Tampa To Celebrate 75th, With Diamond Jubilee

The celebration of Tampa U's 75th anniversary will begin in January 1966, President David Delo announced recently.

The main building was built and opened to the public in 1891 as the Plant Hotel. Famous guests that stayed at the hotel include Winston Churchill and Theodore Roosevelt.

Special events for the "Diamond

Jubilee Celebration" include concerts, Spanish art shows, and confreences.

The last event will be a dance at the Curtis Hixon Convention Hall. 3000-4000 people are expected to

A cake cutting ceremony on January 29 kicked off the celebration. The cake marked the 74th anniversary.

S. U. S. G. A. Executives Meet For Gasparilla Holiday Celebration

The University of Tampa played host to the Southern Universities Student Government Association's (S.U.S.G.A.) Executive Council's Meeting February 7 and 8. S.U.S.-G.A. includes eight states in the southeast and approximately 70

The organization exists as a link of communications between the colleges and universities in the southeast, enabling the student leaders to exchange ideas and experience in order to benefit one another in their role of service and leadership to their respective student bodies. It provides a means for cooperation among the various institutions for the mutual benefit of each. It does not in any way assume the role of a supervisory organization nor as a representative organization that can

speak for the students it serves. It 1 is a non-policy making and nonlegislative organization that exists solely to serve the students of the southeast and to assist student leaders of its member institutions to better serve their own student bodies.

Since S.U.S.G.A. exists for service only and does not attempt to supervise or represent its members in any way, the organizational structure of S.U.S.G.A. exists only to coordinate and plan the activities that are carried out as a service to member schools.

The Chairman is the presiding officer at the Annual Conference and coordinates the activities of S.U.S.G.A. between conferences. He is assisted by the Executive Council which is made up of a Vice Chairman from each state where there are member schools. Presently there are eight Vice Chairmen. They are elected by the member schools in their own state. The Chairman is elected by all of the member schools. The Executive Secretary is appointed by the Executive Council. He supervises the activities of the Central Office.

An advisory board is made up of three advisors. One of these positions becomes vacant each year and a new advisor is elected by all the member schools. This Advisory Board attends all meetings of the Executive Council and the Annual Conference and serves in an advisory capacity.

Those taking part in the recent Executive Council Meeting were: Chairman John Hines; Vice Chairmen Ted Jackson, Alabama Mark Clasby, Florida; Wayne Seabolt, Georgia: Robert Burns, Kentucky; John Stewart, Louisiana; Bo Roberts, Mississippi; Bren Lanford, South Carolina; Bill Lutrell, Tennessee. Advisors include Dean Katharine Cater of Auburn University, and Dean Michael A. De-Carlo. Others attending were the Entertainment Coordinator, Dean James E. Dull: Publications Advisor, Dr. Reid H. Montgomery; and Executive Secretary, H. L. Martin.

Following the executive meeting Sunday, a dinner was held at the Sheraton Hotel. Special guests at the dinner were Dr. and Mrs. David M. Delo. Monday the Executive Council enjoyed the Gasparilla festivities.

S.U.S.G.A. EXECUTIVE COUNCIL

Standing, I. to r., Mark Clasby, Dr. Montgomery, Bill Lautrell, Robert Burns, Ted Jackson, Bo Roberts, Wayne Sebolt, John Stewart. Seated I. to r., Mr. H. L. Martin, John Hines, Bren Lanford, Dean Dull, Dean DeCarlo.

Given University by Babson

\$5,000 was formally presented to the University of Tampa by the Gravity Research Foundation of New Boston, New Hampshire, Monday, February 15 at 11 a.m. in the Dome Room of the University.

The gift presentation by Dr. eorge M. Rideout, head of the Foundation and president of Babson's Reports was followed by the unveiling of the monument held near the outside entrance to the library.

Guest speaker, Dr. H. Dwight Carle, dean emeritus of Keene State College, Keene, New Hampshire, and a truste of Gravity Research Foundation discussed the work of the Foundation and the importance

of the study of gravity.

Dr. David M. Delo, president of the University, said that the \$5,000 gift would be used to strengthen the University science program.

The stone monument bearing an appropriate inscription, was placed on the campus as a stimulus to students to enter careers in science and more important to encourage interest in the study of gravity.

The University of Tampa was privileged in being the only university in the nation to receive

A stone monument and a gift of I such a monument this year. In the past, ten other Eastern colleges have been recipients.

The Gravity Research Foundation established 17 years ago by the noted economist and educator who wrote his Master's thesis on gravity, Roger W. Babson, while a student at Massachusetts of Technology, carries out various research projects at various educational and industrial centers throughout the country, concerning gravity. And it is interesting to note that Russia is also interested in such research.

Gravity Monument and Gift Muezzin Readies For It's Second **Edition With New Feature Section**

by Julie Quintana

the Muezzin will appear, and inside will be a new feature, a fine arts contribution. A public relations program is very important for the vital growth and development of an institution and with today's groups and individuals too often evaluating and judging themselves materialistically it is important not to ignore artistic creativity.

The first publication of Muezzin,

In March, the second edition of the alumni magazine, appeared last November, and it contained a variety of articles - sports news of alumni, Homecoming '64, scholarships and honors, improvements on campus, University activities, and columns by various members of the University.

Suzanne Oliver, editor, said, "It is, after all, man's creativity that is the mirror in which his advancements through knowledge are reflected."

We need only to look around us to realize that not only is there a new science laboratory but also an English professor whose poetry is

Marvin Philips, director of the University of Tampa's Falk Theater, has announced that the Broadway hit revue, "Beyond the Fringe," which was originally to be presented at the Falk Theater on March 8, will be seen on March 4 due to a change in the troupe's schedule.

published throughout the country. The feature will vary each issue from short stories, essays and poetry. Contributions will be accepted from not only the faculty and alumni but also from the student body. All students are urged to

submit their works.

Organization News

The Tampa U. TKES joined the Florida Confederation of Tau Kappa Epsilon. The confederation is designed to strengthen all TKE chapters in Florida.

Again this year we would like to congratulate our Fraters for obtaining the highest scholastic average on campus.

Congratulations are in order to Frater Jack Sommerstein on his recent marriage.

TKE's of Epsilon Beta journeyed to Georgia Tech this past weekend to participate in a southern area leadership conference.

Thanks are in order to all Fraters who turned out to make this year's annual Gasparilla Day project a

TEKE's social calendar for the first semester came to an end with

a tremendous "blow-out" at Lowry Park. Second semester's social events promise to be even better than those of the past one.

Massachusetts Club

The Massachusetts Club held its annual Christmas Party at Mac-Dill A.F.B. which was a great success. Dog 'n Suds was the theme of the party. Elections were held for new officers before the holidays. Newly elected are Governor, Joe Finks; Lieut. Governor, Dick Perrier; Secretary, Chris Hyland; Attorney General, Chris Monks; Treasurer, Stu Sherman.

An executive meeting was held and plans were made for a party in the near future. Watch for our next meeting. All those students from the New England States are welcome.

Delta Phi Epsilon

Within the next few weeks we will be initiating fund raising projects for the benefit of Cystic Fibrosis, the Delta Phi Epsilon national charity. Your full support of this most worthy cause will be appreciated.

In our recent election of new officers for the 1965-1966 year, to become effective in April, we have selected Sarah Santos our new President. Other officers will include Joyce Thompson, Vice President; Jackie Beltram, Secretary; Roberta Circincione, Assistant Treasurer, and Marcia Chalfin, Pledge Mother.

We would like to welcome all new students and wish everyone a successful semester.

Honor Society

The election results are in. Congratulations to the following members of the ULEMA Scholastic Honor Society:

Janet Rogers, President Kevin Hughes, Vice President; Judy Orovic, Secretary; Tyrone McMurray, Treasurer; John Whitbeck, House of Representatives.

We would also like to extend our best wishes to Barry Miller, our departing president, who is off to graduate school at Washington State University.

Zeta Tau Alpha

February 14 was a day which will be remembered by the fall pledge class - they were initiated as active sisters and following, all sisters dined at the cafeteria in the Student Center. We are all looking forward to a busy and enjoyable semester.

Our felicitations go to Sister Faye Adams on her recent marriage to Mr. Peter Fillipello of Tampa and to Sister Carol Ann Smith on her coming marriage.

All organization news and letters to the editor MUST be submitted with typed copy on one side of a page only, double

Deadline for next issue is Friday, February 19, 1965.

EDITORIAL

Let's Take A Stand

There has recently been a bulletin issued by the University which takes to task those students whose conduct in a local diner has been deplorable. In the student handbook, it states "Students who may object to the attitude, practices or services of certain places of business should not frequent them." With this statement we whole-heartedly agree and suggest earnestly that the student body of the University of Tampa starting immediately refrain from visiting this diner.

As we see it there are two problems:

First, there are certain students who through their childish and generally disgraceful behavior are giving the entire university a bad name. Second, this particular diner because of its discourteous service has caused otherwise unoffensive customers to become angry and thus treat the restaurant employees roughly.

With reference to the earlier mentioned statement in the student handbook we think it might be written thusly, to apply to this local diner, "Places of business which object to the attitudes and practices of the fre-

quenting customers should have the common sense not to permit these customers to continue to frequent the establishment." The establishment has the prerogative of refusing service to any disorderly person and it should exercise that prerogative. A place of business should be capable of handling its own affairs without constantly turning to the university or to some other scapegoat to vent its own managerial shortcomings. Every disorderly individual who appears in this local diner is not a Tampa University student; therefore these disorderly persons should be handled as individual cases. In the past every other offensive person has been simply referred to as "just another punk from the University."

We wish to reaffirm that the great majority of the students at the University of Tampa are law abiding orderly persons, not troublemakers.

Either this diner should make some effort to handle disorderly problem cases on an individual basis or else it should simply ban the university entirely, thereby forfeiting the business obtained from the school.

Placement Opportunities

AIRLINE PERSONNEL CONSULTANTS: Airline Stewardesses. (Information and applications available) Room 253 - Miss Bennett. CLARK ASSOCIATES: Various positions. See brochure in this office.

DUN AND BRADSTREET: Credit Report Trainee leading to sales, then management. Applicants should be interested in and like sales. FAMILY SERVICE ASSOCIATION OF AMERICA (GRADUATE

STUDY): List of fellowships and scholarships offered in this office. FLORIDA GAS COMPANY: Junior accountant (degree in accounting or Business Administration.

New Spartan Oarsmen Hit Water Hard As Season Nears Opening Meet

by Bob Harris

Well, Tony Jonaitis is back coaching the T. U. Crew Team and in the words of coxswain Dave Murphy, we have what is potentially the "best looking" and "one of the strongest" teams alive. As always, the gang is up for this season, since Rollins, Amherst, and La Salle are on the Not-Too-Easy schedule.

Portside, Coach Jonaitis has Walt Lally, Steve Taffe, and "Old Ever-ready" Dennis Schill. The starboard side is just as keen with Doug Dallier, Carl Sauer, George

Watson, and Ken Storz manning the oars.

Coach Bradley, of Rollins, and Mr. Sliz saw to it that the crew received two new boats. Both are being shipped out of Seattle, Washington, February 6.

With the high sign from Sliz, and a mighty old salty soul from Massachusetts, the crew team is ready to roll.

Two frosh _ Sauer and Lally _ are both newcomers to watch, while Watson and Schill, old standbys, will begin as the mainstay.

Two sets of new oars are to come, along with the two new boats. A new school will join the T.U. Roster. Howie-in-the-Hills, a prep school in Winter Park, that uses Rollins equipment, will take on our Freshman crew. "Don't sellthem short," Murph warned. "They are a tough little group." April 10 is the date. Our team will be practicing five days a week from 4 p.m. to 6 p.m., and on weekends about three to four weeks bewore race

The former Spartan dock was lost at the hands of tugboat workers when they tried docking the "Jose Gaspar" to the floating dock. The boys have a rough time without the use of the floater and will be glad when it's replaced.

The whole team is joyous over the unusual school spirit for a forgotten sport, and wish to remind the students that ABC's wide world of sports will feature us, along with other Florida schools, in their April third videotaped Cypress Gardens

Is Murph ready for a drowning? "Yep!" says he. "With this year's team I might as well wear a scubadiver's suit."

NOTICE

Physical Fitness Includes Cleanliness

With school in full swing, gym classes once again remind stu-dents of the importance of a

physical fitness program.

Physical fitness includes clean as well as strong bodies. Personal cleanliness is an important step in making you charming and pleasant company for other peo-ple. It also helps prevent chafing and other skin irritations that and other skin irritations that may be caused from soiling so wash your gymsuit frequently. It should be laundered every week and will keep a crisp new look and stay cleaner longer if given a light starch finish.

These tips from the makers of Niagara starch simplify laundering. 1. Since many gymsuits today are made from easy care

day are made from easy care fabrics, they should be washed by hand or wringer washer in warm water or in automatic washer set for Wash and Wear. 2. Hang on non-metal hanger to dry or use automatic dryer on low heat setting. Remove from dryer while damp. 3. Spray entire gymsuit with convenient spray starch, roll up and hold several minutes before ironing

"Come on over-the whole crowd's coming!"

Green Speaks On Russia

Raphael Green of the University of Minnesota, a former member of the White House staff, narrated a color motion picture on "Russia and its People," Tuesday, February 9, at the University of Tampa's Falk Theater.

The film was an uncensored, nonpolitical view of life behind the Iron Curtain. Traveling thousands of miles alone throughout the Soviet Union, Green photographed the Russian people in a wide range of activities. Among the subjects covered were agriculture and the collective farms, schools, markets, industry, churches, children, cultural activities and sports.

Also included were scenes of the

crown jewels, the cathedrals and the former Czarist palaces within the Kremlin. For many years not even the Russian people had been allowed inside the Kremlin gates.

Now director-cameraman on the Audio-Visual Education staff of the University of Minnesota, Green went to the Far East with Ambassador Pauley, head of the U.S. Reparations Mission, while serving on the White House staff. He was one of the 11 men sent to North Korea on a reparations survey.

He has had wide experience in producing educational and television motion pictures, many of which are in national circulation, and is a nationally-known speaker.
