REPORTERS

Bob Blackman, Dick Saxon, Barbara Bedford, Marty Fields, Victor Leff, Fred Lenfesty, Albert McNab, Nancy Humes, Frances Saxon, Jack Whitney, Patt Scott, Jack Cartledge, Leonard Brown, Mr. Gotler, Amy Gardner.

The opinions expressed in the columns of the Reporters are those of the members of the staff; editorial columns speak of the opinions of the editor. These opinions are not to be construed as to necessarily represent the opinions of the student body, nor the faculty of the University.

OF BANDWAGONS AND WITCH HUNTS

By Jack Cartledge

For weeks now, the wailing cry in Washington has been, "Yoicks, a Commie!" Whereupon the great masses of eager new Congressmen mount their elephants and thunder off after another suspected Red.

Now this is a pleasant pastime for exercise-needing Congressmen and although there were some pretty grisly results when the prey happened to be merely a member of the liberal opposition, we smiled, ignored the individual tragedies and figured that at least the great majority of victims were dangerous Reds.

But now we look at the most recent turn of events with an ever-so slight feeling of uneasiness. We refer specifically to the present hue and cry for the outlawing of the Communist Party. Aside from the constitutional legality of this move, which incidentally seems highly questionable, there is the issue of whether the un-American Activities Committee will know enough to stop as soon as they purge the Russian-controlled Communists.

To our minds the mere discussion in Congress of the limiting of American political beliefs violates not only the fourteenth amendment but also the basic rights of Americans. If this law is passed it will be but a small matter for the ruling party to rid itself of its gad-flies by the simple expedient of arbitrarily labeling them Communists, and invoking the proposed new law. It can come to pass that the residents of the federal penitentiaries will change just as often as there is a reversal of the party control of Congress. If this weren't such a strong possibility, it would be a ludicrous situation. So, try to keep your minds open and fight, not for Communism, but against the entrenched elements in our government who are trying to make the freedom of speech and politics a criminal offense.

ARE YOU VERBALLY TEARING DOWN TAMPA?

The following is reprinted from a 1945 issue of the Minaret. It appears in my eyes to be a very appropriate and worthy editorial to be printed at this time. It also proves that the students were no different then than they are now. (Editor)

Are you a knocker? Are you one of the persons who go around dragging down Tampa U. for the mere love of criticizing, or do you do it because it's smart and funny to exaggerate, you think? If more time were divulged in improving the lacking features of the University and less time kicking it about, you'd make yourself feel better and also those of whom you're digging. Are you making a point of telling mere acquaintances about the imperfect characteristics of this institution? If you would spend some time in correcting these lacking points, there would be less disagreeable conversation to others about your alma mater.

"But I don't have time to help," is the weak cry. Then don't criticize those who have found the time.

Do you knock your professors? Do you tell people that Professor So-and-so doesn't know a thing about his subject, that you get bored stiff in one professor's class and over-worked in another's? (Editor's note: It may and probably is true but you don't have to say it.)

I wonder if you know enough about the subject on which your professor is speaking and have the criteria on which to base your judgment. Some helpful criticism to the right person may help matters more than verbally tearing them down behind their backs. "Judge not, that ye be not judged," is a good thing to keep in mind.

"MISGUIDED LITTLE EDITOR"

By Frances Saxon

We have nothing more to say today except people who write anonymous letters and then make the statement that they know it won't be published in the paper should try gaining enough intestinal fortitude to sign their name. All letters to the editor that are signed will be printed. Your name will be withheld upon request. If the person who composed the masterpiece upon the bulletin board will give his or her name to Dr. Baker, the Minaret will be only too pleased to print the letter.

Happy April Fool, everybody, and may you have a nice rest during the holidays.

You Too Can Be Beautiful If You Use This

At great expense we have obtained for you the secret beauty formula used by many lovely women. If you follow this formula, you too can look like—

HELEN Lee
 HELEN Hayes
 LOUHELLA Parsons ...

Before going to bed each night, first break three dozen eggs into a washbowl and put the shells in a deep bowl. Pour the liquid down the drain and mix the shells with eight teaspoons of mayonnaise. Rub this mixture thoroughly into your face, and wrap with a towel that has been dipped in boiling milk. Fasten the towel with three rolls of scotch tape and dunk your head into a vat of green ink that has been chilled for three hours. After dunking your head 343 times, lean over the bathtub and let the ink drool for 45 minutes.

While going through this process, you can also beautify your feet at the same time. Freeze 99 gallons of dirty dish water and then chip the ice into 1/16-inch squares. Dump the ice on the front room floor and stand on it for three hours. When the ice melts, if you are thirsty you can lap it up. This will not only have a delicious flavor, but it will also condition your stomach for any meal that you may care to eat.

This is an exclusive formula, and we beg you not to reveal it to anyone except your rivals. It will make the competition for your boyfriend keener, but you will win him in the end ... You can't fight with a corpse!

DR. NANCE AND NANCY HUMES ARE OFFICERS

In its initial, to-the-point meeting last week, the Florida League of Intercultural Cooperation established a new high in straight from the shoulder discussion of mutual cultural, racial and religious problems in the State of Florida. To this reporter it seemed that the very air of the conference was electric with the spirit of exuberance and of understanding.

The 73 persons at the meeting represented Christian, Jewish and Negro religions, educational, school and civic groups from all over the state. One of the highlights of the conference was a brilliant, impromptu speech by Dr. Pickens, Negro delegate who is now working with the Treasury Department in their intercultural program.

Elected president of FLIC was Dr. Nance, who was unanimously chosen because of his untiring efforts in getting this new organization on its feet.

Other officers elected were Dean Charles D. Tharp from the University of Miami, executive vice president; G. D. Rogers, Jr., of the Negro Business Men's League of Tampa, Rabbi Morris A. Skop, of Orlando, Father William J. Harty of Tampa, vice presidents.

Miss Mary Gleason of Orlando was elected secretary, The Rev. James B. Allen of Tampa, treasurer and through the suggestion from the floor that since every group was represented but the students, the nomination for assistant secretary was given to Tampa U. student Nancy Ellen Humes, who was elected unanimously.

PIGEONS IN THE BALCONY, ALAS

Pigeons in the balcony, alas, pigeons in the balcony, alas. The above words are a direct lift from Gertrude Stein's famous saga, Pigeons in the grass, alas. What we really mean is, that Spring is here and the two pigeons that have been billing and cooing outside have been blessed with a tiny bundle of yellow feathers right out on the Minaret Room balcony. Due to the fact that Mama sits on the baby all day we have not been able to get a good look at the infant. The Minaret staff is considering throwing a shower for the little bird. Any contributions will be appreciated.

New Offices

Three of the four offices recently constructed on the mezzanine of the University building are now occupied. The new tenants are Miller K. Adams, director of physical education; the Department of Intercultural Relations, and the 313 Masquers. The fourth office remains unassigned.

Construction of the offices has taken about two months. Before they could be built, it was necessary to repair the west wall and reroute the wiring in order to place a lighting fixture in the center of each room.

Group Capt. R. J. Legge, Air Attache with the British Embassy in Washington, will give the address at the graduation exercises of the University, June 2. President E. C. Nance has announced.

Price Lauded As Ideal Tampa U. Delegate

The below is a section from a letter to the Kappa Kappa Psi, Honorary Band Fraternity, from Frank Martin, the grand executive secretary and editor of the National Chapter at Oklahoma A. & M. College. Those students who read the Minaret will remember the story about Robert Price being the U. of Tampa's delegate to the national conference.

The letter reads as follows:

"May I say that your good president, Robert Price, surely represented the Alpha Sigma chapter in a great and glorious way. He arrived in Stillwater on Wednesday and was my guest at the wrestling matches and was also my breakfast guest with other national officers Thursday morning. He served on the credential committee in a great way and literally won his place into the hearts of the delegates attending the convention and played a great part in helping me throughout the whole convention period. I have met very few men that I have accepted so deeply in such a short time and, frankly, I want to say that Bob Price is truly great. If he is a fair representative of your chapter you can put it down in your book that I think that Alpha Sigma is one of the finest in the United States.

May I add that we elected your good director, Brother Lyman Wiltse, as district counsellor of the southeastern area of the United States. I shall notify him soon and I feel that he will be a great help to you in the future plans of Kappa Kappa Psi. I only wish that each and every one of you could have been present but since you were not you may feel assured that you were ably represented by Bob Price."

THE UNION IS ON THE JOB

The Baptist Student Union here at Tampa University gave its first real "shindig" of the year in the Rawlings Room, Thursday night. Mr. Kuncce of Florida University's B.S.U. was guest speaker. At this meeting the Inner Council was elected for the coming year. Mildred Baucum was reelected president; Delores Patrick, vice president of the enlistment and publicity chairman; Percy Jenkins, vice-president of social activities; Bob Uran, vice-president of devotional activities, and Carmen Rockeforte, secretary and treasurer.

These officers will be installed sometime this month at a formal banquet and the evening service of one of Tampa's larger Baptist Church.

Mr. Kuncce explained that since there were over two hundred Baptists enrolled here and almost all went to individual churches, the primary function of the Student Union would be to serve as means of uniting the Baptists in a social atmosphere and providing wholesome entertainment. Of course, the Union is exceedingly interested in Christian fellowship among its members also, but we do not want anyone to feel that when they attend a B.S.U. meeting or party they are "just going to church."

Members of the Inner Council would like for everyone to know that they are welcome ... in fact, urged to attend ... at the semi-monthly meetings. We intend to wage a campaign and enlist every Baptist in Tampa U. in the B.S.U.

At the T. O. Ring Dance Miss Margaret High and Frank Selph announced their engagement, as seen by the picture above.

Boring Dance Given by Local Fraternity

By F. SAXON

The Bata Fistula Pie fraternity entertained disgustingly in their annual Uncle's Day dance last week in the Kamodhead Tearoom. The dancing hall was villainously decorated in the fraternity colors, lavender and vomit green. A tremendous bucket of spiked punch was the center of attraction.

The first dance, which began the customary two hours late, was danced to by the fraternity brothers and their excuses for women.

The dingy borrowed black of the men made a nauseating contrast with the sleazy barbaric costumes of the young ladies (by courtesy) and beneath the glow of harsh lights the ensemble was most remarkable and hideous.

Throughout the evening couples could be seen going out to catch the air, and the many automobiles parked here and there were well occupied.

Music was furnished for the occasion by Schneider's Band, who had no particular qualifications except for an ability to make noise and a noticeable lack of musical knowledge.

Miss Mazie Chasem, who would be very plain looking if you could see her face underneath all her makeup, wore a "gay deceiver" strapless dress and a uniformly stupid expression.

Miss Fruithanna Schrdlu, widely known as "Miss Air Corp Trollop of 1915," wore a worried expression; she's not sure she can last out the season.

Miss Salicione Salts was laughable in a gown which she inherited from an older sister much larger than she. She was mocked at and spit upon as she slunk furtively across the floor with her two-headed escort.

Miss Natasha Parthenogenesis, the well known 12-fingered beast of the Howa Botta Data Porority, was a problem for her date, who tried all known methods to shove her off on his fraternity brothers, but who was finally obliged to sit out six dances with her.

Miss Korvastravison Herma, a blind date from St. Petersburg, wore something or other too mediocre to mention.

Dancing ceased at 2 A. M. but the festivities continued until nearly morning at the Turf Exchange, Third Island, Brass Rail and other localities.

HISTORICAL SOCIETY TO CONVENE AT T. U.

The University of Tampa has been chosen as this year's meeting place for the annual convention of the Florida Historical Society, to be held tomorrow and Thursday, April 2 and 3, in the Riverview Auditorium and the Ball Room.

Dr. Ellwood C. Nance, president of the University, will welcome the visitors in an address at 10:55 A. M. on Wednesday and will also be toastmaster at Wednesday evening's Society Dinner.

Many prominent Florida educators, authors and clergymen will discuss events and projects of interest to the society. Among the speakers will be Dr. C. Herbert Laub, professor of history here at the university; and John Mercer Brooke, a native Tampan and designer of the first ironclad naval vessel in American waters. Dr. Laub's subject is "The Tampa Bay Hotel: Social Center, 1891-1930; Educational Center, 1939-19—."

Tours have been arranged for parties to be conducted through the Municipal Museum, located on the ground floor of the University's south wing. Here the Historical Society members will see many pieces of valuable period furniture, paintings and objects of art that were once owned by French, Italian, and Scottish kings and queens.

Veteran's Wives Club

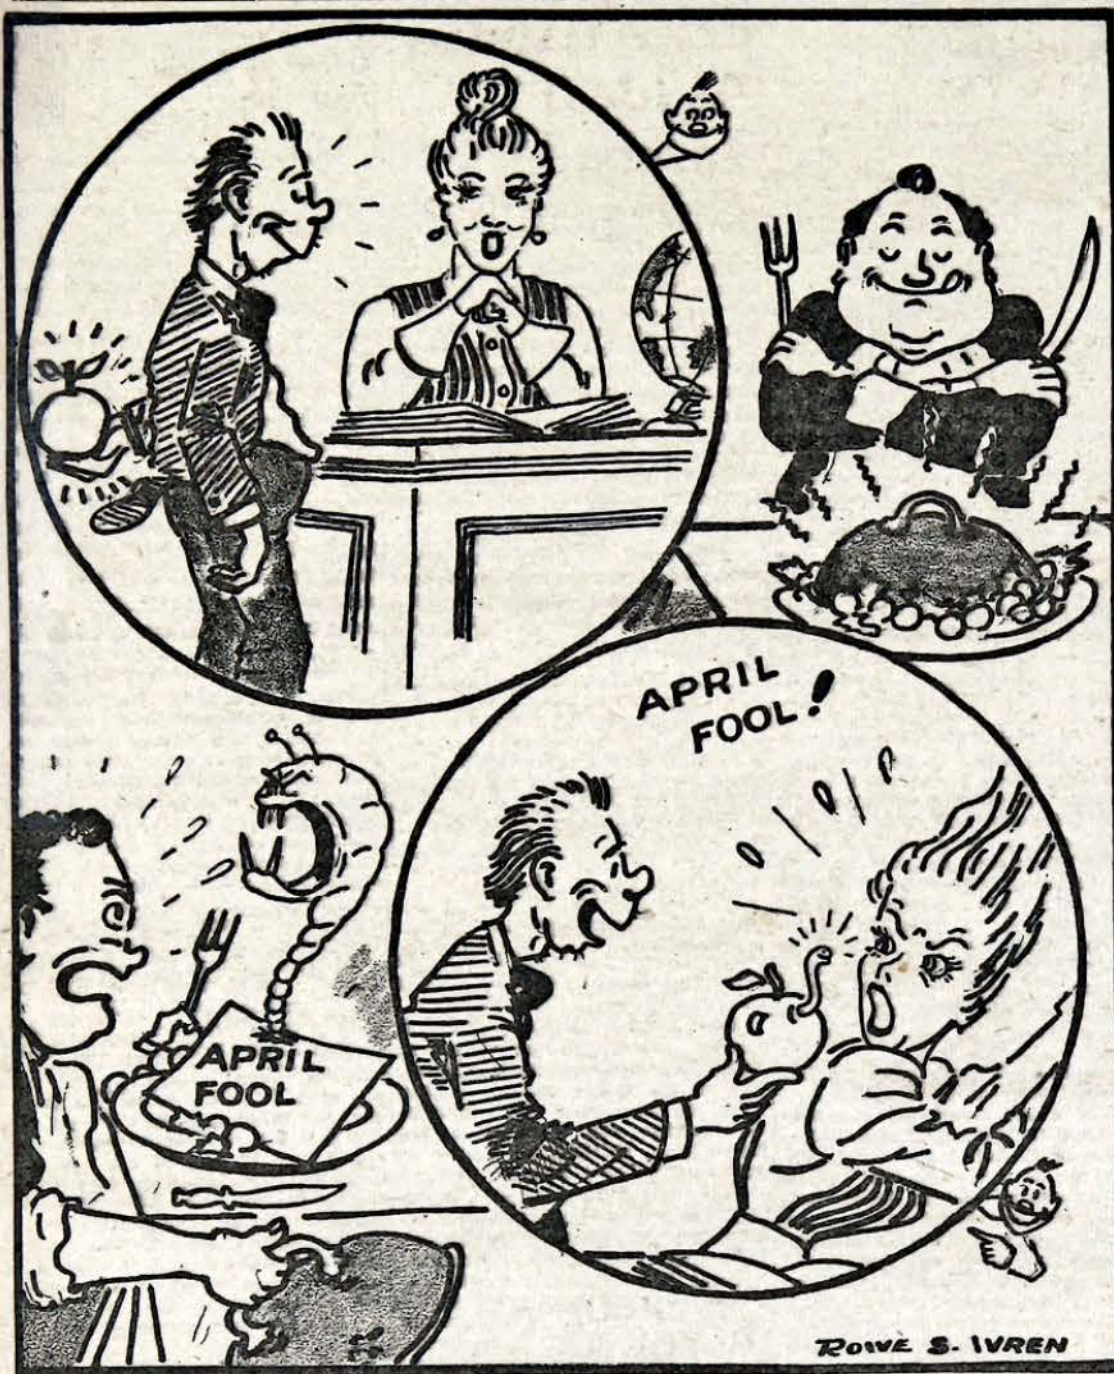

The Veterans' Wives Club invites the wives of T. U. veteran students to attend their next meeting, April 9, in the Rawlings Room. This club is interested in the welfare of the University and wishes to create a friendly, social attitude within the married veteran circles.

Organized at the beginning of the Fall semester, the club is growing rapidly and welcomes new members. Among its projects the club has several University service programs with which, it feels sure, all University veterans' wives will want to help.

If you are interested, please see Mrs. Eugene Angers or Mrs. Lee Marley in the Business Office.

ALL STUDENTS

must have their photos taken for the records in the Dean's office as soon as possible. If you have not done this, go to the Hayden Campus Studio, near the Park made. Do it NOW!

April Fool Fools

Well, well, Hello, you stupid little people. How are you all this dull dingy day? Do you feel like little April Fools? Hummm? If you don't, you certainly do look like it, and any similarity between you and human beings is purely an oversite, unintentional, and entirely coincidental.

Well, my little friends (you are my friends, aren't you?) get that stupid look off your face (your natural expression, that is) and concentrate on being a good li'ole April Fool. Since it is obvious that you couldn't concentrate any longer than I could hold up one end of the University (that's Ytsevinu spelled sdrawkcb) I shall give you a list of simple rules for being an ideal April Fool. Don't forget, you, too, can be the envy of all the idiots in school. Run find somebody who can read, 'cause here goes:

1. Always answer in the negative (that means don't say "yes") when someone springs the one about, "Did you know that they found Amelia Earhart?" I know you won't remember this, but the answer is: Richard opened the door, and there she was! Forgotten it already? Tch, tch.

2. Always look when someone points and yells: LOOK! Then refrain from beating their brains in when they whoop, "APRIL FOOL. ALWAYS REMEMBER: This is a compliment. This is what you are striving for."

3. Always pick up the piece of wire that tripped you, and howl gleefully when it shocks you. After you come to, of course. You surely wouldn't want to spoil any one's fun, would you? You would? Obviously you have no sense of humor. No sense, that is.

4. Never feel hurt when someone brighter than you are fails to respond to your little tricks. Remember, always try again. If you are in condition to.

The only thing you have to do now is pin this list of easy-to-remember rules on your shirt-front or dress, as the case may be, and look at them once every 10 seconds (if you can remember they are there.)

Goodbye, now, my little fool. Don't forget, a little fool grows up to be a big fool.

ters are from the Veterans' Ad-
ministration.

A.G.'s Greet The Spring With A Big Dance

The annual Spring dance given by the Alpha Gamma's was a splendid success. The sponsors, were chosen according to their abilities as a ticket-seller. Pauline Cacciatore, Camille Garcia, Carmen Palacio, Carmen Zam-bito, and Marion Glorioso were the five young ladies to receive the hon-ors. The sponsors and their escorts were introduced by Doctor Laub as they entered the ballroom through a trellis covered with azeleas and fern and surrounded by palms.

Intermission entertainment featured two professional dancers, Botsie La Fe and Billy Evans. Botsie danced to "Temptation" in an alluring white and silver ensemble. Billy Evans, who was making his first public appearance since his recent return from Germany, did an intricate tap routine accompanied at the piano by Joan Wurtz.

As part of the advertising program for the dance, the pledges came to school in crepe paper dresses to represent Spring flowers.

Now the A. G.'s are making plans for their annual beach party to be held at the Happy Landing Court on Madeira Beach during the Easter holidays.

The pledges are going to entertain the members at a party in the near future.

Sigma Theta Phi

Plans for the Sigma Theta Phi's April 25 dance were discussed in a meeting held last Monday night in the sorority room. Miriam Chastain, president of the sorority, presided.

Members also talked about a picnic supper which is to honor members of the Sigma Theta alumnae. The outing is to be held after the beach parties on a date to be set later after a joint meeting with the alumnae. Either Hillsborough State Park or one of the Gulf Beaches has been tentatively scheduled for the picnic.

At a previous meeting active members agreed to exchange delegates with the alumnae for meetings. Martha Jane Coler was sent from the active members, while Betty Faye Cumbe and Alice Aries came from the "old" Sigma Thetas.

Softball intramurals will start this week for girls. The Sigma Theta team will be composed of Elena Rivero, Dot Alonzo, Joan Schwab, Barbara Ham-mett, Miriam Chastain, Dee Robinson, Kathryn Wilson, Julie Daniels, and Alyce Griffen.

New pledges went to their first Pledge Court on March 19 in a ceremony held in the Sigma Theta room. The Spring semester's pledges are Betty Blitch, Madge Kleinhammer, and Nancy Anderson.

Tau Omega Ring dance sponsors — Mrs. Robert Grimsley, Mrs. Karl Chambers and Miss Dot Sauble.

T.O.'s Give One Of Best Dances Of The Year

One of the gayest and most elaborate social events of the season took place Friday night when the Tau Omega Fraternity held its sixth annual formal ring dance at the Forest Hills Country Club.

Music of Victor Ruiz and his orchestra provided a background for the presentation of this year's sponsors—Mrs. Karl Chambers, Mrs. Robert Grimsley, and Miss Dorothy Sauble.

The decorative theme followed a pink and blue motif. In the center of the ballroom was the large traditional ring through which each member escorted his date to receive a plain gold ring engraved with the Greek letters of the fraternity.

Receiving guests were Miss Marion Mackey, escorted by fraternity president George Jack; Dr. and Mrs. Howard Baker; Mr. and Mrs. Jesse L. Keene; Dr. and Mrs. Donald Robinson; Mr. and Mrs. Doyle Bluemle; Mr. and Mrs. Jack Kelsey, Mr. and Mrs. Donald Britt; and Mr. and Mrs. Edwin Gardner.

Alpha Mu Tau

Alpha Mu Tau, provisional chapter of Sigma Alpha Iota, is making plans for their annual Spring recital to be given at the Federated Clubs Building, May 27. Featured on the program will be a contralto and soprano soloists, a violin solo and a pianist. Members of Alpha Mu Tau will be assisted by the University orchestra and chorus under the direction of Lyman Wiltse.

The new officers for the coming year will be announced at the recital, also the new president of the patronesses of Alpha Mu Tau.

Following the recital a formal reception will be given by the patronesses. Mrs. J. S. Mims, president of the patronesses will be in charge of the arrangements. Nine girls have recently been accepted as pledges of Alpha Mu Tau. They were chosen on the basis of musical talent, scholarship and participation in the musical organizations at the University. They are the Misses Georgia Frayne, Joyce Hobart, Peggy Mayo, Barbara O'Berry, Mary O'Brian, Shirley Smith, Betty Trimble, Jean Wiltse and Mrs. Helen Dorman.

Dick Saxon To Represent T. U. Festival Contest

Last Friday at 11:30 Leonard Gotler, Arbie Arbogast, Ralph Diaz and Dick Saxon competed for the honor of being TU's candidate for the Washington State Apple Blossom Festival which is sponsored by the Washington State Apple Blossom Association. The Festival is to be held in Wentchee, Washington, May 1 and 3. Dick Saxon who was proclaimed winner by judges Bob Price, Bob Williams, Lyman Wiltse, and Manual Alvarez, will compete with other collegiate male singers by submitting his personalized recorded version of I'll Be With You in Apple Blossom Time, to a committee of experts. The winner of this nation-wide contest will receive a trip to Wentchee, all expenses paid; he will be presented at the Apple Blossom Time Queen's Ball; and he will appear with a name band over a network broadcast.

What, Where and When, With SKN

By ALBERT McNAB

AND SUDDENLY IT'S SPRING: And on the first day of Spring the Sigma Kappa Nu fraternity adopted 12 pretty co-eds as daughters of the fraternity.

In the early hours of the morning baby shoes filled with Spring flowers were distributed at the home of girls Thursday night. To each shoe was attached a small white card announcing the girl's choice, accompanied by an invitation to attend a luncheon in their honor at the Club Copacabana, formerly the old Davis Islands Country Club.

The girls announced their acceptance by wearing the traditional shoes around their necks to school. At noon a Sadie Hawkins race was held in reverse on the John Smiley walk on the campus grounds. In keeping with the tradition of the fraternity and Daughters Day, any boy catching a girl will be treated by the girl to a dinner and all the other delights of a date. As yet no boy has been lucky enough to catch a Daughter in the race for the beauties.

Short talks were made by Dr. E. O. Nance, Dr. Robinson, Rabbi Zielonka, Miss Jones and Miss Glenna Hill, SKN Daughter of 1946.

A special program was presented by the pledges of the fraternity at the luncheon with Ed Kendricks in charge of arrangements.

Daughters adopted for 1947 are Miss June Anderson, by Albert McNab; Mrs. Mary French Kelsey, by Jack Kelsey; Mrs. Frances Saxon, by Dick Saxon; Miss Helen Lee, by Joe DiBona; Miss Joan Schwab, by Joe Cumbe; Miss Betty Bridges by Bob Williams; Miss Betty Jane Brownsey, by Homer Woodruff; Miss Dot James, by Ed Kendricks; Miss Mary Emma Hartnett, by Tom Curry; Miss Mary Virginia Fletcher, by Bill Handley; Miss Barbara Raffo, by Chub Garrison; Miss Betty Owen, by Vincent Giglio.

Sports Parade

By PAUL GORMAN

Coach Miller Adams of the University of Tampa "9" is rapidly shaping his 20-man squad into a fine ball club. The season is still young and the boys are just beginning to get their eyes at the plate, and some have sore arms but the team looks good. Although no one dares make a prediction as to what sort of record the Spartans will make for themselves this year, it is safe to say that they will do all right regardless of what the competition is.

The Spartan diamond men have played intersquad games and have had a few practice contests during the past week and off and on they look good. Baseball has always produced much talent here at Tampa U. and this year should not be an exception.

Comprising the team are a number of men who have played service ball against major league competition. Among the more experienced men on the squad are Johnny Drew, a strong right armed flinger with an enviable record behind him. Big John is a specialist in strikeouts and Tampa U. fans are in for a real treat when he takes the mound this season. In the same department is Doug Forrester, a boy with plenty of speed and a smart chucker. Bobby Fabian and Echevarria round out the pitching staff.

The Spartans have three very capable receivers in Tony Garcia, Jack Layfield and Law. All three are hard workers and Layfield packs the most power at the plate. Garcia, although young, has much experience behind him and Law is not a novice behind the plate.

The Spartan infield is rounded out with Art Gniadowski at the hot corner who sprained an ankle last week sliding into second. He should be back in uniform before the week is out. Art has a good arm and is a long ball hitter. The double play combination of Rosenbaum to Grimsley is shaping up well and in no time at all they will be in top condition. Tony Dorio at first base is looking better all the time and his stickwork is improving. John Scott and Oleson complete the number of infielders.

There are a number of hard working fly chasers playing for Adams this season. In the outfield is where most of the power lies. Some of the boys are trying to kill the ball but they will get over that in a few days. Emilio Ippolito, Johnny Williams, Al Fecteau, Hays, Smit and Bisette will be in full charge of the outfield this season. Ippolito, Williams, Hays and Smit pack a great deal of power. Fecteau is a long ball hitter who can place a ball to any field. Bisette has a good arm and is very capable with the hickory.

Home games for the University of Tampa baseball team include Rollins College, the University of Miami, Stetson University and the University of Florida. A home game with the Tampa Smokers may come about in the near future. There will be approximately eight home games during the 1947 season. Rollins College will be here Friday and Saturday. Watch the bulletin board for time and place of the games.

GORMAN'S GROPINGS

The University of Tampa will probably have formal football in 1947 if H. R. Cullen of Houston, Texas acquires a liking for our school as he has for Houston U. If the \$137,000 arrives within the next few weeks, there will be plenty of time to start spring practice.

It wouldn't surprise me if Mr. Cullen knows about the University of Tampa Memorial Endowment Campaign already!

They tell me that the winner of the women's ping pong tournament will be either Margaret High or (you guessed it) Evelyn Jewell.

All you girl softball players contact Miss Crean. Tryouts are being held to form a team that will be entered in city league competition.

The big question in Spartan sports circles:

Who will be Tampa U.'s outstanding athlete for 1947?

Male Animal To Growl 15th and 16th

(Continued from Page 1)

fine Sible, and Keller's wife, Myrtle, played by Nancy Humes, add to the confusion with their everlasting chit-chat about operations. Last but not least is Cleota the maid, played by Mary Nelle Buck. The character of Cleota is known as one of the stupidest maids in the history of the theater and she adds considerably to the confusion.

The action of the play all takes place on a homecoming weekend at Midwestern University. The Male Animal is written as a farce but it contains a deep moral lesson behind its witty lines.

Hedda Comes To T. U. Next Tuesday

(Continued from Page 1)

In the UBS. He played the part of Constable Warren in Our Town.

Bertha—the maid—Played by Barbara Bedford, graduate of HHS where she was a member of the National Thespians and the Pi Kappa Delta. She played Rebecca Gibbs in Our Town.

Juliana Tesman—Played by Katherine Sible who is a graduate of HHS, a member of the Thespians. She has had parts in several Little Theater productions.

George Tesman — Played by Bob Hancock, graduate of Pasco High School, Dade City. He attended Bob Jones College, Tennessee, where he was a member of the Classic Players, the dramatic club. He has also been active in radio work at U of T. He played Sam Chalg in Our Town.

During the Civil War, Tampa was invaded and captured by the Union Navy.

NATIONAL GUARD LOOKING FOR ELIGIBLE MEN

The National Guard, represented in Tampa by the 116th Field Artillery Battalion and the newly-organized 51st Infantry Division, has turned to the University of Tampa in its quest for men fitted to occupy key positions in the organization.

Stationed in the lobby for an indefinite period to advise and guide men interested in civilian soldiering is Maj. B. J. Randall, Jr., National Guard instructor attached to the 116th Field Artillery, and Capt. J. F. Murphy, AGD, with the 51st Division.

Both groups have many openings on the staff level, carrying high non-commissioned ratings, which, the officers said, are open to qualified men. "Qualified men," they explained, does not necessarily mean men with specific experience in the specialty called for. They emphasized caliber, rather than experience, as the determining factor in selecting men for specialized positions.

"The University offers a good reservoir of manpower under one roof and we would like to sign up as many as possible from here," Major Randall said, adding that practically every man who has been enlisted so far is a veteran.

"They, more than anyone else, see the need of a peace-time security force of some kind," he said.

Pointing out advantages, in addition to serving and acquisition of valuable training for possible military emergencies, Captain Murphy listed contacts with prominent persons in the City, a liberal pay scale, high non-commissioned grades and an opportunity to take extension courses leading to a reserve commission. Men already members of the Enlisted Reserve Corps are automatically transferred to the National Guard upon enlisting, he said.

Which brings to mind the joke of 1946: Did you know that the reason John L. was brought to trial was because he was contributing to the delinquency of miners?

TAU OMEGA ROLLS OVER BETA CHI 44-13 BX Win Streak Snapped

Led by George Mills and Bob Grimsley, the Tau Omega fraternity rolled over the Beta Chi boys by the crushing score of 44-13. From the very beginning there wasn't any doubt as to the outcome. Lanky George Mills had complete control of the basket and also found time to pour through 18 points while doing so. Schuman, Edwards, Rupponer and McDonald were outstanding in defensive play. The BX's totaled only six points in the first half and all of seven during the remainder of the game.

The TO's started the game with much spirit, remembering the upset tie in the touch football league last Autumn. Revenge was the one thought in mind and Tau Omega didn't have any trouble getting it. SKN's Win Over Ace Club By 28-15

The Sigma Kappa Nu fraternity extended their winning streak to five games last week by an easy 28-15 victory over the Ace Club. Paced by Buddy Dekle and Fred Barksdale, who scored 10 points each, the SKN's found it smooth sailing all the way at the expense of Charlie Hayne's boys.

Technically this win puts the SKN's in second place behind T. O. who have one more victory and also are undefeated. Beta Chi is in third place with a five and one record. The champion of the intramural basketball tournament will be decided this week. The best the Beta Chi team can hope for is a tie for the championship and they will get that if either the T. O.'s or SKN's lose one game.

Love Story

By BARBARA BEDFORD

It was a beautiful night in early Spring. The breezes softly stirred the slumbering trees, and the brook bubbled noisily over the rocks. From behind the clouds the moon was trying to fight its way into the vast space above to shed its beams upon his glistening hair.

There we sat. I was wearing my prettiest dress, looking very serene and demure. I waited patiently for something to happen, knowing that I must not move for fear that I might spoil the atmosphere.

For a long time, there was no sound. Even the breeze stopped and the brook was quiet. I looked at him very casually. At first he just returned by gaze, then he rose and moved closer to me—so close that I could feel his breath on my cheek. I began running my fingers through his hair, caressing his cheek.

His eyes met mine, pleading with me. I put my arms around his neck drawing his face closer to mine. Time was fleeing swiftly. I must act swiftly, but yet he must not lose confidence in me.

After a few moments I knew that I had him in my power. Moving swiftly, I grabbed Aristophanes, for I had promised Francis that I would give her puppy a bath.

There are about 600 weeks proclaimed each year.

TAMPA U. WOMEN RECEIVE AWARD

Miss Frances G. Crean, head of the women's physical education department took great pleasure in announcing recently that each member of the women's basketball team received silver basketballs for being runner up in the city basketball league for the 1946-'47 season. This was the first time in women's sports competition in the city of Tampa that a second place team ever received an award.

In making the awards, Mrs. Foreman, director of the City Recreation League said that the awards were made to a second place team because of the great improvement in spirit and attitude shown this year.

The faculty and students can be very proud of the women who represented the university in basketball competition this past season. The fair sex quintet did much to better the university through their show of clean sportsmanlike play.

Spartans Play Rollins College Friday and Saturday

NEW YORK PAPER WILL CONDUCT CONTEST FOR SPORT WRITERS

The New York Herald Tribune is considering inaugurating a competition in the fall of 1947 to determine the two best college sports writers in the country, one from the East, and one from the West. Each winner would receive an all-expense paid trip to cover the East-West All Star basketball game of 1948, the winners to be determined by the best story written by a college student in his respective area during the 1947-'48 season.

The winning writers would have two days and nights in New York City. They would live with the college All-Stars, and would be encouraged to file stories for their own college newspapers, or other papers of their choice. They would enjoy the same entertainment, shows, night clubs etc.

The competition would be conducted to further the development of better sports writers. Because more latitude is given to sports writers than to straight-news writers, they have the opportunity to write exceptional copy.

All students, both men and women, whether or not they have done any sports writing and are interested in writing sports are urged to contact Paul Gorman through the Spartan Room mail box.

Col. Scott Of "God Is My Co-pilot" Fame To Speak

University of Tampa students will have an opportunity to hear one of the most popular heroes of World War II on Tuesday, April 8, when Col. Robert L. Scott, ace Army Air Forces pilot and author, speaks to them.

Dr. Nance, president of the University, announced that Col. Scott would address the students in a special assembly at the First Baptist Church at 11:30 A. M. on that date. This assembly will be held in the First Baptist Church on this date because the assembly hall will not be available then. This assembly is required and attendance will be checked.

The man who wrote "God Is My Co-Pilot" and other fascinating books and who has an even more fascinating record in the skies over China will appear here under the sponsorship of the Air Reserve Unit at MacDill Field and the Clarence L. Tinker chapter of the Air Reserve Association for observance of National Army Week, April 7-13.
