HOMECOMING 1961

Choir To Present Elijah
At First Baptist Church

The Concert Choir, General Chorus, and Community Chorus will present the oratorio, "Elijah," under the direction of Dr. Harvey E. Maier with William Hargraves singing the lead part, Elijah. The performance will be given with the University of Tampa's orchestra, under the direction of Dr. Hunter Wiley, Mrs. Norma

The story of "Elijah" concerns the Hebrew prophet Elijah during the time when the Jewish people had forsaken God and were worshipping the pagan god, Baalim. Elijah brings back his people to God and saves the Jewish nation from the disaster of the drought that was brought on by their sinful ways.

The director of the Choruses, Dr. Harvey E. Maier has had many years of experience both in singing (former member of the Robert Shaw Chorus) and in directing singing groups of this type. He hopes that many students from the university will come to the performance.

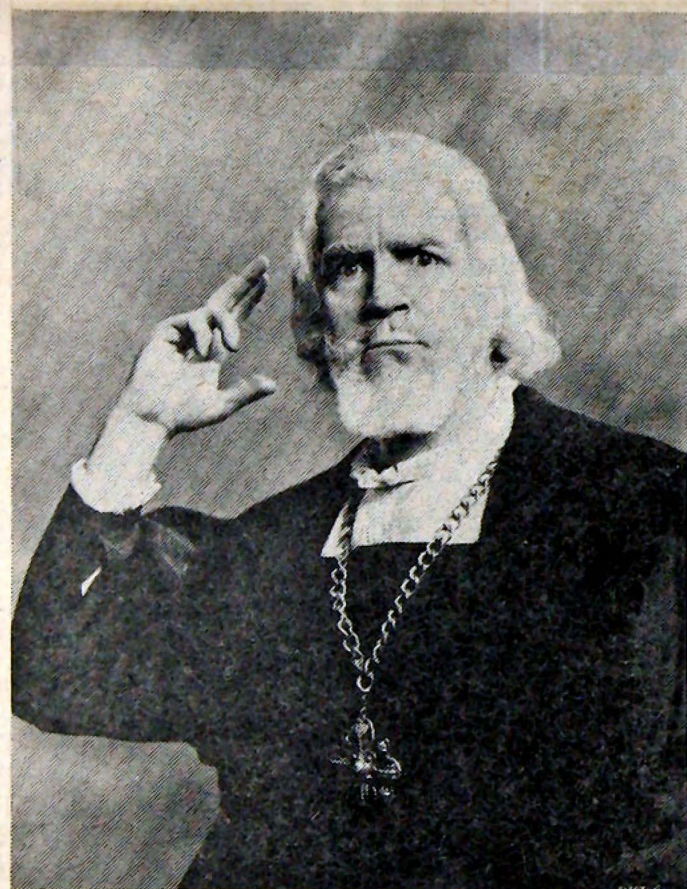

William Hargraves, who will be singing the lead part, Elijah, has sung with the Metropolitan Opera for many years. He has also sung with various opera companies in and around the Los Angeles area as well as having been in the Broadway play, "Salute" with Milton Berle.

Last year the choir sang coast to coast over the CBS network as well as with the Tampa Philharmonic. This year's performance of "Elijah" will have about 115 voices and a thirty piece orchestra as well as organ accompaniment.

Dr. Harvey Maier

Dobson will be the organist. The oratorio will be given at the First Baptist Church (across the street from the university) on Sunday, November 12, at 8:00 p.m. It is free to the public.

William Hargraves, Metropolitan Opera Bass, will be featured as Elijah.

Musician James Burke
Conducts Cornet Clinic

James F. Burke was guest musician for an educational cornet clinic held in the University of Tampa Ballroom on October 23. Over 100 college and high school band directors, private teachers, and students were present as Mr. Burke demonstrated musical techniques and gave a thorough analysis of cornet playing. Problems concerning the teaching and paying of the instrument were discussed. Also attending the clinic was Mr. David Wilnot, Coordinator of Public School Music, from the State Department of Education in Tallahassee.

Mr. Burke, regarded as the foremost cornet soloist today, is professor of trumpet at Ithica

College, New York. For many years he has done solo work with the famous Goldman Band. He has also played with the NBC Band of America, the Baltimore Symphony, and the Radio City Music Hall Orchestra. Mr. Burke was guest soloist at the opening concert of the University of Tampa "Music on the River" series Sunday, October 22. In addition to his professional playing and teaching, Mr. Burke is in constant demand as cornet soloist and clinician throughout the country.

The clinic was made possible through the educational services of the University of Tampa, the Conn Corporation of Elkhart, Indiana, and the L. A. Brown Music Company of Tampa.

WELCOME ALUMNI

1961 HOMECOMING SCHEDULE
UNIVERSITY OF TAMPA

November 10

8:00 P.M.—Coronation of Homecoming Queen and Court; judging of finalists in fraternity-sorority skit contest, Plant Field.

November 11

10:00 A.M.—Fraternity and sorority alumni association hold open house at the Hillsboro Hotel.
Open house and dedication, Pi Kappa Phi house, 304 Plant Ave.

12:30 P.M.—Homecoming parade begins from North "B" Street and ends at Phillips Field Stadium.

2:30 P.M.—Football game, Spartans vs. Northern Michigan, Phillips Field.

6:30 P.M.—Alumni social hour, Hillsboro Hotel.

7:30 P.M.—Alumni dinner, with Maj. Gen. Harold R. Maddux, keynote speaker; Hillsboro Hotel.

9:00 P.M.—Alumni dance, music by "Devilairs" of Tallahassee; Hillsboro Hotel. Student Homecoming dance, Fort Homer Hesterly; trophies to be awarded for best lawn decorations, skit, and floats.

November 12

3:00 P.M.—Unveiling of portrait of late K. I. McKay, McKay Hall; followed by unveiling of portrait of late David E. Smiley, Smiley Hall; both were chairmen of university's board of trustees. After unveilings, open house, refreshments, and guided tour, Crescent Hall for Women. All alumni, families and friends invited.

Gen. Maddux Guest Speaker
For Homecoming Activities

Featured speaker during 1961 Homecoming activities at the University of Tampa Nov. 11 will be Maj. Gen. Harold R. Maddux, of Robins Air Force Base, Ga., vice commander of the nationwide Continental Air Command.

General Maddux will speak on the Air Force program at a dinner for University alumni at 7:30 p.m. Nov. 11 at the Hillsboro Hotel. Other events scheduled that day for Alumni will include fraternity and sorority alumni association open houses at 10 a.m., a social hour at 6:30 p.m., and a closed dance at 9 p.m., all to be held at the hotel. David C. Pinholster of Tampa is chairman of alumni Homecoming activities.

General Maddux was appointed to his present position with CONAC Feb. 1, 1961, which commands the Air Force Reserve's 15 troop carrier wings, has jurisdiction over headquarters of the 52-wing Civil Air Patrol and trains a large number of Reserve units.

Maj. Gen. Harold Maddux

His recent assignments included commander of the U. S. Air Force in the Pacific theater until July, 1954, director of manpower requirements in the Office of the Assistant Secretary of Defense in 1955, and commander of the Tenth Air Force, and of the Fifth Air Force Reserve Region, Selfridge Air Force Base, Michigan, until appointment to his present position.

Pi Delta Epsilon
Initiates Eleven

Recently, eleven students from the University of Tampa were initiated into Pi Delta Epsilon, honorary journalism fraternity, at the home of Dr. and Mrs. J. D. Locke. Presiding over the meeting were the newly appointed president and vice-president, Jack Gerber and Maeve Haughey.

The members elected Jack Gerber to be the University of Tampa chapter's representative to the National Convention held at Rensselaer Polytechnic Institute at Troy, New York, Oct. 27 through Oct. 29, 1961.

New members not present at the meeting were Sally Giroir and Sandra Rodriguez. Selection of members was from the staffs of the Minaret, Moroccan and W.T.U.N.

Also present at the meeting were Dr. and Mrs. Howard G. Baker.

(Picture on page 2)

Numerous Activities Set
For University Weekend

by Norma Blancato

Activities for the 1961 Homecoming began Monday, with a Quarterback Club luncheon held in the university ballroom. Club members, members of the football team and coaches were on hand for the event. Special guests were former Tampa players, who had made Little All-American during their football years at the university. Among these stars were, Holin Aplin, Fred Cason, Lowell Freeman, Dick Harte, Don Herndon and Bob Lovely. Ted Greene and Nick Waytovich, two additional Little All-Americans were unable to make the luncheon.

Voting for the election of the '61 Homecoming Queen also took place Monday.

Yolanda Gonzalez, sponsored by Theta Chi Fraternity, Carol Martin, sponsored by Sigma Phi Epsilon Fraternity, and Ginger Sutton, sponsored by Tau Kappa Epsilon Fraternity, were announced Wednesday as the three finalists.

Crowning of the queen and her two maids will take place Friday evening at Plant Field. At this time school organizations will present the annual skits.

Those presenting skits will be members of the Alpha Chi Omega, Delta Zeta, Tri Sigma, and Zeta Tau Alpha sororities. Kappa Kappa Psi, Pi Kappa Phi, Tau Kappa Epsilon, and Theta Chi fraternities will also present skits. Judges of the skits will be University personnel and professors.

University fraternity and sorority alumni associations will hold open houses for members at the Hillsboro Hotel on Saturday morning at ten.

During this same hour the Pi Kappa Phi fraternity will hold Open House in its new chapter house at 304 Plant Ave. Dedication ceremonies for the house will take place at 10:30. Among honored guests will be university officials and a national representative of the fraternity.

The big Homecoming Parade will start at 12:30, Saturday. The units will begin at North "B" Street, going down Crescent to Lafayette St., Lafayette to Franklin Street, Franklin to Cass St., Cass to North Boulevard, where some units will enter the stadium to circle the field for judging.

There will be fifty-one units in the parade. The Spartan Band will lead off, followed by university and other dignitaries, Dr. and Mrs. Delo and General Harold Maddux, vice

commander of Continental Air Command, Robins Air Force Base, Georgia; the homecoming queen and maids, Dr. Steven Speronis, and Bob MacArthur and wife, Alumni; Dr. and Mrs. Rhodes, Mr. and Mrs. Karl King, Dean Hayes and John Hanna, the cheerleaders, Senator and Mrs. Sam Gibbons, Representative and Mrs. Bob Mann, Crockett Farnell, and Ray Knobe.

From this point the units will be by school organizations and local high school bands.

Jefferson High School Band will lead off this section of the parade followed by the Alpha Chi Omega section, consisting of a convertible, antique car and float. Circle "K" will then follow.

Theta Chi's will present a parade section as did the Alpha Chi's followed by the Florida Education Association and Sigma Alpha Iota. The Sigma Sigma Sigma sorority will terminate this section.

Chamberlain High School Band will be the next unit followed by the Tau Kappa Epsilon sorority, Industrial Arts Department unicycle, Marine Corps Reserve, and Zeta Tau Alpha Section.

Leading off the next parade section will be the Adams Junior High School Band followed by the Pi Kappa Phi section, Newman Club float, Phi Sigma Sigma, Baptist Student Union, M.W. Newman antique car, Sigma Phi Epsilon section, Delta Zeta section, another M.W. Newman antique car and a Business Club unit.

Judges of the float will be seated somewhere on the parade route. They will choose the best all around, sorority, fraternity, and general division floats.

Big event of the day will be the Homecoming game which will begin at 2:30 Saturday afternoon at Phillips Field. This is the first time in ten years that the Tampa team plays an afternoon game.

The Spartans opponent in the game will be Northern Michigan, a team rated number four among small colleges and universities in the nation.

A special halftime show will be presented and the Homecoming queen and court recognized.

Social fraternities and sororities will hold social hours for their alumni, immediately following the game.

The Annual Alumni Association dinner will begin at 7:30 at the Hillsboro Hotel. The keynote speaker will be

(Continued on page 2)

Hunter Wiley Guest Conductor On Concert
Band Record Album, Receives Rave Notices

Hunter N. Wiley, University of Tampa Band director, is featured as guest conductor of the All Star Concert Band in a Golden Crest record album which was released earlier this year. This unique recording band was composed of leading instrumentalists. Mr. Wiley conducted the original compositions of James F. Burke, noted cornet soloist. The band was assembled by Mr. Burke, who has recently appeared at the University of Tampa, and Harvey Phillips, noted tuba soloist, who conducted a clinic here last March. The album has received rave notices throughout the country.

Mr. Wiley, formerly in the Band of America, is a clinician and soloist on baritone and trombone. He was Director of Bands at Columbia University for 11 years before coming to the University of Tampa.

The concert band album, in addition to Mr. Burke's compo-

sitions "Danza Allegra," "Amourette" and his latest march "Lincoln Square" includes such pieces as the "William Tell Overture," "Orpheus," "Scheherazade" and the "Overthere Fantasy". The album is dedicated: "To the American Bandsman. On village greens, in town and shells, and in city parks he has been the musical companion and tutor of millions of his countrymen."

Hunter N. Wiley

Office of Univ. Development

In recent years, some of our foremost colleges and universities have set up a special organization in order to raise funds to develop and enlarge the academic and extra-curricular programs for their under-graduates. Not only does this produce a more learned student, but also enhances the meaning of the diploma of the respective institution of learning. Under the supervision of Dr. Delo and Dr. Speronis, the University of Tampa has established an office of development for the aforementioned reasons.

From the President

The author of a volume on college and university development wrote recently, "Ample financial support . . . surely will go to the colleges and universities which have defined their roles and are planning their development with the most skill."

To state it in other words, observation shows that the colleges which are really making progress are those with well-planned, well-operated, and continuous development programs.

For this reason, the University of Tampa this fall established an Office of University Development under the direction of Dr. Stephen Speronis in which are centralized future planning, fund-raising, public relations, alumni activities and other operations which deal primarily with the public. In this way these activities can be coordinated effectively to produce maximum support for the forward program of the University.

Dr. Speronis says about the establishment of an Office of University Development:

"There are two words which stand uppermost in my mind as I see the proper function-

ing of the Development Office. They are: coordination and stimulation." No university can grow unless it has a well organized and well delineated plan for growth. Growth requires money. The Office of University Development must organize and support in every way possible the raising of funds for the University. Therefore, as a part of the new image of the University of Tampa, the Development Office will serve to encourage all facets of University Development. The office is, therefore, a service department of the University and its primary function will be to do just that. In rendering service to the University, the Development Office will see to it that programs, planning, and projects with the business of the community will be expedited insofar as is practicable and insofar as is useful to the growing strength of our institution. President Delo emphasized in his recent convocation address that the University must have room to grow. The Development Office will do everything it can to stimulate this growth and see to it that the University is extended and expanded.

In function, the Development Office works directly under the President and cooperates with him with the Development Committee of the Board of Trustees in the execution of various projects and programs. It assists with special academic programs, in effecting proper liaison with business and industry, and works closely with such groups as the Chiselers, the University of Tampa Association, various ethnic groups in settling up historical rooms, and supervises and coordinates public relations, news, and publicity."

University Honors Deceased Trustee

The University of Tampa honors Mr. George Blaine Howell, a former trustee and director of the University of Tampa Athletic Association, who died earlier this month. Mr. Howell was well known for his work in educational business, and civic affairs. The Civitan Club chose him as Outstanding Citizen (as a result for) his efforts in obtaining Phillips Field for the University of Tampa. The new field house is named for him.

Mr. Howell came to Tampa 35 years ago from Ithaca, New York. He received his education from Dartmouth College and Cornell University School of Law. He served with the Army during WWI in France and Germany and was commissioned a captain in the Coast Artillery.

Upon coming to Tampa, Mr. Howell was associated with the Exchange National Bank, finally becoming Vice President and trust officer. He was also an official of the Palmer National Bank of Sarasota, and the Bank of West Tampa. He was Vice President and the President of the First Savings and Trust Company of Tampa which is now the Marine Bank and Trust Company. At the time of his death he was chairman of the board of the Marine Bank. He has held offices with the Florida and American Bankers Association.

From 1940-1945 he was President of Tampa Shipbuilding Company. He has also served as director of Eastern Air Lines, Intercontinental Shipping Co., Empire Steel Products Corporation, Myrtle Hills Memorial Park, Foremost Dairies, Canada Dry Bottling Company of Florida and Theatre Buildings, Inc.

In addition to his many other interests he has also served the United Fund of Greater Tampa, Florida State Fair Association, Gasparilla Celebration, Palma Ceia and Forest Hills Yacht and Country Clubs, and the Tampa Horse Show Association.

Mr. Howell was a member of the Governor's Committee of 100 and served as director of the Florida State Chamber of Commerce.

GREETINGS FROM PRESIDENT AND MRS. DELO

A cordial welcome to our returning alumni on this 1961 Homecoming weekend.

We urge you to make this a true HOME-COMING by visiting the campus to see the progress which has been made.

Please join us at three o'clock on Sunday afternoon, November 12th, when we shall unveil portraits of the late Mr. K. I. McKay and the late Mr. David E. Smiley, former chairmen of the Board of Trustees, in the dormitories named for each.

Later visit Crescent Hall for open house, refreshments in the dining hall, and a guided tour of the new residence hall for women.

We will look forward to greeting each of you at that time.

Sincerely yours,

President and Mrs. David M. Delo

From the Deans

Lucille King

This is the time of the year when we turn our energies, our hearts and minds to the events of Homecoming.

Homecoming (coming home) is a wonderful word: those of us on campus will be so happy to welcome all of you returning to good old University of Tampa. We will be so interested in hearing of the events in your lives. We also want you to see the progress made here in your university. We hope your "coming home" will prove a great source of satisfaction to you.

College friends are among our most valuable treasures. Cicero said, "Friendship springs from nature rather than from need." And it was Sir Francis Bacon that said, "Without true friends the world is but a wilderness." Your "coming home" to great friends of college days is an occasion long to be remembered.

I want to extend my sincere personal welcome to each of you returning home. I want you to know that I miss each of you, that I think of you very often, and that I wish the best of everything in life for each of you.

All of us on campus will be looking forward to greeting "You-all."

Happy Homecoming!!

Walter Hayes

My hat is off to all of the many students who have done such an excellent job preparing for the 1961 Homecoming. Believe me, all of you can be proud of the performance of your fellow students who have worked so hard to make this the most outstanding Homecoming in the history of this university.

An abundance of originality and good workmanship is in evidence for all to see. Just look at the lawn displays! And wait until you see the skits! (My head went way up with pride after last Friday's preview.) And those floats! Everything indicates that this will be Tampa U's best Homecoming.

Yes, we can all be proud. And when this Homecoming is over, I hope that all of us can still be proud. I hope that all visiting friends and parents will also be proud. Remember: each of you is host or hostess this week-end. Have a good time but always remember your responsibilities to your guests. Whether or not you personally know the guests, treat them as a host or hostess should.

Let's all follow the example set by those who have already worked so diligently. If we do, when Sunday night rolls around, we can sit back, relax, and enjoy the pleasure of a job well done.

P.S. And I hope that Esmeralda will settle back on her lowly pedestal after being Queen of this great 1961 Homecoming! She can enjoy the honor of victory in an outstanding campaign and election, conducted exceptionally well.

only achieve this goal through sharing the challenges which confront us and working together to solve our problems.

We have elected our officers to lead us, not to do all of the work for us, as they plan and lead, we shall suggest and follow. If they stumble, we shall not criticize, we shall help them. If they drift, we shall readjust the sails. Without us, they cannot succeed. Without them, we would scatter and stray. Only together, as a united freshmen class, can we rise to new heights.

National Publication Features Art Work Of Tampa Student

by Maeve Haughey

Many students and faculty members already know John Murray for his art work in the past two issues of the university literary magazine, "De Novo", his sketch exhibit last year, and his work which has been displayed in student art exhibits. One of his free-hand drawings from the 1961 "De Novo" appears on the title page of the recent issue of "The Rectangle," national publication of the professional English fraternity, Sigma Tau Delta.

A native of Tampa, John is an art major and is minor in French. He is student assistant in the art department and teaches a weekly children's art class at the Tampa Art Institute. Last year he taught a similar class at St. John's Episcopal Day School. He is employed by the American Can Company.

In addition to his sketches and paintings, John works with plaster and ceramic sculpture, ceramics, and mosaics. He hopes to be able to continue with his art work after graduating from the University of Tampa.

His wife Jane is a full-time music major and piano teacher and is quite an accomplished musician.

John feels very strongly that

Field of Art Offers Varied Opportunities

by Maeve Haughey

The opportunities presented to those entering the Fine and Applied Arts field are numerous. While it is true that the independent or free-lance artist today has a somewhat narrower market for his work than his brother in the commercial world; there are, nonetheless, many rewards and opportunities for both. Art encompasses such areas as teaching, architecture, illustration and decoration, painting, sculpture, jewelry, ceramics, lettering, stagecraft, various phases of industry, textiles, merchandising, display, manufacturing. The list is endless.

Art education is more flexible now than it has been in the past and greater emphasis is being placed on the individual. This is evident in the smaller liberal arts schools where the atmosphere is most conducive to individual development. The University of Tampa Art Department, although not a professional one, offers an excellent basic program of study. Courses range from art history and education to stagecraft and figure drawing. The particular environment of the university, its resources and those of the city, the instructional staff, the growth of university facilities, all act as stimulants for creative work. As part of the expansion program a new art center is in the planning stages. This modern air-conditioned building will include classrooms, studios, and a large gallery.

THETA CHI CAR RAFFLE TONIGHT

John Murray

a liberal arts school such as the University of Tampa, has an important place in the American educational system. He also believes that art should have more value to many students than just a course in the Core Curriculum. "Art is more than a small corner in one's life — it is the very eyes of the mind through which one may recognize quality, but not just in the visual arts but in all the things worth having in life. He who understands art may understand quality, value, and life itself. To develop one's ability to understand is to develop one's artistic appreciation. The real quality in art is the very same quality found at the heart of good music, literature, and drama."

POVERTY CAN BE FUN

It is no disgrace to be poor. It is an error, but it is no disgrace. So if your purse is empty, do not skulk and brood and hide your head in shame. Stand tall. Admit your poverty. Admit it freely and frankly and all kinds of good things will happen to you. Take, for instance, the case of Blossom Sigafos.

Blossom, an impecunious freshman at an Eastern girls' college, was smart as a whip and round as a dumpling, and scarcely a day went by when she didn't get invited to a party weekend at one of the nearby men's schools. But Blossom never accepted. She did not have the rail fare; she did not have the clothes. Weekend after weekend, while her classmates went frolicking, Blossom sat alone, saved from utter despair only by her pack of Marlboros, for even an exchequer as slim as Blossom's can afford the joys of Marlboro—joys far beyond their paltry price: rich, mellow tobaccos, lovingly cured and carefully packed, and an exclusive selectrate filter. Croesus himself could not buy a better cigarette!

However, Marlboro's most passionate admirers—among whose number I am paid to count myself—would not claim that Marlboro can entirely replace love and romance, and Blossom grew steadily morose.

"Accept these Gifts from Tom."

Then one day came a phone call from an intelligent sophomore named Tom O'Shanter at a nearby men's college. "Blossom," said Tom, "I want you to come down next week for the barley festival, and I won't take no for an answer."

"No," said Blossom.

"Foolish girl," said Tom gently. "I know why you refuse me. It is because you are poor, isn't it?"

"Yes," said Blossom.

"I will send you a railroad ticket," said Tom. "Also a hard-boiled egg in case you get hungry on the train."

"But I have nothing to wear," said Blossom.

Tom replied, "I will send you one suit of cashmere, two gowns of lace, three slacks of velvet, four shoes of calf, five socks of nylon, and a partridge in a pear tree."

"That is most kind," said Blossom, "but I fear I cannot dance and enjoy myself while back home my poor lame brother Tiny Tim lies a-bed."

"Send him to Mayo Brothers and put it on my tab," said Tom.

"You are terribly decent," said Blossom, "but I cannot come to your party because all the other girls at the party will be from rich, distinguished families, and my father is but a humble woodcutter."

"I will buy him Yosemite," said Tom.

"You have a great heart," said Blossom. "Hold the phone while I ask our wise and kindly old Dean of Women whether it is proper for me to accept all these gifts."

She went forthwith and asked the Dean of Women, and the Dean of Women laid her wise and kindly old hand on Blossom's cheek and said, "Child, let not false pride rob you of happiness. Accept these gifts from Tom."

"Oh, bless you, Wise and Kindly," breathed Blossom, dropping grateful tears into the Dean's reticule. "I must run and tell Tom."

"Yes, run, child," said the Dean, a smile wrinkling her wise and kindly old eyes. "And ask him has he got an older brother."

© 1961 Max Shulman

Letter to the Editor

As student directors of Intramurals, we would like to take this opportunity to comment on the editorial of October 19th entitled "A Free Hour." We completely agree with Miss Blancato's feelings that there is a definite need for a change. This lack of free time has caused much conflict in the intramural program. We feel the intramural program is an important part of the school function and that students should be given an opportunity to participate freely. Now there is competition from the other extra-curricular activities, coupled with classes that have been scheduled during the regular hours which have been set aside for intramurals during the past year.

We feel that Miss Blancato's solution of one free hour a day is a possible solution, not only for a successful intramural program for both men and women but, also, it will make it possible for all of our other organizations, both religious and civic, to carry out their work more conscientiously with hopes toward the future for a more complete, and a more fulfilling school year.

and
Nelson Butler

Chuck Wheeler Elected President Fr. Class; Bob Cheret Vice President

by Marilyn B. Fink

On Monday, October 22, 1961, freshman elections took place in the main lobby. We all had to realize that "some gotta win", "some gotta lose". To those who won, heartfelt congratulation and the very best of luck in your new offices. Now, who is being congratulated?

The Freshmen president position went to Charles Wheeler, born in Washington, D. C. and educated in Arlington, Virginia. Charles, better known as "Chuck", has had quite a musical background. He has played the piano for nine years and the trumpet and violin for two years. Chuck plans to major in Business here at the University. One could not become familiar with the president unless he knew Chuck's favorite pastime, riding his new motorcycle. Chuck wants to "see what he can do for his freshmen class," and I'm sure whatever Chuck does, he will do well.

For Vice-President we have elected Bob Cheret from Perth Amboy, New Jersey. He attended Perth Amboy High School and his favorite hobbies are dancing and swimming. He has held past position of Vice President of the Aleph Zedick Aleph fraternity and treasurer of the Inter-City Youth Council. In college, Bob plans to major in History. He is uncertain whether he will teach or go into diplomatic service. As Vice-President of the freshmen class and staff member of the Minaret, Bob should prove to be a great success.

The Secretary-Treasurer of the freshmen class is Nancy Adams. Nancy comes to Tampa from Hyattsville, Maryland. She was born in Arkansas. In her high school, she was a "pom-pom" girl, secretary of her class and treasurer of the Psychology Club. She plans to major in psychology and then teach it. With this past experience, Nancy can only prove to be an excellent class leader.

Sandy Lima was elected as Representative of the freshmen class. She was born and spent her past years in Tampa. She attended Plant High School and was a member of the Lionettes, Pantherettes and Little Women Club in high school. Sandy will major in elementary school teaching at the University. The best of luck to her! We know we will be well represented.

There are our leaders this year. We can only sustain government through active participation and a genuine interest in our class. The purpose of our student government is to promote respect for the dignity and worth of every individual in all human relationships within our school. We can

Pi Delta Epsilon members: seated, l. to r.: Dr. D. Locke, advisor; Marian Pederson, Jack Gerber, Maeve Haughey, Dr. H. Baker, advisor. Standing: Sylvia Pensato, Sharon Weaver, Al Frankel, Norma Blancato, Andrew Mirabole, Mary Esther Valido. (Story on Page 1).

Homecoming Theme: Frontier '61

by Jean Lacovich
Minaret Feature Editor

"Frontiers for '61." Where did that idea originate? Why that theme? How much did the student body of Tampa U. participate in selecting the 1961 homecoming theme?

The student body through the current student congress is responsible for the theme.

Memories of Past Queens

by Cynthia Cassell

As paint brushes are busily painting over names on old banners which voiced their choice for past queens, let us not forget these girls who have made other Homecomings colorful and added to the old college tradition of Homecoming.

In a retrospective gaze, we see coming down the aisle to accept the crown in 1955, Connie Felicione. Connie was sponsored by the Theta Chi Fraternity.

Mickey Rumore was crowned queen in 1956. She was a member of the Zeta Tau Alpha sorority and was sponsored by the Tau Kappa Epsilon Fraternity.

1957 brought Joyce Capitano to be our regal queen. Joyce was a member of the Delta Zeta sorority and was sponsored by the same.

Sue Phillips, an Alpha Chi was our 1959 queen. The Theta Chi fraternity sponsored Sue.

And our most recent queen who will soon relinquish her throne and crown is Sylvia Fernandez, our 1960 Homecoming queen whose smiling countenance will long be remembered. Sylvia is a member of the Sigma Sigma Sigma sorority and was sponsored by the Sigma Phi Epsilon fraternity.

Shortly another young lady will be added to the long line of Tampa's Homecoming Queens... a pleasurable memory she will long treasure.

When the present student congress attained power in the latter half of the spring semester, signs were posted asking the student body to submit ideas for the homecoming theme. The ideas were carefully considered and voted upon. Dr. Delo was consulted, and the selection of the theme was complete.

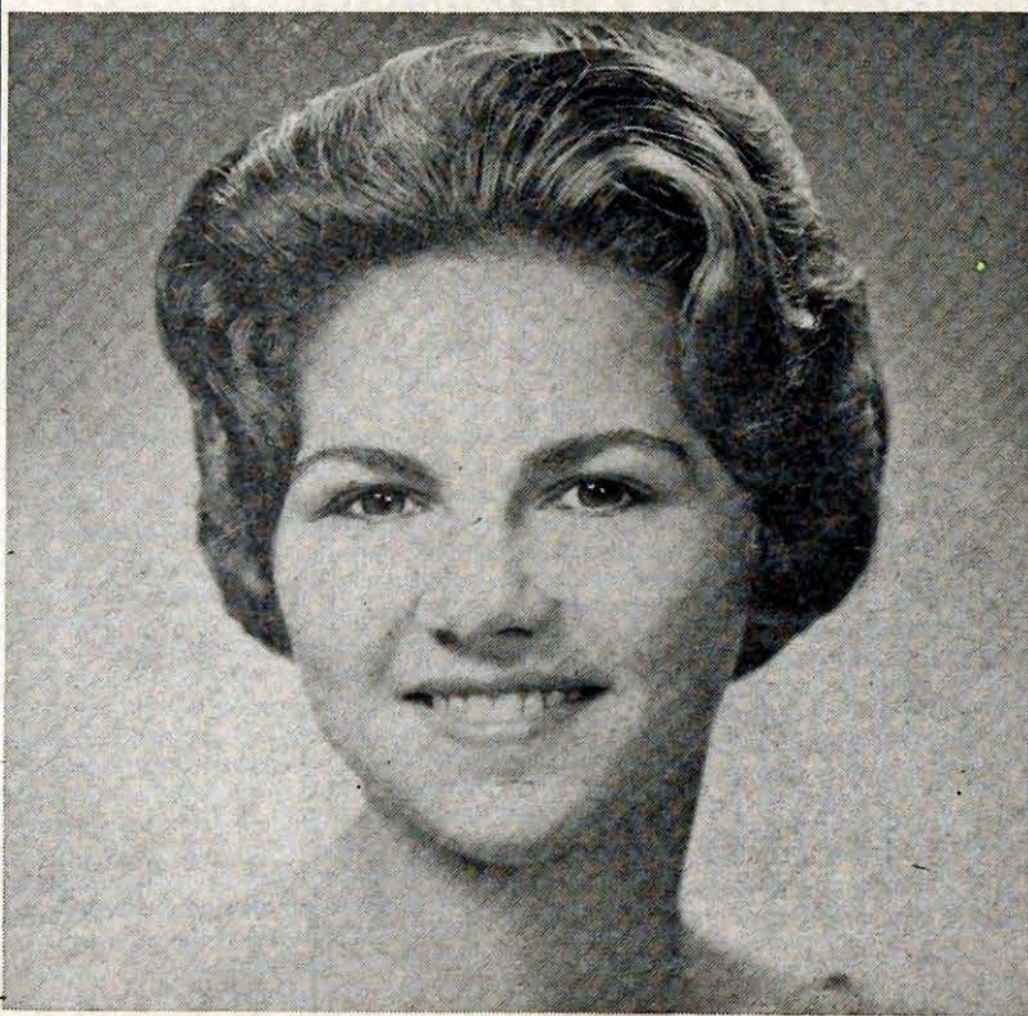

The idea for this year's theme, "Frontiers for '61" was presented by Don Blair, vice president of the student congress. He submitted this suggestion to the committee for the selection of the homecoming theme consisting of Roseanne Cinchetti, senior class secretary; Ray Andrews, senior class president; Tina Sichel, senior representative, and Larry Geller,

sophomore class vice president. After approval of the committee, student congress, and Dr. Delo, the theme was announced by letters to all Greek organizations this summer.

"Frontiers for '61" was chosen because student congress felt it linked with both the school expansion program and national expansion program. There are new frontiers for them both. Tampa U. in acquiring more campus area and becoming primarily a residential school along with maintaining scholastic pre-eminence will meet many new frontiers. The national space program, foreign policies, and continued world leadership constitutes more frontiers.

Last year's theme, "Blueprint for the Future," set off the tradition of having a general theme for homecoming so that all homecoming activities would correlate around a common consideration.

Although before last year there was no general theme, much school spirit showed on the floats. In 1959, "Tampa U. Produces Excellence" demonstrated reliance in our school. In 1957 and 1956, knowledge was foremost. The float themes for these years were "Seek Your Fortune through Knowledge," "Humanity Chained, Education Rescues Humanity," "Education is Strength, Ignorance is Sacrifice," and "Knowledge is the Key to World Power."

THE THREE FINALISTS FOR HOMECOMING QUEEN ARE:

GINGER SUTTON (above) sponsored by Tau Kappa Epsilon.

CAROL MARTIN (left) sponsored by Sigma Phi Epsilon.

YOLI GONZALEZ (below) sponsored by Theta Chi.

Introducing 1961 Homecoming Queen Finalists

Yoli Gonzalez

Yoli Gonzalez, Theta Chi's candidate, hails from New York, New York, where she graduated from George Washington High School. She held office in Student Congress, was a member of the national honor society, and was a cheerleader. Yoli also was a member of the newspaper and annual staff. She was chosen Miss George Washington and was selected as "Most Beautiful" senior girl. While attending Washington High, Yoli appeared regularly as a hostess on the Herb Sheldon Teen T.V. Show.

Yoli is majoring in Spanish and English and plans to teach. A member of Student Congress, she is also Head Dancette and Editor of the Minaret. Yoli serves her sorority, Zeta Tau Alpha, as Standards Chairman and is a pledge of Pi Delta Epsilon, national honorary journalism fraternity.

Ginger Sutton

Being sweet and friendly are not the only attributes of Ginger Sutton, Tau Kappa Epsilon's candidate for Homecoming Queen.

In Melbourne High School she was known as an active ready-to-go girl. Not only participating as a cheerleader, member of the student council and teen-of-the-month, she also was initiated into Mu Alpha Zeta, the honorary Mathematics Fraternity. Ginger was Melbourne representative to Cocoa's Home Show, an event similar to Tampa's Gasparilla Festival.

As a freshman in college, this beauty pledged the Golden Lyre sorority, Alpha Chi Omega and held the positions of corresponding secretary and Rush chairman.

Although Ginger majors in psychology, she works in the mathematics department, processing data with the new IBM machine.

In addition to these activities, Ginger is the Junior representative to the Girl's dormitory council, and has been chosen "Beauty of the Week" by the Tampa Times.

Carol Martin

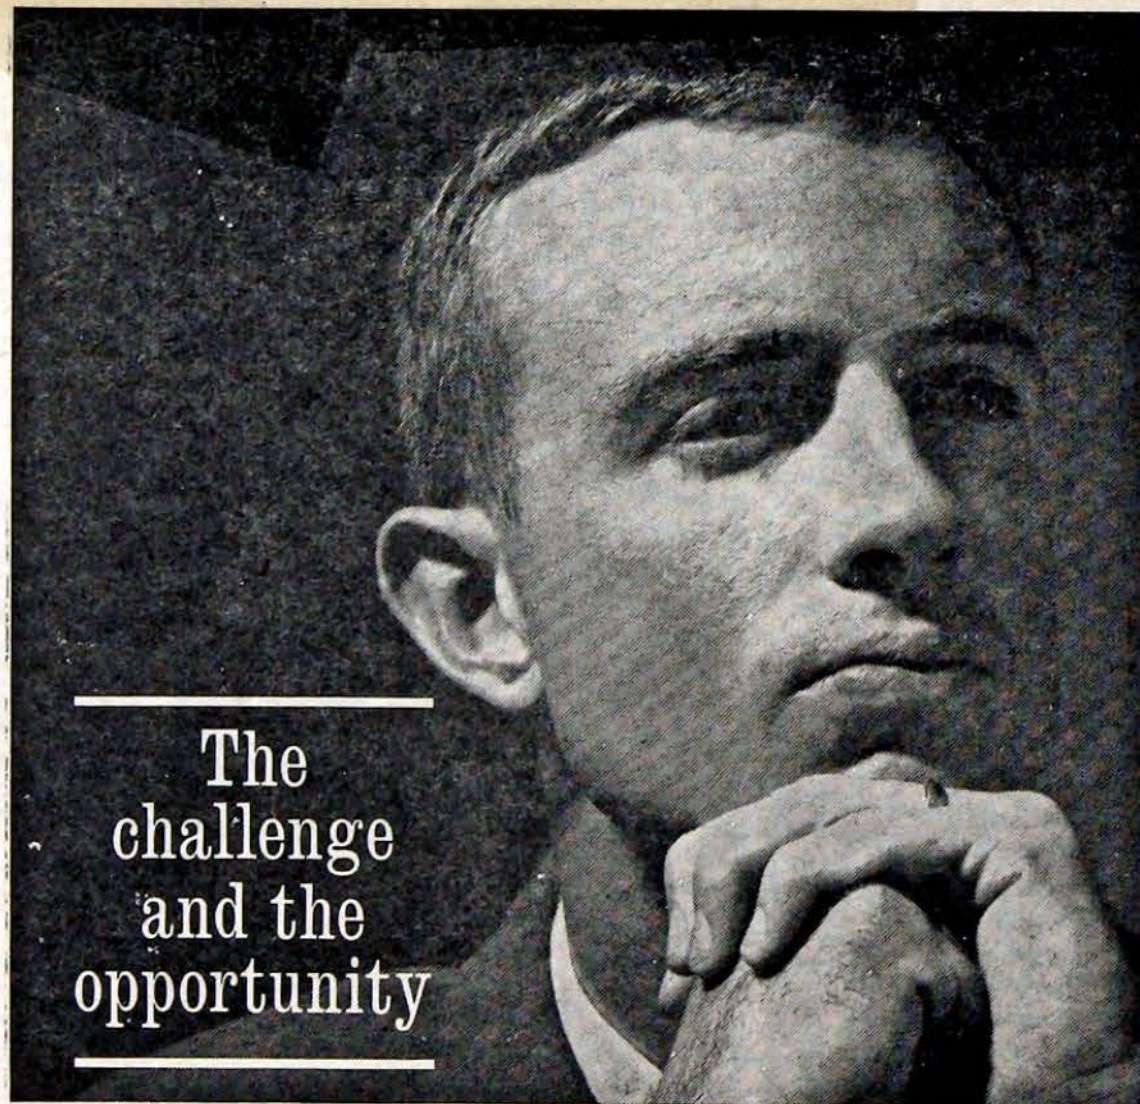

Carol Martin, Sigma Phi Epsilon's candidate for Homecoming Queen is active in many areas of student life. She holds the office of Corresponding Secretary in Alpha Chi Omega social Sorority, is Head Majorette, has served on the I.F.S.C., and was a freshman class representative.

Other outside activities include working as a receptionist for a local television station, WTVT, modeling for local stores and newspaper advertisements and participating in a twirling school for several local junior high schools. Last year Carol won the title of Miss Pepsi Cola and was second runner-up in the Miss Tampa Pageant.

Originally from Illinois, Carol has lived in Tampa for a number of years. She attended Memorial Jr. High School where she was president of the Student Council and Chamberlain High School where she was active in the Majorettes, Honor Society, National Thespians, and the Future Teachers Club.

Carol, a junior, is majoring in English with a minor in psychology. Upon graduation she hopes to teach secondary school English.

An invitation to shape your own future...

The
challenge
and the
opportunity

General Telephone is the fastest-growing company in one of the highest-ranking growth industries — communications. Opportunities for personal growth within our organization are therefore exceptionally promising.

General Telephone has tripled its size in the last 10 years—expects to double its size again in the next decade. Such expansion within an explosive industry necessitates an increasingly competent management team.

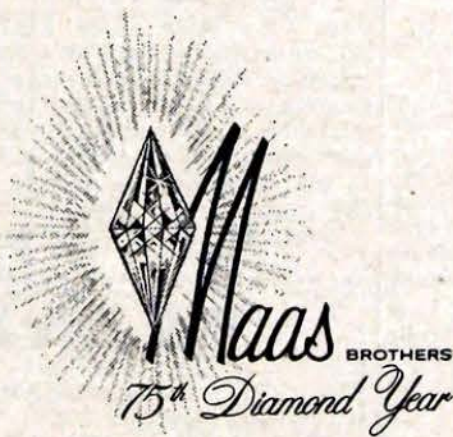

For graduates ready to assume immediate responsibilities

in return for the opportunity to groom themselves for management positions, General Telephone offers unusual opportunities for personal advancement... and invites you to explore the possibilities.

Your Placement Director can supply you with a copy of our brochure outlining the management careers open to graduates majoring in Engineering, Mathematics, Physics, Business Administration, the Liberal Arts or the Social Sciences. Ask him for a copy of the brochure today.

Campus Organizations Editor

Sigma Sigma Sigma

Congratulations to Sandy Rodriguez who was initiated into Pi Delta Epsilon, national journalism fraternity. Keep up the good work!

Late at night you will find the Sigmas diligently working on the homecoming projects.

Sigmas are very active this semester. Interning are Mary Ann Diaz and Oneida Roiz. Janice Wuertz is serving as president of Panhellenic and as member of Sigma Alpha Iota. Sigmas came in second in volleyball intramurals.

One of the Sigma projects has been a cosmetic party which was given October 25.

We would like to thank everyone for making our dance a big success. Music was by Emilio Garcia and the Hi F's. It was a Hully Gully time!

Tau Kappa Epsilon

Work! That's the motto of all Tekes working on the 1961 Homecoming projects. The float, skit, and lawn display are all near completion.

We are happy to have as pledges Mel Battle, Donald Esposito and James Maier. A party was held in their honor at the Coliseum in St. Petersburg, Saturday, October 21.

Alpha Chi Omega

On October 26, 1961 Alpha Chi Omega won the volleyball intramural championship. The final game was played with Sigma Sigma Sigma, but Alpha Chi was victorious.

A Carnation breakfast was held at Morrison's on Saturday, October 28, 1961. Wanda Overman was honored as Carnation Initiate for her outstanding work for the sorority. Joyce Wainwright was named Carnation Active for the month.

Our Province President, Mrs. Jones, visited with girls of Gamma Pi October 24 thru 26. She talked with officers and actives and led a workshop on sorority affairs. All of the girls were very thrilled at meeting her. Mrs. Jones even watched intramurals and led in all the yells.

All Alpha Chis are selling raffles tickets for the Alum Club. The proceeds are for the benefit of the Cerebral Palsy Clinic. Tickets are only 25 cents and prizes are gift certificates from Maas Brothers. Purchase tickets from any Alpha Chi.

We are proud of our three new pledges and will introduce them to you individually. Vilma Jean Hevia was graduated from Hillsborough High School. She attended Florida Southern College for a year before transferring here. She is majoring in Home Economics, and Elementary Education is her minor. Vilma's pet peeve is unfriendly people. She likes boys who are happy and jovial. She was a member of the Tampa Cigar Festival Queen's Court last year. She is also in Sigma Phi Epsilon Sweetheart Court. At football games, Vilma can be seen cheering our team on to victory as one of T.U.'s finest cheerleaders. Next issue we will introduce another pledge.

Pi Kappa Phi

The Pi Kappas digging the music of Nero and his boys swung out into the celestial realm and brought back some Roman culture for one of this year's social events, the Roman Party. Ray Andrews, our swinging social chairman, will reach down into his toga and bring forth many such events in the near future.

At present the Pi Kapps are deeply meditating, seriously, but not too happily the world of the real, like man it's float building time.

The Pi Kapps will give a cocktail party for the alumni, at which time the new house will be dedicated to them. The event will take place after the Homecoming game. Durwood Owens, Pi Kappa Phi national executive secretary, will be present for the dedication.

The Pi Kappa Phi brotherhood has been increased with the addition of twelve new pledges. They are as follows: Don Fry, Fred Gasbarro, Jerry Mazurowski, Marc Mottier, Leo Diaz, Joe Pullara, Bob DeRidder, John Rumph, Reily Tucker, George Shary, John Pellegrino and Dick Obmann. Like this constitutes one swinging pledge class.

Dean Burroughs and his athletes triumphed to another intramural football victory over Theta Chi by a score of 32-0 to increase the season's record to 3-1.

Theta Chi

Alumnus Advisor Sam Guinta was present at our meeting two weeks ago and gave us many new ideas for the coming year and pledged the support of the Theta Chi Alumni Association in this coming year. After the meeting Brother Guinta commented "I was very impressed with the meeting, the large number of members attending, and I am sure that Theta Chi Alumni Association will stand behind you all the way."

Andrew Mirabole was also present at this meeting and stated that Theta Chi Fraternity gained second place on the University of Tampa Campus Scholastic Standings of the Fraternities. We have two new social affiliates so far this year, they are: Edward Guinta, a Sigma Nu; Karing Ermoyan, a D.K.E. We welcome Brother Jim Beam a Theta Chi from the University of Miami.

Many plans are now underway for our annual Scholarship Dance. It will be held in January at the Paladium and music will be by the Skyliners. This promises to be the biggest and best Scholarship Dance yet! Our car raffle is still under way, the drawing is November 10 during the Homecoming Skits. In reply to all the rumors that have been going around campus, this 1949 Plymouth is not a wreck, its motor is in good shape, the car is in running condition and it should give miles of trouble free service.

Our pledges and their big brothers are: Paul Sachetti - Bruce Gaeter; Jeff Shinnors - Charlie Ferguson; Mike Moore - Joe Trincer; Bob Mohar - Fouad Nasim; Richard Franke - Paul Robinson; Alex Kinnard - Leonard Altamura; Harry Trout - Lou Litus; Richard Sly - Andy De Meyer; Steve Weber - Jim Stravacos; Donald Staber - Gilmore Dominguez.

Westminster Fellowship

Westminster Fellowship, a religious organization for Presbyterian students, would like to announce its officers for the 1961-62 school year. Joe Dervaes will serve as president; Paul Robinson, vice-president; Marie Boykin, secretary; and Coleman Hill, treasurer. Advisors are Dr. Jesse Keene and Dr. A. R. McFadyen.

Meetings are held every Thursday at 11:00 in room 12 on the Circle. Lunch is served by women from the Hyde Park Presbyterian Church, our home church. Every Sunday evening the group meets at the church at 6:00 for supper, followed by

fellowship and recreation held at some local home.

Dr. Fadyen spoke to the group last Sunday on the Reformation in preparing for a study we are going to make on the Reformed Church. Our study will be led by Rev. Archie McKee.

Members of W. F. had a wonderful time at our party held Saturday, October 21 at Hillsborough State Park. Everyone enjoyed the softball game, food, and fireside singing.

Norma Blancato will be leaving Friday for Stetson University where she will attend the Synod of Florida Westminster Fellowship Executive Council Meeting. She holds the office of state secretary.

Newman Club

The Newman Club, Catholic organization affiliated with the University of Tampa, held its regular meeting on Thursday, Oct. 5, 1961 at 11:00 o'clock A. M. Special feature of the program was an inspiring talk given by Rev. Laurence Higgins, Pastor of St. Lawrence Roman Catholic Church and Chaplain of the Newman Club.

The speech was entitled "The Line of No Retreat." Father Higgins related his topic to the Natural Law of Human Life which is the unwritten law which governs our actions of right and wrong through our conscience. This law, he pointed out, is in the hearts of all men of all religions.

Father Higgins then talked about how most of the American people do not even know the doctrine on which the society of democracy is based; therefore it is no wonder that the people of other countries refuse to follow it. He stated also from statistics that many Americans set up no principles to govern themselves, so they resort to compromising. This is to no avail, though, for Father Higgins used the example set forth by President Kennedy, that no country today can compromise or remain neutral. It must go one way or the other to survive. Thus, by compromising or remaining neutral, the youth of America is abandoning the Natural Law which establishes right from wrong and no inbetween. In conclusion; when a young person chooses the line he will follow, it must be a wise choice for it will be his Line of No Retreat.

The talk was not as well attended as was expected by the members of the Newman Club. It was open to those of all religions. Those who missed it were unfortunate, for Father Higgins brought out many fine points in his talk. It is the hope of the Newman Club that in the future students will take an interest in what is to be said, rather than what religious group is sponsoring it.

Pictured above are the Directors of McKay Hall: Front row left to right: Bob Finiels, Mike Parnell, Skip DeWitt, Ivan Purcell, Joe Scheffert. Back row left to right: Dave Patton, Garry Greenfield, Greg Carroll, Mark Leher.

McKay Hall Introduces Directors

by Ivan Purcell

Success! That is the word the boys at McKay Hall deserve for their dance Friday night. This dance is the first of the many activities of the Board of Directors of McKay Hall is planning to have. We saw everybody having a good time, and among those persons present we could spot Dr. and Mrs. Bakers, Dean King, Dean Hayes, Mrs. Pankey and Mrs. Barth.

The Board of Directors of McKay Hall is composed of the following students, president:

Walter DeWitt, from New Jersey; vice president: Mike Parnell, from Long Island, New York; secretary: Ivan Purcell, from San Juan, Puerto Rico; representatives: Robert Finiels, from Connecticut; Joe Scheffert from Long Island, New York.

The Finance Committee is headed by Barry Greenfield; Grey Carroll is in charge of the House Committee; the Social Committee is headed by Dave Patton; the Grievance Committee in charge of Mark Leher; and Alex Kinnard in charge of

Correspondence Committee. All these boys cooperated together to make the first dance at McKay a real success. The Board and its different committees have in mind a lot more activities for the benefit of the students not only at McKay Hall, but those others living either on or off campus. Everybody is welcome to all of our dances and we guarantee all of you an evening of fun. The date for our next activity will be posted. Watch for it. We expect to see you there.

Sigma Phi Epsilon

The Zeta Chapter is proud to announce the pledging of 13 able men. These men will go thru a period of training under brother Bill Davenport and upon completion of their training and acceptance by the Sig Eg brothers they will join the brotherhood of Sigma Phi Epsilon.

Homecoming has come in to the spot light and the Sig Eg brothers and pledges are busy preparing for the different activities which the Zeta Chapter will be a part of. Pete Marinari was Sig Eps Homecoming manager.

The Sig Ep Sambo has been put in front of the house and the two men who were the leaders in the installation were Joe Lauri and L. T. Lewis. The Sambo is guarded by the pledge class and if you happen to see a couple of bald headed students in school you will know that the pledges are doing a fine job of guarding the Sig Ep Sambo.

Brother Sam Rampello was first brother to get pinned this year and it was to the beautiful Peggy George. Besides this brother Rampello has had the honor of being accepted to the Historical Honor fraternity Phi Alpha Theta of the University of Tampa.

Hats off also to brothers Ernie Stout, Tony Yelovich, Earl Bramlett, and Vaden Bessent who have been standout players so far this season for the University of Tampa football team. In intramurals the Sig Eps were sparked by pass interception by Paul Curi and Jack Frye to a 12-8 victory

over Theta Chi in football. It was the Sig Ep's third straight win in intramural football.

The Sig Eps have been functioning with high spirits and all the men are striving for another great year for the banners of the Zeta Chapter of Sigma Phi Epsilon.

Zeta Tau Alpha

The Zetas put up their lawn display on Sunday, November 5. They are now all busy working on the Homecoming float and on their skit.

The Theta Chi and Z T A party held on October 14 was a big success. Everyone had a wonderful time. The Zetas would like to thank everyone who attended the Script Dance and helping it to be a success.

Pledge Evelyn Raible has just been appointed sophomore dormitory counselor, and Cookie Mendez is the new flag bearer for the University of Tampa Spartan band.

Zetas have actively participated in intramurals and they are in the basketball semifinals.

HOMECOMING 1960

The Minaret Staff Wishes You Fun at

HOMECOMING

Spartans Suffer First Loss 27-3 At Hands of SE Louisiana

Effectively using their lightning passing and running, SE Louisiana showed nearly 8,000 fans at Phillips Field last Saturday night why they are undefeated this season.

It was the first loss in five games for the young Spartans, who hit harder than they had any game this season in holding the Lions considerably under their normal rushing total.

For the speedy Lions from Hammond, La., it was the seventh victory of an unbeaten season. Southeastern is ranked fourth among the nation's small colleges in most polls.

Being held for 28 minutes, the Lions struck quickly for two touchdowns on passes by quarterback Elbert Harris in the last minute and 40 seconds of the first half and rolled to a 27-3 victory over Tampa.

The Spartans' only score came early in the second quarter on Jim Neve's field goal from a sharp angle to the left at the 10. It was the third of the season for the junior guard from Conshohocken, Pa.

Southeastern counted on Harris' 66-yard pass to fleet Bill Ladner and an 18-yard toss to Monty Crook late in the second period, on Joel Smith's two-yard run in the third period and on Wilbur Derrick's 52-yard burst early in the fourth.

MOORE INJURED

The defeat looked as if it could be doubly costly to the Spartans. Fullback Bob Moore, the leading ball carrier, was admitted to Tampa General Hospital last night, suffering from possible internal injuries. Up to this writing, however, the injury does not appear to be serious, and the outlook on his return for the season looks bright.

Moore, a 220 pound sophomore from Johnstown, Pa., gained 38 yards and four first downs in the first 25 minutes of the game before he was hurt. He missed the entire second half.

The Spartans make their road trip of the season this week, playing at Troy State, Ala., Saturday the 4th of November.

"We made three mistakes and they scored 20 points on us," said Tampa Coach Marcelino Huerta after the game. "I said before the season that if we didn't make mistakes, we could beat any team on our schedule. But you can't make mistakes against a good team like Southeastern."

"But I'm proud of the way our boys hit. Our whole defensive line played a fine game. We held 'em good. The mistakes hurt."

SPARTAN DAVIS STARS

The Lions were almost stopped on a touchdown drive when tackle Max Davis made an awe-inspiring around the neck tackle of Harris, back on the 25. However, an official ruled that Davis had hold of the face mask, sometime during the contact with the squirming ball carrier and gave Southeastern the ball on the 12.

Tampa kept the ball in Southeastern's territory most of the first half. A fumble recovered by end Jim Galmin gave the Spartans the ball on the Lion's 30 early in the game but they couldn't move.

Ernie Stout followed Moore in rushing with 28 yards in eight carries. Derrick, including the 52-yard jaunt, topped Southeastern with 65. The Lions, who averaged 304 yards on the ground coming into this game, were held to 187, 160 in the second half.

Southeastern 0 12 8 7 27

Tampa 0 3 0 0 3

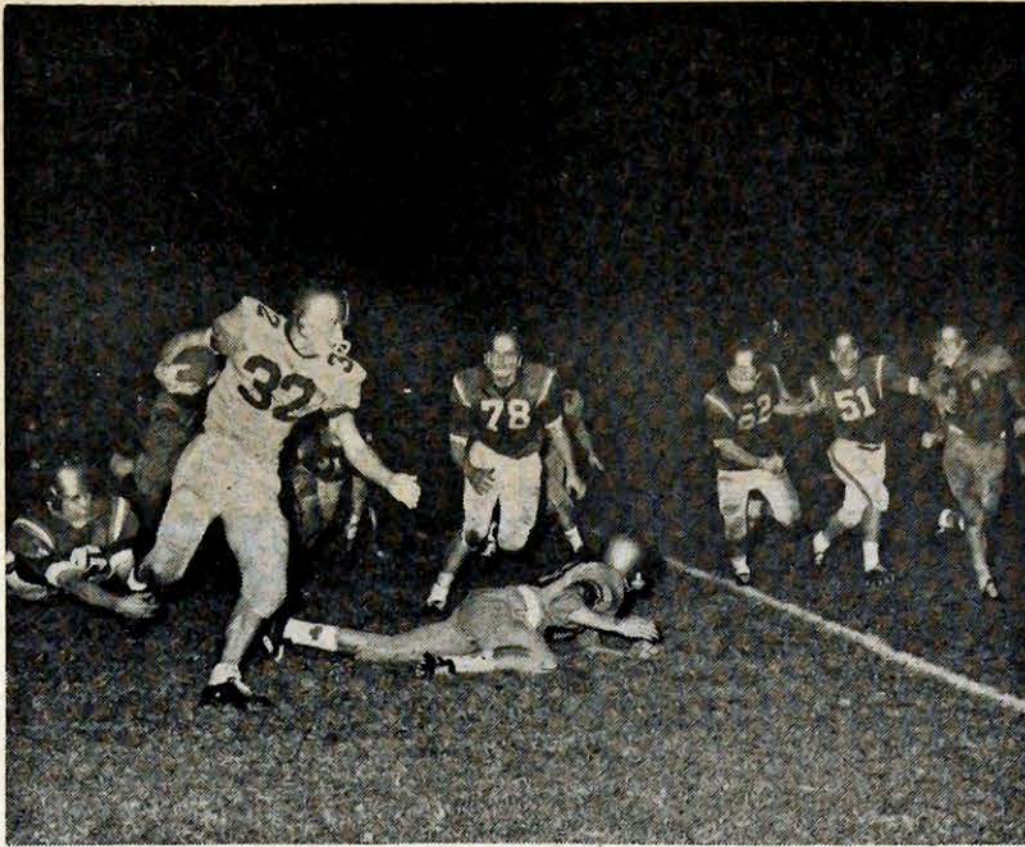

Tampa-FG Neve 10

Southeastern-Ladner 66 pass from Harris (Kick failed)

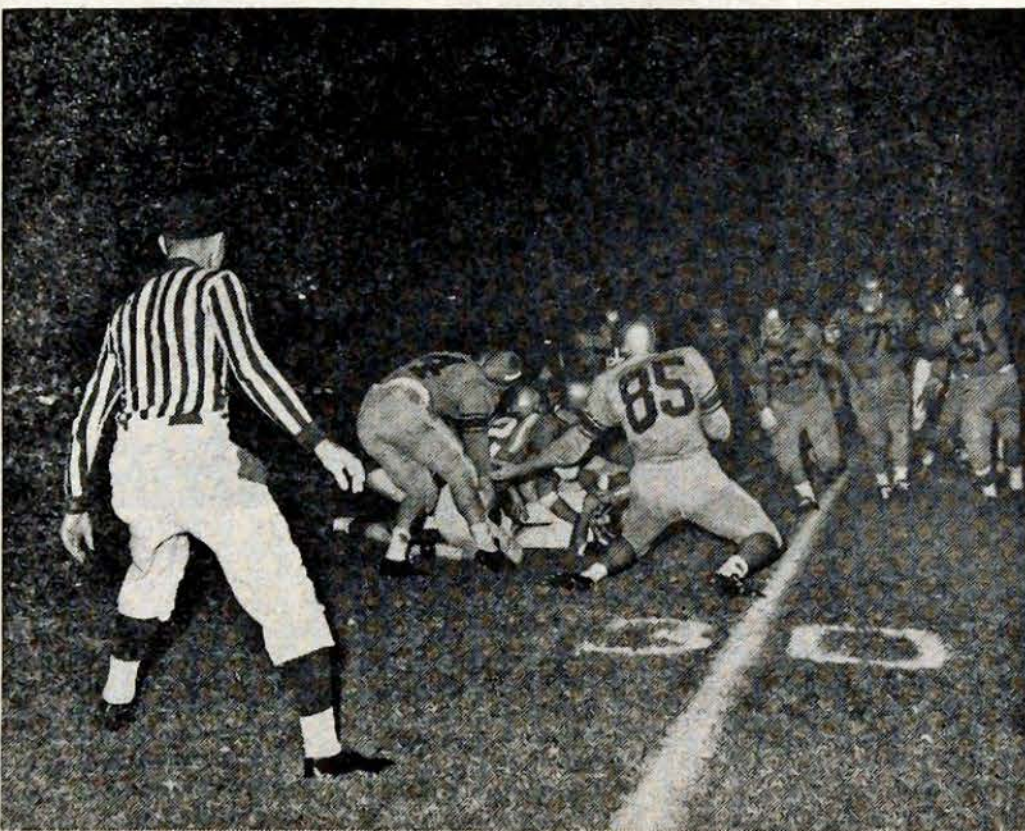

Southeastern-Crook 18 pass from Harris (Kick failed)

Southeastern-Smith 2 run ((Harris run))

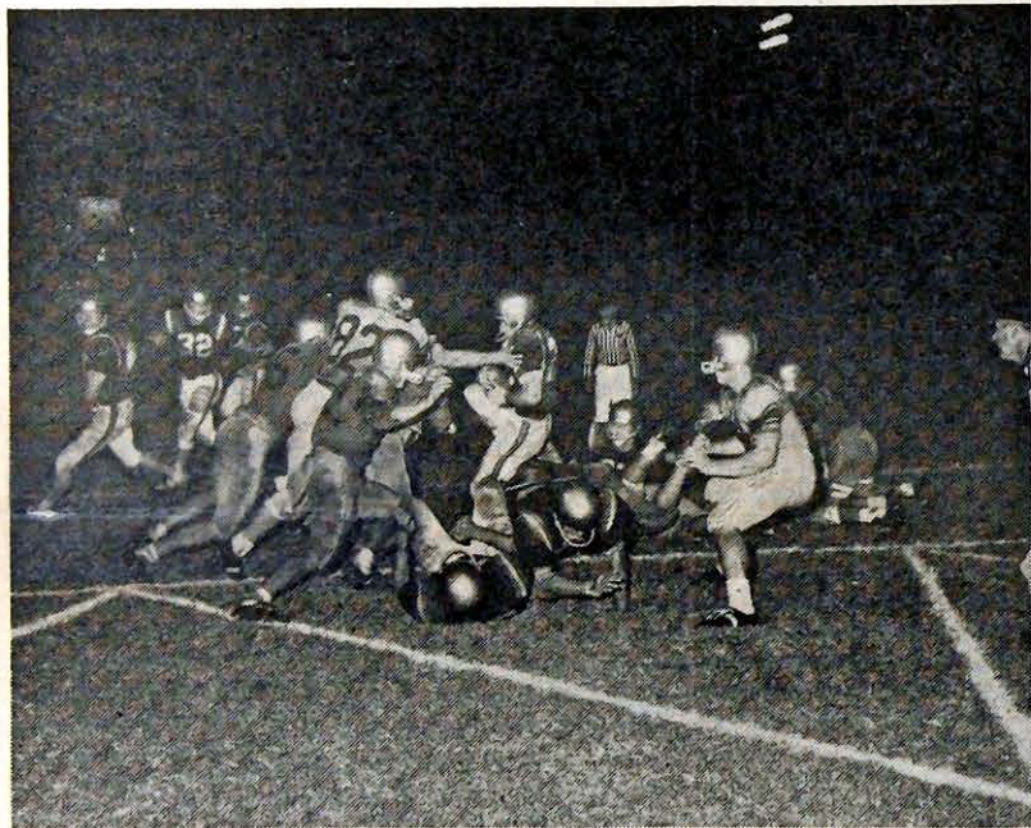

Southeastern-Derrick 52 run (Ladner kick)

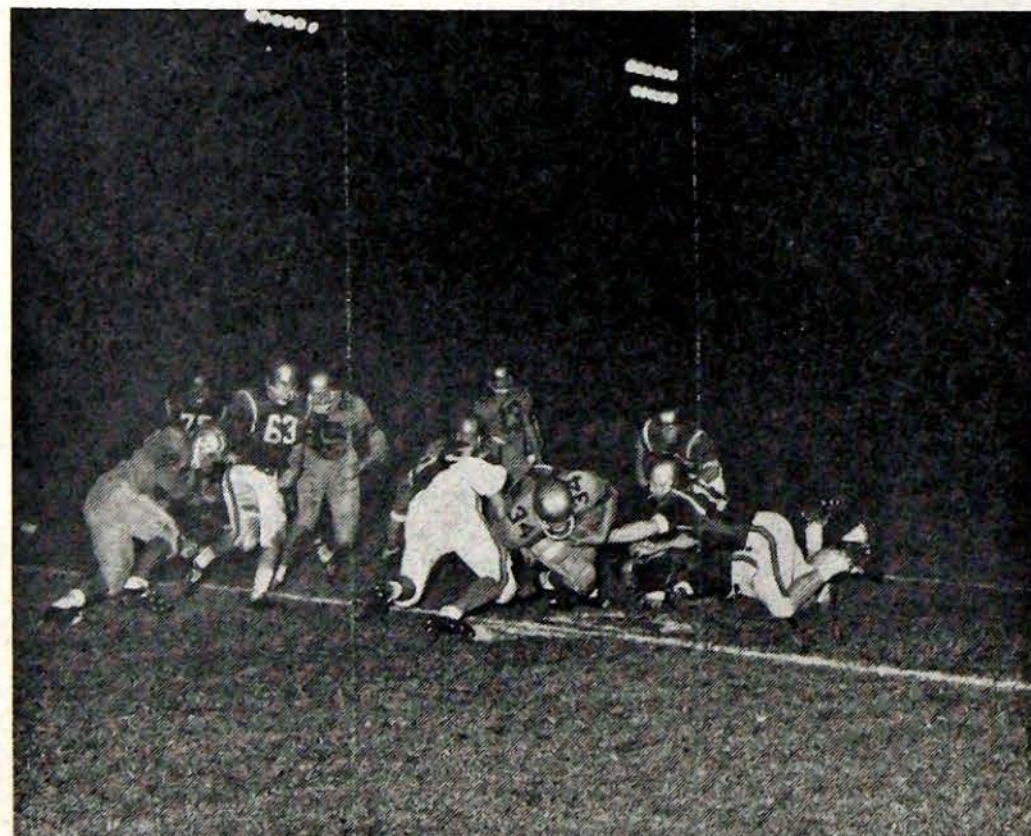

Frank Seerbo (32) runs around right end for a Spartan gain as Rose (50) comes around to block.

End Jim Galmin snags a Lion fumble on their 30 early in the game.

Spartan Captain Charles Bailey (82), pushes Lion ball carrier away from near TD.

Spartans advance early in the game as Moore (34) plunges through for a first down.

Tampa Spartans Face Strong Northern Michigan Team

by Sam Bailey

Homecoming and football go together like ham and eggs. To celebrate this nationally famous alumni get-together at any other time than a football weekend, would be like not serving Spanish dishes at the Columbia Restaurant.

The old grads always have this affair during the fall so they can take in a game — or would it be better to say that they are going to be there anyway, so why not have homecoming on the big football weekend?

The enthusiasm that is derived from the anticipation before, the color and excitement during and the praise of the team after the game is some-

thing that is incomparable. It gives alumni a common bond, creates a feeling of fellowship and gets everybody in a spirited mood that lasts long after the excitement dies down.

The ideals of football itself are what Homecoming is trying to bring about — team work, god feeling toward fellow man, and to desire to improve to the point of having your school become the best.

The day that has been set for our Homecoming is November 11. The game with Northern Michigan, one of the top small colleges in the country, has been changed from a night contest to 2:30 in the afternoon. This is the first time the Spartans have played a day

game at Homecoming since 1951. This move was made for the alumni, and we certainly hope that we have a big turnout. If there is, then this will be an annual affair from now on. The grid battle between the Spartans and the Northern Michigan Wildcats should be a great one — don't miss it.

Skin Divers' Corner

by Mike Malloy

The sport of diving with SCUBA (self-contained underwater breathing apparatus) or as it is popularly known skin-diving, is one of the most enjoyable and thrilling sports in the world. The equipment is relatively cheap and once the initial investment is over years of good fun and excitement are yours. It is estimated that over 13 million Americans have used SCUBA after taking lessons. The sale of equipment has reached fantastic proportions in the last few years largely due to the popularity of the T.V. show "Seahunt" starring Lloyd Bridges. The American people constantly look for new and unusual things to do in their spare time, diving presented something entirely new. The feeling of being the first person to see underwater springs or caverns added to the appeal of diving as did the ever present element of danger. In diving you must have supreme confidence in your ability to think clearly and quickly in event of an emergency, as a small mistake or unexpected situation might bring grave consequences. These are some of the reasons that Americans are by the thousands getting instructions in the use of their equipment and in diving safety. This concept of diving safety cannot be stressed too strongly and it is something that can't be learned by putting the gear on and diving into deep water. The principles of the use of SCUBA and diving medicine (safety) must be taught by a competent diver who has had many hours underwater.

Any person who is physically fit and has developed maturity is a person who might find diving is the sport for him. By the same token a person who likes

to showoff and is in general not a mature person should avoid diving like the plague because to the mature person who has had instructions diving is far safer than driving the car, to the other type it is far worse than playing the old game of "Chicken" on an interstate. Unless you are aware of certain safety principles common to SCUBA it is possible to injure yourself permanently in as little as 6 feet of water.

We here at the University are fortunate that the best areas in the country for either fresh or salt water diving are to be found in this area. The fabulous "Blue Sink" is located just south of Tarpon Springs and it is considered by many to be one of "the" places to dive in because of its vast size and the unusual coloring and clarity of the water. Many of Florida's springs have been visited by the divers of T.U. and everyone in the club found diving to be a truly fascinating hobby. This year as of yet there is no club, however, if any of you are interested there are enough experienced divers in the school to give you any help you might need as far as training goes. If you would like any information or would like to ask a question about the sport drop a line to me. This column will be a regular feature of the Minaret and you might address all inquiries to me care of the Minaret or at the University of Tampa's FM station, WTUN.
