

## New Dorm Directors For Howell Hall

Tampa U. and Howell Hall would like to welcome Vicki and Al Williams. Vicki has presently taken over former Dorm Director, Denise Robie's job. Vicki and Al have been married six years and they are the first couple to live in Howell.

Vicki is originally from Tampa while her husband comes from Tenn. He has acquired a B.S. degree in Business Administration and a masters in management; but presently is interested in obtaining a CPA degree through classes that will begin in March at U.S.F. Previously he has been in the air force and was stationed in Ramstein, Germany with Vicki for four years.

Before Germany, Vicki attended Berea College in Kentucky where she received a B.A. in Sociology. Then while in Germany, she enrolled at Ball State Univ. in Ramstein.

Here she began to work towards her M.A. in Guidance and counseling. She is still working on her masters paper and hopes to complete it by June. In Germany, Vicki held a job as an Education Guidance Counselor and also was active working with women's groups.

Along with her new job as co-director of Howell Hall, Vicki hopes to work at the counseling center in the women's clinic. Her and her husband have only recently returned to the states so they are still trying to get settled.

Vicki's responsibilities as co-director are shared with JoAnn Aaron. Together they share the numerous and varied duties such as: supervising maintenance problems, counseling and directing Hall counsels.

The girls of Howell were at first surprised of the couple taking residence at Howell; but the reaction overall has been good and acceptable. In turn, Vicki is glad to be at Tampa U. and sees it as a good opportunity to use here counseling education. Outside she is interested in golf, biking and traveling.

Jo Ann Aaron, co-director with Vicki of Howell Hall is originally from Pittsburg, Pa. but has been a resident of Tampa for the last fourteen years. She attended U. of Fla. for two years and then transferred to Loyola Univ. of New Orleans. There she received her B.A. in Social Work.

Jo Ann came to Tampa U. in September 1975 to replace former assistant Dorm Director, Lois Frankel. Soon afterwards Denise Robie resigned and Jo Ann had the responsibility as acting director for November and December.

Currently, she is also working at the Campus Police Station and is taking part in the University Volunteer Community Service. Celeste Lazarra heads this service. Aside from these duties Jo Ann loves to cook, read and engage in outdoor and indoor sports. She is also looking into schools for graduate work.

In conclusion Jo Ann remarked, "I love my job and very happy here at Tampa."

## Improve With Counseling

The Counseling Center welcomes students' who are having academic difficulty to stop in and discuss their individual problems. This project, headed by Dr. Timothy Russell, is organized informally so students may relax while talking over their situation.

Everyone surely has the capability to be successful in college; yet at times obstacles may arise. These often block one to achieve academic success and with the help of the counseling center hopefully the problems can be resolved. The center has worked with students in the past with such problems and found that some of the most common causes were:

- inefficient study habits
- unresolved career goals
- generalized adjustment problems
- uncertainty about why you are here and other personal concerns that make it difficult to concentrate on academics.

The center wants to help students identify those factors which are contributing to their situation and aid them to learn how to deal with those factors. Academic advisors and resident hall directors will be working in conjunction with the center in assisting students.

Take this message seriously. If you want to improve then you can, and with professional help you can get on the right track! Please stop by the counseling center (Sc. 200, ext. 405) and set up an appointment.

## Sears Gives Early To '76 Forward Fund

University of Tampa, preparing to launch its 1976 Forward Fund campaign this month, received an early \$3500 gift from the Sears-Roebuck Foundation.

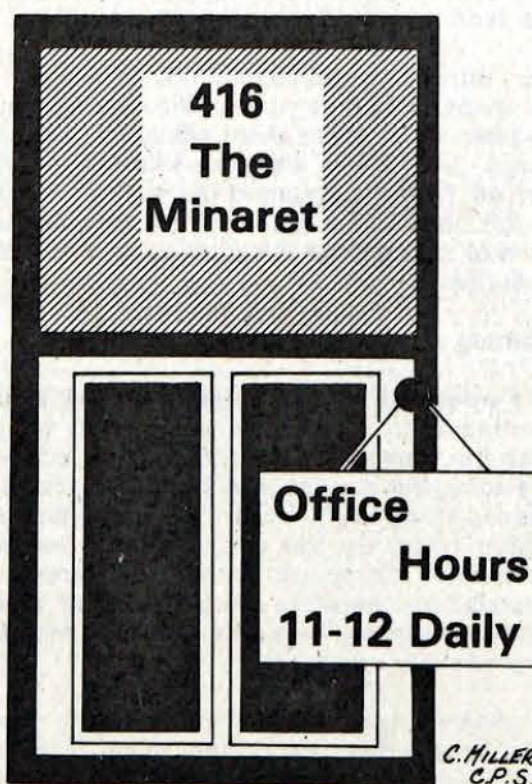

The unrestricted gift was presented by Laurence J. McMillan, manager of the Tampa Hillsborough Sears store.

A strong supporter of private higher education at the University of Tampa, Sears Foundation has given the University over \$16,000 in the past five years. On alternate years, Sears presents unrestricted grants to the Forward Fund and to UT's library book fund.

In 1975, Sears presented \$5,265 worth of paint to assist in the restoration of the Old Tampa Bay Hotel, Plant Hall, in preparation for the Bicentennial year.

McMillan said Sears also supports other area colleges and universities. Grants totaling more than \$30,000 will be distributed to 11 privately supported colleges and universities in Florida by the Sears-Roebuck Foundation.

Both UT and Florida College are among more than 850 private, accredited two and four-year institutions across the country which are sharing in more than \$1,270,000 in Sears Foundation funds during the 1975-76 academic year.

C. MILLER  
C.P.S.

This spring term enrollment was somewhat larger than last spring semester. There were 1900 students to register this semester compared to only 1840 registering in the spring of 1975. Of the 1900 students here at U.T. 240 are graduate students which is a sizable number. The remaining number of students are undergraduates working towards their bachelor degrees that involve various fields Tampa U. offers.

December 21, 1975 graduation was held where 151 students attained their degrees. Twenty students received the bachelor of arts degree; ninety received the bachelor of science degree; one obtained a bachelor of fine arts; two obtained a bachelor of music; and seven acquired an associate of arts.

Ten students received a master of Business Administration and twenty-one acquired a master of education.

Graduation for the spring semester will be held Sunday, April 25. If this concerns you, be sure all requirements are met and all regulations are in order. If you have any questions, they can be answered in room #108.

Cheryl Chamness

## Fletcher Byrom To Speak

University of Tampa's spring MBA Lecture Series opens at 2 p.m. Friday, Jan. 30 with an address by Fletcher L. Byrom, chairman of the board of Koppers Company Inc., Pittsburgh, Pa.

Byrom, top executive of one of the nation's largest multi-industry firms and one of the major spokesmen for American industry, will talk on "Business and Society" in the Plant Hall Ballroom. The public may attend free.

Sought by government for his expertise in business, Byrom serves as chairman of the President's Expert Council, chairman of the Conference Board and vice chairman of the Committee for Economic Development.

A strong advocate of private education, Byrom is a trustee of Allegheny College, Meadville, Pa., and Carnegie-Mellon University of Pittsburgh.

With Koppers Company since 1947, Byrom has held various production, marketing and operating responsibilities before becoming general manager in 1958 of what is now the Organic Materials Division.

He was elected president of Koppers Company, Inc., and became a member of the Board of Directors in 1960. He was named chief executive officer in 1967 and became chairman of the board on Feb. 1, 1970.

On Feb. 3

## Second MBA Lecture

Richard M. Smith, executive vice president of Bethlehem Steel, will speak to University of Tampa students at 8 p.m. Tuesday, Feb. 3 in the Plant Hall Ballroom in the second of three MBA lectures.

Smith will discuss the need for greatly increased capital formation in general and make specific references to problems encountered in this area by the American steel industry.

He also will stress the importance of capital spending to provide new job opportunities, improve productivity and assure adequate production capacity to meet the nation's growing needs.

In conclusion, he will suggest some national policies that he believes would promote economic growth while subduing inflation.

Smith joined Bethlehem Steel Corporation in 1948 in its management training program for college graduates, rose to assistant treasurer in 1962 and was elected treasurer in 1972. He assumed his present position of executive vice president on June 1, 1974, and was elected a director of the corporation a month later.

A Supporter of higher education, Smith is a member of the board of trustee of Lehigh University and its Committee for Economic Development, and a member of the board of directors of The Bucknell Parents, Bucknell University.

Richard Smith

## Dr. Meats To Lecture

Dr. Stephen Meats will be a guest speaker at the Univ. of South Carolina, Thursday, January 29. His topic is titled, "William Gilmore Simms and The Revolutionary War in South Carolina" which he will deliver to students in a South Carolina studies class. This class is sponsored by the Southern studies of the University.

Dr. Meats, chairman of the Humanities Division here at U.T. is currently teaching a class entitled "man and warfare." He has studied the Revolution extensively and is in the process of editing a number of articles on the Revolutionary period.

World renown trumpeter, Maynard Ferguson, and Jerry Michaelson, Director of Bands at the University of Tampa, are rehearsing with the UT Lab Band before Maynard blew the house down last Friday night in McKay Auditorium. Ferguson was the first of three musicians brought in by the Ybor City Sertoma Club as part of their jazz series. The UT Lab Band will participate in all the concerts in the series. All the concerts will be held in McKay Auditorium with special student ticket prices available.

## The Newton String Trio

The Newton String Trio composed of Andrea Een, violin, Harold Newton, viola and Dale Newton, cello, all faculty members at the University of Tampa, presented the first "symphony Soiree" on Monday, January 12 at a private home in Sunset Park. Compositions by Mozart, Dale Newton, Martinu and Dohnenyi were performed following informal remarks by the three musicians. The "Soirees" are sponsored by the Florida Gulf Coast Symphony Women's Guild to benefit the Symphony's Young Musician's scholarship fund. The services of the String Trio were donated for this important event.

# NEWS IN GENERAL

## Who's Paying For Directory Assistance?

For years, the telephone company has been struggling with the problem of abuse of the Directory Assistance service. Many people just refused to use the telephone directory, preferring to call "113" instead. Even when the number was not in the book, many callers refused to write the number down, resulting in call after call to Directory Assistance for the same number by the same people.

In an effort to reverse this trend, the telephone company tried everything. Directories were re-designed to make them easier to use. Personal directories were distributed at no charge. Advertising urged the public to "look in the book." The name of the service was even changed from Information to Directory Assistance.

Nothing worked very well.

The volume of calls to Directory Assistance continued to grow each year much faster than the number of telephones. The cost of providing this service also soared — and was passed along to all subscribers in the form of higher rates. By the end of 1974, General Telephone Company of Florida Directory Assistance operators were providing more than a million numbers a day at a cost of more than \$5 million per year.

Studies showed that the vast majority of all telephone subscribers rarely used Directory Assistance, perhaps once or twice a month. Well over half of all calls were coming from about 10 percent of all customers. And about 80 percent of all requests were for numbers listed in current telephone directories.

Why, telephone officials reasoned, should the cost of providing this service be spread over the bills of ALL customers when only a few use it excessively?

So, in December 1974, a plan to reduce the volume of calling by charging for excessive use of Directory Assistance was proposed by General Telephone Company of Florida, patterned after the successful plans of a number of other telephone companies around the country. A plan to charge 15¢ for each call to Directory Assistance, after the first six in a billing period, was approved by the Florida Public Service Commission and went into effect October 10, 1975.

Within only a few weeks the volume of calling to Directory Assistance dropped by 70 percent! People are looking up numbers in the directory. And when they have to call Directory Assistance for new numbers or for numbers in other 813 area code cities, they're writing them down.

And because most people are not calling Directory Assistance Service more than six times a month, most are paying NOTHING for the service. Only about three percent of all telephone subscribers — those who use the service excessively — have been billed anything for calling Directory Assistance.

Who's paying for Directory Assistance service? Almost no one. But millions of dollars are being saved — dollars that will be used to expand and improve basic telephone service for all.

# editorial

With a resounding "Well," we start another semester.

"Is it mid-terms yet?"

We are also beginning the final quarter of this century, with such marked events as the Presidential elections, the Olympics, the Bicentennial, Christmas, and Kurt Vonnegut, Jr.'s birthday, so it goes.

The country is also faced with negotiations for major union contracts, and the possibility of being thrown back to the depression/recession lions.

It is an age of great farces and intangible objectives. The University has taken down many of its barriers, and it is exposed to the outside world. One must be prepared. It is a crucial year, and can not be ignored. That conscience awareness of the sixties is long dead, but some sort of participation must be found to replace it or I look for us to perish.

We are presently being offered the choice between a political philosophy which has been discredited for 5 years and another that has been discredited for 45 years. Obviously a return to the hard line realism of 1929 is no more the answer than the excessive fantasy of the 1960's is the answer. But if we the people do not hold on to our hearts as well as our heads this year, we may find ourselves this November having to choose between the capitalistic fantasy of Reagan and the fantastic brutality of Wallace. "These are the times that try men's souls." And so it goes.

As for problems at UT, to quench rumors that the pool will not open for some months because there is not enough money to pay a life guard, a responsible spokesman for the University said that the pool will open on time, that the money for a life guard will be allocated.

Do not let an elephant  
step on your orange  
Burma-shave.

## Bicentennial Minutes

During my first week of classes here at the University of Tampa, I was sent twice to the Dean of Men because I was not wearing socks with my sandals. I was ordered to return to my dorm and put on a pair of socks before I would be allowed to return to class.

And that's the way it was September 1968.

Barry R. Lydon

## Freshmen Senators

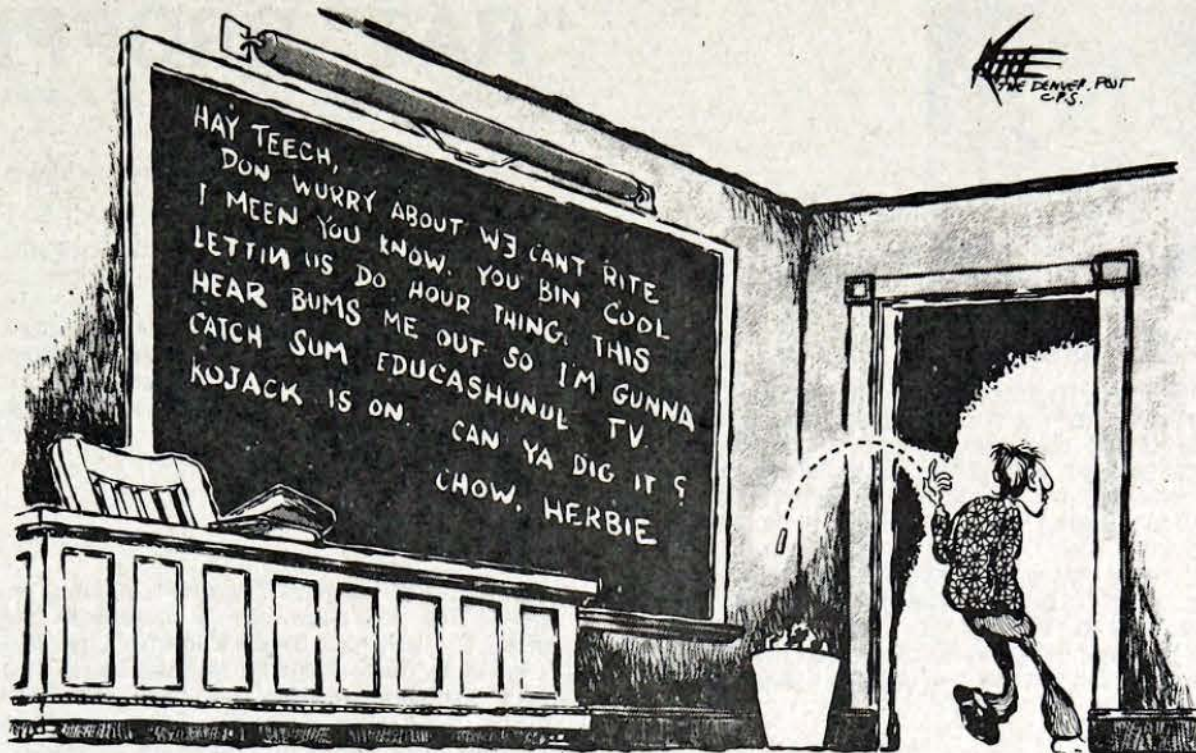

In Dec. of 1975, we the freshman senators, Cindy Sharp and Mary Jane Howard, administered a survey to the freshman class and transfer students of the fall '75 semester, regarding their opinions and suggestions on orientation week. We received 146 responses, and would like to thank all those who participated.

One of the major complaints, as a result of the survey, seemed to be the lack of information about the school prior to the arrival of the new students. This year there will be a student handbook including such things as dorm regulations, specific expenses do expect, and information about the general social life. It will give a brief summary of what some of the organizations are like along with such things as an idea of what clothes to bring and items one might need. In general it will explain in some detail answers to many questions one might have as a new student.

A new system has been developed by the administration that will eliminate many of the problems confronted during orientation. The names of your roommates will be sent to you as well as names of those who live in your area. Upon acceptance to the school, you will be guaranteed a room, if so desired. This will prevent the rooms from becoming overloaded. Continuing students will get their room preference but will have to decide at an earlier date in order for this guarantee to be made.

In general most people felt that orientation week of '75' was very successful. However, we are working to make orientation of '76' even better. We would appreciate any suggestions or opinions that you might have. Please feel free to contact us and help us to get the fall semester off to a good start.

Cindy Sharp  
Mary Jane Howard

## Is Your Student Government Legal?

What power does a student government have?

Student government would be just an academic exercise in at least one state, if the Arizona Board of Regents, which has control over the state's public universities, has its way. The Regents, now being sued by the University of Arizona student government, claim that the student government is an arm of the university. They view it as a state agency with no legal standing of its own.

The battle over the legitimacy of the student government arose from a controversy over who is entitled to \$10,000 worth of profits from the campus bookstore.

In 1937, the Regents sold the bookstore to the Associated Students of the University of Arizona (ASUA) for more than \$21,000. In the contract signed at the time, the students agreed to turn over profits to the Regents until the bookstore was paid for. This was done. Then, in 1971, the university business office, which handled the bookstore finances, refused to turn over \$10,000 in bookstore profits to the ASUA, claiming that the contract was invalid because the ASUA did not constitute a legal entity. The ASUA filed suit against the Regents in 1972.

Before the 1971 controversy, the ASUA did get a large portion—\$40,000—of the bookstore profits. But this money was distributed to the government by the university as it was needed. In essence, said David Hameroff, ASUA President, if the university did not like what was being done with the money, it simply did not hand the students a check. Such was the case when the student government wanted \$10,000 to start a birth control clinic. The money was withheld.

The university administration controls the purse strings of the student government and sets the rules. It allows no money to be given to political organizations, to be used to compete with private enterprise or to be used for lobbying efforts.

The ASUA suit centers on two points. Did the Regents actually sell the bookstore to the ASUA, along with all privileges of profit that would go along with that sale? The second and more important point is whether the student government was a legal body with the right to make such a contract in the first place.

To complicate things further, there is the

## Tired Of Being Ripped Off By The Bookstore?

Are you fed up with the book store? Results from the Junior Class Questionnaire prove that many U.T. students are disgusted with the book store. We are trying to do something about it. One student suggested a book exchange. S.G.A. would like to sponsor a book exchange but we really don't know exactly how to go about it.

If you have ever had any experience with a book exchange, please contact us. We welcome any feasible suggestions that you might have. So far, we have only come up with the idea of a "trading day" which might be held in the cafeteria. Remember that the idea of a book exchange is to help the students. We need you help to make this book exchange happen. Please send any suggestions to P. O. Box 782. Thank you.

Becky Burnett  
Junior Class Senator

question of whether the ASUA has the right to hire a lawyer to defend its legal status. If the ASUA is actually a state agency as the Regents contend, then by state law it cannot use state funds to pay for a private attorney. By this logic, the ASUA would have to go through the Regents in order to obtain a lawyer to sue those same Regents. A similar Catch 22 faces a student organization at the University of Texas which is trying to sue the Regents of that state.

The ASUA has not been able to pay its attorney thus far, and owes him more than \$5000.

The Regents deny that they ever agreed to turn over profits to the ASUA. They deny that the ASUA fulfilled its obligations in running the store, and they deny that the ASUA even has a legal right to sue, since it is "a part and parcel of the University of Arizona community."

But if the ASUA is not recognized as an independent legal entity, why did the Regents sign the contract to begin with? "You're asking me to speak for people who were around forty years ago, and I can't do that," said Blair Benjamin, legal advisor of the Board of Regents. The Regents, he added, certainly have an obligation to live up to a contract, "if it was valid. This one is not. And even if it had been valid, the ASUA has long since abrogated its obligation. They never sought to undertake running the bookstore, and they don't seek to now. All they want is the profits."

Students are just as hostile towards the university's motives as the Regents are towards the students'. "At a time when the bookstore was viewed by the Regents as more of a headache," argued the students in their suit, they were willing to sell it to the students. But "as profits have soared," continued the students, "the Regents have had a change of heart."

The ASUA suit asks for a payment of \$10,000 to ASUA, and calls for a declaratory judgment stating that ASUA has the right to bookstore profits. More importantly, the suit asks for a decision as to whether ASUA is an independent entity, and whether it has the right to hire an attorney and pay the fees with ASUA funds. A judgment is expected within a month.

## For Sail

The University of Tampa Sailing Club is back this semester with more outings planned than ever before. To start this season's activities in the proper way a Sailing Club open house has been scheduled for Sat., the 24th of January. The Club holds meetings every Thursday at 5 o'clock in room 4 of the University Union. Everyone who is interested in sailing, be they novice or experienced sea captain, is welcome to attend. If you can not be at the meetings, leave your name and UT box number in the Club's PO box (Sailing Club box 2797) to receive information about current events.

Dima

## SGA NEWS

When someone asks you what SGA stands for then we know we are in trouble. (Incidentally it stands for the Student Government Association.) And we could use all the support and attendance at the meetings that we can get. Enough of preaching—but we hope that activity will pick up. Last semester was a disaster!

The radio station will hopefully be on the air before Jan. 24 which incidentally is the date for WTUN night down at the Rat. Admission is a quarter and all proceeds go toward the operation of the station. Prizes such as WTUN T-shirts will be given out. Also the station needs albums for taping and of course the albums will be returned—undamaged.

On the March Florida presidential primary, there will be on the ballot, the Sunshine Amendment which will be a step toward returning public trust in politics. This important piece of legislation needs 210,000 signatures in order to be placed on the ballot and SGA President Kathy Hoyne is representing UT on a steering committee in Tampa. As a result, to stir up support for Sunshine, a two day voting registration drive will be set up on campus. Show Tampa that there is political interest on campus—could there be, since there hardly is not any for school affairs?

Renaming controversy—It seems that Dr. Owens wants the fairground property renamed the West Campus while Dean Meyer instructed the House to decide on the new name—does anyone want to comment?

Finally the pool will be closed for swimming for two months because of the weather(!) AND the lack of funds for life guards. \$365.00 is needed and Dean Meyer has asked the SGA for the money. Well, Happy 76!

The House members all voted against allotting \$366.00 for the re-opening of the pool in January and February. The unanimous vote was in part a rebuke to Dean Meyer who stated that the SGA could provide the money because the university does not have the funds. The members were angered that Meyer should take such an opinion. Frankly they are tired of the school, taking for granted, that the SGA will always be counted on to provide the cash for projects that UT's budget should undertake.

And yet another question of money has arisen. The inquiry of why students have to pay \$15.00 to drop a course has suddenly come up as an issue. These same people also question where this money is being channeled to so a committee will be set up to investigate the matter.

Probably the biggest accomplishment of the school year, the radio station, has also encountered financial difficulties. WTUN's budget of only \$40.00 will only allow for eleven original hours of music airplay. At least \$300.00 is needed—so it is hoped that the revenue from WTUN night at the Rat will help.

Closing on a non-controversial note, the cafeteria is planning Chinese and Hawaiian dinners—now that should be good news to everybody. . . . .

Steve Cerny

## "RAT" DROPPINGS

To our new students: welcome to the Spartan family!

To our returning students: here we go again (groan)!

And to everyone: only 3 more months until this semester ends!

If, sometime during those 90 or so days, you start to feel the walls closing in, if you haven't already, why not take a stroll down to your Rathskeller for a cup of your favorite elixir and a chat with your friends?

What Rat? Where?

Your Rathskeller!

Say, if you haven't been down here already, we hope to see you soon. We've located in the "cellar" of Plant Hall beneath the front porch - you know, by the fountain? In addition to the soft drinks, peanuts, popcorn, hot dogs and fresh pretzels, we have that delicious ambrosie from Anheuser-Busch and Schlitz Brothers on tap and Hunikens in bottles. And then there's the draft rose, chablis and sangria and bottles of lieblraunhulch, lamfrusco, and cold duck for the connoiseurs of the grape.

We're open daily from 4 p.m. to midnight - 'til 1 a.m. on Friday and Saturday.

### Have you heard ...

"Have you heard that there is going to be a symposium on sexuals at the University of Tampa?"

### Get Involved In Elections

The Florida Primary is March 9 and student involvement with campaigns, candidates, and issues is encouraged. It is the opinion of the University that the students should have the opportunity to hear all candidates under unbiased conditions.

I will act as the administrative coordinator of pre-election campaign activities. For the benefit of all, the following procedures will be followed:

1. Campus campaign activity will be limited to the period from **February 15 to March 9**.
2. Campus campaign activity must be sponsored or endorsed by an officially recognized campus organization. (see page 33 Student Handbook)
3. Material may be disseminated only in the lobby of the University Union. Do not post material on painted surfaces.
4. The sponsoring organization will man its area at all times.
5. Whenever a candidate is on campus and speaking in an area other than the Union lobby, campaign literature may be given out at this location also.
6. The sponsoring organization is responsible for the scheduling and publicity of visits to campus with the coordination of the Director of Student Activities.
7. Contact the Office of the Director of Student Activities for the following:
  - A. Permission to post and/or distribute printed material in the Union. (see page 68 in Student Handbook)
  - B. Space for a speech or discussion.
  - C. A 3' x 8' table from which to distribute material.
  - D. Any problems or questions concerning the above procedures.

Our New Year's resolution this year is to have entertainment weekly in Wednesday night: either a band or a dish-jockey performing for you.

And we'll be delighted to talk to you about providing the suds and scene for any private party your fraternity or sorority has in mind.

So, come on down for a "cool one" - we need the money!

Oh, year, we have happy hour Monday thru Thursday from 4-6 p.m. and Fridays 2-6 p.m. — why not give your profs. the hint.

### Library Assistance Act

Please don't forget that we are going to Haslam's on January 31st. Anyone who is interested, please contact Ed Kelley or me. We will meet at the flagpole on Saturday morning at 9:30 a.m. Rides will be provided for anyone showing up at that time. At this point, there are more faculty members going than students. What about it students, are you going to let the faculty outnumber the students?

Becky Burnett  
Ed Kelley  
Junior Class Senators

### GRADUATING SENIORS

Graduating seniors who plan to work for graduate degrees and who are members of Phi Eta Sigma, Freshman Honor Society, should get in touch with the Faculty Adviser Dr. Charles West in (Room, building) 300, Plant Hall.

National Phi Eta Sigma Honor Society offers eleven \$500 scholarships this year on the basis of the student's scholastic record, evidence of creative ability, evidence of financial need, promise of success in chosen field, and character. Only members of Phi Eta Sigma are eligible for these gift scholarships.

National deadline for submitting applications is March 1. Local deadline for applications is Feb. 16, 1976.

### Placement as a volunteer ...

Placement as a volunteer in a community service agency is available. Contact Celeste Lazzara, Plant Hall 301, Ext. 311, to explore the variety of opportunities.

### Something New For Year Book

Something new is being planned for the 1976 Moroccan according to Editor Tony Falci. In addition to a different type of yearbook cover, there will be a fifteen-page Bicentennial section. This section will contain histories of Tampa U. and of Henry B. Plant and will be printed on parchment paper for a colonial effect. There will be pictures comparing the rooms of Plant Hall from when they were hotel rooms to their present classroom use.

The 224-page Moroccan will appear in April, and as usual, there will be no charge for the book.

### Beer Night At Wrestling Finals

The organization with the most people at the consolations and finals starting Saturday night at 7 P.M. will win a ½ keg of beer. Team, organization, or club must hand in a complete roster prior to 7 P.M. January 31. Members will then sign in prior to 8 P.M. and the team, organization, or club with the highest percentage of members present will win.

## DELTA SIGMA PI

Delta Sig welcomes back UT's returning students and extends a bigger welcome to those enrolling at the University for the first time. The Epsilon Rho Chapter takes pleasure in announcing that our Rush Program has started, being highlighted by a Beer Get-together in the Rathskellar on Monday 19 and Smoker on Friday 23, at the downtown Holiday Inn.

Delta Sig also would like to introduce its new officers for the Spring Semester. They are: Ken Colwell, President; Bill Penrose, Senior Vice-Pres.; Bob Mansourian, Junior Vice-Pres.; Tom Addison, Vice-Pres. of Professional Activities; Jay Gross, Secretary; John O'hara, Treasurer; Larry Johansen, CEI Officer; Doug Miyamoto, Chancellor.

We are looking forward to a great Spring Semester and we would not like you to miss out on it!  
Eddie A. Figueroa

## Tau Kappa Epsilon

Welcome back everyone, and hope you all had very happy holidays. Congratulations to our two new brothers, Ed Wagner and Mike Kanamine. Good work, men, and welcome to the top. Also, congratulations to our reelected president, Roy Hall, and to all the newly elected officials. Have a great Spring semester, and don't be surprised if Tommy walks off with that intramural sports trophy. Welcome back, everybody.

Well, it's basketball season and the TKE men seem to have a championship caliber team. Everyone had a great time at Greg's spaghetti-fest. Congratulations to our new president, Larry Hobbs. Good going, Larry, you really earned it. Be watching for the TKE backgammon tournament, it looks to be a really hot time.

Tommy Teke

## SIGMA TAU DELTA

A poem entitled "Obituaries" by Sigma Tau Delta member Donald Marinelli has recently been published in a National English Honor Magazine.

Congratulations are in order for this fine achievement.

## PEN & SWORD NEWS

The annual Pen and Sword Christmas party was held on the 18th of December on Davis Island. The party was a smashing success; if you missed the party don't worry because you will have many other opportunities to get in on the fun. 1976 promises to be an exceptional year for parties!

The Pen and Sword Society helped brighten the holiday season for the children at the McDonald Training Center by the donation of a large Christmas tree. This is part of a continuing effort to improve community relations by the Society.

The Pen and Sword Society, which sponsors the John Malone Scholarship Fund, is attempting to replenish the fund through the sale of UT photographs. These photographs cost one dollar and are available at the P&S office.

**ATTENTION GENTS!** You say your wives or girlfriends are not feeding you right and you don't know what to do about it! The solution is simple, get her a copy of the UT Woman's Club cookbook, "COOKING BY DEGREES." The book is on sale for \$3.00 at the Spartan Bookstore or call Mrs. Speronis, Ext. 211 at the University. All proceeds go to the UT Woman's Club Scholastic Fund.

**ALL P&S MEMBERS THAT WORKED REGISTRATION ARE THANKED FOR A JOB WELL DONE.**

The Busch Gardens bash, also known as the get acquainted party for new P&S members was an outstanding success. Approximately 80 people attended this well organized affair in the Busch Gardens Hospitality House. Rumor has it that everyone attending this party gained at least 10 pounds due to goodies brought by the wives. Our special thanks go to Bill and Judy Shedd for the organization and preparation that went into this affair.

The John M. Malone Scholarship Fund which is sponsored by the P&S Society, was awarded during the January monthly meeting. Paul Lang, an active P&S member, was the recipient for the Spring Semester award. Congratulations, Paul, keep up the good work. Members are reminded that the next monthly meeting is scheduled 6 February, 4 p.m., room 3 in the student union.

**ATTENTION MEMBERS!** Our athletic program for Spring 76 is in full swing or will be as soon as more members get involved in the sports activities. Basketball competition is now underway and the P&S has yet to field a full, competitive team. So get with the program, the sports program that is and help the Society. The first P&S basketball game resulted in a loss to the Greens after a valiant effort by the few members who came to the game. Members interested in playing basketball should contact Bob Potter.

P&S members interested in other sports are reminded that future sports activities include golf, track, wrestling, paddle-tennis, softball and tug-o-war. More information concerning these or other activities should be directed to Doug Miyamoto.

## IFC

The Interfraternity Council is trying to get a big and exciting semester off the ground. All of the officers, headed up by Bob Iezzi, are working extra hard to throw the greatest Greek weekend this campus has ever seen.

The active members would like to welcome back to our important organization, the brothers of AEP and TEP. All of the fraternity representatives are hoping to bring the Greeks on campus as close as possible with various IFC activities.

Intramural basketball is in progress with many other spring sports coming soon.

Spky.

## Pi Kappa

With the spring semester well into the second full week, the Pi Kappas are partying down. Hope you all caught the bash Friday nite, and had a good time. Tampa Tony with his new, improved Mattell stereo kept us cooking. Everyone knows that Pi Kappas throw the best parties. It's always been that way. Join up and find out how to mix a lot of fun with a little school.

Our Intramural teams are also moving with Scrambled and Amos advancing in the first rounds of tennis, and our basketball team is undefeated so far. Watch us go all the way! Anyone wishing to meet the brothers and find out what Pi Kapp is all about, need only to stop by the house at 304 Plant Ave. And while you're there, try to catch some of the 3rd floor highlights! We're No. 1!, and a big 10-4 on that!

The Big Apple

## THETA CHI

The brotherhood of Theta Chi would like to formally welcome back everyone for the Spring semester. As always, the "OX-MEN" started the year off with a bang; the party Saturday night was a great success, and all who attended and boozed it up are cordially thanked.

Special congratulations are in order for newly initiated Little Sister Karen Catel, and also for our new Carnation Karalee Nichols. The addition of these two girls certainly gives the "Big Red Machine" the lead as far as the Little Sister programs are concerned.

All students are invited to stop by our house and look around, talk with the brothers, and get acquainted with fraternity life. Additionally, rush starts soon and those interested or inquisitive about the fraternity system are urged to stop by and talk with the best. The TC Boys are on the move, and tight lines and good fishin' is expected.

The brotherhood of Theta Chi would like to both congratulate and announce their newly initiated brothers: Rod Blagojevich, Lee Carroll, Jay Tannenbaum, George C. Adam, Ben (Benji) Gorniewicz, Jeff Behrens, Jim Gordon, and Randy Ruditz. The addition of these fine men most certainly makes the "Big Red Machine" the "best group a' boys in town."

Additionally, the brothers would like to invite everyone to come out and cheer on the TC BOYS in their valiant quest for the Intramural basketball championship.

Lastly, the "Big Red Machine" would like to thank everyone who attended and enjoyed our open house party and helped drink all that booze we were trying to get rid of. Stay tuned for more great TC events coming up in the near future.

## TAU EPSILON PHI

We would like to congratulate the Nasty Macgruders on their fine basketball game against us on Jan. 20. It was a very close game until you got the ball, all in all your elbows were hard, your tripping was tough, and your language was harsh!! I thought your rebounding was great considering you had a 5 inch advantage on our players. But, we aren't sore losers so we wish you the best of luck and as they say in the theatre, BREAK A LEG!!

We would like to congratulate Brian Doyle on winning the case of beer in our "Guess How Many Keys" contest. In case you were wondering there were 1,196 keys in the bowl. Tau Epsilon Phi would like to wish all the people who are transferring next semester, good luck. And would like to close with the line, it doesn't matter where ya go, school is what you make of it. Its the same with fraternity's, you can degrade them, but you'll never know what their like until you try them. Their what you make it.

## ALPHA EPSILON PI

We would like to congratulate our newly appointed and re-elected officers for this semester: Mark Lowit - President; Mitch Weiss - Vice President; Fred Leberman - Treasurer; and Stewart Miller - Scribe.

The Apes are looking forward to a really great semester as many things will be happening. We will be visiting Sumter, going to our conclave at Gainesville, and of course how could anyone forget, another fantastic weekend. As you can see, we'll be on the road a lot as well as being at home.

Look out everyone!!! The Apes are looking pretty good this year on the basketball court. The team finally has height! Although the Apes suffered a narrow defeat, they know all is together for future Ape games. As the saying goes — Alpha Epsilon Pi - The Winning Way!!

We would also like to thank our Little Sisters for their moral support and spirit - it sure is encouraging - keep it up! Scags - we'll add a basement if you insist.

## OMICRON DELTA EPSILON

### ECONOMICS HONORARY INITIATION

Omicron Delta Epsilon, Economics honorary, is preparing for its spring initiation and is seeking new members who meet eligibility requirements. The requirements are at least 12 hours of economics with a 3.0 GPA or better and an overall GPA of 3.0 or better. Interested students should contact Dr. Fesmire in room 232, Plant Hall, before February 19, 1976.

## ZTA

Zeta greetings, and welcome back, everybody! Congratulations to Maryann Levings on her commencement, and best wishes for the future. And congratulations to Kenny, too, Zeta's first White Knight, dubbed Sir Kennedy at the Christmas Party in December. Thanks to everyone who helped to make it the greatest ever!

On Friday, January 23rd, Zeta held its Splash and Beer Bash. A great party, and several new ZTA hopefuls to go along with the good time.

Let's hear it for new Zeta sisters Nancy Anne McMichael and Patty Sanders, being initiated the end of January. Love grows — pass it on.

Winners of the "Goodie Basket" raffle will be pulled today (1/28). Look for a note in your mailbox if you have a ticket — you might be lucky!

Zetas are talking about: Initiation, car washes, Zeta Day, kidnapping (?), the Stardust Ball weekend. . . and you! Zeta love to all from Sue S., Maryann, Dolores, Ingrid, Kathy, Billie, Nancy, Patti, Cathy M., Sue C., Tina, and Gall.

Howard "Curly" Davis, new tennis coach, left, meets the team.

## Davis New Tennis Coach

Howard "Curly" Davis, tennis pro at Indian Springs Tennis and Yacht Club at Largo, has been named coach of the University of Tampa tennis team.

Davis, 25, one-time No. 1 singles and doubles junior player in Louisville, Ky., will continue his affiliation with the Largo tennis club, teaching there mornings and working with the UT tennis team from 1 to 5 p.m. daily.

A pro teacher since leaving Murray State in Kentucky during his freshman year of college, Davis has been working off and on for the past seven years with nationally known tennis pro Don Kaiser, who is the owner and head pro of Indian Springs Tennis and Yacht Club.

Prior to joining Kaiser, Davis spent a year at Northeast Racquet Club at St. Petersburg and three years at Treasure Island Tennis and Yacht Club. In Kentucky, he was tennis pro at Lexington Indoor Tennis Club.

In the recent world championship tennis competitions at Bayfront Center, Davis made it to the quarterfinals.

After a brief news conference announcing his appointment Monday, Davis met with members of the men's and women's tennis teams. Davis said he plans to recruit in Florida and Kentucky in hopes of building a strong tennis team.

## To Be Held At UT

# Florida Wrestling Championships

The Florida State Collegiate Wrestling Championships are going to be held here Friday and Saturday, January 30-31. This will be the first time a State Championship has been held here. The preliminaries and quarterfinals will begin on Friday night at 7:00 P.M. The semifinals and semifinal consolations will be held on Saturday afternoon at 1:00 P.M. Saturday. At 7:00 P.M. the consolations begin and the finals will follow at 8:00.

There will be over ten teams competing at the championships. Each team is allowed to enter one individual in each weight class. The University of Florida is the favored team, however the University of Tampa will be a strong contender for the team championship. Among the teams attending will be FTU, FIU, Dade North, Dade South, Broward, Brevard, Indian River, University of Florida, and University of Tampa. A varsity team is not required for a school to enter the tournament. Junior colleges are also eligible to enter the competition.

The University of Tampa will have many strong contenders entering the competition. Perhaps the strongest wrestler from Tampa U. is Dave Hauser. Hauser is a two time State Champion and will be wrestling at 167 pounds. His record this year stands at 24-3-1. Hauser will be "out to beat" Paul Burns, the wrestler from University of Florida who beat Hauser in the Florida Tech Tournament. This will be the first time in three years that Dave Hauser will not be the man to beat in his weight class.

Another strong wrestler from Tampa is Shawn Connors. Last year Connors took second in the State Championships as a freshman. He lost in the finals to Myron Beard from Broward. Beard will be returning this year. Another tough wrestler in the 142 pound weight class will be Bob Rosso from University of Florida who just beat Connors by one point in the Florida Tech Tournament.

Steve Starzenski, a freshman from Midwest City, Oklahoma will present U.T. in the 134 pound weight class. Starzenski has improved tremendously and will put up a tough fight for the

championships at 134 pounds. The person to beat in that weight class will be Mike Collins from University of Florida.

Tasso Kiriakes, a state place winner in the past, will represent U.T. at 177 pounds. This will be an extremely tough weight class this year. The Most Outstanding Wrestler in the University of Tampa Invitational, Worsowicz, will be competing at this weight.

At 118 pounds there will be a wrestle off between Todd Fogarty and Eric Romanino to see who will compete in the tournament. The loser of that match will have the opportunity to wrestle off at 126 pounds against Bart Lenhardt. Rick Brill will be competing at 150 pounds and has the potential to place high in the state tournament. Bill Goodman and Bruce Davis will wrestle off for the 158 pound spot. Jon Williamson will wrestle in the tournament for Tampa at 190 pounds. Heavyweight, 250 pound, Dan Newkirk from Kalamazoo will, hopefully give additional points in the tournament.

Possibilities of the University of Tampa doing exceptionally well are hard to foresee with a contender as strong as the University of Florida, but U.T. will give them a "run for their money."

Dave Hauser, University of Tampa's 167-pounder and UT most consistent winner on Coach Joe Wlendi's wrestling team, circles his opponent, John Madden, during recent tournament action.

## Wrestlers On The Move

During the past month the wrestling team has been quite busy traveling, practicing, and competing. The week of January 5th, the grapplers were in Atlanta for two matches. They soundly defeated Southern Tech on January 5th and the next day kept on winning by defeating Georgia Tech. The Georgia Tech victory was decided in the last match of the night by Tasso Kiriakes. Kiriakes was behind 5-0 and the team was behind 21-20. If Tasso had not won the team would not have won. Tasso brought the score up 5-3 and then in the third period went on to pin his opponent. In addition to Kiriakes' victory, the team won and headed back to Tampa with two more wins under their belt.

On January 10th the grapplers went to Orlando to participate in the Florida Tech Open. The team came in fourth with two men in the finals. Place winners were Steve Starzenski and Shawn Connors who made it to the finals before being defeated. Both wrestlers had close matches in the finals, Connors lost by one point to University of Florida's Bob Russo. Dave Hauser was also upset by a Florida wrestler, but Hauser came on strong in the consolations to win a third place in his weight class.

## Women's Basketball

The University of Tampa's Women's Basketball team began their 1976 season losing the opener to Florida Technological University, 58-54, at Orlando.

The top scorer was Jackie Langley, M.V.P. from last year, with 30 points.

The game was neck and neck until the last minute. FTU scored their winning points from a field goal, and two foul shots within the closing seconds of the game.

The team has high hopes and sights set on a number one team with the combination of talent, and 5 members returning from last year, the only way is up.

This year's squad members include Jackie Langley, co-captain, from Naples, Fla.; Debbie Wilcox, co-captain, and also M.V.P. from last year, from Esmond, Rhode Island; Terri Ovalle, from West River, Md.; Michele Weiss from Tenton, Mich.; Sue Pahurak from Tebanon, Pa.; Gail Young, from Georgetown, Ontario, Canada; Tina Dove from Coral Springs, Fla.; Jeanne Chitester, from Mt. Holly, N.J.; and Debra Kiessel, manager, from Garden City, Mich.

Coach Betty Lambert will begin her third year as coach for the Lady Spartans.

The ladies will play a 16 game schedule besides the Sun Coast and State Tournaments.

This year, games will played against top competition from all over the state teams such as Fla. State, University of Florida, U.S.F., Rollins, and Flagler.

### WOMEN'S VARSITY BASKETBALL SCHEDULE

January		
29	Eckerd College	Tampa 8:00
31	Univ. of Fla.	Tampa 11:00 a.m.
February		
2	Eckerd College	St. Petersburg 7:00
4	Flagler College	Tampa 4:00

### WOMEN'S TENNIS SCHEDULE

January		
29	Florida Tech. University (H)	2:00 p.m.
February		
2	Florida Southern (H)	2:00 p.m.
4	Saint Leo College (H)	2:00 p.m.

**SPORTS WRITERS NEEDED —**  
Men's and women's tennis, women's crew, baseball, water ski team, and golf.

There are two new wrestlers who have joined the team this semester. Dan Newkirk is a heavy-weight from Kalamazoo, Michigan. He gained his first victory Friday night by defeating the heavyweight from Franklin and Marshall. Bill Goodman is a new wrestler from the Tampa area. He will be wrestling at 158 pounds. Both of the new wrestlers will be a definite asset to the team.  
Debbie Everhart
