SPARTANS DEFEAT  
K & W FOR FIFTH  
STRAIGHT VICTORYGonzalez Leads Scoring  
In 61 to 28 Win

The Tampa U. Spartans smothered the Knight & Wall team under a 61 to 28 score on the casino court last night to gather in their fifth straight win over commercial league opposition and assume undisputed lead of the loop. With their victory last night the Spartans stand as the only undefeated five in the circuit, and boast wins over every other team entered.

Percy Gonzales, diminutive forward recruited from Hillsborough High, found his basket eye and hung up six field goals to lead the Spartan scoring. He was easily the outstanding player on the floor even though handicapped by the size of the opponents. Eldon Cagle and Buck Torres, forwards, were not far behind Gonzales, each ringing in 10 points. Red Means, usually the spark plug in the Spartans' attack, was well guarded and managed to score only six points.

Little Harry McCartney, regular forward, has been out of the lineup for several days with an injured shoulder, but he is expected to rejoin the squad sometime next week. Hartridge Overstreet, former Spartan forward, jumped center for the Knight & Wall quintet and was a thorn in the side of the Spartan five all evening. He was second high scorer for the K. & W. team with three field goals and one charity toss for a total of seven points.

The passing and fast break play of Higgins' team was the factor they capitalized upon to pile up their overwhelming margin. Coach Higgins used every member of his squad, substituting freely throughout the game, but

(Continued on Page 3)

Formal Dinner Will  
Be Given by Sorority

The Delta Kappa sorority is giving a formal dinner tonight at 7:30 at the home of Miss Priscilla Henderson, 1815 Richardson Place, in honor of its rushers.

The sorority colors of red and white will be emphasized in the attractive favors and table decorations and gifts will be presented to the honor guests.

A prom dance for members, guests, and their escorts will immediately follow the dinner. Tommy Reiff and his orchestra will provide music.

The members who will attend are Misses Edna Frances Prince, Hazel Webb, Carmen Cosio, Valeria Stubbs, Mary Litschgi, Louise Leonard, Dot Pou, Priscilla Henderson, and Marguerite Litschgi.

The rushers are the Misses Martha Campbell, Martha Powell, Margaret Rush, Julia Folsom, Marjorie Dennis, Susie Cox, Marie Wills, and Supregeon Fulford.

The escorts for members and rushers are Marcus Hall, Jimmie McNeill, A. C. Van Dusen, Val Kreher, Marion Lee, Theodore Lesley, Monkey Rhines, Tete Newcomb, Joe Carr, Walter Hoy, Bert McCollum, Cotton Clinton, Winston Fowler, Jimmie Jenkins, Donald Robbins and Jack Harding.

Others who have been invited are Red Means, Marvin Chaney, Buck Torres, Crockett Farnell, Johnny Edison, Phil Patterson, Monroe Jordan, C. L. Craft, Ed O'Reilly, Morton Hackney, Kenneth Hance, Hart Overstreet, Johnny Flannery, and Eldon Cagle.

## MAN TAKES REST, SAVES SEVEN

Tired after a busy week, O. C. Porter, a hotel proprietor, donned his bathing suit and sought rest on the beach at Bournemouth, England, on a recent Sunday afternoon. Just as the sand was getting comfortable a man and woman cried for help. Porter dashed into the waves and pulled the pair ashore. Next he saved a boy, brought in another man and woman carried out by the waves. This accomplished he rescued a second boy borne to sea on an automobile tire. Having saved six in 45 minutes, Porter rested, put on his street clothes and prepared to go home. A girl screamed and Porter dashed into the sea, and made his seventh rescue, and spoiled his suit.

## REGRETS

The Minaret staff wishes to express its sincerest sympathy to President Spaulding at the critical illness of his mother.

CAGE TEAM WILL PLAY  
IN CLEARWATER TONITEFace Powerful Independent  
Five on Gym Court

The Tampa U cage team will journey to Clearwater tomorrow to face the strong Florida Power and Light quintet on the Memorial Gym court there in the second game of a double header. The tip-off is scheduled for 8:30 p. m.

The Power team is one of the fastest independent teams in this part of the state, boasting victories over St. Pete's two powerful independent fives, and over the fast Sunkist team of Lakeland.

Included on their forces are three former college stars, Clyde Crabtree, one time Gator ace, Cawthorne, former Tennessee player, and Padgett of Illinois, Lanier, all-state player at Clearwater High last year, and McMullen from Norman Park, Georgia, are two more dependables on the Power team roster.

Coach Nash Higgins and his entire squad will leave tomorrow at 6:30 from the east porch. Those making the trip will be Percy Gonzalez, Eldon Cagle, Tete Newcomb, and Buck Torres, forwards; Red Means and Crockett Farnell, centers; and Rudy Rodriguez, Cotton Clinton, Ed O'Reilly, Johnny Mastry, and Ken Hance, guards.

The probable starting lineups are: Tampa U—Gonzalez, f; Torres, f; Means, c; Rodriguez, g; Clinton, g. Power Team—Crabtree, f; Cawthorne, f; Lanier, c; Padgett, g; McMullen, g.

Tonight Is Named as  
University of Tampa  
Night at Dog Track

The evening of Friday the 9th is University of Tampa night at the Sulphur Springs dog track. Many university students are helping in the ticket sales in order to aid the athletic department.

The management of the dog track, as a gesture of good will toward the university athletics, is giving the entire proceeds from the sale of programs and the gate receipts with the exception of the reduction for tax, to the school.

Coach Higgins has put his football, basketball, wrestling and boxing teams to work selling tickets.

"I feel that the university night will be fairly successful, and I sincerely hope that all of the students, the students' families, the faculty and our patrons will be behind us in this trial. If this is done, it cannot help being a success," he said.

Because Friday night is the first night the track has been open since the Gasparilla season a large crowd is expected. Tickets may be procured at the athletic office.

Miranda Returns To Cuba,  
Rodriguez Coaches Fencing

The university fencing squads received a severe jolt last week when Capt. O. Miranda, olympic champion and scheduled to coach the fencing teams here, was recalled to Cuba to accept a position with the government. Manuel Rodriguez, capable student assistant to Miranda has been named to succeed the Cuban army officer, and has been drilling his charges regularly.

With three or four months of instruction and training behind them Rodriguez plans to schedule his teams with other colleges throughout the state and possibly some Cuban aggregation.

Young Rodriguez has some bright prospects in D. B. York, Charles Norris, Henderson Harris, Helen Hartness, Dot Talbot, Marguerite Howard, Betty Stone, Marjory Dennis, and Lissett Shanks.

SCHOOL OF BUSINESS  
ADMINISTRATION TO BE  
ADDED TO CURRICULUMTwo New Classes Arranged  
Under Dr. Cunningham

A School of Business Administration under the head of Wallace M. Cunningham, formerly of Oglethorpe University, is being organized at the University of Tampa. According to Mr. Cunningham this school teaches one the various ways a business may be organized and the numerous things necessary to know before entering the business world.

Two classes have been started: One in Money and Banking and the other in Citrus Marketing. The first meets on Monday, Wednesday, and Friday nights at 6:30 p. m.; the other on Tuesday and Thursday at 7:30 p. m. The class in Citrus Marketing will be composed of lectures given by leading men in the various phases of the Citrus industry, such as, advertising, financing and shipping.

The Money and Banking class will be along the same line as it develops, and lectures will be given by men in numerous positions involving financing and banking. In this way both classes will benefit by the experiences of men who have been through it all and who know the ladder from the bottom to the top.

In the early stages of the teaching of business administration, many people had doubts as to its success just as they did when the schools of law, medicine, and dentistry commenced. The first school was Wharton's School of Commerce and Finance at the University of Pennsylvania in 1881. The second was the School of Commercial Accounting and Financing at New York in 1898. At present, there are several hundred in the various stages of development.

Mr. Cunningham says: "The history of schools of business administration established in institutions situated in cities is that they become larger than any other school in the University."

"Inasmuch as the Bachelor of Science in Business Administration course will require or allow as electives a large number of semester hours in other fields, especially during the Freshman and Sophomore years, those who wish to work towards this degree will encounter no difficulty in readjusting their courses. Such students should register for the course in Money and Banking."

Mr. Cunningham believes that Tampa is the best location in Florida for such a school; for as the school develops, many will be taught in the fields of commerce. He feels that the situation of this school is excellent as Tampa is a large commercial center and the school of this type should be advantageous.

Stetson's Mad Hatters Win  
Over Gators by 33-30 Score

The Mad Hatters of Stetson University leaped up in wild fury early this week and took a 33 to 30 decision from the all mighty Gators of Florida in a fast and close and surprising cage tilt played in DeLand. The Hatters' victory over the Gators, tied for third place in the S. E. A. A. conference and twice victors over Georgia University, came as a shock to Florida supporters and adds a feather to the cap of the Spartans who defeated the Stetson five only four days before.

Cotton Clinton, right guard, decided the issue of the Spartan-Hatter game with a last minute field goal from a difficult position on the side of the court which provided a one point margin for the Spartans, the game ending 34 to 33.

Doped to lose to the strong Gators, the Hatters put on the pressure early in the game to lead 12-11 at the half.

Florida, aided by the brilliant play of Jimmie Hughes, spurred as the final half opened, and led until the final three minutes. Four goals netted by Strauss, Stetson forward, at crucial moments of the game proved to be the margin of victory. The dead-eye forward was leading scorer with a comfortable edge of seven points.

## JONES STARTS CAMPAIGN

Next Monday night at 7:30 over radio station WFLA, John Page Jones, who recently resigned from the faculty of the University of Tampa to enter the race against Senator Park Trammell for the United States Senate, will make his first campaign speech. Mr. Jones will be introduced by his campaign manager, George L. Burr, Jr., editor and publisher of the Winter Haven Herald.

INTERCOLLEGIATE CAGE  
TOURNAMENT PLANNED  
FOR LAKELAND OR HERE6 Teams Entered in Florida's  
1st College Cage Meet

Six of Florida's colleges have accepted an invitation to enter in an inaugural Florida intercollegiate basketball tournament scheduled for either the week-end of February 23-24, or March 2-3, was the announcement made by Coach Nash Higgins late last week.

The tournament, the first of its kind in the basketball history of Florida and the beginning of what is hoped to become an annual affair, will be held either in Lakeland or on the Legion casino court here.

The schools that have accepted the invitation are Ringling college and the Kentucky Military Institute, both of Sarasota. St. Petersburg junior college, Southern college of Lakeland, Rollins college of Winter Park, and the University of Tampa.

Both Stetson university of DeLand, and the University of Miami have been invited to compete, but no word has been received from them.

Rollins does not participate in varsity intercollegiate basketball, but Coach Jack McDowall has agreed to enter an all-star aggregation chosen from the Tar's intramural teams. Miami, also without a varsity five, is expected to enter its intramural champions.

First in Series of  
Entertainments Is  
Booked for Monday

Next Monday night at 8 p. m., Bessie Andrus and her trio will give the first of a series of four entertainments to be held in the main assembly hall. This first entertainment will be a musical one and will consist of solos, trios and dances.

According to Mr. Seaver this is an "appeal to the students and their chance to show real school spirit," since students will be in charge of the ticket selling. Tickets for each entertainment will be 35 cents each, but tickets for the entire series will be only \$1.

The proceeds from the ticket sales will be used to establish a student loan fund from which worthy students may receive assistance in completing their education. Applicants for such loans will be considered on their own merits.

In addition to the loan fund an opportunity will be offered to students selling tickets for the entire series to have part of the collections paid in immediately on their coming tuition.

The program for the following week will be provided by Noah Bellhaiz.

Abie: He says he's a three-letter man at college.

Ikey: Well, he must be; his checks come back marked N. S. F.

Two cent: Did you ever taste moonshine whisky?

One cent: Certainly not. Anybody who can't swallow fast enough to keep from tasting it has no business trying to drink it.

Mrs.: You don't ever take me out any more. Before we were married you used to say I was good enough to eat.

Co-ed: It's been so long since you called, I thought you were forgetting me.

Co: I am for getting you. Can I have you now?—V. P. I. Skipper.

REGISTRATION FOR  
SECOND SEMESTER  
INCREASED BY 31Four Students Enter  
From Out of State

Thirty-one new students registered this week at the University of Tampa for the second semester, and for the first time since the opening of the institution the Plant high school alumni equalled those coming from Hillsborough. Each school sent eight students.

Clearwater was next with two, while the following cities, states and universities were represented by one student each: St. Joseph's Academy, Tampa; Springdale high school, Arkansas; Rhodes school, N. Y.; Lakeland, Fla.; Bradenton, Fla.; Stetson University, DeLand, Fla.; Farmington high school, Missouri; F. S. C. W., Tallahassee; U. of Florida, Gainesville; Miami high school, Miami, Fla., and Chattanooga, Tennessee.

The students from Hillsborough are: Callis R. Cery, William Laird, Mary Lomax, Angelina Martino, Joe Patani, John Traina, Verna Vining, and Ellis Williamson.

Those from Plant include: Mary Bell, J. C. Dickinson, Jr., Emelyn Freeman, Charles Grinnell, Dorothy Hill, Lucy Jackson, Winthrop Meighen and Kurt Ralle.

Others registering are: Byron Ellison and Leila Gibbs from Clearwater; Clark Carr, St. Joseph's Academy; William Chappell, Arkansas; John Giglio, N. Y.; Virginia Hennessee, Lakeland; Frances Monk, Bradenton; Bennie Riggo, DeLand; Hugh Robinson, Missouri; Margaret Sharp, F. S. C. W.; John Sparkman, U. of Fla.; Avery Sydon, Miami; and Frances Wrinkle, Chattanooga.

Plan Organization  
Of Dramatic Club

A real University of Tampa Dramatic Club will be organized by Miss Thelma Jones, dramatic instructor, for producing plays during the coming semester.

Every student will be eligible for membership and acceptable for try-outs for plays. Members of the regular dramatic art classes will be given preference for the leading parts in selecting casts for the university plays, but Miss Jones says that those studying with her must be able to stand hard work and really deserve this preference; in other words, the one who merits the part will get it. The purpose of the club will be to prepare entertainment worthy of a "traveling company," and Mr. Price says that we can travel just as far as we can make our way.

The first play has been selected and try-outs will be held at the organization meeting of the club. There are many parts in the cast of the play to be produced, which require talent in acting, singing, and dancing. It is a play that everybody will enjoy. Instruction will be given members of the club in stage technique, but the development of character delineation and interpretation will be confined to the regular three hour class in dramatic art.

The club will have its first meeting on Friday afternoon, February 16th at four o'clock. All students interested in any form of dramatics are invited to attend this meeting.

Tampa U. Stars Win Places  
At Annual Fair Track Meet

University of Tampa representatives completely dominated the college division at the annual track meet of the Florida Fair held on Plant Field last week as more than four hundred entrants picked 'em up and laid 'em down around the soggy track.

Monkey Rhines, long, rangy state champion at St. Pete last year, walked away from a half dozen other entrants to win first place in the 100 and the 440 dashes; with other Tampa U. runners getting second place in both events.

The time for the 100-yard dash was 10.4, exactly equalling the high school time, but the officials attributed that

## Children's Day?

The cruel truth is gradually dawning on Tampa U. students—we are no longer children. This startling fact was impressed upon us in a most convincing manner Friday, February 2.

It was Children's Day at the fair. In previous years we skipped through without question, but this year it was necessary for Mr. McCurdie to identify University students at the gate. Those who tried to gain entrance without this identification were met with surprised and doubtful looks. Some were embarrassed by being mistaken for teachers; others had to resort to argument; while still others were refused admission altogether.

Mr. McCurdie conducted a group of students through the exhibits. The University of Tampa Booth, which was in connection with the Tampa Chamber of Commerce, was of special interest. Mr. Hatton, who was in charge of the booth, gave out information and pamphlets concerning the University. This booth was one of the most distinctive at the fair, since the furnishings were taken from the University.

The midway, however, constituted the center of attraction. At every turn we saw our classmates, jaunty hats perched upon their heads, a dripping ice cream cone in one hand, a fluffy ball of pink cotton candy in the other, riding on the ferris wheel or the Lindy Loop or eagerly "taking-in" the side shows, the most popular of which were the Vanities and the Havana Rumba. The dignified juniors and seniors could not be distinguished from the lowly "rats." All looked alike in the general hubbub and confusion of the midway.

## A New Leaf

The beginning of the new semester is a sponge with which the slate has been wiped clean. Past records, whether good or bad, are behind us now, and new opportunities are at hand.

Last semester some of us had too many unprepared recitations, too many class cuts, and our final grades suffered in consequence. This University is an institution of learning, not an amusement palace, and, although too much work makes Jack a dull boy, too much play makes him even duller.

Grades depend entirely upon the student. He isn't flunked; he flunks himself, and the instructor doesn't present a student with a good mark; the student must earn that mark. Trifling, lazy students have no place in college. They are only wasting time and money that could be put to better use, and belong to the laborer class for which college is no preparation.

Since application is the only quality required for making a presentable mark, a few more hours of study, a little more of staying home at night, a little less of inattention in class, and a little less playing between classes would certainly improve those grades which are close to the danger mark.

A new semester lies before you. What are you going to do with it? Will you give it your best, or will you let it get the best of you?

## Phenomenon

On returning to school last Tuesday students gathered around the phenomena in the lobby with careful reverent tread, awe and admiration on their amazed faces.

Timidly they approached the water fountain and gingerly touched the strange bright thing on the top. The bravest among them gave it a gentle push and jumped back in alarm. A stream of water had shot up from the fountain.

A moment of silence. Dawning recognition. Then a wild shout of glee. A handle had been put on the water fountain!

Eagerly then the students pushed and shoved to try out the long-awaited handle. No longer need they suffer with parched throats; no longer must they spend most of their lunch money for cold drinks; no longer need a vision of a camel be constantly before their very eyes—until the handle is broken again.

## After The Ball

Last Tuesday night the staid and somber University halls awoke to give back resounding echoes of tramping feet. Heads popped out of office doors and voices could be heard inquiring the cause of the disturbance.

A troop of dark-coated, white-trousered footballers and basketballers appeared from around the bend in the corridor. With every hair in place and well-scrubbed faces, some with shuffling tread, some with stiff-backed carriage, some with sheepish grins, and others with faces obviously set in determination, the cream of the University's crop of young manhood filed by.

They were headed for the municipal auditorium and the Gasparilla Ball where, as long-suffering ushers, they showed all types of guests to their respective seats. But their task ended not there. When the dancing began they, like the gentlemen they are, sought out those who seemed timid or lonely and with their smooth and polished dancing, provided an attractive evening for the unfortunate ones.

An old Spanish custom—Gasparilla sailed up the river with a band on the deck playing "A Rambling Wreck from Georgia Tech".

And all things come to those who wait—including Tampa U. students who have waited some two months for drinking water: The Brotherhood of Camels can now disband.

Congratulations, tortoise, maybe you didn't catch a hare this time, but they say Camels are milder anyway!

Startling sight: lights on in the lower corridor . . . which reminds us of the meanest man, the one who puts chairs in the middle of the corridors on ordinary nights.

Just think . . . If every T. U. student took a chance on the fish pond at the fair and won a raspberry whistle like we did, what a swell time we'd all have at the next political meeting.

Welcome to the new member of the S. E. flock—Haffie Jones, firedog in two senses, lobby and woodman.

## SUPPORT THE FEMALES

The girls' basketball team has proven its worth by remaining one of the two undefeated teams in the commercial division of the City Recreation League. The other team is the strong Coca-Cola team.

The girls began the season with only a few candidates reporting and no definite place for practice. However, they journeyed to various outdoor playground courts, regardless of weather, and played with boys when there were too few for two girls' teams. Dot Talbot, their coach,

managed to secure practice games with various teams and, in spite of their severe handicaps, the girls have held their own.

Dot deserves most of the credit for developing so good a team from the sparse material she had to work with. By her own spirit and enthusiasm she has turned seeming defeat into victory in many instances.

A few loyal students have furnished cars to take the girls to out-of-town games and have lent their support to the team. They have been ap-

By CARL OPP

### Final Drive for Annual

Tuesday morning, February 6, in a special meeting, the Senior class gathered its forces for a final drive in the effort to get an annual for this year. After Mr. Carothers gave a summary of the results of the drive so far, Nelson Davis presided over the meeting and called on several of the students for their opinions.

At the time of the meeting but few more than 150 subscriptions had been made. The number necessary in order to be able to begin work on the annual would be at least 250. Heretofore, they have had not less than 300 before they began to lay plans for the volume itself. So, in spite of the greatly reduced costs this year, the number is still far short of a safe minimum.

It was decided to continue the effort to get subscriptions till the end of this week by which time it can be easily seen whether or not we shall be able to have an annual.

### Concerning the Girls'

#### Basketball Team

Lo! and though we have written this these many times and still have not had it published, yet again shall we put forth this item which even now we know by heart, to wit: The Plant High girls' basketball team in spite of many obstacles is continuing its schedule. In their last four games they dropped one to the Maas Brothers' team by the narrow margin of one goal, and tied the Glenn Henderson team by 13-13; Thursday night, Feb. 1, they played the Olympia team and lost 14-13. (Hilda said they rallied too late. Tsk! tsk! that's what they said about the dead man.) The "B" team played the "Terrierettes" (what a name!) the same night and were swamped 38-10.

The following (and followed) girls comprise the squad: Jean Coe, Jean Lykes, Conchita Del Rosal, Mary Murphy, Hilda Spradlin, Ellen Richardson, Anita Levy, Ann Connolly, Dot O'Brien, Nina Kirkland, Roberta Towne, Sara Moore, Emalou Davis, Ruth-murray Cook, and Peggy Jenkinson.

### Interesting Assembly

The new semester was started quite well insofar as assemblies are concerned. Thursday morning, February 1, Dr. Hamilton Holt, President of Rollins College and the scheduled speaker, did not arrive at school in time for the first period assembly. Mr. Carothers held the assembly for awhile in the hope that Dr. Holt would soon arrive, and during this period of waiting Mary Tramberger and Jack Regar entertained the students with impromptu instrumental and vocal selections. In spite of the vociferous demands made for their appearance some of the other students declined to try to entertain the gathering.

Later in the day, at the beginning of the fourth period to be exact, the assembly was called again and the students heard the address given by Dr. Holt who had hurried to the school as soon as the morning's rain-storm had become less violent. In an entertaining and instructive talk that lasted approximately an hour Dr. Holt expounded his views on the modern college educational system, explained the system used at Rollins, and told how he chose the professors to teach in such a manner. The whole school greatly enjoyed his talk, and it is hoped by all that he will be able to return to Plant soon.

### Impersonals

1. New Plant version of a modern ditty:

"Norman's back; girls are sighin',  
 Norman's back; teachers are cryin'."

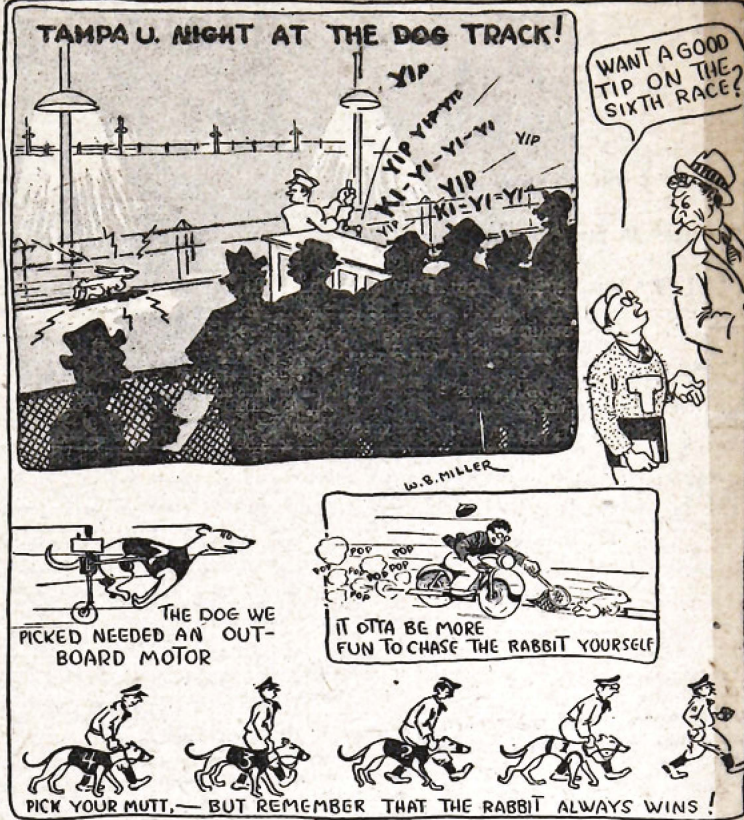

Norman's back!"

2. Well, we had something all cooked up for this column about Francis Kearney, Sara Carter, Hilda Spradlin, and Julien Pate. But when we showed it to Searcy Farrior and Nina Kirkland they read it with puzzled faces and finally arrived at the conclusion that they did not understand it. Then they talked about it so much that we did not understand it any more either, so we decided not to print it. It was written in Latin class, anyhow, so maybe it was not so good as we thought it was at the time. Anything but Latin looks good in Latin Class, you know.

preciated, but they have been very few. Since they have worked as hard and under more handicaps than any other University team, the girls deserve the loyal support of the students. As yet a very small number of students has been present at even the local games, in spite of the nearness of the Casino and the small admission price.

There is no element which will defeat a team more quickly than lack of interest on the part of the people it is working for. Those girls need your support, students. They have a chance to win the championship of their division and they will do it with your backing. To win they need the spirit that your attendance will give. Should lack of interest on your part lose a championship for the University?

## SPARTANS STAGE RALLY TO TOP LAKELAND FIVE BY 47-41, EVEN SERIES

### Lag By 14 Points at End Of First Period

The Tampa U. Spartans came from behind to score a spectacular 47 to 41 victory over the Battery D guard team of Lakeland in a game played there Wednesday night. Lagging way behind a 16 to 2 margin at the end of the initial period the Spartan cagers cut loose an amazing spurt of power and put on an impossible comeback to top the team which handed them their first defeat of the season, a close 40 to 36 rough and tumble affair played here three weeks ago.

The half way time found the locals still trailing on the short end of a 25 to 15 score but they forged ahead to lead at the end of the third period by a single point 34 to 33, and closed the game with a comfortable thirteen point attack.

Long Red Means again led the local's scoring with seven field goals a five throws from the charity line for a total of 19 points. Little Percy Gonzalez was next in line with 9 points, four field goals and a free toss.

It was the eleventh victory of the Spartans in thirteen starts, evening their series with the guard team.

## Tampa U. Stars Win Places At Annual Fair Track Meet

(Continued from Page 1)

to the condition of the track which was spongy and soft from the previous night's rain. Marvin Chancey, speed specialist and flashy halfback, came in a few yards behind Rhines, with Ramirez placing fifth.

In the 440 Spartan runners garnered all three places, Rhines taking first honors, Ramirez second, and Robbins third. The distance was clocked at 57 seconds.

Ray Herrick, track captain at the University of Florida last year, carried off first place in the broad jump, although he managed to net only third place in the 100.

No team totals were kept but Tampa U. easily dominated the college division, with Hillsborough taking honors in the high school class. The Florida Fair Association awarded gold, silver, and bronze medals to the winners.

The results follow:  
100-yard dash: First, Rhines, Tampa U.; second, Chancey, Tampa U.; third, Herrick, unattached; fourth, Valdez, Siac club; Ramirez, Tampa U. Time 10:4.

Broad jump: First, Herrick, unattached; second, Hicks, Tampa U.; third, Norris, Tampa U. Distance 19.5 feet.

440-yard dash: First, Rhines, Tampa U.; second, Ramirez, Tampa U.; third, Robbins, Tampa U. Time 57 seconds.

High jump: First, Landers, unattached; second, Hicks, Tampa U.; third, Herrick, unattached. Height 5 feet, 8 inches.

16-pound shot: First, Cooper, unattached; second, Chancey, Tampa U.; third, Hand, Tampa U. Distance, 42 feet, 5 inches.

5-mile run: First, Valdez, Siac club; second, Robbins, Tampa U.; third, Myers, Tampa U.; fourth, Rodriguez, Olympian club. Time, 5 minutes, 10 seconds.

### WRECK PENALTIES SEVERE

Following the derailment at Bowning of the Wagga express, which resulted in injury of five persons, the railway commission of New South Wales has reduced drastically the status of the resident engineer, the b-inspector and the foreman of rkmn, the three being found guilty negligence which caused the wreck.

Several experiment stations are making tests to determine the effect of bruising green forage to hasten the drying process.

## CONCERNING THE SPARTANETTE

The University of Tampa and the Coca-Cola sextets are at the present co-holders of the top-notch in the City Recreation Basketball League. Both teams are undefeated with three remaining games on their respective schedules.

Monday night at the Legion Casino the Spartanettes take on the strong Maas Brothers team which handed the University girls a two-point defeat in a pre-league game early in the season.

The Gym team of Clearwater had tough sailing last Saturday night in dealing out a loss to the University. The Spartanettes drew first blood and held the lead in the first period. The half ended with the score tied at 9-9. In the remaining periods the Gym team forwards found the basket and rolled their score up to 28, allowing only two points to the locals.

The next inter-city game is scheduled for Wednesday night when the Spartanettes meet an independent team from Tarpon Springs. This game will be played preliminary to the Tampa U.-Stetson boys game. The girls will go over their plays and other tactics in a practice game tomorrow afternoon at 2 p. m., with the St. Joseph Academy of Ybor City.

## Baseball Season Schedule To Start Soon; Higgins To Have Strong Material

With a wealth of material, most of them football and basketball players, scheduled to report, Coach Nash Higgins is more than optimistic concerning the prospects of the Spartan baseball club which will start practice within a few weeks.

Basketball is still in full swing, but with the big leaguers straying in for their spring training, and with baseball news dominating the sport pages, the nearness of the season for the nation sport is becoming more and more evident.

Several of those who will report for the first practices are listed below, with many more candidates expected to sign up soon.

Those who will try out for the pitching staff are Tete Newcomb, Ellis Williamson and Eldon Cage. To complete the battery Ellis Hill, Johnny Mastry, and Johnny Edison will try out at the backstop. Rudy Rodriguez, Jimmy White, Percy Gonzales, Harry McCartney, Crockett Farnell are aspiring infielders, with Buck Torres, Joe Carr, Willie Godwin and also Newcomb after the outfield positions.

### HEAVY WEATHER

Then there is the sea captain whose wife put her arms around his neck, and told him to be ready for squalls.

### DEFINITION

A cultured woman is one who can pull up a shoulder-strap without going through the motions of a small boy scooping his new hat out of the mud.—Texas Longhorn.

Diner: Are you the waitress who took my order?

Waitress: Yes, sir.

Diner: You're still looking well—how are your grandchildren?—Penn. State Froth.

She: If you kiss me, I'll scream. He: Not with all these people around.

She: Well, let's find a quieter spot.—U. S. C. Wampus.

Frequent thunderstorms act as a safety valve when Tampa's temperature threatens to rise too high, a sharp storm precipitating a drop of sometimes as much as 20 degrees in a few minutes.

Mr.: There weren't any pure food laws then.—Penn. Punch Bowl.

Did you know the girl who wrote "Yes" as the date of her exam?—Temple Owl.

All of us preach the nobility of hard work. We began praising it centuries ago, in an effort to induce others to do our share of it.

Creston Cramer, Goodland, Kan., farmer, owns a collection of pennies including one for each year the coins have been minted in the United States.

## Pi Epsilon Gets Second Win In Intramural Loop, Bumps Beta Chi by 47 to 11 Score

The Pi Epsilon outfit of the intramural league swarmed all over the Beta Chi fraternity team on the casino court Wednesday to win their second straight game by the overwhelming score of 47 to 11.

Beta Chi, playing their opening game never had a chance against the smoothly coordinating Pi Epsilons and were sorely outclassed right from the start. The winners went through the entire game without a single substitution, while the fraternal five brought only one additional player into the fray.

Pi Epsilon stands at the head of the league by virtue of their two wins, the first coming when they defeated the Plebes by a close 24 to 20 score two weeks ago. Only two games have been played thus far, but the schedule will resume full swing this week after being suspended over the exam period. The South Side dormitory team was scheduled to meet the Sigma Kappa Nus yesterday morning, with the Plebes and Beta Chi clashing tomorrow morning. All games will be played on the casino court.

Traynor, long forward, topped the scoring with 19 points. The summary:

Pi Epsilon (47)	G.	F.	T.	P.
M. Ramirez, f	1	0	2	
Traynor, f	9	1	19	
Pryor, c	4	1	9	
Hicks, g	6	3	15	
Newkirk, g	1	0	2	

Totals ..... 21 5 47

Beta Chi (11)	G.	F.	T.	P.
Moore, f	1	0	2	
Miller, f	1	0	2	
Castro, f	3	1	7	
Letton, c	0	0	0	
Rodriguez, g	0	0	0	
Marbourg, g	0	0	0	

Totals ..... 5 1 11

## Twenty-Two Spartans To Work at Tampa Downs

Twenty-two boys from the football, basketball and wrestling squads have secured jobs for the season at the Tampa Downs Horse Racing Track at Tampashores.

The following boys reported to the track for instructions last Wednesday: Frank Clinton, Rudy Rodriguez, Kenneth Hance, Ed O'Reilly, Red Means, Marvin Chancey, Wilbur Gunnoe, Gus Muench, Percy Gonzalez, Sam Lodata, Eldon Cage, Johnny Edison, John Mastry, Walter Hoy, Crockett Farnell, Ellis Hill, Bob Thurmond, Monkey Rhines, Tete Newcomb, Byron Ellison and W. Syndow.

### MAN SAVED FROM HUGE FALLS

Major E. A. T. Dutton, chief secretary of Kenya colony in Africa, is hailed as the first person ever to fall into the seething flood of Victoria Falls and escape alive. He was sightseeing when he fell into the cauldron known as "The Boiling Pot." The eddies carried him near some rocks downstream, and with the aid of people who had rushed to his assistance he scrambled to safety. He was the least perturbed of all those concerned in the incident. Major Dutton is an athlete and extremely popular in Kenya. The Victoria Falls are a mile wide and 420 feet high. It is computed that during high water in the river 100,000,000 gallons of water a minute flow over them.

Prof: Jones, how far were you from the answer to the second question?

Jones: About five seats.—Grinnell Malteaser.

"I've been working for two years collecting this library."

"Goodness, what a lot of friends you must have!"—Annapolis Log.

The more a wise man knows the less he is sure about.

## Hour's Credit To Be Given for Work On Student Publication

With the beginning of the new semester it was definitely announced that an hour's credit will be given for work on the Minaret, and at a meeting this week several reporters were added to the staff. Each department has been enlarged, and a journalism class has been arranged.

All students interested met in the Minaret at 6:00 p. m. last Tuesday and were appointed to their respective positions. Eldon Cage and Dorothy Tolbert will work on boys' and girls' sports respectively. Valerie Stubbs, Betty Stone, Marjorie Dennis and Marguerite Howard will work as news reporters. Jack Harding and Mary Litschgi are helping Winston Fowler with the advertising. Leila Gibbs, former editor of the Clearwater High School Chatter, also reported for work last Wednesday.

The Journalism class will meet every Tuesday night at 5:30 p. m. Tuition will be paid for by the work done on the Minaret. The course will consist of lectures given by various newspapermen and by Professor Webb, the instructor.

## Spartans Defeat K. & W. For 5th Straight Victory

(Continued from Page 1)

the starting lineup of Gonzales and Cage at forwards, Means at center, and Rodriguez and Clinton at guards was the most powerful combination accounting for more than half the score.

The Glenn Henderson and Ace Club quintets tangled in the second game, with The Tribune team meeting the Y. M. H. A. five in the nightcap. Joe Schiro refereed the university game.

The lineups and summary:

Tampa U. (61)	G.	F.	T.	P.
Gonzales, f	6	0	12	
Cage, f	5	0	10	
Newcomb, f	2	4	8

Totals ..... 11 6 28

### EARS CUT TO CURE RICKETS

T. R. Ludford, coroner of Llanelly, Wales, has started a war on an old Welsh custom for the cure of rickets in young and old. He declares that the practice is illegal and must be stopped immediately. The custom consists of the cutting of a small portion inside the ear of a patient by means of a razor. The inquest was over the death of a four-months-old child of a Trimsaran miner, who was found lying in its cot four days after its mother, believing it to be suffering from rickets, had taken it to a village woman in order to have its ears cut. Mrs. Ann Rosser, of Trimsaran, admitted having performed the operation, and said that large numbers of adults and children were brought to her from the outlying districts in order to have their ears cut. It was disclosed that the little one died from influenza, and had not had rickets.

American products are being used in the new Iraq oil pipe-line.

Albania's new highways are the finest in the Balkans.

A list of hiding places of historical characters is being made in England.

Children's special trains have been inaugurated by a British railway.

Clervauv Castle, near Darlington, England, is to be rented at \$500 a year.

## South Siders Defeat Sigma Kappa Nu in A Bloody Game by 29-15

The South Siders dormitory team defeated the Sigma Kappa Nu outfit by a 29 to 15 score yesterday in a bloody and gruelling intramural cage match which had to be stopped in the last period to administer first aid treatments.

The South Siders, held even during the opening quarter which ended with the score deadlocked at 6 to 6, started the second period with a spurt that brought them an 18 to 8 lead at the half. At the end of the third quarter they had increased their margin to 24 to 10.

Joe Carr, South Side flash was the high scorer with five field goals and three charity tosses for a total of thirteen points. Charlie Norris was close on his heels with six field goals for twelve points.

The dormitory team now stands along with Pi Epsilon at the head of the circuit. The Plebes are scheduled to meet the Beta Chi quintet tomorrow at 1:30 in another intramural game.

The lineups:

South Siders (29)	G.	F.	T.	P.
Norris, f	6	0	12	
Van Duesen, f	1	0	2	
Kinard, c	1	0	2	
Sierra, g	0	0	0	
Carr, g	5	3	13	

Team totals ..... 13 3 29

## Mr. Pearson Tells All in Interview; Wasting Color Genius on His Biology

Many of the teachers of the university are real southerners who have taken their college work in the north. Mr. Pearson, however, is an exception to this rule, for he is a Georgia cracker who took his first degrees in his own home state.

Born at Beuna Vista, Georgia, he was the son of a Methodist minister. As his father was a circuit rider, the family moved even more often than Methodist ministers usually move, and in consequence our professor went to grammar schools all over south Georgia. The last high school he attended was the Sparks Collegiate Institute in the town of Sparks. This was a boarding school, and here he spent the savings accumulated from working in a grocery store.

After graduating from high school he proceeded to Emory University where he paid part of his way by working on a small newspaper—the "Donaldsonville Enterprise"—in the summer months.

After he had acquired his B. Ph. he started teaching. Although this has been his work and he intends to continue in this line, he at one time hoped to become a doctor. It was for this reason that he attended school for one year as a medical student, but was later forced to give up the thought.

When he found that he could not continue his medical work—financial reasons—he decided to make the best of the situation and become a good teacher, as he liked teaching anyway. Thus he returned to college to study sciences, and before long he had two more letters at the end of his name. The B. S. came from Emory in 1930.

In the summer of 1933 Mr. Pearson decided to attack Cornell University and begin work on his doctor's degree, and you should see the pink and blue and red and yellow and green drawings he made! The only regret is that such beauty of coloring was wasted on the working parts of animals instead of landscapes.

As to love—well, he has been disappointed several times. Without thinking he told the reporter that this is the cause of his habitual sad expression. When he caught the inspired expression caused by this statement, he realized he had been caught off his guard and tried to convince us that his sad look was caused by financial worries—but we knew better. It must have been disappointment in love.

We never considered him particularly pugnacious in appearance, so we were properly surprised when he said he once tried to go to war. We are glad he was under weight and could not go, for what would we do without a biology professor? Of course he might have come back alive, but his calmness might have been left over there. Think what biology class would be like if the teacher should fly

off the handle at our miserable representations of plant and animal life that masquerade as drawings! Yes, it is a good thing that he never went to war.

One time he went to Miami as a teacher, but the night he arrived there the wind blew the roof off the house, so he returned to Atlanta as soon as he could make his escape.

When we asked him what he liked best to eat, it was not rattlesnake meat or caviar or anything like that. It was something everyone likes but few mention—ice cream.

We had a hunch that he might like the merry-go-round, but were disappointed. He did admit that he would like to ride on the miniature electric train at the fair.

And here, girls, is the real disappointment of the story. He never intends to get married. His idea of happiness in his old age is a cozy little home, all right, but the love is to be supplied by a nice old dog, and the care by a Japanese or Chinese boy who will keep everything running smoothly just as the servants do in stories. Then the professor can sit in front of a big fireplace, read books, and munch apples. He insists on an abundance of apples.

Nothing exciting ever happened to him except that he almost died once and he almost drowned another time—but he doesn't think that was exciting. It would have been for the rest of us, but Mr. Pearson merely smiled and began talking about something else. He always wished something would happen. He thinks it would be nice to be suspended from school or even to get "shipped," but his one accomplishment on that line was a spanking for breaking up his father's prayer meeting.

### NORTH FACE OF EIGER SCALED

For the first time the north face of the Eiger, one of the most difficult peaks in the Bernese Alps, has been scaled. This side of the Eiger long has been called the "impossible way," and the bravest of guides would not attempt to conquer it. The ascent was made by Dr. Lauper, of Uri, and Herr Alfred Uercher, of St. Gall, both members of the Alpine club, who were accompanied by two guides, Joseph Knubel and Alexander Graven. They left Kleine Scheidegg at 2 o'clock in the morning and after climbing the almost perpendicular wall 6000 feet high, reached the peak at 5 o'clock in the evening. They made a very rapid descent, returning to their hotel at Berne at 9:15 o'clock that night. The Eiger is 13,038 feet high.

Persons with normal eyesight are forbidden by a Los Angeles ordinance from carrying white and red walking sticks, officially recognized for use by the blind.
