HOMEcoming — 1956

by BUNNY MICK

The 1956 University of Tampa Homecoming began its long week of festivities with a Quarterback Club luncheon on Monday, November 12, and ended Saturday night with the Homecoming dance at Fort Homer Hesterly.

Thursday evening, Rho Nu Delta gave a dinner and dance at Doc's Hideaway. The Homecoming play titled, "Bell, Book and Candle" was presented in the Dome Theatre at 8:00 p.m.

Friday evening's activities began with the Homecoming Skits — "Spartan Splash," in the Dome Theatre. This was followed by the President's reception for alumni in the University of Tampa ballroom. The alumni was represented by its president, Tony Ippolito.

The Homecoming queen, Mickey Rumore, was presented at 9:45 in the University ballroom.

The Cuban Club was the next attraction, as a gay time was had by all sorority and fraternity members at the Greek Letter dance.

Several breakfasts were held by various sororities and fraternities on

Saturday morning. The Industrial Arts Department held a breakfast at the University of Tampa. Sigma Phi Epsilon held their breakfast at the fraternity house on the campus. The Tau Kappa Epsilons and the Pi Kappa Phis chose the Hillsborough Hotel for breakfasts.

The Homecoming parade was greeted by a warm sunny day and after the usual confusion of lining up floats organization was quickly restored and the parade began on time!

The theme "Knowledge is Power" was used this year, and was well presented by various floats. There was a total of 43 units, which made this one of the largest homecoming parades ever.

The social hour and alumni luncheon were held at the Hillsborough Hotel with State Senator Doyle E. Carlton, Jr., of Wauchula as guest speaker. He encouraged the University of Tampa alumni to help build and continue the growth of our University and work in harmony with the proposed state university.

Where You Worka John?

Many of you may be well aware that various corporations are setting up means for granting gifts to educational institutions on the basis of whether or not they have alumni from a particular institution working for their company or any of its branches. Many times these corporations make a grant to the college or university on the basis of whether or not the alumni contributes anything to his college or university, whether the contribution be small or large does not affect the giving on the part of the corporation. However, they feel that unless an institution is receiving help from those that attended it, they are not willing to grant support.

Many corporations make a grant to an institution just on the basis of the fact that there are alumni from that institution working for them.

You can help us by advising us where you work and whether your company has that type of program. We know that the following companies/corporations follow a plan of corporate giving based on alumni employed by them:

Allegheny Ludlum Steel Corp.
Bank of New York
Bonwit Teller
Burlington Industries
Cabot, Geoffrey L., Inc.
Campbell Soup Co.
Deering Milliken & Co.
Draper Corp.
General Electric Co.
Goodrich, B. F. & Co.
Hewlett-Packard Co.
Hill Acme Co.
J. M. Huber Corp.
Jefferson Mills
S. C. Johnson & Son, Inc.
Jones & Laughlin Steel Corp.

(Continued on Page 4)

(Continued on Page 4)

To My Fellow Alumni:

Life at Tampa U. goes on as always. Changes in faculty and student body only serve to emphasize the outward alterations yet inward similarity of a University in action. Yet from the vantage point of the years my thoughts serve to bring many of you back to the campus amidst the days when you were undergraduates and I was filled with the burning desire to prove my own worth and that of my various and sundry offerings.

Many of you will recall our efforts together in Sociology — those were the days when a class of seventy-five was quite normal in the first course — we were in a hectic world of the depression with all the problems it presented and we sought to envision the society of tomorrow which since then has proven to be the even more challenging today.

Many of you will have suffered through my bungling efforts to create a Department of Philosophy where none existed. If you learned anything it was pure coincidence but we did succeed in making our University conscious of the needs and so Philosophy goes merrily along.

But most of you will remember my first love: Religion. To it I have devoted most of my time and attention. In 1931 I began with the premise: "to know is to understand, and to understand is to appreciate." This objective has always been paramount in every course in the department and by its application we have sought to hold the candle to religious truth so that it might illumine each of our paths.

But ours was not only a classroom relationship for we enjoyed many social events together — the faculty was small and being a chaperon was not only a pleasant diversion but a compelling duty. Because of these associations we really came to know each much more intimately that I am now privileged to know the present students.

I am happy, therefore, to send my greetings and fond good wishes to each of you via our Alumni Bulletin. Always remember that the voice of a University is only as strong as the loyalty and interest of its Alumni. Tampa U. may be in for a trying

(Continued on Page 4)

ELECTION INFORMATION

Time has come to think seriously of the election of officers of the Alumni Association for the coming year. Since this will be the first election under the new constitution, we are taking this opportunity to explain in detail the mechanics of the new system of write-in ballots.

Officers to be elected by ballot are the president, vice-president, treasurer and directors. The number of directors to be elected will be five plus the number needed to fill any vacancies.

The nominating committee, appointed by the president will nominate two members for each office and at least half again as many as are needed to fill the vacancies on the Board of Directors.

Nominations may be made by petition over the signature of any fifteen members of the association. Written consent of the nominee must accompany the petition which must be filed with the secretary of the Association by April 15.

All nominees will be listed in the May edition of the Alumni Bulletin, without designation as to their manner of nomination, with a picture of each if possible and a short biographical sketch.

Ballots will be mailed to **every member** of the Alumni Association not less than three weeks before the date of the annual meeting. The Annual Meeting this year will be held on June first.

Membership in the association is stated in Article 111, Section 1, of the Constitution: "The Association shall not assess dues, but will operate under a system of voluntary yearly gifts to the association. Any gift by an alumnus to the Association shall make him an active member in good standing for the remainder of the fiscal year." Donations for membership should be mailed to the University of Tampa Alumni Association in care of the Secretary to the Alumni Board, Dean B. B. Burnside, at the University, and should reach his office before May tenth.

The ballot must be marked and returned in accordance with the instructions received with it. No ballot will be counted if received later

than 48 hours preceeding the annual meeting.

Ballots will be counted by three tellers appointed by the executive committee. They will be members of the association but not of the executive board or the nominating committee. Announcement of the new officers will be made at the annual business meeting and will be mailed to all members of the Association in a news letter following the annual meeting.

We cannot urge you strongly enough to take advantage of your right to vote for the officers who will guide your Alumni Association. If at all possible, attend the meeting and give your Association your support. If it is impossible for you to attend in person do mail your ballot in and have a voice in the selection of the people who will represent you for your Alma Mater.

" POME "

Fussing and fuming and fretting away,
No news at all in so many a day.
Wonder what's happening, who's moved away?
New babies and weddings and jobs every day,
The Great White Father has plans on the way —
New buildings and profs and places to play.
Just you write to us some nice quiet day,
Send all the tidbits (preensored) our way.
We'll tell you all they allow us to say,
You'll get the news in the easiest way.

on University of Tampa
East Veranda
At University of Tampa
7:30 A.M.
FRIDAY, 15 MARCH
DEAN RHODES
Will Be Our Speaker
PLEASE ATTEND

PRESIDENT'S LETTER

Dear fellow alumni:

This issue of the Alumni Bulletin contains materials which, I hope, each of you will read carefully. As you know, from past issues of the Bulletin and from information presented at the annual Homecoming luncheon this year, the Constitution has been revised as has the method of voting for officers. The method of voting is carefully explained in this issue, and we hope that you will agree that through this means everyone, whether he or she can be present at the actual meeting or not, will have an opportunity to vote. Also, the makeup of the membership of the Board of Directors is placed on a broader basis. Previously the control had been centered entirely in Tampa itself.

Another item that I would like you to think about is that of contributions to the Alumni Association. Dues, as such, have been eliminated as far as setting any definite amount as annual dues. This has increased considerably the total amount received during the past two years and has increased greatly the amount given per person. However, we still have a long way to go before we are on a "paying basis," or before we can expand our activities very much. At the present time the University is contributing from its budget \$2600 for alumni expenses, which include the cost of the Alumni Bulletin, mailing costs, and a small amount for secretarial help in Dean Burnside's office. We hope the day will soon come when we can carry our portion of the alumni costs and increase the services.

Voting membership is restricted to those who have made contributions to the alumni fund. I point this out because there were some few alumni who registered at Homecoming time, but who did not make a contribution and who, therefore, could not be considered as voting members. We hope that each of you will see your way clear to making some contribution to the alumni fund and therefore become voting members in the organization. All alumni who have made a contribution prior to the date the ballots will be called in, will be considered voting members.

Won't you demonstrate your interest in your Alumni Association by becoming a contributing voting member?

Sincerely,
Tony Ippolito
PRESIDENT

PERSONALS

Thanis G. Alexander, '50. Thanks so much for your membership contribution. Thanis lists his address as 633 Penn Drive, Pittsburg 35, Pennsylvania.

Annie Anzalone, '49. Annie of 3020 Sanchez Street, Tampa, Florida, joins with a membership contribution.

Mervin Beattie, '40, is married to a Chicago girl and has a family of three children. Mervin is associated with a printing company. The family vacationed in Florida this past summer.

Mr. and Mrs. Milton O. Bedingfield '50 are very happy to announce that they have had an addition to their family. The long desired son made his arrival on Dec. 6, '56. They have named him Milton, Jr. The beaming parents are equally proud of their two fine daughters.

Martha and Arnaldo Berdeal, '56, have sent in their contributions to the Alumni office. Thanks very much.

Emerson Brokaw (a freshman in '42) is married and lives in Lakeland, Florida, where he is pastor of the Christian Church.

Jesse Brown '56 writes from, as

he says "Smoggy California" that he enjoys his work as a Research Engineer at North American Aviation very much and that it is very interesting. He plans to attend U. S. C. this coming February to work on his M.S. degree in Chemical Engineering. He wishes to be remembered to all "Spartonites." His present address is 8804-1/2 Imperial Highway, Downey, California.

Robert S. Bryan (56). At a meeting at Key West, High School recently, Mr. Burnside was pleased to meet Bob Bryan, who is teaching Math and coaching basketball and football in the Key West High School. He gives as his address, Flagler Street and expects soon to be serving with our "Uncle." Life there seems to agree with him very much, and it was nice seeing him.

Marilyn Louise Burt, '55, has joined the Alumni Association with a contribution. Thanks.

Samuel Harold Carbin, '51. Thanks so much for your most generous gift to the Alumni Association. We appreciate both your personal interest and the nice check. Mr. Carbin lives at the Maine Estate, Safety Harbor, Florida.

Virginia Chernals, a very beautiful girl indeed, is now one of the flight stewardess with Delta Air Lines, based in Chicago. She attended the University of Tampa and the University of Florida before enrolling in Delta's Stewardess School in Atlanta, Georgia.

Reginald B. Colvard. This fine football player was named by Coach Dick Perno "the best lineman on the team" while Colvard was playing on the Fort Dix football team this past fall. Colvard, now in the Army since September, '55, is the son of Mr. and Mrs. W. H. Colvard of 226 Johnson St., Hartwell, Georgia.

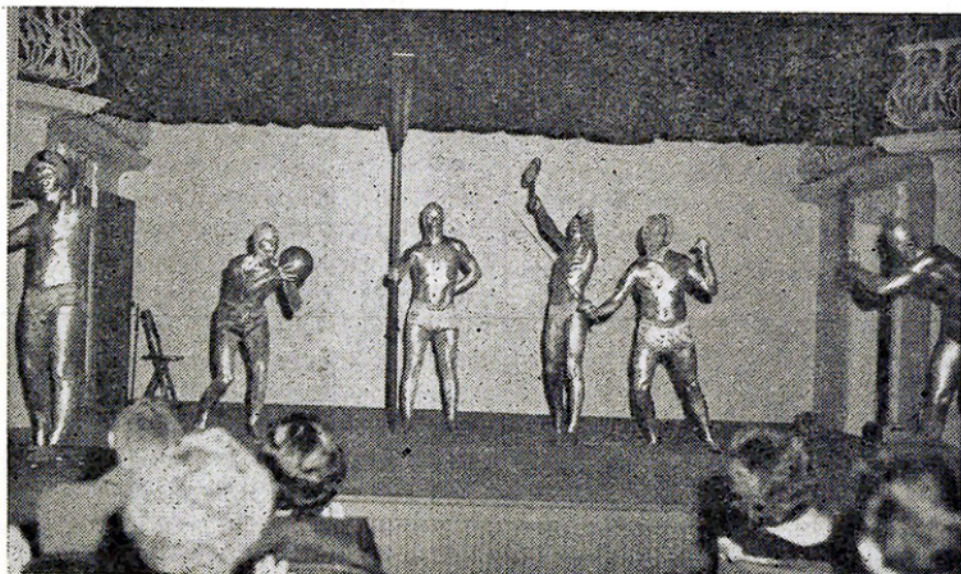

Dr. M. B. Cramer is still located on the staff of the University of Chicago. His first novel, "Phoenix at East Hadley" was published while he was at the University of Tampa.

Reverend Oswald Delgado, '39, of Winter Park, Florida, sent to us the beautiful building plans of the Winter Park Presbyterian Church, of which he is the pastor. Construction of Units A and B were started in October, 1955.

Emilio Fernandez. Congratula-
(Continued on Page 4)

Sponsors for the Homecoming football game were Miss Ninette Gauthier, escorted by Alumni President Tony Ippolito, Mrs. Bunny Mick, escorted by Mr. Mick, Mrs. Hardie Stanley, escorted by Mr. Tom Mahin, and Mrs. Joe Knight, escorted by Mr. Charles Downey.

Members of the Tau Kappa Epsilon fraternity as they appeared in their skit for the "Spartan Splash".

HOMECOMING 1956

(Continued from Page 1)

Rudy Rodriguez did a fine job as master of ceremonies at the luncheon.

Special guests were: Al Lopez, Johnny VanderMeer and Lou Burdette representing baseball on our West coast.

Several social hours were held on Saturday afternoon by various organizations.

Saturday evening at 8:00 p.m., a well-played, hard-fought victory by our Spartans over Appalachian Mountaineers put everyone in a happy mood for the dance to follow.

The crowning of the Homecoming queen about midnight at Fort Homer Hesterly ended a long week of recapturing old memories.

WHERE YOU WORKA JOHN?

tions. Your research fellowship and research at the Graduate School of the University of Miami in the effort to find an insulin substitute which could be taken orally may someday help thousands and thousands of diabetic people. We sincerely hope that you succeed in your project. Emilio's address is 335 University Drive, Room 317, Coral Gables 34, Florida.

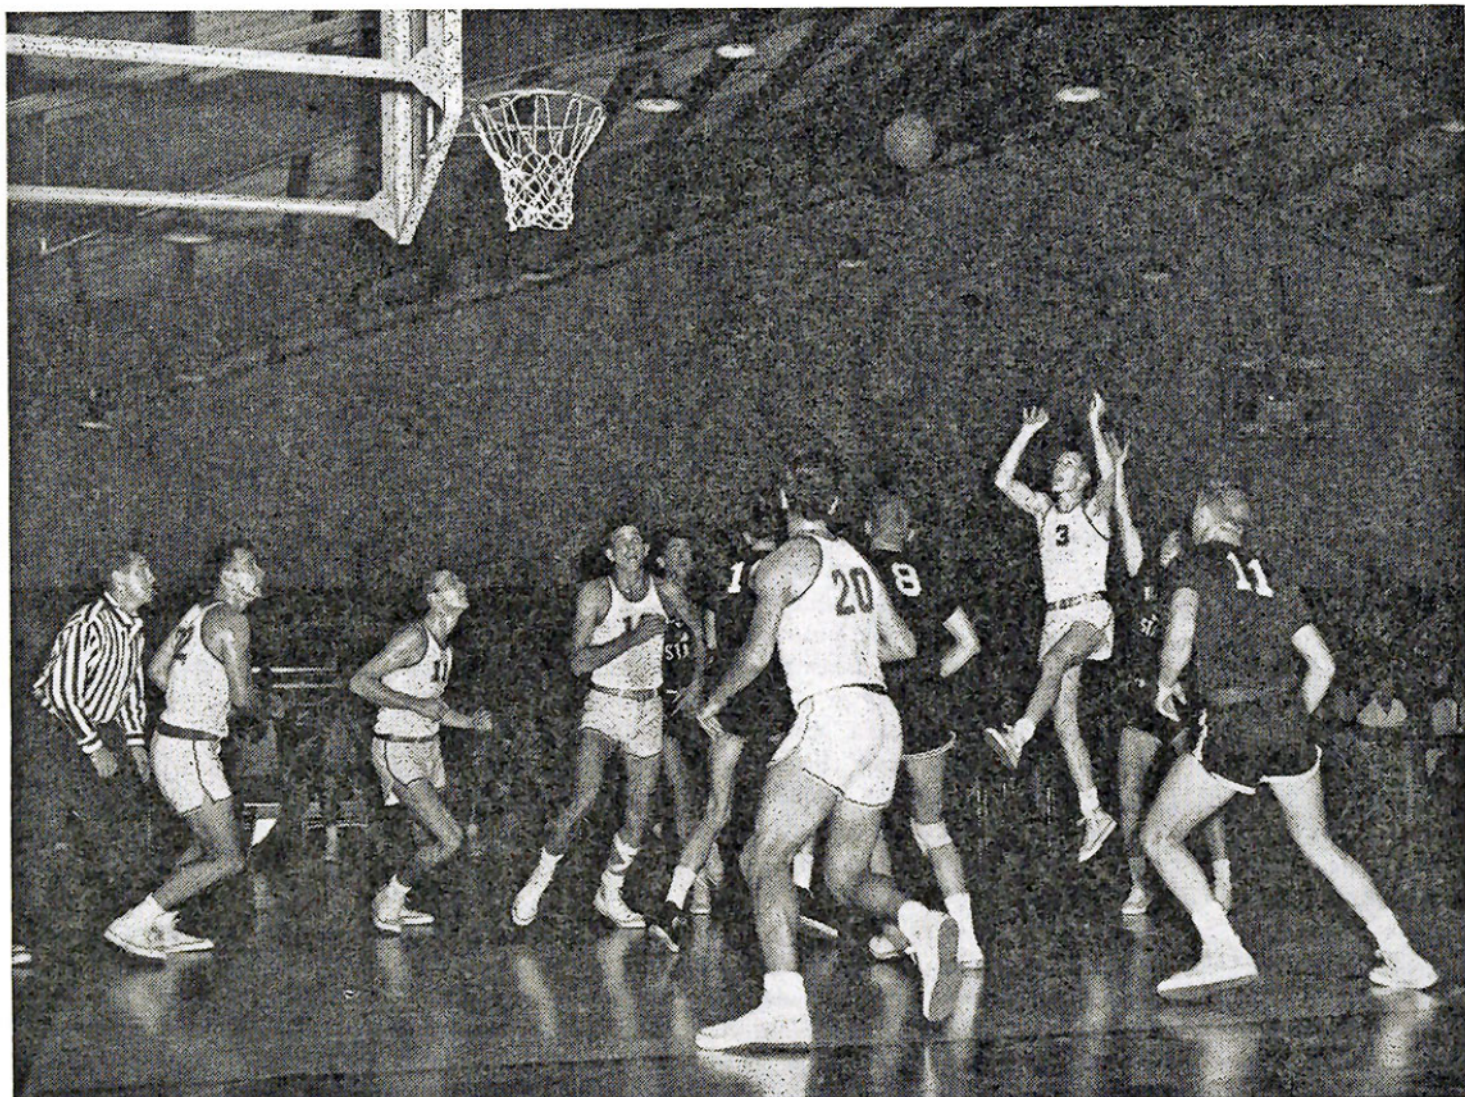

Mrs. R. B. Bunny Wolfe Fordyce now lives in Miami where her husband has a photography business. Both are former students of the University. R. B. was of the class of '42.

Jack Hanna. Dean Burnside was very happy to run into Jack Hanna at the meeting of the State Welfare Board Advisory Committee recently, at Key West High School. Jack attended the University of Tampa. He is now head of the Physical Education Department and basketball coach at Coral Shores High School, Tavernier, Florida. As usual, Jack had a very attractive young lady on his arm.

Mrs. Charles Mayhugh, (she was Kitty Grant), a former majorette with the University band, lives in Bradenton, Florida, with her husband and three children — two girls and a boy.

Miriam Quarles Hubbard wrote us a newsey letter, which was greatly appreciated, telling us about the activities of many graduates she has met recently in her work traveling about the state. Miriam has just completed four years serving as the Junior Editor of the Florida Clubwoman Magazine. Her address is

(Continued on Page 6)

SPARTAN SPORTS

by John R. Hall

(First in a series of articles on each Intercollegiate sport activity and its respective coach in the University of Tampa Athletic Program.)

In days of dark warnings, dismal predictions, vague talk of abandonment, and carefully nurtured fears, any act of sheer human goodness stands out like a St. Bernard with his "cask of brandy." In reading "The Story of the Univ. of Tampa" by Covington and Laub, we find that the early days of Spartan Basketball was in just such a state of discouragement. The Spartan dribblers originally were coached by George Straus, and their first intercollegiate Basketball competition was in 1935. The squad was handicapped by lack of home court or gymnasium. However, Coach Straus arranged for and embarked with his cagers on a long, tiresome and dusty road trip through Georgia, Alabama, Mississippi, and Louisiana. Twenty two years later and by virtue of a vigorous and enthusi-

astic campaign spearheaded by Mr. George B. Howell, honored member of the University of Tampa Board of Trustees, Chairman of the Board of the Marine Bank and Trust Company, and President of the University of Tampa Athletic Association, the University of Tampa now possesses a \$100,000 Field House and Gymnasium. This attractive 175 x 150 all concrete and steel structure with more than ample parking facilities is the realization of a longtime dream of Alumni, Administration, Athletic Staff and Trustees. Six home games have been played by the Spartan Hoopsters on their brand spankin' new home court with six more to go . . . Current plans provide for making our ideally located Gymnasium available for private and public occasions such as dances, sporting events, banquets, receptions, conventions and gatherings of many varied types . . . Believe us, Alumni friends, Mr. Howell truly has been the Spartans' "cask of brandy" . . .

Let's for a moment capture the picture of Basketball generally. Did

you know that this is the 65th anniversary of this purely American sport? Yessir! . . . In 1891 Dr. James Naismith, an instructor in the Y.M.C.A. College at Springfield, Mass. invented the game and Basketball had its inception as part of the research work of that institution. This was a result of a deliberate attempt to invent a game that would fill the same place during the winter season that football and baseball fill in autumn and summer. At that time the game utilized peach baskets for hoops. The boys and coaches were annoyed at taking the ball out of the basket after every goal; a little eleven year old shaver standing by suggested that they cut the bottoms out of the peach baskets thereby permitting the ball to fall free. How 'bout that? From the mouths of babes . . .

The meteoric rise of interest in Basketball has been phenomenal. In the early days of the sport the teams performed before a small spectator group about the size of the audience you would expect to find in Plant Park observing the

(Continued on Page 6)

The Spartans - - -

(Continued from Page 5)

"there but for I go me" outdoor pinochle and checker games. Today, three score and five years later we find that basketball has become America's leading spectator sport. At a conservative estimate, over 100 million fans attend basketball every season. Mindful of this compelling fact, Athletic Director Marcelino Huerta, Jr. and Spartan Basketball Coach Gene Biittner are making every effort to establish, develop and maintain a top drawer basketball squad and to secure a schedule consistent with effective performance and "box office" results.

Now let's take a bird's eye view of the Spartan Basketball mentor, Gene Biittner. Formerly of Schenectady, New York, now of Tampa, Gene, who is 30 years old, prepped at Nott Terrace and received his Bachelor of Science Degree from Notre Dame in 1950 where he competed in basketball and tennis. Biittner Captained the Fighting Irish tennis team in his Senior year.

At this writing Gene possesses an overall 100 win 48 loss record for a handsome 682 average. Coach Biittner arrived in Florida in 1950 and began his mentoring at O.L.P.H. as basketball, baseball, football and track coach. Under Biittner's aegis O.L.P.H. boasts of having attained runnerup status in the State Class B Tournament in 1952. During his three year tenure as coach of the Bears, ole Gene wrapped up a neat 61 win and 15 loss record for an 802 average; a mark still unequalled at the Bears' camp. Coach Biittner then accepted an assignment at Plant High School, and followed a disastrous 2 win 19 loss record with an average of .095. He immediately set out on a building program for the following two years the culmination of which resulted in a 30 win 22 loss record for a 577 average. Recognizing the ability to develop a smooth operating unit from a group of raw-boned, inexperienced youth, the University of Tampa in 1955 invited Gene to join its Athletic Staff. Here, once again, Coach Biittner was faced with a disastrous 2 win 18 loss season picture. The building process was set in motion again, and under Biittner's tutelage the Spartan Hoopsters completed the season with an 11 win 11 loss record for an aver-

age of 500. By virtue of this record and having finished fourth from a field of eight, the Spartans were invited to participate in the N.A.I.A. District 25 Tournament held in Statesboro, Georgia. With this commendable start the University of Tampa Athletic Department is looking forward to a significant basketball future. As a Harvard man becomes interested in a Radcliffe girl, a Fighting Irishman (How come Biittner?) true to tradition becomes interested in a St. Mary's Coed — So it naturally evolved that Jean Herman BS, St. Mary's '49 became Mrs. Gene Biittner. The Biittners have three daughters, Mary Michelle, Terri and Peggy.

Coach Biittner tells us, "Basketball is a team game demanding a high degree of accuracy, judgement, individual skill, initiative, self control, and the spirit of cooperation, and also requires that each player be skilled in all phases of the game, thus developing all round rather than highly specialized ability" . . .

PERSONELS

(Continued from Page 4)

2430 16th Ave., Vero Beach, Florida.

Thomas W. Jobson. We are happy that you liked the University well enough to want to have the Alumni Bulletins sent to you and that you enjoyed your year ('46-'47) here.

Harold Ernest Lawber. Thank you for your fine contribution to the Alumni Association. Harold is living at 230 No. Shore Road, Abscon, New Jersey.

Ben Lefevre, '56. Mr. Sandy Siegel of the University of Rochester wrote Dr. Nance that Ben did a superb job as his research assistant last summer. The letter was also high in its praise of Dick Borchardt. Both boys really made a name for themselves with their hard work.

Mickey Manucy (wife of Fred Manucy) now lives in Winter Haven. She has been active in Junior Woman's Club work and recently served as state vice-chairman. Both Mickey and Fred were students at the University of Tampa.

Robert J. Martens, '50. From up in that cold corner of New York, Robert sends his contribution to the Alumni Association. His home address is 1519 Boulevard, Peekskill, New York. Robert is teach-

ing in the public schools there.

Bob Martoski, '56. Bob is in the Navy now. He is stationed at Newport, Rhode Island. Bob is in the sixteen week program which began on the third of January.

Maurine Robles Mctyre, '44. Maurine joins the University of Tampa Alumni Association from 1155 James St., Macon, Georgia. Thanks.

Leila C. Moore. We are so sorry to learn of your illness. We hope that you are feeling like yourself by this time. Mrs. Moore has been spending some time at the Langren Hotel in Ashville, North Carolina.

Marjory Morningstar (Marjory Dekinder), '45, writes Tony Ippolito that she is married to Captain C. J. Morningstar of the Air Force. They are living at the Laredo Air Force Base, Texas. Marjory has just discovered that her former roommate at Tampa U., Eugenia Exum, now Mrs. Walter Holsten, lives just 200 miles away at the Harlingen Air Force Base, Texas. What's 200 miles in Texas when you want to go visiting?

Mrs. Ethel Murtha (Ethel Powers) was a special student here in '46-'47. Her present address is 33-54 Eightythird st., Jackson Heights 72, New York. Ethel has a most interesting job with the Traffic Executive Association of Eastern Railways.

C. Don Nichols of 140 Virginia Ave., Greenville, Ohio, is now a tax consultant, married and has three children, two boys and a girl. Don was on the staff of the Minaret while attending the University of Tampa. While here, he was a Sigma Kappa Nu. He transferred to the University of Miami, Ohio.

Joseph Ramon Nimo, Jr., '47. Thanks for the contribution. Joseph's address is 101 N.W. 39th St., Miami 37, Florida. His business address is the Robert E. Lee Junior High School.

Mrs. Mary Ellen (Nelson) Reilly. Mary Ellen's husband is now located in San Antonio, Texas, but she wishes her Tampa address to continued to be used. It is 302 E. Fern St., Tampa, Florida.

Myron B. Renner, '56. Myron has been studying, upon graduation from the University of Tampa at the Kirksville College of Osteopathy and Surgery located at Kirksville, Missouri. We understand that

(Continued on Page 7)

PERSONELS

(Continued from Page 6)

he did very well indeed while there.

Ernest C. Segundo, '56, has been having an intensive training program with the Continental Oil Company out in Ponca City, Oklahoma. Next July Ernesto will move permanently to New York City. His present address in Ponca City, Oklahoma is 308 W. Central Avenue, Apt. 6. During the Christmas Holidays, Ernesto became engaged to Connie Felicione. Congratulations. Thank you, Ernie, for the contribution to the Alumni Fund. Rho Nu Delta has as yet not gone "National" but they are working on it.

Bernard E. Shufelt. Congratulations to the bridegroom. On 17 November, 1956, Bernard was married to Annelore Thiemann of Berlin, Germany. Bernard is employed at the Highland Park Hospital as Director of Public Relations. He also serves as Director of Personnel. The Shufelt's will reside at 1945 Maplewood Road, Northbrook, Ill.

Hermann N. Schuster, Jr., '55. Hermann writes us that he is at present teaching the fourth grade in the Riverview School, Riverview, Florida. He commutes week-ends to his permanent home in Clearwater. The address is 715 Patterson St., Clearwater, Florida.

Louis A. Sequella, '52. Many thanks, Louis, for your contribution to the Alumni Association. Louis works for the U. S. Plywood Corporation in Cleveland, Ohio. His home address is 902 Elm St., Youngstown, Ohio.

The W. A. Shiver's have a motel in Chiefland, Florida. Walter also teaches and is bandmaster there. He is married to the former Marylyn August and they have two sons. Both were students at Tampa U, he graduating in '42.

Olga E. (Martinez) Skokan, '42. Olga has made Lakeland, Florida, her home for the past 7 years. She teaches at the Lakeland Junior High School, her subject being Special Education. She has a family of three children. The home address is 712 W. Hancock St., Lakeland, Florida. Olga joins the Alumni Association with a contribution.

Frank A. Stump, '51. We appreciate your nice contribution. Frank lists his present address as 4 Colton Road, Nixon, New Jersey.

Dr. Frank Tagliarini. Dr. Tagliarini is back from New Orleans and is practicing at St. Joseph's Hospital in Tampa. Welcome back to our midst. The home address is 718 E. Elicott St., Tampa, Florida.

Ted Vanantwerp, '35. Ted sent to us a pamphlet "Amazing Entertainment and His Mysteries" in which he tells of his profession. The program does sound interesting and entertaining. There seem to be two addresses, one in St. Petersburg and the other in Tampa. The Tampa one is 2915 Harbor View.

Henry R. Weinstock, '56. Henry, an engineering specialist under the cognizance of the Bureau of Ships,

Navy Department, has been attached to the Naval Reserve Training Center in Tampa. He is of the Naval Reserve Surface Division Unit No. 651. He was commissioned as an Ensign in the United States Naval Reserve upon his graduation in June, '56. While Ensign Weinstock was a student at the University of Tampa, he majored in Physics and was student assistant in the Physics Laboratory of the University.

Stella Taliaferro Withers. We regret to write that Stella died in the early fall. We have tried to get some definite information but we have been unable to do so. Stella lived at 823 Bayshore Blvd., Tampa, Florida.

A Brief Statement Concerning the Financial Standing of the Alumni Association of the U. of T.

by Milton Bedingfield

At the present time we have \$453.03 in the bank. This amount being made up of our annual contributions by members plus income earned by the association, less, of course, our operating expenses as shown below.

It is interesting to note that to date for this year 1956-57 89 alumni have contributed \$354.50 plus \$24.44 earned, making a total of \$378.94. Compared to the previous year 1955-56, in which 171 persons contributed \$204.00. Needless to say the association is pleased with the increase in the amount, although it would be desirable if we could hear from the remainder of the Alumni in this respect. Many Alumni are contributing \$5.00, or more, although there is not a set amount.

We hope that you will keep us in mind, the fact you must be a member to vote. I am looking forward to seeing you at our May meeting.

Brief Statement

Cash in bank November 1, 1956 — \$166.27

Receipts

Contributions paid on 55-56	\$ 15.00

Cash in bank this date \$453.03

ALUMNI BREAKFAST MARCH 15

During the F. E. A. Convention in Tampa, 14-16 March, 1957, we are planning a breakfast for all alumni who will be attending the convention and we would like to have any other alumni in Tampa attend as well. We think that the setting will be a nice one, as we are using the East Veranda, which overlooks the park. The tables will be set

there, and we will go through the cafeteria line to get our breakfast. That way, we feel that those who do not like a big breakfast can get what they want as well as those of us who like to eat well at breakfast. The time is set for 7:30 in order to enable any of you to get to other meetings that you may have scheduled during that day of the convention. Dean Rhodes will bring us up to date concerning the University, and we expect Dr.

Nance will be there, as well as other members of the faculty. We hope that you will take this opportunity to come back to see us, as well as to see your own friends during that time. No reservations are necessary, but we would be glad to have you let us know if you do plan to come. Remember the day, Friday 15 March 7:30 a.m. Your presence will add just the touch we need.
