State Wide Convention To Be At Tampa U

The Florida Intercollegiate Press Association and the Florida Intercollegiate Government Association will hold their spring convention in Tampa, with the University of Tampa acting as host. The Hillsboro Hotel will be the convention headquarters, with registration in the lobby of the hotel on May 1 from 10:00 a.m. till 6:00 p.m. Members of the Minaret staff and Pi Delta Epsilon, national journalism fraternity, will be at the hotel throughout the day to welcome the delegates.

All students of the university are cordially invited to attend any or all of the meetings of the convention. The opening sessions will be held on Thursday evening, May 1 at 7:30 p.m. in the Hillsboro Hotel with social functions to follow the business meetings.

On Friday, the meetings will begin at 10:00 a.m. with outstanding men in the field of professional journalism as guest speakers. At 1:00 p.m. May 2, the delegates will meet in the ballroom of the University of Tampa to hold informal panel discussions on many interesting subjects, including newspaper publishing, problems of a journalist, year book and literary magazine publishing, and freedom of the college press.

The banquet will be held at the Hillsboro Hotel on Friday evening, May 2, at 8:00 p.m. We have made arrangements for an outstanding speaker

RABBI ZIELONKA HONORED

Rabbi David L. Zielonka, professor of religion, was honored at the dedication of a new temple, Schaarai Zedek (Gates of Righteousness).

He is the son of Rabbi Martin L. Zielonka and the father of Rabbi David M. Zielonka. The Zielonka family is the first family to have three generations of rabbis trained in the United States. All three men were graduated from Hebrew Union College in Cincinnati.

Rabbi Zielonka, a member of the original faculty, has been at the University of Tampa since 1931.

(Times Photo)

(Times Photo)

For the first time in its history the University of Tampa held a Calendar Girl contest. As a result 13 beautiful and charming girls were selected from 30 candidates. Their pictures will be a feature of the 1958 Moroccan since the contest was sponsored by the yearbook.

It was a closed contest, held in the Ballroom, judged by well-known luminaries of the local press. The judges were Paul Reynolds of WTVT-TV; Roger Sharp, WTVT news reporter; Mary Ellen, WTVT personality; Jim Harriott, WFLA disc jockey; Mike Morgan, Tampa Daily Times columnist; Tony Saladino, editor of the Moroccan; and Sandra Cape, associate editor of the year book. Jim Gallagher served as master of ceremonies. The girls were judged on personality, poise,

posture, walk, smile, and figure.

The girl with the biggest number of points and consequently the Cover Girl, was Miss Linda Faye Tillman, a sophomore majoring in Secretarial Science. She is a member of Zeta Tau Alpha sorority and is this year's cover girl.

Miss January is lovely June Fussel, runnerup in the 1957 Miss Tampa contest and an Elementary Education major. Effervescent Shirley Budd will serve as Miss February. She is vice-president of Zeta Tau Alpha sorority and is an Elementary Education major. Freshman beauty, Patsy Hammer, a former Calendar Girl at Hillsborough High School, is our Miss May.

Talented songstress Sally Wallace, is a recent tie for "Miss Jeannie With the Light Brown Hair," will represent the rainy month of April. Pretty Vilma Tamargo, a freshman who lists Elementary Education as her major, is the March girl. June will have stunning Mary Frances Rhodes, a freshman majoring in Chemistry, as its representative. Curvaceous Linda Medero, a former Jefferson High Calendar Girl, will be Miss July.

Sparkling Sandy Perez is a freshman who has chosen Physical Education as her major and she is Miss August. A Sociology major, petite Evelyn Endsley, has been chosen Miss September. The month of October is represented by Jo Suco, beautiful member of Zeta Tau Alpha sorority and a maid in the Moroccan Court.

Cute Joy Lamberson, a Business Administration major and a freshman, is Miss November. Vivacious Sylvia Sears, a member of the Moroccan Court and Miss Satellite, will round out the calendar as Miss December.

EDITORIAL

Now is the time for all good students to come to the aid of their school newspaper. This editor has begged, borrowed and stolen articles to use in the MINARET. And no doubt you have read several editorials dealing with student participation. The staff of the MINARET has done its best to keep you, the student, up to date on what is going on in the university. However, it is impossible for the staff, as meager as it is, to know everything that is going on. If the student would keep us informed when something is going to happen or when something of interest has happened, you would have a better newspaper. Just as an example, the Times and the Tribune knew all about the Calendar Girl Contest before this editor! This is not by any means a new story, it has happened over and over again, about little things and important events. There have been many and varied complaints about the MINARET, but it is up to the students of this university to correct the situation. Only with a large staff, can any newspaper, be it a college paper or a daily paper, do a good job. The Minaret has operated with the smallest staff in its history, and it certainly has not been because you haven't been asked to participate. Anyone can write for the newspaper, and if you think that you can't write. . . then there are a dozen or more jobs that you can do! I've heard the excuse given that most of the students don't have time to take a part in newspaper publishing, that's a lot of malarky! If the staff were large enough, no one individual would have to spend a lot of time working on the paper. Of course many of you have to work to stay in school. . . well, so do I, and most of the staff members work too. There has also been said that there is nothing in it if you do work on the paper. Well! Do you expect to go through life getting something for everything that you do? If that is YOUR attitude. . . you'd better grow up. College students are supposed to be adults not adolescents, and their attitude should be that of an adult. I'm sure you have heard that old adage about only getting out of something what you put into it. . . this pertains to all phases of life. There is a great personal satisfaction gained when you do something for nothing, try it sometimes. This editor is operating on the basis that if she keeps hammering long enough and hard enough at the students, maybe somebody will get mad enough to cooperate.

There is no use to go into a discussion about the college newspaper being a representation of any school, I'm sure all of you have heard that before. There are some students who would like to see the MINARET take some of the awards at the Intercollegiate Press Convention. We have the material available, but it is not being used to the best advantage. This is not meant to be a RARA Joe College type of editorial, but it is time for the students of this university to wake up and face reality. And if I have stepped on your toes. . . I hope it hurts!

OFFICE OF DEAN OF MEN

March 27

Boy Scouts of America. Interviews with those who may be interested in Boy Scout work.

To Be Announced Later in March

American Greetings Interviews (for Creative Writers and Art Majors).

Will the presidents (or some officer) of each organization on campus please check with Miss Bettett in the Dean of Men's office. We would like to have current information concerning your organization and this is the only way we can get it.

The Minaret

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during school year. The editor welcomes comments and criticisms. Address all correspondence to the MINARET, Box 28, University of Tampa, Tampa 6, Florida.

EXCHANGE NEWS

By Maria Adam

Where does the student body retreat to lately after morning classes? The lobby becomes unusually quiet around noon and only the more studious minded individuals saunter around between the library and the snack bar. A recent investigatory survey showed that most college intellectuals take off for a new hangout — the beach (with books under their arms, of course).

Oregon State College found the same situation to cope with, so they gave some helpful hints to those who don't know exactly how to dress for the occasion. For both the fellows and girls the apparel is grubby; levis, sweatshirts — preferably the hooded kind such as the fraternity's "Olympic Drinking team" sweatshirts. For footwear, just anything old from sneakers to brogues to blue suedes. Tampa U. water enthusiasts might be interested in this current vogue.

Dartmouth: The residents of a Dartmouth dormitory are without telephone service now because of tampering with the phones recently. The New England Telephone and Telegraph Company sent the dormitory a bill of \$143, and has stopped telephone service until the bill is paid. The dormitory, Hitchcock Hall, according to the Dartmouth student paper, has not made any attempt to pay the bill. The paper reported that people were able to make calls as far as California with the tampered phone.

Trinity. In an editorial, the Trinity student newspaper, the Tripod, has criticized the value of Who's Who Among Students of American Colleges and Universities. The editorial raised three objections to the Who's Who listings. 1. It has not been heard of in many good schools such as Cornell, Radcliff, and the Universities of Michigan and Wisconsin and ivy league schools. 2. The criteria for selection to membership in the annual listing varies from campus to campus. 3. The "gimmicks" used to promote it — the publication of a book which the Tripod said few inhabitants have ever heard of, much less seen, and the distribution of a little gold emblem, which "may be confused with a Phi Beta Kappa key to a nearsighted observer". The editorial went on to suggest that a local activity honorary, or society, with "definite standards set by a publicity known committee", be set up.

University of Denver. The Denver Clarion carried a cynics corner, which was pretty good this month. This is what they think of education: Education is a process of spending money you don't have, to learn things you don't believe, to get a job you don't enjoy, to impress people you don't like. Then they go on to say on different subjects — life is more or less the ability to call our past mistakes experience, our present mistakes individuality and our future mistakes

UNCONQUERED FRONTIER

By Clyde Ziegler

History proves Americans have always enjoyed the inspiration of challenge — the opportunity to conquer the unknown, to solve the unsolved, to tame the untamed. This was the spirit of Daniel Boone, Sam Houston and Kit Carson. These were the men who, with burning energy, pressed forward to new experiences. They found self-satisfaction in blazing new trails and conquering new frontiers.

Today the American frontier is no longer measured in terms of geography or distance. Twentieth century America has conquered the problems of physical space which once seemed so formidable to the early pioneers.

Vast new frontiers, however, still loom before the Nation. They are frontiers which must be conquered, thereby giving the people of this nation greater freedom, security, and well-being.

One of the most challenging of the still unconquered frontiers is that of juvenile delinquency. In 1,389 cities last year juveniles (under 18) represented almost 10 per cent of all arrests. Arrests of juveniles increased 2.3 per cent while arrests of adults decreased 1.9 per cent! This trend represents an increasing juvenile participation in crime.

These are the boys and girls — many only in their early teens (13-15) — who should be training to be the leaders of tomorrow. Instead, they are stealing automobiles, robbing the corner grocery store or snatching purses from pedestrians.

The time has come for all Americans to work harder to conquer this frontier of shame. Much today is being done by many groups — law enforcement agencies, civic organizations, schools, churches — but their work represents only a start through the jungle of misdeeds, terror and ruin which is juvenile delinquency. Their

from one of the small town weekly papers. Journalism awards will be made at this time. The price of the banquet is \$2.50, and any student who would like to attend must make their reservations before May 1. Contact Jean Morris or Jerry Wetherington for further information.

The convention will come to a close on Saturday morning after the final business sessions, at the Hillsboro. We are expecting students from every college, junior college, and university to be present at this convention. Extensive plans are being made to make the convention a big success. Jean Morris is convention chairman; Jerry Wetherington, FIPA chairman; Ralph Lazzara, FISGA chairman; others on the convention committee are Anna Lee Fatzingier, and Ray Poreare.

a career. And the other day we saw a sign that said, "Shoes Shined Inside", and we wondered how they do it.

STRICTLY FEMININE

By Jean Morris

If you have been shopping lately, then you are aware of the drastic changes that have taken place in the world of fashion. Of course, this is no new story, because fashions are continually changing. There are, however, more obvious changes in the fashion parade this year than ever before. The newest thing in dress styles is the chemise or sack dress. Call it what you will, but do not call it a revival of the twenties! This style is as intricate in its construction as any of the more complicated styles. You will find these dresses with tucks, pleats, fancy trim, or very plain, but they all have one thing in common, they are loosely fitted, gently tapered, and give a completely new silhouette. You will find these silhouettes in any and all types of materials, and the colors. . . well, they look good enough to eat. The most important colors are the citrus shades, orange, lemon and lime. Prints are very popular in a variety of combinations. The floral combinations are as pretty as a spring garden, and available in any color that you desire.

The blouse style that is leading in popularity is the drawstring or elasticized overblouse. The reason for its popularity is obvious, you don't have to worry about it coming out from your skirt. They look neat, and stay in place. Silk print blouses are more popular than ever before and you can get shoes in matching prints. A smart looking outfit consists of a linen skirt in a solid color, with a silk print blouse and matching shoes.

Easter is just around the corner, and most of the females around will be showing off their new spring wardrobes. When you go shopping for your outfit, remember, it isn't just for one occasion, but should be the type that can be worn many places many times. Don't go in for fussy details, keep it smart, simple and in a wearable material, preferably, washable if you expect to get your money's worth. One word of warning. . . if you are matching colors, take along a sample of the material, some colors take on a completely different look in another fabric. Have fun on your shopping spree. . . and shop wisely.

Tune in to Jean Morris and Strictly Feminine every Tuesday and Thursday evening at 6:30 p.m. over WTUN, 88.9 meg. on your FM dial.

The Education department entertained The Directing Teachers of Hillsborough County at a tea in the Ballroom, March 17.

The Future Teachers of America from Madison Junior High visited the University on March 19.

DR. COVINGTON PUBLISHES BOOK

Dr. James W. Covington, professor of history, has written "The Story of Southwestern Florida," a work in two volumes. The first volume contains writing of Dr. Covington and the second biographies of important men. The book covers the complete history of the area.

Dr. Covington is a member of the Florida Anthropological Society and the Florida Historical Society. He is program chairman for the next meeting of the Florida Historical Society, which will be held at the University of Tampa.

Psychology Department Offers Guidance Tests

The psychology department furnishes vocational and study guidance. Tests are given which determine the cause of, and the remedy for, failure in college work.

Dr. William Glenn, director of the guidance service, says that the great dilemma is why college students are failing who by the best psychology tests have the intelligence to do good work. As a part of the program, tests which cover the general intelligence, specific abilities, interests, and personality of the individual are administered. The results of the tests are the keys to the guidance which the individual will receive.

DR. PRUITT HONORED

Dr. Clarence M. Pruitt, of the Science department, was honored by the National Association for Research in Science Teaching at the 31st annual meeting in Chicago, Feb. 22.

Dr. Pruitt is the secretary-treasurer of this organization. He was presented with a citation "for unselfish, dedicated and distinguished services rendered as a member and officer of the National Association for Research in Science Teaching for 30 years."

Dr. Pruitt has been editor of "Science Education," a magazine for science teachers and professors, since 1946. This magazine is the official organ of The National Association for Research in Science Teaching, The National Council for Elementary Science, and the Association for Education of Teachers in Science.

Tampa U. Student Appeared On Nationwide Telecast

Jack Jenkins, a Music major, sang on the Dave Garroway Show, Tues., Mar. 18. The setting for Jack's number was the Columbia Restaurant.

The Gasparilla Pirate Ship, anchored in Tampa Bay, was another Tampa scene on Garroway's program.

Professor Park Named Executive Secretary of Florida Composer's League

Prof. Stephen L. Park was elected executive-secretary of the Florida Composers' League at the annual convention, held in Tallahassee recently. He has twice been president of the Composers' League.

Professor Park's Sonata for Cello and Piano was performed at the meeting. He has written three symphonies, including a chorale symphony, For The Uncreated, which was presented by the University of Tampa Chorus and the Tampa Symphony Orchestra.

He wrote an overture for the Tampa Philharmonic.

Several of his educational materials for the young pianist have been on the National Federation of Music Clubs Junior Festival List. "Toboggan Ride" was selected by Piano Teachers Information Service as one of the best teaching pieces published in 1955.

He composed two piano concertos and numerous works for chamber groups. Professor Park studied with the composer Darius Milhaud, one of the "Famous French Six."

Park's "Pastorale," for strings, has been recorded by SESAC and is heard over WTUN.

DR. DREW TO ATTEND SCIENCE TALENT SEARCH

Dr. Charles Dew, of the chemistry department, will attend the Science Talent Search at the University of Florida, March 20-22.

High school pupils from all parts of the state will bring their science projects and discuss them. The University of Tampa will give a one-year scholarship to a deserving youth.

Professors of the science departments agree that the increasing interest in science is reflected at the University, because more students are taking science courses. They also observe that students are taking their studies more seriously.

DEAN KING TO ATTEND CONVENTION

Dean King will attend the national convention of The National Association of Women Deans and Counselors, and also the national convention of The American Personnel and Guidance Association. Both meetings will be held in St. Louis. She will leave on Mar. 25 and return on April 3.

Dean King was recently initiated into Delta Kappa Gamma, national honorary for women educators.

Unconquered Frontier

(Continued from Page 2)

trails must be broadened into highways, until crime and delinquency are conquered.

Adults have been too negative in their attitude toward youth. We must switch to a positive approach, i.e., instead of "don't" and "you can't" we must place emphasis on "do" and "you can". We always lecture on what they can't do, but rarely on what they can. To remove an interest you must substitute something better. We remove interests and substitute nothing. People are so quick to condemn and so very slow to praise. For example, contrary to many beliefs, Rock 'N Roll has been proven to prevent delinquency rather than help cause it. A few hours of this tires them out to extent of removing any temptations other than that of sleep. Approving and encouraging Rock 'N Roll is positive therapy — condemnation is negative in affect. People who condemn a thing seldom have a scientific basis on which to prove their contentions.

I am quite confident, however, through knowledge of what has been accomplished to date, that this objective can be achieved through intelligent thinking and more education.

A new idea in smoking . . .

Salem refreshes your taste

Created by R. J. Reynolds Tobacco Company

- menthol fresh
- rich tobacco taste
- most modern filter

Refreshing! Yes, the smoke of a Salem is as refreshing to your taste as a dew-sparkled Spring morning is to you! Now get the rich tobacco taste you love, with a new surprise softness and easy comfort. Through Salem's pure-white modern filter flows the freshest taste in cigarettes. You take a puff . . . it's Springtime!

Smoke refreshed . . . Smoke Salem

65 MEN PLEDGE NATIONAL FRATERNITIES

A record 65 men pledged the University of Tampa's four national fraternities. Tau Kappa Epsilon and Theta Chi led with 22 and 24 respectively. Pi Kappa Phi pledged 12, while Sigma Phi Epsilon accepted 7.

The total represents a record high in recent Tampa U. fraternity history. It also represents the first time in many years two fraternities have ever pledged more than 20. Theta Chi, in its first year as a chapter of a national organization, pledged a record high. Tau Kappa Epsilon also pledged its highest total since 1954.

A breakdown of the individual fraternities shows the following men pledged the following fraternities:

TAU KAPPA EPSILON

Several social events are now in the planning stage for Tau Kappa Epsilon. Among them are the Spring Beach Parties, when the fraternity rent a house on Madeira Beach and spend three days "relaxing." This will be April 4, 5, and 6th.

Following the beach parties will be the Tekes annual Red Carnation Ball. A Teke Sweetheart will be chosen along with her court. The dance has been set for April 18 with the place to be announced later.

Rush week ending with the Tekes pledging their largest class since their nationalization in 1955. George Wood, TKE Field Supervisor, spent five days in Tampa planning and assisting the men in rush. The Tekes introduced new rushing techniques common to most large fraternity schools. The result was 22 pledges. Included in the pledge class were 6 men who made the honor list last semester. The Tekes also pledged 5 men off radio station WTUN and four men in the dorm.

A sidelight of interest includes the pledging of Walt Carmony, son of Faculty Advisor, Prof. Harold Carmony, and Retired Army Major Elmer Lincoln who promises to be one of the group's most "gung-ho" neophytes.

Other pledges include Don Bernardo, Bill Henry, Jerry Herms, Lloyd Hines, Mike Hopperich, Weyman Hudgins, Don Jones, Dick Kearney, Bernie McGovern, Ronnie Messersmith, Thomas Oyler, Joe Pendergast, Ralph Poe, Neil Reynolds, Darrell Roberts, Eugene Sanders, Thom Spettel, Ronnie Thompson, Roy Weissinger, and Jerry Wethrington. Formal pledging was conducted last Sunday evening.

THETA CHI

Lovely Sylvia Sears was chosen Theta Chi Dreamgirl for 1958, it was announced at their annual Ring Dance last week. Honored in Miss Sears court were Sandy Perez and Jo Ann Suco. Miss Sears will also be the Tampa chapter's nominee for the national Theta Chi Dreamgirl contest. The Ring Dance, first Greek social event

of the semester, was held with much success. As a featured attraction, Theta Chi's presented their dates with a ring as a remembrance.

The Theta Chi fraternity room will be remodeled in the coming weeks. Pledges will more than likely "donate" their services toward this project. With 24 new neophytes, this should be an easy task.

Theta Chi pledges are Jerry Anderson, Joe Andrews, Mel Baumel, George Barcelo, Rene Carrera, Paul Cianca, Joe Demmi, Ramon DeMott, George Fernandez, Bob Garcia, Rudy Martinez (John Matus, Andy Mirabola, Tommy Morgan, Spero Moutsatous, Tony Muley, Andrew Puleo, Rudy Reina, Sam Riscile, Tony Romanello, Tommy Scaglione, Joe Testasecca, Joe Vega, and Wayne Wilson.

SIGMA PHI SPSILON

The Grand President of Sigma Phi Epsilon Fraternity, Dr. Herbert Smith and Dr. Dubach, former dean at Lewis and Clark University, and life long member of S.P.E. paid the local chapter a visit on Monday, March 10. A banquet was held in their honour at the Valencia Garden Restaurant and numerous actives and alumni were present. Dr. Dubach is currently touring the U.S. to promote the activities of Sigma Phi Epsilon Fraternity. He has just returned from a district meeting of Southern Chapters at Auburn, Ala. at which Florida Zeta Chapter was well represented.

We are happy to have with us the following pledges: Michael Amick, Jerry Bonnette, Brian Downey, Thomas Poulos, Ronald Tecza, Robert R. Way, and William A. Wright.

PI KAPPA PHI

The Pi Kaps in conjunction with Alpha Chi Omega Sorority are planning a "Barefoot Ball" in honor of their new pledges. The date and place will be announced later.

Pi Kappa Phi will choose their twelve daughters this week. This annual tradition works something like this. On the night before the first day of spring, twelve campus beauties will be called upon in the middle of the night by several Pi Kaps. They will be given little baby booties filled with spring flowers and honored as Pi Kap Daughters. Last Wednesday night, the girls were called upon. This Thursday they will be seen wearing their booties. Friday night, March 21, a banquet and dance will be held in their honor.

Sticklers!

WHAT IS A MAN WHO BLOWS SMOKE RINGS?
(SEE PARAGRAPH BELOW)

SMOKE RINGS come in all shapes and sizes. Like 4-sided smoke rings for squares. Sturdy smoke rings for windy days. Even invisible smoke rings for people who aren't ostentatious. As any competent smoke ringer (*Vapor Shaper* in Stickles!) will tell you, the best way to start one is to light up a Lucky. It's best mostly because a Lucky tastes best. A Lucky gives you naturally light, wonderfully good-tasting tobacco, toasted to taste even better. Why settle for less? You'll say a light smoke's the right smoke for you!

DON'T JUST STAND THERE...
STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, New York.

LIGHT UP A *light* SMOKE - LIGHT UP A LUCKY!

"ARSENIC AND OLD LACE" CAST ---

Ten University students have been cast for the Drama Department's production of "Arsenic and Old Lace" which will be presented in the Dome Theatre, May 1, 2, and 3. Further casting will be announced later. According to Vincent Petti, student director of the comedy.

The partial cast will include Geraldine Law, Charles Shores, Lee Kuenzi, Ann Vincent, Robert Currie, Vince Tata, Bruce McCullough, Gary DeMott, and Bernie McGovern. As an added attraction, Prof. Ernie Vincent will be featured in a minor role. Prof. Vincent is director of the Radio, TV, and Drama department.

The cast includes many veteran actors of the Tampa stage. Geraldine Law and Bruce McCullough were last seen in the recent "Janus". Bob Currie, handsome JV captain of the Tampa crew, was not only seen in "Janus", but also in "Come Back, Little Sheba" when he had an opportunity to display his splendid physique. Curvacious Ann Vincent, spouse of Prof. Vincent, thrilled hundreds in her title role in "Antigone" of last season. Comical Vince Tata is well remembered in many past performances especially in "Barretts of Whim-pole Street."

Lee Kuenzi and Bernie McGovern, making their stage debut, are well known to Tampa radio audiences through their programs on WTUN. Charles Shores, best known for his stage crew work, will be appearing in his second play. Gary DeMott is also making his first stage appearance.

Thom Spettel, lighting and sound engineer, is redesigning the electrical board for the Dome Theatre. Spettel promises the most extravagant lighting system to be used on the University Stage. Gladys Hill will handle the make-up duties with Mary Reda, and Norma Patterson on props.

"Arsenic and Old Lace" was first presented on Broadway at the Fulton Theatre and was the hit of the 1941-42 season. Josephine Hull and Boris Karloff were featured in the initial production. The comedy involves two old maids who have a nasty habit of poisoning people. The play is full of lunics and lovers, comedy and suspense.

Prof. Vincent has announced that if attendance merits a longer run, the play will be held over for the following weekend.

VINCENT PERSICHETTI TO SPEAK HERE

Vincent Persichetti, one of America's foremost composers, will give an illustrated talk, "The Expanding Harmonic Palette," at the Recital Hall of Arthur Smith Music Store, on Monday morning, Mar. 24, at 9:30.

Prof. Stephen F. Park announced the lecture, which the music department will sponsor.

Persichetti is a graduate of the Curtis Institute of Music, Philadelphia, where he majored in conducting under Fritz Reiner. He is also a graduate of the Philadelphia Conservatory of Music, where he studied piano with Olga Samaroff Stowkowski and composition with Paul Nordoff.

He holds the degree of doctor of music from the Philadelphia Conservatory, whose composition department he heads. He is a member of the composition faculty at Julliard School of Music, New York, and music editor of Elkan-Vogel Co., Inc.

Robert Evett, Julliard Review critic, wrote of Persichetti, "One of those composers who believes that technique is where you find it, or, to put it another way, that techniques are meant to be used, he does not hesitate to employ whatever technical devices his musical intentions seem to require."

UNIVERSITY CONCERT CHORUS

The University Chorus, under the direction of Professor Wiltse, is appearing at some of the Hillsborough County High Schools this semester.

A special concert chorus whose members are included in the much larger 72-voiced chorale group, performs special numbers. One of their most effective selections is a spiritual, "Walking with Peter and Paul," featuring David Manley as soloist.

Sally Wallace and Jack Jenkins sing duets which prove to be quite popular with the high school pupils.

Baptist Student Union

The BAPTIST STUDENT, a Christian collegiate magazine, is sponsoring a Writers' Contest open to Baptist graduate and undergraduate students who are currently enrolled in college, but have not yet completed the requirements for a doctoral degree.

First prize is \$75; second, \$50; third, \$25; and 10 two-year subscriptions to the BAPTIST STUDENT.

Categories include student life and thought; practical Christianity; personal Christian experiences; national or international issues; and devotional and inspirational writings. They may be either fiction or nonfiction short stories, articles, or poetry.

Manuscripts should be limited to 2,000 words, typewritten and double-spaced, and references footnoted with sources of quotations. Entries are limited to one per person.

Include with your manuscript a brief biographical sketch giving name, school and address, class rank, and home address.

Deadline for submitting entries is March 25, 1958.

Send all entries to the BAPTIST STUDENT Writers' Contest, 127 Ninth Ave., No., Nashville 3, Tenn.

Phi Beta Kappa, originally a secret, social fraternity, was organized at Washington and Lee, Williamsburg, Va., in the year of independence, 1776.

The famous Greek letters represent the words "philosophia biou kybernetes," which means "philosophy, the guide of life."

The fraternity grew to have chapters at Richmond, Yale, Dartmouth, Union, and Harvard. But the president of Harvard forced the chapter to reveal its secrets in 1831.

Since then, it has gradually assumed its present character of a purely honorary fraternity. Active chapters number 160.

S F E A NEWS

In the past month, the S.F.E.A. has had two very interesting meetings. On Feb. 27, 1958, the S.F.E.A. saw a stimulating and practical film about students who were planning to be prospective teachers.

The following meeting which was held March 6, 1958, the organization listened to a challenging and enlightening lecture delivered by Dr. Speronis. The topic of Dr. Speronis' lecture was "Russian Education". Dr. Speronis told us how in to some respects the Russians are ahead of us in Education, because they force their students to learn or get out of school. The students in Russia have their college expenses paid by the State; but they must learn, or be sent to Siberia. The Russian Educators and teachers are among the highest paid in Russia.

At present, plans are being made for the coming State S.F.E.A. convention to be held in Miami, in April. Over twenty-five people are planning to attend.

SPRING IS HERE

Spring will not arrive a minute too soon for Floridians this year.

Prof. Clyde Reed of the biology department says "With the return of mild weather and promises of spring, the plant and animal worlds are showing themselves. The insects are beginning to be aggressive and were not seriously hurt by the cold spell."

Professor Reed comments on damage done to plants by the winter weather:

Semitropical plants, including the hibiscus, mangoes, and avocados were frozen to the ground in the severe cold spell. Herbaceous plants were also hurt.

All bulbous plants are safe, coming out again from bulbs and roots. The African tulip tree and jacaranda proved equal to the cold spell. The Japanese plum survived the damage better than anything else.

SORORITY NEWS

ALPHA CHI OMEGA

Alpha Chi Omega's Providence President, Mrs. Mildred Moyer, visited them March 2-4. Alpha Chi's National Panhellenic Delegate, Mrs. Darrell R. Nordwall, was honored at a tea given by the Alumnae Chapter, Sunday, March 9. Mrs. Nordwall is the president of the National Panhellenic this year.

DELTA ZETA

Miss Irene Boughton, National Secretary of Delta Zeta visited them March 11-13. She plans to return for their formal rush party which is Saturday March 15.

ZETA TAU ALPHA

The new officers for Zeta Tau Alpha are President, Gladys Hill; V. Pres., Shirley Budd; Secretary, Betty Lu Helwig; Treasurer, June Snow; Historian, Catherine Labruzzo.

Barbara Strickland and Catherine Labruzzo were initiated Tuesday, March 4 in the sorority room.

A "Parthian shot," the classical version of a grand exit, has its origin in the archery ritual of the ancient Parthians. They fought on horseback with the bow, and turned their horses as though for flight after each shot. Hence "Parthian shot" came or impressive said at the moment of departure.

The International Relations Panel and its moderator Dean King entertained The Clearwater Women's Club, Wed., Mar. 12. Students forming the panel were: Adele Tagliente, Italy; Robert Peraza, Colombia, and Stefanie Klose, Germany. The panel members discussed customs, education and the position of women in their home countries. Following the discussion, a tea was held in honor of the students.

TAMPA BASEBALL TEAM OPENS TRAINING FOR NEW SEASON

By MEL BAUMEL

The Spartan baseball team under the direction of Coach Sam Bailey began practice March 3rd. March 3rd was for the pitchers and catchers and on the 10th for everyone. These two weeks were mainly spent on running and calisthenics to get the team in good physical shape.

The Spartans will have seven lettermen returning from last year's team which compiled a record of 10 wins and 6 losses.

Coach Bailey says "the pitching staff is the best we ever had." The pitching staff will be held down by Al Gomez, John Danyo, Jack Henry, Dom Cassano, Jerry Herzog and Jack Jessemmer.

There are five righthanders and one southpaw on the staff.

"So far the hitting is weak" says Coach Bailey, "but will improve as the season progresses."

Jimm Marshall, all state catcher led the team in hitting last year with a sizzling .350 average and will return to his backstopping duties.

The fielding in the outfield is a questionmark with the exception of Fred Girgis who will return to his stomping grounds in left field.

The infield is in pretty good shape with three returning lettermen and some promising newcomers. The most promising newcomers are Jack Henry and Dom Cassano and infielders Eddie Radice and Joe Vega.

The Spartans will have a 20 game schedule.

Come on out and cheer your Spartans to another winning season. You will see some top-notch baseball and have a good time doing it.

The schedule:

March 29—American International College, Home, Sat.

March 31—Ohio State, away (Orlando), Monday.

April 3—Ithaca College, Home, Thursday.

April 5—Michigan University, away (Orlando), Mon.

April 9—Patrick AFB, Home, Wed.

April 10—Patrick AFB, Home, Thurs.

April 12—Jacksonville University, Home, Sat.

April 15—Stetson University, Away, Tues.

April 16—Miami University, Home, Wed.

April 17—Miami University, Home, Thurs.

April 23—Jacksonville University, Away, Wed.

April 24—Patrick AFB, Away, (Coco Coco Beach), Thurs.

April 25—Miami University, Away, Fri.

April 26—Miami University, Away, Sat.

April 29—Rollins College, Home, Tues.

May 1—Florida State, Home, Thurs.

May 9—Florida Southern College, Away, Fri.

May 10—Florida Southern College, Home, Sat.

May 14—Stetson University, Home, Wed.

MACK BEATS TURNER FOR FOUL SHOOTING CHAMPIONSHIP

Barry Mack bested Billy Turner for the championship in the Foul Shooting contest held last week in Intramural action. Mack of the Majors Club striped the basket one more time than Turner of Pi Kappa Phi. Bob Swigert of Pi Kappa Phi placed third. The contest was based on the number of baskets made out of fifty attempts.

The results are as follows:

Mack, IND	45
Turner, PKP	39
Swigert, PKP	42
Gonzalez, TC	39
Stephens, BSU	36
Camper, PKP	36
Doyle, TKE	34
Jordan, IND	34
Jones, BSU	33
McNamara, MC	32
Lovett, TKE	31
Garcia, TC	30
Miller, SPE	30
Schabert, SPE	30
Total points and final standings of teams competing in the foul shooting contest are:	
Pi Kappa Phi	23
Independents	15
Baptist Student Union	10
Theta Chi	8
Tau Kappa Epsilon	7
Majors Club	3
Sigma Phi Spsilon	2

Coach Huerta Makes National Headlines With Easter Seal Fund Idea

This is a "hats-off" tribute to a guy who is one of the nation's best coaches, one of the most-liked and popular speakers, especially during the Winter banquet tour, and a guy whose tireless efforts have brought the University of Tampa to the front in many ways.

He is Athletic Director Marcelino Huerta who recently set up a nation-wide Easter Seal drive to help crippled children. The following story is reprinted from the March 6 publication of the Tampa Morning Tribune describing the plan:

"Football coaches usually are interested in one thing—football teams. But today, as the annual Easter Seal Drive is kicked off, they will forget their individual squads and point for one big push against one common foe.

Through the tireless efforts of one of the youngest members of the coaching profession, the University of Tampa's Marcelino Huerta, mentors across the nation have banded and will quarterback their clubs in the fight to help crippled children.

Their battle will be under the auspices of the National Easter Seal Drive and wherever there are football teams, the "Huerta Plan" will be in effect.

HUERTA
(Tribune Photo)

Form of attack will be for every college football player in the country to help solicit funds on March 29 and because of the "Huerta Plan," officials are hopeful of reaching their goal in every community.

Hillsborough County footballers, both college and high school, will spearhead the drive since Huerta is chairman for the county.

He reported yesterday that "On March 29, every high school and college player in the county will be out to canvass assigned areas and solicit funds for what we think

Major's Club Wins Intramural Cage League Title; Whittwell Tops Scorers

By Nick Nichols

The Physical Education Major's Club with six wins and no setbacks swept the Intramural Basketball Championship in an easy manner. Their closest game, as far as points go, was against the second-place Independents and they won by nine points.

The Majors Club had an evenly balance squad with Smith their high point man. Priest and Mackie good ball handlers with Belliveau grabbing those rebounds and making his share of points. Story and Scott rounded out the champion squad.

The Intramural Department recently compiled the completed lists of points scored by individuals during campus basketball contests. Mike Whittwell of Pi Kappa Phi took the top honors as the leading scorer with a total of 80 points. Whittwell also led in the point average per game with 13.3 p.p.g. Doyle of the TKE'S placed second in the league with 68 points followed by Smith of the Majors with 65 baskets.

Ivy League

Is it ever Ivy! Why, Coke is the most correct beverage you can possibly order on campus. Just look around you. What are the college social leaders going for? Coca-Cola! So take a leaf out of their Ivy League book and do the same! Enjoy the good taste of Coke!

TAMPA CREW TO ROW SATURDAY AT JACKSONVILLE

A WIN FOR SOUTHERN—Florida Southern College is out front by more than a length as the Moccasins beat Tampa in last Saturday's crew race on the Hillsborough River Course.

(Tribune Photo by Dick Dale)

(The sports column for this edition is written by Nick Nichols who exhibited his best effort in helping put out an interesting, newsy sports section — Bill Kirby)

By NICK NICHOLS

Every evening around four o'clock the hollow sound of wood beating against wood echoes through Plant Park as the Spartan coxswains head their shells out to the channel on the Hillsborough River. After four races the Tampa crew are still looking for their first win. Last year the Tampa crew showed a lot of promise for the forthcoming year and made a very good showing in the Dad Vail Regatta in Philadelphia by placing second only by a half deck length in a breathtaking sprint. It is true that a few of the men who rowed last year are not here this year, for instance, Bob Evans, George Delk, Pete Labruszo and coxswain Jerry Voye. But we still have men like Tom Addison, Angel Arenas, L. J. Rhodes, and sometimes Frank Schabert who are here again this year. Captain Dale Nabors, who howed back with the Spartans two years ago, is top material and is back with the Spartans; Jerry Lawson, a man who certainly knows how to put an oar into the water, is rowing in number four seat now. Tom Simmons, a newcomer, fills out the bow of the eight. I definitely think we have the material but we lack in the perfection.

The coxswain is very important in a winning combination of brawn and brains. Larry Arnold is handling the job which requires the "brains" this year. Arnold is new at this job but is coming along fast. After going over this list of men it is hard to realize that they have lost four races. Practice is then the only alternative. . . and that they will get.

I have been asked many times before, "why should anyone go out for crew, what do you get out of it?" My answer to that is "only what you put into it." It is hard to explain to someone else who has not rowed what crew means to one that has rowed. I do know that anyone that has rowed will always have that "inner" urge to get out on the water again.

A race is something you have to experience to really understand it. Perhaps this verse written by the champion sculler John B. Kelly, Jr. will give you an idea of what a race is actually like.

Have you sat at the line,
with cold chills down your spine,
Just before a hard race had begun,
When each moment tense
seems a year of suspense
While you watch for the flash of the gun?

Have you seen your own sweep,
as you swing, seem to creep
Past the boat that's not ten yards away,
While you tighten your grip,
as the oars flash and rip
With a swirl through the water and spray . . .

And your eyes sting with sweat,
and you fight hard to get
Your next breath and your tongue's like a bone;
Have you given her ten and
then done it again,
When you're rowing on pure nerve alone?

Have you dropped with the gun,
just knowing you've won,
While you grin to yourself if you can?
If you have, here's my hand,
for it takes "guts" and sand;
It's a game that was built for a man.

This is what Kelly wrote in his "To An Oarsman" which is exactly what anyone who has swung a sweep through the water in a race experiences. It's a man's sport. Spartans, practice hard. . . victory is only half the reward. . . satisfaction that you did your best, is the actual test.

SPARTAN NINE BEGINS SEASON

Jim Marshall, chunky, heavy-hitting catcher who made the Florida College All-State baseball team last season, heads the Spartan squad which will open the season March 29 against American International College here.

(Continued on Page 8)

GRID TEAM SHAPES UP, ALUMNI GAME IS PLANNED

The Spartan football players, with nearly three weeks of Spring football practice under their belts, are rounding into top shape.

They will show just how good shape they are in soon in an upcoming alumni game that's the reports from the offices down by the river.

Fred Cason is sticking to his form of last year and is in much better condition, Coach Marcelino Huerta discloses. And the newcomers in the backfield are handling their chores like veterans.

Bill Gillespie has been moved to halfback at last check.

The bad spot is at left half, where Paul Davis, who was expected to take the place of Don Herndon, was injured. He suffered a turned or sprained ankle and it is not known just how much it would set him back.

The oldtimers in the line, Leis, Freeman, Story, Sikora, Belliveau, Coleman, et al, are showing their old vicious spirit. They are bolstered by a fine crop of newcomers.

Coach Huerta expects Spring training to be invaluable in an early analysis of what he can expect next Fall.

Huerta's Plan Is Big Success

(Continued from Page 6)

Locally, the "Huerta Plan" has been in effect five years. Starting in 1953, University of Tampa gridgers went out en-masse one day during the month-long drives and solicited funds for the Easter Seal Foundation.

The results were so rewarding, Huerta took it upon himself to write every college in the country and urge that they have their teams aid in the drive. In addition, he wrote the governors of every state asking their endorsement of the plan.

Reception was almost unanimous. Huerta received endorsement from more than 40 governors and at their January meeting in Philadelphia, members of the American Football Coaches Association gave unanimous approval to back the drive.

Now, as chairman of local fund raising, Huerta vows to work harder than ever. And,

SEEKS FIRST WIN AGAINST NORTH FLORIDA CREW

By Nick Nichols

Tampa's crew is looking for better things. After four straight setbacks, the Spartans are off to Jacksonville this weekend to face Florida's newest addition to the sweep-pulling set Saturday and are hoping for victory No. 1. Jacksonville is no pushover, although this is its second year in rowing, and is expected to give Tampa a tough battle.

Florida Southern College's Tampa closing with a 37 veteran crew held off a closing rally by the Spartan crew to post a length and a half victory over the Spartan oarsmen on the Hillsborough River course last Saturday.

Rowing against stiff 15-21 mile-per-hour headwinds and an outgoing tide, the Moccasins propelled the shell over the mile course in a slow six minutes, 11.5 seconds. Tampa registered a six minutes, 17.5.

The whole race was in the start. The Moc's got the jump in the start of the race pulling open water between the Tampa shell within a minute from the start of the race. The Moc's then settled down to a 32-36 throughout the body of the race.

Tampa opened the race with a 38 count and dropped to 30-32 after the first quarter mile. Tampa's only chance was to put it on in the sprint and hope that Southern would tire out with the extra high stroke count in the start of the race. Southern proved their fitness by staying out in front at the close of the race with

It was the third win for Southern against a single loss while Tampa suffered their fourth setback.

Florida Southern also won the Junior Varsity race by three-quarters of a length. In the JV race the Moc's got the jump at the start. The Spartans, determined to cross the line first, kicked in a hard sprint but it was too late. This was the first race for the Junior Varsity and their determination overshadowed their sluggishness.

Coach Roy Couch at Southern, after a couple of lean years, has finally gotten together what crew coaches in the state think is one of the better crews. The Mocs decisively defeated Rollins, a state rowing power, for one of their wins.

Tampa's Coach Bill Stalnaker stated that "Tampa just did not have it. They were too much for us." Stalnaker was very pleased with the showing of the Junior Varsity in the sprint stage of their race.

THE MOOSE READY TO MOVE—Fred "Moose" Casen, the huge 245-pound fullback, is reported in top shape by his coaches and is ready to pile his monstrous frame against a alumni forward wall in the upcoming varsity-alumni game. Fred was one of Tampa's leading ground gainers last season.

(Tribute Photo)

he thinks the other coaches across the country "will do everything they can to make the drive a huge success."

Our Spartan athletes also deserve a big hand for their part in this gigantic and worthwhile task.

Intramural All-Star Basketball Team Named; Whitwell, Doyle Captains

Professor Ben Scherer of the Intramural Department has posted the 1958 Intramural All-Star squad was voted by the Sar squad was voted by the managers of the respective teams.

Sharp-shooting Paul Doyle of Tau Kappa Epsilon and fast breaking Mike Whitwell of Pi Kappa Phi were chosen as co-captains of the first team. Both players amassed a total of 16 points.

Fred Gonzalez, hustling center for the Theta Chi Fraternity placed third on the team with 11 points.

The Champion Physical Education Major's Club had their two outstanding players, Ken Bellevue and Bill Smith, round out the First Five, both gathering 8 points.

The second team was dominated by Independents. Loney, Mack, and Jordon of the Independents were voted on the second squad. Downie of the Pi Kaps and Fuchek of the Sig Eps complete the second team.

Other players receiving honorable mention were: Dom Cassano (TC), Lyode Scott (MC), Dick Harte (PKP), Joe Priest (MC), Mike Scienti (PKP), Jones (BSU), Jack Macchie (MC), Wayne Stork (MC), Ron Sikora (SPE), Bill Brooks (IND).

GALLAGHER'S GLIMPSES

By Jimmy Gallagher

So, here we are back in print after a lay off of quite some time and it's grand to be back. Now, friendly, it's time to get back to the sports whirl and what's new... The hoop squad ended a fairly dismal season with the defeat of Jacksonville University by the tune of 79-73... "Wily Willie" Turner, a sharpshooter from nearby Auburndale, led the team during the season... J. C. Miller and Wiley Cairns also contributed to the total points... Coach Gene Biittne is looking forward to next year and counts heavily on the potential of his younger cagers... However, as the saying goes "Spring is here", which all means that we can look forward, not only to better weather (crossed fingers in the balcony), but also to Crew and the sport known as America's Favorite Pastime, Baseball, Suh...

Concerning the former, Coach Bill Stalnaker is looking forward to a great big, wide, wonderful season... Thus far the oarsmen have not fared so well in practice races with other schools... Leading the Tampa crew are a group of vets headed by Tom Addison, Jim Gable, Frank Schabert, Angel Arenas, L. J. Rhodes, Dale Nabors, and Brad Wickersham... A hard rowing Frosh is Tommy Simmons... Larry Arnold will be the holler guy for the crew...

Baseball is still in the practice stage and Coach Sam Bailey will have many returnees with which to build his '58 diamond aggregation...

This 'N That... Good to see the magic typewriter of friend Bill Kirby is again functioning for the Minaret... Nick Nichols keeps the school aware of the fine Intra Mural games which we have... Time

to conserve space so until the next time, this is 30 for now.

SPARTAN NINE BEGINS SEASON

(Continued from Page 8)

Coach Bailey announced a 20-game schedule which will put the Spartans against teams such as Ohio State and Michigan. Last year the Tampa nine was a little weak in the pitching department. This year the problem will be handled by a larger staff. The mound duties will go to Jack Jesmer, a two-year man; J. C. Miller, an ex-first baseman who will also be used in the outfield on his off days to take advantage of his hitting power; George Barcelo; Jack Hendry, and Jerry Herzog.

The No. 1 relief hurler, Al Gomez, who had the best earned run average last year, will also be back. Two lettermen are back in the infield, Billy Turner and Dave Camper. Other prospects for the infield are Joe Vega, Charley Crawford, Manuel Perez, Berry Mack, Ed Radice, Raymond DeMott. The outfield is led by Fred Girgis who compiled the best record in total bases last year. Also out for the positions are Joe Priest, Ken Belliveau, Ed Sims, Buddy Williams, Don Herndon and Virgil Starling.

The Spartans will have plenty of depth at all positions except at catcher, where Marshall is the only backstop listed. Down on paper the Spartans seem to have a winning nine but baseball is a game in which nothing is for sure until the last out is made. Let's hope the Spartans get the right breaks at the right time or as the fable goes "let's make the breaks."

TOP BASKETBALL SCORERS

1. Whitwell, PKP,	80	13.3
2. Doyle, TKE,	68	12.4
3. Smith, MC,	65	10.4
4. Mack, IND,	48	12.0
5. Jordan, IND,	43	5.8
6. Fuchek, SPE,	43	8.6
