

## KITTY LEA WILL BE EDITOR OF FIRST YEARBOOK

### Staff Named To Publish Annual

Miss Kitty Lea, president of the Delta Kappa sorority and a member of the 1936 graduating class, has been elected editor-in-chief of the first yearbook ever to be published at the University of Tampa.

Hampton Dunn, editor of the Minaret, was elected to be associate editor of the new publication by the student council and the faculty committee on publications.

The faculty committee, which is composed of Prof. R. W. Bryan, Prof. Robert F. Webb, Dr. E. B. Hinckley and Mr. W. E. Culbreath, announced that funds are now available for the publishing of the first annual. This was made possible by an assessment of \$2 on each student who registered at the University.

The following have been appointed to serve on the staff: Bill Marbourg, business manager; John Smiley, Mary Eve, Edna Johnson and T. L. Ferris, assistant editors; Bill Logan, snapshot editor; Virginia Roberts, organization editor; Don V. Giunta, circulation manager; Helen Windham, Betty Dickinson, Crockett Farnell, Richard Powell, advertising staff. A sports editor and advertising manager will be appointed soon.

#### Work Begins Soon

All the preliminary plans concerning the editorial and business matters of the annual have been nearly completed, and actual work will start immediately following holidays.

Present plans of the publication call for a volume containing 100 pages, including several pages of advertisements. It will have all of the usual features of a college annual and every effort is being made to make it an attractive yearbook.

The Tribune Press will receive the contract for publishing the book and have facilities for producing high quality work. The same company has issued several annuals for other schools, including Stetson University "Hatter." As yet, no contract has been given for the photographs but this will be announced after the spring holidays.

#### Urges Cooperation

Kitty Lea, in commenting on the new publication, stated, "We have had a great responsibility thrust upon us to publish the first yearbook in the history of the school, but if we get the proper cooperation from the student body we hope to put out an annual every student will be proud to own."

Efforts have been made in previous years for the publishing of such an annual, but for various handicaps the plans did not materialize. Last year a special drive was conducted to collect funds to publish a yearbook, but sufficient subscriptions were not made.

The editors plan to have the book off the press and ready for the students a week or two before final examinations.

## Al Yorkunas Is Staff Cartoonist

Editors of the Minaret are glad to announce the addition of Al Yorkunas to the staff as the staff cartoonist.

In last week's issue he drew a sketch urging the organization of a baseball team at the university and this week has drawn a comic sketch of Coach Higgins administering a "spring tonic" to his gridders.

York, as he is called, has received quite a bit of recognition for his talented drawings and is believed to be an up and coming newspaper cartoonist and artist. At present he is on the art staff of a local advertising agency and has shown much improvement.

All of his cartoons for the Minaret will not be on athletics, but will be on a variety of subjects.

## STUDENT BUREAU FOR EMPLOYMENT ORGANIZED HERE

A faculty committee has set up a Bureau of Employment for the benefit of students who are interested in working part-time in order to pay part of their college expenses and for summer work.

The committee is composed of Prof. R. W. Bryan, chairman, Rabbi David L. Zielonka, and Prof. R. S. Berry.

The purpose of the bureau as explained by Prof. Bryan is to serve as a clearing house for local employers to find employees best suited for their type of work and to aid University students in securing work to aid them to continue in college.

Last week a questionnaire was given to every student registered in the classes to learn how many students were interested in such a project. Two hundred and ninety-four answered the questions and stated whether or not they wished employment immediately or during the summer.

The office of the bureau is in room 135 and Prof. Bryan has been receiving applications from the students who wish employment. At an early date he will announce the regular office hours when he may interview the students. On the applications are given over 30 suggestions of jobs which the students might do while attending school.

The plan for securing employment has also been tentatively planned. Members of the committee plan to attend the meetings of the local civic clubs asking their support of the project by calling the bureau when they need any work done. Through publicity in the local papers they also hope to reach prospective employers.

Letters will be written ministers of the local churches asking that announcement be made in their services about the plan also.

After these steps are taken, the committee will interview local business men on the probability that they may employ students.

Students interested in securing employment should get in touch with Prof. Bryan at once.

## Russell King To Speak at Meeting Of U. Yacht Club

The annual shipwreck dance of the University Yacht club, which was most popular last year, is now being planned. It is expected that the date will be set for the last week in this month or the first week in May.

At the meeting Monday night a date was set for the long-postponed cruise to be taken by students to Cockroach Island at the mouth of the Little Manatee river. It was by unanimous vote of the yachtsmen to go Saturday, April 18.

As was planned at a previous meeting, the fleet will leave Tampa shortly after noon and cruise down the bay to Cockroach Island. There it is planned to disembark and partake of a fried fish supper. After the fish fry the party will visit the recently excavated Indian mounds where many important archeological finds have been unearthed.

Arrangement is being made with the Ruskin Chamber of Commerce for an old-fashioned square dance to be given in honor of the visiting yachtsmen.

The fleet plans to sail back to Tampa Sunday morning. Anyone interested in going on this outing should contact Billy Logan or John Schaub to make arrangements for passage on one of the boats.

Wednesday night at 8:30 o'clock Russell King, waterfront reporter of the Tampa Morning Tribune, will speak to the yacht club, it was announced by Commodore Logan. Mr. King has not announced his subject for the discussion, but it is sure to be of interest to everyone who attends the meeting. Through his wide acquaintance with ships and sea-going men, Russell has assembled probably the largest collection of sea stories of anyone in the state.

#### TO HAVE LUNCHEON

The Beta Chi fraternity will hold a luncheon Sunday at 12:30 o'clock at Millan Brothers restaurant. It has been announced. All members are requested to be present.

## "Miss University of Tampa"

MISS JEANIE TRICE

Miss Trice was named the ideal University of Tampa girl in a contest sponsored by the Minaret last week. She is sophomore and is a member of the Delta Kappa sorority.

## JEANIE TRICE IS SELECTED MOST POPULAR CO-ED

### Minaret Contest Shows Student Favorites

By T. L. FERRIS

Miss Jeanie Trice, daughter of Mr. and Mrs. W. W. Trice of 716 South Willow avenue, was elected "Miss University of Tampa" by a popular vote of the student body. Miss Trice is a sophomore and a member of the Delta Kappa sorority.

In connection with the election of "Miss University of Tampa" a popularity questionnaire similar to those held in other colleges was sponsored. Special ballots were distributed and the results were as follows:

Fredric March received the most votes for the favorite actor, while Clark Gable and Robert Taylor were second and third. Lovely Ginger Rogers was selected as the best-liked actress, with Norma Shearer and Irene Dunne tying for second. Claudette Colbert won third place.

Jack Benny, one-time haberdasher, who is now the highest paid entertainer in the world, was voted the favorite radio star. Bing Crosby was second; Lanny Ross, third; Major Bowes, fourth, and Kate Smith, fifth.

#### Prefer Lombardo

Students prefer to hear Guy Lombardo's orchestra above any other, but if Lombardo's is not available Glenn Gray's Casa Loma orchestra would be the next choice. The voters would find these orchestras more pleasing if they would play the pieces selected as the favorites. "Star Dust" won first place; "It's Been So Long" second; "Alone" third, and "Goody-Goody" fourth. Other popular songs were: "Moon Over Miami," "Let Yourself Go" and "Beautiful Lady in Blue." But, sad to say, "The Music Goes Around and Around" received only a few votes.

If any sorority or fraternity goes haywire over the question of what night to give that dance let members profit by the results of the ballot. It seems that there is a difference of opinion, for Saturday night only surpassed Friday night by a few votes. Several students want to dance any night.

Dr. E. B. Hinckley, assistant professor of English and a graduate of Harvard University, was elected as the students' favorite professor. R. F. Webb, assistant professor of Geology and, like Dr. Hinckley a graduate of Harvard, was highly rated as a favorite.

Honors for the favorite and most outstanding American go to President Franklin D. Roosevelt, who received more votes than any other one person in the entire contest. Students picked a local American for their next choice, who was "Honest" John Schaub. Charles Lindbergh was voted third and Maj. Edward Bowes, fourth.

#### Higgins Named

The most votes for the favorite Tampan went to Nash Higgins, coach of the University of Tampa "Spartans." Bill Blocks was chosen second; Mayor R. E. L. Chancey, third, and Ernest Maas, sr., fourth.

Out of the many authors named, Zane Grey, writer of high-class western stories, was voted the first choice. Sinclair Lewis was second and Kathleen Norris, third. Contrary to the type of stories that Grey writes, Love

(Continued on Page 4)

## Delta Kappas Lead Scholastic Standing

Delta Kappa sorority led all other Greek organizations in scholastic standing last semester, a study by Dr. E. B. Hinckley reveals. The Sigma Theta Phi sorority was second.

The complete standings are: Delta Kappa, 84 percent; Sigma Theta Phi, 83.3 percent; Sigma Epsilon frat, 81.2 percent; Rho Nu Delta frat, 78.5 percent; Sigma Kappa Nu frat, 76.5 percent, and Beta Chi frat, 72.6 percent.

## TALBOT TRIES TOE TRIPPING TO TRAIN TAUT "T" TEAM

"Rhythm," someone once said, "is the basis for the existence of all things." Coach Higgins must have listened to these words, for he has gone about instilling this essential element into his charges in a big and novel way.

Early risers chancing out on Plant field might easily mistake Higgins' squad of aspiring grid huskies as a group of ballet dancers going through their paces. Under the skillful direction of energetic Dot Talbot they are put through a series of difficult dance steps that would do justice to a group of Ziegfeld chorines.

The steps are as yet a bit intricate for the boys to do sans support, so they are taught to grasp the waist or shoulders of a cohort and kick as high and as neatly as unaccustomed muscles will permit. An occasional wry face or a shot-like report of a popping thigh bone tells of the effects of the rhythm exercises on lanky legs but the boys continue faithfully on until a word of halt from the instructor brings smiles of relief from the perspiring group.

It is rumored that a scout from Ray Nell's Royal American troupe was much impressed with the manner in which giant Oxo Hurn disturbed the morning dew with the dainty flicks of his suitcase-sized feet. Athletic officials of the University have barred the scout from further practices and will breathe easier only when the troupe has departed on its tour early next week.

## Peabody College To Award Scholarships

Trustees of Peabody College, leading teachers college at Nashville, Tenn., has authorized President Bruce R. Payne to award a resident scholarship in the amount of \$200 to a member of the faculty at the University of Tampa. F. H. Spaulding announced this week.

Another resident scholarship of \$150 is to be awarded a graduate of the institution to Peabody. The scholarships will be for the year beginning Sept. 22, 1936, and ending June 6, 1937.

The word "resident" is intended to mean that the recipient must live in one of the College buildings and carry a regular or residence study during the term of the scholarship. One-third of the scholarships is available during each quarter of the period referred to, Mr. Payne stated.

## BAD SHIP IS TAMED AFTER RECEIVING NEW DRESS

You can't keep a good man down... nor ship either for that matter, and so the good craft Jolly Roger, tiny bad boy of the bay which a fortnight ago unceremoniously dumped two night riders into the chilly brine, floats again.

Today its work-worn skipper, paint-smudged and bruised, pronounced the boat "shipshape" and ready for the christening ceremony to take place at high noon at the University docks. A poor substitute for the traditional champagne will spill from a bottle cracked on the newly-painted nose and a new name, as yet unchosen, will be assigned to the luckless craft. The new name was decided on after a study of a gypsy numerologist's chart revealed Jolly Roger as two words adding up to a total meaning in the language of the numerologists, bad luck, rotten luck, terrible luck, worse luck and all wet.

Another study revealed the truth in the numerologist's findings for twice had the boat under the name of the Jolly Roger turned over with its first owner, Roscoe Davis; another University student, Gwen Blake, had the distinction of being the first lady to roll over in the bay with the boat; Herman Sauls, racing skipper of the sloop, boasted of a record of three spills and another turnover two weeks ago boosted the craft's impressive and depressing record.

Today two crewmen armed with four days' provisions and two battered life preservers board the boat and set sail for Indian Rocks, secure in their belief that a changed name will land them safe and dry on the island resort.

## The Science Club

The Science club of the University of Tampa is considering the awarding of gold keys to outstanding scientific students at the conclusion of each scholastic year, according to Edwin Bridges, president of the honorary organization. The club will meet this afternoon to discuss important matters concerning the gold key.

Present members who are expected to attend the meeting this afternoon are Torino Scaglione, Robert Morales, J. D. Sparkman, Dean Wilson, Manuel Ramirez, William Reid, William Stuart, Clark DePury, and Chester Morgan.

The Science club is planning to give a scientific demonstration in the University assembly, soon.

## THE MINARET POLICY

To give full support to all activities that will prove beneficial to the University.

To encourage the growth of social fraternities and sororities on our campus.

To strive for a better understanding between students and faculty members.

To do our part in making student government a complete success.

To support the Spartan athletic teams and advocate a well rounded physical education program with a complete list of minor, as well as major, sports activities.

To help publicize the University of Tampa in every way possible.

And to present news stories in an unbiased and straightforward manner.

## OUR FIRST YEARBOOK

Congratulations are in order for the student council, the faculty committee on publications, and others who are responsible for making it possible for the University of Tampa to publish its first yearbook this year.

A first-class annual has been the dream of student leaders and progressive students since the organization of the institution three years ago, and it is now assured that this dream shall come true. Last year a special drive was made in order to finance such a book, but the attempt was futile much to the disappointment of the leaders and students who had subscribed.

This year, although an assessment was made in the student fees, financial difficulties still prevailed because it was not enough to cover the entire expense of publishing an annual. However, through the efforts of Dean Hale and the faculty committee arrangements have been made to cover this deficiency, and work is now progressing on gathering material for the book.

The staff has been named and they have promised to put forth every effort to make the publication one of the best of its kind even if the time is very short. The senior class is to be commended for selecting as editor-in-chief one of its most wide-awake and hard working members, Miss Kitty Lea, who we think will make a very efficient editor. Miss Lea has shown school spirit at all times during her three years at this institution and has devoted much time and effort in making it a better school.

Now is the time for the whole student body to show their desire for an annual and display their school spirit by cooperating in every way possible with the able staff to make the first yearbook a most attractive chronicle of student life.

With the time for work so limited, cooperation is essential for its success. When a call for a photograph is made, it is only fair to the staff who is trying to produce a first class annual for the student or students concerned to cooperate by being at the appointed place on time. Every club or organization may do their part by urging their members to cooperate.

In conclusion may we urge again your very fullest cooperation in this matter so that when the yearbook comes out a week or two before school is out we may look at it with a proudness in our heart that we in some way to make it a pleasant memorial to the school year 1935-36?

## BEHIND THE SCENES

An editorial is something that you write when it isn't possible to find anything else to write. It is very much like the dreaded writing of a letter that you do only when you can not think of anything else to do. Sometimes you tell the receiver of the letter this fact, but more often you do not because it just isn't good manners.

Editorial writing differs from letter writing in this one respect, that the letter is usually well-received and the editorial is not. But, since you are reading this, and this, and this, you may as well know that you are among only about 20 percent of the readers who glance through the editorials and that probably by accident.

We have come through all this just to give you the information that it is no burning pleasure for the editorial writer either. Editorials would probably be left out of every college paper in the land if it were not for custom. It so happens that this custom is a good one and occasionally is the means of making known some good ideas and suggestions.

With that in mind, then, can you be depended upon henceforth as a reader of at least one Minaret editorial an issue?

## "Spring Tonic"

Congrats to "Miss University of Tampa".... One student wanted to be sure that Jeanie got his vote so he cast his ballot for Jeanie, Margaret, Queenie, Georgie Trice.... Other girls who received a large number of votes were Kitty Lea, Dot Talbot, Edna Johnson, Henrietta Tate and Mary Burress.

## THE MODEL COUPLE

MARY is reading a LOVE STORY magazine when BILL arrives to take her to a movie starring their favorites, FREDRIC MARCH and GINGER ROGERS. After the show Mary is very SOPHISTICATED when Bill demonstrates his ROMANTIC, CAVE MAN stuff. Her lack of interest makes Bill resort to other means of pleasure—he reads POPEYE. While the two ride in the soft moonlight, they listen to that popular radio star, JACK BENNY. It is SATURDAY, the best-liked night in the week. The couple's evening would not be complete without attending a night club. Could it be—? Yes, none other than GUY LOMBARDO'S orchestra. Mary is attired in the BLUE evening dress that Bill admires so much. The pair open the dance as they step lightly upon the floor to the alluring tune of "STAR DUST."

## UNIVERSI-TEASE

"Moon Glow" says that Strawberry's theme song is "I'm gonna sit right down and write myself a letter."... It was reported that Sampey has been impressing a new-therm boy. Another adjective describes him as lucky.... McGucken will be closer to her Warren during the holidays.... Do you know Annie? Annie who? Anecdote. (By Joyce Turner).... Betty Dickinson has been puttin' all her eggs in one basket—on account of it's Easter time.

Bruce Kelly and his Collegians have just completed recording "White Heat" and "Honeysuckle Rose" into phonograph records. The results were perfect.

Free Park theater tickets go to Ed-die Curren and Edith Tofaletti. Saturday, Sunday and Monday the Park is playing "Modern Times" with Charlie Chaplin, and "Call of the Prairie" with William Boyd.

"I've a friend I'd like you to meet." Religious Girl—What church does he belong to?

Literary Girl—What does he read? Athletic Girl—What can he do? Chorus Girl—How much has he? College Girl—Where is he?

Think up a good name for the Year Book and submit it to Kitty Lea or Hampton Dunn.

S'long, and Happy Easter.

## SPEAKS TO CLASS

Clyde Sampson, of the Florida Inspection and Rating Bureau, was a guest speaker in the Property Insurance class recently. The company Mr. Sampson represents does fire insurance rating and is a member of the Southeastern Underwriters association. He discussed ratings in his very interesting talk. Other speakers have also talked to the class on various phases of insurance. Prof. R. W. Bryan said.

## MUEZZIN CALLS

## GOSSIP TOWN

Have you ever heard of Gossip Town On the shore of Falsehood Bay, Where Old Dame, Rumor, with rustling gown, Is going the live long day?

It isn't far to Gossip Town, For people who want to go. The Idleness train will take you down, In just an hour or so.

The Thoughtless road is a popular route, And most folks start that way, But it's steep down grade; if you don't look out, You'll land in Falsehood Bay.

You glide through the Valley of Vicious Folk, And into the tunnel of Hate, Then crossing the Add-To bridge, you walk Right into the city gate.

The principal street is called They-Say, And I've Heard is the public well, And the breezes that blow from Falsehood Bay, Are laden with Don't You Tell.

In the midst of the town is Telltale Park, You're never quite safe while there, For its owner is Madame Suspicious Remark, Who lives on the street Don't Care.

Just back on the park is Slanders' Row, 'Twas there Good Name died, Pierced by a dart from Jealousy's bow, In the hands of Envious Pride.

From Gossip Town Peace long since fled, But Trouble, Grief, and Woe, And Sorrow and Care you'll meet instead If ever you chance to go.

—A TAMPA U. STUDENT.

## SUBTLE MOOD

If my eyes would speak  
What my heart would say,  
And your eyes understand,  
And silence keep my secret;  
I would not waste  
That precious moment  
And try to coax you near me,  
But rest assured  
Of one strong-hold  
Within your hushing soul.

ZORRO.

## STEIN SONG

Fill up the steins with amber beer!  
The night is all before us yet;  
We'll talk it full with friendship's cheer  
Until the rising moon has set.

Fill up the steins with amber beer!  
The moon has sunk into morn's net;  
One song of fellowship's warm cheer  
Before we heed the dawn's cool threat.

CASANOVA II.

## PARTANETTE

By  
DOT  
TALBOT

## FRESHMEN TAKE TITLE

Freshmen volleyball players walked off with the school title in the recent tournament held by the women's intramural department. They defeated the Delta Kappas in the final game by close scores.

The Freshmen got to the finals by defeating the upperclassmen, or Physical Educators, in two decisive games. The scores were 15-8, 15-7.

Delta Kappa players won the right to meet the Freshmen for the championship by a win over the Sigma Theta Phi's. During the match the Delta Kappas allowed their opponents only three points in the first game. In the second the Sigma Theta's rallied several times bringing the score to 13-13. With two straight points the Delta Kappas won the match, 15-13.

Marjorie Dennis of the Delta Kappas was high point server with 14 points (in two games), nine of them in succession. Frances Macnamara of the Freshmen was second with eight points.

Players representing the various teams in both the semi-finals and finals were:

Freshmen: Elinor Saxon, captain; Marjorie DeWolf, Margaret Diaz, Lella Turner Clark, Carmen Fernandez, Dot Sanford, Frances Macnamara.

Delta Kappas: Jeanie Trice, captain; Marjorie Dennis, Marguerite Howard, Virginia Morrow, Louise Taylor, Kitty Lea.

Sigma Theta Phi: Edna Johnson, captain; Edith McLeod, Julia Mary Neef, Marion Torkelson, Elspeth Griffin, Ruby Wadsworth, Verna Vining.

Physical Educators: Frances Keating, captain; Myrtle Clark, Gwen Blake, Lucy Jackson, Dolly Quinn.

## SWIMMING TO START SOON

Swimming is the subject of most of the conversation among the girls in physical education classes these days.

By the 16th of April the girls will begin their lessons in one of the most healthful of the sports activities. Already some of the classes have been given lists of the requirements for the swimming and life-saving tests.

The students will be afforded an opportunity to learn the fundamentals of swimming, all the speed strokes, beginner's and advanced diving, and Red Cross life saving.

Perhaps those who make some progress in swimming will go in training for the meet held annually by the University. Last year teams were entered by the Delta Kappas, Sigma Theta Phi, Physical Education classes, and the Minaret.

Events to be run in the meet are the 35-yard free style, 50-yard free style, 35-yard back stroke, 35-yard breast stroke, 105-yard medley, relay and diving.

The high point winner in this meet receives a medal.

Sonny—Say, Dad, today the teacher asked our class to find the greatest common divisor, and—

Daddy Karl—Great heavens! Is that thing still lost? Why, Sonny, when I was a kid my teacher had us hunt for it, but I never found the blame thing.—The Pathfinder.

# BEYNON IN LEAD IN INTRA-MURAL SPORTS MEET

## Beta Chi Continues Team Leaders

Orris Beynon, all-around athlete from Youngstown, Ohio, and Beta Chi's key man, is setting the pace in the intramural department's race for the outstanding player of the year. Bill Pittman, another Beta Chi athlete, is a close second to the leader.

This year's race for the intramural department's outstanding award is the closest seen here in the past few years. John Traina, former Pink Elephant athlete who is now attending the University of Florida, monopolized the position for two consecutive years. His only rival was Louis Sullivan, Sigma Kappa Nu athlete who is in Georgia. Beynon has a total of 85 points as compared to Pittman's 80. Close behind the two leaders is Charles Sierra with 65 points. Although Beynon did not play touch football, he gained enough points by winning the horseshoe tourney and capturing a berth on the intramural all-star basketball team\* to give him a lead in the race. Pittman received honors in both touch football and basketball to take second place. Sierra only received honorable mention in touch football, but he made the basketball all-star team.

The first 10 leaders are:

- Beynon, Beta Chi, 85.
- Pittman, Beta Chi, 80.
- Sierra, Rho Nu Delta, 65.
- Buchanan, Sigma Kappa Nu, 60.
- Schaub, Sigma Kappa Nu, 60.
- Yorkunas, Beta Chi, 60.
- Dmytryk, Beta Chi, 60.
- Hatcher, Beta Chi, 55.
- Toulme, Pink Elephants, 50.
- Bloom, Beta Chi, 50.

The latest tabulation of the point system in the standings of the intramural athletic teams disclosed that the Beta Chi fraternity was still leading with 234 points. Sigma Kappa Nu was a close second with 207 points and was followed by the Rho Nu Delta fraternity with 136.4.

The only changes made in the standings since the volley-ball tournament were the rise of the Rho Nu Delta fraternity to third place and the rise of the Pink Elephants to fifth position.

To date, the Beta Chi fraternity has captured the basketball, volley-ball and horseshoe pitching tourneys. Sigma Kappa Nu copped the touch football title and place second in the basketball and volley-ball tournaments. The rest of the league teams have divided evenly the remaining positions in these sports.

The standings to date:

- Beta Chi .....234
- Sigma Kappa Nu .....207
- Rho Nu Delta .....136.4
- Piebes .....130
- Pink Elephants .....117.5
- Sigma Epsilon .....115.3

## Attractive Summer School Booklet Is Ready for Students

One of the most attractive advertisements ever put out by the University of Tampa is now off press in the form of a booklet announcing the Summer school session.

After much hard labor, Dean Hale has presented the necessary information in an interesting manner that will get the attention of anyone who sees a copy.

The eight page booklet has a cover with an attractive design drawn by a student cartoonist, Al Yorkunas, and the last page contains photos of campus scenes which were snapped by Roger Macnamara.

Inside are given the list of courses to be offered and advantages of attending the University in the summer. The booklet was printed by the Tribune Press.

The booklets will be mailed to prospective students and the present students may receive one by calling at the Dean's office.

An effort is being made to learn which courses are desired by those who plan to attend. Next week a questionnaire will be distributed by the instructors to receive this information, Dean Hale said.

## Intramural Board Lists Sports in Spring Athletics

A newly appointed board of intramural managers voted last Saturday afternoon for the remainder of the 1935-36 intramural athletic program, announced Miller K. Adams, director of the department. Hampton Dunn, editor of the Minaret, was added to the intramural board.

In one of the most interesting meetings of the intramural board in the last few years, the organization outlined the plans of the athletic schedule for the balance of the school year. Only one major change was made in the program of sports as announced early last fall. This change, water basketball for water polo, came about as the result of the problem of water polo facilities. This sport is to take place the day the intramural swimming meet is held.

Another important phase of the meeting last Saturday was the addition of a consolation tennis tourney for those tennis wielders who were eliminated in the first two rounds of the regular tennis tournament under way now and those tennis racketeers who did not enter the present tourney. This new tournament is to take place next week. The regular tennis doubles tourney will be held in the same week.

A question which brought quite a bit of discussion was the annual track and field meet. For the past two years, varsity track men have monopolized the annual affair and have cut out the opportunities of intramural athletes who aspired to win events in the meet. This problem will not face the intramural department this year. At least Saturday's meeting, the intramural board voted to have the varsity track men in a separate track and field meet on the same day. The points gained from both meets will count, however, for the intramural league standing. The track events will be held in separate heats this year, but the field events of both divisions will be held simultaneously. Distinction will be made between the two divisions in the field meet.

Only handball will be dropped from the program this year. The lack of handball courts will make it impossible for a tournament this year. Trials of the Sigma Delta Psi events may not be held this year.

The addition of Hampton Dunn as publicity manager of the board boosts the number of managers to five. Other managers of the intramural board are Manuel Ramirez, senior manager; William Hand, major sports manager; and Ed Bridges and William Chancey, minor sports manager. Miller K. Adams is director of the intramural board.

The new schedule for the balance of the year is as follows:

- Week of April 13—Double tennis tournament.
- Week of April 13—Consolation.
- Week of April 13—Ping Pong tourney.
- Week of April 20—Fencing.
- Week of April 20—Golf tournament at McFarlane park (tentative).
- April 25—Annual track and field meet.
- Week of April 27—Shuffleboard tournament.
- May 2—Cross country run.
- May 9—Swimming meet (tentative).
- May 9—Water basketball at Temple Terrace (tentative).

## Student Conclave To Be in Memphis

Representatives of student government associations and student publications of the Southern and South-eastern divisions of the N. S. F. A. will gather for their annual conclave in Memphis, April 16, 17, and 18, according to announcement made by Jack Butler, president of the University of Florida student body and president of the southeastern division.

The speaking corp will be headed by Dr. Arthur E. Morgan, president of Antioch college, Ohio, one of America's most interesting colleges, and the director of the T. V. A. whose existence having been assured by recent court decision is destined to have a most important influence on political, social, and economic life of this country.

By MANUEL RAMIREZ

Since the University of Tampa is not engaged in intercollegiate athletics for the present, all attention is focused on the extensive program sponsored by the intramural department. With the tennis tournament under way and with the opening games in diamondball two or three days old, the intramural is quite ready to launch upon its third successful year in athletics here.

Now that warmer weather is definitely here many men and women of the University may be seen daily in and around the campus. The tennis courts are usually crowded at any time of the day and throngs of baseball and diamond enthusiasts may be seen in action at Plant field. Even track has a few faithful Spartans on the go already! Many are the aspirants who hope to become aquatic stars at the Y. M. C. A. pool and the golf bug has taken its grip on some well known Spartans.

### Diamondball in Spotlight

But diamondball now seems to control the spot light. Fraternities and organizations are working out daily for the purpose of developing a wonder team that will cop the intramural diamondball title. For the benefit of those who are not acquainted with two of the most important changes in the 1936 diamondball rules, we take this opportunity to bring out these facts. In the first place, the team number has been reduced to nine players only instead of the usual 10. Secondly, the pitcher's box has been moved to 40 feet, two and a half feet further than last year's.

For the past few years, there have been an innumerable amount of complaints by diamondball fans as well as participants that the tenth player, the so-called short center fielder, has been very instrumental for the low averages of batters. It seems that he can pretty well cover the ground to which a batter aims to place his hit. Time and again hitters have been robbed of sure-fire base hits by the ever-ready tenth player. Now that he has been eliminated from the game, batters hope to hit their stride and again become the leading stars of the sport.

The change of the pitcher's box to 40 feet will also aid the hitter in 1936. Many were the pitchers whose fast developing speed ball would blind the batters to the extent that hitting averages declined as the season progressed. The additional two and a half feet will make little difference to some twirlers, but the batters will benefit a great deal. For they will have an additional distance in which to get a glimpse of the pitcher's delivery.

We believe that now is the time

## Albert Day Leads Tennis Tournament

Only the Sigma Kappa Nu and Beta Chi fraternities remain in the running of the annual intramural singles tennis tournament. Four racket wielders from each club will meet this week in the quarter-finals of the tourney.

Albert Day, red-topped racketeer from the Beta Chi fraternity and seeded number one in the annual tourney, has easily paved his way into the quarter-finals. He outscored George Kayton, 6-2, 6-1, and John Smiley, 6-3, 6-3, to earn the right to meet Jack Williams, Sigma Kappa Nu ace. Williams defeated Shields and Jimmy Cantrell, Plebe tennis star.

In the lower half of the upper bracket, Carly Johnson, Sigma Kappa Nu ace, battled his way into the quarter-finals by taking Jay Toulme, 6-4, 6-3, and Steve Dissenwerth, 6-0, 6-2. Jerry Nelson, Beta Chi racketeer, took the measure of Bill Reid and Ed Plummer in order to advance.

In the lower bracket, Earl Hatcher, Beta Chi all-around athlete and

to start preaching about the evils of illegal pitching. By illegal pitching, we mean the type of side pitching which is made to resemble under-pitching by many clever hurlers. There must always be some hurler or hurlers who insist on trying to pull the wool over umpires' eyes. Illegal pitching has been banned all over the state and it might as well be banned here. All intramural twirlers are cautioned to watch for this mishap. It may not be a dishonor, but certainly one should be sport enough to be fair and square at all times.

Football spring training is certainly going over with the Spartans this year. Although this is the first time in the short gridiron history at the University of Tampa that spring training is held, many are the favorable comments made on the spirit of the squad. Over 40 reported the first day and big squads are still reporting daily to go through the fundamental drills of the game. All credit is due to Coach Nash Higgins who certainly makes it worthwhile for his charges to report.

### Shots at Random

And while 40 or more Spartans are training daily in order to place the University of Tampa on the football map, another Spartan—Eldon Cage, who starred on the gridiron, basketball, and baseball teams here for two years—is paring his way into the professional baseball ranks. The former Spartan luminary has been spring training with the Indianapolis Indians of the American association at Waukegan. . . . Bob Shoun, who had the leading role in the "public unearthing" here two weeks ago, was awarded a berth on the all-state football team while playing fullback for the Hillsborough Hi years ago. . . . Willie Godwin, Spartan all-around, made the high school all-southern football team in 1932. . . . Professor Richard S. Berry, the demon economist at the University, played center on the Hillsborough Hi school football team way back when? . . . Johnny Minardi, who was appointed boxing coach here in 1933, had been defeated a year or so earlier by a Sam Lodato in a benefit exhibition bout. And Sammy reported for the University's boxing team that same year! Tsk! Tsk!

seeded number two in the tournament, advanced into the quarter-finals by winning tennis engagements from Red Means, 6-0, 6-2, and Clarence Young, 8-6, 9-7. He will encounter James Bryan, Sigma Kappa Nu representative, who has hurdled over Paxton and Billy Laird. In the lower half of the lower bracket, Henry Bloom, Beta Chi tennis ace, will encounter Billy Pou, Sigma Kappa Nu's youthful hope. Bloom won matches from Billy Hand, 6-0, 8-6, and Luther Sparkman, 6-4, 6-1. Pou advanced to the quarter-finals by taking James Farmer and Bill Pittman.

"Sandy McWadd is nearly dead for sleep."

"What's the matter—insomnia?"

"No. The last time he went to sleep he woke up just as he was preparing to give his money away. He's afraid he won't wake up in time the next time."—The Pathfinder.

## PINK ELEPHANTS AND BETA CHI'S WIN FIRST TILTS

Unleashing the same power which gave them the intramural diamondball title a year ago under the name Pi Epsilon, the Pink Elephants proceeded to win its opening game from the Sigma Kappa Nu fraternity here last Tuesday afternoon, 2-1. In the second tilt, the Beta Chi fraternity took an easy 15-4 decision from the Piebes.

Behind the steady pitching of Ray "Tiny" Hurn, who gave up only four hits in the encounter, the Pink Elephants took the lead early in the tilt and held on for the balance of the game. The Pink Elephant infield of Sparkman, Smiley, Toulme and Means tightened to the extent that the Sigma Kappa Nu nine could not hit safely through either infielder. Hand, Pink Elephant receiver and Means, third baseman, led the winners with a double apiece. Hand also connected for a hit. Glover Beazley, Sigma Kappa Nu second sacker, led the fraternity boys with two hits.

The Beta Chi fraternity had a field day in its engagement with the Piebes. Al Yorkunas, lanky Beta Chi hurler, held the 1936 freshmen to five safeties. He also connected for two hits during the game. However, it was Joe Mazeika, fast shortstop, who led the fraternity boys in hitting. Mazeika took the lead in the intramural diamondball league by hitting safely three times in five trips to the platter. Godwin, Bloom, Beynon, Hatcher, Pittman and Spoto hit safely twice in the afternoon's engagement.

Linus Upson, Plebian centerfielder, led the losers in batting honors. Upson hit two out of three trips to the plate. Sheppard, Plebe twirler, connected for a double. Al Yorkunas, Beta Chi pitcher, struck out nine Piebes in the tilt.

The box scores:

| FIRST GAME     |    |    |    |  |

# SOCIETY

## "THE SOCIAL SPOTLIGHT" THIS WEEK

By KITTY LEA

### DEAR MINERVA:

Saturday night the Delta Kappas had their formal pledging service. Mary Eve, Carmen Moran and Betty Dickinson are now wearing little silver pledge bracelets, and the D. K.'s are very proud of them.

Everyone seemed to have a good time at the dance which followed the ceremony. Mrs. Connally and Mrs. Cone acted as sponsors, as well as the sorority sponsors, Mrs. Higgins and Mrs. Barr.

Monday night the Sigma Kappa Nu's held a goat court for their new pledges. Herky Hoy acted as judge. There were no jurors but the decisions didn't seem too hard for Herky to make because all of the cases were just accepted as guilty to start with. The last part of the court was devoted to a spelling lesson. I'm sure Dr. Hinckley and Mr. Webb will applaud this move with great joy.

Congratulations to Bruce Kelley and his new orchestra. He is receiving compliments on it from all sides.

### Spring Affects Haircuts

It seems that spring affects the girls as well as the boys with a desire for shorter and cooler haircuts. Marguerite Howard looks very nice with hers cut very short.

The boys seem almost to have discarded the old-fashioned button-down-the-front shirts for polo shirts in a wide range of colors. Phil Patterson has been wearing two of the newest style. A yellow one with a brown collar and vest, and a white one with a blue collar and vest.

Among the people missed at the last dance were John Donnell and Dean Wilson. We know your absences weren't caused by a lack of bids, boys, and hope nothing will prevent your coming next time.

The last day of March was Jeanie Trice's birthday. I think Jeanie's friends enjoyed her birthday even more than she did. That's only natural 'cause everybody thinks so much of Jeanie that they were just sort of celebrating knowing her.

Jeanie was surprised with a birthday luncheon at Lucy Jackson's. It was truly a celebration 'cause the luncheon ended with grand hot fudge sundaes.

The Beta Chi dance March 28 was a big success. Everybody turned out for it. The Palmerin hotel was an ideal place for it, and the cool court seemed almost as popular as the dance floor. The dance had two unusual features. The Beta Chi's dedicated musical numbers to many of their friends, and part of the dance was devoted to no break numbers.

Mr. and Mrs. Nava were sponsors for the dance. Mrs. Nava looked lovely in pale green organdy. Most people seemed to wilt a little during the evening it was so warm, but she remained cool and crisp looking.

### Have Progressive Supper

The Sigma Theta Phi's gave a different sort of party the last of March, and it was a grand success. They had a dinner party. They started at one house with cocktails, then moved on until they had their dessert. It was one of the most successful affairs given this year.

Edna Johnson, Elspeth Griffin and Anna Bono will soon be regular tennis sharks. Almost every afternoon they can be found battling the ball around on the front tennis courts.

Just as we'd about given up hope of Mary Goulding ever getting well, she came back to school. We're so glad you're back Mary, and we missed you lots.

We're also glad to see Willie Godwin up and around again. When he first got up he looked a little bit like Sir Herbert Wilkins, with all his beard. He looks like his old self again now, and we're all glad.

Howard Stephens (Swede to you) is now working at the Shea-Prange Pharmacy. I'll bet business is picking up there now. Let's drop in and see him and get an extra olive in our cokes or something.

### Fussel Makes Fuss

An English class was concentrating very hard on a test the other day. Their heavy concentration was suddenly interrupted by Warner Fussel wandering up and down the hall singing "Goody-Goody" at the top of his lungs. They enjoyed it very much and welcomed the diversion.

It seems that when Chester Morgan finishes a test he hurries into the hall and gives forth a long, loud, victorious battle cry.

Everybody's making big plans for the spring holidays. John Donnell and Crockett Farnell are leaving for Lake City Thursday.

As Ever

PSYCHE

## Delta Kappas Pledge Three New Members

The Delta Kappa sorority held their formal pledging service at the home of Miss Jeanie Trice, 716 South Willow street, on April 4th.

Mary Eve, Betty Dickinson and Carmen Moran pledged the sorority at that time. A dance followed the ceremony. It was held in the University ballroom. Music was furnished by Bruce Kelley and his "Collegeians" orchestra.

On Thursday, April 16th, the Delta Kappas will have their spring tea in the University ballroom from four to six o'clock. It will be an informal affair. Spring flowers will be used for decorations. Mrs. F. H. Spaulding will pour tea and officers of the sorority will form the receiving line.

## Tentative Plans Made For "Kid Dance"

Sigma Theta Phi sorority made tentative plans at its regular meeting Tuesday evening for their second annual Kid Dance. The University ballroom will be the scene of many Buster Browns, Orphan Annes, Sweet Peas, Shirley Temples, Little Lord Fauntleroy, Huckleberry Finns, Little Bo Peeps, Miss Muffets, Boy Blues and what have you. Novel ideas and decorations will be carried out.

Pink lemonade and all-day suckers will be sold to make the party more realistic.

Prizes will go to the cutest, oddest and funniest costumes.

Chaperons will be Dean and Mrs. Hale, President and Mrs. Spaulding.

Crockett Farnell and John Donnell leave today for Lake City where they will spend the week-end.

## STUDENTS PLAN VACATIONS FOR SPRING HOLIDAYS

Students are in a rush to finish classes this morning in order to begin their spring holidays which starts at 11:30 and all forms of vacationing has been planned for the final recess before school closes June 9. The spring recess ends next Tuesday morning at 8:30.

Many have planned to go to the beach, attend house parties, and out-of-town students will visit friends at home. Holidays have been scarce since Christmas and the students plan to enjoy these to the greatest extent.

The program for the remainder of the school year is: May 30, second semester exams begin; June 7, baccalaureate service; June 8, class day exercises, and June 9, graduation exercises. Summer session begins June 15.

## Autograph-Seeker-Culbreath Has Many Famous Signatures

At last one of the hobbies of the globe-trotting Bill Culbreath has been revealed. He is an ardent admirer of heroes and goes to great trouble to secure their famous autographs for his private collections.

He has a rather unique article upon which the autographs are written. His main group are on one of the turtle-shell hats that took the country by storm two or three summers ago.

On this hat one will see the signatures of such celebrities as Babe Ruth, Dizzy Dean and Pepper Martin. Culbreath seems to be proudest of the autograph of "The Babe," now extinct in the sporting circles.

The hat also contains names of many of the leading students and faculty members of the various educational institutions the journalism instructor has attended, including University of Georgia, University of Flor-

## Sigma Kappa Nu Pledges Hold Court Meeting Monday

The Sigma Kappa Nu fraternity held a pledge court last Monday night in room 232 of the University of Tampa. The meeting, presided over by Walter Hoy, pledge captain, was held to acquaint the pledges with guidance rules.

Plans for the annual spring dance were discussed and several social affairs were planned.

The pledges attending were: Crockett Farnell, Phil Patterson, Howard Stephens, Campbell Criddlebaugh, Conrad Bishop, Jerry Parsons, Carlisle Kyle, Marvin Lassiter, Lincoln Dowell, Arnold Donaldson, Albert Smith, Dewitt Trawick and Bob Thomas.

The members who attended are: Bill Logan, Buck Buchanan, Lafayette Ingram, Marvin Chancey, Steve Sandford, Walter Hoy, Theodore Lesley, Miller Adams, Jack Harding, Bill Reid, Clark DePury, Jim Bryon, John Donnel, Otto Reiner, Buddy Gainer, T. L. Ferris, Dick Young, Bruce Kelly, John Schaub, Bryon Wilson, Billy Pou, Dean Wilson, Haldon Johnson, Warner Fussel, Jack Williams, Glover Beazley and Rabbi David Zielonka. A business meeting and luncheon will be held next Thursday.

## Personals

A group of girls who attend the University will spend the spring holidays at Osceola cottage, Haven Beach, including Edna Johnson, Anna C. Bono, Elspeth Griffin, Mildred Allison, Mary Earl Berry, Victoria Martin, Roma Cassidy, Josephine Morgan, Margaret Hitchcock, Edith McLeod, Anne Thrasher, and Anita Leonard of Tallahassee. Mrs. J. E. Griffin and Mrs. N. Deans will be chaperons. Open house will be held Saturday night.

John Henry Smiley and Ed "Red" Means plan to spend the holidays at Smiley's home in Pierson.

Buck Buchanan spent last week-end at Haven Beach.

Another group of girls who attend the University will spend the holidays at the McGucken cottage on Haven Beach. Those who will go are: Marguerite Howard, Blanche Sessions, Stella Rogers, Ginger Roberts, Jane Pearson, Lois McGucken, Marjorie Dennis, Maurine Powell, Virginia Morrow and Louise Taylor.

Dick Young is going to Jacksonville for the holidays.

Miss Marian Torkelson is spending the holidays in Palmetto.

Several University students plan to attend a house party in the Coarsey cottage at Indian Rocks, including: Sara Barlett, Patti Burton, Gwen Blake, Eloise Jackson, Evelyn Babson, Mary Glen Coarsey and Lois McGucken.

Director of the Summer Session

University of Tampa

Tampa, Florida

## Jeanie Trice Is Named "Miss Tampa U."

(Continued from Page 1)

Story magazine appealed to most students. Men's style magazines, aided greatly by "Esquire," came second and Detective Stories was third.

"Popeye," drawn by Segar, netted most votes for the best-liked comic strip. "Moon Mullins," drawn by Frank Willard, who lives in Tampa, was voted second. "Tillie the Toller" was third and "Dick Tracy," fourth.

Rudy Rodriguez, Spartan quarterback, was chosen as the best athlete over Dizzy Dean, nationally known pitcher, who came second. Dot Talbot, who made the second all-state women's basketball team, received more votes than any other woman athlete, national or local. With summer near swimming was heartily indorsed the favorite sport, but football ran close second. Tennis was third and basketball, fourth.

If your name is Mary go thank your mother and father for branding you that, for the saintly name of Mary came out as top favorite with Betty next, then Anne, Helen and Virginia. Bill was voted the favorite boy's name with John second. Other popular names were Philip, Dick and Jim.

Blue, the favorite color of the First Lady, was acclaimed also by the majority of students. Next was named red, with green and pink tying for third place.

All you girls beware! Tabulations of the votes for the various types of girls revealed that most men prefer sophisticated gals, but to counteract this, the demure type was named a very close second. It seems that most men like girls, no matter what type.
