

Minaret

VOLUME XXXXII, 20

University of Tampa, Tampa, Florida

APRIL 20, 1972

Grades are the name of the game when Capt. Wesley Green (USA) gives his young charges a few pointers on the grounds of Dunbar Sixth Grade Learning Center in Tampa. Green is a University of Tampa Volunteer.

Philosophy Dept. brings Toulmin

by Joanne Styles

Well known philosopher, Steven Toulmin, was a guest of the University of Tampa Philosophy Department last week. Toulmin is presently a visiting professor at the University of South Florida. During his visit to UT's campus, Toulmin undertook a lecture session in the Philosophy of Science. This was perhaps the longest class held at UT. Steven Toulmin's lecture and discussion lasted about two and one half hours.

The audience, which consisted of professors and students, sat amazed in the small room. The brilliance of this man, stood out like a star. He seemed to know every minute detail of all subject discussed, with the exception of: Why mayonnaise is made the way it is. His rapore with the audience shifted from the role of a professor to that of a friend.

During the lecture he mentioned several incidents surrounding his travels and

discussions with other noted persons. It was a pleasure to have Dr. Toulmin on campus. Hopefully the Philosophy Department will again offer the students of UT an opportunity to meet with other interesting persons.

Locke elected to committee

Dr. Duane Locke, poet-in-residence at the University of Tampa and editor of the UT Review, a continuing poetry anthology, has been elected to the grants committee of the Coordinating Council of Literary Magazines.

Dr. Locke was chosen by write-in vote of literary magazine editors throughout the nation. Two others were elected to serve with Locke.

The committee will meet April 28-30 in the School of Nursing Building, Boston University, during the New England Regional Conference of literary magazines.

Elected with Locke to administer funds supplied by the National Endowment for the Arts as literary grants are James Boatwright, editor of the Virginia publication, "Shenandoah," and novelist David Madden.

Others on the committee are editor James Bertolino of the Stone Marrow Press, a poet, and novelist Ron Sukenick.

Top award could be as high as \$20,000 with grants totaling as much as one fourth to one-half million dollars.

The New England Regional Meeting will highlight panels of experts discussing such topics as the Literary Situation and Literary Magazines; Printing Costs and Opportunities and Distribution Problems.

Wes Green finds answer through UT Volunteers

How do you reach youngsters at the sixth grade level who need help in relating to others and to the three "R's"?

University of Tampa business major Wesley Green Jr., Bootstrapper in the military degree completion program, found the answer through the UT Volunteers, a tutorial program at Dunbar Sixth Grade Learning Center in Tampa's Model City area.

Newly elected president of the Black Student Association, Green feels that he can associate personally with the challenges being faced now at Dunbar.

"In establishing a rapport, it's the little things that count," he pointed out. "Eating lunch with the boys, letting them talk it out, and listening to what they have to say."

A native of New Orleans, Green attended high school in Grand Rapids, Mich. At the age of 19, two years out of high school, he enlisted in the Army. Today, after 12 years in the service, he is a captain in the Signal Corps.

Military experience has taught him the wisdom of making use of whatever means are at hand to achieve an objective.

Green is but one of almost a score of UT Volunteers who responded to the plea of Dunbar Learning Specialist Richard Sarcone, a UT alumnus from the class of '59. Sarcone has the highest praise for what has been accomplished thus far in dealing with Dunbar pupils both individually and in small groups.

In the long run, involvement has proved a two-way street, with college recruits learning as much from their charges as they give in return.

But with an enrollment of 494, Dunbar's need is great. Sarcone could use many more Volunteers, not only to meet the needs of the slow learners, but also to make provisions for the "sharp" students who need direction. The waiting list is long.

Among many Dunbar pupils, reading is the biggest hangup.

Then there are other problems common to a bi-lingual society and compounded by confusion arising from hearing different words used in the classroom than at home.

Math and spelling are also trouble areas. UT Volunteers have learned to face the challenges by first attempting to establish clearer, stronger lines of communication and carrying on from there.

Initially, student involvement on the UT campus was due largely to the efforts of Christine Abram, secretary to the Vice President for Student Affairs. Once a student teacher at Dunbar, she participated in the Intensive Tutorial and Elderly Friends Program.

Volunteers from the UT student body represent members of Prof. Fred Fisher's sociology classes and a cross section of the clubs, social societies, civic and service groups active on campus.

The majority of the undergraduate tutors are coeds and an urgent need exists for male volunteers, especially blacks, and those with a second language.

When Mrs. Abram leaves the University of Tampa this month (April) to embark on a new career in computer programming, she will continue to follow with interest the UT Volunteers and their pupils at Dunbar.

"With Wes Green taking over, the work is falling into good hands," she affirmed. "Wes isn't due to graduate until August, '73 and has promised to train a good replacement to take over after that."

And in true military fashion, Green accepts the charge willingly.

"Right on," he agreed.

Disaster Preparedness Institute to hold seminar

How well prepared are you and your agency to help the hundreds or thousands of residents in your county who have never faced a disaster?

How will you handle their problems, questions and fears?

The University Of Tampa and members of all of Hillsborough County agencies involved in disaster have set up a disaster preparedness institute to answer questions, resolve dilemmas and give you practice through a simulated mock disaster on handling the problems involved when a disaster strikes.

The seminar will be held Wednesday, May 24 from 8 a.m. to 2 p.m. at the University Of Tampa Student Union Building.

Cost of the seminar is \$7.00. This fee includes a lunch at the University.

The institute will have as guest speaker Mr. Enso Bighinatti, the National Director for the Disaster for the American National Red Cross.

Mr. Bighinatti has been in disaster work since 1952 and has covered both natural and

manmade disasters including hurricanes Betsy, Beula, Camilla and Cella as well as floods, the Hawaiian Volcano eruption and tidal wave, the Cuban Bay of Pigs Prisoner Exchange, the Palestinian Airline Hijacking Exchange, the Jordanian Relief Fund and the Pakistan and Bangladesh Assignment.

After our guest speaker participants will be placed in groups to take part in one of the mock disasters which will include a tornado, explosion in and industry building, an air-crash over a heavily populated area, hurricane, and a tanker (train) wreck explosion with chlorine cargo.

Institute Coordinator is Dr. Ed Ward, Dean of Continuing Education at the University Of Tampa. Assistant Coordinator is Ms. Peg Marshall, Public Relations Director for the Tampa Chapter of the American National Red Cross.

Members of the University of Tampa Staff and Student Body will act as moderators and hosts during the seminar.

PRE-ENROLLMENT FOR FALL SEMESTER 1972

Appointments: May 1 for Juniors and Seniors, Room 3 of the Union

Appointments: May 2 for Sophomore and Freshmen, Room 3 of the Union

Pre-enrollment: May 4 for Juniors and Seniors, Room 3 of the Union

Pre-enrollment: May 5 for Sophomores and Freshmen, Room 3 of the Union

Notice: Requirement for all students who intend to Pre-enroll for Fall 1972

All students must see their advisor and have their I.D. photos taken before pre-enrolling. Additional information available at appointment time

Students interested in working for all or any part of registration Pre-enrollment for SS I and SS II or Fall should contact Gary Stevens ASAP.

Deltasigs Hold Rose Ball Highlight of the Year

The Brotherhood of the Epsilon Rho chapter presented the lovely Miss Sherrie Lea Fritz as "The Rose of Delta Sigma Pi" during the annual Rose banquet held in the spacious Holiday Inn downtown. Miss Fritz's escort was Mr. Wayne Jones.

The banquet was preceded by early morning activities for the initiation of sixteen new Brothers into the chapter. The initiation was also conducted at the Holiday Inn with the former pledges demonstrating that they were ready to assume the obligations and also ready to receive the benefits of a lifetime fraternal affiliation.

Epsilon Rho Chapter is proud to announce the names of those who are now brothers of the Delta Sigma Pi fraternity: Dale B. McGarry,

Robert March, Thomas G. Smith, Zalph (Andy) Andrews, Jr., Benjamin M. Fillmore, Jr., James C. Cannon, John Marshok, Marc Mallett, James F. Eversman Jr., Gary Dickerson, Robert A. Estes, Jay A. Scherline, James E. Owens, Jr., Chuck Osterman, Joe Morgan, Paul Fronczek.

After all initiation rites were completed the precedent set by last fall's pledge class was reinstituted as the new brothers assumed the responsibility for herding the Junior Vice President (and Pledgemaster), Gordon Hough, into the Holiday Inn's beautiful new swimming pool.

The evening's activities began with a cocktail hour at 7 p.m. The banquet ball was readied for an 8 p.m. dinner which included a fruit cup,

tossed salad, prime rib of beef, baked potato, green beans with almonds and a mint parfait. Paul Zawadski, the President of Epsilon Rho Chapter, presented the speaker, Dr. Gene B. Goforth, Chairman of the Business and Economics Dept. The departing Brothers were presented with ceramic mugs made for them by Mrs. Chuck Osterman. The new Brothers were recognized and asked to sing The Rose of Delta Sig after which dancing commenced for the remainder of the evening.

Sig Ep has some news

The brothers of Sig Ep congratulate Bill Bush for his upset victory in the S.G.A. elections. We know Bill, alias the Aborigine, will add some life to S.G.A.

The first weekend in May Sig Ep will have their smashing blast at the La Playa in Naples. So beware, Naples, because the brothers are coming down for a wild time.

We are happy to announce that we have pulled out of I.F.C. as of two weeks ago. Congratulations to the brothers who voiced their opinions, and especially to Chuck Smith, for letting them know exactly how we feel.

Recently the pledges had a softball blast against the brothers at Glen Romero-mundo Field. It turned out to be a wild game, especially when the keg was moved to home plate. Too bad the pledges got romped.

The brothers would like to commend Rodney Dobler on his new wire rim glasses.

Paul Hauser is still looking for "BBB" (Big Bad Benny), the Ditto Brothers are up for a Pulitzer Prize for their recent publications, and Nick D'Amato is still barred from the Retreat.

Kappa Kappa Phi to attend convention in Tallahassee

The Brothers of Alpha Sigma Chapter of Kappa Kappa Psi, National Band Fraternity, have left for Tallahassee and the District VIII Convention, being held at Florida State University on April 28 and 29.

Alpha Sigma, recognized as one of the top chapters in the United States, will make a formal presentation to the Delegates to bring the 1974 Convention to the University of Tampa Campus.

Chapter Sponsor and District VIII Governor Richard Rodean will accompany the brothers and support their

convention bid. A Special Feature of this year's convention will be a formal administration of the Kappa Kappa Psi Ritual to pledges from Alpha Sigma and representative chapters from throughout the district. The national officers and District Governor, Prof. Rodean, will participate in the ceremonies.

A representation from Tau Beta Sigma will also travel to the Tallahassee convention.

Prize to be given for a 1972 theme

by Barry R. Lydon

A complete home stereo unit will be offered as the prize for the best idea for a Homecoming Theme for 1972. The unit will include turntable, am-fm stereo, and 8 track tape player plus speakers. Deadline for all suggestions is April 26.

Suggestions for the 1972 Homecoming Theme must be typewritten on a 3 by 5 index card and contain the name, local address, and post office box number of the submitting student.

Theme ideas should be dropped off in the Student Program Council office, room 1 of the University Union before Wednesday, April 26. All cards will be stamped with the date the card is submitted. In case of similar ideas, the card with the earliest date will be recognized as the official entry.

All members of Student Program Council or the Homecoming Committee are ineligible.

Education Department requires

Effective with registration for the Fall '72 Semester all students planning to teach must submit an application for admission to the Teacher Education Professional Program. The application is due early in the junior year (60 hours), and should not be confused with the application for internship, which is submitted later.

All applications will be reviewed by the Teacher Education Committee. When necessary, conferences will be held with academic advisors. If the application is not accepted, the student will be notified.

Application forms will be sent to all Department Chairmen/Coordinators and additional forms should be requested as needed. After the forms are approved by advisors, the completed applications should be sent to the Office of the Department of Education.

Humble Pie-Rockin' The Bayfront

One of the best all around concerts I've ever seen came off on April 5 at Bayfront Center. It was one of those concerts where all acts played similar music (in this case, rock with a blues background). The talent list was impressive; English rock 'n roll from Humble Pie, English rhythm 'n blues from Alexis Korner (the real dean of the British blues), and good old U.S.A. rock from Edgar Winter.

Alexis Korner has played with just about all of the blues artists England has to offer. Back in 1961, he had a band with back-up music supplied by such un-heard-of's as Mick Jagger, Charlie Watts, Jack Bruce, and others.

Next up, Edgar Winter. He has dropped his horn section and the name White Trash, and picked up a moog synthesizer, and moved Jerry LaCroix to the other lead guitar, along with Rick Derringer. The result — one of the most high-energy, hard, rock 'n roll bands ever to exist. They opened with "Keep Playing That Rock 'n Roll," which leveled the crowd.

Humble Pie has always been a good rock band, but were never really well known until the release of their killer live album, *Rockin' The Fillmore*. This sudden popularity didn't pressure the band, in fact, as Steve told me, it was what they really needed to show themselves. "It showed us as we actually were onstage. It helped the people see us as we really are — a thing I could never do when I was in the Small Faces." And they do what he said — they got on and played some of the best rock you could ever hear. The Pie rocked on with "Hot And Nasty," and other cuts from *Smokin'*, and ended with the song all wanted most, "I Don't Need No Doctor."

Pi Kappa Phi announces fund raising projects

The brotherhood of Pi Kappa Phi is anxiously awaiting the annual weekend, to be held at the Landmark II Hotel in Sarasota on the weekend of April 21. Social Chairman John Salvatore is very optimistic and pledges a most interesting affair.

Assistant Treasurer Scott Truak announced a spree of fund raising projects for the coming month. A bicycle raffle, car washes, and a raffle for a dinner at Bern's Steak House are among the items considered. All proceeds will go towards financing the weekend.

Pi Kappa Phi's intramural basketball team recently captured second place in intramural basketball. Their only setback of the season came at the hands of the Major's Club. Still, the team of Joe Mega, Steve Virgilio, Kevin Lynch, Rudy Toth, and Bill Kinsella proved their prowess as basketball stars.

Intramural chairman Rudy Toth announced softball try-outs this week. The Pi Kaps are looking forward to another successful intramural season, with high hopes of winning the championship in softball.

Mrs. Glazer gives recital

Esther Glazer, known throughout the area as the first violinist with the Hoffman String Quartet and internationally renowned concert soloist, will present her Tampa debut recital Friday evening, May 5, at 8:00 p.m. in the Ballroom of the University of Tampa.

As the University's first Artist in Residence, Mrs.

Glazer has selected a violin sonata recital to include the Brahms D Minor Sonata, Bach's Partita No. 3 in E Major, Debussy's Violin Sonata and the Sonata No. 2 in D Major by Prokofiev. Leslie Jones, faculty pianist, will accompany Mrs. Glazer.

Mrs. Glazer, wife of the conductor of the Florida Gulf Coast Symphony, Irwin

Hoffman, has recently appeared with that orchestra as featured soloist.

Friday's concert is open to the general public with no admission charge.

Alpha Chi's named to Who's Who

The sisters of Alpha Chi Omega are proud to announce that six of us were chosen for "Who's Who Among Greek Fraternities and Sororities in America." They were Lyne Carr, Sherrie Fritz, Terri Kammer, Helene Krakower, Candy Moore, and Debbie Zepht.

Our annual Spring Leadout is being held at the Landmark II in Sarasota. Under the careful planning of Debbie Zepht and her committees it should be the best weekend yet. On April 27th we're having a kick-off cocktail party at Jennifer Leverett's house, and April 28th we converge on Sarasota.

Alpha Chi's made a good showing at TKE and TC weekends. Congratulations to Candy Moore on being elected to the TKE Sweetheart Court.

Interested in working for The Minaret?

Applications are now being considered for the positions of Layout Editor, News Editor, Feature Editor, and Business Manager.

Interested students should submit their applications to Box 384. It would be helpful if the applications contained a resume, and the applicant's qualifications. Scholarships are offered for these positions.

Students interested in writing for the Minaret should submit their names and P. O. Box numbers to Box 384. Don't just talk about having a better school paper — help make it better.

What Can I Say —
it's **SGA!** *by Styles*

Well, for those graduating seniors who had hoped to have different diplomas, better luck next time . . . The new style diplomas will not be ready until May '73.

As for the Traffic Committee, as Jim Lucas would say, "the meeting the other day was canceled." So I guess we will just have to wait on that one.

On the lighter side, there will be a Honor's Convocation on May 11th. At this time awards will be presented to outstanding students.

SGA has elected to recommend that a plaque, similar to the one on second floor, be placed on third floor. And that the University erect a Map on campus.

So far there has been no reply about tuition. And the bike racks are on their way.

Cheerleading tryouts will be held May 3rd. Applications are available in Dean John's office.

If there were an award given for the shortest meeting of SGA, I am sure that this meeting would win.

ZTA has tuna fish sale

They say April showers bring May flowers. Well in this case, April brought a bridal shower for Jeanie Waterman. The shower, held on April 9th, was given by her roommate and sister, Jan Suarez. It was well organized and very enjoyable.

Our best wishes are extended to both Jeanie and Larry.

Plans for our weekend are progressing, and we are looking forward to a great weekend.

Hope everyone enjoyed our tuna fish sale on Monday.

Alpha Chi initiates

Twenty-seven outstanding scholars at the University of Tampa were initiated into Alpha Chi, national honors society, last Sunday in Plant Hall's Fletcher Lounge.

Alpha Chi is open to a select group of students from the top 10 per cent of the Dean's List.

Principal speaker was Edward C. Adkins, a Tampa attorney and a 1949 graduate of the U.S. Naval Academy in Annapolis. Adkins, a trial lawyer in Cleveland from 1957-64, was responsible for the defense of General Motors products nationwide from 1964-70. He has practiced law here since 1970.

Majorette tryouts to begin

The University of Tampa Majorette and Drill Team will begin tryouts for the 1972-73 team Saturday, April 22 at 9 a.m. in Howell Gym on North Boulevard.

Positions are open for at least eight majorettes and 10 drill team members. Girls selected will be furnished uniforms and perform at all home football games. Each majorette will attend at least one away game.

Selection will be based on a routine set to music. Interested students should contact Mary May at 932-3881 or Richard Rodean at the University of Tampa, Ext. 217.

Spring football is in its third week and some interesting things have been happening.

Buddy Carter and Freddie Solomon seem to be neck and neck in their race for the starting job at the Spartan helm.

Morris La Grand is slightly ahead of Kenny Moorhead but alone.

Pittman is ahead of both of them in the tailback slot.

Paul Orndorff is still at fullback with Ernie Dubose, a capable fill in there or at tailback.

Daryl Carlton is playing offensive tackle along with Junior Nelson an ex-Hillsborough High Star. These are the real questions since Noah Jackson and Ron Mikolajczyk have gone to the Canadian League.

On defense, Harry Smith has been moved from defensive end to middle linebacker, a position he's always wanted to play.

A few people are being given a shot at Smith's old job and no one is sure who it will be.

All in all, the team has not really looked outstanding but it's still early. The Spring game is April 28th at Tampa Stadium. That's when it all counts.

Spartans run record to 13-4-1 in baseball

by K. R. Lombardia

The Tampa Spartans rallied from a 4-2 fourth inning deficit to defeat the Rollins Tars last week at Bailey Field.

Cecil Kent scattered 10 hits to bring his record to 5-1.

Rick Hernandez, Tommy Thomas and Sam Howell all collected three hits for the Spartans in their 8-4 win.

The following day Washington and Lee pitchers got bombed for 18 hits as Paul Groschadl struck out 17 men for the Spartans.

Billy Atkins, Sonny Hests and Rick Hernandez all had three hits for Tampa.

The Spartans are on the NCAA's list for this area and are likely to be invited to the small college World Series along with Florida Southern in this area.

Jobs in Europe

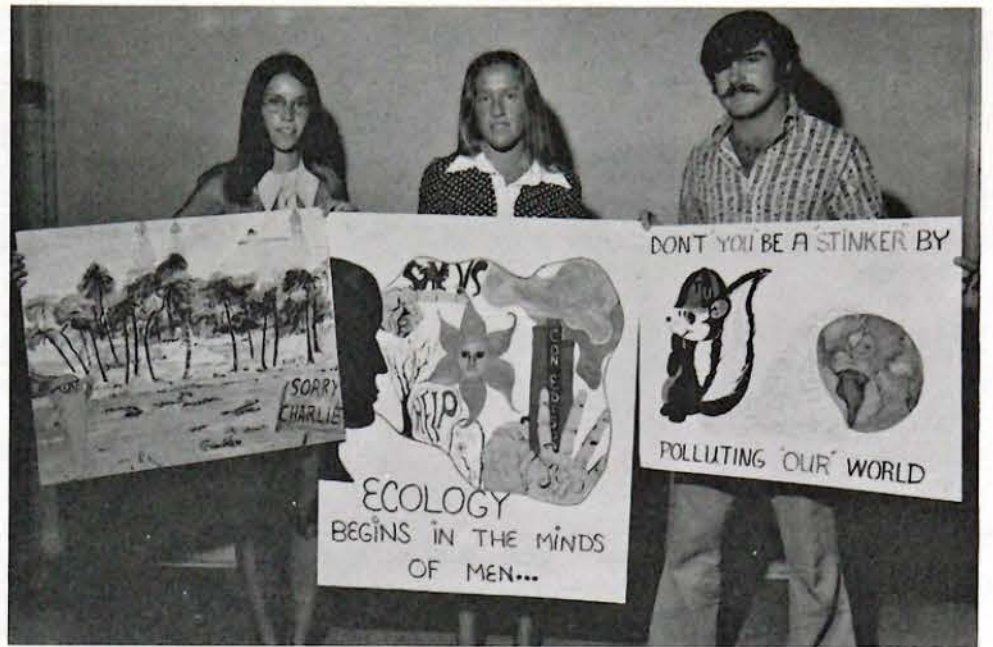

There is a paying job in Europe available to any college student willing to work. Most of the jobs are in resorts, hotels, restaurants, factories, offices and shops in Switzerland, France, Germany, England, Italy and Spain. Standard wages are always paid and free room and board are usually provided.

Student Overseas Services, a Luxembourg student organization, will obtain the job, work permit, visa, and any other necessary working papers for any college student who applies. SOS also provides a brief European and job orientation in the organization's 100-room castle before you go to your job.

Interested students may obtain the SOS Handbook on earning a trip to Europe by sending their name, address, educational institution and \$1 to Placement Officer, SOS — Student Overseas Service, 22 Ave. de la Liberté, Luxembourg, Europe.

PHI ALPHA THETA

University of Tampa's Phi Alpha Theta international history honorary is sponsoring a paper presenting one-day work shop Saturday at 9 a.m. in the University Union for history students from colleges and universities throughout Florida.

Winners of the Ecology Poster contest, sponsored by the Biology Club, through the office of Dr. Charles West, are: left to right, Michelle Lopore, first place; Leslie Roman, second place; and Walter Dreschler, third place. Awards given were cash prizes of \$50, \$25 and \$10. Photo by Frank Hutchins

UT split Penn series

by K. R. Lombardia

The Tampa Spartans split their two game week-end series with Pennsylvania March 11th and 12th.

On the 11th the Spartans were beaten 7-2. The Spartans could not, but when they had to and Penn rocked 3 Spartan hurlers on Sunday. The Spar-

tans bounced back to a 5-4 victory.

Sam Howell hit a two out, bases loaded single in the ninth inning to score Rick Hernandez to aid his own cause. Howell was the winning pitcher.

Hernandez and Tommy Sardelie each had two hits in the Tampa attack.

Bignell voted

Professor James Bignell, Chairman of the Industrial Arts Department and Industrial Management attended the International Industrial Arts Conference in Dallas recently.

He was recorder for one program and speaker for another.

He gave a two and one half hour speech to the editors of Association publications. He is the editor of the Florida Industrial Arts Quarterly Bulletin which has a national and international circulation.

Lack of space in male dorms for next semester

Due to the lack of available room space anticipated for the fall semester, the majority of male students now living in the dorms will find it necessary to locate accommodations off campus for next year. There

are a limited number of rooms available for those who wish to remain living in the dormitory. These students should contact the Dean of Men as soon as possible.

DOCTORS DISCOVER NEW PILL FOR TREATMENT OF ACNE

This report deals with a new form of sulfur. Sulfur is probably the safest medicine known to man. M. Hannon found particles of theionized or activated sulfur taken by mouth are so fine and tiny they can be absorbed rapidly from the intestine. Dr. Hannon feels theionized sulfur's effectiveness occurs because it reacts more rapidly to influence all organs including lungs, circulation, kidneys and above all the skin. This reaction takes place because theionized sulfur not only is rapidly concentrated in the blood but this high blood sulfide level is carried to the skin to produce high concentrations at the site where the acne begins. This is the reason theionized sulfur is so effective in pustular acne of the teenager. Dr. L. D. Bulkley confirmed Dr. Hannon's findings. He treated sixty-nine acne patients with theionized sulfur analogue. He found theionized sulfur analogue effective for acne when used alone or combined with other measures. The drug was most effective for teenage acne whether pustular or cystic.
AVAILABLE without a prescription . . . AKNE-KAPS only \$1.69 at better DRUG STORES and all KASH and KARRY.
