

## T. U. Retains Fencing Crown

(SEE STORY PG. 6)

Alice Jean Smail and Norman Borchardt (center and right), professors of Art at the University of Tampa, in the company of Mrs. Hortense Lluch Berg, President of the Patronato de Artes Plasticas of Cuba. The North American professors were in Havana to form an International Jury to select paintings, engravings and photographs for the Exposition of Cuban paintings to be held at the University of Tampa, May 17 to 26. Other important art shows will be held in honor of Cuba.

Important Gesture of the City of Tampa to Cuba.

SPECIAL FROM EL MUNDO, Havana to the Minaret.

Exposition of paintings, festivities and banquet. The House of Marti has been purchased. Two Professors of the University of Tampa, Alice Jean Small, and Norman Borchardt, who selected painting Sunday, engravings, photographs, oil and water color paintings, on the First International Jury between Tampa and Havana. The exhibition will be held from the 17th of May until the 26th. The distinguished professors visited the office of the newspaper El Mundo in the late afternoon accompanied by the artist, and journalist, Armando Maribona.

The works which the artists selected were presented by the Women's Club in Havana, and the Patrons of the Plastic Arts Club, and also the National Tourist Corporation of Havana.

The professors Alice Jean Small and Norma Borchardt formed part of the first International Jury for the first international exposition of Art to be held between Tampa and Havana. The exhibition will open on the 17th of May and will extend to the 26th.

This exposition of Art forms part of the elaborate program of festivity of unas quinientas personas, con la presencia de autoridades ci-

### CLIPPING FROM SPANISH PAPER EL MUNDO

### Grandes Actos En Tampa En Homenaje A Cuba

Se encuentran en La Habana los profesores de la Universidad de Tampa, Alice Jean Small y Norman Borchardt, quienes han venido a recibir simbólicamente los cuadros, grabados y fotos para la exposición de pintura cubana que se efectuará a partir del próximo 17 de mayo en dicha Universidad. Los distinguidos profesores visitaron la redacción de EL MUNDO en la tarde de ayer, acompañados del compañero Armando Maribona.

Las obras que han de ser presentadas en la exposición han sido seleccionadas por la Woman's Club de La Habana y el Patronato de Artes Plásticas, instituciones que auxiliadas por la Corporación Nacional del Turismo harán embalar, asegurar y fletar las obras, y después las recibirán y devolverán a los artistas.

Los profesores Alice Jean Small y Norman Borchardt formarán parte del jurado de esta primera exposición internacional de arte entre Tampa y La Habana. La exposición estará abierta del 17 al 26 de mayo.

Esta exposición de arte forma parte de un amplio programa de actos en honor de Cuba. La noche del 17 de mayo se ofrecerá un ban-

## MEMBER OF INTERCOLLEGIATE PRESS

### Wake Up and Think...

By Panky Hall

"President Truman Fires MacArthur", the headline said. The nation gasped, recovered its breath, then began another "great debate."

Did he have the right to do it? Yes, he did have. The President is the commander-in-chief of the armed forces, and General MacArthur is his subordinate. We are told that the General disobeyed orders. General MacArthur has denied this. Whether or not he did is of little consequence. The fact remains that the President had the Constitutional power to relieve General MacArthur, and he saw fit to do so.

The administration propaganda machine has started grinding away. We are told, and will continue to be told, that General MacArthur's ideas on Far Eastern policy would lead us into full-scale war. We are told that "He had hoped to return home as a hero and savior. He seems now, however, to have decided that if he cannot be a savior, he will at least be a martyr." "MacArthur is too old to be in charge, his mind is slipping." "MacArthur is power mad." These are obvious attempts to lead public thinking away from the main issue in this controversy.

This issue brings to mind the case of General Billy Mitchell. Seeing the potential of air power, he purposely ran the risk of court-martial to impress upon the people of the United States the necessity of developing a strong air arm. He was severely criticized for his stand, and removed from his command.

General MacArthur believes that our Far Eastern policy is leading to stalemate in Korea. He thinks that General Chiang Kai-Shek should be allowed to bring his forces into the war with tactical help from us. He wants Formosa to remain in friendly hands. He wants the United Nations forces to be allowed to bomb enemy concentrations across the Yalu River. He wants an embargo placed on the Chinese mainland to prevent the Communists from getting outside supplies. For publicizing these four points he was stripped of his command.

These are all military decisions. It is true that they also involve political decisions, and this is the crux of the matter.

To approve General MacArthur's policies would be a direct repudiation of Secretary of State Dean Acheson. Mr. Acheson has been a staunch defender of the Chinese Communists. He called them "simple peasant agrarian reformers", with no connection with the Russian-Communist Party. General Marshall was sent to China to get Chiang to take the Communists into his government.

At the present time the Chinese Communists have somewhere near a million men either fighting in Korea or prepared to fight. Hundreds of American men are being killed and maimed every day by these "farmers who are merely trying to rid themselves of an oppressive government who will not let them till their farms in peace."

Fulton Lewis, Jr., has charged that Dean Acheson has made an agreement with the British to the effect that the United States will refrain from enlarging the war to an extent that British interests in Hong Kong would be periled. The charge has not been denied. The British continue to trade with the Communists, even as those same Communists are murdering their own soldiers in Korea.

How is it that a man like Dean Acheson, who would not turn his back on a traitor to his country, can remain in virtual control of this country? It just does not make sense.

Dictatorships are not created by the will of the people. They come about when one man gets so much power that no one is capable of openly criticizing his moves. It is a gradual process up unto the culmination, and then it seems to mature overnight. The citizens of Germany did not realize that Hitler was a dictator until it was too late to do anything about it.

Is the same thing going to happen in this country? Don't scoff—that is what the Germans did when anybody was rash enough to suggest such a possibility. If there had been a General MacArthur in Germany it is highly doubtful that Hitler would have become a dictator.

## Polio Pointers for 51 If Polio Comes

**DO** Allow children to play with friends they have been with right along. Keep them away from new people, especially in the close daily living of a home. **Because**—once polio has appeared in a community, scientists say the virus probably is widespread. Your children probably have come in contact with it already and developed a degree of resistance to that particular virus.

**DO** Wash hands carefully before eating and always after using the toilet—especially important when polio is around. Also, keep food clean and covered. **Because**—Hands may carry polio infection into the body through the mouth. Scientists have determined that large amounts of virus are excreted from the bowel and throat of a patient as well as a healthy carrier during seasonal outbreaks.

**DO** Watch for signs of sickness, such as headache, fever, sore throat, upset stomach, sore muscles, stiff neck or back, extreme tiredness or nervousness, trouble in breathing or swallowing. **Because**—During an outbreak of polio, symptoms vary from the very vague to actual paralysis. Watch for all symptoms closely during this period.

**DO** Put a sick person to bed at once, away from others, and call the doctor. Quick action may lessen crippling. **Because**—while paralysis cannot be prevented, doctors have determined that early bedrest and prompt treatment may influence progress of the disease and lessen the severity of deformities.

**DO** Telephone your local Chapter of the National Foundation for Infantile Paralysis, if you need help. Locate through telephone book or health department. No patient need go without care for lack of money. Your Chapter will pay what you cannot afford. **Because**—The 2800 local Chapters of the National Foundation, supported by your contributions to the March of Dimes, exist for this purpose. Other March of Dimes funds are spent for scientific research and the training of much needed professional personnel.

**DO** Remember, at least half of all polio patients get well without any crippling. **Because**—Recent surveys show that 50% of all diagnosed polio cases suffer no paralysis at all. Another 25% recover with no disabling after-effects. Fifteen percent are severely paralyzed and about eight percent die.

**DON'T** get over-tired by hard play, exercise, work or travel. This means men, women and children. **Because**—Scientists believe that once a person has become infected with polio, a delicate balance exists between the polio virus and the body's ability to fight it. The scales can be tipped in favor of the virus by over-exertion. A recent study revealed that heavy exertion in the early stages of the disease resulted in more severe and extensive paralysis.

**DON'T** get chilled. Don't bathe or swim long in cold water or sit around in wet clothes. **Because**—Research has indicated that chilling and physical exertion seem to lower body resistance to the virus, once it has entered your body.

**DON'T** have mouth or throat operations during a polio outbreak. **Because**—Recent surveys have demonstrated that tonsillectomies performed at this time increase the risk of getting bulbar polio (most serious form) by 11 times.

**DON'T** use another person's towels, dishes, tableware or the like. **Because**—Virus is excreted from the bowel and throat and may be transferred unknowingly by these implements.

**DON'T** take children to places where there is polio; ask your health department for advice. **Because**—Moving the child would needlessly expose him to the polio virus.

**DON'T** take your child out of camp or playground, where there is good health supervision. **Because**—He already has been exposed to the virus by the time a case has been reported. Routine daily living under proper supervision, such as good camps and playgrounds offer, is a safeguard to his health.

## SENATE PASSES BILL FOR MEDICAL SCHOOL

Tampa, Miami, Jacksonville, Gainesville or some other Florida city can receive State aid for a medical school if one of these cities can turn up with the first fully accredited medical school to meet State qualifications.

A bill was introduced by Sen. R. B. Gautier of Miami for a State aided medical school and it passed in Senate by a vote of 34 to 1.

The outlays recommended are up to \$225,000 to be paid to the school for instruction at the rate of \$3,000 per student. The bill was drafted along lines of the South's regional education program under which Florida is paying \$1,500 per year to colleges outside of the state for each Florida medical student enrolled.

Gautier believes that Miami can establish a medical school, if Florida will show sufficient interest.

## How it's Spent

Many students have shown a tendency to question the distribution of their activity fee. The business department has informed us that the money is divided in the following manner:

Athletic Dept.	.....\$5.00
Moroccan	..... 3.00
Minaret	..... 1.00
Student Senate	..... .50
General	..... .50

Mrs. J. Pate is willing to discuss any phase of this with you if you think you have a legitimate question. To many this seems like a little trying to go a long way.

## LIBRARY STAFF MEMBERS

Mrs. Crane, Miss Lanphear, and Miss Thompson, of the Library Staff, attended the annual convention of the Florida Library Association, held in Orlando on April 19, 20, and 21.

## LETTER TO THE EDITOR

Some months ago an article appeared in the Minaret advocating a change, or revamping of the Student Council in its present state. Recent events have proved this a prime necessity. Funds have been disgracefully mismanaged, authority assumed where there was no justification, conflicts with ideas and working policies of the administration are some of the foremost discrepancies of recent weeks.

To be specific, items such as the redecorating and remodeling of the Senate office will be brought forth. This project was completed at the expense of \$130.00. It is the opinion of many, with whom this has been discussed, that this constitutes an undue excess of expense. It could have been done for much less.

We realize that the president of the Senate should have an impressive desk, but we do doubt the justification of a purchase of a glass top for the desk, costing \$13.00, at a time when finances were already pinched. It should also be made clear that this purchase was not made by THE ACTUAL PRESIDENT OF THE STUDENT BODY, BILL CLARK. Instead it was purchased by a self styled leader (?) who has aspirations of ASSUMING THE POSITION OF PRESIDENT NEXT YEAR.

The art department has always been willing to cooperate with all organizations in the past, but yet \$30.00 was spent for signs which could have been made in this department, or certainly by an art student for less money.

Is it efficient management to rent a floor sander at the rate of \$5.00 a day for five days, yet finish the job in two, and place the machine in a corner for three days? Not at \$5.00 a day, it isn't.

Although the writer has constantly been in favor of modernization of our student government to match the progress of the school, it is the events or recent occurrence that have provoked this letter.

Football was the hot issue a couple months ago, the alumni were exerting every effort to provide this school with a team, and a coach to produce a winning team, yet the senate under the leadership of this man failed to cooperate with the alumni in any way. Can school spirit and school betterment be acquired under this type of leadership?

Parking at the University has always been a vital problem. This problem was considered, but only a circular path through the woods was the result. No solution or betterment. Instead it was a group of students, who have no connection with student government, who made arrangements for the use of the Tourist Center Parking area to somewhat relieve the pressure.

In all respect, I cannot deny that some worthwhile projects have been completed, but it is the manner with which the administration in general has been conducted that I have reference to here. Student Senate members themselves are without complete information on these projects nor a chance to voice their opinion previous to the actual undertaking of a project.

Elections of class officers are approaching rapidly. Now is the time for students to consider the candidates who will run for office. True leaders are sometimes hard to find. THINK students before you cast your vote for Student Body President. Elect a man who is running because he has the students and school at heart, not because he is looking for honor.

A dissatisfied student.

**Havana Tour - - -**

(Continued from Page 1)

activities in honor of Cuba. On the night of May 17 there will be a banquet, with Cuban and North American state and city officials in attendance. Following the banquet will be the opening of the exposition. There will be the unveiling of a bronze bust of Jose Marti, a work of the sculptor Mario Santi, professor of sculpture at the School of San Alejandro. A bust of the Minister of Public Works and a bust of Dr. Carlos Finlay will also be shown in the Gallery of Great Men of the University of Tampa.

The Exhibition includes oils, engravings, lithographs, aquatints, monotypes, photographs of sculpture. The works that are selected will remain at the University of Tampa as the nucleus for the great Museum of Contemporary Art in Tampa. The works will be part of the permanent collection of the University of Tampa, and will be for the permanent gallery which will be constructed here.

One of the world's outstanding figures in research in painting and media, Dr. Ramon Fina, who is at present a guest Professor in the University of Tampa and who is of Spanish origin and of North American citizenship, is serving as a permanent and official coordinator between Tampa and Havana for the Cuban Exhibition.

The activities during the week include a great ball in the Circulo Cubano; and visits to the house of Marti, the great liberator, in Tampa, where he was protected and received with such affection by

**31 Names Added To Service Roster**

The Service Roster in the Lobby now contains 93 names. Since the posting of the original list April 2, the following names, including omissions from that list and the names of several students who have gone into the service recently, have been added:

Joseph L. Alvarez, Guy T. Bagley, Thomas Bissonnette, Kenneth O. Brown, Leonard Brown, Peter V. Castellano, Elmer D. Clark, Jimmie Clesi, Guy T. Crumpton, Charles Diaz, Mike Diaz, Joseph T. DiBona, Phillip DiBona, Ralph H. Finke, Ralph Garcia, Jr., John D. Groves, Louis H. Grieshop, Jr., Carl Haffner, Frederick Lenfesty, Jean H. MacGill, John J. McGowan, James Mayo, W. Phil Patterson, Sherwood A. Rawleigh, Clyde H. Roquemore, Frank Sabella, James M. Simcic, Robert A. Strother, Charles W. Stump, Hugh T. Talty, Carl W. Zerface.

those in Tampa.

The University of Tampa is an especially historic place in which to have this exhibition as its historic background is concerned much with Cuba. Theodore Roosevelt stayed here with his troops before embarking to Cuba.

One of the great festivities will be the naming of the street in Ybor City the Avenida Octava del Barrio Ybor City. The "eVinte de Mayo" or the Twentieth of May is Cuban Independence Day, and festivities will be held that day. Factories of Martinez Ibor, and other tobacco concerns will be open that day.

**UNIVERSITY OF TAMPA  
DRAMA DEPARTMENT**

The plan to give to West Coast Florida a regional drama of comparable interest to that of the Mission play of California, (which has attracted 2,000,000 visitors to the state) the great regional dramas of North Carolina (which are subsidized by the state legislature) and the drama depicting the early history of the North Atlantic coast now being developed at Castine, Maine, has been carried a step forward by the completion of the script of **Count Philipppo's Wild Orange Tree**, a three-act play by Sydney Greenbie and Marjorie Barstow Greenbie. This play, the first act of which was previewed at Philippe Park on February 25 by an audience of several hundred people, was initiated by the park director of Pinellas County, in cooperation with the Chambers of Commerce of Clearwater and Safety Harbor, and by the Drama Department of the University of Tampa. It depicts the colorful life of Count Odet Philippe; founder of citrus culture in the Tampa Bay area and original developer of the Parson Brown orange and other species of citrus fruit. Among the characters in the play, besides Count Philippe, are: his pretty but spoiled young wife, Hortense; his four beautiful daughters by his first wife; the pirate John Gomez; Osceola, the great Indian chief; and Parson Brown, the itinerating minister who spread orange culture along with the gospel. The play is copyrighted and is in the hands of the American Play Company of

**Lose Those Final Exam Blues At Talent Show**

"Operation Big Show," student talent production for the benefit of the Scholarship Fund, promises to be just the thing for those final exam jitters. If you are worried, run-down, irritable, can't sleep—what you need is a full evening of top-notch entertainment. And this show will be just that.

You hep-cats will be dancing in the aisles when "Those Dance Stylists," Ann Gardner and Tom Bataglia, with a supporting cast of 10, portray their "Midnight in Harlem."

For the more sophisticated music lovers there will be a dual piano rendition of the "Arinks Waltz" by Joyce Wiltse and Barbara Billett.

If you prefer other than the musical, tricks that leave you baffled, an exhibition of the manly art of judo, a scene from the original "Monsieur Beauchere", and many more thrilling acts.

"Operation Big Show" will be held in the Municipal Auditorium Wednesday night, May 16, at 8:30 P. M. Student admission charge will be 61 cents plus tax. General admission, 81 cents plus tax. All students are asked to sell as many tickets as they can to insure the success of this worthwhile venture.

Miss Fran Smith and Mr. Verner Hansen will be the last two students to graduate from the University of Tampa, with a major in Psychology. Minors in this field, however, will remain available.

New York for possible production on Broadway and in the motion pictures. Meanwhile plans are going ahead in Pinellas County for an annual out-door presentation of it, for ten weeks running throughout the tourist season, on the shores

of Tampa Bay, if possible on the estate developed by Count Philipppo.

A preview of it will be arranged for Tampa and Tampa University this spring, for which the cast and the production plans will shortly be announced.

## Society

By Deloris Patrick Carter

The Canterbury Club will honor its graduation seniors at a banquet to be held at St. John's rectory on Sunday evening, May thirteenth.

Father and Mrs. Brickman will receive the guests. An informal and a surprise program of entertainment will be presented.

The Canterbury Club wishes to extend its gratitude for the devotion and services of Father Brickman, rector of St. John's Church, Father Hamblin, curate; Miss Polly Tilford, churchworker; and Mr. Gordon Baker, organist.

### BETA CHI

The university lobby will be transformed into "the bowery" on the night of May 11th when the Beta Chi fraternity takes over that part of the building to present their Bowery Ball. The ball is an annual event held by the Beta Chi's and invitations will be issued to guests.

The Beta Chi-pledges were hosts to members and their guests at a weiner roast on April 15th. The party, which followed a softball game between pledges and their fraternity fathers—was held at Seely's Holiday Ranch.

On April 29th the Beta Chi's had another outing where they, their pledges, and families and friends gathered after a softball game between members and alumni at Hyde Park.

Miss Suzanne Ellen Turkel, daughter of Mr. and Mrs. Frank Turkel of 109 South Glen Ave., and Dr. Harold Sutker, son of Mrs. Jennie Sutker of the Embassy Apartments, were married April 15.

Mrs. Sutker is a former student of the University of Tampa and member of the Minaret staff.

### ALPHA GAMMA

The Alpha Gamma sorority will hold its annual Spring Dance on Saturday night, May 12th at the Skyline Room of the Bayshore Royal Hotel.

The dance will begin at nine o'clock following a formal banquet which is also an annual affair for members and pledges. Miss Lucy Lanphear, sorority advisor and Dr. C. H. Laub, sorority father.

Green and white, the sorority colors will dominate decorations appropriate to springtime and music will be by the orchestra of Steve Solak.

Pledges of the Alpha Gamma sorority entertained at a candlelight buffet on April 6th at the home of Miss Kitty LaBarbera, 2519 Parkland Boulevard. Honored guests were the active members of the sorority and Miss Lanphear, who were greeted at the door by Miss Johnnie Faye McLin, Miss Betty Fay Palmer and Miss Marily Ho.

In charge of arrangements were the Misses Pat Monroe, Helen Brito and Kitty LaBarbera.

In the dining room, tall white candles in crystal candleabra were placed beside a large crystal bowl containing tulips, snapdragons and iris. Spring flowers were used in the living room and sun room where guests were entertained.

## Ad and Sales Club Grows Rapidly

The newly organized Ad and Sales club of the University of Tampa has expanded its activities at such a rapid rate that its history is already legend.

The Club held its first formal meeting March 29 and since that time has introduced a host of outstanding members of the local community to the University. Among those presented were Col. Homer Hesterly, Crime Commissioner; Mr. Hartwell Jones, head of Public Relations and Advertising Department of the Peninsular Telephone Company and Mr. Tom Davis of the Tampa Sales Executive Club and Mr. Earnest Atkins of the Tampa Ad Club. The two last listed are also sponsors of the University Ad and Sales Club. Ralph Mills head of Crime Commission is listed to speak in the near future.

In addition to introducing outstanding personalities to the school, the Club has also made and accepted recommendations to assist in promoting Operation Big Show, work on a high school co-op program and record a history of the school to be published in one of the local papers.

The purpose of the Ad and Sales Club is to establish relations between the club and men in local industry and business.

This club represented our school at the 4th district AFA Orlando Convention. The University of Miami and the University of Florida were the only other colleges in the State represented there beside ours. The main speakers were the President of the AFA, Mr. Boron and Mr. W. T. Rench, program director for NBC television.

Class officers of the club are: President .....Harold Davis Vice President.....Wayne Keene Secretary .....Naomi Craig Treasurer .....Ann Gardner Pres. ex-officio...R. T. Dillion Salad Bowl, editor...Phil Brunet

## T U Student Added To Staff Of WALT

A University of Tampa freshman, Tom Wolfe, started as staff announcer at WALT, last March 9, 1951. He was a member of Mr. McGillivray's class in Fundamentals of Radio Broadcasting and announcer last semester for the University Broadcasting Service Weekly Show, SPARTAN SPORTS.

He did the "Rusty" series on WFLA, a nightly program handicapping greyhound races for the Tampa Greyhound Track.

Tom is the guy who interrupts your Big League Baseball Games and other Liberty Broadcasting System Programs on WALT with the commercials you hate to hear from 2:00 P.M. until sign off time daily.

Here at the University Tom is a pledge of Tau Omega Fraternity and a member of the Ace Club.

## STUDENT SENATE.. YESTERDAY'S REVIEW

Walter Weber

Special Notice: If you receive or have received a parking violation ticket from the University Traffic Bureau, be sure to comply with its instructions, at the time designated. If you fail to do so you will be assessed \$5.00 at the end of the term for your parking violation. A refusal to pay the \$5.00 assessment will be followed by the Traffic Bureau freezing your grades until such payment is made.

The Parking Commissioner has been instructed by the Student Senate not only to tag cars but also to place a large violation parking sticker on your windshield, that is, if you are improperly parked or parked in a restricted zone.

The Traffic Court had its first formal hearing Wednesday, April 1. Dr. Covington is its chairman. Other members of the court are Ralph Steinberg, Carl Cowden, Denny Boyce and Dot Cleotelis.

Tom Jecusco presented a petition to the Student Senate for their approval. This petition stipulated that Student Activity Books be transferable. After the petition was discussed by the Senate a new plan with a better overall policy was favored. The new plan would propose a reasonable rate for date tickets and non-transferable Activity Books.

The next incoming President of the Student Senate will be presented with a gavel made out of the wood from the White House, Washington, D. C.

The Student Senate extends its whole-hearted thanks to Larry Seagel, Chuck Koch, and Leeper Gilbert for their fine display of school spirit and services rendered for working on the wheel-chair projects.

Election of Student Senate Members will be held on the second Friday in May.

Operation "Big Show," which will be presented in the near future, is well under way. The Stu-

By Walter Weber

In the preceding edition of the Minaret, this column made a listing of Student Senators who were not attending Senate Assemblies.

Bill Clark, President of the Senior Class, was listed in that column. The information concerning Bill was incorrect.

Bill Clark has attended almost every Student Senate meeting thus far and he has stated that he will attend all meetings in the future. He is now the President of the Student Senate.

Bill, I am very sorry about the mistakes. I apologize with all sincerity.

This column also salutes Miss Lula Belle Stalnaker and Miss Glenn Massey for appearing at a Student Senate assembly and clarifying their positions as members

Student Senate commended Pankey Hall, Senate Procurement Chairman, and his fellow workers for the wonderful job they have done on preparing the "Big Show."

Mari Bee Day, Stage Director of the show has been confined to her bed due to illness. She has been replaced, however, by an untiring Student Senator, Fred Spencer.

of the Student Senate. Both of these young ladies had the "gumption" to speak up. Their reasons for absences were accepted as satisfactory to many Student Senators.

No doubt the last column of Yesterday's Review was harsh and strictly one sided, but the seriousness of representation is vital to the school, if the school is to make progress. There were other Student Senators, I was told, who were unable to present themselves at the last two Senate meetings. I suggest that they write a letter or appear at a meeting and clarify their position to that organization.

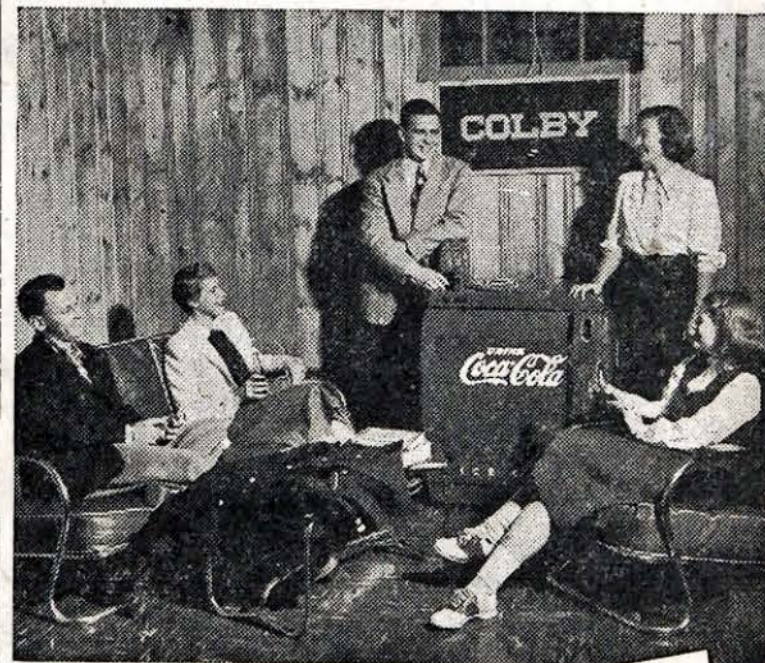

Note: The previous column of Yesterday's Review was read to and approved by the Student Senate for publication in the Minaret.

## Arts Students To Spend Ten Days Studying in Cuba

In a few weeks the students of sculpture and design will have an opportunity to study art, sculpture and painting, charcoal, in the oldest art school in Havana—the Escuela de San Alejandro. The arrangements are being made by Alice Jean Small in Tampa University and Armando Maribona in Havana. The two professors of Art representing two different nations, met in Havana last week, and arranged for students to live for 10 days in Havana with free dormitory and free tuition, and an exchange will be arranged for them to study ceramics, illustration and block printing, and self-screening at the University of Tampa. Miss Small was taken through this famous school in Havana, Wednesday, and she felt the students would have the most exceptional advantage of studying and observing fine work in carving stones, large monumental pieces in clay, plaster casting, painting from life, oil painting, and charcoal.

### Art Students to Paint in Tabasco, Mexico

Into the office of our fine President, Dr. E. C. Nance, come very many fascinating and interesting personages. The other day a certain Señor Varelas, owner and director of the large banana boat concern which runs to Galveston, Brownsville, New Orleans and Tampa, was in the office. He met Miss Small, and then talked to her students about the possibilities of inviting a group of students to have a free trip to Tabasco, Mexico, the fabulous jungle land of Mexico, and one of the world's largest banana producing areas. The students are arranging to leave the day school terminates and spend two weeks painting, and studying this exotic land. They will be guest speakers in the various schools, and will paint the ruins of the ancient Maya civilization that are near Merida and Yucatan. This great opportunity is available because we live in Tampa, and for the widening prestige of the University of Tampa.

They will exhibit their painting and sketches in Mexico at the termination of their trip.

## House Cuts U of F Appropriations

The University of Florida may suffer a serious setback due to the recommendation of the house appropriations committee. The committee recommended an outlay of \$10,000,000 for the University for the next two years, or approximately \$8,000,000 less than it asked.

President J. Miller said that the state institution could not hope to maintain its size and high standards under the appropriations recommended to the Florida House. "There would be no way for us to proceed," he said, "except to operate a smaller or an inferior institution. And this would not satisfy the people of the State."

## Newman Club

By Paul Smarse

The picnic held at Hillsborough State Park was a great success. Everyone enjoyed the swimming, the volley ball, and the soft ball playing. There was food aplenty and appetites to match.

It was an unexpected and happy surprise to receive an invitation to attend a party held by the Newman Club of Saint Joseph's Parish in Lakeland. This is an annual party because the Newman Club from the University of Tampa and Saint Joseph's Club are among the

closest of the Newman Clubs in this state. Singing and dancing was to be had along with some talented entertainers for our pleasure. President Tony Carusone of the Lakeland Club gave a delightful speech along with the speeches given by our own club officials, mainly Mickey Smarse and Father Mallen. We expect to extend the same hospitality to the min the near future.

The Newman Club wishes to run a series of articles about the members in the Minaret in each edition. These skits will contain some in-

teresting facts about the lives of the members. If you haven't filled out your blank and turned it in to Mickey Smarse please do so at once.

A special invitation is extended to all who wish to attend the Newman Club meetings on Wednesday nights at 8:30.

## Football To Be Given Another Chance

By Phil Brunet

Last week the various committees representing the group of trustee's came to the logical conclusion that football should be given another chance at the University of Tampa. Mr. Carl Brorein, who is chairman of the important finance committee, stated that all problems had been discussed and satisfactory agreements had been reached in all cases. It was harmoniously agreed that Coach Sinkwich should be retained as head football coach for at least one more season.

The team as in the past season will receive financial assistance from the alumni group who have maintained a strong stand in favor of continuing the sport. Ruly Rodriguez expressed satisfaction with the move of the committees and he looks forward to a very successful year.

The whole situation failed to gain one thing of value for the school but it did serve to bring much unfavorable publicity. This will be the major difficulty for Coach Sinkwich who will have the task of selling football all over again to many who have lost faith.

At the present time there is unfounded reported conflict between the director of athletics and the head coach. A local radio sports reporter brought this to light when he declared that one of Coach Sinkwich's demands was the removal of the athletic director. By the time this reaches the reader it is possible that the director of athletics will relinquish this job to devote full time to the duties of business manager. In the long run this might serve to help the development of athletic programs for the school and at the same time also provide us with better business management.

With the settling of our football problem many of the athletes can set aside the tempting offers which were purportedly coming from other institutions of higher learning here in Florida. For most of them as well as the coach this will be a case of making or breaking themselves athletically speaking.

### BOB BROREIN

Bob is one of Tampa's native sons having been born and educated here. His formal high school education was received at Jesuit High School. While at Jesuit Bob was a member of the football team.

At the present time he is a senior in the BCE section and hopes to graduate in June. His fraternity affiliation is with the oldest one on the campus, Beta Chi. In the BX organization he is treasurer.

For the past four years he has been concerned in one way or another with crew. These past two seasons have proved that for a more willing and conscientious worker Art Trubiano would have to look long and far. His seat in the Spartan shell will be a hard one to fill next year.

## Budget Not Reason Behind Baseball

It has been revealed that the reason for dropping baseball as reported in this paper last time is not budgetary but a form of cowardice. Mind you I'm only passing on just what several of the players feel and the thoughts of others who have a little more inside information.

The necessary funds to support a baseball team are available and have been available right along.

One of the rumored reasons for dropping the sport was the feeling that a winning team could not be assembled and therefore it is better to have no team than a losing team. Perhaps this is right but then again perhaps it is wrong so why not ask some of the boys who had expected to play on the team.

You only have to look into the records of past clubs that represented the school and see what they had to contend with and how they arrived to feel that our present organization had little to worry about. How many of you know that at one time a team representing the school appeared for a game in uniforms which for the most part consisted of football pants and other items donated by individuals? How many of you know that a team of ours defeated a strong MacDill team which had the great Hank Greenberg as a player? Once again how many of you know that at one time our team was the undisputed state champs in baseball?

Somebody is tossing all this aside for the simple reason that if we can't have a winner why have a team at all. How in the world can we have a winner if we can't even start with a loser.

### Intra-mural Standings

Including all events finished by May 4th the point standings show the Beta Chi's leading the Sigma Kappa Nu's by a scant eight points. Since the last report the following events are included in the standings: track, golf, fencing."

	Tk	Gf	Fg	Pts.
Beta Chi	40	18	18	218
Sigma Kappa Nu	30	24	24	210
Rho Nu Delta	12	0	30	180
Independents	12	30	15	175
Tau Omega	18	0	0	108
Kapa S. Kappa	12	10	0	72
Ace Club	22	0	10	62

Results were not in from tennis, handball, badminton, table tennis, swimming or bowling.

## APLIN GOLF CHAMP

As far as the individual title in intra-mural golf went it was no contest for first place. Big Luke Aplin smashed his way around the course in 73 strokes. Par for the long Temple Terrace Course is 2. With just one or two more breaks in his favor he could have easily finished with under par figures.

Many of Aplin's drives went for 260-270 yards from the tee. Even when in trouble such as hitting out of bounds, once in a great while, he still managed to finish the hole with a par. On one par 5 hole, the long 10th, he was on the green with a drive and a spoon.

Finishing in second place was Dub Worthington who played fine golf but didn't have the game to win this year. Ordinarily Worthington will travel any course in this area in close to par figures.

The third place in this tournament was taken by Dan "Chuck's Boy" Sliman. Dan with just a little more practice and a little more cooperation from his permanent caddy could very easily finish in the 70's.

Final point winners were G. Hanna another fine golfer and P. Brunet.

In the intra-mural point tabulation the Ind. won with 30 points, SKN's placed second with 24 points, BX wound up in third, with 18 points.

## Beta Chi Wins 51 Track Meet

One of the most successful intra-mural events of past years has been the track meet. This year has no exception when Miller Adams and his staff provided the boys with a well organized meet at Plant High.

The big news of the meet was the setting of three new records. In the high jump Hiers bettered the old record of 5' 8" set in 1936 when he reached 6' 0". Mac Williams set a new shot record of 48' which far exceeded the old record of 46' 1 1/2" set in 1937. The last record was set when Carl Cowden threw the discus 131' 6". This broke his own record of 123' 8" which he set last year.

High individual point scores not including the relays were: Cowden with two first places and one second for 13 points, Randall with two first place finishes and one fourth place for 11 points, Hiers and Williams tied with 8 points apiece.

In the team competition the Beta Chi's led with 35 points but were pressed all the way to defeat the Sigma Kappa Nu's who finished with 32 points. Third place went to the Ace club with 31 points and fourth place was won by Tau Omega with 20 points. Rho Nu Delta gained 3 points to finish the scoring.

### BOWLING

The bowling tournament will be held soon and due to lack of time for a round robin it will probably be on a single elimination basis.

### SWIMMING

One of the big intra-mural events is now open to entries. Swimming will be held soon and entries should be in to Miller Adams at once.

## Spartans Retain State Fencing Crown

On Saturday, April 29th the Spartan fencing team met a strong Miami squad to decide the state champs. The meet was held in Miami.

In the men's division the final tabulation showed that Tampa was victorious by a score of 10-6. For the Spartans A. Cristales scored four victories with no defeats. The state individual champ George Hoppe scored three wins to one loss. Metcalf had two wins and two defeats and Bob Johnson has one win and three defeats.

The meet was conducted on a round robin basis with each competitor fencing against every other entrant.

The women's division found the Tampa team also winning state honors to make a clean sweep of the tournament. The score was 3 wins for Tampa as against 1 win for Miami.

Marion Moats, one of the most improved woman fencers in the state, won both her matches for two points. Phyllis Hanon broke even in her matches with one win and one loss.

The team was accompanied to Miami by our Director of Girls' Athletics, Miss B. Brill.

In addition to the regular team several of the novices travelled with the team and did very well as a group. Acioli won his matches 5-3. Jescusco won 5-2 and Meister lost 3-5. These bouts were not scored in the championship but served as an experience for the newcomers to the sport.

### SOFTBALL STANDINGS

A fast and hard playing group of Beta Chi's still lead the intra-mural softball league. Close on their heels are the boys from Sigma Kappa Nu. Following is the standing including all games to May 1st:

Beta Chi	5	0
Sigma Kappa Nu	4	0
Independents	2	3
Kappa Sigma K	2	3
Rho Nu Delta	2	3
Tau Omega	1	3
Ace Club	0	4

If the SKN's defeat the TO's on May 10th the game of the year will be the May 15th meeting between the BX's and the SKN's. If by some chance the TO's defeat the SKN's the best the SKN's can do is tie if they defeat the BX's. If you want to see a hard and viciously fought game, come out to see the game on the 15th of May.

## Under The Dome

Phil Brunet "52"

### FOR THE WOMEN

Dub Worthington reports that in his estimation if two of the gals who participated in the golf program could devote some time and effort to practice they are natural candidates for national honors in intercollegiate golf. Both of these winsome lovely ladies have wonderful swings and manage to score well despite the short time they have devoted to the game. Take heed, Mary Esther B. and Betty Burnett.

### FOR THE MEN

Last weeks intra-mural golf tournament also revealed something that I've been blowing my stack about since I arrived. Potentially we have the nucleus of a fine golf squad. My line-up would be as follows: 1. H. Luke Aplin, 2. Dub Worthington, 3. Dan Sliman, 4. G. White or H. Gustin, 5. G. Hanna. Every one of these boys is capable of scoring below 80 with the proper amount of practice. Of course I realize that there are many problems, such as working, and availability of courses, yet absolutely no effort has been made to develop minor sports such as this.

### THANKS

Thanks to the Miami Hurricane who reported the practice football game in a very favorable light for the Spartans. The summation of the whole thing was that they were glad when the game was over. Thanks again, Jerry Simons.

### OTHER GRIPES

Outside observers when watching the intra-mural track meet just take to Hadacol when they see all that fine track material going to waste.

### TENNIS

The singles in tennis found Andy Garcia from Rho Nu Delta facing Jose Unsiog from Beta Chi in the finals. Garcia won the title by scores of 6-4 6-3. Garcia is considered one of the finest tennis players in this town and could well represent the university in any tournament. His defeated opponent from Guam, Jose Unsiog is remarkable testimonial to a new student of the game applying plenty of hard work and practice to develop a sound game.

In the doubles Unsiog and Japp from BX's are waiting for the upper bracket to play their match to decide who the semi-finalists will be.

## The Rower Boys Do It Again

The Spartan crew brought home another set of the opposition's jerseys when they left the Rollins Tars far astern in a race held in Orlando on Saturday, April 28.

It must have been the inspiration of brand new uniforms for our crew for they finished with three lengths to spare. From the start it looks as though the Tars had managed to get the jump on our stalwarts when they led for the first hundred yards. At this point our shell pulled even and they then proceeded in opening the gap all the way to the finish line.

This brought the Spartans' sea-

son to a successful close as far as individual races with other colleges are concerned. The final count showed only one defeat, by Boston U. and six wins. From here the boys look forward to the coming state meet which takes place on May 5. This meet will be held right here in Tampa. Competition will be offered by Rollins and Florida Southern.

The big event for the year will be the Dad Vail Regatta. After several false starts the committee in charge has finally decided to have it in Boston. This was caused by the inability of many of the northern crews to finance another trip south whereas most of them had already been down this way. The date for this will be May 19.

Last year the Spartans managed to place fourth in the meet which was held in New York.

## Al Geoghagan Ends Three Years On Crew

This year will end a three year period of crew competition for this native of Lakewood, Florida. Al is a senior and expects to graduate in February with a major in BCE. Hillsborough was the setting for his high school education and here he played football and basketball. Prior to coming to Tampa U he was a student at Arizona State and while there was a member of the track team.

At Tampa U he is active in Beta Chi and prior to its disbanding was secretary for the Letterman's Club.

Al is a vet from the navy and saw a great deal of service around Bremerhaven, Germany. While serving he played a good deal of basketball and softball.

### TABLE TENNIS

At press time the only contestant to reach the quarter-finals is Fineman who is in the upper bracket. Matches will have to be played soon or forfeited.

## Harpo "Black" Sheep Johnson Cast Eyes Toward Hometown

Beta Chi is going to have the problem of roping this boy to a minaret if he keeps casting homesick glances towards Freeport, N. Y.

He undoubtedly is glancing back to his football career in Freeport and wishing right now that he were there.

Being a soph he only has a couple of years listening to problems of education and then he can return and teach the glories of Florida to the yankees.

The crew has had him for two seasons and wonders about the next two. He and Jerry M. have a tight corner on that "black sheep" title.

If he isn't working out with the crew Harpo can usually be found working out on the beach. He claims swimming is his hobby.

### BADMINTON

Quarter-finalist in badminton to date are: Aplin, Squitier, Kitchen, and Scherer. This tournament is being held up due to conflicts with softball but will pick up in tempo after the big game between SKU's and BX's.

Special Student Rates  
MAT. 44c - EVE. 48c

## Cristales Wins Fencing Title

In the intra-mural fencing tournament, Augusto Cristales from Rho Nu Delta scored 53 points to win the title. In all of his matches he only received 25 touches.

George Hoppe the state champ finished second with 49 points and received 34 touches. His points were credited to the SKN's.

The other places followed in this order, Maloney BX, Metcalf KSK's and Gross Ind.

### JERRY MAIER

Here is a boy from Pittsburgh who made the crew in his first year. He is a junior in the department headed by Dr. Goodbar.

While attending Oliver High in Pittsburgh he played both football and baseball. Prior to coming to Tampa he spent one year at Waynesburg College, Pennsylvania.

His frat is Beta Chi which can't make up its mind who is rightful owner of the dubious title of "black sheep of the crew", Jerry or Harpo.

Outside of crew his main interest at the present time is auto racing.

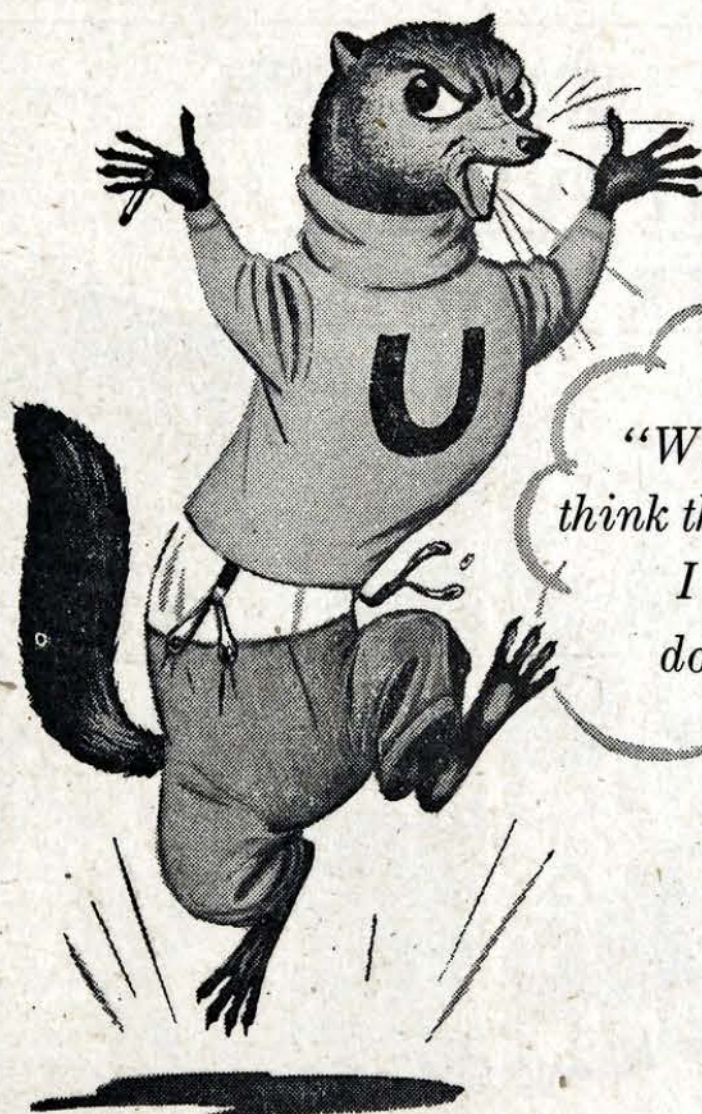

### HANDBALL

In the upper bracket of the handball tournament Ben Scherer played Jim Menna for one of the semi-finalist spots. This match could well have been the best individual match of the tournament. Ben finally won out by scores of 22-20 and 21-19. At one point in the match they volleyed for several minutes without scoring.

In the lower bracket C. Ryan is one of the semi-finalist.

## Campus Interviews on Cigarette Tests

### Number 19...THE WEASEL

No wonder he blew his stack! All this double talk about quick cigarette tests was a flagrant infringement on his patent rights! They couldn't fool this character with "one-puff"—"one-whiff" experiments. Millions of smokers have reached the same conclusion—there's just *one* real way to prove the flavor and mildness of a cigarette.

*It's the sensible test*—the 30-Day Camel Mildness Test—which simply asks you to try Camels as your steady smoke... on a pack-after-pack, day-after-day basis. No snap judgments needed! After you've enjoyed Camels—and only Camels—for 30 days, we believe you'll *know* why...

**More People Smoke Camels**  
*than any other cigarette!*
