AMENDMENT PROPOSED TO ENLARGE ALUMNI BOARD

An amendment to the Alumni Constitution will be proposed at the business session Friday in the Carribean Room concerning the number of members

comprising the Alumni Board of Managers, It has long been felt that expansion of the Board would result in increased efficiency and interest on part of the general alumni body and therefore an amendment to increase the Board from 5 to 11 will be

a sked. The Alumni Executive Board and Managers now totals nine. The Executive Board (President, Vice-President, Treasurer, Secretary) and the incumbent Alumni president will occupy 5 seats on the joint boards, leaving 10 to be elected if the amendment is carried.

The Election Committee, headed by Jack Tanner, has nominated the following for the 10 Board posts:

We told you in the last Bull-itin who has been nominated for office so be sure to get out and support

your favorite candidates.

Watch the daily newspapers for the announcement concerning the principal speaker for the Banquet. We had Congressman J. Hardin Petersen scheduled, but, unfortunately for us, he was called to Washington when Congress reconvened November 17. We have several feelers out and hope to announce the Banquet speaker momentarily. Watch for it.

If you haven't already done so, phone or write Jim Whitehead for banquet reservations. The Banquet Committee, headed by Xavier Cannella, has gone to great length in its planning so, please, don't let them down. Incidentally, quite a number of old grads are going to be on hand from early reports. Paul Byars is coming from the remotest city, writes that he will berentoute from Chicago soon.
