"The Pursuit of Excellence"

New Policy On Deposits Announced By Committee

It was determined at the meeting held at 1:30 p.m., March 9, 1964 that all evening division students would be required to pre-register at which time a \$20.00 deposit would be required. For those evening division students not pre-registering, a late registration fee would be charged at the time of late registration. Only those evening division students who had pre-registered would be accepted for registration on the day or days hereinafter provided. Ample time would be provided for pre-registering the evening division students, and the Business Office will remain open when requested to accept the deposits from the evening division students.

Registration will cover a period of two days and only the evening division students will be formally registered at this time. In the event an evening division student is unable to pay the deposit for pre-registration, the Business Office will prepare a note showing the amount as a liability to the University. It will be necessary for Dr. Covington to advertise in local papers regarding the pre-registration dates and the fact that a \$20 non-refundable deposit will be required. Also that a late fee will be charged on the date of late registration for the students not having pre-registered.

Deposits for full and part time day students where applicable will remain at \$50.00 tuition, \$50.00 room and \$50.00 board — all non-refundable. A deadline of August 1 is to be used for students to pre-register and make payment of the required deposits. The University will continue to accept deposits up to September 1 for full and part time students. All full and part time day students not pre-registering will be required to pay a late registration fee.

National Student Group To Raise Money For John F. Kennedy Library

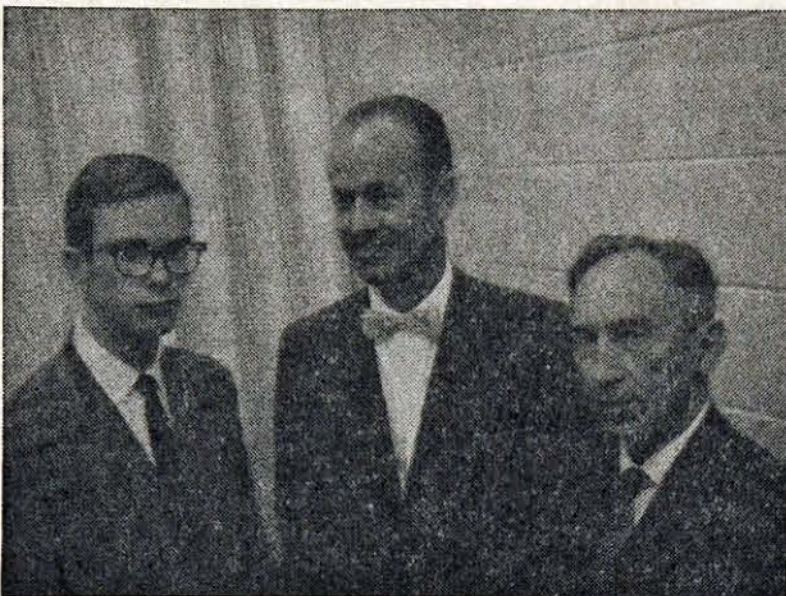

Spontaneous requests by college students on many campuses have resulted in the organization of a National Student Committee for the proposed \$10 million John Fitzgerald Kennedy Library in Boston, it was announced yesterday by the Kennedy Library Corporation.

The national committee will coordinate student drives in late April on 2,100 campuses throughout the nation as their part in the public campaign to raise the necessary funds. On completion, the Library will be turned over to the United States Government to be operated as part of the National Archives.

Charles 'Deno' Kutumbos has been appointed chairman of the Kennedy Library Committee to direct the drive at the University of Tampa.

The site of the Library on the banks of the Charles River in Mr. Kennedy's native city was chosen by him shortly before his death. The building, in addition to an austere and beautiful memorial room, will include several working components: a Museum, an Archive

R. Neil Reynolds Added To Admissions Office

The University of Tampa expands its program for an increased out-of-state enrollment with the appointment of R. Neil Reynolds, an alumnus of the University, as an admissions counselor. Announcement of the new appointment was made by Dr. David M. Delo, University president.

R. Neil Reynolds

The addition of Reynolds, a 1961 graduate of the University, brings to three the number of counselors representing the college's Office of Admissions. He will interview prospective students in areas adjacent to the New England, Mid-West and Southeastern regions where the University's other admissions counselors, Eduard Van Gelder and Donald Miller, have been active. Van Gelder, associate director of admissions, is currently on a brief leave of absence from the University to complete work for his Master's degree at Columbia University.

Reynolds taught high school English in Westchester County, New York, for three years before assuming his present position. A native of Chillicothe, Ohio, he is studying toward his MA degree in English at Columbia University.

U of T Bowling Season Ends

The University of Tampa Bowling League has completed its season at Coliseum Lanes. The teams were split into two leagues, The Spartan League and the Mixed Up League.

Spartan League winners were the Animals: Fred Fennhaber, Charles Behare, Jerry Bosh, and Gary Albright. This league was a race all the way to the wire with a play-off between the Animals and PKP for the championship. The League officers were: Julian Manoni, President; Mario DeLuca, Vice President; Joan Russe, Secretary. The high game with handicap winners were Ruth Hayward, 206 and Fred Fennhaber, 253.

The Mixed Up League was won by Lively Ones. The team was composed of Harold Tillotson,

Philip Hanson To Give "Kings and Clowns"

Philip Hanson, noted Shakespearean actor, will appear in his one-man performance of Kings and Clowns by Shakespeare on March 23, at 8:15, Falk Theatre. The performance, part of the Theatre Artists Series, will portray scenes of kingship and foolery. This solo show contains 40 of Shakespeare's characters, and has been receiving wide acclaim since its premier in August, 1959.

Kings and Clowns is one of Philip Hanson's seven shows of solo repertory. The actor has received praise for his 'dying' in a number of the portrayals. Mr. Hanson carries 30 complete Shakespearean roles in his memory and he portrays over 75 characters in his two Shakespearean solo shows, which also includes 'Villains and Fools.'

Mr. Hanson has directed six

Shakespeare plays, 12 modern plays, and has adapted, arranged, and directed four works of literature for large cast stage presentation.

Philip Hanson

The performance promises to be one of the highlights of the Theatre Artists Series.

Tickets are available for students, free upon presentation of I.D. card, at the Box Office, hours 11 to 4 p.m. daily.

Nash won the Purchase Award at the San Francisco Art Association's exhibition in which his work was shown, and took an honorable mention at the Florida State Fair Fine Arts exhibition last year. His works have been purchased by the University of California at Berkeley.

A native of Long Beach, Calif., the artist received a BA degree with honors from the University of California at Santa Barbara and was awarded the MA degree at UCLA. He joined the University of Tampa faculty in 1961, where he teaches drawing, painting, printmaking and art history. He formerly taught art at UCLA during 1959-61.

Nash Paintings Featured By LaMonte Art Gallery

An exhibition of new paintings by Alfred E. Nash, instructor in art at the University of Tampa, is currently in the LaMonte Gallery.

The exhibition will continue March 23 and may be seen daily from 2 until 5 o'clock at the gallery, located in the Falk Theater building on West Kennedy Blvd. Admission is free of charge.

Nash's work has appeared in various exhibitions in Florida and in the Western United States, including the Northwest Printmakers 31st international exhibition; the Pasadena (Calif.) Art Museum's second national print exhibition; the San Francisco Art Association's 24th drawing, print and sculpture exhibition, and the Florida State Fair's Fine Arts Exhibition, 1963 and 1964. His work is included in the Fair's circuit exhibition, currently being shown throughout Florida.

TU Greek of The Week

Lisbeth Calandrino is the name of this week's Greek of the Week. Lis is a psychology major hailing from Copack Lake, New York. She has been a primary contributor to the organization of the Phi Club and serves as its president.

This pert, active senior is a transfer student from the State University of New York at Brockport where she was a member of several organizations. Some of the clubs she belonged to were the Ski Club, the Young Democrats Club, Physical Education Majors Club and New York State Teacher's Association.

Here at Tampa, Lis' activities are equally impressive, showing not only her knowledge of organization fundamentals, but an ability for leadership as well. Foremost in her interests is the Phi Club, a sorority soon to affiliate with a national sorority. In addition to being president of the sorority, Lis is a Pan-hellenic representative.

PI KAPPA PHI

After a tremendous rush, Pi Kappa Phi is proud to have pledged up 22 fine men. Congratulations to Brother Tom Brice for his fine job as rush chairman.

Congratulations are also in order to Brother Don Small upon his recent election as our president.

The brothers of Pi Kappa Phi would like to thank all those who generously supported our spaghetti dinner, and we hope y'all come back real soon.

DELTA ZETA

We of Delta Zeta are proud to announce the pledging of Rosalie Aprile of Tampa, Florence Barbour of the Canal Zone, and Janet Rogers of Mount Pleasant, Pennsylvania. The pledge class has elected as its officers: Judy Grundner, President; Rosalie Aprile, Secretary; Janet Rogers, Treasurer; and Florence Barbour, Chaplain.

Our actives have chosen as officers Marilee Duren for President, Nancy Berenguer as Vice President and Pledge Trainer, and Estella Gual as Treasurer.

TAU KAPPA EPSILON

We Epsilon Beta are proud to announce the initiation of our new neophytes into the bond of pledgework and brotherhood. They are: James Gilman, Oakland, Maine; Don McFall, Union, New Jersey; David Murphy, Bola Raton, Florida; and Ken Rosner, N. Merrick, New York.

We welcomed our new pledges with a warm spirited beach party which is only one of the every weekend social functions that we have in store for them. Bob Cherit and Fred Nielsen are in charge of our spring social affairs and they have a great schedule lined up — one of the events being our annual weekend trip to the Sebring races.

THETA CHI

With a fine group of 34 neophytes assembled Theta Chi is plunging into the activities of this semester with renewed vigor. The highlight of the second semester social season is on the planning board and Andy DeMeyer, chairman, says this year's Ring Dance will be the finest yet.

Congratulations are extended to brother Alex Kinnaird on his re-appointment as Business Manager of this paper. The Theta Chi fraternity takes this opportunity to formally congratulate Miss Ronnie Lieberman on being selected as the Best Dressed Girl on Campus, we feel the student body made a wise choice.

SIGMA PHI EPSILON

Congratulations to our fine group of new pledges: Art DeRoy, Dave Dutch, Deno Kutumbos, Danny Mahelec, Steve Maher, Tom Menegus, Bill Oakerson, Ron Smith and Pete Tomaino.

Last week Tampa's wrestling team did an outstanding job in the Florida A.A.U. competition. They were supported by Brothers Fred Conte, first place, 154 lb.; Gary Cagiano, 2nd unlimited; Pete Meoli, 2nd, 213 lb.; Barry George, 2nd, 125 lb.; Buddy Denholm, 4th, 138 lb. Well done!

Manusha Cagiano's 'Globetrotters' with the help of Meadowlark Lavin and the 'Kamikaze Squad' came back this week to defeat Theta Chi. 'Frog Voice' Kelly continued his 1,000 scoring percentage by sitting out the last game. He scored two points in the first game and knows when to quit.

PHI SORORITY

Election of new officers has taken place with the following results: Marcia Chalfin, President; Sharon Weinstein, Vice President; Sandra Weingarten, Secretary; Marilyn Bronstein, Treasurer, and Beth Cooper, Pledge Marshal.

After the fun and excitement of formal rush, Phi has picked up seven pledges. They are: Jackie Beltram, Elizabeth Frank, Janice Fried, Erlene Gladstone, Sarah Santos, Roberta Solodoff, and Joyce Thompson.

This week, Phi played basketball with Alpha Chi Omega Sorority, winning the game 18-4.

Everyone have a nice Easter weekend.

ALPHI CHI OMEGA

We feel this year's rush has been one of the best. Our spring pledges are Jane Stokes, Patsy Sue Cunningham, Donna Mercurio, Carol Barad, Linda Bashline, Suzanne Monaco, Cheri Ellis, Louise Marie Gonzales, Jane French and Linda Casey. After pledging Monday, March 9, we celebrated our tenth birthday on the University of Tampa campus. It was quite ironic at that as we had ten pledges and this being our tenth birthday. A special carnation breakfast was held to honor our new pledges.

We are proud of pledge Linda Casey who is a finalist in the Miss Shamrock Contest. Linda will be competing for the title of Queen with the other finalists. Sister Wilanne Starling was chosen last year.

PSI CHI

The newly installed chapter of Psi Chi at the University of Tampa had its second meeting on March 19. Our guest speaker, was Aurilia Risler. Aurilia is a graduate psychology major from the University of Tampa.

Psi Chi's first project was the lecture on Suicide by Dr. Edwin Schneidman in the Falk Theatre on March 16. Dr. Schneidman is the Co-Director of the suicide prevention center in Los Angeles, California.

Since Psi Chi has replaced the psychology club at the University, all those who were members of the psychology club are invited to become members of Psi Chi.

For any information concerning Psi Chi, see any officer of Psi Chi or Dr. Gilgash. Further information of meeting and other activities will be posted on the Psychology Department bulletin board and in the Minaret. Please watch both of these places for announcements.

ZETA TAU ALPHA

Zeta Tau Alpha's new slate of officers for 1964-65 is as follows: President, Sue Black; vice president, Judy Spencer; secretary, Glenna Osborne; treasurer, Lorraine Guida and membership chairman, Barbara Scalzo.

Our felicitations and enthusiastic welcome go to our eleven lovely, new spring pledges. We proudly announce that they are Judy Boston, Patricia Cascone, Gail Fisher, Michele Hunt, Cathy Lowe, Elaine Mendez, Patricia O'Rourke, Marie Pokorney, Carol Smith, Suzanne Townsend, and Cynthia Villardabo.

Saturday, February 22 we had our first annual dinner-dance at Hawaiian Village. It was a tremendous success and enjoyed by all.

TAU EPSILON PHI

Thanks to our efficient rush committee, brotherhood, the rush (boat) party sparked 30 new pledges, initiated on March 7, 1964. The pledge officers are: President, Marty Steinberg; vice president, Lenny Berkowitz; treasurer, Lenny Grodin; secretary, Ronald Silvestro; historian, Ronald Leouner, and Chaplain Don Blouner.

The brothers hosted a pledge celebration party at Ralston Beach the night of Friday, March 13, 1964. Featured entertainment was provided by the fantastic Bob Jackson and the Swing'n Gentlemen.

Congratulations to pledge Moe Van Goe, named 'Pledge of the Week' by the brothers.

JFK Library . . .

and an Institute.

According to the Corporation announcing, the Institute of the Library will further one of President Kennedy's deepest concerns—his continuing attempt to bring together the world of ideas and the world of affairs; the world of scholarship and the world of decision.

The Institute will strive to bring intellectual and public affairs closer together in a diversity of ways—through lectures and seminars by professors, politicians and public servants of all parties and from foreign countries; through professional chairs; through meeting rooms for undergraduates interested in politics and public affairs; through fellowships for scholars, American and foreign; through visitors-in-residence; through organization of study groups and conferences bringing together scholars and practitioners to consider vital issues; through a publication program; through literary and public service awards; and through a variety of other means. The Institute will be committed to no program or policy but only to President Kennedy's own spirit of free and rational inquiry.

Any student interested in participating in this drive should contact Deno Kutumbos, 118 New Smiley Hall.

EUROPEAN JOBS

The trend among students is to work in Europe during the summer. Thousands of jobs (e.g. resort, lifeguarding and office work) and travel grants are available to every registered student. Some wages are as high as \$400 a month. For a complete prospectus, job and travel grant applications, a \$1 ASIS book coupon and handling and airmail charges send \$1 to Dept. Howard Phillips, Skip Upham, Joe Finks, and Bruce Millinoff. High game awards went to Sandy Powers, 234 and Howard Engel, 268. The officers of this league were Bob Tenni, President and Clare Salt, Secretary.

The fraternity and sorority participation was very poor. Competition between these groups should be close, instead of only two of them were represented.

Blaine Turner Adds Much Needed Spark To Spartan Baseball Team

by Dave Scott

When baseball season started this year Coach Sam Bailey found himself with three jobs to do at once. Besides being Baseball Coach, Sam is the Athletic Director and Head Football Coach. Part of his troubles were solved when he came up with two fine assistants for baseball. Charlie Cuellar stepped in to handle the pitchers and Blaine Turner is serving as Bailey's assistant.

Cuellar has 20 years of baseball experience behind him, including one year of pitching in the Majors with the White Sox in 1950. He was manager of the Tallahassee team in the old Florida International League in 1954. Charlie is well known around the Tampa area and enjoys working with young ball players. His knowledge and experience on the mound will be a great help to the SPARTANS pitching staff. Coach Bailey said, "Charlie won't only make my job easier, but with his background in baseball we should have a better pitching staff than ever before because of the help and advice he can give the boys. I feel fortunate to have a man of his caliber working with us."

Blaine Turner has become well known around the Tampa area for his football and baseball playing. Blaine is a three year letterman in both sports and a natural leader. I don't think he ever met anyone he didn't like or that didn't like him. The boys all respect him for his athletic ability and leadership.

As catcher for the SPARTANS for the last three years, Blaine has always been one of the leading hitters and the man who made things run smooth on the field. According to Coach Bailey, "Blaine has always been the type of athlete who gives it all he has. He gets along with everyone, but at the same time he commands their respect. I think he will be a great asset to me and the whole team this season."

WELL-KNOWN FAMOUS PEOPLE: No. 1

This is the first in a series of 48 million columns examining the careers of men who have significantly altered the world we live in. We begin today with Max Planck.

Max Planck (or The Pearl of the Pacific, as he is often called) gave to modern physics the law known as Planck's Constant. Many people when they first hear of this law, throw up their hands and exclaim, "Golly whiskers, this is too deep for little old me!"

(Incidentally, speaking of whiskers, I cannot help but mention Personna Stainless Steel Razor Blades. Personna is the blade for people who can't shave after every meal. It shaves you closely, cleanly, and more frequently than any other stainless steel blade on the market. The makers of Personna have publicly declared—and do here repeat—that if Personna Blades don't give you more luxury shaves than any other stainless steel blade, they will buy you whatever blade you think is better. Could anything be more fair? I, for one, think not.)

Max Showed no indication.....

But I digress. We were speaking of Planck's Constant, which is not, as many think, difficult to understand. It simply states that matter sometimes behaves like waves, and waves sometimes behave like matter. To give you a homely illustration, pick up your pencil and wave it. Your pencil, you will surely agree, is matter—yet look at the little rascal wave! Or take flags. Or Ann-Margret.

Planck's Constant, uncomplicated as it is, nevertheless provided science with the key that unlocked the atom, made space travel possible, and conquered denture slippage. Honors were heaped upon Planck (or The City of Brotherly Love, as he is familiarly known as). He was awarded the Nobel Prize, the Little Brown Jug, and Disneyland. But the honor that pleased Mr. Planck most was that plankton were named after him.

Plankton, as we know, are the floating colonies of one-celled animals on which fishes feed. Plankton, in their turn, feed upon one-half celled animals called krill (named, incidentally, after Dr. Morris Krill who invented the house cat). Krill, in their turn, feed upon peanut butter sandwiches mostly—or, when they are in season, cheeseburgers.

But I digress. Back to Max Planck who, it must be said, showed no indication of his scientific genius as a youngster. In fact, for the first six years of his life he did not speak at all except to pound his spoon on his bowl and shout "More gruel!" Imagine, then, the surprise of his parents when on his seventh birthday little Max suddenly cried, "Papa! Mama! Something is wrong with the Second Law of Thermodynamics!" So astonished were the elder Plancks that they rushed out and dug the Kiel Canal.

Meanwhile Max, constructing a crude Petrie dish out of two small pieces of petrie and his gruel bowl, began to experiment with thermodynamics. By dinner time he had discovered Planck's Constant. Hungry but happy, he rushed to Heidelberg University to announce his findings. He arrived, unfortunately, during the Erich von Stroheim Sesquicentennial, and everyone was so busy dancing and duelling that young Planck could find nobody to listen to him. The festival, however, ended after two years and Planck was finally able to report his discovery.

Well sir, the rest is history. Einstein gaily cried, "E equals mc squared!" Edison invented Marconi. Eli Whitney invented Georgia Tech, and Michelangelo invented the ceiling. This later became known as the Humboldt Current.
