## CHORUS GIVES MENDELSSOHN'S ELIJAH ORATORIO

John Trusler, Baritone,  
Portrays Part of  
Prophet

The music department of the University of Tampa last night presented Mendelssohn's oratorio, "Elijah," its final major production of the year, at municipal auditorium.

The oratorio, in preparation for many weeks, was conducted by Lyman Wiltse, professor at the university. John Trusler, baritone, sang the title role, accompanied by a chorus of 40 voices and a 30-piece orchestra.

The story of the drama relates Elijah's work with the people of Israel in the days when they had turned from the worship of Jehovah to the worship of Baal.

It tells also of Elijah's challenge to the priests of Baal, of the failure of the false god to come to the aid of his followers, and of the miracles of Jehovah in lighting the fire for Elijah's sacrifice.

Dramatic solos and choral selections, with overtures and accompaniment by the orchestra, were skilfully and studiously performed. Youthful quality of the voices in many of the solos added spirit to the production.

Supporting Trusler as Elijah were Allen Benz, tenor, as Obadiah; William Pricke, tenor, Ahab; Josephine Price, a youth; Lottie Emberton, a widow; Betty Hodgson, an angel of Jehovah; Florence Flanders, the queen; Bernice Horne, second angel; Betty Jo Mims and Marie Hausrath, sopranos.

More than 400 persons attended the performance.

## SENIOR BANQUET SET FOR FRIDAY

Theme, King and Queen and  
Court Members Are  
Kept Secret

The Junior-Senior banquet will take place next Friday night at the Hillsborough hotel from 7 to 9 o'clock and will be followed by a dance from 9 to 12 o'clock with music furnished by Manuel Sanchez and his orchestra.

The theme, which is in keeping with a late trend of fashion, is being kept secret until the banquet. During the program the King and Queen, with their court, will be introduced by Zeno Stalnaker, master of ceremonies. The Queen and her maids will be presented with gifts in keeping with the banquet theme.

Features of the program will be a skit written by John Brandenberger; vocal selections by Betty Hodgson, Florence Flanders, and Allen Benz; instrumental numbers by Dale Peterson and Wendell Waters; and readings by Hilda Sweat.

Dr. and Mrs. Hinckley and Dr. and Mrs. Berry will be sponsors for the evening.

The Junior class will sponsor another variety show next week to raise additional funds for the banquet. The main feature of the show will be a mock wedding in which the bride to be is Zaiko, the preacher is Buck McClelland and the flower girls will be dainty jobs like Driskell.

Make Reservations  
All Juniors have been requested to make their reservations as soon as possible so that the committee will know how many are going to attend. Those on the banquet committee are Florence Flanders, general chairman; Zeno Stalnaker, Frances Sessions, Gloria Gutierrez, Olga Martinez, Constance Byars and Jackie Jameson.

WILL ELECT  
The Accounting club will hold its semi-monthly meeting, Monday, May 6, in room 228. All members are urged to attend as new officers for the coming year will be elected. Frank Maniscalco, president, will be in charge.

## Porch Frolics Set For Tomorrow Night

### ASSEMBLY IS TOOTIN' AFFAIR

Phi Alpha Band Fraternity  
Gives Preview of  
Porch Frolics

To the rootin' tootin' strains (?) of the Fanfare the Phi Alpha band fraternity opened yesterday's assembly. This was followed by Virgil Harris's introduction of "Happy" John Hall and his Campus Cavaliers, starring Thurl Nelson at the trumpet and Paul Burns at the saxophone.

"The Campus Song" followed and Virgil Harris again stood and told a breathless audience all about his acquaintance with "Happy" John. The Cavaliers then played the "Johnson Rag" followed by the "Prisoner's Song" (modern rendition).

Virgil then told everyone about the Front Porch Frolics—concessions, floor show, dancing, etc. The trio composed of Jack Williams, Allen Benz and Dale Peterson sang "The Old Rocking Chair" accompanied by Wendell Waters and Thurl Nelson.

"Happy" John introduced "720 in the Books" after M. C. Harris auctioned off a few tickets. Allen Benz soloed on "The Starlit Hour."

The last two numbers were supposedly requests by the enthralled audience. Because the boys could not play the requested pieces "er sompin", they substituted "In the Mood" and "Tuxedo Junction."

A SAD, SAD STORY  
"Look, mine son," said the merchant, draping his arm around the boy's shoulder, "I want you should consider somethink. If I give it to you a raise, dots 3 dollars more a vick. For etch month dot means already \$12 extra. In a year you will have \$144 more den vot you are gettink now." His voice grew louder with emotion, as he continued: "In ten years you haf got \$1440 out of mine pocket. And in fifty years—in fifty years—" His eyes were glassy. He clutched his temple as if awakening from a nightmare—"Heim gott," he screamed "I yam bankrupt!"

### QUILL MEETING

Quill club will meet May 15. At this time, annual election of officers will take place.

### Variety Floor Show, Dance Sessions, Food and Con- cessions for Fun

University of Tampa's second annual "Front Porch Frolics" will be held tomorrow from 6 until 12 o'clock on the front porch.

A variety floor show, dance sessions and food and amusement concessions are scheduled for entertainment. The program, according to Dale Peterson, chairman, will consist of novelty numbers by the 15-piece student band, a male trio, solo by Allen Benz, acrobatics, tap, jitterbug and congo dance routines, and burlesque.

Several football players will burlesque the mind-reading scene from the operetta, "The Man in the Moon." The dialogue for this is being written by Dr. Kenneth K. Berry.

The male trio is composed of Jack Williams, Dale Peterson, and Allen Benz.

The floor show will be from 8 to 9 o'clock and will be climaxed with the presentation of the May queen and her court, whose identity will be kept secret until then.

The unique price of admission will be 14c.

Those in charge of arrangements are Arthur Burrows, Arthur Pichard, John Sherman, jr., and Billy Martin.

### TSANGARIS GLAD TO BE IN U. S. A.

Tampa U. Student Teaches In  
Greek Parochial School  
at Tarpon Springs

The Balkans is a good place to be from, and not in, under present European conditions, in the opinion of Theodore Tsangaris, Tampa U. student of business administration and teacher of Greek in the Greek Parochial school at Tarpon Springs.

Tsangaris came to the United States four years ago and keeps abreast of events in his homeland by reading Greek newspapers.

"The Balkans fear Germany and Italy because their moves are so unpredictable," he said. "If they only had to fight Italy alone, the Balkan states would not be so much worried, because the Greeks, at least, do not consider the Italians very good soldiers, but they have much more respect for Germans."

"I feel selfish because I am so happy to be in the United States," Tsangaris said.

By FRANK MANISCALCO  
Determined to protect its undefeated season, the Spartan baseball team departs this morning for Winter Park to tangle with Rollins in the first of a return two-game series this afternoon.

Tampa whipped the Tars twice here last week and if they can take the count in both return games, it will place them in a strong position to claim the state championship.

Coach Adams indicated he will use his two best moundsmen, Dave Patton and Jap Simmons, with Stu Humphreys and Gene Peck in reserve. Patton, who pitched the local team to a 5-0 shutout victory over Rollins, is scheduled to hurl in today's opener, with Simmons likely to be on the mound tomorrow. Simmons tamed the Tars with his brilliant pitching performance last Saturday, 6-3.

Players making the trip are Albert Jimenez, Bill Fisher, Arnold Holmes, John Comporato, Tony Kolka, Frank Stroner, Cecil Reed, Jimmy Whitney, Dave Patton, Champ Williams, Bob Anderson, Bill Gregory, Jap Simmons and Frank Maniscalco, manager.

Tampa 6, Rollins 3—Jap Simmons held the opponents to six hits and John Comporato snapped out of his batting slump, cracking out two hits in as many times at bat.

In a practice game the Spartans turned back a strong Rey Park team, 8-3.

### MISS HORNSBY HAS PARTY FOR S. T. P.

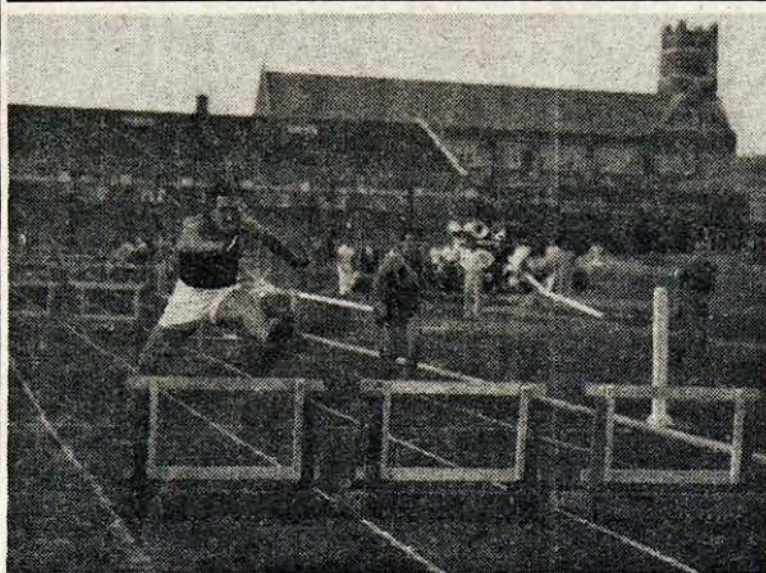

#### Sorority Will Have Annual Progressive Supper May 11

Sigma Theta Phi sorority members, pledges and their dates were entertained by Miss Beth Hornsby at an informal party Sunday afternoon at Bethaven on Lake Josephine. Swimming and boating were enjoyed during the afternoon and a picnic supper was served in the evening.

On Saturday, May 11, the sorority will have its second annual progressive supper. Members, pledges and their dates will go to the home of Miss Jackie Jameson for the first course. The next course will be at the home of Miss Mary Frances O'Berry to be followed by the main course at the home of Miss Juanita Gurerra. The last course will be served at the home of Miss Anne Marie Hargan.

After supper, the group will attend the annual spring dance of the Alpha Gamma sorority at the university.

## Hurdle-Hopper

Paul McCloskey is shown here winning his heat of the 220-yard low hurdles in the triangular meet with Havana U. and St. Petersburg junior college.

## In The Social Spotlight

After being idle for two weeks, the old Spotlight is back again. Mr. Wiltse, chorus and orchestra, take a bow. That presentation of "Elijah" last night was "super-swell."

The Juniors are working like beavers on their banquet, and (don't tell anybody) they've already got the favors and some of the decorations, and are they cute! . . . Can't tell you what they are though, 'cause Zeno and Lucie Lee are reading over my shoulder.

The Sophomores put on quite a dance last week-end. The three sponsors are so tickled with the cute identification bracelets they received, they even wear them to Phy. Ed. . . . Guess you would too, if you had one.

Mr. Dobson has been doing a swell job of helping Earl Catton to run the book store, during Henry Vest's absence. Henry injured his foot Monday night and is unable to walk.

Beth entertained her sorority sisters last Sunday at her lake, and if you ask Manucy, he'll tell you that the hamburgers were swell—so were the movies . . . Speaking of the S. T. P.'s reminds me that Verna Vining Smith is the mama of a darling little boy now. Papa Gettis is proud as a peacock, too.

The Alpha Gams are having their annual spring dance next Saturday, and at this time they'll introduce their officers for next year . . . Hope they give buttonieres to the boys again this year. The dance will again be preceded by the S. T. P. progressive supper.

By the way, all you Junior and Senior boys, the banquet committee would like to have you wear white coats and dark trousers to the banquet . . . It makes the affair more ritzy or something!

'Bye now.

## LETTERS FOR NOTES

Before the school year drains to a close, there is a matter which, in the opinion of many, should rightfully be taken care of. It is simpler to state in question form. Do not the members of the band and orchestra deserve school letters? Have they not earned them in many ways? And why, then, have they not been presented with them?

Let us consider just how our musicians have earned and rightfully deserve letters, very small reward for their untiring efforts. First, the members of the band began at the opening of school in September to drill for splendid showings and formations at the football games. They drilled not only occasionally, but several hours each day to achieve a perfection of which their school could be proud. At the games, they did make their fine showings. They produced a splendor which put opponents' bands to shame. Not once were they outdone by a rival's band. And they put Tampa U. in the limelight. Besides this, they inspired the spirit of the student body and encouraged an enthusiasm which other schools might have envied.

Then, they have performed at assemblies, adding much to the weekly congregation of students at the auditorium by their spirited marches, concert numbers and renditions of the Alma Mater. In addition to this, they have boosted the name of their school and have publicized it widely by participating in the various numerous parades and other activities of civic and other organizations, both in and out of town.

For several months the band has unfailingly and willingly presented a concert a week, for the enjoyment of tourists, residents of Tampa and friends of the University. So popular have these concerts been that several of them have been broadcast over the radio. Again they boosted their school.

The orchestra, although a less active organization than the band, has nevertheless done work worthy of note. It, too, has presented programs at assemblies. It has added that musical touch to every dramatic production of the University. It has given concerts and other performances.

Together the band and orchestra worked untiringly to compose music for and to produce the annual operetta, and the band and band club have spent much time and energy on the current Front Porch Frolics for the fun and entertainment of the entire school.

Summing it all up, no organizations have worked harder for the benefit of the school, have done more to put their school in front, in the limelight and public eye, nor have carried with themselves and encouraged and built up a school spirit within the University of Tampa and its student body than have the band and orchestra.

Now, are not the members of these organizations deserving of "T's," small tokens of appreciation for their untiring and enthusiastic efforts, tangible and material emblems which they can take with them and proudly display on their sweaters or jackets? Have not they earned them? Then let us see that they receive the little red, black and gold insignias that are so rightfully theirs!

## HELPING YOUR SCHOOL

It is rather late in the school year to talk or think about this matter. But it is still not too late to become conscious of certain facts and to let these facts influence us.

Whether or not we realize it, our school is our larger self. We and our associates influence each other. We develop an atmosphere; we set standards for each other; we arouse interests and stimulate ideals. In our schools we are likely to form the associations of a lifetime. From among our schoolmates we might even select our wives or husbands and in later years our business or political associates.

If our school has a good name, we share in that name. If we and our fellow students take pride in reflecting honor upon our school, the standing of our school will be a source of strength in our lives. Our school is what we make it. If during our school days we stand for the best things in our own lives and among our associates, let us talk about them, dream about them, think about them, plan for them. Then our school will be a power in the making of our minds and ourselves, and we shall be a power in the making of our school.

## The Spice Of Life

Have you ever been any place where you have oodles and oodles of fun boating . . . swimming . . . fishing . . . playing volleyball . . . eating hamburgers . . . taking pictures . . . seeing movies . . . entertained by the friendliest and nicest of all people?

That's Bethaven, the lake home of our editor. You should have been out last Sunday—there was Lorraine Nicholson looking cuter than ever adorned with gardenias, given her by Louis Zendegui (has L. Z. finally made up his mind?)

Could it be that Gloria Gutierrez and Bobby Caldwell left the lake early because after May 11 Bobby's address will be Cincinnati, Ohio. (By the way, Gloria wants it known that after this date she'll be open to engagements on Sunday—Here's your chance, fellas.)

Thanks, Sophomores, for a swell Hop, just think next year you'll be able to enjoy it, too, without the headaches.

Public announcement: Thurl Nelson wants it known that he is not a female hater, girls, he just works every night.

"Virgie" Burns is having Betty high school trouble—can't seem to decide between her and our own Bev Bond.

Have you noticed the change in Jack Williams of late? . . . Could it be that—oh, not that—Spring is practically gone and summer is at hand—Figure it out for yourself.

In looking over the Museum Register the other day—there was listed a certain Mr. and Mrs. Theodore Bravakis—maybe yes and maybe no—anyway, who knows?

Have you ever heard about the ups and downs of an airplane ride? We refer you to Jack Dromey for further information.

## Faculty Soft Ball Team vs. All-Intramural

Game Thursday Is To Be "Croocial" One in Hog-Calling League

By BEN FILIPSKI

The 1940 edition of the Super-Streamlined Faculty Softball team has been renovated and is ready for the "croocial" game which will decide the champions of the Tampa University "Hog-calling" League. This game will be played next Thursday, May 9, with the All-Intramural team which will be augmented by the hog-calling contest. The game will take place at Plant Field and the admission to this super-colossal feature will be one dime, ten cents, or two nickels.

Coach Miller Adams, of the Super-Streamliners is rounding up his boys and getting them into peak condition. His team boasts of players from all parts of the nation and one has even seen action in Europe. The list is rather colorful with such names: Rhodes 1b, McLendon 1f, Zielonka 3b, Sones, ss, Hinckley 2b, Bochart cf, Higgins, p, Strauss c, and the player-manager, Adams, will play short field or pitch. There are possible additions to strengthen this array of stars.

The entrees for the hog-calling are pouring in but Brandenburger, and Kronk are holding out with positions of one and two respectively.

The intramural track meet will also be run at the same time. There is no admission to this event.

The game promises to be loaded with thrills and many surprises. Don't forget next Thursday, Plant Field, Super-Streamlined Faculty vs. All-Intramural, admission is one dime, and the cause—to clean the baseball team out of the red.

## Flebbettes Win Over Sigma Theta Girls In Opening Ball Game

The girls' diamondball season officially began April 18 when the Plebette team trampled the Sigma Theta Phi sorority team 11-5.

The Plebette team, composed of the freshman and upper classman non-sorority girls, proved very strong in defeating the sorority girls. Helen Berwanger pitched for the winners, Louise Griffin for the losers.

Last week the Delta Kappas defeated the Alpha Gammas in a very exciting game, 21-19. The score being tied 19-19 at the end of the fourth inning necessitated the fifth inning, which made the D. K.'s victorious.

Celeste Dervaes and Dottie Leonard were the winning pitchers; Elvina Traina and Delina Diaz pitched for the Alpha Gammas.

## HIGH SCHOOLS OFFER PROGRAMS

Tampa's high school activities at the end of the term will center upon the Hillsborough senior class play, "June Mad," in the school auditorium tonight at 8 o'clock, and Plant high school's annual carnival, comparable to Tampa U.'s front porch frolics, May 17.

Hillsborough's play will tell the story of a visiting college boy who troubles the heart throbs of a hometown girl; played by Maida Baker, leading lady, with an interesting supporting cast.

Plant's carnival, says Christine Henderson, publicity director, and her assistant, will present every feature of a complete carnival, including even a football game and a band concert. Funds will be used to buy band instruments.

Tampa U. "stoogents" are invited to both.

## SPARTAN SPOTLIGHT

By BEN FILIPSKI

After a lapse of writing, this department would like to say "Hats off" to Miller Adams and his baseball team for beating the Rollins' Tars in the two encounters and for keeping on top in the state league. The boys did a grand job at stopping the highly-touted Rollins boys in both games. Also to H. B. (Deacon) Rains, hats off for his record breaking in the low hurdles last Saturday at the A. A. U. meet. Yes, folks, he's the new champ in the state when it comes to timber topping.

The state A. A. U. meet held here was a success as far as attendance and participation. Florida's Frank Kearney showed his heels to Havana's Ravero in the feature of the afternoon, the 100-yard dash. In the final tabulations of the afternoon Florida was first, Havana second and Tampa U third. There is a definite trend to the appreciation of track athletics and we hope that it continues on. This can be assured only by showing the public a well-planned afternoon plus a well-trained group of participants. Too many unconditioned track men have made it miserable for fans to watch poor and mediocre running when the opposite could have happened if the participants would have trained.

Speaking of track reminds me of what Coach Higgins had to say about a college and particularly the matter of studying. He compared the four years to a mile run with four laps. He advocated getting a good start and to lead the pack in that first lap. Having got the lead, hold on to it, learn to float in the proper spots and then the final lap and spurt will be an easy proposition. Somehow track and athletics can fit into everyday life and the idea of transfer of learning is a workable thing.

We clamored for a baseball team and we got one. It proved to us and the state that it was not only another ball club. To date it is leading the state league and is headed for the championship. Our attendance has been weak. It needs our support to carry on this year and for next year. Let's support them when there is another game in Tampa.

In order to make expenses Miller Adams is going to attempt to have a softball game between the faculty and the selected intramural team. In addition there will be a hog-calling contest. It seems that Brandenburger is seeded first and Kronk is second. The admission to the game and hog-calling contest will be one thin dime. So let's look for the date and attend in full force. This will at least show that we do appreciate and approve of Miller Adams' baseball team.

P. S. It is the only team that is undefeated in all its competition.

## Library Adds Interesting Books to Collection

In keeping with the interest aroused by the present war in Europe and the invasion of Norway and Denmark by Germany the library has obtained several interesting books about the Northern Countries.

"The New Norway," a people with the Spirit of Cooperation, written by A. B. Gumley. This is a story of remarkable progress and a study of the successful distribution of the growth of the soil in a democratic country and other results of cooperation.

"The Norway Yearbook" discusses

the history, government, administration, religion, social conditions, industries and banking of Norway.

"Sweden — Ancient and Modern," published by the Swedish Traffic Association is a beautifully illustrated book about the Swedish nation, contrasting ancient Sweden with modern Sweden. This book is very interesting reading.

"Denmark, A Social Laboratory" by Peter Manniche, principal of the International People's College, Elsinore Denmark discusses life and conditions

in Denmark, the independent farm-ers, cooperative societies, folk high schools, social legislation.

"The Northern Countries in World Economy" is a survey of the significance in world economy of the five Northern Countries, Denmark, Finland, Ireland, Norway, and Sweden. This book describes their economic structure and cooperation. It shows that taken together, the economic activities of these countries place them among the leading World Powers.
