

Introducing Minaret Staff: Gonzalez Reappointed Editor

The position of Editor-In-Chief of the Minaret is presently being held by Yolanda (Yoli) Gonzalez, whose diligent efforts as last semester's Editor, brought the standards of the school paper to an all-time high.

Yolanda Gonzalez

Yolanda hails from Manhattan and is a graduate of George Washington High School. While attending this secondary school, she was elected to two Senior Class Notable positions, "Best All-Around Senior" and "Best Looking Senior Girl"; wrote for the school newspaper, and was on the school's annual staff. Yoli also tutored students in languages, was inducted into the National Honor Society, actively participated in girls' sports and was a cheerleader.

Presently, Yolanda serves Zeta Tau Alpha sorority as Standards Chairman and is a member of Pi Delta Epsilon, national honorary journalism fraternity. She is Head Dancerette of the University of Tampa band, and is secretary-treasurer of her class in Student Congress. Yolanda is also a member of the Moroccan staff, Spanish Club, and S.F.E.A. and has just been nominated by Theta Chi as their candidate for Homecoming Queen.

BUSINESS MANAGER

Norma Blancato, originally from Cleveland, Ohio, has always played an active role in extra-curricular school work.

Norma Blancato

While attending H. B. Plant High School before graduating in 1959, Norma, was business manager of the school paper Pep-O-Plant; was initiated into the National Honor Society for Journalism, (Quill and Scroll); won the journalism key for outstanding service in publication work, participated actively in girls sports, represented her school at the Florida School Press Association Convention in Miami, and held the position of president of the Future Homemakers of America.

Presently Norma is a junior and is the business manager of the Minaret. She is also president of the Religious Council and State Secretary for the Westminster Fellowship.

Working for the Minaret since the Fall of 1959, Norma also writes for the school yearbook, the Moroccan. She is also an active member of Pi Delta Epsilon and the Majors Club. Majoring in Physical Education, Norma wishes to go on to

teach or participate in church recreational work after graduate study at the Presbyterian School of Christian Education in Richmond, Virginia.

ASSOCIATE EDITOR

Minaret readers will remember Allan Frankel for his work on the staff last year as Sports Editor. This fall Allan, a junior, serves as one of the Associate Editors. An active university student in addition to his newspaper interests, he works with the News Bureau, serves as a dormitory counselor, is on the Spartan Crew, and is a member of the honorary journalism fraternity, Pi Delta Epsilon.

A native of Long Island, New York, Allan attended W. C. Mepham High School where he was active both in sports and in the Student Council. He has studied at Lehigh Uni-

Allan Frankel

versity in Bethlehem, Pennsylvania; at New York University in Washington Square; and at Hofstra College in Hempstead, New York. While attending Lehigh he wrote for the newspaper and participated in several sports, winning a letter in baseball.

Allan's major field of study is History and Political Science and his future interests include either graduate work, Naval Intelligence, or a career in Government service.

ASSOCIATE EDITOR

Maeve Haughey, Associate Editor of the Minaret is a junior and is majoring in English. Being very active at the University of Tampa, Maeve has performed with drama groups; worked in Traffic and Continuity at the school's FM radio station, WTUN; and has been elected vice-president of the Journalism Honor Fraternity, Pi Delta Epsilon.

Before graduating from Hammond High School, Alexandria, Virginia, she was elected vice-president of the student

Maeve Haughey

council; placed second in a state-wide poetry reading contest; and held the office of president of the Drama Club.

Maeve wishes to advance her academic studies after graduating from the University of Tampa by enrolling in drama at the post-graduate level. From then on she hopes either to teach in college or to work in the theatrical field.

A Matter of Choice

PARKING NOTICE

All members of the faculty, administration, maintenance department and eligible students who have cars which are to be parked on the campus: Please get your campus parking stickers immediately from the Office of the Dean of Men.

Dean Hayes wants all students to note that the parking lot in the area between the main building and Smiley Hall is for faculty and administrative personnel only. This includes parking spaces in this area in front of Smiley Hall.

Further, the tickets already issued for parking violations indicates that the university personnel are not observing the markings of areas set aside for special reasons. Those areas include the spaces provided near the flag pole for the handicapped and those spaces around the veranda west of the flag pole reserved for visitors.

When asked about exceptions for parking violations, Dean Hayes said that because of several recently installed appropriate signs and markers and because of this article being published, there should be no need for any parking violations. Thus there will be no need for exceptions.

Dean Hayes hopes to have more information about the parking facilities for the personnel of the University of Tampa in the next issue of the Minaret. He expects that a new parking area for visitors will be established, a new use will be inaugurated for those spaces now set aside for visitors, and further parking facilities will be available during most mornings.

Watch the next issue of "The Minaret" for possible new facilities. And stop helping to pay Mr. Prince's salary by parking illegally!

Altos, Tenors Needed For Tampa U. Oratorio

The University of Tampa Concert Choir, General Chorus, and the Community Choir are working hard on the oratorio "The Elijah" to be presented at the First Baptist Church on November 12th, 8:00 P.M. Dr. Maier announces that there is still room for additional voices in the General Chorus, and Community Chorus. The Concert Choir needs more altos and first tenors. Anyone interested in singing the oratorio please contact Dr. Maier, any member of the choirs, or call Extension 219, the Music Office, Room 417.

Student Congress Announces Frosh Election Regulations

1. Petitions may be picked up in Dean of Men's office.
 2. Each candidate must pay a fee of 50¢ when his petition is picked up.
 3. All petitions must be turned in by 4 P.M., Wednesday, October 11, to the Dean of Men's office.
 4. Must have 150 signatures from freshmen class.
 5. No student on probation may run for office.
 6. Candidates may not have a class on Monday 12 - 1 P.M. (Student Cong. Meeting).
 7. Students carrying less than 12 hours are not eligible.
 8. Candidates may not have more than three (3) posters (22" x 28").
 9. Bulletin boards for displaying posters will be provided. Anyone wishing to use any other bulletin board must first obtain permission from the proper source. Posters must not be taped or tacked on any painted surfaces.
 10. Candidates moving another poster will automatically be disqualified.
 11. No posters of any kind will be allowed within the election polls.
 12. Posters may be put up anytime after Sunday, October 15, at 9 P.M.
 13. Posters must be taken down within one hour after the polls close.
 14. All posters must be signed by a member of the Student Congress.
 15. Candidates must stay clear of the election polls or be disqualified.
 16. Candidates attempting to communicate with anyone in the election polls will be disqualified.
- ALL VOTERS MUST HAVE STUDENT IDENTIFICATION CARDS AT THE POLLS - NO EXCEPTIONS WILL BE MADE.
- Freshmen Officers to be elected:
President
Vice President
Secretary - Treasurer
Representative
- Also the offices of Vice President of the Senior Class, and Vice President of the Junior Class are available for reelection at this time. The same rules apply, except the required number of signatures is reduced to 75, due to the smaller size of the Junior and Senior Classes.
- A campaign Convocation will be announced at a later date. ELECTION DAY IS MONDAY, OCTOBER 23, 1961.

EDUCATION MONTH EXHIBIT

"Education Month" exhibits at the Florida Showcase in New York City's Rockefeller Center featured photos of the University of Tampa. Some 25,000 visitors will see the special displays depicting education in Florida. Governor Ferris Bryant opened the Florida section of the exhibit.

At First Convocation

Dr. Delo Commends T. U. Expansion; Campbell, Himmel Receive Awards

"We visualize more space, many additional buildings, a growing student body of national and international scope, much larger endowment, higher faculty salaries, more reasonable teaching." Thus, Dr. David M. Delo "created tomorrow" for the University of Tampa at the first convocation of the year, Tuesday, September 26th, in Plant Park.

Film Classics League Opening Night Oct. 13

Dr. Stephen L. Speronis, Chairman of the University of Tampa Film Classics League announces the schedule of films for the League's 1961-62 season. As in the past a wide variety of films have been chosen. The place of showing will be in the ballroom of the University, which has been acoustically renovated.

Season memberships may be obtained by writing the University of Tampa Film Classics League at the University; or may be purchased opening night.

Friday, October 13 will be opening night with the presentation of one of the funniest and undoubtedly the most appealing films made by DANNY KAY, entitled ME AND THE COLONEL. Curt Jurgens appears as the bombastic Colonel.

J. Arthurs Rank's film production of Shakespeare's HAMLET will be shown November 3. Starring Lawrence Olivier who also is responsible for the excellent direction. Jean Simmons, (then 18) is most convincing in the difficult role of Ophelia.

On November 17, a Mexican film portraying a powerful and effective quartet of short stories based on Francisco Gonzales' book "El Diosero." Titled "THE ROOTS." Winner of prizes at five film festivals.

An American 1946 production "THE SPECTRE OF THE ROSE," produced and directed by Ben Hecht will be presented December 1. This artistically successful ballet film stars Judith Anderson and Michael Chekhov.

January 19, the master French comedian FERNANDEL will be seen in an hilarious farce, THE CUPBOARD WAS BARE. French, 1952.

February 2, PATHER PANCHALI, Indian 1956. Perhaps the finest example of filmed folklore. Practically documentary account of present day life in a Brahman family in a small village of India. Winner of festivals in Cannes, San Francisco and others.

LA TRAVIATA, Italian film will be the March selection. A blending of Alexandre Dumas' classic love story, "Lady of the Camellias" and the music of Giuseppe Verdi's opera. Voices in the singing roles are those of Tito Gobbi, Onelia Finoschi and Francisco Albanese.

In outlining the 10-year expansion plan for the University of Tampa, Dr. Delo stressed the need for support of Tampa citizens. There is an interdependence between the school and the community and removal of the University from this area would be unwise; a loss that would affect the whole city and the downtown area in particular.

He described the University's "Patchwork Campus" and declared that the present condition must be remedied. Elaborating on the need for more room in which to grow, he told of the 1100 living spaces needed.

Dr. David M. Delo

ed by September, 1963 if present enrollment is to be maintained. The university currently has only half that number. Describing the proposed Student Center as "a necessity, not a luxury", he continued, saying it must be open by the Fall of 1962 with eating facilities for the expected 800 resident students.

"This university, to do the job we all visualize, must extend unbroken from this standpoint to the new planned expressway, a block north of the Fortune Street Bridge."

By June of 1963 we shall have completed the change-over from a predominantly commuter school to one of mostly resident students. The 4-year transition includes raising the academic requirements and strengthening the faculty. "We have made progress since 1958, but not fast enough", commented Dr. Delo.

U. of Tampa Fraternity Acquires Apartment House in Hyde Park

Pi Kappa Phi will become the second fraternity at the University of Tampa to have a chapter house with the acquisition of a three-story, red brick dwelling three blocks from the university campus.

Thirty members of Beta Lambda chapter will move into the newly purchased house at 304 Plant Ave., bought from E. L. Allen at a total cost of \$64,500.

The price includes all present furnishings in the buildings, which has been operated as an apartment house with 20 units. Final details of the sale will be completed today.

Sigma Phi Epsilon fraternity at the university has a chapter house at 108 Crescent Place. The two other national fraternities, Tau Kappa Epsilon and Theta Chi, do not have chapter houses yet and they meet on the campus, as Pi Kappa Phi has been doing.

The need for fraternity chapter houses has become more pressing as the university's enrollment has changed from largely commuting students to out-of-state students who will require on-campus housing.

Early Hyde Park House

Pi Kappa Phi takes over one of the earlier houses built in the Hyde Park area. The first floor will include an entrance room, living room, dining room, meeting or chapter room, kitchen, house manager's office, and house mother's living quarters.

The second and third floors

Dr. Delo believes that the University of Tampa has proved in the past two years that it can be an institution of national reputation. Last year students from 37 states and 14 foreign countries were enrolled.

In setting a goal for the university he also set goals for the faculty and students by stating that the intrinsic purpose of the school must be to educate people to cope with the dangerous future - "and thus, through them, to create the right tomorrow."

Also at the convocation two students were presented with awards for their outstanding academic achievement during the past school year.

Jeffrey Himmel, a student from New York, received the Zielonka Award for achievement in the field of religion and human relations. J. M. Yadley, president of Congregation Schaarai Zedek, presented the award.

Dr. M. C. Rhodes, Dean of Administration, presented the annual Borden Foundation Award to Miss Karen Campbell for having earned the highest scholastic average during her freshman year. Karen is a Tampa resident and a graduate of Chamberlain High School. The Foundation has renewed its award for the next five years.

Morris E. White represented the University Board of Trustees in welcoming area business and political leaders and friends of the university to the convocation.

The program opened with "Pomp and Chivalry" played by university bandmen under the direction of Hunter N. Wiley. Dr. Jesse L. Keene, professor of history and political science and university marshal, led the academic procession.

The Rabbi David L. Zielonka, associate professor of religion gave the invocation while the benediction was given by Dr. Willis J. Dunn, director of admission and registrar of the university.

There were approximately 400 present at the 8 A.M. hour-long convocation held in Plant Park.

can house 40 men at present, which is the number of men in the active chapter. With slight alterations the building could accommodate approximately 50 persons.

At present, the large garage at the rear of the house will be used as a recreation room. Future plans call for construction of such a room, which may also serve as a combined chapter room. Meals will be provided fraternity members later in the semester.

Funds for the purchase of the house will be partly raised through the sale of bonds. The chapter house will be owned and operated by Beta Lambda Chapter of Pi Kappa Phi Building Fund, Inc., which consist largely of members of Pi Kappa Phi Alumni Association of Tampa.

Members of Board

Members of the board of directors of the corporation are Dave Pinholster, president of the board; Dave Barksdale, vice president; Jim Boyer, secretary; Kendall Baker, treasurer; Fred Barksdale, Tom Bissonnette, Jerry Bobler, P. J. Harvey, Perry Keene and Bob Bradley. Bradley is president of the active chapter at the university.

Beta Lambda Chapter of Pi Kappa Phi was originally founded at the University of Tampa Dec. 20, 1938, as Sigma Kappa Nu, a local fraternity. Sigma Kappa Nu was installed as Beta Lambda Chapter of the national Pi Kappa Phi fraternity in April, 1955.

This three-story, red brick dwelling located three blocks from the university campus has been acquired by Pi Kappa Phi for use as a fraternity house.

EDITORIALS

An Overdue Thank You . . .

Too often many students criticize rather than praise their college administrators. This is not true here at the University of Tampa. The tedious tasks of moving to the university, of registering and awarding special scholarships, aids, and loans are over. We believe that a certain amount of praise and admiration is due the various deans and their secretaries.

Long hours of planning and preparation provided the University of Tampa student with a warm welcome and efficient service that enabled them to settle down and become better acquainted with college living.

We especially wish to thank a new member of the administration. His many sacrifices and unselfish acts have been of value to the success of the best planned freshman

orientation this school has ever witnessed. Walter Hayes, Jr., our new Dean of Men, spent many hours in the early morning, working at a feverish pitch so that the new Spartans would encounter very few difficulties.

The dean advised dorm counselors, various clubs, fraternities and sororities; aided in locating extra rooms for the wave of incoming freshmen; entertained future students and their families; represented the university admirably; and maintained his usual cheerful and friendly disposition in spite of the red tape and the many problems he encountered. The Minaret wishes to extend to Dean Hayes from the entire student body he has served so well, its deepest admiration and appreciation.

Associate Editor

Drama Needs You

Much of the American theatre is centered in her colleges and universities. Motion pictures and television have all but taken the place of the touring theatrical companies and Broadway concentrates more on hit musicals than on the serious drama of the past and present. Thus, it would seem that the future of American drama has been left to her educational institutions. According to the Educational Theatre Journal in 1953, there were over 1800 institutions producing 5500 - 6500 different plays annually. In 1955 there were 320 schools offering theatre arts as a major field of study.

At present our University has a somewhat limited drama depart-

ment but there are plans for expansion in the near future. Establishing a reputation for good theatre, however, depends on much more than just qualified faculty and scheduled courses. Active and enthusiastic students are perhaps the main factors for success.

The Drama Department is interested in sponsoring a student Players' Group for the benefit of the entire university as well as for those students interested in working directly with theatre arts. Without student cooperation this cannot be achieved but with support the University of Tampa can establish a drama tradition of which it can be proud.

Dean Hayes

Students: The Challenge

Before starting the main topic of the article, I wish to take this opportunity to thank all individuals for their many kindnesses and invaluable help during my initial few weeks at the University of Tampa. My gratitude goes to all of the administration for their advice and assistance; to the faculty for their guidance and understanding; to those many students who helped and are continuing to assist me with the work of my office, and to all of you students who have accepted me and have shown such excellent and patient understanding. From the bottom of my heart, "Thank you!"

Well, I suppose that by now you are extremely busy with your responsibilities as a student in the University of Tampa. Undoubtedly you are already feeling the pressure of your academic endeavors — I hope! Do you realize that approximately one-seventh of your classes of this semester have already met? Yes indeed, tempus fugit! So, beware. Do not allow yourself to be lulled into the false complacency of procrastination. It can readily result in tragic consequences for you. Remember: your primary purpose for being at the university is to learn.

All students and especially those of you who are just starting your academic career in college must be aware of several ways in which college life differs from high school life.

First, you are now considerably more "on your own." Regardless of how much the faculty and the administration of the University of Tampa wish to help you, they cannot begin to approximate the individual attention that was possible for you to receive from your parents while you were in high school and living at home. Even if such were possible, it would not be advisable. After all, you are embarking upon a new phase of your life. You are preparing for that period of life that is just around the corner — adulthood. Your acceptance of your responsibilities to yourself and your society is an important prerequisite to your individual growth and success. I sincerely hope that you will face this challenge with deliberateness and determination. Speakers constantly stress that our colleges of today are developing our leaders of tomorrow. The acceptance of the responsibilities that accompany adulthood is a prere-

quisite to becoming a leader.

Second, your classmates in the university differ from your classmates in high school; on the college level they are such a more select group. The level of ability of the student body in college is considerably higher than that of the high school population. Those of lesser ability drop out during the latter years of high school. Very seldom do they attempt college work. Therefore, as a group, your peers in this University with whom you are now compared have greater ability than the student body in high school. This means that the competition in the university community is much keener. If you are to be successful, you now must produce much more.

Third, in the United States, a high school education is a right; such is not necessarily the case with a college education. It is already rapidly becoming impossible for the colleges and universities of this country to meet the demands placed upon them. Therefore, getting a college education will become increasingly more of a privilege as time goes on. All over the country educational institutions on the college level are finding and will continue to find it necessary to be even more selective in those they admit to their campus. Further, those students who do not take full advantage of their opportunity to learn while in college will have to leave to make room for those students who are ready, willing and able to benefit from the privilege of working for a college education.

Now, what does this mean to you, a student of the University of Tampa? It means that you have a challenge, a real one. You have a full time job right now; you have the status of a college student. If you

(Continued on page 4)

Student Congress

Welcome back to school. I expect this school year to be our greatest ever, academically, and socially.

The key word is "participation". With your participation we can more thoroughly develop the prestige, tradition, and spirit that are found on fine campuses throughout our nation.

Classes began on Monday, September 25, and I trust everyone that did not get his first choice now realizes the necessity for pre-registration. This is the only way the administration has of determining how many classes of a particular subject to offer, and at what time.

Athletically: Our football team beat Livingston State of Alabama 41-8!

"Night in Madrid" was a huge success, as were the pep rally and dance sponsored by your Student Congress.

The participation thus far is excellent. I urge you now to look for the campus organization that interests you most, and join it. Reading your Student Handbook will be of assistance to you.

At present, your Student Congress, along with the tireless efforts of Dean Hayes, our new Dean of Men, is seriously considering bicycle racks and scooter stands and their probable locations.

No bond fires at pep rallies in the parking lot adjacent to the band shell — orders of the Fire Marshall.

Students are welcome to attend any Student Congress meetings. They are generally held in the Rawlings Room opposite the Ballroom from 12 - 1 P.M. on Mondays.

The Student Congress office is just adjacent to room 226. If no one is there to help you, drop a message in the mail slot. Your comments are encouraged.

I'm disturbed . . . the Rats (Freshmen) seemed to be the only ones that knew the cheers and the Alma Mater at the football game. Let's go upper classmen! Rats, if they don't do better, I'd be proud to let people know I was a freshman. I'd wear my hat; something many of you have forgotten.

John Hanna
Student Body President

Dean King

Success in College and Life

Our sense of values is an important factor in our college life.

We all know we come to college to learn. If we fail to have regular study habits, if we fail to devote ample time to each lesson (for some students it's two hours per lesson to make an A or B; for others it's three hours per lesson), and if we fail to adjust, we all know we will flunk out of college.

We have given Personal Planning sheets to all women students, and we have Personal Planning sheets on hand for all students who wish them. If these are filled out and followed, we shall have no grade problems at mid-term and at the close of the semester.

We know that in college our minds are cultivated, motivated, and molded in some direction. We hope it will be in a direction for good. Learning to be a good citizen is an important thing in our lives. Learning to discard undesirable thoughts: cheap thoughts, shabby thoughts, revengeful thoughts — is an art. We must always remember that what we think today shows in our face tomorrow. We must think admirable thoughts if we want to be proud of our facial expression twenty years from now.

We know that college is to develop our minds, our behavior habits, and prepare us for our role in this competitive world of ours. I know a young man, graduate of the University of Tampa, who secured a fine position with a big

company because his manners, his appearance, and his way of conducting himself surpassed that of 500 other applicants from some of the best schools in the country.

During college days, these same characteristics are weighed by faculty and staff, and when it comes to graduation time, and recommendations are written for each of you, we know you want to have given us a good background of creditable behavior patterns from which to write our recommendations.

We must meet the challenge of life by making the most of our time in college. We must fill our minds with constructive, creative, wholesome ideas and ideals. We have an abundance of new knowledge to master. College is one of the greatest experiences in our lives. Our sense of values is of the very greatest importance to us, now and in our future as well.

Let's keep our study habits good, our sense of values high, and a good sense of humor at all times.

Lucille King
Dean of Women

Campus Organizations

by NORA PALLEIRO
Campus Organizations Editor

Zeta Tau Alpha

After a three month's absence from books, sisters of Gamma Sigma a chapter are ready to buckle down to another semester of studies, football games, parties, fall rush, and just plain fun.

Looking back on summer: Norma Boza and JoAnn Randazzo vacationed in Nassau with a host of friends. Mary Esther Valido and RoseAnne Cinchetti spent a few days visiting Sally Giroir in New Orleans, and Cookie Mendez spent most of her summer in New York City.

The Zetas are busy making plans for a party to be held on October 21st, with Theta Chi fraternity.

On October 28th, the Zeta annual Spook Stamp will be held following the football game.

Zetas extend congratulations to sisters Sally Giroir who was recently pinned by Grady Sweat of Pi Kappa Phi fraternity.

Congratulations are also in order for sister Pat Fussell who has been chosen as the first drum majorette in the University's history to lead the Spartan Marching Band.

Delta Zeta

The sisters of Delta Zeta sorority were happy to greet the new students to the University of Tampa with gold, red and black T. U. pennants which the girls made themselves.

The annual Fall Fling Dance after the Livingston State football game was a huge success.

The D.Z.'s are looking forward to the new school year with great plans for the future. Plans have been completed for a party with Theta Chi fraternity for October 7th. This is the first in a series of planned parties.

Congratulations to sisters Josie Pendino and Diana Barbary. Josie is pinned to Vince Mandese, Diana is engaged to Oscar Fernandez.

Delta Beta chapter was very proud when its 1960 homecoming float, which won best sorority float here, won national recognition. A picture of the float was included in "Let's Look Into This", national sorority publication.

Theta Chi

The new year opened with the brothers returning in good

spirits with a bright outlook for the future. Theta Chi held a dance after the Western Carolina game in the lobby. There was a nice turnout at the dance and we want to thank everyone for coming. Music was furnished by the Midnighters. We would like to thank Prof. and Mrs. Lloyd and Dr. and Mrs. Giles for chaperoning.

Plans for homecoming are being made and Yolanda Gonzalez was chosen from an impressive list of girls to be our candidate for Homecoming Queen. Congratulations Yolanda.

Two of our new alumni, Rene Carrera and Joe Vega visited the meeting which was held Monday, September 25.

Intramural schedules are being set up and Theta Chi will once again be represented in all of the sports.

Pi Kappa Phi

It has not been "all work — no play" for Pi Kaps the first two weeks of the semester. Aside from all the plastering, painting, and cleaning up, "party times" have entered the activity list at the Pi Kaps House.

On Sept. 29 the "Rockers", sponsored by the fraternity, rocked their way in and out of the university lobby. With "Miss Esmeralda and her goat" back on the pedestal and the departure of all the danced-out students, the clean-up detail went to work.

If anyone asked Brother Grady Sweat who the sweetest girl on campus was, he'd no doubt answer "Sally Giroir". They have recently become pinned.

The brothers aided the romance with a serenade at the hotel. Congratulations Grady!

Saturday, October 7, a party was held for all brothers and alumni.

Congratulations to all brothers for leading the fraternities on campus scholastically!

Sigma Phi Epsilon

Sigma Phi Epsilon fraternity has put up Carol Martin as their candidate for Homecoming Queen. Carol is a majorette in the University of Tam-

Students crowded the floor as they danced to the music of the Midnighters at the Theta Chi Script dance.

pa band and a proud member of Alpha Chi Omega sorority. The Sig Eps are proud to have a girl of Carol's beauty and fine character running under their banner.

The Sig Eps have taken into their fold new active members who were initiated Saturday. They are: Vaden Bessent, Jack Frey, Pete Maranari, Earl Bramlett, Joe Arasm, Everett Bennett, Mark Beaubien, and John Lucas.

The Zeta chapter has also accepted two transfer brothers. They are Tom Murtha from Temple University and David Carr from the University of Miami.

Brothers Aide Steter, Bill Davenport, Frank Sallo, and Ernie Stout have been appointed to the following positions: Steter, rush chairman; Davenport, pledge trainer; Sallo, intramurals chairman; and Ernie Stout, social chairman.

Brother Sam Rampello was elected Historian by the Zeta chapter for the coming year.

The Sig Eps are preparing for a good year and are looking forward to the coming Rush and Homecoming weekends.

Tau Kappa Epsilon

The Golden Men of Teke welcome all students to the University of Tampa. We also extend a big welcome to two returning brothers, Jerry Stanford and Wallace (Wally) Wasmund.

During the summer Tekes participated in many activities, one of which was the 31st Grand Conclave held at the Roney Plaza in Miami Beach. Fraters attending were Pete LaRussa, Richard Stevens, Charles Henry, Hank Moore, and Frank Keating.

The officers for the 1961-62 school year are as follows: Pete LaRussa, president; Louis Mixon, vice-president; Bob Jones, secretary; Donald Blair, treasurer; John Witt, chaplain; Hank Moore, Sergeant of Arms; George Nousiainen, historian. The Teke faculty advisor is "Pop" Carmony.

The Epsilon Beta Tekes cordially thank the Delta Zetas for helping with the entertainment of three Epsilon fraters from the University of Iowa.

Alpha Chi Omega

Alpha Chi's wish to extend a welcome to all freshmen, new and returning students.

As of September 27, 1961 there are twelve new active members of Alpha Chi Omega. Our new initiates are: Roxanne Call, Karen Campbell, Alice Carter, Jeannie Corlew, Barbara Gardner, Carol Long, Wanda Overman, Coyle Retan, Carol Paredes, Judy Summerlin, Barbara Ubell, and Carol Wilson.

We want to extend our congratulations to the following sisters: Carol Martin, head majorette and Sis Ferlita, head cheerleader. Tina Sichel is president of I.F.S.C. and a Senior Class representative. Carole McSwain is Junior Class representative and Judy Summerlin is Sophomore Class secretary-treasurer.

During the summer months Alpha Chi's took part in various activities. Several girls worked as waitresses in Cape Cod, Massachusetts. Four of these girls formed a quartette and became singing waitresses. Carole McSwain and Carol Long became engaged during the summer. We wish them much happiness in the future.

Faculty Interview

Professor Charles Young Is New Radio - Television Director

Our University is in a state of great activity and excitement at this time of year, conducting new programs, establishing a schedule for the school year, and welcoming new students and faculty. One of our newest faculty members, and an equally busy man himself, is Professor Charles M. Young, director of the Radio-Television, and Dramatics Department.

In addition to preparing for his own teaching schedule, Professor Young conducts a special evening audio-visual class, directs the school radio station WTUN, and plans to organize a photography club.

This active new faculty member brings to the university staff a varied background. He was educated at Providence College and the University of New York, receiving his B.S. degree in 1938. His Masters degree in 1938. His Masters by Florida State University and he has done doctoral work at both Indiana University and the University of Florida. He is currently preparing for his doctoral dissertation in communications and audio-visual techniques. Professor Young has previously taught at Florida State University, Indiana University, and Florida Southern College. During his USAF service he acted as an instructor at the Bethesda Naval Hospital. He also served in the Philippines and Korea.

His other professional experience includes writing television and radio scripts for a New York advertising agency and acting as Producer-Director of

Prof. Charles Young

his wife's daily television show, "Menus 'n' Manners" for three years over WCTV in Tallahassee, Florida. In Tampa Professor Young does free-lance cinematography for WTVT, a CBS affiliate, and stills for the Tribune and Times. He is engaged in writing a book on audio-visual techniques, materials, and methods.

A native of Newport, Rhode Island, he now lives in Indian Rocks Beach with his wife Barbara and their two sons. In addition to his many other interests, Professor Young still finds time to enjoy such Florida leisure activities as fishing, sailing, and cruising.

in a better world of the future. In your case your world is the campus and the community.

Two important ideals of the organization are to give primacy to the spiritual and humanistic values of life and promote the adoption and application of higher social, business and professional standards.

The Circle K Club was organized at Pullman, Washington and has been thriving and expanding since that day. As mentioned previously, the Circle K is sponsored by the Kiwanis Club and is advised, when necessary by a representative of that group.

The Circle K also benefits from the counsel of a faculty advisor who evaluates and advises on each course of action in regard to campus policy. The club is run by a four man Board of Directors and four officers, capably headed by President Harry Trout. Club dues are nominal. Watch the bulletin boards for the time and date of the next meeting. Any further questions will be answered at this time. This meeting puts you under no obligation but will, I'm sure, prove enlightening and interesting. This is an opportunity you don't want to miss.

Richard Francke
Board of Directors

Around Margaret Pankey, McKay Hall House Mother, are the dormitory counselors (L to R) Dean Burroughs, a senior in Physical Education; Allan Frankel, a junior and History major; Joe Gilbert, a senior and Language major; and Mike Malloy, a junior majoring in History.

McKay Students To Form Government Encourage Other Dorms To Follow

Hoping to set a standard for the other dormitories at the University of Tampa, the McKay Hall dormitory counselors

have held several meetings and have encouraged the residents to set up their own form of government.

The first meeting was held Monday evening, September 18th. The Dean of Men, Walter H. Hayes, together with the four counselors, welcomed the residents. Other meetings were held to discuss plans for social-

izing and the appointment of temporary chairman for the House, Social, Grievance, and Rules Committees.

Dean Hayes, assisted by Mike Malloy, is encouraging the McKay Hall students to formulate a dormitory government. Their efforts are being directed to the creation of an inter-dormitory council, on the organizational lines of I.F.C. Eventually, they hope to have a president and two representatives from each living group sitting in on one of the new councils. Other future plans include inter-dormitory outings, and a Christmas dance.

They Pledged more girls than they had room for...

But I digress. I was interviewing a lovely coed named Gerund McKeever. "Gerund," I said, "were you rushed by a sorority?"

"Yes, mister," she said, "I was rushed by a sorority."

"Did they give you a high-pressure pitch?" I asked. "Did they use the hard sell?"

"No, mister," she replied. "It was all done with quiet dignity. They simply talked to me about the chapter and the girls for about three minutes and then I pledged."

"My goodness!" I said. "Three minutes is not very long for a sales talk!"

"It is when they are holding you under water, mister," said Gerund.

"Well, Gerund," I said, "how do you like the house?"

"I like the house fine, mister," she replied. "But I don't live there. Unfortunately, they pledged more girls than they have room for, so they are sleeping some of us in the bell tower."

"Isn't that rather noisy?" I said.

"Only on the quarter-hour," said Gerund.

"Well, Gerund," I said, "it has certainly been a pleasure talking to you," I said.

"Likewise, mister," she said, and with many a laugh and cheer we went our separate ways—she to the campanile, I to the Morris chair.

Spartans Rally to Defeat Western Carolina 24-13

by Al Frankel
Associate Editor

Last week, Reggie Colvard, University of Tampa Scout made the following statement to the Tampa Times:

"To atone for their humiliating 28-8 loss to Western Carolina last year, the University of Tampa Spartans must do all three things.

"First, they must stop the double-threat running of quarterback Ken Morgan and halfback Jim Bryant.

"Second, they must be able to cope with a team that sports essentially the same offense and defense as their own.

"And, third, they must contain a line anchored by all-conference prospect tackle Jerry Bishop, a 230 pound stalwart."

Well, the Spartans did just that and even more as they turned three pass interceptions into a pair of touchdowns and a field goal in the second quarter defeating Western Carolina 24-13.

An estimated 7,000 fans were at Phillips Field as Tampa won its second game in the early season after spotting the visitors a score previously in the game.

An alert pass defense and outstanding play by the ends on both offense and defense contributed to the Spartans' success. It was the second straight loss after an opening victory for Carolina.

Bob Moore, Tampa's swift 200 pound sophomore fullback, made two touchdowns on runs of twelve and five yards. The third was on a pass from Buddy Owen to Dick O'Brien. Jim Neve added his talents by kicking a field goal and adding extra point after the last TD.

Quarterbacks Star

Owen, the freshman from Key West, and Jacksonville sophomore Vaden Bessent were impressive while showing the quarterbacking. The former completed four of eleven passes for 43 yards; Vaden three for four and 37 yards. Their running, too, added much to Tampa's attack.

Western Carolina managed to get their first touchdown by a series of passes. Although they fumbled quite a bit, the Cats were able to recover the ball and finally, Bryant, a senior halfback, went through the Spartan line from about the one foot line.

Spartans Fight Back

The first of the interceptions which led to Tampa's second quarter scoring was by Billy Rouse, one of the senior Spartans. Rouse returned the toss by Don Henderson five yards to Carolina's 30 and the locals went to the goal in five plays.

Owen's 10-yard pass to Jim Galmin and Jim Caldwell's 16-

yard slice through the Carolina secondary moved the ball closer. On the second down at the four, Owen threw to O'Brien in the right flat for the score on the second play of the second quarter. The same maneuver for the extra point failed.

Ahead to Stay

Charlie Rose crashed in to take the ball away from Morgan to set up Tampa's drive. Owen ran eight yards and with the fourth down on the 12, Moore shot through the right side, brushed off a few would be attackers, and scored. Bessent's pass to Rose gave the Spartans a 14-7 lead.

Moments later, Tony Yelovich, the rugged sophomore linebacker and co-captain of the Spartans, snagged one of Henderson's passes on Carolina's 45 and raced to the 27 before being brought down. With the clock running out, big Jim Neve was called in to kick a field goal from the 18. Only 30 seconds remained in the half when the ball cleared the upright, putting Tampa ahead 17-7.

In the third quarter after a series of exchanging punts Tampa held the visitors on down at the 22. Then Bessent ran a drive that led the Spartans 78 yards down the field, and on the first play of the fourth quarter, Moore again found a hole in the right side and scored; Neve booted the point to end Tampa's scoring.

With several of the Spartan's reserves in the game and with less than six minutes to play,

the Cats drove for their final TD.

Tampa earned the respect of Western's coach Dan Robinson. "Those three interceptions hurt us," he said. "We're too weak and can't afford to give away the ball that many times against such a tough defense."

"Tampa is tougher," he said, "than last year. They've got a good ball club and showed a lot of potential. With more experience, they're going to be really good. Their quarterback strength is one of their top factors."

University of Tampa's head coach Marcelino Huerta wore the pleased expression of a winner. He was proud and saying so in no uncertain terms; he declared, "We're very, very proud of the boys."

THE CHALLENGE . . .

(Continued from page 2)

are to maintain that status and privilege, you must produce. Therefore, if, during these past two weeks, you have not already taken full advantage of these facilities for learning that are available to you at the University of Tampa, it is most advisable that you settle down immediately.

You can be sure that you will have the full cooperation and assistance from not only my office but all the faculty and administrators in meeting head - on this challenge that is yours - your profession of being a student.

Dean of Men

Bob Moore crashes over to score the second touchdown against Western Carolina.

Tampa U. Overwhelms Livingston During First Half of Opener

by Al Frankel
Associate Editor

The promise of bigger and better football definitely took form from the University of Tampa's football squad. The Spartans opened their 25th season Saturday, September 23, 1961 overpowering Livingston State 41-8 before an estimated 8,000 fans at Phillips Field.

Beating the Tigers for the sixth time, the Spartans scored the first three times they got the ball and added three more touchdowns in the second quarter.

The big victory for Tampa came before the largest opening night crowd in the school's history, according to assistant athletic director Sam Bailey. The convincing manner in which it was obtained indicated the Spartans were coming out of their doldrums of the last two seasons.

Losing its second in a row, Livingston was unable to score until there were only 17 seconds remaining in the game. On a nine yard pass from Rocky Plaia to Bob Cooper, the Statesmen scores their only T.D. The added two points came from Plaia pitching to Larry Cohen for the two-point conversion.

These events climaxed a second half during which Livingston managed to outplay Tampa. This probably came as a result of a natural let down after the Spartans led at the half 41-0. Coach Marcelino Huerta used most of his reserves during the final period.

Spartans Power Unleashes
Tampa simply overwhelmed Livingston at the start, driving 66 yards with the opening kickoff for one touchdown. In less than ten minutes the conversion of a partially blocked punt and an intercepted pass led to 13 more points.

Halfback Ernest Stout returned the kickoff 23 yards to Tampa 34. Dick O'Brien picked up 26 yards around right end and Stout added another 14 around the left side. An 18 yard pass from Owen to Jim Galmin overcame a 15 yard clipping penalty and 220 pound fullback Bob Moore took the ball the final six yards through the right side.

Co-Captain and linebacker Tony Yelovich exemplifying his talents as a fine defender,

crashed through the deflected Plaia's punt to set up the record T.D. The 190 pound sophomore picked up the ball, but was tackled on Livingston's 9.

An offside penalty against the Tigers moved the ball up to the four, but Livingston, digging in, made the Spartan's earn their fun. O'Brien finally leaped over a pile up at the goal on the fourth down.

Following the kickoff, Yelovich again rose to the occasion, intercepting Plaia's first down pass up the 35. Sam Rodriguez, one time Jefferson High stalwart, lost a yard, but then Owen threw a 36-yards pass to Earl Bramlett for the touchdown.

Tampa powered 67 yards in 10 plays for its fourth touchdown, a 12 yard pass from Owen to Charlie Rose. Owen's 12-yard pass Keeper and his 13-yard screen pass to O'Brien kept the drive going. The touchdown came 6:30 remaining in the half and another followed 30 seconds later. With the subsequent kickoff, Livingston started its sequence of plays on its own 15. However, on first down Doug Graham went back to pass and was snowed under by Mark Beaubien and Hallis Curling. Baubien recovered the ensuing fumble on the 4 and on first down freshman left halfback Larry Maier circled toward the right side, took a pitchout and went in to score.

Rough Defense

Tampa's tough defense contributed to its final touchdown as a host of Spartans threw Graham back 12 yards when he had fourth down with less than a foot to go on his own 36. Bessent, Rodriguez and Brandon's Jim Caldwell needed only seven plays to score. The touchdown came on a five-yard keeper through the right side.

Guard Jim Neve, injured last year, showed no signs of weakness, doing most of the kickoffs to Livingston, he kicked three extra points and Bramlett, after missing his first try, added a pair in the second quarter.

Too Much Power

The Tigers coach, Jim Garner, was quoted as saying, "they simply overpowered us in the first half." The former Livingston griddler, was pleased with his team's performance in the second half.

Tampa managed to contain Livingston's heralded passing attack last week. Last week the Tigers threw 35 passes, this week only 15. With Plaia and Graham sharing the quarterbacking, the Tigers completed seven passes for 76 yards and had two intercepted.

The fast striking of the Spartans created a wall of tackles that harassed the pitching pair from Alabama, Beaubien, Max Davis, Gary Hobbs and others gave Livingston little rest.

Livingston . . . 0 0 0 8-8
Tampa . . . 20 21 0 8-41

Tampa—Moore 6 run (Neve kick).

Tampa—O'Brien 1 run (Neve kick).

Tampa—Bramlett 36 pass from Bessent (kick failed).

Tampa—Rose 18 pass from Owen (Neve kick).

Tampa—Maier 4 run (Bramlett kick).

Tampa—Bessent 5 run (Bramlett kick).

Livingston—Cooper 9 pass from Plaia (Cohen pass from Plaia).

Intramurals Underway, Program Announced

MEN'S DIVISION

by AL FRANKEL
Associate Editor

On the playing fields, physical fitness may make the difference between victory and defeat. In life, too, the man or woman in top physical condition has a priceless advantage. Accordingly, the University of Tampa recognizes that as one physically fit athlete may influence the outcome of a contest, so may some 2,000 student influence the world in which they live.

Tampa U.'s traditional goal of training men and women physically as well as intellectually requires an athletic program which can meet the varied sports interests and abilities of its entire student body. The more skilled athlete may participate on varsity teams in four sports: football, basketball, baseball, and crew.

The intramural sports program involves students from dormitory, fraternity, inter-class, town, and independent groups. Here, over twenty regularly established sports offer a chance for the average student to find supervised, competitive exercise. Students not participating in any organized sport must report for regularly scheduled physical education classes and those with physical limitations are given corrective exercises. All students must be acquainted with physical fitness before graduation.

A former lineman for the New York Giants, Robert Love, is director of men's intramurals. Assisting the ex-Spartan warrior is Nelson Butler, the student director. Activities for the men intramural program includes fencing, horse-shoes, touch football, handball, volleyball, bait casting, archery, basketball, wrestling table tennis, foul shooting, badminton, softball, tennis, track, golf, bowling and swimming.

Jim Neve

The Florida Sportswriters Association has named Jim Neve, Tampa guard and Jim Beaver, Florida tackle as runner ups for lineman honors for the week of September 17-23.

WOMEN'S DIVISION

by NORMA BLANCATO

Under the directorship of Miss Jane Edgy, women's physical education instructor, the 1961-62 women's intramurals program got underway October 5th.

Plans have been completed for the following fall schedule: Volleyball Oct. 10, 12, 15
Basketball Oct. 31
Nov. 2, 9, 14, 30
Bowling Dec. 7, 14
Tennis Jan. 4, 6, 11, 18, 23

Intramurals are open to any group of girls wishing to form a team. Information as to this matter can be obtained from Miss Edgy, or Rose Swain and Jean Ramaglia, newly appointed Student Directors. Those teams already signed up for play are Alpha Chi Omega, Delta Zeta, Sigma Sigma Sigma, Phi Sigma Sigma, and Zeta Tau Alpha sororities, and an Independent team and a Freshmen team.

Managers for the teams are Rick Pritchett and Lynn Smith, Independents; Nancy Roos, Terry Sealey, and Pat Koch, Freshmen; Coyla Retan, Alpha Chi Omega; Beverly Andisana, Delta Zeta; Barbara Pittis, Sigma Sigma Sigma; Linda Veith, Phi Sigma Sigma; Pat Fussell, Zeta Tau Alpha.

Team winners will be awarded trophies or individual awards.

When asked about the purpose of having intramurals, Miss Edgy said that this is an opportunity to use activities and skills we learn in our physical education classes. "It is a popularly accepted extracurricular activity on most major campuses because it gives everyone a chance to participate, rather than those who are very skilled."

Miss Edgy further commented that she would like "to encourage all students to participate in intramurals, as we are hoping for a very successful program. The amount of work that goes into a program is of no value without student enthusiasm."

Playing time is 11:00 A.M. on the basketball courts. The student body is encouraged to come and view the games.
