STUDENT PUBLICATION OF THE UNIVERSITY OF TAMPA

VOLUME 21

FRIDAY, SEPTEMBER 25, 1953

NUMBER 1

Welcome to the University of Tampa

MISS FLORIDA RETURNS TO T.U.

MARGIE SIMMONS

The University of Tampa is proud to welcome back a very famous student to its campus. Miss Margie Simmons, the present "Miss Tampa" and "Miss Florida of 1953" has enrolled for her Sophomore year.

Miss Simmons has just recently returned from Atlantic City, New Jersey, where she represented the Sunshine State in the Miss America Beauty Contest.

In the talent division of the pageant Hargie did an interpretive dance to the incidental music from Charlie Chaplin's movie "Limelight." Her version of "Slaughter on 10th Ave." won both of her present titles.

The lovely Sophomore is interested in many school activities. She is a member of the Delta Kappa social sorority and a founder of the newly formed University of Tampa Dancerettes.

The beauty holds many honors at T.U. She is Sweetheart of the Kappa Sigma Kappa Fraternity, a Moroccan Maid, and also a Sigma Kappa Nu Daughter.

Margie has announced that she is in the running for the Queen of the Orange Bowl Game to be held in Miami.

The young blonde, who wore the Florida banner, was born in Canton, Ohio, and has lived in Tampa with her family for the last 12 years. She was a member of the Hillsborough High School graduating class of 1952 and has finished her freshman year here at the University of Tampa.

Four New Faculty Members Named

The addition of four new faculty staff members for the opening term at the University of Tampa has been announced by Dr. E. C. Nance.

New appointees to the faculty are Dr. Charles William Logue assistant professor of English; Franklin Moody, instructor in drama and radio; William C. Frederick, assistant professor of business administration; and Mrs. Julia Kline Williams, assistant professor of physical education for women.

The four will be full-time faculty members for the Fall term at the University.

Dr. Logue is a native of New York and received his training in Brooklyn and New York. He holds B.A., M.A., and Doctor of Philosophy degrees from St. John's University and M.S. from Columbia University. He taught in State Teachers College, Valley City, Mr., and Jefferson County High School, Monticello, before joining the University staff here.

Professor Moody comes to Tampa from Women's College, Greensboro, N. C., where he was teaching drama, speech, and doing work in radio and television. He holds an A. B. degree from Florida Southern College and an M.A.E. degree from the University of Florida. Prior to joining the staff in Greensboro two years ago, he taught for one year in Palm Beach Junior College.

Mr. Frederick was engaged in graduate studies and research at the University of Texas for five years before coming here. He completed comprehensive written examination in the Department of Economics for his Ph.D. degree in 1952, following which he was made a teaching fellow in the Department of Economics in the University of Texas.

Mrs. Williams holds a B.S. degree from Florida Southern College and a Master of Physical Education and Health degree from the University of Florida.

Back To School Dance

Dance September 25th

Come one, come all. Even the rats are welcome! Victor Ruiz and his orchestra will provide the music for the annual Back to School Dance which is sponsored by the Student Senate. It's after the South Georgia football game from 10 to 12 p.m. A small admission of 15c stag and 25c drag.

Rules For Entering Orange Bowl Queen Contest Announced

With college girl Orange Bowl Queens hopefuls, annual campus glamor races are already on throughout the state. The 20th annual Orange Bowl Queen will succeed Marion Ettie, University of Miami coed, who was preceded by Ruthie Garst, Florida State University.

The 1954 Orange Bowl Queen contest is open to unmarried Florida residents or girls from other states attending Florida schools. The age bracket is 16 to 24. Minor girls must have parents' written permission to compete and for their pictures to be used in Orange Bowl Festival publicity.

Orange Bowl Queen hopefuls make their initial bids by submitting three, unretouched, eight by 10, black and white glossy photos: a portrait, one in a play suit or bathing attire and a third in street or evening wear. Photos, which the Orange Bowl Committee makes every effort to return, should be accompanied by descriptions including bust, waist and hip measurements; age, weight, height, color of hair and eyes; schools, hobbies, ambitions and other data of possible assistance to judges. Photo screening survivors are called for the semi-finals in a mass interview.

Photos and information should be sent without too much delay to Duke Jordan, Press Director, Orange Bowl Committee, 615 S. W. 2nd Ave., Miami 36. Additional information can be obtained by writing Jordan or phoning Miami 82-3388.

Edelson Employed By Colorado Paper

Irving Edelson, who attended Tampa U. in 1948-50 is now employed by the Gazette Telegraph, Colorado Springs, Colorado. Irving received his degree in journalism from the University of Missouri and was also a member of the Minaret staff while here.

He recently interviewed for his paper Lowell Thomas, radio news commentator, who gave the Commencement address at Tampa U. in June, 1949. Irving heard Mr. Thomas' address at that time. He also had the honor of interviewing General Van Fleet, Florida's most prominent Korean War hero. Irving sends best regards to all at Tampa U.

Election of Cheerleaders

A new method of electing the cheerleaders will be installed this fall. Ten judges will rate the girls on personality, appearance, ability, and character. The judges selected wear Dean of Women, Dean of Men, Athletic Director, Chairman of the Faculty Athletic Committee, one Cheerleader Sponsor, President of each class, and President of the student body.

Five cheerleaders will be chosen at the end of a two week training period, which starts September 28.

Next spring ten girls will be selected by the judges for the following school year. At that time an honorary head cheerleader will be chosen from the group, for the preceding school year. This will be the procedure of electing the cheerleaders during the coming years.

Zeta Tau Alpha Wins Honor

Daytona Beach was the scene of Zeta Tau Alpha's 1953 annual Province Convention. Iota Province was represented by chapters from Florida, Georgia, and Alabama.

The weekend began with meetings held during the morning and later that afternoon a "Rush Luncheon" was given. At the luncheon each chapter presented their outstanding "Rush Party" of the year. After the meetings held Saturday morning everyone attended the beach party and the evening was climaxed with a formal banquet.

Closing the annual Zeta Tau Alpha Province Convention was the scrapbook award luncheon. The Gamma Sigma chapter of the University of Tampa won this honor and was presented the traditional silver platter on their winning scrapbook of the year. The Misses Rosie Durand and Ann Shaeffer represented the Gamma Sigma chapter.

The annual Province Convention for 1954 will be held in Miami.

Alma Christine Coulter To Receive The K. I. Scholarship Award

Alma Christine Coulter was chosen to receive the K. I. McKay Scholarship Award and to the University of Tampa recently.

Miss Coulter, a 17 year old Jefferson High School graduate, received the highest honors of her class.

Alma is interested in furthering her education to become a teacher.

Along with her application, she submitted a transcript of her high school credits, a letter of high recommendation from her principal, and a communication from the pastor of the church she attends.

A Word of Welcome From The President

Whether you are an old or new student, your presence on our campus affords us pleasure. We are grateful for the confidence in us which prompted you to come here for your academic work.

It is our sincere hope that your experience here, social and academic, will enrich and enlarge your life to such an extent that in all your future life you will be grateful that you had your college work at the University of Tampa.

Make the most of your time here and time will reward you with dividends in personal satisfaction and achievement.

DR. E. C. NANCE

Bob Eustace Announces Moroccan Staff

Bob Eustace, the editor of the University of Tampa year book the Moroccan, has announced that all the staff will receive appointments by the end of this week.

His staff so far is headed by Mike Capitano, Associate Editor, who has had a great deal of experience with yearbook work. The Business Manager is a Freshman, Doris Mays. Class Editor is DeEtta Harris.

The sports department boast Shirley Keene, Women's Sports Editor, Charlie Archibald and B. J. Brown, Tom Mariani, Men's Sports Editors. All the sports staff have had a great deal of both newspaper experience and annual work.

Jack Windt is Feature Editor, Betty Vanover is Literary Editor, and Jack Lamb is Music Editor.

The Sorority Editor post is filled by Jayne Anderson, while Don Olson is Fraternity Editor.

Sylvia Suggs and Lalah Tims are Index Editors. Larry Pitcher is Photographer and his wife Grace Pitcher is Retoucher.

There will be more news on the Moroccan as it is announced by the Editor.

How beautiful it is to do nothing, and turn to rest afterward.—Spanish proverb.

FROM THE EDITOR'S NOTEBOOK

It is our pleasure to welcome all the new students to the University of Tampa. This is our year to make history, because this year our school becomes of age.

Our building has the "New Look," our faculty has been increased by three fine professors, and our athletic future looks very bright.

With this grand Freshman class our University cannot help but progress. However, it is the responsibility of each student, both new and old, to do everything in his power to make the twenty-first year the best year.

We can all do this by supporting our football team at every home game and by helping the Student Senate, the Moroccan, and the Minaret in any way possible.

Take an interest in the University because the University is very interested in you.

WHY GO TO COLLEGE?

Learning the skills that are incident to earning a livelihood is a large part of college life. Most of us are here specifically for that purpose. Yet, a life based on earning a living, alone, is a poor and unrewarding life; a mere existence during a span of years.

College has much more to offer. It offers a challenge to the thinking ability of every true student, to exercise "mental muscle." The way is opened to thoughts concerning the complex problems of our society. The process of studying these problems will continue throughout the lifetime of every student. Whether we think clearly, and participate in society as intelligent citizens, will depend in a large degree on the habits formed here at the University of Tampa.

Then life has a lighter side: Its social aspects. Many and varied opportunities for the development of social skills are available through extra curricular activities. Lifetime friendships are acquired.

How to "Get Along" with people is a necessary part of the separation for leadership. Make no mistake. College students of today are educators of future generations. Many who are college students today, will in future years be doctors, lawyers, governors, and congressmen. It is quite likely that someone in college today will someday be president of the United States. Will you be ready for your task when it comes?

Our nation was made great by the blood and sweat and tears of our forefathers. Each generation has added to the material blessings of preceding generations. Likewise is our obligation, each in his own field, to leave it better for future generations.

We come to college for the pleasures of college life, and to gain the skills obtained through college training. What we get from college is determined by what we put into it.

We come to college to become better citizens, through participation in some of the varied activities available on our campus. Each student owes it to himself to do his very best.

THANKS!!

To my supporters in the last school election, I want to express my whole-hearted thanks. I hope to make myself worthy of your vote while serving in the Student Senate. I will always support any legislation which is primarily for the good of our class and University. When next election rolls around, I hope you will find my record in the Student Senate meets with your approval and will support me again for office. A successful year to all!!

Charles Archibald
Vice-President
Sophomore Class

THE MINARET

The Minaret is the official publication of the student body of the University of Tampa. It is published bi-weekly during the school year at no cost to the student body.

The staff welcomes comments and criticisms. Address all correspondence to the Minaret, Room 205, University of Tampa, Tampa, Florida.

Fashion Hi-Lights

by SALLY WOLFE

"Hi there coeds"—a big welcome to all the new ones and a fond "Glad you're back" to all our familiar faces around T.U.

So many wonderful new styles, materials, and colors have popped up in the fashion world—I hardly know where to begin. Since there is so much to tell, and cold weather is still in the future, I'll concentrate on Fall fineries.

First in the line of dresses is tweed cotton. Its being shown everywhere in fascinating fall colors. For the lucky Miss who sews, the fabric stores have large varieties in heavy and light tweed. They look so much like wool you have to touch them to believe it. Also around the fabric counters are bits of pique or velvet trim. You'll find precious styles in the ready-to-wear departments and they are surprisingly economical. These little dresses will be just right for the first few football games.

Another brightlight in fabrics is velvet corderoy. Wide and narrow vale, it comes in beautiful shades. Everything from sportswear to a fancy date dress is made of this glowing fabric.

Blouses have turned copycat into the popular "little boy" fashion. A charming touch to these shirtwaists are French cuffs to which you can add unique cufflinks (Look out Father and Brother).

Don't forget your cotton knit cardigans and slippers that give the sweater effect without the heat for these warm days.

That's all for now but next time I'll have some new fashion ideas and surprises.

Palms Are Just Plain Palms; Don't Call Them Trees

by LEIGHTON LUBE

Palms, an inevitable part of our subtropic scene, are not trees. What are they, then? Well, they are palms. Technically they differ from trees in much the same way that a cow differs from a horse. In its simplest terms, the difference is that tree trunks grow in rings, while palms do not. So you refer to them as palms, not trees.

The palms make up one of the largest families of the plant kingdom, with several thousand species. Nobody knows just how many there really are. This family is also one of the most useful of the plant world. Palms probably provide more people with the necessities of life than any other plant family except the grasses, such as corn, wheat, oats, sugar cane.

What is of more immediate interest to us, though, is that the palms are among the most decorative of plants. Even those of the highest economic importance, like the coconut, date, oil, and sugar palms, are also stately additions to the landscape.

From the decorative point of view, it is interesting to know that palms fall roughly into two main classes: the feather-leaved kind, which botanists call "pinnate," and the fan-leaved type, which botanists refer to as "fhebelloform." This knowledge can help us in planning to use palms most effectively in landscaping.

"Pet Proves Helpful"

Cleveland, O. (I.P.)—General approval of the "Pupil Evaluation of Teaching" plan at Western Reserve University has been registered by a majority of the faculty who were evaluated by the program. The evaluation, known as "PET" to faculty and students alike, has been underway for the past two years. A faculty-student committee headed by Dr. Richard Wallen, associate professor of psychology, is working on the project this year.

Thirty-four professors originally evaluated by pupils in the early phase of the project were sent questionnaires recently by Dr. Wallen's committee. Purpose of the questionnaire was to determine what value PET held for them. Returns from 23 of these professors who had been rated by their classes showed that nearly three-quarters thought that PET was valuable and 69 per cent of them indicated that the present plan should be continued. The questionnaire asked whether or not the teachers had made any change in teaching methods because of the student ratings. Over 60 per cent replied that they had made some changes but did not specify just what these changes were. Several questions dealt with matters of policy. One of these asked whether student ratings of teachers should be acted on by the faculty. Sixty-one per cent answered "yes," while most of the remainder felt that faculty action would be needed only for compulsory plans.

While it was not the committee's intent to make a research project out of PET, certain results were so easily available that a simple analysis was undertaken. A class was defined as dissatisfied on an item if at least one-third of the class reported unfavorably. The six items most commonly neglected by the teachers are the following:

Explains clearly method and basis for grading; provides for review of basic material; explains basis for grading written work; summarizes main points of class discussion; provides study aids such as book lists, outlines; and includes many students in discussions.

A similar methods of analysis was applied to the data on personal characteristics of the teachers. The results show that teachers are generally making a favorable impression. These items, indicating where Reserve teachers are commonly doing an adequate job, are: Stating aims and purposes of course; making assignments of reasonable length; showing sense of humor in class; using informal lecture method; using examples and illustrations that clarify difficult points; and speaking clearly. In all, the students were generally satisfied with the ability of instructors to present material clearly and interestingly.

Another general conclusion was that all the teachers were judged to be enthusiastic about their subject matter and to possess a broad cultural background. None was frequently accused of knowing little outside the text-book, and none was described as unfairly prejudiced against or in favor of a few students.

These findings showed the students do not use PET as an outlet for the expression of resentment. A few members of the faculty have even suggested that the students are not critical enough.

Lets Look At Esquire 1956 For A Story On Men's Clothing

Placing one hand over my eyes and the other on a March, 1956 copy of Esquire, I think I'll babble a bit about men's clothes.

There are two types; those who dress like men and those who drape themselves in an unclassifiable classification of monstrous garb known as the bee-bop outfit. The first is usually tolerable, the second is a fine case of representation.

At this point we will all face an East Side New York bar-room and mumble an inaudible prayer for the inventor of peg pants, drape coats, and the duck-tail hair-do. You have only to walk down Main Street to see some cool cat slipping along the sidewalk, dangling a key chain and going crazy in the latest bop fashions. Emigrees from a jam session.

There is no plausible excuse for peg-pants. To make it worse they

are usually a shocking blue or a side-street shade of maroon. Add a turtle-neck sweater and blousy jacket with the collar turned up plus suede shoes and you have a perfect picture of what the well dressed man won't wear.

Male hair-dos are another source of laughs. Had I been chairman of the Pin-curl Tourney I certainly would have approached some U.B. men and asked them to announce their candidacy. When other males begin whistling at them perhaps they'll get wise, if they aren't already.

I hope that soon some men will accept their lot in life and replenish their bee-bop wardrobes with clothes designed for the U.S. male. When you dig those crazy outfits, dig them far enough so the society can be perceivably divided into two distinct fashions.

Syncopatin

with DAWN PALMER

U. OF TAMPA BAND

The University of Tampa band will put its best foot forward tonight when it marches on to the field led by high stepping majorettes and danceterettes. The danceterettes are a new addition to the band this year. This group of seven girls have been practicing dance steps all summer under the direction of Peggy Garcia. A lot of hard work has been put in on practice and uniforms by both majorettes and danceterettes. Joe Higdon and Bryan Webb are co-drum majors and Liz Schwartz and Carolyn Welch are co-drum majorettes. Remaining majorettes are Marilyn DuBose, DeEtta Harris, Doris Mays, Betty Vanover, Dot Vanderford, and Sally Viller. Danceterettes are Jerry Davis, Vilma Fernandez, Peggy Garcia, Shirley Hale, Rita Reed, Marjorie Simmons, and Marilyn Viscusi.

U. OF TAMPA CHORUS

Registration shows that there are some fine new voices on campus this year. We would like to draw attention to the fact that there is more room for singers in the chorus. There will be preparation for a program to provide for appearances of the chorus not only in Tampa but in surrounding cities. Present plans include production of an opera.

During the summer months Prof. Stephen Park wrote his Second Piano Concerto which will be played in two piano form at a future date.

PHILHARMONIC

There are still openings for singers in the Philharmonic Chorus for the presentation of the oratorio Elijah to be given with the Philharmonic Orchestra on November 5. The chorus meets in the dome theater every Sunday from 3:00 to 5:00.

HEY HEY—HO HO STRANGE THINGS ARE HAPPENING

Two monkeys sat in a low-limbed tree

Discussing things as they're said to be.

Said one to the other, "Listen, You. A certain rumor can't be true,

That man descended from me to you.

"No monkey ever deserted his wife, Starved his babies and ruined his life.

And never has a mother monk Left her babies with others to bunk; Or passed them on from one to another

Till they didn't know who was their mother.

"And another thing you'll never see A monk build a fence 'round a coconut tree

And let the coconuts go to waste Forbidding all other monks a taste Why, if I'd put a fence around a tree

Starvation would force you to steal from me.

Another thing a monk won't do Go out at night and get on a stew, Or use a gun or club, or knife To take some other monkey's life.

Man descended—the ornery cuss— But, boy, he didn't descend from us!!"

—Anonymous

A little short man came into a local restaurant and sat down in a booth. The waitress brought him a glass of water and a menu, then left to wait on other customers. It was a busy hour, the little man's head did not show over the back of the booth, and the waitress forgot him. Eventually she realized she had never taken his order. She rushed to the booth. It was empty, but a note was propped neatly against the glass.

It read: "Out for lunch."

From a patent-medicine testimonial. "Since taking your tablets regularly, I am another woman. Needless to say, my husband is delighted."

Rumba: a foxtrot with the gack-field in motion.

Movie Actor Barry Fitzgerald explained why he was late for an appointment: "I was detained at home by friends—the kind who, when they stand up to go, think they've gone."

I was here last year

Now I'm back again,

To take pictures for you

And meet the Freshmen!

C'mon, let's go!

TWICE AS MANY AWARDS THIS YEAR

MAKE \$25!

WRITE A LUCKY STRIKE JINGLE

based on the fact that LUCKIES TASTE BETTER!*

From well-known towns to parts unknown,
Most any place you go —
It's Lucky Strike for better taste
With people in the know!

Easiest \$25 you ever made. Sit right down and write a 4-line jingle based on the fact that Luckies taste better. That's all there is to it. More awards than ever before!

Read the jingles on this page. Write original ones just like them—or better! Write as many as you want. There's no limit to the number of awards you can receive. If we pick one of your jingles, we'll pay you \$25 for the right to use it, together with your name, in Lucky Strike advertising.

Remember: Read all the rules and tips carefully. To be on the safe side, clip them out and keep them handy. Act now. Get started today.

My meals, folks say, are flavorful—
They're seasoned perfectly.
For better taste, it's Luckies, though,
That win the cheers—not me!

RULES

1. Write your Lucky Strike jingle on a plain piece of paper or post card and send it to Happy-Go-Lucky, P. O. Box 67, New York 46, N.Y. Be sure that your name, address, college and class are included—and that they are legible.
2. Base your jingle on any qualities of Luckies. "Luckies taste better," is only one. (See "Tips.")
3. Every student of any college, university or post-graduate school may submit jingles.
4. You may submit as many jingles as you like. Remember, you are eligible to receive more than one \$25 award.

*TIPS

To earn an award you are *not* limited to "Luckies taste better." Use any other sales points on Lucky Strike, such as the following:

L.S./M.F.T.
Lucky Strike Means Fine Tobacco
Luckies taste cleaner, fresher, smoother
So round, so firm, so fully packed
So free and easy on the draw
Be Happy—Go Lucky
Buy Luckies by the carton
Luckies give you deep-down smoking enjoyment

COPR., THE AMERICAN TOBACCO COMPANY

BEHIND THE SPORTS DESK

by HANK DI STEFANO

There is no better time than now to EXTEND a warm welcome to our former students, and especially the freshmen. While we are on the subject of extending welcomes, this column would like to welcome back our own Tampa Spartans after a successful trip to Columbus, Georgia where they defeated the Troy State Teachers by a score of 21-7.

Head Coach Marcelino Huerta was well pleased with the showing of his team in the first half when they led 21-0. In the second half, the Spartans turned cold and looked pretty bad.

Tonight Spartans tackle the South Georgia College eleven, who are rated pretty high among the smaller colleges around the country. The squad hails from Douglas, Georgia.

Coach Huerta disclosed that three men will definitely be out of action, while a fourth may see limited service.

Jim Mathis, a fullback, who was injured in the Troy game will be out for about five weeks with a shoulder separation. It was reported at first that Jim would be out for the season, but further x-rays showed that it was only a separation.

Nick Waytovich, who is one of the tri-captains will also be lost for the game as he suffered numerous bruises, particularly his side.

Another letterman who will miss the game due to injuries, will be Joe Onderko who has a badly bruised shoulder. He was also hurt in the Troy State game.

The fourth player who may see limited action if needed is Tom Spack, a hard-driving fullback who became very ill after the game.

Cookie Garcia, ex-Jesuit high school star, who was an all-city back, may be at the fullback post. Knowing Cookie personally and seeing him in action, I think he will turn out to be the answer to Coach Huerta's worries. Also helping at the fullback post will be letterman Bob Hillier. Coach Huerta has slicing halfback Al Leathers who can also shift to fullback.

Game time is 8 o'clock, so let's all get out and back our Spartans!!

Introducing The Sports Staff

The MINARET Sports Staff for the school year will consist of:

Charles Archibald, who graduated from Fairhaven High School in 1942, where he played football, basketball, baseball and track. He entered the service in 1942 where he served as a radio man in the United States Navy in the Pacific Theater of War. In 1946, Charlie had a tryout with the Boston Braves (now the Milwaukee Braves) as a pitcher. Charlie played City League baseball in New Bedford, Mass. in 1946. He played semi-pro football for the Fairhaven Varsity Club in 1947. Before coming to the University of Tampa, he graduated from The Campbell School where he served as President of the graduating class and on the school paper and yearbook. He is Vice-President of the Sophomore Class, sports writer on the MOROCCAN, and sports announcer on the school radio station WTUN. His fraternity affiliation is Kappa Sigma Kappa.

Henry (Hank) DiStefano, who was president of the Freshman Class at the University of Tampa last year.

He prepped at Jefferson High School, where he played a little football under Coach Sam Alfieri. He won many class laurels in high school such as President, Vice-President, and Senior Class Play.

Upon graduation from Dragon-

SPORTS QUIZ

The first student handing in the correct answer will win two passes to the Park Theater.

Question: WHAT TEAM IS THE NEWEST ADDITION TO THE BIG TEN COLLEGE FOOTBALL CONFERENCE?

Give your answer to:
Charles Archibald
Sports Dept.
THE MINARET

Spartans Lose Belliveau For Rest of Season

The University of Tampa Spartans have lost Ken Belliveau, star end on the team, because of a double leg fracture suffered in practice.

The mishap occurred as Ken fell to the turf after brushing against a defensive back as the squad worked on pass defense.

Head Coach Marcelino Huerta said the loss of Belliveau who is expected to be out for the season, is a "terrific blow to our team. He will be hard to replace."

The griddy, a 200-pound Sophomore from Springfield, N. J., was the star of the Tampa annual intersquad game as he caught 12 passes in the contest and in addition was the best kicker on the squad.

land, he entered the University of Tampa and lettered in Baseball as a Freshman.

Hats Off To A Sport!!

Let's salute the men behind the men—the Football Coaches!!

Marcelino Huerta, Jr. is one of the youngest Athletic Directors and Coaches in the South. He assumed the duties of Athletic Director and Head Coach in 1952. Coach Huerta, a hometown boy, graduated from Hillsborough High School where he played football, after which he served in the European Theater of War as a pilot with the Army Air Force. He played four years with the University of Florida "Gators" under Coach Raymond "Bear" Wolfe. The young mentor has proven his ability to coach by engineering his 1952 squad to a Cigar Bowl Championship.

John Vardian, Backfield Coach, hails from Johnstown, Pa. where he played high school football from 1939-1942. After graduation he went into the service where he played for the famous Ft. Pierce "Amphibs." He then played professional football with the Miami Seahawks and the Baltimore Hawks, moving on to the Erie team as a player-coach. With his vast knowledge of the game of football, Vardian is an asset to the coaching staff.

Sam Bailey, Line Coach, was a teammate of John Vardian and co-coach in the professional field at Erie, Pa. He was graduated from high school in Ft. Myers, Florida and played football, basketball, and baseball at the University of Georgia. After graduation, he played professional football for the Boston Yanks and Richmond Rebels before joining the Erie team as player-coach. Bailey's fine coaching and conditioning plays an important part in the offensive and defensive success of the Spartan line.

Although he is not listed as a coach, **Paul Straub**, our new Athletic Business Manager, cannot be overlooked because of the terrific job Paul is doing on the business end of football. Paul is back home here at the University for he played (in an outstanding manner) fullback for the Spartans in 1941 and 1942. He coached informal teams here at the University of Tampa in 1946 and 1947, after returning from the service. While he coached at Jesuit High Paul's basketball teams won the regular season and tournament three times in the South Florida Conference, plus the State Championship in 1950.

Next issue: Nick Waytovich, Charlie Harris and Joe Zalupski!!

JUST FOR THE RECORDS

by CHARLES ARCHIBALD

Scoring:	TD	PAT	FG	Total
C. Harris2			12
F. Chicado1			6
M. Green1			1

For any other information concerning statistics about the University of Tampa football team (1953 edition) contact the Sports Dept. "Minaret."

On my son's 17th birthday, I told him that I realized he would probably start smoking soon. "Promise you'll tell me yourself," I begged, "instead of letting me hear it from neighbors."

"Don't worry about me, Mom I quit smoking a year ago," was the reply.

* * *

Police in Oklahoma City picked up a motorist for weaving back and forth across the street, got the explanation that "believe it or not, I was trying to keep from running out of gasoline. I was sloshing the gas back and forth in my tank so I could get it all in my carburetor."

MINAHAN STARS IN TAMPA'S 21 - 7 VICTORY OVER TROY STATE

by HANK DI STEFANO

I PREDICT

by CHARLES ARCHIBALD

During the football season, we are going to try to pick a few major games in the pigskin world:

Here's the way I PREDICT sees them this weekend:

1. TAMPA over South Georgia (we should roll)
2. ALABAMA over L. S. U. (L. S. U. has improved)
3. ARMY over Furman (first game for Army)
4. BOSTON COLLEGE over Clemson (close)
5. FLORIDA over Georgia Tech (a tough one)
6. MIAMI over Florida State (two improved teams)
7. OHIO STATE over Indiana (watch Ohio State)
8. MICHIGAN STATE over Iowa (power plus!!)
9. MISSISSIPPI over Kentucky (by a squeak)
10. NOTRE DAME over Oklahoma (with difficulty)

You call these:
Southern California and Minnesota
Texas and Villanova

Spartans Elect Three Captains

Three football players were elected by the University of Tampa football team at a recent meeting. Senior halfback Charlie Harris and Junior guards Nick Waytovich and Joe Zalupski were named tri-captains by the vote for the 1953 football season.

Charlie Harris is a two-year letterman from Endicott, N. Y., who is rated one of the top ball carriers and pass receivers. Nick Waytovich, who was given honorable mention on the Little All-American squad and was on the Florida College All-State team last year, is rated as one of the finest guards in the state. Nick hails from Johnstown, Penn. Joe Zalupski is a capable all-around performer hailing from Conemaugh, Penn. Joe was hampered by injuries last season but should show his capable ability this season.

Bullet Bill Minahan, sophomore quarterback of the Tampa Spartans, displayed All-American form as he passed the Spartans to an easy 21 to 7 victory over the Troy State Teachers at Columbus, Georgia, Friday to victoriously do the lid on Tampa's tough twelve-game schedule. Minahan completed 11 out of 19 passes for a total of 146 yards.

Tampa's forward pass was a decisive factor in the triumph as they consistently stopped the Teachers' ground attack. The Spartan line was led by Pete McLeod, Reggie Colvard, Ed Lampe, Ted Greene, and Joe Zalupski.

In the backfield it was Charley Harris who sparked the win as he came through with one of his best performances as he scored two touchdowns. His first touchdown came on a 79-yard punt return that for a few minutes made the Spartan followers forget the former punt return star, Vince Chicko. Harris' second trip across the double stripe came on a 10-yard pass.

Also starring in the Tampa backfield were Al Leathers, Tom Spack, and Fred Chicado, who played his first football game for the Spartans. Leathers did some fancy running and, on two occasions, came close to going all the way for pay dirt. In the second period, Chicado took a pass from Minahan and scored the final Spartan touchdown. Also in the second quarter, the hard charging University of Tampa line added a safety to their fine defensive play for the night as they found Bobby Long, Teachers' back, behind his own goal, and cut him down for the two points.

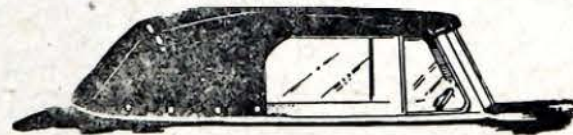

As a result of the hard fought contest, three Spartan players received injuries and will miss the South Georgia game. Fullback Jim Mathis, Guard Nick Waytovich, and Fullback Tom Spack are definitely lost to the Tampa team for the South Georgia clash.

Coach Marcelino Huerta, Jr., pleased with the opening victory, moaned, "We have a lot of work to do before our next game."

by BRYAN WEBB

School started the 21st, but the real work for a number of University students didn't begin until the 28th. We refer, of course, to the staff members of your own radio station, WTUN.

The new staff for 1953-54 has been announced by Prof. Roy McGillivray. (From this point on out, I'll refer to him as "Mr. Mac." If you're an entering freshman you've probably already met him when you signed up for Speech 105.) The staff includes: Jack Breit, station manager; Mac S. Lee, chief engineer; Ed Hutson, program manager; Chuck Bexley, chiew announcer; Joe Higdon, production director, and yours truly can be found sitting behind a desk with a little sign saying "Sports" on it. Also a very cute secretary on my lap at infrequent intervals.

In all seriousness though, we of the University Broadcasting Service are looking forward to the best year in the history of the station. Being the largest educational broadcasting station in the state brings a lot of responsibility to bear on all personnel. We have added a lot of new broadcasting equipment, but the finest addition to the studios, of which we are very proud and thankful, is complete air-conditioning. Any afternoon you have nothing to do in particular, why not drop into the studios on the second floor and enjoy it 'cause it really is "cool."

Joe Higdon and myself will be running Turntable Treats again this year and we have put together a very representative collection of jazz from the past 30 years. Drop in and dig the sounds and cool air once in a while. (No needles or pot allowed, please. After hours only!)

Not too much news to put in this copy, so I'll close with a very light story I heard yesterday. It seems that the negro minister was making a very important announcement in church last Sunday. "Brethren, Ah ize very glad to tell yo' that today we ize happy to hab in de congregation wid us 6 lost souls what ize about to be baptized. Three adults and three adultresses."

**GOOD LUCK,
SPARTANS!**

★

Compliments

of

A FRIEND

"Darling," sighed the enraptured young man, "when I think that tomorrow is your birthday, and when I think that a year ago I didn't even know you . . ."

"Sweetheart," murmured his darling, "don't let's talk about our past. Let's talk about my present."

During evening devotions in a boys' summer camp, a counselor was startled to hear this prayer

from a 12-year-old:

"O God, we thank thee for the birds and the bees and the flowers—they mean so much to those who teach us about them. Amen."

The farmer's daughter was a slow talker, and when she was caught behind the barn by a city slicker, before she could tell him she wasn't that type of girl she was.

YEARS AHEAD OF THEM ALL!

**Don't you want to try a cigarette
with a record like this?**

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

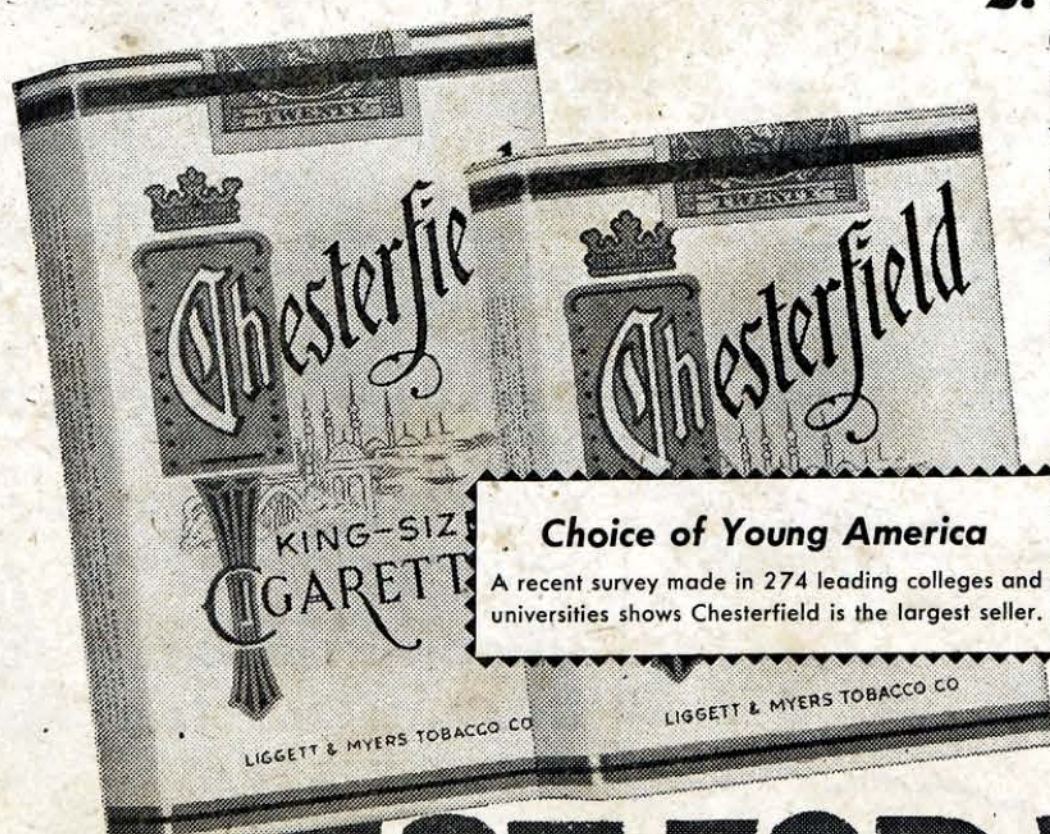

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size . . . much milder with an extraordinarily good taste—and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette.

For a full year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports . . . *no adverse effects to nose, throat and sinuses from smoking Chesterfield.*
