

"Come One. Come All! See the Biggest Show on the Midway!" shouts Tony Dorio as he points to one of the attractions of the show, Cookie Castro.

I wish to express my gratitude to all members of the alumni, student body, faculty, University staff and friends for their participation in the promotion and programming of the special show given on the Royal American carnival midway Friday afternoon. I know how much painstaking effort and hard work have gone into the promotion of this special event for the benefit of the Endowment Fund.

Mr. Bergwin, president of the Alumni Association; Mr. Whitehead, director of public relations; Mr. McGilivray, professor of speech, and Miss Blumeneau, instructor in dancing, had the unselfish cooperation of a large number of students, without which this excellent performance would have been impossible. Here, again, is another indication of what can be done in any organization where there is perfect coordination and unity.

EELWOOD C. NANCE,
President.

Five Co-Eds Are Queen Candidates

Five co-eds from the University of Tampa were introduced as candidates for the Tangerine Queen at the presentation of Hay Fever, Nov. 6, at the Federated Club Building.

The young women, who served as ushers at the play, are the Misses Peggy Anderson, Sarah Charpia, Miriam Chastain, Betty Dekle, and Jean Duket. They represent the freshman, sophomore, junior, and senior classes at the University as well as the Student Senate.

The students of the University were invited to nominate girls for the competition and the five finalists were selected from 30 girls by a committee composed of the president of each class and of the Student Senate.

All five girls will represent the University at the judging to be held the afternoon of Nov. 16 at 2:30 o'clock at Cypress Gardens. The contest is being sponsored by the Winter Haven Junior Chamber of Commerce.

When the four victims of the Boston Massacre of 1770 were buried, the Boston Gazette, in its issue for March 12 of that year, illustrated its account of the event with cuts of four coffins—one coffin short of the number of cuts prepared by Midnight Rider Paul Revere, an engraver by trade, who billed the Gazette for "5 coffins for a massacre."

Paris Journal Prints Article by Pres. Nance

Articles written by Dr. Nance concerning intercultural relationships have been published in the Journal of Nations, a Paris newspaper.

As a result of Dr. Nance's foreign publications, a miniature board of foreign correspondents has been established. Nancy Humes, secretary of the Steering Committee of the Florida Intercollegiate Interracial Convention, has received letters from a student engineer in Budapest, Hungary. As a result of his activities, Dr. Nance has received letters from such interesting places as the Gold Coast, Africa.

Dr. Nance has also had several articles published in the Journal of Living, and more will appear soon.

Phi Society Inducts 14 New Members

By NANCY HUMES

It has come to our attention that the brains of the school have again been named. On the brain trust for the year 1946-47 are Charles Blackmon, Hertell Boxx, Alice Brush, Joe Cumble, Bernard Deeter, Frank Domsy, Louis Hannaford, Dorothy Harris, Joyce Hobart, Leone Jones, Elsie Nordley, Frank Polaski, Gerald Sabin, and Jeanne Wiltse.

Now that you know who they are, maybe you'd like to know what they are. Well, Phi Beta Kappa (of the well-known key, that is) has a branch called the Phi Society. To become a member of the Phi Society, you have to have a 2.5 average or above in the liberal arts. This honor is conferred on those who are eligible in October following the completion of their freshman year, and are inducted into the society by faculty members who are members of Phi Beta Kappa.

Students Here from 28 States

More than half the states of the nation and two foreign countries are represented in the University's enrollment this semester, according to figures compiled by the Business Office.

Of 1075 students attending the University, 155 are from states outside Florida, two are from Cuba, one is from Puerto Rico and one is from Canada.

Tampa and other cities of Florida account for the remaining number. In all, 498 Tampans are registered, and 118 others claim residence in the 'Gator State.

New York's representation of 38 leads all outside states, while Georgia, with 11 students enrolled, leads the Southern states.

Other figures are:
Pennsylvania, 14; New Jersey, 11; Massachusetts, 9; Ohio and Illinois, 8 each; Connecticut, Michigan, North Carolina, Tennessee, 6; West Virginia, Kentucky, Alabama, 5; Minnesota, Virginia, South Carolina, 2; Nevada, New Hampshire, Mississippi, Iowa, Missouri, Indiana, Maryland, North Dakota, Arkansas, California, District of Columbia, 1.

WAA FORMED AT UNIVERSITY

A branch of the Women's Athletic Association has been formed at the University of Tampa for the promotion of women's sports at the University.

Miss Frances Crean, physical education director, said every girl in the University will become an associate member, with specific participation in sports required for active membership. The Tampa branch has been modeled after WAA's in other colleges, and a point system will be provided for the promotion of interest in sports participation. Students will receive points for actual participation, service on athletic committees, coaching and refereeing, and aiding the association.

HOME EC. DEPT. IS REMODELED

Completely remodeled and redecorated—that's the home economics department of the University. It was formerly equipped with antiquated equipment, such as electric hotplates and an old-fashioned water heater. Now it consists of four modern, fully equipped kitchen units, one complete electrical kitchen, a modern unit laundry and a dining room. All equipment was donated and installed by local firms, Miss Cox, head of the department, announced.

The opportunity to view the department will soon be open to the public. Plans are being made to have open house during homecoming weekend. At this time, the public, students of the University and the faculty will be invited to attend the teas and scientifically prepared lunches sponsored by the department.

Cheers To Hay Fever

By NANCY HUMES

To all of you who have missed the production of "Hay Fever" I extend my deepest sympathy. You certainly missed the funniest comedy, and the best acting we have seen for some time. To Miss Thelma Jones and her entire superb cast we say "Congratulations!" We are now eagerly awaiting "Servant in the House," Miss Jones' next production.

FINAL PLANS MADE FOR HOMECOMING

Final plans are being made for the annual homecoming at the University of Tampa to be held Nov. 20-22.

It is hoped that this will be the biggest and the most successful celebration of homecoming ever to be held in the history of the University. The festivities will commence with a reception for the Alumni to be given by President Nance in the University Ballroom Thursday, Friday the Alumni Banquet will be held at the Palm Room of the Hotel Tampa Terrace. Congressman J. Hardin Peterson will be the guest speaker at this function, T. L. Ferris is the program chairman for the 1947 Banquet.

Saturday night the activities will be climaxed by the dance which is given in honor of the Alumni by the

Student Senate. The business session this year will be held during a cocktail hour which will be held prior to the Banquet. It will be held in the Caribbean Room of the Tampa Terrace. Both the Palm Room and the Caribbean Room are being reserved exclusively for the Alumni and friends attending homecoming.

The entire student body as well as the Alumni are needed to make this function a total success. Reservations may be made now by contacting Jimmy Whitehead.

Xavier Cannella and Butch Wilson are at the head of the Banquet Committee.

Don't forget to support the school and the Alumni Association... everyone attend!

Hot Campaign Promised For Alumni President

One of the hottest political campaigns in years is expected to develop in the race for the presidency of the Alumni Association in the selection of four outstanding candidates named for that office by the Alumni Election Committee.

The four nominees, as listed by Chairman Jack Tanner are: Don V.

Giunta

Hippenmeier

Moshell

Reid

Giunta, William Hippenmeier, Albert Moshell and William Reid. Don Giunta, who ran for the office of mayor of Tampa in the last municipal election, is a graduate of the class of '36, taking a degree in business administration. He returned to the university in 1938 and completed work

for a degree in education. He resides at 2401 11th Ave. and is a science teacher at the Macfarlane Junior High School.

William Hippenmeier is a member of the class of '35, the first class graduating from the university. He is a charter member of the Sigmas Kappa Nu fraternity, is married and has a daughter. He resides at 2114 Dekle Ave. and is assistant treasurer for the Central Truck Lines in Tampa.

Albert Moshell is a graduate of the class of '43. He is a member of the Beta Chi fraternity and is married to Frances Alexander of the class of '44. He resides at 1508 Lorenzo Ave. and is an efficiency engineer for Tampa Electric. He is also a member of the Alumni Board and is chairman of the Alumni Endowment Committee.

Bill Reid graduated from the university in '37. He is married to Suzanne Jackson, '42 graduate and with their three-year-old son reside at 3310 Hawthorne Road. He is a member and former president of the Sigma Kappa Nu fraternity. He was recently released from the Navy where he served as a lieutenant commander in the air service.

The election committee, headed by Jack Tanner, includes Arthur Barrows, Jane Person Setzer, Mary Colura Raines, Florence Willers, Braulio Alonzo, Carl Dahm and Ozzie Beynon.

Four candidates have been nominated to seek the vice presidency of the Alumni Association by the Alumni Election Committee. They are John Cox, Xavier Cannella, Dr. Paul J. McCloskey and Rudy Rodriguez.

John Cox is a '39 graduate and athletic director of Wimauma High School. He is a member of the Sigma

The Minaret is the official publication of the student body of the University of Tampa. It is published every other Wednesday during the school year at no cost to the student body.

The staff welcomes comments and criticisms. Address all correspondence to The Minaret, University of Tampa, Tampa, Florida.

IT'S A SAD STORY

Because we could hardly hope to put it better, we pass along these thoughts by the editorial writer of Oregon State College's Daily Barometer:

"On a big city daily, the editorial board usually consists of old-time newspapermen who grew up with the wire service and the telegraphic photo and who have felt printers' ink surging through their veins for at least the last two decades. Their only duty is to write editorials, and they have a library of files and reference material at their fingertips. Their written word is read across breakfast tables covered with fine linen and scrutinized by the strap-hanging commuter heavy with insomnia and regarded as the essence of wisdom.

"Now consider the plight of the poor Barometer board member. Instead of being housed in an office surrounded by scholarly associates and without a lifetime of reporting and editing behind him, he has spent a year or possibly two on the Barometer, and the editor expects him to interpret current campus happenings with a Mencken-eye and by a few whisks of the typewriter keys solve the problems of the hour in a few minutes.

"Such is hardly the case, though, for editorial writer Joes is usually burdened down with about seventeen hours of home-ec or education and a weekly slate of noon meetings, board meetings, club meetings, nights at the printers, and, on rare occasions, an hour or two with his baby.

"Who his reading public is he never knows—until he slips up! Then the devil breaks loose and he is taken aside by the editor and shown a little pile of letters which stormed in protest of so-and-so being allowed to write such stuff as this for a college publication.

BEST FOOT FORWARD

By NANCY HUMES

Everybody get your program here! Can't tell students from alumni without a program. Get your peanuts and pink lemonade now . . . must be some of the ole Midway left in my blood. Can't seem to get rid of the call of sawdust and hard red seats. But back to the alumni. The entire school, and the Minaret wish to welcome you back to Tampa U. We hope that our efforts to show you the biggest Homecoming yet are successful, and up to your greatest expectations. As you know, this is the biggest occasion of the school year, the time when we really put our best foot forward and let our hair down. Here's hoping we'll see all of you during the days of the 20, 21 and 23. Welcome, Alumni!

Do a Good Deed, or Help The Profs

The mind of a college professor is like a huge filing cabinet containing a wealth of wisdom. Efficiency is the leading characteristic of this orderly system; mental hands lovingly place each bit of information in its correct niche. Formulas and conjugations, dates and names, experiments and theories are carefully kept under their respective alphabetical headings.

But in the midst of this smooth system, one compartment stands out like a sore thumb; it is the acme of untidiness — it is the miscellaneous section.

Names of students, appointments and class schedules are crumpled up and thrown haphazardly into this dark section. There they lie in tumbled disorder, gathering dust and bearing the brunt of occasional brainstorms.

When you see a professor wandering about the halls with his learned brow wrinkled in deep concentration, help him, for he is probably looking for his classroom. Mental hands are searching frantically through the disordered miscellaneous file, trying to find his class schedule.

Recently I was able to help a professor who was in this condition. With hurried step he made his way up

the hall. He stopped to peer into each classroom, hoping to recognize the faces of his students.

He saw me and paused. "Listen," he confided. "Do you remember seeing me in any of these classrooms at this time?"

I could offer no aid and watched his progress up the hall. As he turned in despair at the end of the corridor, I suddenly remembered seeing him in a classroom across the hall.

I directed him to the door which proved to be the right one. He looked at the seated students and his troubled face lighted in a relieved smile.

He rushed across the hall, wrung my hand in gratitude and said triumphantly, "By God! they're in there!"

He turned, erect, self-assured, and marched through the doorway to his students.

Another professor had found his class.

ORCHIDS TO DAVE NEGIN

Across the street from the University is a place we all know well . . . the Hyde Park Grill. One of the main reasons we know it and like it so well is the man running around inside known to all his friends as Dave. Dave Negin is not from Tampa, but because of his sincere feeling for the University, he has been adopted. Dave has done many things for the University and the students that he didn't have to do, but he did it anyway, he attended our show at the Royal American, and EVEN BOUGHT A BOX OF CONDY! Thanks for everything, Dave!

Social News

Alpha Gamma sorority held its annual Masquerade Ball Friday, Nov. 7, in the University Ballroom. Don Francisco and his orchestra provided the music for the masked dancers. Sponsors for the dance were Delores Patrick, Pauline Cacciatore and Mary Rodriguez.

Committee members were Carmen Palacio, Delores Patrick, Pauline Cacciatore, Mary Rodriguez, Josephine Beiro, Rose Beiro, Carmen Roccaforte and Martha Jackson.

In accordance with the new ruling, no corsages were permitted.

A barbeque for the faculty and administration staff of the University was held Saturday afternoon, Nov. 8, at the lake home of George Lenfesty, prominent local businessman.

Members of the Zeta Delta Phi group held a founders dinner at the Columbia Restaurant on Thursday evening, Oct. 29, in honor of their new status as a sorority.

Special guests included Dr. and Mrs. E. C. Nance; Miss Thelma Jones, dean of women; Dr. and Mrs. H. G. Baker; Miss Jacqueline Morpain, new sponsor; Mrs. Eunice Talbot, last year's president, and Bud Williams, president of Panhellenic.

Members of the sorority who were present included Dolores Schjaastad, president; Louise Aparicio and Cecile Lampton, vice presidents; Katherine Sible, secretary; Meredith Weber, treasurer; Doris Johnson, Jeannie Poor, and Susan McIntosh.

LOPEZ - SWALES

Bob Swales and Miss Diane Lopez will be married on Christmas Eve of this year. Good luck, Bob and Diane.

The Rho Nu Delta fraternity held their annual Halloween Dance on Oct. 31. The dance was held at the Hellenic Center, and featured Milt Bedingfield's orchestra. Decorations were in keeping with the Halloween theme. Miss Lella Mae Moody, . . . were sponsors for the dance.

SOCIAL CALENDAR

Nov. 20—8 to 10 P. M.—President's reception in the University Ballroom.

Nov. 21—6:30 to 9 P. M.—Annual business meeting and the Alumni banquet.

Letters To The Editor

Editor's Note — The opinions expressed in the following column are those of the writer and by no means are they necessarily those of the Minaret. If you are not in accordance with the beliefs of this writer please contact the Minaret and the tramp shall be fired!

In view of the fact that my Editor has taken that cautious and somewhat belligerent attitude I hesitate to put my thoughts into words. But I can do no more than lose my job, so I shall endeavor to go through with it.

First of all, I would like to take this opportunity to answer some of our readers' letters. This one comes from a Mr. Curious (what an odd name).

Dear Minaret:

It is rumored around the University campus that Mr. Doyle Blumle, student senate president, is taking an almost unbelievably simple course this semester consisting of the following:

Principle of Woodcraft I.

Beer Appreciation.

Introduction to Volley Ball

Underwater Swimming

Theories of Picture Framing

I would appreciate it if you would either confirm or deny this rumor.

Sincerely,

"Curious"

Noe: I shall not even bother to answer this absurd letter. Anyone with any intelligence knows that Underwater Swimming is not offered during the winter semester.

The second letter comes from Mr. J. C. Luxman, President of the Seffner Theatre Inc. He writes:

Dear Sir:

I am taking this opportunity to write you because I feel that what I have to say will be of great interest to your students.

Beginning November 23 through December 31 The Seffner Theatres Inc. are showing the following double features at popular prices:

Something in the Wind—The Bride Wore Boots.

The Best Years of Our Lives—Up in Mabel's Room.

Life With Father—Getting Gertie's Garter.

The Long Night — Great Expectations.

I wonder Who's Kissing Her Now—Her Husband's Affair.

Miracle on 34th Street — Mother Wore Tights.

J. C. Luxman.

So much for the Letters to The Minaret. In view of the fact that Homecoming is just around the corner I have decided to pen the following greeting off to our many alumni.

"Hello Alumni"

The Question of the Week—Who Stole Beethoven's Fifth?

Nov. 21—4 P. M.—Open house for Home Economics department.

Nov. 21—7:30 P. M.—Freshman pajama parade.

Nov. 22—10 A. M. to 5 P. M.—Open house of University dormitories.

Nov. 22—11:30 A. M.—Homecoming parade.

Nov. 22—12:30 P. M.—Fraternity and sorority luncheon.

Nov. 21 and 22—Dr. Donald W. Robinson will go to Gainesville to speak at a convention for state teachers. The subject will be on organizing time and salary for teachers in service now qualifying for teaching.

MIDWAY QUEEN
Lula Belle Stalnaker

Fraternity News

TAU DELTA SIGMA fraternity will hold an official recognition breakfast on Nov. 16, at the Floridan Hotel. Fraternity President David Baskowitz, announced that Dr. D. W. Robinson will be the principal speaker.

Pledges of the TAU OMEGA fraternity held their first meeting of the current semester Oct. 26. Officers elected were Jack Law, president; Bill Kelley, vice president; James Cox, secretary; Joe Masada, Jr., treasurer. Plans were made for a party to be given Nov. 29 at Hillsborough State Park for members of the TO fraternity and their dates.

The residents of the men's dormitory will be glad to hear that all the noise on the fourth floor is not the renewed activity of the termites. The TO's are remodeling their frat room. The fraternity plans to hold open house in the "new" fraternity room during Homecoming.

Officers of the SIGMA KAPPA NU fraternity were entertained at a spaghetti supper Oct. 26 at the home of Mr. and Mrs. Howard A. Groves.

Those attending were Albert McNab, Bill White, Charles Crumpton, Credo Schwab, Hoyt Goodson, Roger Birt, Ed Kedrick and Jack Groves. Bill Lumpkin of the University of Florida was a guest of the fraternity.

Following the supper a business meeting was held. Plans were discussed for Homecoming and the annual Sigma Kappa Nu Christmas Dance. The 1947 holiday dance promises to surpass those given in previous years.

Serving on the preparations com-

mittee are Ed Kendrick, Bill White and Jack Groves.

The ACE CLUB will hold its bi-monthly meeting at the Ritencliff Cafeteria Wednesday night at 5:30. Plans will be laid for a party during Homecoming, and plans will be made for the club float.

In intramural football the Ace Club has two tough games left. One will be the KSK's and the other the TO's. The TO game will be one of the rough games of the season. It will be more of a TO vs. TO game than anything, as over half of the Ace Club is composed of TO members or pledges. We of the Ace Club predict this the best game of the season. We predicted the Buccaneers would win and it seems they are doing just that. Let's all make Homecoming a big affair.

Florida beat Furman, but playing a stellar game for Furman was Fleming Thornton. Junior was a former student of Tampa University and a past president of BETA CHI fraternity. The Flowboy, as he is better known, was entertained after the game at the home of his onetime teammate, Paul Straub.

Looking over the members of the football team who are playing a charity game, we find the following Beta Chi's in uniform: Bud Williams, Spence Bokor, Glenn Reid, Larry Rosenbaum, Jerry Jackson, Manuel Miranda, Conn Straub, Jack Layfield, Tommy Pardo, Mike Camello, Harry Truitt, Bud Reinert. Paul Straub and Willard Knight are doing the coaching.

DORM DOPE

By NANCY E. HUMES

Before I start may I say that the title of this column is no reflection on the inma . . . those who live in the dormitory. Per usual, things are happening in the dorm. Lots of lovely new girls came in at the beginning of the year, and they're still there, too. They are Irma Burkhalter, Florida; Dorothy Bachman, New York; Margaret Crepps, Vermont; Emma Castro, Puerto Rico; Frances Causey, Florida; Helen Gilliam, Tennessee; Margie Henson, Florida; Jean Harter, Florida; Helene Keller, New York; Elizabeth Lambert, Tennessee; Barbara O'Berry, Florida; Elinor Patterson, Kentucky; Norma Piper, Illinois; Louis Richelleu, Florida; Gail Stranahan, Massachusetts; Ruth Sullivan, Georgia; Frances Stephenson, W. Virginia; Clair Van Breeman, Florida; and Sophie Wilkerson, Florida.

Love is on the rampage in the dorm again this year. Louis Richelleu has Nelson Jones' pin, Margie Henson is getting married the 28th of this month to Bobbie Underberg, and I guess everybody knows about Elinor Patterson and Eston "Buddy" Hope. Emma Castro and Bill Bush are seen together but often.

The Dorm Club has had election of officers for the year. The new president is Becky LaBoon, and vice president is Liela "Smooty" Moody.

A strange and unusual sight presented itself the other night. The Dorm had its first fire drill! Many old

and varied costumes made this a festive occasion. The best was Kit Stranahan a la wool flannels. Seriously though, the fire precautions that have been instituted in the Dorm are the biggest improvement seen for lo! these many years.

Right now the girls are busy getting ready for Homecoming and open house. You know what open house is: The one time in the year when everybody gets their rooms spic-and-span simultaneously.

That's all for now, everybody. Remember the dorm motto: Miss Hanley will make a wife or teacher of you, or you, too, can live in the Dorm.

NEW OFFICES ARE ASSIGNED

The two previously unoccupied offices on the second floor of the main building above the lobby have been assigned to members of the teaching staff.

Room 297 is now the office of Owen J. Reynolds of the mathematics department and Stuart Cuthbertson of the department of English. Room 298 is occupied by Dr. Martin I. J. Griffin and Earl E. Keller of the English department.

The other two of the four rooms constructed above the lobby last year are the offices of Miller K. Adams, director of physical education, and Doyle Blumle, president of the student body.

POETRY CORNER

By LEONARD H. GOTLER

PLANTING TIME

It's planting time:
Fall rains have swept
The fields clean of
Drowsy Winter snows,
And now they're ready
To be sown in
Lazy patterned rows.
Farmhands and children
Are all over-anxious
To get things underway;
They anticipate the glad
Results, that come from work
That seems like play.
Yes, it's planting time.

MAGNOLIA

Straight and tall Magnolia
tree stands
To hide its bloom from
loving hands;
Only birds and the bees
can touch
The soft white flow'r
we love so much.
And though it's safe from
vand'lous folks
Who think that Nature's
just a hoax,
We'll always have that
fragrant smell
That every human
loves so well.

MEET YOUR FACULTY

By BETTY DEKLE

David L. Zielonka, A.B., B.H., Rabbi, and D.H., has become one of the most respected and beloved members of the faculty of the University of Tampa.

Besides his responsible position on the educational staff of this college, he has also served as head of the Congregation Schaarai Zedek Temple for 18 years, as well as being an active participant in Tampa's civic life.

A native of El Paso, Texas, the Rabbi acquired his pre-college schooling in his home town. He furthered his education by attending the University of Michigan. From there he transferred to the University of Cincinnati where he graduated. In addition to this, he is also a graduate of the Hebrew Union College and the Jewish Seminary, and he has done graduate work at the University of Chicago.

The Rabbi, who has traveled all over the United States, has also traveled extensively in Europe and has made several trips to Mexico.

The War Department, the Navy Department, and the Veteran's Administration have recognized him as a certified civilian chaplain and at the present time he is the civilian chaplain for Jewish men at MacDill Field.

Congregation Schaarai Zedek of Tampa, needing the services of a leader, called Rabbi Zielonka and he responded. After his arrival in this city he became one of the three original members of the faculty of the University. Later he took an active part in all civic affairs and became a member of the Rotary Club, District Welfare Board, Family Service Association, Hillsborough County Tubercu-

The game of basketball was invented in the winter of 1891-92 by Dr. James Naismith, instructor in the Y. M. C. A. College at Springfield, Mass., to provide competition for his students between the football and baseball seasons. Because Dr. Naismith had 18 available players at that time, the first rule was, "There shall be nine players on each side."

RABBI ZIELONKA

losis Association, Marriage and the Family Council, Tampa Urban League, and the Red Cross.

The Rabbi is married and has two sons. He and his family reside at 819 South Edison Avenue.

The 43-year-old professor played on the United States Championship High School basketball team in El Paso and he also played basketball at the University of Michigan during his freshman year. In addition to his participation in sports he also played the saxophone in a jazz band in El Paso and Cincinnati for seven years. He is the honorary faculty advisor for the Sigma Kappa Nu fraternity.

The distinctive personage of Rabbi Zielonka is one that each student of the University is familiar with and one that is equally respected by all.

Eman-On

By YCNAN SEMUH

Ah ha, kiddies, here I am again. Due to circumstances beyond the control of the Minaret, and because I have a gun and they don't (but mostly because the editor is out of town), my, shall we say "column?" is here for you to read, if you can.

Many interesting things have been happening around old T. U. I notice that Frank Domsy has made the Phi Society. Frank, who is notoriously stu... Oh well, he has got charm, hasn't he?

Cheers to the cast of "Hay Fever." Haven't seen anything like Katie since the "Perils of Pauline" and did you catch that throaty number she sang in French, yet? Tom "Is this another game?" Carlin is probably the only ambassador in captivity who lights cigarettes in a saucily manner when he should have been winsome. Vic Leff was out of this world. But isn't he always? Kidding aside, I really think you all did a bang-up job.

Speaking of bang-up jobs, have you ever ridden in Saxon's car?

Did you all see Mike Royer, Cookie Castro, Helen Gilliam, and Norma Piper disguised as Reynell's showgirls. Haven't been so enthralled since long skirts became vogue. Lulu Belle "Queenie" Stalnaker must know Caldonia personally. What does make her her big head so hard?

Just heard that Dee Robinson and Louis Linehauser will appear on the program "Honeymoon in New York" the 26 of November, while in New York on their honeymoon.

Heard that Jack Cartledge sat through both showings of "La Matrielle," presented by the French Department, just to hear Miss Morpain

translate from French to English. At least that's his story.

Have tried to concoct a name for this, but no name comes to mind. I know, no mind, either. (That last line was for the sharpies who would of thought of it anyway). Several friends, and I use the word loosely, suggested that it might be a sequel to our old friend Sis Ellis Feidler's column "The Razor's Edge," and I could call it "The Dull Blade." In my usual hot-headed manner I thought it was a lovely idea, then I thought maybe it wasn't so sharp (pun) after all and now there are those whom I shun like the well-known plague. Hence, no name. However, an unsubstantial reward will be given to the originator of a clever title consisting of 25 words or less, postmarked not later than mid-morning yesterday. The reward will consist of a couple ole Minaret sheets, or an old used trout, or a live roach, or an old Kool butt. You have your choice.

Well, enough of this banal chit-chat. But first, have you heard about

An Australian member of parliament is advocating shorter hours for workers so they may have time to make more "on the side."

the little moron who went to Australia to cross fox with kangaroos so he could raise fur coats with pockets? O. K., I'll quit. Stop twisting my arm. Good-by-yi-yi-yi!!

FLASH! Those of you who read the "Florida Alligator" have no doubt heard of Bidoo, the freshman who is lost in the sewer pipes at G'ville. Report had been made that he was tunneling under Peabody. Peabody made no comment. We have just had a communique from our P. U. correspondent and this report is false. Seismograph reports tell of a strong disturbance in this locality. Bidoo is tunneling under the University! The University makes no comment. Bidoo says "Kiek 'em in de belly!"

AND WHY NOT?

A freshman wrote home to tell the folks about his outstanding feats in the intramural football games. His dad answered:

"Listen, I pay \$1000 a year to send you through school and I want more than a quarter-back."

Because of the housing shortage in Rome many people sleep in the streets, in the dry historic fountains or in a corner of the Coliseum.

Denver Bianco

The University of Tampa Band welcomed the Royal American Shows to Tampa. The proceeds from one matinee were donated to the Endowment fund.

Dear Readers . . .

These two pages of pictures are presented in our Homecoming Issue with the best wishes of the Minaret staff. They are a cross-section of recent University life, and we hope that they will meet with your approval.

Bill Nunn sings "Roses of Picardy" while Cookie Castro looks pretty for the audience at the University's Show on the Royal American Midway.

Pictured left to right are three officers of the Alpha Mu Tau music sorority. They are Dot James, Jennie Cusmano, and Madeline Boyd.

Left to right are Leila "Smooty" Moody, Norma Piper, Mary Cleotelis, and Helen Gilliam, with three of the dancers from Reynell's Show on the Royal American Midway. The girls are being shown a dance routine.

Here's Our Chorus

Mr. Wiltse, of the Music Department, is shown directing the chorus in preparation for the Christmas Recital.

Ask Aunt Carrie

Dear Aunt Carrie:

I've been sick two weeks. Dr. "X" described my case as pneumonia. How can I be sure? Often doctors diagnose a case as pneumonia and the patient dies of something else.

SICKLY SUSIE.

Dear Sickly Susie: It's the doctor I'm thinking of, when he diagnoses your case as pneumonia, you die of pneumonia.

Dear Aunt Carrie: Theophilus Thistle, the thistle-sifter, sifted a sieve of unsifted thistle. If Theophilus Thistle, the thistle-sifter, sifted a sieve of unsifted thistles, where is the sieve of unsifted thistles. Theophilus Thistle, the thistle-sifter sifted?

THEOPHILUS THISTLE.

Dear Theophilus: "Thistle" be enough from you.

Dear Aunt Carrie: What do you think about engaged girls dating? Everybody else has expressed his opinion, why don't you?

HARRY ETT.

Dear Harry Ett: That is entirely up to you. If you think you're doing right, what everybody else thinks shouldn't matter.

Dear Aunt Carrie: I'm from the hills o' Tennessee. One of the Martin Clan boys done come over here and has been a'seein' my daughter. When I asked him if his intentions were honorable or dishonorable, all I could get him to say was, "Do I have a choice?" What to do?

ONE OF THE MCCOY CLAN.

Dear McCoy: If you're one of the real McCoy's, you'll find out.

Dear Aunt Carrie: I went steady with a boy that left a few weeks ago. The other night I had a date (?) to the Recital with an officer and fifty people have impressed upon me how untrue I am. What do you think?

MEGGY.

Dear Meggy: The only thing worse than being talked about, my dear, is not being talked about.

Dear Aunt Carrie: I met a Lt. the other night that I thought was just my type, but I am informed later by one of my friends that, and I quote, "he is fast as a h—" (pardon me, Dean Rhodes). Should I or shouldn't I go and find out for myself?

PERPLEXED.

Dear Perplexed: Oh, go of course. By the way, the price of sledgehammers and handcuffs has now been reduced 50 per cent.

Dear Aunt Carrie: I'm in Who's W., why can't I get a date?

W. W.

Dear W. W.: The boys don't want to know Who's Who, they want to know What's What.

Dear Aunt Carrie: My boy friend overseas sent me a picture of himself and his new mustache. If he does not cut it off by the time he gets home, I will be forced to turn my affections elsewhere. He has been warned. What more can I do?

ROSE.

Dear Rose: Send him that book, "The Razor's Edge."

Love,

AUNT CARRIE.

PERIODICALS ADDED TO U. LIBRARY

By SUSAN McINTOSH

The New York Herald-Tribune Weekly Book Review and magazines in the fields of physical and biological science, economics, radio, photography, industrial arts, hygiene and athletics are some recent additions to the University's newspaper and periodical file, Miss Charlotte A. Thompson, University librarian, said this week.

These and other additions, which will not only make the Library more useful to students but help build up the periodical list to Southern Association standards, will bring the file to almost 275 papers and magazines, Miss Thompson said. Several of the new periodicals are published in England.

In the reference section the Library has recently acquired a new set of the Encyclopedia Britannica.

Library Being Rearranged

To make room for a large number of extra books, the Library is being rearranged and new shelves are being put up in the right alcove, Miss Thompson announced. The current newspapers and magazines, and the Reader's Guide have been shifted across the main room to the left alcove.

For the benefit of new students Miss Thompson drew attention to the following Library rules:

1. The Library is closed during all regular scheduled assemblies.
2. Students taking less than nine hours in their curricula cannot check out books or magazines until they pay the regular Library fee at the Business Office.

3. Books can be checked out for two weeks and can be renewed once immediately after this period. This rule does not apply to books placed on reserve shelves.

4. Books on reserve can be taken out for a period of three days, one day or overnight as specified.

Book Fines Announced

Library fees for overdue books are 5 cents each day overdue for two-week books, and 10 cents each day overdue for reserve books. Further details concerning overdue fees on reserve books may be had by consulting the main desk.

Library hours are 8:30 A. M. to 5 P. M. Monday through Friday, and 8:30 A. M. to 12:30 P. M. on Saturday. Evening hours are 7 to 9 Monday through Thursday only.

Kappa Nu fraternity and is married to Alumnus Catherine Jane Armstrong. They have one son.

Xavier Cannella is a graduate of the class of '41, single, and is a member of the Rho Nu Delta fraternity. Xavier is a teacher of the George Washington Junior High School and holds a master degree from Columbia University. He is a member of the Alumni Board.

Dr. Paul J. McCloskey is also a member of the class of '41. After graduation he took his M. D. degree at St. Louis University. He is married and has one daughter and practices in Tampa. He is a member of the Beta Chi fraternity.

Rudy Rodriguez graduated in '37 and is the owner of the Florida Sporting Goods in Tampa. Rudy is a charter member of the Tau Omega fraternity, is married and has two children.

Nominations for secretary include Florence Flanders Willers, Genevieve Sultenfuss Gumaer, Ann McCurdy O'Grady and Frances Piazza.

Florence is a housewife, residing at 45 Davis Blvd. She is a graduate of the class of '41, and is a member of the Sigma Theta Phi sorority. Ann O'Grady who is also a housewife, graduated in '39, is the mother of one daughter, and is a member of the Delta Kappa sorority. She lives at 3110 Empedrado.

Frances Piazza graduated in '44 and is a teacher at the Wilson Junior High School. She is a member of the Alpha Gamma sorority and resides at 2537 Union St. Genevieve Bumaer is the "Ann Mason" in Maas Brothers Food Department, is married and has a son. She is a member of the Sigma Theta sorority and resides at 803 James St.

SUPERHIGHWAY TO BE EXTENDED

HARRISBURG, Pa.—Pennsylvania's superhighway—a pace-setter in modern road construction—is going to be extended.

Aerial surveys are under way for extension of the 161-mile, four-lane toll road from its present eastern terminus at Middlesex, near Harrisburg, to Philadelphia.

When the preliminary surveys in the East are completed, state highway engineers will start drafting plans to stretch the turnpike from its western end at Irwin to a point between Pittsburgh and the Ohio state line.

POPPING THE QUESTION

Do you have any idea for further promotion of our endowment campaign?

Betty Joyce Palaez: We should have a homecoming game with all proceeds going to the endowment fund.

Val Ficco: They should put the touch on some of the political bigshots of Tampa.

Paul Mancuse: We should have a few big dances at the Country Club.

Joe Eckart: All students should pay an activity fee at the beginning of the semester.

B. Jean Thompson: I think we should raffle off a washing machine. Lois Richelleu: We should sell reserve spacing in the parking lot.

Rinaldo Escobar: The racing association should give the proceeds from one Sunday's race.

Henry Lopacinski: They should solicit again and the business not giving money should be blacklisted by the students.

NOTE: Any students having questions concerning the University of Tampa, please bring them to the Minaret Office.

MUSEUM GETS 100,000 BUGS

NEW YORK.—About 100,000 assorted spiders, moths and beetles were obtained for the Museum of Natural History by a collecting staff it sent on a three-month expedition into Mexico.

Dr. Mont A. Cazier, leader of the expedition, said the collection contained several hundred insects previously unknown to entomologists. The party also captured several trap-door spiders that live in a hole ingeniously fitted with a door the spider can open and close.

Malara-carrying mosquitoes and rattlesnakes added to the hazards of the expedition. Dr. Willis J. Gertsch, a member of the party, was bitten by a scorpion and was incapacitated for several days with a paralyzed arm.

DOG'S RANSOM IS \$1,000,000

SHANGHAI.—A brown spotted dog, in hock for \$1,000,000 (Chinese), will go on the auction block soon.

A Chinese soldier boarded the train for Nanking with the dog, but without a ticket for him. On learning he would be penalized and have to pay double, a total of \$432,000, the soldier left the dog as security. Return fare to Shanghai and rations of \$15,000 a day have boosted the bill to the million-dollar mark.

NANCE SPEAKS TWICE IN MIAMI

President E. C. Nance was the speaker at two meetings on the East Coast last week.

The President spoke before the Women's Club at Coral Gables Monday, and addressed a round table of the presidents of Dade County clubs in Miami Thursday.

PARK'S RECITAL IS SUCCESSFUL

The annual Composition Recital of Stephen F. Park was presented in the ballroom of the University of Tampa, Oct. 29 at 8:30.

The brilliant Symphony No. 1 in three movements, climaxed the program which consisted of all original works by Mr. Park.

Selections he chose to present were as follows: Pastorale—Quartette for flute and strings. Flute, David Bennett; violin, Jeanne Wiltse; viola, Lyman Wiltse; cello, Kathleen Barkley Wiltse. Bagatelles—for piano, Margaret Smith. Song Suite from the Rubaiyat, "O, Come With Old Khayyam," "The Grape," "The Moving Finger Writes," "So Red the Rose," "If Today Be Sweet." Glenna Hill Beynon—Soprano. String Quartette in D—Allegretto, Scherzo, and Allegretto. Wiltse String Quartette. Symphony No. 1—(in three movements)—Lento Allegro ma non troppo, Allegretto con grazioso, Allegro—University of Tampa Symphony Orchestra under the direction of Stephen F. Park.

HERMIT'S HARD MONEY GETS HIM TWO FOR ONE

COLORADO SPRINGS, Colo.—F. E. Gimlet, 82-year-old miner, spent most of his time at the state BPO Elks convention canvassing local banks and stores for new silver dollars.

"You see," he explained, "I sell new silver dollars at the rate of one for two one-dollar bills. I do not have any trouble finding customers."

"I find a lot of buyers," Gimlet added, "right among the government officials when I go back to Washington once a year."

"I thus not only do a profitable business in selling something that is real, but I carry on my campaign for a return to the gold and silver standard."

DOG IS TOWN'S PROBLEM CHILD

FARMINGTON, Conn. — Humane officials at Farmington wonder what to do with their problem child—a huge Saint Bernard dog.

The lost animal put a big dent in town funds with his ravenous appetite soon after the dog warden brought him in. Advertisements have failed to find the owner of the good-natured monster, who shows his exuberance by bounding about in his kennel, breaking windows and shaking the foundation.

Head Dog Warden William Christensen had only this comment:

"How could anyone lose a thing like that?"

Into the construction of the Tampa Bay Hotel, now the home of the University of Tampa, went 452 carloads of steel, 69½ tons of iron, 232 boxes of tin, 242 kegs of nails, 5050 feet of iron cornices, 689,500 feet of lumber, 1700 square feet of stone dressing, 28 granite columns and many tons of other material.

JACK LAYFIELD—GUARD

Gogal, Eckhart, And Elkins Will Aid Spartans

Carrol Fogel, a 6-1 boy from Illinois, was last week's standout in all workouts. Fogel is a ball hawk and intercepts all careless passes thrown in proximity of his reach. Fogel is also a very good shot around the basket, and has enough variety to cause his guard much worry. Joe Eckart, at guard is rounding into good form and his type of play will give Coach Adams one more good floor man and ball handler to go with Herb Elkin. Experiments were made with the race-horse fast break however it is too early to predict the outcome of the move. Most teams require two years of constant practice to perfect this type of play. The results so far are encouraging.

Crystal gazing into the schedule with guesses as to the tough opposition goes something like this: Miami University, tough; Riddle Inter American College from Miami, reported to be better than Miami; Edison College, no information as yet; Stetson, in our class; Southern, evenly matched; Florida, should be a wow of a game with the breaks deciding; St. Pete College was undefeated in 13 games last year, but watch for the locals to break that streak this year.

A Wasted Minute

By BRUCE ATKINS

"Four score and seven years ago" said Abe Lincoln. I wonder if he realized how long that is. Take minutes and even hours and it can be a long time—but then just take a minute, it can be long too. Men are born in a minute. Men die in a minute. The whole course of the world can be changed in a minute. Destiny and even eternity can be influenced by a mere minute. So think carefully when you wonder about wasting a minute. Remember it may be an important minute.

K. C. Spartans Swamp 14th Air Force Tigers by 54-0

Scoring almost at will, the Knights of Columbus Spartans ran wild over the 14th Air Force Flying Tigers from Orlando, 54 to 0 in a benefit game at Phillips Field yesterday before approximately 1000 fans.

Coach Paul Straub's experienced Spartans scored at least once in each period, with three scores coming in the second and two in each of the third and fourth.

Manuel Miranda, Spartans left half, accounted for three of the eight touchdowns, two of them coming on passes from Ed Blount, quarterback. Jerry Jackson, right half, scored twice, the last time on a 36-yard run seconds before the game ended. Monk Mills, fullback, also scored twice, one on a nice 37-yard weaving run through the entire Orlando team. Blount scored the other touchdown on a 14-yard run.

Kicks Point

L. Rosenbaum kicked four extra points, Jack Layfield, one and Clyde Evans, drop kicked once for the final point.

The Flying Tigers never could get their offense started and only on two occasions did they pick up any yardage. Andrew Rooks, halfback passed twice to Raymond Rawls and J. C. Ray to carry from their own 2 to their 38 as the half ended. Ralph Weiss, quarterback, ran 21 yards in the last period for the Tigers.

The Spartans scored on a 65-yard

drive in the first period after taking the kickoff with Blount going the final 14 yards for the score.

A partially blocked punt gave Tampa the ball in Orlando territory and they scored with Miranda going over. Rosenbaum kicked the point. A fourth down pass from Jackson to Miranda tallied again for the Spartans after they had received the ball on a fumble on the 13. Rosenbaum again kicked the point.

The Spartans scored immediately when they got the ball on the 13 and Jackson scored with Rosenbaum booting the point.

A 52-yard drive gave the Spartans a score early in the third period with Mills going the last two yards to score. Mills scored again as Tampa got the ball on a punt and he reeled off the last 37 yards for the touchdown. Rosenbaum kicked the point.

Roy Escobar's recovery of an Orlando fumble on the kickoff led to another score in the fourth period, Blount passing to Miranda for the score. Layfield booted the extra point.

Jackson scored the final touchdown just seconds before the game ended as he went 36 yards through the tiring soldier eleven. Evans drop kicked the point.

The game was played for the benefit of the Mary Help of Christians School, Catholic Orphanage for Boys and the latter were guests at the game.

Spartan Sports

By HOWARD JONES

After looking at the fine football players the University of Tampa has supplied to the K. of C. team, we can be assured of a team that can make a name for itself and the U. of Tampa in '48. Most of these boys are veterans of the '46 informal team and they will hit the gridiron in '48 well seasoned ball players.

So far the Buccaneers have not let me down on our prediction that they will win the intramural football championship. The Skins seem to be the only remaining obstacle in this race for the Bucs to overcome.

Basketball for the past few years has been one of the leading crowd gatherers in sport events throughout the U. S. This student body put forth very little effort last year to achieve

this record. Any team needs support, moral and financial. The Spartans five got very little of either last year. Let's dig out that old school spirit and pack Fort Hesterly when the Spartans open their season against Edison Junior College Dec. 2. The team and this column will certainly appreciate it.

We believe that Gerry Scott deserves a word of praise for his predictions in last week's edition. He missed only one game, the Alabama-Kentucky, but more experienced sportsmen made the same mistake.

We want to take this opportunity to put in a word of praise for Bob Haskins. A lot of hard work goes into his sketches. He is doing a wonderful job and deserves all the credit that is given him.

Rho Nu Dance

The Rho Nu Delta fraternity held its annual Hallowe'en Dance on Oct. 31, at the Hellenic Center. Victor Ruiz' orchestra provided the music. Decorations were in keeping with the Holiday spirit. The Misses Lella Mae Moody, Mary Rodriguez, Josephine Martino, Margaret Mitchell and Mrs. Roy Pinch were sponsors for the dance. Chaperones were Dr. Baker, Professor Cuthbertson, Mr. and Mrs. Heckman, and Prof. and Mrs. Reed. Prof. Reed has been named faculty advisor for the fraternity.

Now that massacres of Jews have ended with the war and the high rate of infant mortality has dropped, Jews in Rumania are increasing in numbers this year, for the first time since 1930.

At Tampa U.

JACK LAYFIELD

smokes

CHESTERFIELDS

JACK SAYS:

"I smoke Chesterfields because they are easier on my throat."

THEY SATISFY

A nation-wide survey shows that Chesterfields are TOPS with College students from coast-to-coast.

CLUB AND FRAT LEAD OPPONENTS

The Buccaneer Club and Sigma Kappa Nu fraternity are now in the University Intramural league lead, with previously unbeaten Beta Chi dropping to second place.

The Bucs upset a highly favored Beta Chi team by a 14-0 score. They were paced by the brilliant passing of Joe Eckart, former Hillsborough High School star.

The Skins had a much harder time with the determined Tau Omegas, but finally won out, 2-0. Bixly and Goodson blocked Frank Selph's kick in the end zone for the only score of the game.

Thus far this year all intramural games have proved to be rough and tough battles with many a thrill for the onlooker. Athletic Director Miller Adams expressed the hope that more students will turn out for the remainder of the games.

Adams also announced that Howard Jones and Gerry Scott, Sports Editor and Assistant Sports Editor of the Minaret, will pick an All-Intramural team, thus giving the outstanding players of the year just recognition.

More Boys Than Girls Use Center's Facilities on Tuesdays

Miss Mary Ellen Nelson, Director of the Tampa Recreation Center, has revealed that more University boys than girls are taking advantage of the Recreation Center's facilities.

According to Miss Nelson there are few agencies in Tampa offering wholesale recreation for Tampa University students. The North Boulevard Recreation Center offers facilities for dancing, ping pong, volley ball, shuffle board, and checkers to the university students. A soda fountain offers excellent refreshments at reasonable prices.

To provide for university students Tuesday night was designated as Tampa University Night at the North Boulevard Recreation Center. The young business people of Tampa have also expressed a desire to use the Center. If Tampa University students do not take advantage of the facilities on Tuesday nights, in greater numbers than heretofore, an invitation will be extended to the business people.

Predictions Of The Week

By GERRY SCOTT

Florida Over Miami—In a game where you would be crazy to bet anything better than a coke.

Pennsylvania Over Army—The battle of lines, backs and anything that's crazy in a football game.

Georgia Tech Over Alabama—The whisky-drinking engineers are just too much for Gilmer, Inc.

Georgia Over Auburn—Wally Butts and his boys are still rated with the best.

Columbia Over Holy Cross—Lou Little, and the roaring lions are due for the pay dirt again this week.

Harvard Over Brown—The boys from Providence will be no competition for the lads in crimson.

Michigan Over Wisconsin—This chap Chappuis is always there and the Badgers will know it.

Notre Dame Over Northwestern—Chalk up another one for Leahy and the boys from Polish University.

Duke Over South Carolina—No competition for the Blue Devils. Those gamecocks just don't have it.

Cornell Over Dartmouth—The big red will scalp those Indians clad in green without too much effort.

EXCERPTS FROM "HUMOR BUSINESS"

Even a teetotaling oyster sometimes will get stewed.

DEAN'S NOTICE

For the benefit of new students, attention is called to regulations governing attendance at assemblies—see Handbook, page 24. All regular students (students taking nine hours or more) are required to attend assemblies or else be charged with negative quality points. Any regular student may be absent from only two assemblies during a semester without incurring negative quality points. All absences above two per semester will result in one negative quality point for each absence in excess of the two allowed. Students who hold part-time jobs are required to conform to the above regulation. In other words, there are no excused assemblies for regular students beyond the two allowed all students.

Attention is also called to the regulations governing drops—see Handbook, page 20. No student may drop a course without the approval of the Dean and the instructor in charge of the course being dropped. Courses dropped without the approval of the Dean are automatically recorded as failures. Courses may be dropped on approval during the first six weeks of a semester without any grade but courses dropped later than this must show whether the student was passing or failing such courses.

Under recent regulations of the Veterans Administration, it is required that veterans having excessive absences be reported to the Veterans Administration. In view of this fact, veterans are urged to avoid any unnecessary absences.

BOSS HIRES HIS BOSS

PRESQUE ISLE, Maine—Lots of sons work for their dads, but the reverse is true in the Emergency Farm Labor office here. Supervisor Archer Scribner recently hired his father, Caleb, for a district representative's job.

SOUP PROPOSED AID TO SOLVING FOOD SHORTAGE

NEW ORLEANS. — Ange Gaston Alciatore says people who would help President Truman save food should try jambalaya. He also recommends a soup pot.

Alciatore and other famous New Orleans chefs have lined up in support of the nation's waste-less food campaign.

M. Galatoire said: "The secret of food conservation is plain food." Luther E. Scheffler of the famous Vieux Carre restaurant added:

"The usual mistakes that housewives make are easily remedied. If they could learn to estimate accurately the amount of foodstuffs needed for the dishes they are preparing, wastes would be cut."

French chefs say that even overbuying wouldn't be a sin, if only American housewives would learn how to make intelligent use of their leftovers.

Alciatore would throw most leftovers—stale bread, ham bones, chicken and turkey wings, meat scraps, vegetables, and seasonings—into a constantly-boiling soup pot.

"Americans," Alciatore said, "very rarely are lucky enough to eat a soup as healthful as those prepared by European housewives—when the Europeans have the food."

Alciatore is a cousin of Roy L. Alciatore, proprietor of world famous Antoine's. He mentioned jambalaya as a sample of the kind of dish ideally fitted to Mr. Truman's program. It consists of rice and potatoes with chunks of meat or pork sausage. Bouillabaisse is another favorite. It is a fish stew made from assorted seafoods, with a tomato and onion base.

An American company may install propane equipment in the municipal gas plants of Paris and 17 other French cities.

Pictured above are members of the newly formed Women's Athletic Association. From left to right they are the Misses Margie Petion, Madeline Boyd, Catherine Capello, Pat Scott, Nan Vincent, Peggy Anderson, and Scottie Branch.
