you pass through the lobby? If you don't, cultivate the "bulletin" habit.

Many of the students here missed the chance to hear the Scottish tenor last week just because they avoided the announcements.

Many of the announcements are pleasant; so start in reading them and learn what's going on.

Just because the same announcements remain on the board for several days, or maybe a week, is no reason for ignoring them and new announcements as well.

## ELLIS FREEMAN TO ADDRESS CLUB

To Speak on "The Psychological Aspects of Propaganda"

Dr. Ellis Freeman, professor of psychology, will speak on "The Psychological Aspects of Propaganda" at the meeting of the International Relations club tonight at 8 o'clock in room 242.

Having lived in Europe and received his degree at Frankfurt on Main, Dr. Freeman has made an extensive study of the propaganda of the European powers and the United States as well.

"It matters little whether propaganda causes people to side with Germany or the Allies—the important thing is the effect of this propaganda in moulding the personality of the average man," he said.

The meeting tonight will be one of the most interesting of the year, and the International Relations club is issuing special invitation to visiting high school students to visit and to take part in the open discussion that will follow Dr. Freeman's talk.

## Candidates for Tennis Team Receive Tutelage

Candidates for the University of Tampa tennis team have been practicing every day at the Davis Islands tennis courts under the tutelage of Coach Burtz Boulware.

All interested in trying out for the team should get in touch with Paul Myers or Tom Johnson.

Girls who have tried out are Frances Alderman, Arline Taylor, Kitty Ann Sweat, Polly Robinson, Alice Lee Sewell, Phyllis Flanagan and Carroll Thomas.

Boys who have come out are Paul Myers, Jim Taylor, Sam Bessis, Bill McMullen, Tom Johnson, Gene Peck and Jack Alvarez.

## Skins Win Intramural Soccer Game; T. O.'s, B. X.'s Tie in Basketball

The intramural program Thursday provided two mild upsets. First, the Skins won the soccer championship with a 1-0 victory over last year's champs, the Rho Nus, and the Tau Omegas went into a tie for first place in the basketball race with a hard earned 19-12 win over a Beta Chi quintet.

In the soccer contest Champ Williams, forward, scored the winning point and proved to be the outstanding soccer player on the field.

Tom Albers and Floyd Wolfe, forwards, were the main gains in the T. O. victory over B. X.

## The Spice Of Life

We wonder why Juanita gets to school so early every morning? Kolka be spring? . . . The Lazzara-Pierre romance seems to have cooled. Has Jimmie lost his appetite or does Sara pack a better lunch?

We are taking all bets that Ruth Jolley will pass Geology. Could it be that she is working hard on a certain lab assistant? . . .

Help wanted: Art Burrows is seeking assistance. A little lady does not realize that 50 percent of the romance has cooled off! . . . Wonder if to the music of a jock organ, Chip Bergwin whispers sweet ideas on feature stories to Lucie Lee? . . .

Flash! A Bill Black and Flanagan romance is in the bud or is it just Irish stew? . . . Bill Gregory has a new girl friend with a car. Hint: Her initials are M. C.

Wonder if Romeo Beatty is losing his appeal or was the crack on his face a result of misplaced affection? Are Jack Dromey's attentions to a certain girl due to his fondness of driving a car—Anyway, they're going steady.

Guess who—What B. X. and S. T. P. were recently seen looking at the sparklers in Duval's window. P. S. They also had that gleam in their eyes. . . . Lola Jane Wallace and Pittman seemed to be having difficulties, but no such good luck to the rest of the fellows, all is o.k. now.

 If you can sit by a window throughout class and never once look out it,  
 If you can type a whole theme perfectly and make a mistake in the last word without losing your religion,  
 If you can do all this—Phew!—But look what you've missed!

## Dear Little Gators

By MARGARET PAINTER

The following letter appeared in the Florida Alligator last week:

Tally, March 9.

Dear Little Gators,  
 We, the students of Florida State College for Women, are definitely of the "weaker sex."

We are frail little weaklings and utmost care must be taken to guard our health—at least that is what the administration of the college thinks.

A regulation forcing every student to turn off her lights by 12 at night and leave them off until 7 in the morning has just been put into effect here.

It seems that too many students are suffering from eye strain and the infirmity has been having an unduly large number of patients lately, so the health committee of college council has decided that the best way to cut down illness is to tuck us all in bed by midnight.

Maybe they'll even have someone come around and tell us "Little Red Riding Hood" or "Goldilocks" before we doze off—but probably not; such hair-raising tales about bears and wolves might unduly excite us and develop nervous temperaments in us.

The new regulation was announced Tuesday in convocation by Pres. Conrad—and though the student body took it like ladies, the thoughts we were thinking were none too lady-like.

## METHODIST HAVE SOCIAL GATHERING

Musical Selections, Singing  
and Informal Games  
Entertain Group

The Methodist Student Union held a business meeting followed by a social gathering last Tuesday night at 7:30 o'clock. Zeno Stalnaker, president, was in charge. The Rev. John Branscomb, pastor of the First Methodist Church, gave the leading talk of the evening.

Musical selections were offered by Miss Florence Flanders and Allan Benz; and Miss Lula Blake Gibson, program chairman, lead the group in singing and informal games.

Refreshments were served later in the evening. Those who served on this committee were the Misses Gibson, Marjorie Bunch and Mary Merle Jones.

The time and place of the next meeting will be announced later and all Methodists are urged to watch for information on the bulletin board.

### U. WOMEN VOTE

Mrs. Allgood and Mrs. Pearce Will  
Make Reports

Offices of the Tampa branch, American Association of University Women, will be elected at the regular luncheon meeting Saturday at the Mirasol Hotel. Mrs. C. R. Allgood is the president.

Mrs. Allgood and Mrs. Martine Pearce, who were delegates to the recent biennial convention of the southeastern section held in Miami, will make reports.

The family relations group will meet Wednesday afternoon at the Hillsboro Hotel and C. Phil Peters, Principal of Plant High School, will discuss "Education in a Changing Civilization." Mrs. E. E. Garison is chairman of the group.

### ALUMNAE ENTERTAIN

Alpha Gams Give "Gone With the  
Wind" Party at Villa

Members of the Alpha Gamma sorority, pledges and their dates were entertained at a "Gone With the Wind" party by the alumnae group last week at Villa del Rio.

Costumes of the Civil war period were in evidence everywhere, and a miniature "Tara" with tiny dolls representing the characters of the famous picture, formed the centerpiece for the table.

A barbecue supper, similar to that in the story, was served. Miniature "Scarletts" and sacks of cotton, filled with mints, were given as souvenirs. Dean and Mrs. M. S. Hale were special guests.

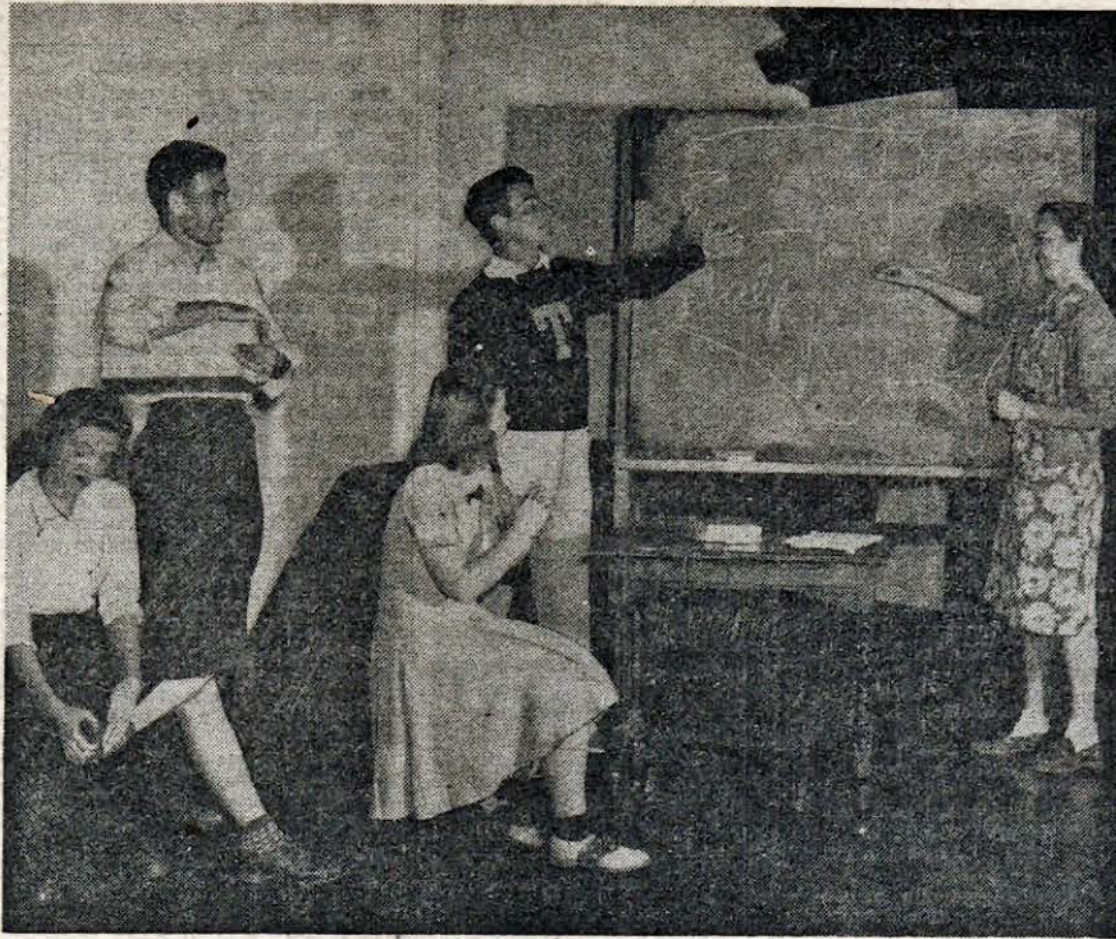

### GIVES LUNCHEON

Accounting Club Entertains New  
Members at Crescent Grill

New members of the Accounting club were honor guests at a recent luncheon at the Crescent Grill. After the luncheon a business meeting was held with Franck Maniscalco, president, presiding.

Those attending were Dot Thonneson, Arline Taylor, Cora Shields, Beth Hornsby, Ella Berry, Catherine White-side, Frank Maniscalco, Julius Felicione and Theodore Tsangaris.

## Masquers Win Praise For Comedy

During an evening of one-act plays, members of the 313 Masquers presented the comedy, "The Weatherman's Secret," with the cast, left to right, as follows: Yolonda Finney, as Cotton Ann Corn; Joe Mills, as Bill Gadget; Hilda Sweat, as Mrs. Harold DeSpes- seic; Bill Fisher, as Senator Deuteronomy Flowers from California, and Frances Alderman, as Miss Penn, the secretary.

### In the Social Spotlight

This week's spotlight is turned on the new student body president, Zeno Stalnaker. Congratulations and the best of luck.

T. O. pledges will entertain the members and their dates at an informal party and picnic tomorrow night at Lee Ducan's home. Dancing, boating and such will be enjoyed during the evening.

The Junior class elected the king and queen of the Senior class. The names are being kept a secret until the banquet May 10. Maids and courtiers of the other classes will be selected later.

The Alpha Gamma "Gone With the Wind" party was a huge success. College students went back (supposedly) to the colonial days when they did the Virginia reel. Mary Pelaez, an alumna, and Norman Beech won the prizes for the best costumes.

New mystery around the campus is the group of co-eds wearing "J" initial pins and green ribbons: When asked what it means, they say, "We're just joking." But, students, don't let your curiosity get the best of you—'cause you'll find out what it's all about in due time.

## 313 MASQUERS GIVE EVENING OF 1-ACT PLAYS

"Inn of Return" Makes Big  
Hit on Tense  
Audience

By ALICE JUNE WRIGHT  
The return of the ghost of George Mann on the second anniversary of his murder kept a large audience tense when the 313 Masquers presented "The Inn of Return" at the Municipal Auditorium April 2.

During a severe electrical storm, identically like one which occurred the night of the murder, all the guests who had been present at the time of the murder returned.

Dr. Darby, the innkeeper, ably portrayed by Ben Filipinski, aroused fear in his helper, Charlie Cook, who had seen the murderer by re-telling the story to an English novelist, played by Bill Gaventa.

The climax came when Allen Young as Charlie saw what he thought to be Mann's ghost come through the room. Overcome by fright, he confessed to the murder, then died of heart failure.

Others in the cast were Bill Fricke, James Whitehead, Mary Frances O'Berry and Norma Myers. The play was directed by Dr. Berry.

Freak Weather  
Hilda Sweat as the talkative Mrs. Dyspeptic, Yolonda Finney as Cotton Ann Corn, a negro mammy, and Bill Fisher as Senator Deuteronomy Flowers of California furnished the comedy in "The Weather Man's Secret" which dealt with the freak weather conditions prevailing throughout the United States.

The mystery of the play was cleared up when it was found that the weather man's wife, played by Emma Janes Sacrey, had secretly been running the weather in her husband's absence and not even his secretary, Frances Alderman knew it.

Joe Mills, an inventor and persistent suitor, helped the secretary in finding out who her employer was. Mrs. Connally directed the play.

"Poor Dear Aunt Maria," directed by Martha Franco, was the story of Mrs. Parker Engleside's efforts to get the fortune of poor, dear Aunt Maria. Mrs. Engleside (Yolonda Finney) kept Mr. Engleside (Charles Barrow) well under her thumb, but Patricia and Richard, played by Emma Jane Sacrey and Howard Beynon, refused to be bossed. Cecil, the Englishman, was played by Allan Young.

## SPARTAN SPOTLIGHT

By BEN FILIPSKI

Nine years ago, March 31, marked the death of one of America's personalities, Knute Rockne.

Not only was he a great football man and coach but one of the finest friends to youth. Those of us who were connected with football felt his loss as a personal one, that's how wide his personality spread. Many of the football stories we hear are more than likely one of Rockne's but warmed over a bit.

Football was a means of building character in men with Rock, and who can deny that he didn't do exactly that? Discipline, clean living, clean play, and self-sacrifice were tenets to be met only by his athletes but can be applicable in everyday life, and for real virile manhood.

I ran down busy Coach Higgins, who had the privilege to know Rock personally. Here are some of the highlights that I got from him:

Rockne was a Norwegian, graduated from Notre Dame with a major in chemistry. When he came to Notre Dame he came as a track man and not a football man. While he first assisted in football and track he was also an associate professor in chemistry.

As a psychologist and student of human nature he was almost unequalled. He was a true friend to "the-fellow" coaches and to the men in that profession. As a speaker, he was superb—and it is claimed that he had a vocabulary next to the late Woodrow Wilson.

In 1923, Coach Higgins' track team competed with Rockne's and was beaten by four inches. In 1924, the year of the famous "Four Horsemen" Rockne sent the 13 play diagram that Notre Dame would use against Wabash—and they used only those 13 plays. Why ask about the result?

Coach Higgins termed Rockne "the perfect integrated personality" with a warmth and personal interest in his professional colleagues and the youth of America.

To me and to countless others he was more than one relegated to the football field, his spirit spread to every walk of life—and I think it still lives

## They're City Champs

The University of Tampa freshman basketball team won the city championship in the city basketball league, without being defeated. Here's the team, left to right: front, Arlene Taylor, Mary Laura Lindsay and Katherine Perdicaris; back, Helen Berwanger, Alice Lee Sewell, Alice June Wright, Marian Sampson and Elvina Traina.

on. There was a verse I learned long ago and it can be associated with the Great MAN ROCKNE.

It went like this:

For when the Great Spirit comes  
To write against our name  
He writes not that we won or lost  
But—how we played the game.

Our baseball team is still undefeated! Last Saturday the Joys staged a last-inning rally to beat our rivals, U. of Miami by a score of 7-5. Arnie Holmes pulled a Dick Merriwell and poled out a homer to drive in the

winning runs. Nice going Miller Adams, keep up your good work, as a baseball coach.

Yes, to the surprise of many, track is a sport at the University of Tampa. For your information, workouts are being held every day at Phillips Field.

Any member of the University who thinks he is able to run, jump, shot put or pole vault is invited to try out. Coach Higgins is one of the best track coaches in the South and here is the chance to take advantage of his coaching.

## Baseball Nine Prepares For Tilt With Hillsborough

By FRANK MANISCALCO

Last Saturday our baseball team picked up where they had left off last year by winning their third straight college game in as many starts—knocking over the University of Miami in a belated ninth-inning rally.

This marked one of the most exciting and thrilling games that we have witnessed in a long time. Who says baseball isn't exciting evidently doesn't know what he is talking about. If you had seen some of us while watching last week's ball game in Miami, you would think someone had laid tacks on the bench . . . we couldn't keep still one minute.

From the second inning on, when Tobin, Hurricane rightfielder, hammered a homer over the rightfield fence to tie the count at one all, it was anybody's game. The lead changed hands several times during the remainder of the contest.

Going into the ninth trailing 4-5, our boys came up to bat rather confident that the fireworks were just about due to begin. And believe you me, plenty did happen in this inning. It turned out like one of those stories you read about in a magazine or see in the movies.

With the score tied, a man on second, and the count two balls and two strikes on Holmes, our rookie third baseman, connected for a four-bagger and clinched the game.

Not long ago we were all clamoring for a baseball team. You got your wish, but now it's up to you to see that we keep one. As you probably know, the baseball team is a self-supporting club. No money is furnished to it by the Athletic department. It's up to you, you, and you to support our home games and thus make it possible for us to get the equipment that is needed.

Our prospects of a good ball club are pleasing. The boys are beginning to work smoothly and their fielding has been improving considerably. Pitching—although somewhat weak in this department—is expected to round out in fair shape before long.

Saturday you will have an opportunity to witness one of the classiest high school baseball teams in the state, when Hillsborough tangles with our freshmen team. The Terriers

will be out to whip our boys, seeking revenge from last year's defeats handed to them by the Spartan frosh nine.

Now it's up to each and all of you to go out to Cuscaden Saturday and root our recruits to victory. In order to do so, they must have your enthusiasm and moral support.

Come on Tampa U'ers let's all be out cheering our Spartans to victory at Cuscaden field Saturday afternoon at 2 p. m.

Miss Charlotte Anne Thompson, librarian, attended the Florida Library Association meeting at DeLand April 5 and 6.

Gaspar—Economical? Why my wife is so economical that instead of calling me "Gaspar" she only calls me "Par."

Dzudi—Well, where's the economy? Gaspar—Don't you see? She saves on the "Gas."
