Gilgash Opens Vistas In Schizophrenia Research

By BARRY KATZ
Minaret Staff Writer

Dr. Curtis A. Gilgash, the University of Tampa's first Dana Professor of Psychology, is writing *THE HISTORY OF PSYCHOLOGY*. Eight chapters are now complete. The book will trace the study of psychology from its early days to contemporary trends. This past summer Gilgash also contributed three chapters to the source book, *TEACHING REFERENCE FOR PSYCHOLOGISTS*.

In recognition of his superior research contributions, Gilgash was elected "OUTSTANDING EDUCATOR OF AMERICA" 1969-1970. He won the TRUMAN HUNTER AWARD FOR OUTSTANDING FACULTY MEMBER in 1968-1969. This award is bestowed upon an exceptionally deserving alumnus each spring at the honors assembly.

Gilgash is also one of the four Dana Professors teaching at U.T. for which a \$500,000 grant was awarded by the Dana Foundation of Greenwich, Connecticut.

Gilgash has held numerous positions such as chairman of the Curriculum Committee, Counseling and Testing Committee, Director of Faculty Research Seminar and is founder of U.T.'s Psi Chi chapter.

Warm-hearted, sincere, and dedicated, Gilgash stresses the importance of his students to him over everything else. "My first loyalty is to my students." He enjoys teaching at U.T. because here the emphasis is on close student-teacher relationships. At Johns Hopkins University, his former institution, he felt that emphasis was on the publishing, rather than teaching, phase of research. That was a prime reason why Gilgash left Johns Hopkins, turned down a post at Yale, and came to U.T. Here he finds a much more congenial environment for his research.

What stimulated Gilgash to become a psychology professor? His interest in people and human behavior.

In his research at Spring Grove State Hospital in Baltimore, Maryland, he attained dramatic improvement in catatonic schizophrenics who underwent chemotherapy with thiorazine. Catatonic schizophrenia is the most regressed stage of schizophrenia. Patients who had been institutionalized for fifteen years in wards were living in a completely withdrawn state. When thiorazine was given there was a noted diminishment of delusions and hallucinations. Catatonic schizophrenics were more relaxed less tense, more receptive, and less confused. Their intelligence was higher and they were easier to communicate with. Follow-up treatment using psychotherapy was aided by thiorazine applications because the patient was able to open up more.

Thiorazine has a molecular structure that affects the neuro-transmission at synapses, although the site of action is believed to be somewhere in the cortical and hypothalamic areas. The difficulty lies in a biochemical interaction. Catatonic schizophrenia could stem from etiological causes such as an "autonomic deficiency" because thiorazine seems to cause an improvement.

Gilgash's contributions to the biochemical theory of the ontogenesis of schizophrenia have gained wide acceptance among the vanguard of psychotherapists.

"Psychogenic-environmental" entities also play a role in schizophrenia. For example, in the "double bind theory," genetic and constitutional elements play a role. Thus, parents can be either over-protective or over-strict, and have a detrimental effect upon the patient. Also, "inconsistency of disciplining" can be a significant influence. Detrimental elements like this are

Professor Gilgash

called "crazymakers" because they actually can contribute to the causes of schizophrenia.

Schizophrenics are not accordant with the flow of the environment. They lack consistency. They laugh irrationally for no apparent reason. It seems they are in a turmoil over inner conflicting forces.

Is there a cure for schizophrenia? No, only a "control that warrants further study," says Gilgash.

UT Offers At Home Credits

(OPI) — A nationally televised educational program will be picked up and offered for credit to would-be students beginning October 6 by the University of Tampa.

The encore season of "Anyone For Tennyson?" a poetry series to be aired by WEDU-TV, will offer students three hours of off-campus college credit combined with on-campus assistance and counseling services, announced Dr. Francis Gillen, professor of English at the University. Gillen has been coordinator between WEDU and the University.

"It's a credit course designed for those members of the community who find attendance at regularly scheduled classes difficult, but who also want the give and take that only live meetings with a teacher can provide," Gillen said.

Dr. Barbara Taylor, an adjunct English professor at the University, will lead the on-campus instruction with introductory lectures October 4 and October 7 from 7:30 p.m. to 9 p.m. in the Ballroom of Plant Hall, then present a review at the conclusion of the course January 29. Her interest in poetry led to an M.A. thesis on E. A. Robinson and a doctoral dissertation on John Donne.

She also will offer students private counseling and instruction by appointment twice on campus during this special term, Gillen said.

"Anyone for Tennyson?" produced by the Nebraska Educational Television Network, will premiere September 22 on Channel 3 at 11 p.m., but will not be picked up by the University for credit until October 6. Beginning October 9 each 30-minute program will be repeated Saturdays at 3:30 p.m.

Registration fee will be \$120, with an additional \$18.50 for instructional materials which will include study guides, background literature and four 60-minute audiotapes of poetry.

Students must be high school graduates.

The course, which has been identified as English 199, will be offered this semester only, but Gillen said success of the University venture could weigh heavily in shaping future televised credit courses.

"Anyone For Tennyson?" is a television series on poetry and poets filmed throughout the United States and features as readers such stars as George Plimpton, Will Geer, Vincent Price, Henry Fonda, Ruby Dee, Claire Bloom and Valerie Harper.

Registration will be conducted through the University of Tampa's Division of Humanities, 253-8861, Ext. 425.

\$12,000 Grant Awarded For Park Renovation

By JERRY THOMSEN
Minaret Staff Writer

On September 10, the University of Tampa was awarded nearly \$12 thousand for the renovation of historic Plant Park. The funds were obtained in the form of a matching federal grant awarded by the National Endowment for the Arts. The activities of the National Endowment for the Arts are designed to foster the growth and development of the arts in the United States, as well as to preserve and enrich the nation's cultural resources.

The additional \$12 thousand the university needs, in order to match the grant, will hopefully be obtained through community contributions according to University president Dr. B. D. Owens. The Rose Club, a Tampa garden club, has already pledged \$1 thousand to the project.

The original application for the grant was made in November, 1975 by the Arts Council of Tampa-Hillsborough County.

According to Owens, the funds are to be disbursed by the Arts Council in three phases from December 1, 1976 through June 1, 1977.

The 16 acre park, which is city owned but leased to the University for ten dollars a year, was originally developed in 1890 to complement the Tampa Bay Hotel. In 1933 the hotel became the University of Tampa and is now Plant Hall, the University's main academic building.

Since the park's development, however, there have been no major changes except for the erection of the University Union and Mc Kay Hall dormitory upon some of the original park ground. In fact, the park has been in a slow state of deterioration.

The new design for the park is to be carried out by landscaping architects Jack O. Holmes of Tampa and Paul Saito of Anaheim, Cal.

Although landscaping designs for the park will not be submitted until after December 1, 1976, the original grant application specified that the park's new look will include a botanical garden, numerous art and sculpture display areas, terraces, plazas, and new walkways.

Actual construction on the park will begin when supplementary funding, in addition to the original \$24 thousand, is secured. Dr. Owens speculates that the additional monetary allowance might possibly be obtained through another grant by the National Endowment for the Arts.

The plans for the renovation of Plant Park coincide with Tampa's Bicentennial Riverfront Boardwalk project which involves the building of a walkway on both the east and west banks of the Hillsborough River, from Fortune Street on the north, to the crosstown expressway on the south.

Second UT Ballroom Concert

(OPI) — Flutist Marilyn Froelich will be guest artist at the University of Tampa's second public ballroom concert of the season Thursday, September 23, 8:15 p.m. in Plant Hall.

A graduate of the Julliard School of Music, Mrs. Froelich joined the University faculty this fall as flute instructor. She is a former student of Samuel Baron, Julius Baker and the late William Kincaid.

Baroque, romantic and 20th Century music have been planned for the program, including works by Platti (Sonata in D Major) and Bach (Sonata). The recently acquired Dowd double manual harpsichord will be utilized.

Pianist Jan Khorsandian will assist.

Merl Kelce Library Serves UT Community

By ERICA SHAMES
Minaret Staff Writer

The Merl Kelce library is a treasure chest filled with discoveries to be made and information to be gathered. It is eager to share its knowledge with you, but you must take the time.

The million dollar structure opened on its present site next to the pool, the day after the dedication to Merl Kelce on October 16, 1969.

Merl Kelce, an officer of the Peabody Coal Company, had contributed the last \$250 thousand needed to complete the library. Other sources included a federal government grant, corporations, business firms, and individual donors.

The library presently has over 140,000 books, obtained through purchases, gifts, and the Book Donor Fund. The Student Government Library Act has also helped the library considerably in the past two years.

In addition to housing books, the library offers various other materials and services including: slides, records, tape recordings, a complete set of *The New York Times* on microfilm, a map collection, a picture file, seminar rooms, special collections, and many other invaluable aids.

Of course, it is impossible for any library to own every book published; consequently, the Inter-library Loan was established. While most college libraries offer this service to only its faculty, the Merl Kelce library extends this privilege to the U.T. staff and its students. If a book or magazine is needed and is not contained in our library, Mrs. Acosta, the deputy director, can get it from another library.

Focus On Students

Providence Pinball Wizard Enjoys UT

By ROCK GARRAMONE
Minaret Staff Writer

This past week a random selection of U.T. students was picked by the *Minaret's* reporters and were asked to give a brief autobiography. Here are some interesting facts about one of the students:

Ernie Greco, 18, of Providence, Rhode Island is a freshman at U.T. Ernie likes baseball, basketball and pinball. He says, "One good thing about this school is that it has a good variety of pinball machines."

Ernie's major is criminology and he would like to pursue a career in law enforcement after he graduates.

He is running for senator of the freshmen class. He has four years; student government experience in high school and two years in Junior high.

Asked what were his first impressions of U.T., he replied, "When I arrived at the airport, I was amazed at the hospitality the upper classmen showed towards me. They really seemed concerned with helping me out." Although Greco has no immediate plans to join a fraternity, he says he wants to give student government "all he's got."

Ernie likes to hit the Rathskeller on weekends, "because it's a good place to meet friends."

Ernie lives on the tenth floor of Delo Hall. He has three roommates. He realizes living at college is much different than living at home.

"Living with three other guys, I must be more patient and able to accept their way of living, and they must do the same for me. That's the only way we can live peacefully. Right?"

But Ernie would like to see one change made in the dorms: the visitation policy. But overall he says, "That's my biggest complaint about the dorms." By being on the tenth floor he has a beautiful view of Tampa Bay.

"Some changes should be made in the cafeteria also," he remarked. "It's too small for all of us on the meal plan. Have you seen the long lines at lunch or dinner time?" Asked what changes should be made, he said, "For one thing they should open up the other room in the cafeteria when it gets crowded, and secondly they should extend the meal hours so the students won't all have go at once."

As a new feature this year, the library has extended its circulation period for books to one month in order to give students a longer time to use books and to hopefully reduce the number of library fines. The library does reserve the right to recall any book after two weeks if someone else needs it.

To assist in offering the student an easy, comfortable atmosphere for study and research, library regulations have been kept to a minimum. Patrons are asked to keep all food and beverages out of the library and to confine smoking to the smoking lounge on the first floor. Shirts and shoes are required.

Although the library has been a successful venture, one problem has continually plagued it. People have negligently torn pages out of research books because they are not allowed to check these books out. A page can be xeroxed for a nominal fee of 10c, and, in addition, special provisions can be made if an individual needs to use a reference book outside the library. Please talk to a library staff member rather than ripping any pages out of books.

If you have any questions concerning the library and its use, or if you need help finding anything, do not hesitate to ask any staff member and they will be more than willing to help. Please remember that the library exists for your use. Before leaving the library in a huff without the information needed, ask for assistance.

Spanish Little Theater: New Experience For UT Students

By DIMA SMIRNOFF
Minaret Staff Writer

This fall there will be a new direction for students to channel their skills in the performing arts. Spanish Little Theatre will be taking on UT students as singers, dancers, and actors. Also, anyone who enjoys working "behind the scenes" in a technical job involving stagecraft can be of great help.

Spanish Little Theatre was first organized in 1958 by Rene Gonzalez who, at that time, was a student at the University of Tampa. In May of 1959 the Spanish Little Theatre moved up in style to the Centro Esturiano of Tampa where it earned international fame.

Now, back again at UT, the Theatre still offers the same unique characteristics which made it so popular in 1959. Musicals generally played only in English, like *The King and I*, and *Bye Bye Birdie*, are translated into Spanish so they may be enjoyed not only by English speaking people but by Spanish speaking people as well.

The first program sponsored by Spanish Little Theatre will take place on Saturday, October 2 at 8:00 pm in McKay Auditorium. In a continuing series of events which began last year, this program will be the Nacional Festivales de Espana coming direct from Spain. The first opera in which students will be able to participate will be presented on December 4 in McKay Auditorium.

Gonzalez strongly emphasizes that knowledge of Spanish is not necessary in order to participate in any of the programs. Everyone interested in taking part in these programs can call Rene Gonzalez at 247-2074 for more information.

Candidates Launch

Campaigns

By DAN PFEIFFER
Minaret Staff Writer

President Ford officially opened his election campaign last week on September 15th at his alma mater, the University of Michigan. In a speech to a capacity crowd of 14,000, he listed his goals for America's future. They ranged from a decrease in unemployment to a foreign policy which will insure peace. Ford's 30 minute speech stimulated both cheers and boos from the crowd.

Ford's chief opponent, Democratic nominee Jimmy Carter of Georgia, blasted the Ford administration once again. Carter's speech, also given in Michigan, charged the last 8 years of Republican administration with giving America, "the worst economic record since the Great Depression." Carter's remarks were given at the Farmfest Agricultural Show. Before approximately 50,000 people, he blasted the policies of the Secretary of Agriculture, Earl Butz, stating, the Department of Agriculture has done "virtually nothing" to help the farmers.

On the previous day, Carter's running mate, Senator Walter Mondale, visited the Tampa Bay area. He, of course, praised Carter's positions and blasted Ford's. The Minnesota senator focused primarily on the poor state of the economy and Ford's position on Medicare. In his news conference, Mondale continually degraded Ford's record.

The date and location of the second nationally televised debate between President Ford and Jimmy Carter have been set for October 6 in San Francisco in the War Memorial Auditorium. These 3 scheduled debates should inform the American people on the major issues of this political campaign. The League of Women Voters, which is organizing these debates, has already scheduled the first confrontation at Philadelphia's Walnut Street Theater on September 23. The first debate will cover domestic issues. The third and final debate is set for October 22. A debate between Vice-Presidential hopefuls Sen. Robert Dole and Sen. Walter Mondale is tentatively set for the week of October 11. All the debates will begin at 9:30 p.m. E.D.T.

The American Independent Party Presidential nominee, Lester Maddox, formally opened his national headquarters in Atlanta recently. The former Georgia governor blamed the press and media for not giving him national exposure. He also expressed his support for the white minority governments in Rhodesia and South Africa.

In the next six weeks, the most fierce and tiring campaigning for the candidates will take place. This is when Ford or Carter will have to gain the momentum in order to secure victory on November 2.

Applications Are Now Being Accepted For Danforth Fellowships

Inquiries about the Danforth Graduate Fellowships, to be awarded by the Danforth Foundation of St. Louis, Missouri in March 1977, are invited, according to the local campus representative, Dr. Stephen Meats, Room 325, Plant Hall.

The Fellowships are open to all qualified persons who have serious interest in careers of teaching in colleges and universities, and who plan to study for a Ph.D. in any field of study common to the undergraduate liberal arts curriculum in the United States.

Approximately 60-65 fellowships will be awarded to seniors and recent graduates who are considered "Early Entry" applicants in the Program. Another 35-40 awards will be made to postbaccalaureate persons who are called "Late Entry" applicants and who apply directly to the Foundation. Preference is given in the "Early Entry" component to persons under 30 years of age and in the "Late Entry" component to persons 30-40 years of age.

Applicants for the Early Entry awards may not have undertaken any graduate or professional study beyond the baccalaureate and must be nominated by Liaison Officers of their undergraduate institutions by November 15, 1976. The Danforth Foundation does not accept direct applications for the Early Entry Fellowships.

The Foundation is currently making a special effort to bring qualified persons from the racial and ethnic minorities into the teaching profession. Approximately 25 percent of the awards are expected to be awarded to American Indians, Blacks, Mexican-Americans, and Puerto Ricans.

The Danforth Graduate Fellowship is a one-year award but is normally renewable until completion of the advanced degree or for a maximum of four years of graduate study. Fellowship stipends are based on individual need, but they will not exceed \$2275 for single Fellows and \$2450 for married Fellows for the academic year, plus dependency allowances for children. The fellowship also covers required tuition and fees.

The Danforth Foundation, established by the late Mr. and Mrs. William H. Danforth in 1927, is a national, educational, philanthropic organization, dedicated to enhancing the humane dimensions of life. Activities of the Foundation emphasize the theme of improving the quality of teaching and learning. The Foundation serves the following areas: higher education nationally through sponsorship of Staff-administered programs; precollegiate education nationally through grant-making and program activities; and urban affairs in St. Louis through grant-making and program activities.

Arts Festival '76

By LORI EVERS

ARTS FESTIVAL '76 is a four-day county-wide arts festival sponsored by the Arts Council of Tampa-Hillsborough County in which more than seventy (70) cultural groups will take part. The festival includes the performing arts—dance, music, drama—and a large representation of the visual arts—paintings, sculpture, demonstrations, crafts, and exhibitions.

It will be held October 28-31 at Curtis Hixon Convention Hall, and there will be no charge for admission. Parents weekend at UT is this same weekend, providing a great opportunity for students to share the arts of Tampa with their families.

ARTS FESTIVAL is in need of volunteers to aid in every aspect. Any students interested in becoming involved in the ARTS FESTIVAL, or desiring additional information, should call the Arts Council of Tampa-Hillsborough County at 229-6547.

Better Late Endeavor

(CPS-ZNS)—The Procrastinators Club of America celebrated its "Be Late For Something Day" by putting the whole thing off until next year.

Procrastinator's President Lew Waas explained that he had intended to mark the day by "doing nothing but I didn't get around to it."

Residence Life

Residence Life Holds Second Successful Party

By ERIC ROMANINO

If you did not attend the Saturday night escapade in the U.T. cafeteria, you missed the biggest and the most successful dance that U.T. has ever witnessed. The "Big Bippers Dance and Disco" was supported by more students than any other function that U.T. previously has held. There were over three hundred advance tickets sold and over four hundred tickets bought at the door.

Special thanks should go to "Big" Matt Barkley for organizing ticket sales. The enthusiasm of all the dorms was outstanding. They all got involved to push ticket sales and to clean up when it was all over. Both the Coffee House and the Bipper Dance turned out to be surprisingly successful, proving to all that U.T. students do want to get involved and also have a good time in the process. All the people at the dance had a great time boogying and drinking beer. The dance contest was won by Butch and Yvette. Thanks once more to all the people who made the Bipper Dance possible. Also, a special thanks should go to all the people who came and supported the dance. Come on over and support the next Residence Life party.

Sailing Is Good For You

By DIMA SMIRNOFF
Minaret Staff Writer

At a time of year when work loads drive people farther and farther into the night studying and tests are fast becoming a reality it is reassuring to know that one can still relax on the weekends. Last weekend, for instance, sixteen people from UT took advantage of the warm zephyrs that frequent Tampa Bay and spent both Saturday and Sunday "before the mast."

Perhaps you too would enjoy this type of activity. If so, you should send your name and box number to Sailing Club, Box 2979, in order to receive information concerning club meetings and events. The Sailing Club holds meetings every Thursday at 5:00 in the upper level of the Student Union and everyone is welcome.

Attention All Minaret Writers

Please see Tracy Clark on Wednesdays between 2:00 and 4:00 in the *Minaret* office for payment of articles printed in the previous issue.

The Minaret Apologizes

On page six of our September 16 issue, the *Minaret* carried an advertisement for an academic research paper service. We did not realize that publishing the ad might be construed by many as our tacit endorsement of such a service. We now see that this was the case. The *Minaret*, on the contrary, deprecates the unethical use to which the unscrupulous can put such a service. We have refunded to that company their fee and we shall never again advertise any product or service which could reflect unfavorably upon the ethical standards of this newspaper or this university.

Organizations

ZBT

We would like to extend our welcome to the students, faculty and staff of the University of Tampa through the **Minaret**.

Up until now we have been rather silent, but so is dynamite until detonated, and now that we have doubled in size, we are expecting to offer some fine competition to the other organizations on campus.

As always, we welcome anyone to come over to the house and visit, and we would appreciate greeting the new students and returning alike.

Have a good semester, and we look forward to seeing you all.

Voodoo and the brothers

ALPHA EPSILON PI

The brothers and sisters of Alpha Epsilon Pi would like to wish everyone new a terrific semester.

Getting things started in the usual Ape tradition, the Pi men would like to cordially welcome everyone to an Open House Party this Friday, September 24, with a live DJ and all the beer and purple passion you can drink. All the excitement starts at 9 p.m. with a slight entertainment fee of \$1.50 for guys, 75¢ for girls, or \$2 for couples. See you all Friday at our house!

PHI GAMMA NU

The sisters of Phi Gamma Nu are having a party in the Rathskeller for Rush on Thursday, September 23rd, at 9:00 p.m. We invite all business, economic, criminology and education majors to come and join us. Refreshments will be served. We are also having a crab roll sale on the 29th of September. The crab rolls are 2 for 25¢ or \$1.50 a dozen. If you want a dozen or more, please call Maria at Ext. 378 and place your order.

Jan

Pen and Sword Society

The *Pen and Sword Society*, University of Tampa, held its first meeting of the Fall Semester on 10 September 1976. The presiding officers were: Mike Myers, President; Mike Trees, Vice President; Bob Lee, Treasurer; Leroy Mitchell, Chancellor; and John Barlow, Academic Chairman. We had a good turnout for the first meeting and welcomed our new members. The *Pen and Sword Society* is active in campus and community activities and draws its membership from active duty members of all the armed services, veterans and retired members of the armed forces, and from those in the student community desiring membership through association. A comprehensive background article on the Society will be forthcoming in a future issue of the **Minaret**. The Society members have been active recently in fund raising while supporting the **Tampa Bay Buccaneers**, by selling the **Buc's Weekly Newspaper** and **Buccaneer Touchdown Handkerchiefs** at all the home games in Tampa Stadium. The Pen and Sword Society will welcome all new members and their families this Friday, 24 September with a BYOB party. Food and setups will be provided. Watch for a **HAPPY HOUR** to be sponsored by P & S in the **RATHSKELLER** . . . **SOON! STUDENT BODY WELCOME!!!**

Bob Bartusch, P&S PIO

Orientation '76 Successful

By RUSS IKERD
Minaret Staff Writer

Upon entering the University of Tampa campus for the first time nearly four weeks ago, I was warmly welcomed by two upperclassmen who instructed me where to park and where to report. Naturally, I was impressed with this act of hospitality. For me, Orientation Program '76 had begun.

Looking back and assessing the orientation week and its intended purposes, I feel that the Student Government Association and the Student Program Council did a commendable job of planning and preparing the educational and, equally important, social events.

To be sure, there is room for improving the format of the next orientation program, and offering suggestions for that improvement is one of the purposes of this column.

Two of the biggest and most often voiced complaints I have heard from various other UT students are the procedure used for registration and the obvious needlessness of four small group floor meetings within two days.

The former of these two complaints is the one I am most irritated with. The procedure used for registration was bad; however, it can be remedied. I suggest that instead of scheduling the registration of all new students in one day, two or even three days should be allocated for registration.

If instituted, this procedure would drastically reduce the number of people waiting in lines. But, some may argue, it would also create a problem. What about those new students who have to register on the second or third day? Won't the classes they want be filled up? Not any more than with the first-come, first-served system now being used. This system is quite unfair for many of those whose registration times were later in the day. For example, I am majoring in English, but I aspire to become a journalist. Needless to

say, I was quite disappointed when all the journalism courses were filled up.

Yes, classroom sizes should remain small (that is a UT trademark), but steps should be taken to ensure that all new students get the courses they want. At my high school, *all* incoming students were required to pre-enroll several months prior to registration. Then last minute changes (e.g. course offerings according to interest, etc) were made during the summer months. This system worked well.

As for the necessity of four small group floor meetings, I honestly feel one two-hour meeting would have been sufficient to cover the important points.

All things considered, Orientation Program '76 was successful as well as enjoyable.

Organizations

Continued

Students' Political Organization

Appropriately enough, in this year of the Bicentennial and the presidential election, the University of Tampa has its first nonpartisan political organization on campus.

The Students' Political Organization is a non-partisan group composed of students who are interested in politics both on the local and national levels. We hope to bring in speakers with different political viewpoints and are in the process of having Senator Lawton Chiles (Dem.) of Florida come to address the student body.

Elected officials are Jan Montgomery, President; Steve Cerny, Vice President; Larry Mayer, Secretary; and Ron Garon, Treasurer.

Since we are a new club this year, we urge as many of you as possible to find out about us. Meetings are held every Tuesday night at 8:00 in room 209, Delo Hall.

Steve Cerny

SCUBA CLUB NEWS

The Scuba Club is encouraging all students who dive to join the club and experience the thrill and color of Florida's inner space.

Our meeting last week featured a very interesting film. We hope you all enjoyed it.

Dives are being planned, so get involved and let us hear your voice.

Look for the posters for our next meeting and make it a point to come and see what the Scuba Club offers.

Our appointed officers for this year are: President, Jim Gordon; Vice President, Steve Klinzerman; Treasurer, Jim Carroll; and Secretary, Elise Stigliano.

Join us now!

Jim Carroll

SPC Presents Fall Event

This could be a banner year at U.T. thanks to your Student Program Council. What in the world is Student Program Council? SPC is probably the most important student service on campus. They are responsible for most of the social activities and special events happening around you everyday. Made up of U.T. students with vivid imaginations and a willingness to work for you the SPC initiates and supports a multitude of "social happenings" each year.

The Starlight Ball is the highlight of Fall '76. Originally scheduled for September 25, it has been moved to October 15. Do not forget that date! An annually held, semi-formal dinner dance, the starlight ball is an experience no U.T. student can miss. There will be lots more details and information coming down the wire so be sure to watch "SPC Presents" so you will not be left out.

It's "Oktoberfest" time at the University of Tampa. That's right, October 23 will bring to U.T. a German band, frankfurters and sauerkraut, beer, games and notions. An all day party with all the food and beer you can handle, what could be better? Many plans are still in the works and will be published soon.

You can also thank the SPC for the weekly movie at Falk Theater. Only 500 will bring you *The Girl Grabber's* along with Abbot and Costello. Come on over, 8:00 p.m. Fridays and 7:00 p.m. Sundays.

The next Student Program Council meeting will be Thursday, September 24. All interested students are cordially invited to attend.

Pete Cammick

DOCK IT

If you have a sailboat or canoe you can now keep it in a locked storage room on campus free of charge. If you would like to take advantage of this service leave a note in the Sailing Club Box 2797.

Windsurfing Arrives

By DOREEN BENSON
Minaret Staff Writer

Windsurfing, a new and exciting water sport, is becoming very popular in the Tampa Bay area.

Windsurfing combines all the enjoyment and skill of sailing, skiing and surfing in one sport. The equipment involved in the sport includes a surfboard with an attached sail, similar to that of a small sailboat. Although the windsailor looks like a surfboard with a sail, it is not merely this but a vessel in which the helmsman becomes an integral part of the sailing experience.

Windsailing has a wide range of appeal. There are those who like to cruise from ten to fifteen knots, others who enjoy the brisk pace of twenty-five to thirty knots, and the racers who compete in regularly scheduled regattas.

There will be a meeting for all those who are interested this Wednesday night at 6:30 at the Bay Harbor Inn. There will also be a regatta this Sunday at Pass-a-Grille. For further information concerning the race or Wednesday's meeting, contact the athletic office.

UT Welcomes Foreign Students

By LORRAINE BARACATT and FRED BELLET
Minaret Staff Writers

The Minaret staff and the student body are proud to welcome the new foreign students to the University. Should foreign students have any problems, their advisor, Lydia Acosta (Lib 131), can help to remedy them. In addition, the International Relations Club offers an opportunity to promote personal interaction with the foreign students on campus. The club's main goal is to "foster and encourage a feeling of interest and goodwill in international affairs." We wish you all the best of luck and a good school year.

Those interested in coordinating or performing for the next coffee house, meet in Delo Basement on Wednesday, September 29 at 9 p.m. or see Alex Hill in 609 Delo.

For Lack of Helmet

(CPS)—A New Mexico man tossed aside his helmet recently and rode his motorcycle from Albuquerque to Santa Fe to protest helmet laws. On his return trip he lost control of the motorcycle and smashed into a van. He died of massive head injuries.

Music By Bob Dylan

By DAN PFEIFFER
Minaret Staff Writer

The music of Bob Dylan has played a major role in the progress of rock n' roll. His rustic guitar playing and raspy voice have made him the folk music superstar of the past decade.

Bob Dylan rose to prominence during a time when our country was filled with unrest. He wrote songs about the controversial issues of his day. Many of his lyrics focused on the Vietnam War, civil rights, and social injustice in general. Dylan did what many wanted to during this era. He dropped out of college to experience life first hand. He was soon after "discovered" when Joan Baez introduced him to the fans at the Newport Folk Festival. From there, Dylan continued writing one hit song after another, which brings us right up to the present. Through the years, since his first album, *Bob Dylan* (1962) up till his latest, *Desire* (1976), his style and feelings have changed but his musical worth has not. Dylan's songs still convey him as a humorist, philosopher, and poet.

Recently, he teamed up again with Joan Baez for a T.V. special. It was a taped concert from part of his tour with the Rolling Thunder Review. Dylan sang many of his old favorites. These included: "Blowin' in the Wind," "Knockin' on Heaven's Door," "Shelter from the Storm," "Mozambique," and others.

The times have changed since Dylan started his career but his popularity has not. His last album, *Desire* was his best selling album so far, and certainly there will be more from Bob Dylan in the months to come.

Men's & Women's Swimming At UT

By CHERYL GRILUS

This year there will be an intercollegiate swimming and diving team at the University of Tampa. Craig McConnell will be the coach of the Spartan varsity swim team. McConnell is the director of the Greater Tampa Swimming Association (GTSA) and current aquatics chief at the UT pool. The diving coach will be Ike Wade from GTSA.

The first meeting for the varsity swim team will be September 28 at 8 p.m. in Room 3 of the Student Union. Anyone interested in joining the swim team is asked to come to this meeting. Scheduling is now underway with practice beginning in October and the first meet in January. UT students are encouraged to come out for the swim team because without members there can be no team.

- Oct. 14—Photo Corp. of America
Positions: Photographer, Sales
Majors: Business Mgt., MBA

For further information on the companies and specific positions and to sign up for interviews, come to Room 306 of Plant Hall.

1976 Grads Get More Job Offers

(CPS)—College students who graduated last spring had better luck finding employment than the class of 1975 according to a College Placement Council report.

Women who completed undergraduate degrees in 1976 did particularly well, the report said. They received 59 percent more job offers than women who graduated the previous year. Job offers for men with undergraduate degrees increased by only 4 percent. But women accounted for only 19 percent of the jobs offered to bachelor degree graduates.

MINARET

SPORTS

Intercollegiate Rifle Introduced at UT

By JUDY GERACIOTI
Minaret Staff Writer

The 1976-77 Smallbore Rifle season kicks off this month. This Intercollegiate Smallbore rifle team will compete in shoulder to shoulder matches with teams primarily from Florida and Georgia. Other Postal matches are planned but not yet scheduled.

In February, the team will be involved in the Mardi Gras Invitational in New Orleans.

Training and tryouts for the team will be held on the week of October 4, 1976. All University of Tampa undergraduates, with the exception of active duty or retired military personnel, are eligible. A meeting and briefing will be held September 23, 1976 at 4:30 p.m. in classroom #1 of the Heritage 76 ROTC Building. All interested students should attend this meeting. If you can not make this meeting but would like to get involved, contact Master Sergeant Dean (Rifle Team Coach) at the ROTC Detachment on campus prior to October 4, 1976 (Phone: EXT 395 or 396).

This sport is sanctioned by the N.R.A. and I.S.U. Personnel who qualify for the team may receive an athletic letter from University of Tampa.

The Rifle team is not only open to members of ROTC but to any student who would like to join.

Oarsmen Build on Last Year's Success

By RANDY RUDITZ
Minaret Sports Editor

"Last year we had a successful season. We fielded a shell that won a national championship and two others that finished third," said one returning varsity oarsman. "A lot of people are back from last year, and the new oarsmen look very promising."

Tom Feaster begins his second year as Head Rowing Coach. Feaster will be assisted by Holly Hatton who takes over the women's rowing program from Tully Vaughan.

UT's crews are now in training for the Head of the Charles Regatta to be held in Boston on October

Pringle Returns as Coach; Promising Season Forecast

By RUSS IKERD
Minaret Staff Writer

This may well be the season that UT soccer followers have been anxiously waiting for.

What are the reasons for such optimism? For starters, head coach Alex Pringle reports that, of the 20 players he will suit for games, "about a dozen" are returning from last year's 6-9-2 squad. Two of those returning are junior Pat Canavaggir, the team captain who was chosen a second-team All Conference defender last fall, and Sandy Leher, a senior who was chosen a first-team All Conference defender a year ago.

"We've also got two new players who have looked real good in practice," added Pringle, "Dave Schulz, a midfielder, and Alex Hill, a forward."

Pringle, who plays professional soccer himself for the 1975 NASL Champion Tampa Bay Rowdies from April to August, feels that his team is in "better physical shape than we were at the same time last year."

In addition to these plusses, Pringle expects the new soccer field to be ready for the October 19 game against St. Leo College. Workmen have just seeded the field located at the old fairgrounds.

The Spartans are in their third week of practice in preparation for the season opener 3:30 p.m. tomorrow at Phillips Field against non-conference opponent Miami Dade North.

"Although we've been practicing for a while now, we're still looking for anyone interested in playing

soccer—especially goaltenders," Pringle said, when asked what were his squad's weaknesses, "because that's the position we're hurting at."

The UT soccer team's first home Florida Intercollegiate Soccer Conference game will be against Florida Southern College on September 30 and their next conference tilt will be on October 5. The opponent for that game will be Eckerd College, who, along with Stetson University, figure to be the teams to beat for the FISC title.

"It's hard to say how well we'll do this year until the season starts," summed up a cautious Pringle, "but good student support would certainly help our cause."

There will be no admission charge for all home contests.

		Schedule:		
Date	School	Place	Time	
Sept.				
24	Miami Dade North	H	3:30	
27	Clearwater Christian Col.	H	3:30

After Final Cuts Fifteen Survive

By NONA EDELSON
Minaret Staff Writer

After two weeks of tryouts, the 1976 Volleyball Team has been chosen. Out of the twenty-three girls that went out for the team, fifteen made the final squad.

According to head coach Betty Lambert, the three things that set these girls apart from the rest were: 1) Skill, 2) Attitude during tryouts, and 3) Basic potential. The fifteen who fit this description are: Lorraine Baracatt, Tina Dove, Nona Edelson, Linda Frizell, Cheryl Grilus, Debra Kiessel, Jackie Langley, Colleen Podolsky, Linda Matienzo, Claudia Montealegre, Lorraine Walker, Judy Ward, and Rachel Weller.

When asked what her main goals for this year were, Coach Lambert replied, "To basically improve the skills of the team and to place in the Suncoast Tournament."

There are a lot of Round Robin Tournaments scheduled for this year. The two biggest tournaments will be the Suncoast and State Tournaments. The fifteen girls will be divided into two teams: varsity and junior varsity. This will enable twelve girls to play at one time.

Coach Lambert is very optimistic about this season and says the potential of the team gets better every year, but also stated "The potential of the team gets better every year because of the public's growing awareness of women's athletics."
