NUMBER 10

PLACEMENT SERVICE TO BE GIVEN HERE FOR GRADS AND ALUMNI

A Placement Office is being established at the University which will give placement service to all graduates and alumni who have attended the university. Registration with the Placement Office will be on a volunteer basis and files will be maintained only for those who are registered with the placement office.

The new personal record form which each student will fill out at time of registration at the university will become a part of the record kept for each individual who later applies for placement service. In addition each applicant will fill out a form which gives a complete record of the student while he or she has been in attendance at the university. This form will be used to send information to prospective employers when such service is requested by the individual graduate or alumnus.

Each person registering for service with the placement office will be requested to furnish a set of small "passport" size photographs. Also, it will be expected that each registrant will secure a statement from at least three of his or her professors which can be made a part of the placement file. This information, as well as the new personal record form, will be confidential information and used at the discretion of the placement counselors. The Placement Office will be under the guidance of the Dean of Men and the Dean of Women, with permanent files being maintained in the Dean of Men's office.

Seniors graduating in January are urged to register at once. Seniors graduating in either June or August should begin to get their registration completed early if they desire this service. It should be kept in mind that the service will have to grow gradually and that one major aspect of the service will be the maintaining of a file for reference purposes. However, the office will begin this year to seek as many placement opportunities for graduates as possible. Seniors may register by obtaining the necessary forms at either the Dean of Men's office or the office of the Dean of Women. Dean King will advise with women applicants and Dean Burnside will counsel with men who wish to register.

LATIN NEIGHBORS ASSEMBLY TOPIC

by Robert Swirbul

The people of the United States should become more acquainted with their Latin American neighbors, said Mrs. Mildred Peterson, at a lengthy assembly program in Municipal Auditorium on Tuesday, February 21.

Mrs. Peterson is Vice President of Public Relations of the pan-American Board of Education. She is a noted writer and lecturer on Latin American affairs.

During her Historical presentation of the problems of Latin America she related that George Washington was the forerunner of Latin-American Liberators. He is followed by Bolivar and numerous others. They have the honor of having the oldest university in the world, the University of San Marco in Lima Peru. It is 85 years older than our own Harvard University. They have enjoyed peace longer than any other country in the world.

The Pan-American Council was formed to help the twenty-one republics that comprise the Latin Americas. The members of this organization learn more about our neighbors to the south by having lecturers and movies about their problems and country. Thus giving them an idea of how they can help those who need their help. April 14 will be the 25th anniversary of Pan-American day.

SCHOLARSHIPS HERE CEASE

Dr. Ellwood C. Nance, president of the University, has announced that he would have to discontinue his special scholarship program after this semester. He said that his doctor had told him to discontinue the speaking trips through which he had raised money for the fund.

Dr. Nance said he was disappointed at the ingratitude shown by past recipients of scholarship aid. He said two thousand dollars was needed to complete the program and he wrote to sixteen hundred former students who had received scholarship aid, asking that they give one dollar each. Only seventy-five replied.

Daphne Norleen Myers, formerly known to University students as Miss Myers, became the bride of Reynaldo Yvars at the Palma Ceia Presbyterian Church this past weekend.

Tampa Sophomore Attends Conference

Tommy King, sophomore student at the University, left today for New Orleans to attend the 16th annual Southern Safety Conference and Exposition. The conference will meet three days. King is president of the Youth Safety Council of Florida as well as president of Southern Regional Youth Traffic Safety Association. The association is composed of 13 Southern states.

The Southern Regional was organized last October at St. Petersburg. Thru the invitation of the governor of Florida, outstanding young people were invited to discuss traffic problems of their states thru the regional organization. The New Orleans meeting will be the second meeting of the newly organized Southern Regional, in conjunction with adult safety conference. Problems about school, farm and home will be discussed. King will speak on "What Florida Youth Are Doing For Traffic Safety."

Rotolo Named To Commission Freshmen Plan Spring Dances

By Robert W. Martoski

Earnest Segundo, junior class president, resigned from the Student Senate Parking Commission. He was chairman of the commission. Segundo was applauded by the senate for his fine work on the parking situation at the University. Being a major in the field of chemistry, Segundo said his studies were getting behind a bit and wished to have more time to catch up. Phil Rotolo, newly elected freshman representative, was appointed by President Berfield to fill the vacancy. A new chairman will be elected between the committee of Rotolo, George Grant and Ray Yvars.

It was announced to the senate by Rosemarie Rogers that the freshman class is planning two dances this spring semester. The first on March 18 is called the "Irish Hop." April 29 will be the date of a semi-formal dance, the name to be announced later.

Student Senate keys were discussed again. The discussion was postponed until the next meeting when more information would be available as to which key would be the best buy for the money and if Student Senate funds would be available.

A discussion at the last meeting resulted in \$100 being appropriated by the University for garbage disposals. Dean Burnside urged purchase of the containers. The disposals will be placed about the school.

Trustees Cut Sports To Reduce Cost

Crew Is Only Varsity Sport Left In Spring

Baseball, tennis, and golf have been dropped from the spring athletic schedule according to Marcelino Huerta, athletic director. This leaves crew as the only spring sport at the varsity level.

According to Coach Huerta, no appropriation was made by the Trustees Athletic Committee. He had requested the same appropriation as the previous year.

Professor Jesse L. Keene said he felt that sports that can't be adequately supported should be dropped. As chairman of the Faculty Athletic Committee, he said that in the case of baseball, the cost last year was between \$350 and \$400. Coach Huerta said an adequate baseball program would cost about \$1,000 a year. He said that costs had been kept down by players driving their own cars to games, buying a part of their own equipment, and absorbing their travel expenses.

Bill Dawson, player-coach, of the tennis team said that their allotment last year of \$350 was adequate. It carried six players through the season.

The crew has an allotment of \$1,500 for their season. This is the only spring sport carried on in intercollegiate competition.

Coach Huerta said that football had shown a profit during the last two years and had aided in carrying a large part of the Athletic Department budget.

"THE BARRETTS OF WIMPOLE STREET" STAGED AT UNIVERSITY OF TAMPA

The University of Tampa Drama Department will present "The Barretts of Wimpole Street" next week for two performances in the Dome Theatre of the University. The production is scheduled for March 4 and 5 with 8:15 as curtain time.

The well known play by Rudolph Bing will be the University's contribution to the Tampa Centennial Year Festivities. Heading the list of stars in the production will be Miss Doris Ann Duval as Elizabeth Barrett, a frail invalid who falls in love with the poet Robert Browning, portrayed by Vincent Petti. B. J. Brown, making his college stage debut, played the role of the antagonistic father, Edward Barrett, who deprives his children of all happiness.

Foremost roles will also be played by Sally Lou Correll and Barbara Harding, who portray Henrietta and Arabel, the sisters of Elizabeth. Dianne Bidwell will be Wilson, the Barrett's maid.

The brothers will be Nicio Vega, Lamar Holt, Bryan Webb, Vincent Tata, Charles Hampton, and Jim Friedman. Bella, a cousin of Elizabeth, and her fiancée Bevan, will be portrayed by Patsy Maddox and Charles Nundy Bob Newman will be Captain Surtes Cook.

The three-act drama will be done in nineteenth century costume and sets. The first American performance of "The Barretts of Wimpole Street" was in Cleveland, 1931. Since its premiere starring Katherine Cornell, it has been hailed as one of the favorites of the theatre-going public.

Students are advised to secure their tickets as soon as possible due to the limited seating arrangement of the Dome Theatre. As in an earlier production, "Pink Ribbon," a sell-out, standing-room-only crowd is anticipated.

As We See It---

ELEVATORS AND SAFETY

The archaic and careless elevator system in this building needs a thorough revamping. We believe that the administration should study the problem and find an answer which is acceptable and financially feasible.

As long as the University encourages students who cannot use the stairs to come here, it has an obligation to provide a safe, a positive means of exit or entrance at all times. They should provide a ready means of egress in case of emergency.

The passenger elevator is locked at night, and often isn't in service on weekends and at class breaks. A notice on the freight elevator, signed by Dean Rhodes, says it is not to be used except for freight, and then by trained operators. No one pays any attention to this notice.

Often inconsiderate students will use it and leave the gate up or the floor selected locked so that no one from another floor can get it. Sometimes this may be done through ignorance of how the mechanism operates. Sometimes it may be plain carelessness. It would seem that operating instructions should be posted in the elevator to aid those who are forced to use it.

We'd like to suggest that the passenger elevator might be converted to automatic control for weekend use. Some of these controls are virtually foolproof, and the cost could be recovered by eliminating weekend operators, who often don't work anyway.

PARKING — GOOD AND BAD

An unfavorable situation exists in relation to the parking facilities at our University. At any rate I know you have been pleased by the recent addition made to those facilities. This recently added space in which to park our "foot-savers" should definitely be looked on as a memorable extension of the services offered to you by Tampa University.

The idea that a little more action and not so much talk could have brought this welcome provision to us much sooner should not detract from the fact that it is a gift, and a generous one.

As a gift it should be treated with respect and the privileges it grants us should not be abused. As with anything worth having, there are certain rules which must be laid down concerning this parking area, and the rules of common courtesy suggest that we obey them.

First of all this area is provided for students of this University only, and for the protection of this right car stickers have been provided, identifying you as such. If you don't have one don't park where one is required.

Secondly don't park in driveways or thoroughfares. If you have ever found your car hopelessly mazed in at a time when it was important that you leave, you know what I mean. One of the basic requirements of driving is that you leave your eyes open. As long as they remain in that position you should be able to tell whether or not you are parking in a manner that might prove embarrassing to you, and impossible to someone else.

If you own the lot, park where you will, if not, think of the other guy.

The new parking area makes it possible for almost half of our students to park near the school, and this leaves only about four-hundred of us to wonder where all the cars came from. If we use this gift to its best advantage and treat it with respect, the future may bring more such gifts.

Remember when you park, don't park on top of, underneath, or against someone else's car. This shows a lack of manners, disrespect, and the owner may be bigger than you.

Veteran's Education Benefits Cut By President's Proclamation

Veterans Administration today explained the effect that a Presidential Proclamation ending eligibility for certain Post-Korean veterans benefits will have on the Korean GI Bill Education and Training Program. The Proclamation sets January 31, 1955, as the last day of the Korean emergency for purposes of acquiring eligibility for certain GI benefits, including Korean GI Bill Training.

Those who enter the armed forces after January 31, will not be entitled to Education or Training under the Korean GI Bill when they are discharged or released. Those who enter service before January 31 will build up entitlement for Korean GI Training only up to and including January 31. Under present law, they will not accumulate training entitlement

ment for service after January 31. Entitlement is computed on the basis of one and one-half times the length of military service up to and including January 31.

AWARD OF MERIT

Martin I. J. Griffin, Jr., son of Dr. and Mrs. Martin Griffin, is one of four University of Pennsylvania seniors selected to receive Student Awards of Merit during Founder's Day ceremonies at the university on Jan. 15 in Philadelphia.

Dr. Griffin is a professor at the University of Tampa and a practicing psychologist.

Young Griffin, a graduate of St. Petersburg High School, will be honored for his leadership in undergraduate activities at the university, where he is studying at the College of Arts and Sciences.

FASHION FANCIES

by Camille Cappolino
and
Joan Hickey

This is what Spring has in store for fashion.

The most important Easter Parade fashions will feature the long torso shape. It comes in suits, in dresses and in three-piece costumes. However the long torso is not, as previously reported, the shapeless sack of the 1920s. It hugs every curve of the figure and requires more careful corseting than any fashions that have come along in the last decade. It is fitted from bustline to hipline, and has its belt around the hips.

Fabrics this spring will be more sumptuous than in many years. Chiffon weight wools, pure silk tweeds, silklike cottons are all in the picture.

Christian Dior unveiled his new Spring collection which didn't add an inch at the bust. But to his flat, H-line on top, the pacesetter added pleated or full skirts flaring widely at the hips for a triangular or "A" effect.

Most jackets this season are shorter, falling quite gracefully to hipline level. And the shoulders seem a shade less exaggeratedly narrow and sloping this year.

As usual navy blue is a favorite spring color. There will be lots of trim white collars, and a return of the navy and white polka dot silk dress, with a sweet schoolgirl simplicity.

To be on top of the spring fashion parade necklines must be higher, skirts slightly shorter, and bosoms raised and rounded.

Outfits consisting of three-length coat, slim skirt, and hip-length overblouse will be much in evidence. The coat being lined in fabric to match the blouse.

Growing Economy Seen By Speaker

"Only a live fish can swim upstream," said Dr. A. A. Stockdale at a recent assembly. Dr. Stockdale is associated with the National Association of Manufacturers. He has traveled over 100,000 miles within the last year.

"The Pitching Parson," as he is known to his friends, told the student body there is a live swift stream ahead of them in the United States. There are 8,640 babies born each day in the U.S. and by 1975 they will be in need of work. Someone will have to furnish more than 260 billion dollars to build factories for them to work in. In America we are not under a dictator therefore we can make something of ourselves.

We are facing the stream ahead, and getting prepared for it through education. "A live fish has all the qualities of life and power," said Dr. Stockdale in closing.

DICK LOBO RECEIVES OPTIMIST SCHOLARSHIP

Richard Lobo, University of Tampa freshman, was presented the Optimist Club \$200 scholarship at the meeting of District 4 of Optimist International held at the Columbia Restaurant. Dean M. C. Rhodes, was also present in the presentation.

Maurice Perkins, president of Optimist International was featured speaker. Represented at the meeting were 35 clubs from Florida, Cuba and Puerto Rico.

LITTLE MAN ON CAMPUS

by Dick Bisher

"Her system is to study books. I study professors."

WEINSTOCK CHOSEN TO FLORIDA ACADEMY

Henry R. Weinstock, a junior at the University was recently elected by the nominating committee of the Florida Academy of Sciences to its collegiate division. Weinstock's sponsors were Dr. G. G. Becknell, professor of physics and Clyde T. Reed, professor of biology, both faculty members of the Academy.

Membership privileges will include receipt of the Academy's quarterly bulletin along with other appropriate scientific literature. He will also be able to attend the Academy's annual convention.

Weinstock has been serving as laboratory assistant in the physics department for the past two years. He is a physics-mathematics major.

Methodist Plan Birthday Party

The Methodist Student Organization had a party commemorating Washington's birthday at Barbara Harding's home, 718 Peninsular Street, February 26, at 7:30 p.m., all Methodist students were cordially invited.

Arrangements for the party were being handled by Nancie Hoopingarner, President, Barbara Harding, and Judy Goldsmith.

Insurance Course

A new six week course for insurance agents will begin here, on Monday, March 17th. The course is for people interested in becoming qualified state insurance agents, according to Prof. Harold Heiser, who is in charge of the program.

Students will attend the course six and one-half hours a day, five days a week for the six week period. Upon completion of the course, students will be able to take the state Insurance Board examination.

Fifty-three people have taken the course and of these, fifty have qualified for state licensing.

Frats Continue Rush Parties

Sigma Kappa Nu

Sigma Kappa Nu fraternity will close out the Spring Rushing season for University of Tampa fraternities with a rush party Sunday afternoon at the 166th Field N.C.O. Club at Ft. Hesterly Armory. This will be a stag party and approximately 25 men have been invited.

Tau Kappa Epsilon

Tonight the Tekes will hold their second party at the ballroom at Regan Park. The affair will be an informal dance to which all members, alumni and rushees are invited to bring a date.

Sigma Phi Epsilon

The Sig Ep's were host at Seelays Holiday Ranch last Sunday at a party for rushees members and alumni and their dates. The prospective members played the actives in a game of softball and the actives won, the plans also included swimming and shuffleboard games. Those present were entertained by Joe Slovensky who played his accordion.

According to the formal rush calendar in the interfraternity manual the period of silence starts Sunday midnight and continues through Tuesday of next week. Men who plan to affiliate with a fraternity must fill out their preference cards in the Dean of Men's office during this time. The bids are to be picked up at the same office on Wednesday and Thursday following the period of Silence.

Sororities Offer Rushees Warm Welcome

Have you ever thought of joining a sorority? Now YOU can receive all the benefits of sorority life. Not only will you be able to take part in the rush parties and Spring formals, but you will find a warm welcome just for you in the hearts of the rest of your sorority sisters. Yes, sorority sisters are something wonderful to have—always happy to listen to you and comfort you in time of need, always eager to "go to bat" for you, and always ready to rejoice with you in your good fortunes. You'll also find that sorority sisters come in pretty handy when you need a date for that "special" dance.

So come on, girls, let's get into the swing of things.

Of course we're all interested in the requirements. The first is that you have a "C" average. Then you must attend the assembly held for all girls who are interested in joining a sorority or leave your name in Dean King's office, pay your \$1.00 registration fee, attend the Panhellenic Tea on February 27 or send your regrets, and write either an acceptance or a regret to every invitation you receive and turn it in to Dean King.

You are cordially invited to attend the rushing activities, and join in the fun of rushing. You will be genuinely welcome.

Industry pays debts, while despair increases them.

Handicapped Students May Interne In Tampa

Physically handicapped students may be allowed to interne in private and parochial schools if those schools are accredited, according to information received from J. T. Kelley, Director of Teacher Education, Certification, and Accreditation for the state of Florida.

Dean M. C. Rhodes informed the Minaret of the receipt of the information which he had requested. He said the University would do its best to aid handicapped students, and would follow through on the program if the need arose in the future.

Several students had been unable to interne during the current semester because the public school officials would not accept them as internes or for later employment.

Music Sorority Entertains Guest

Miss Mary L. Kerley of Fort Lauderdale, president of Lambda province of Sigma Alpha Iota, visited Beta Sigma chapter during the weekend of January 21st, through the 23rd. On Saturday, she held conferences with advisors and members of the chapter and members of the administration and faculty. Saturday night at 8:00 p.m., Miss Florence Stumpf and Mrs. Ella Z. Hanson were installed as patronesses members at the home of Mrs. G. M. Nye, 2619 Bayshore Boulevard. Active members presented a musicale and refreshments were served by the patronesses.

On Wednesday night, February 2nd, rushees of Sigma Alpha Iota were entertained at a musicale at the home of Mrs. J. Tom Watson,

Frank Sabella, University of Tampa student, presenting a portrait of the late Professor Laurence Geer, which he painted, to Mrs. Geer, who later presented her husband's portrait to Dr. E. C. Nance, president of the University.

850 South New Port, following the regular formal meeting of the acaive members. Rushees who attended are Martha Thrailkill, Karen Lewis, Loretta Cunningham, and Janice Robinson. Refreshments were served by Mrs. Carl Brorin, Mrs. Stephen F. Park, and Mrs. Watson.

Historic Oak Shades Campus

While taking in the beautiful scenery on our campus, have you ever wondered about the huge,

spreading oak which grows just outside the Spartan Room? This tree is known as the DeSoto Oak, and found near it is this inscription: "This tablet erected by the DeSoto Chapter D.A.R. marks the tree under which tradition says DeSoto parleyed with the Indians."

The parley with the Indians, depicted in a mural by Prof. Norman Borchard in the University Lobby, took place in May, 1539, two years after DeSoto obtained approval from Charles V of Spain of an expedition to conquer Florida. It was in 1541 that he discovered the Mississippi River.

When you've only had time to cram for part of the course...

and that's the part they ask you on the final exam...

M-m-man, that's PURE PLEASURE!

For more pure pleasure... **SMOKE CAMELS!**
No other cigarette is so rich-tasting, yet so mild!

P.S. No other brand has ever been able to match the pure pleasure in Camel's exclusive blend of costly tobaccos! That's why Camels are America's most popular cigarette!

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

Graduate and Foreign Study Opportunity

France and England

Programs have been announced for American students to study or teach in French and British schools. The announcements were made by Kenneth Holland, president of the Institute of International Education.

Six week courses will be offered at Oxford, at Stratford-upon-Avon, and at the capital cities of London and Edinburgh. The

The French Government is offering thirty university fellowships through the Ministry of Foreign Affairs and forty teaching assistantships through the Ministry of Education. The fellowship awards are for students with definite academic projects or study plans. The assistantships afford language teaching experience and an opportunity to become better acquainted with France.

Nominations of candidates for fellowships and assistantships will be made by a joint committee of French and American educators working in cooperation with the French Cultural Services and the Institute of International Education. Closing date for application is February 1, 1955.

The French Government awards are open to men and women preferably under 30 years of age. Applicants must be U.S. citizens. Other eligibility requirements are: a bachelor's degree from an American college or university by the time of

departure; good academic record; good knowledge of French, correct usage of English; good moral character, personality, and adaptability; and good health.

A limited number of scholarships is available. Award and admission application forms may be secured from the Institute of International Education in New York or any of its regional offices. Completed applications should be returned to the Institute in New York by March 28, 1955. A limited number of steamship passages on Cunard

ships are reserved for successful candidates.

British Universities have combined annually since 1948 to organize a special program of summer schools. Courses are planned to serve the needs of well-qualified undergraduates in their junior or senior years or of post-graduate students. In the past participants have come from fifteen to twenty-five different countries. Although two-thirds of the students at previous sessions have come from English-speaking countries, the opportunity to live in a university community with fellow students of similar interests from many nations has become a feature of the courses. The courses attract those ranging in age from 20 to 50. Interests vary from those of the teacher and professional to those of the scientist and business man.

The Edinburgh School, arranged jointly by the Scottish Universities, will have an historical theme, tracing the development of modern western civilization. In London the galleries, museums, records, and buildings serve as special source

material for a study of the seventeenth and eighteenth centuries. The course at Stratford-upon-Avon focuses on the literary and theatrical aspects of Shakespearean and Elizabethan drama. Contemporary politics and literature are studied under widely known lecturers and tutors at Oxford.

Norway

Announcement is made this week by the University of Oslo Summer School of the ninth session to be held July 2-August 13, 1955, in Oslo, Norway. Courses will be offered in the fields of humanities and social studies, education system of Norway, graduate seminars in Norwegian Education, Literature, and Social and Political problems. The summer school will also feature two new courses in Physical Education in Scandinavia (with special emphasis on Norway).

All classes will be conducted in English and an American member is on the administrative staff. The University provides outstanding lecturers and maintains highest educa-

tional standards.

Housing is provided in the Blindern Students Hall for single students. Married couples are accommodated in private homes.

Six semester-hour credits may be earned in the six weeks course and the session is approved by the U.S. Veterans Administration for veterans under P.L. 346 and P.L. 550. Applicants should have completed their freshman year not later than June, 1955.

A limited number of scholarships are available for the summer school.

Students will leave New York on the SS Stavangerfjord June 22, 1955. Reservations for the return trip are available August 20, September 1, 1955.

A STUDENT'S BEST FRIEND is Lucky Strike. At any rate, the greatest, up-to-date college survey shows that college smokers prefer Luckies to all other brands—and by a wide margin. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "*It's Toasted*"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. Luckies taste better anywhere, any time, as illustrated in the Droodle

above, titled: Skier enjoying Lucky while whooshing under bridge. Next time you *make tracks* to a cigarette counter, Be Happy—Go Lucky. Enjoy the better-tasting cigarette... Lucky Strike.

CREW SEASON opens next Friday, March 4th at Lakeland—annual Founders Day Regatta with Florida Southern and Rollins . . . our oarsmen look like strong contenders for top honors in this mile-long race . . . the Varsity crew consisting of Dale Nabors, bow; Johnny Alfano, No. 2; Larry Mason, No. 3; Dick Chattos, No. 4; Charlie Meyers, No. 5; Frank Schabert, No. 6; Ronnie Pinner, No. 7; Herb Vater, No. 8; and Jerry Voye, coxswain rowed a 5:43.4 mile the other day . . . this is considered as good time for this early in the season . . . say, how about making a trip to Lakeland and backing our Spartan Crew in their first race on Friday, March 4th?

BOB PHILON has returned to the crew team and will bolster the Spartans . . . he rowed for the 1952 edition of the University of Tampa Crew.

CREW SCHEDULE . . . remaining schedule consists of AMHERST, here in Tampa on Monday, March 28—AMERICAN INTERNATIONAL, at home on the Hillsborough River, on Tuesday, April 5—FLORIDA SOUTHERN, here in Tampa, on Saturday, April 16—ROLLINS, another home race, on Saturday, April 25—up to Winter Park and the State Championship Regatta against ROLLINS and FLORIDA SOUTHERN, on Saturday, May 7—the final race will be the DAD VALL REGATTA at PHILADELPHIA, on Saturday, May 14—Let's all SUPPORT OUR SPARTAN CREW during the Spring!

ONE OF THE BRIGHT SPOTS in this year's edition of the Spartan cagers has been the play of Howie Bernstein, who has kept a consistent average of 20 points per contest . . . his 2 year total point output (not counting the final game with Rollins) has been 638 points for an average for the 2 year period of 16.8 points per . . . with 2 more years of varsity play remaining for Howie, he should be able to garner a very respectable point average . . . other bright spots in the Spartan cage team have been the rebounding of Wiley Cairns; the hustle of Gene Peeples, who took over a starting post in the latter part of the season; the strong play of Bill Bosworth during the latter part of the season and especially in the Tampa wins; Bobby Bryan's hustle and play-making on the courts—the 1955-56 season should produce quite a different story in comparison to this year for all men will be returning and all will have plenty of experience . . . with the addition of such fine players as Chuck Smith, Les Solomon, Ken Boate and Steve Zimble plus the 1954-55 squad; it should be a winning year for the 1945-55 squad; it should be a winning year for the Spartan cagers . . .

INTRAMURAL Wrestling, Volleyball and Softball will soon be underway—Archery, Foul Shooting, Fencing, Tennis, Skish, Golf, Track, Bowling and Swimming will complete the annual Intramural schedule . . . Ben Scherer, Intramural Director, is doing a fine job this year after returning from receiving his Masters Degree . . .

HATS OFF to our Girls' Basketball team on their fine record of 3 wins and only 1 defeat . . . while this Minaret goes to press, the girls are up in Winter Park to play against one of the nation's strongest teams—Rollins . . . high point getters for the Spartan girls has been Shirley Keene, Penny Hancock, Joan Strauman, Gloria Yglesias and Shirley Tucker . . .

THIS COLUMN salutes Wiley Cairns and Gene Peeples for their fine play against Miami at the Hillsborough Gym when Tampa, although going down to defeat 105 to 89, really let the 'Canes know that they had been in a tough battle . . . except for latter part of the 4th quarter, the Spartans were in there all the way and it looked to the fans, at the game, as though our cagers would pull it out of the fire . . . the potentiality of our basketball team was terrific this season and with a few breaks the season would have had a different overall record . . . Wiley and Gene were all over the court snaring Miami passes and rebounding on both backboards . . .

LET'S NOT FORGET to support our Crewmen in their opening race at Lakeland on next Friday, March 4 at the Founders' Day Regatta!!

All Star Basketball Intramural Team Next Issue

In the next issue of the Minaret there will be final statistics on the Intramural Basketball League for the past season.

Also an All Star Intramural Basketball team which will be voted by the managers of the respective teams.

Keep your eye on this column in the next issue of the Minaret.

Bernstein Top Scorer As Spartans Close 1954-55 Basket Season

by Nick Vega

The Spartan cagers ended one of its worst basketball seasons by losing their last three outings to Stetson, Miami, and Rollins. These drubbings gives Tampa a season record of two triumphs against seventeen setbacks.

Defeat number fifteen came at the hands of the Hatters from Deland as Stetson 75-59 placed a flock of men on Tampa's Howie Bernstein in an effort to choke off his high scoring. Despite this defensive measure, Bernstein took scoring laurels of the game with 16 points. The pint-size guard bucketed 31 points when Tampa beat Stetson three weeks before. The Spartans took an early lead but watched it dwindle away by half-time.

Thoughts for an upset withered away as Miami outscored the Spartans in the second half to hand Tampa a 105-89 jolt. Lead by Bernstein again with 35 points, the Minaret men played their season's best but fell short as the Magic City quintet blazed out 60 points in the last half. Also showing off their best were Willie Cairns, with 19 points, Bill Bosworth with 16, and Peeples with 12.

Rollins 50 per cent accuracy was too much for Coach Bailey's men as the Tars topped the Spartans, 9-82. Bernstein was again high point man for the game with 28 points. The loss ended the season for Tampa with only two victories against a staggering seventeen setbacks.

WOMEN'S SPORTS

Spartanettes Lose To Former State Champs

The Spartanettes lost to former state basketball champions, R. H. Hall, by the score of 66-41 at Boca Ciega High School Gym on Feb. 16.

R. H. Hall, who is known for its women's basketball and softball teams, boasted two forwards, Anna Geise and Rhoton, who stands over six feet. Tampa's short guards did well to hold them to 10 and 21 points, respectively.

The Hall girls were semi-finalist in the state A.A.U. meet held in Jacksonville last week-end.

R. H. Hall took the lead after about 2 minutes from the opening whistle and never were headed, but the spirited Spartanettes never gave up.

Spearheading the Spartanettes attack was Shirley Keene who bucketed 13 field goals and 4 free throws for a total of 30 points. High scorer for the Hall girls was Rhoton with 21 points.

PADDLE-TENNIS INTRAMURALS BEGIN

The women's intramural paddle tennis tournament begins Tuesday, March 1.

The schedule is as follows:

Tuesday—11:35

Virginia Spayde vs. Shirley Tucker
Doris Cothorn vs. Martha Menendez
Carmen Wright vs. Eleanor Ebsary

12:00

Shirley Keene vs. Rosie Durand
Janet Addison vs. Nanette Nivens
Jean Whyte vs. Micki Bailey

12:20

Faye Townshend vs. Joan Strauman

Diane Kushmore vs. Mable Galbreth

Thursday—11:35

Flo Benitz vs. Diane Achenbach
Barbara Whitly vs. Shirlee Corliss

ARE YOU BRIGHT?

Are you as bright as a college student? Here's a chance to find out. Top undergraduate scholars are answering questions each Saturday night (at 7:30 P.M., Eastern Standard Time) on the NBC radio network in a stimulating game.

It's NBC's College Quiz Bowl, in which selected teams of quick-witted young people compete for a \$500 scholarship awarded weekly by Good Housekeeping.

Diligence is the mother of good luck.

tember 3 and 14, and October 1, 1955. An orientation program is conducted on the trip eastbound.

For catalogue of courses, preliminary application material, or any further information, write: Oslo Summer School Admissions Office, c/o St. Olaf College, Northfield, Minnesota.

Hillsborough

An examination to fill vacancies for General Scholarships for the Preparation of Teachers will be given March 22, 1955. Applicants wishing to take the examination must register for test on or before February 18 with their principal, the dean of education in the college in which they are enrolled, or in the offices of the County Superintendent.

Tuesday, March 22, has been selected as the date for holding competitive examinations in each county for the purpose of filling vacancies for \$400-a-year General Scholarships for the Preparation of Teachers. The exams will be given in Hillsborough High School, room number 221, and Middleton High School, in the library.

All high school seniors, high school graduates, and college students are eligible to compete if they have been residents of Florida for at least a year (if applicant is under twenty-two years of age, his parents must be residents of Florida) if they are enrolled or planning to enroll in the school of education of an approved institution of higher learning in Florida to prepare themselves for teaching in Florida's elementary or secondary schools.

A holder of a General Scholarship will be expected to begin teaching immediately following graduation from college and to teach consecutively for at least as many years as he received scholarship aid.

New Books Added To Library

Several novels and works on history, journalism and other subjects are on the Library's list of books just received. The volumes include:

Fiction — Conrad, Matador; Jacobs, Red Lanterns on St. Michael's; Marshall, The World, the Flesh and Father Smith.

Nonfiction — Adams, Books and Children; Brody, Stack, Highway Safety and Driver Education; Christensen, Early American Wood Carving; Fessenden and others, The Teacher Speaks; Fortune, Why Do People Buy?

Fuller, Story of the Florida Boom; Dugan, The Great Iron Ship; Kearney, Free-lance Writing for a Living; Landis, So This Is College; Partridge, Natural Science Through the Seasons, One Hundred Teaching Units.

Vestal, Writing Magazine Fiction; Werner, Tammany Hall; Simon, A Treasury of Grand Opera; Baird, Representative American Speeches, 1953-54 (Reference Shelf, Vol. 26, No. 3).

Gun From Fort Dade Guards Campus

"This war brought the blue of the cold bleak North and the grey of the sunny South into one great brotherhood and liberty to an oppressed people."

This is the inscription placed on one of the Spanish-American guns, which now stands on TU's campus. This memorial was erected in 1937 by the General Joe Wheeler Camp No. 2, Department of Florida, U.S. W.V., in remembrance of the Spanish-American War. The war memorial was formerly one of the protectors of the Tampa shores. It was located at Fort Dade on Egmont Key, where it pointed its long barrel seaward, making secure the Tampa Bay area.

The spot where the gun now stands was the headquarters for Roosevelt's Rough Riders, Wheeler Cavalry and the First Florida Troops in 1898.

Daily Chapel Is Feature Of Many Campuses

Alma, Mich.—(I.P.) — A report on the first student council workshop of Church-related colleges of Michigan, held on the Alma College campus, disclosed that Chapel programs at the various schools ranged from one to five a week, and the number of cuts from two a month at Alma to three a semester at Kalamazoo.

At Adrian College, one-hour chapel programs are held three times a week, and students are allowed three cuts per semester. Students must attend chapel for two years of the four or read twenty selected books. Five honor points per semester, making a total of twenty for four years, are given for chapel attendance.

Albion's chapel meets two times a week and three cuts per semester during the four years are allowed. For each overcut, one-half hour is

added to the graduation requirement. One of the two chapels at Albion each week is religious in nature. The chapel committee is composed of student council members.

Calvin College presents three chapels per week and allows three cuts per semester.

Each faculty member must speak in chapel at least once. Chapel programs, which are broadcasted, last about fifteen minutes.

Hillsdale College holds one chapel a week, with three cuts per semester. The vice-president of the college is chairman of the college chapel committee, which selects the chapel speakers. Students are responsible for the worship services. Programs vary in content and usually last about forty-five minutes.

Chapel is held five days a week at Hope College, and the services last about twenty minutes. Five cuts per semester are allowed; after ten cuts the student is called before the dean and may be suspended.

Kalamazoo's chapel is held twice a week, and three cuts per semester

are allowed. The programs usually last about a half-hour.

The report also disclosed how each of the church-related schools handles discipline. At Adrian, each student must sign a morals card before gaining admittance to the college. This card is a promise that he will not smoke or drink while attending college. Smoking is limited to the fraternity houses. Students may be suspended for a semester

Judy Goldsmith Attends Meet

Miss Judy Goldsmith, University freshman, is attending the Christian Witness Workshop in Columbus, Ohio. She was sent by the Florida Methodist Conference to represent the Methodist youth of Florida. Though only a freshman, Judy is active in youth work of Tampa and Florida. She is a member of the State Conference of Methodist Youth and President of the Hillsborough Subdistrict for Methodist Youth.
