

State University Plan For Expansion Dropped

State Board of Control and Governor
Say Money Not Available

Board of Control Withdraws Support

The Senate Board of Control withdrew its support of any immediate provision for more four-year State Universities in the State of Florida. Governor Collins was quoted as saying that he (Collins) did not say that he did not want any more four years colleges but only that he is opposed until "They are proved essential and necessary."

The original document called for three or four more four-year colleges and provision for a system of community junior colleges.

Board member Fred Kent, Jacksonville, said the Governor was reported opposed to more four-years colleges, and "he (Collins) has a financial problem; he has been very helpful to the board and we should cooperate with him."

University of Tampa

The University of Tampa was asked if it would consider state control by a special education committee of the Greater Tampa Chamber of Commerce, in a recent meeting, but University spokesman said they could reach no decision in the matter until they had something more definite than the "nebulous" plans offered by the state to provide more colleges and universities.

State Representative Sam Gibbons had met with the chamber committee and members of the University executive committee and had outlined plans being considered by the state for meeting the rapidly expanding University enrollment by the construction of three or four more universities, in different areas of the state, and 18 to 20 junior colleges.

David E. Smiley, chairman of the university board of trustees said the executive committee had looked over the proposal, but could say neither yes or no until more facts were available on what the state planned to do in the way of developing more universities.

Good Thing

Frank Frankland, chamber committeeman, said he was convinced it would be a good thing to obtain a state university for Tampa, and didn't want it to look as if an attempt was being made to take over the university without agreement, but if the state put a university in St. Petersburg it would hurt the University of Tampa just as much, in his opinion.

Other chamber committee members including State Attorney James M. McEwen, County Commissioner Ellsworth Simmons, County School Superintendent Crockett Farnell, Mrs. John R. Himes, and Dr. H. Phillip Hampton, had expressed similar opinions on the proposal.

Smiley and Dr. E. C. Nance, president of the University, pointed out that the original report of the State Board of Control pointed up the necessity for encouraging private universities to expand to meet the growing enrollment demands, and suggested that the laws might be changed to allow the state to aid private universities while leaving their control at the local level.

VOLUME 22

FRIDAY, MARCH 25, 1955

NUMBER 12

Flag and Pole Given For Phillips Stadium

Former Governor Presents Colors To Tampa University

"A fellow cannot always get help but he can always give help," said Ed Rivers, former governor of Georgia, at the student assembly Tuesday.

Rivers, who was introduced by Richard W. Erwin Attorney General of Florida, presented the University with a flag and flag pole for the football stadium, on behalf of the Woodmen of the World.

The Woodmen of the World are in Tampa for their state convention. Wherever they hold a convention they try to do something for the community. They are a National Fraternal Organization, which has 35,000 members in the State of Florida and 200 camps.

Football Awards

Bob Lovely, captain of last year's Cigar Bowl Championship football team, received the most valuable player award. This award was donated by the Florida Sporting Goods Co. Other awards presented at this assembly were presented by Mr. Williams of the Elks Club. Outstanding lineman of the year was given to Ted Greene and the outstanding back of the year was given to Al Leathers.

Coach Marcelino Huerta awarded football sweaters to his Cigar Bowl Champions. Those receiving awards were:

Wallace Bambry, Jim Gallogly, Jerry Strickland, Charles Downing, Paul Davis, and Jim Marshall. These boys did not have the requirements for letter sweaters so they received slipover sweaters with the year they hope to graduate on the front.

Bill Nuznoff, Andy Lenowski, Lamar Lipsey, Bob Gambrell, Ron Osler, Don Herndon, Joe Knight, Nello Rimaldi, Bull Duray, and Dickie Hart received 1st year letter sweaters.

Ken Nuznoff, Fred Chicado, Bill Sefcik, Mike Skourolis, Henry Garcia, received second year letter sweaters.

Bill Minahan, Al Leathers, Joe Onderko, Ted Greene, Tom Spack received third year awards.

Graduating members of the team who received jackets were: Red Manzell, manager, Pete McLeod, Ed Peck, Jim Mayo, Nick Waytovich, Reggie Colvard, Jessie Davis, Joe Zulupsky, and Bob Lovely.

The seniors were reminded by Dean Rhodes that they are required to take either the Graduate Record Examination or the National Teachers Examination before they can graduate.

Dean Burnside reminded the seniors that the University now has a placement service not only for the graduating seniors but also for the alumni.

Alumni Join Association

Council of Alumni Association Serves Member Groups

The National Council of Alumni Associations is an organization which serves as an exchange medium for the various alumni associations in the country who are members. There is a periodic magazine in which the various organizations report on their current activities and the results of various fund raising drives, methods, results, and other such details which may be of interest to others.

In the short while we have been a member of this organization we have benefited greatly from this information. It should help us to become a much more efficient organization.

Our faculty advisor, Dean B. B. Burnside, joined in our name for us.

Four Members Now In Office Not To Seek Re-election

By Robert Martoski

With elections still some time away, students now in the student senate have begun to decide whether or not they shall run again for office. A check of the members show that eight are running again. Four of the elected officials are not running for re-election. Some of the members have not decided what office they shall run for.

Junior Class

Ernest Segundo, class president, stated that he is definitely not running for office in the student senate again. Segundo, who was mentioned earlier as a candidate for student body president, said that his studies take up to much of his time and he could not give the proper amount of attention to an elective office.

Charles Archibald, class vice-president, also mentioned earlier as a contender for student body president, stated that he is still very interested in the office. Archibald, who is now president of the Inter-Fraternity and Inter-Sorority Council, and editor of the Moroccan, expressed deep thought and consideration when asked if he were a possible candidate for president of the student body.

Shirley Keene, class secretary, the only member of the senate to be in office for three years said that she will definitely run again for secretary of her class. Last year Shirley was unopposed for office.

Joyce Newell, class representative, for two years and an able worker in the senate stated that she is planning to run again for office. Joyce well known around the University, said that she has enjoyed working with the senate during her two

(Continued on Page 8)

SPONSORS FOR FRATERNITY DANCE TONIGHT

SPONSORS FOR TAU OMEGA DANCE—Mrs. Ted Green, Mrs. Jerry Cuervo, Mrs. Ed Peck and Miss Elvira Tamargo are the sponsors for the annual

ring dance which members of the Tau Omega Fraternity will give tonight. The dance will be held at the Tampa Yacht and Country Club.

As We See It--

ON THE WEATHER

It isn't often that we are willing to sound like the chamber of commerce. But the weather of the last few weeks along with the beauty of springtime makes us glad to be alive.

It is really too beautiful these days to be confined to the classroom or the newsroom. We really shouldn't waste our time that way. It would be much more profitable to go fishing, besides that way you can loaf and be called a sportsman for doing it.

Douglas Southall Freeman had a word for it. He would have remarked on "the salubrious climate" and the "soft caress of the early morning breeze." He, one of the great editors of this century, would have said in his gentle way, "It's just good to be alive."

TO END A CONTROVERSY

Governor Collins did well the other day, when he laid at rest the turmoil and controversy surrounding the idea of private schools being taken over by the state.

There are "Jeremiahs" in every group that want to run to the state for "Cradle to Grave" security. They have lost their spirit of self reliance which has made this country great.

Small, private schools will always have a place in the American educational pattern. They have as much to offer in their sphere as do the larger state schools. There is the friendliness of knowing everybody you meet. And then there is the opportunity of group accomplishment that can mean something in a small institution which is lost in the large ones.

Governor Collins has pointed to the needs in primary and secondary schools as a reason for no college expansion at this time. These needs will continue to increase during the foreseeable future. And then increased state schools will not be able to carry the load. The University of Tampa is far from a lost cause, even though some of the people responsible for it would like to shift their responsibility to the state.

This is a young school. It is just beginning to get up steam. It the alumni will get behind it and work for the whole school it can really go places. And then as we who are now students graduate, we can join the alumni, and make it the school we would like it to be, in the traditional American way.

SIGNS FOR THE TOURISTS

Signs should be installed at appropriate places over the lobby entrances so that tourists will know this is a university. Many of them think it is a public building.

In the first place, it would be good advertising — public relations is a better word. It would explain to them some of the things they see going on and might stop some embarrassing "gawking."

And in the second place, it might prevent some of them from getting under foot so much. Other schools, even in downtown areas don't have to put up with the traffic we do. Often the comments we overhear lead us to believe that many people pass through without ever knowing that they had been "through college."

IMPROVE THE DEPARTMENT OF BUSINESS ADMINISTRATION

We'd like to suggest that the Department of Business Administration could be improved by using part time instructors from the local business communities. This would not detract from the present instructors in the department, but could give them some relief from night classes. It would strengthen the evening classes, and bring the school in closer contact with the business community.

Classes such as Business Law could be taught by a lawyer. Investments might be taught by a broker. Other advanced and specialized subjects could be added which would improve the education in that field available here at the University of Tampa.

This plan needn't be expensive. It could be started on a very small scale. It works well in other schools. We hope the administration will give the idea thorough consideration.

PARKING

The parking problems of the students of the University of Tampa have been greatly eased by the addition of a new area shortly after the first of the year. Cooperation between the Senate and the Minaret got the space.

Now we need cooperation from the entire student body to utilize the available space most efficiently. Everyone must park where he is supposed to park, or bear the consequence.

Then there are times when it is difficult to know where to park. Two main rules will guide you in finding a proper place: 1. Don't park so that you block someone else from getting out. This is known as courtesy. 2. Don't block the fire lanes that are provided in case fire apparatus is needed here in a hurry. This is known as good sense.

CEREBRAL PALSY VICTIMS NEED UNDERSTANDING

by Bernard E. Shufelt

We have in the student body here at the University of Tampa, several students who are victims of cerebral palsy. This condition, characterized by jerky motions, muscular weakness, and various physical contortions, is the result of an injury to the motor centers of the brain at the time of birth.

Cerebral palsy, though not a disease, causes loss of control of the muscles of its victims, sometimes including the speech muscles. This is not a sign of mental weakness. National tests show that persons suffering the handicap of CP are more intelligent than the average for physically able people. Given a chance, they have become honor students, and have taken their place in society.

In past years these were the forgotten children. Modern science and therapy has given them a chance. The few schools which make a special effort to serve the physically handicapped, as does the University of Tampa have helped a great deal.

Most cerebral palsied people desire public understanding above everything else. They ask for a chance to live their lives and compete for a livelihood, even though they are not always able to express themselves fluently. There is a place for them.

STUDENT SENATE

By Robert Martoski

The Student Senate with Jim Berfield presiding started the spring off with the best attendance of the semester. Twelve members were present.

A motion by Rey Yvars, sophomore class president, was passed stating that Berfield should appoint a committee to meet with Capt. Bassler, head of public relations at the University, to organize a better outlet for news of the University to newspapers of the local and state area. The committee is made up of Yvars, Charles Archibald, junior class vice-president and George Grant, senior class representative.

George Grant apologized to the senate for his absence. Grant said that a new baby, press of business, and his employment had prevented him from attending.

Rey Yvars informed the senate that improper persons were using the Student Senate office. A short discussion was held and it was decided that the members should be the only ones allowed in the office and all other persons be kept out.

A meeting of the Publications Committee was deferred until next week. The committee was to discuss applications of editorship for Minaret and Moroccan.

"The freshman class officers," Grant stated, "are about the most active frosh representatives that he had seen." The senior representative made that statement after praising Bob Swirbul, class president, and other freshman class officers for the hard work they had done. The frosh had just held a dance last weekend and is going to hold another in May.

Yvars told the senate that four new "no parking" signs were obtained from the City. These signs are to be used in enforcing parking regulations around the University.

LITTLE MAN ON CAMPUS

by Dick Bibler

"Say Prof, I thought perhaps that you didn't know—there are three higher possible grades besides "D" and "F."

A committee was set up under the chairmanship of George Grant, to meet with Dean Rhodes to get a longer spring holiday for the student body. Serving with Grant are Jim Berfield, president, and Bernard Shufelt, editor of the Minaret who was asked to help the Senate on this issue since he had accumulated information about other schools.

Solie Joins WTUN Staff

BRINGS WIDE EXPERIENCE TO JOB

The newest addition to the WTUN radio staff is Gordon Solie of Plant City. Solie is chief announcer. For the past five years Solie has been in professional radio. His employment included WEBK, WFLA, WHBO and WPLA radio stations.

Solie is married and has two children, Pamela, three, and Jordan, one year. The chief announcer is a veteran of three years in the air force.

ALUMNI NEWS

University Placement Office Established

Alumni Urged To Register

A Placement Office has been established at the University which will give placement service to all graduates and alumni who have attended the University. Registration with the Placement Office will be on a voluntary basis and the files will be maintained only for those who are registered with the Placement Office.

Alumni interested in having a file set up for them should do three things. First, write or call at the placement office for the registration forms. Permanent files are being maintained in the dean of men's office. Second, secure and have sent to the placement office confidential recommendations from three professors who knew you well at the University and, or evaluations of actual work experience from your present employer, as well as any former employers as you may desire to have on record. Third, it would be well for you to have at least 3 or 4 recent small "passport" size photographs on file.

The placement office will serve you in two ways. It will serve primarily in the beginning as a reference source where complete files will be maintained and sent out upon your request to prospective employers. Secondly, as it is possible to develop contacts, it will serve you by sending you notices of possible openings in your field. It must be realized that this second type of service has to be developed, but we do have some real beginnings.

Any placement service is only as valuable as you make it — by keeping in contact with the office! Personal counseling through interviews or by mail will be given by Mrs. Lucille King, Dean of Women and by Mr. Boyd B. Burnside, Dean of Men. The University feels that this is a real step forward and one which every alumnus should welcome and be interested in fostering.

ALUMNI CHAPTERS NEEDED NOW

In the past few years we here at the old homestead have heard rumors of new Tampa U. Alumni chapters being started in far-away places.

Some of these rumors have proved true while others have remained just rumors. Our mailing lists show a large enough concentration on former T.U. students in a number of areas where chapters could be formed.

If there is a chapter functioning in your area please let us know about it and what you are doing. If you think there is a possibility of one being formed where you are, we will be glad to do anything in our power to help you get started. We will provide you with lists of alumni in your area, so far as we have them, and if possible have some representative of the University stop by to give you a helping hand in the organization.

A letter to the University of Tampa Alumni Association, University of Tampa, Tampa, Florida, with any questions on this matter will be promptly answered. Let us hear from you.

General Electric Sets Alumni Plan To Aid Schools

The General Electric Company has recently come forth with a new plan for giving monetary aid to colleges and universities in which alumnus employed by them may participate.

They will match any contribution a G.E. employee makes to his alma mater. The few simple rules governing this plan are as follows: (1) you must have worked for G.E. for one year, (2) have continuous service, (3) make personal contributions, (4) limit your top sum to \$1,000 and (5) file the form with G.E. to record your contribution.

This is a wonderful opportunity to make a really worthwhile contribution to your University. Get together with your company and lend us a hand.

Tampa Alumni, Students Dominate Florida Ed. Asso.

University of Tampa graduates and students took a majority of the offices in the recent Florida Education Association elections for the Health, Physical Education, and Recreation Division.

Phillip Patterson, an alumnus, was installed as president, Miller Adams as Vice-President for Physical Education, and Bill Stalnaker, our crew coach, as a delegate for Hillsborough County. Ben Scherer Newsletter editor.

Our entire student Majors (physical education) slate took the State offices; they are—Bob Lovely, Pres.; Al Leathers, Vice-President, Sec., Sunny Fernandez, Treas., Jean Struman. Bob Lovely was also named Chairman of the Student Section which will meet next year at the Annual Working Conference. The Physical Education Majors Club is now scheduling Executive Board Meeting which are open to any of the majors if they wish to attend. One of their big projects is to plan the program for next year for the working conference which may be held at Crystal Lake, near Camp Blanding.

A project just completed was handling an exhibit of ational physical education Association publications at the FEA Conference. Twelve Majors alternated in working the publication exhibit.

Monthly meeting are scheduled for the 1st Monday of each month at 12:00 in room 246.

Some of the past accomplishments of the Club are:

1. Intramural scoring system in the Handbook.
2. Intramural overall schedule in Intramural Handbook.
3. Improved officiating in Intramural Program.
4. Improved counseling for majors students, both professional and vocational.
5. Helping the P.E. Dept. in composing a department student check sheet.
6. Clearer liaison between intern-ing students and County School supervisor.
7. Planning for annual visit by State Dept. Supervisor of P.E.
8. Bringing to campus leading professional lecturers in HPER.

Some of the Objectives for Future Considerations.

1. A Major's Club bulletin issued twice a semester to all P.E. Majors.
2. Improved internship counseling.
3. Monthly meeting of P.E. Club executive board the first Monday of every month.
4. Annual picnic at the Hillsborough State Park.

FRATERNITIES

TEKE

"Spring cleaning" came a month early when the Tekes moved into their new chapter rooms on the second floor above the library. Floors were scrubbed, furniture moved, and muscles strained. Future plans call for a paint job, new rugs, upholstering of furniture, and building up of the chapter library.

Pledge Class

The Teke pledge class officers are Angelo Perez, jr. prytanis (president); Joe Wilkinson, jr., Epiprytanis (vice-president); Nick Nichols, jr., Grammateus (secretary); Sam Capitano, jr., Crysopholes (treasurer); Wayne Merrell, jr., Pylores (Sergeant-at-arms); and Buddy Banks, jr., Histor (historian).

TO

Tau Omega Social Fraternity will hold their Annual Ring Dance tonight at the Tampa Yacht and Country Club. The dance is formal and admission is by invitation. Victor Ruez and his orchestra will play for dancing.

The dance is patterned after the traditional Ring Dance held each year at Annapolis and the local group will present their chosen lady a friendship ring while standing under a huge ring which will help to portray the theme of the dance.

Sponsors for the dance are Mrs.

Ted Green, Mrs. Ed Pec, Mrs. Jerry Cuervo and Miss Elvira Tamarago.

SKN

The Sigma Kappa Nu fraternity adopted 12 daughters of the University. Informal notification came on the first day of spring, when members of the fraternity visited the girls residences and presented them with a bootie with flowers in it. This happened in the early hours of the morning.

The girls adopted along with their proud fathers are Diane Bidwell, Dave Janasik; Joan Seargent, Jim Mayo; Rosie Durand, Kip Felentzer; Norma Twining, Dale Nabors; Ida Felicione, Jim Berfield; Phyllis Hagen, Jim Metcalf; Barbara Harding, Gene Peeples; Doris Cothorn, Dick Wilbert; Sylvia Lopez, David Byars; Genia Victoria, Frank Scaglione; Joyce Newell, Cecil Cheek and Marilyn Sollish, Joe Hewlett.

That evening of the first day of spring, a banquet was held at the Cricket Tea Room for formal adoption. Some 65 people were present. Guests included old daughters and escorts, Dean King and her husband and Dean Burnside.

SORORITIES

ZTA

The Gamma Sigma Chapter of Zeta Tau Alpha Fraternity held their formal installation of officers in the sorority room on March 9th,

and those installed were:

Barbara Whitley, President
Carolyn Turner, Vice-President
Mary Lou Roos, Secretary
Jackie Fitzgibbons, Treasurer
Anna Cagne, Historian
Joyce Curry, Ritual Chairman

The Zetas, after a very busy rush season, have pledged ten new girls. The pledge service was held in the sorority room Sunday, March 20th. The pledges were also presented with their Big Sisters at this time. Those now wearing the turquoise blue and silver pledge pins of Z.T.A., are: Pat Akelewicz, Angela Alvarez, Pat Bullard, Pattie Clark, Sally Lou Correll, Judy Goldsmith, Shirley Gooding, Patsy Maddox, Jan Johnson, and Eleanor Mayo.

The actives gave the new pledges a dinner at the Las Novedades Restaurant, Tuesday, March 15th.

The chapter is very proud of the three Zetas, who were candidates for the May Queen. They are: Rosie Durand, Tau Kappa Epsilon; Barbara Whitley, Sigma Phi Epsilon; and Alice Ortabello, Tau Omega.

All the Zetas are busy planning their annual formal dance, "The Stardust Ball," which will be held April 15th. This dance is in honor of the new pledges.

The chapter has secured a house for beach parties and all the actives and pledges are looking forward to a grand time.

**PATRONIZE
OUR
ADVERTISERS**

MUSIC GROUP TO HOLD RUSH PARTY

Deep sea fishing will be the feature attraction of a Kappa Kappa Psi, honorary men's music fraternity, rush party on Sunday. Vince Tata, secretary-treasurer of the group, said the group would leave from the band room at 6:45 a.m., Sunday morning, March 27th.

Warren Haasl, president of the band said they would go out on the 75 foot Sea Hawk, from Clearwater. The trip would last all day from 8 a.m. to 5 p.m. Hot meals will be available aboard the boat, and drinks will be furnished by the fraternity.

Professor Eusacio Fernandez and Dean Boyd Burnside will be special guests.

Drama Fraternity Initiates Pledges

The Alpha Kappa cast (chapter) of Alpha Psi Omega National Honorary Dramatic Fraternity inducted eight new members in special initiation ceremonies last Tuesday night in the Dome Theatre.

The new members of the dramatic society are Barbara Allen, Diane Bidwell, Dache Reeves, Doris Ann Duval, Shirley Alvey, Jim Friedman, Vincent Petti, and Jean Robinson.

The degree team administering the rituals included Mrs. Frances Allen, Director of Drama, and the four members of the group, Ann Aulick, Joy Ellis, Charles Nundy, and Nicio Vega.

Moonlight blue and amber, the

fraternity's colors, were featured in ceremonies, which lasted over an hour. Light refreshments followed the initiation.

The local chapter of Alpha Psi Omega was reactivated last fall after a two year absence. The dramatic group is limited only to those who have shown exceptional work and ability on the stage, and in the crews. Alpha Psi Omega is the largest college society in the world with over 300 chapters. The University of Tampa chapter, the 34th, was established in 1935 and boasts many famous alumni including Martha Franco of the Tampa Little Theatre. Members of the faculty who are also APO members include Mrs. Allen and Franklin Q. Moody.

Mrs. Allen said because of limitation in membership, many other students narrowly missed induction. However, she pointed out, there will be another rush period after the next drama production in May. Those who missed invitations to join will be considered.

Students who made honorable mention include B. J. Brown, Barbara Harding, Sally Lou Correll, Vince Berastique, Jack Gonzalez, and Patsy Maddox.

**No other cigarette is so rich-tasting,
yet so mild!**

P.S. No other brand has ever been able to match the pure pleasure in Camel's exclusive blend of costly tobaccos! That's why Camels are America's most popular cigarette!

B. J. Reynolds Tobacco Co., Winston-Salem, N. C.

SPORTS VIEW

by Charles Archibald

HOWIE BERNSTEIN made the Florida Times-Union's ALL-STATE COLLEGE BASKETBALL TEAM at one of the guard positions . . . Howie connected for 421 points on 169 field goals and 83 foul shots and an average of 21 points per game during the regular season . . . being the highest scorer for the SPARTANS, he was always a threat to score and was the sparkplug for the cagers . . . congratulations to Howie Bernstein — All State.

BASEBALL will still be in the limelight here at the University as a number of baseball players from school hope to be performing in the Municipal League, a Sunday morning baseball league . . . among the players are Kip Felentzer, manager; Ken Nuzoff, Bob Martoski, Andy Marcus, Ray Mangrum, Charlie Archibald, Bob Gambrell, Dee Ashburn, Tony Scionti, John Herrick, Frank Scaglione, Frank Traina, Jim Mathis, John Alfano, Bill Minahan, Frank Schubert, Jim Moore who have signed up for the team . . .

SHIRLEY KEENE who performed so well for the Tampa Spartannes during the basketball season was named on the State All-Star team during the recent tournament, directed by the Recreation Department, at the Trailer Park Gym . . . she was among the six players named on the team, by ballot of the officials, representing the second team All-Stars . . .

MONDAY IS THE CREW RACE on the Hillsborough River as our Crewmen vie with the Amherst Crew during the afternoon . . . there is no charge for watching the race and for an ideal spot try to get near the rear of the Municipal Hospital beside the channel . . . expected to start on the Varsity crew are Stroke, Herb Vater; No. 7, Ronnie Pinner; No. 6, Frank Schabert; No. 5, Charlie Meyer; No. 4, Bob Philon; No. 3, Larry Mason; No. 2 Johnny Alfano; Bow. Dale Nabors; and Coxswain, Jerry Voyer.

REMAINING HOME SCHEDULE FOR CREW after Monday's race includes: AMERICAN INTERNATIONAL, Tuesday, April 5; FLORIDA SOUTHERN, Saturday, April 16; ROLLINS, Saturday, April 23.

FOOTBALL PRACTICE UNDERWAY for Spring as our 1955 edition of the SPARTAN gridders settled down to serious work during the wee morning hours for the past few weeks . . . the squad looks to be in good shape and another great season is expected come fall . . .

KIP FELENTZER, was among the top hitters in the Flop Softball League during the winter season . . .

JEROME SIERRA, another University of Tampa student, is the President of the Flop Softball League . . . this league has been growing since its inception due to the hard work of Jerome . . . he was also the President of the Municipal League last season and can be heard on WDAE helping to publicize University of Tampa athletics . . .

SUPPORT YOUR SPARTAN CREWMEN on MONDAY, at the crew race on the Hillsborough River against AMHERST!!

WOMEN'S PADDLE TENNIS REACHES SEMI-FINALS

The women's intramural paddle tennis tournament has reached the semi-finals with Shirley Keene, Ind., playing Shirley Tucker, Ind., and Diane Kushmore, D.Z., playing Shirlee Corliss, Ind.

The results of the second and third week of the paddle tennis tournament are as follows:

Mary Lou Roos defeated Gordon Ann Sumner.

Shirley Tucker defeated Carolyn Turner (forfeit)

Eleanor Ebsary defeated Martha Menendez

Shirley Keene defeated Nanette Nivens (forfeit)

Diane Kushmore defeated Joan Strauman

Flo Benitz defeated Jackie Fitzgibbons (forfeit)

Shirlee Corliss defeated Penny Hancock (forfeit)

Mary Lou Roos defeated Alice Ortabello (forfeit)

Shirley Tucker defeated Eleanor Ebsary (forfeit)

Shirley Keene defeated Bobbie Robles (forfeit)

Diane Kushmore defeated Flo Benitz (forfeit)

Fifteen out of twenty-two games have been forfeited up to now in tournament play which means that only seven games were actually played.

Registration by these people who did not bother to show up to play has slowed the tournament so that it has taken four weeks for completion. If only those people who intended to play would have entered, the tournament could have been completed in one week.

Percentage wise the organizations who forfeited are:

	Per Cent
Zeta Tau Alpha	78
Alpha Chi Omega	45
Delta Zeta	28
Independents	17

Shirley Keen Named To All-State Honors

Sharp shooting Shirley Keene was named to the All State second team at the close of the State Women's Basketball Tournament held in the Trailer Park Gym last week. Shirley was high scorer for the University of Tampa Spartannes in all three of their games with a 20 points per game average for the tournament. Two of the games were played with six minute quarters.

The Spartannes bowed to the St. Petersburg "Hilltoppers" in the first game, by a score of 73-50. They came back to win over the Orlando

Comets in the first consolation round 31-29. They dropped the semi-final consolation round to Bailes-Sey of Jacksonville.

Jacksonville Pepsi-Cola ran over Pensacola Navy for the championship by a score of 81-52. R. H. Hall of St. Petersburg beat Bailes-Sey, 94-61, to win the consolation round.

Fifteen teams were entered in the tournament, representing the armed services and industrial organizations, as well as the University of Tampa. Seven teams were represented on the All State selections.

SCHOLARSHIP DAY AT SUNSHINE PARK

FUTURE TEACHERS HOLD MEETING

by Robert Brenner

The Florida Association of Future Teachers of America held their annual convention here in Tampa on March 17th, 18th, and 19th. Anyone attending these meetings was inspired by the many outstanding educators we were able to obtain as speakers. Betty Jean Henderson delivered our first address when the gavel came down at the first meeting Thursday. This was followed by an address from Dr. G. Ballard Simmons, Coordinator for F.T.A. In the evening all Florida educators heard a speech at Fort Hesterly Armory by Dr. Murray Banks, entitled "How To Live With Yourself." This was followed by a social hour in the University of Tampa Ball-

room with Bob Brenner serving as host and Shirley Gooding as hostess.

Friday morning everyone attended various discussion groups which were a help to all in realizing the problems education and educators face in these troubled times. The F.T.A. luncheon was held at the Hyde Park Methodist Church. The guest speaker was Mrs. Doris Skipper, director of Off Campus Instruction at Florida State University.

At the general assembly that evening we had as guest speaker, Governor Leroy Collins. All executive council members were honored by sharing the platform with him. Bob Brenner was the representative of Tampa University. A reception and ball were held following the general assembly at the Municipal Auditorium.

Pensacola back signs — Mike Whitwell of Pensacola Catholic High, received the only University of Tampa football scholarship offered by the Spartans this Spring. Whitwell is six feet tall and weighs 178 pounds. Left to right: Coach Marcelino Huerta, Whitwell, and Backfield Coach Angus Williams. (Times photo)

TO THE EDITOR

"What's Wrong With Tampa U. Men"

To Janie Wallflower:

The answer to "What's Wrong With Tampa U. Men?" is very simple. The situation doesn't apply to just T.U., but is nationwide. GIRLS ARE NOT WHAT THEY USED TO BE! There was a time (I can vaguely remember) when girls were girls. Now they are just caricatures of men.

There was a time when girls looked like girls. Now they wear pants like men, shirts like men, shoes like men, cut their hair like men. There was a time when they acted like girls. Now they smoke like men (I even saw one the other day smoking a pipe!), they drink like men, their vocabulary is as risque as men's. Some are not content with looking and acting like men. They even go to Denmark and change to Men!

The only time they even resemble women is when they're dressed up for a big formal. Consequently, the days of "walking your girl around the block" are gone. A man can get the same enjoyment in walking around the street with his buddy.

Men are men! Women are women! Some propeties are reserved for men, others for women. Why should women invade the sacred bliss of manhood? How would girls feel about men if they saw them wearing ballerinas, high-heel shoes, two inches of makeup over their beards, have their toenails painted, and their hair down to their hips? The same impression is derived when I see a girl? with loafers, dun-

garees, a white collar shirt, a crew-cut, smoking a pipe.

How I long for the simple, ordinary girl! There are still a few left, however, they will soon be as rare as the whooping crane. Change your ways girls, and you'll notice a change in men! But until then, you'll have to be content with the way we are now..

Joe College

The Steps We Take

by W. Bruce Banks

Have you ever noticed the foam on a glass of beer? It doesn't serve any useful purpose; just floats there, looking dead, and taking up space that could be used for more beer. I wonder if you've ever noticed how much like that foam our student body is; just floating on top of the school, looking dead and taking up space for four years. I'll admit that once-in-a-while an extra big bubble floats to the top, but usually it just bursts, or gets so big

(Continued on Page 7)

Students May Be Suspended For Violations

Violators of University parking regulations will pay their fines, or be subject to suspension from school, according to Dean M. C. Rhodes.

All students are required to have student identification stickers. They may be obtained from the Student Senate. Car owners who don't display stickers are not entitled to park in the University area. If they do they will be identified from their license numbers.

Students will be employed and paid by the University, to give out tickets and enforce the regulations. Dean Burnside, who is looking for student officers, said that he expected the revenue from fines would pay the salaries, at least for awhile.

Funds To Be Carried Over

Student funds will be carried over from year to year according to Dean M. C. Rhodes. This will apply to the basic funds as well as to the profits from operation of the Minaret, Moroccan, and the Student Senate.

He said that he hoped a reserve would be built up by each organization which would be available in lean years. The Minaret is expected to have several hundred dollars balance and the other organizations will probably have substantial balances.

Dean Rhodes said that responsible officers in the student organizations should feel a responsibility to pay their own way, and not to obligate future student bodies to pay a deficit.

Student leaders have been asking for this privilege for some time. Only in the past few years have student activities shown signs of

breaking even financially. Dean Rhodes said that a couple of years ago the school had to absorb a fifteen hundred dollar deficit for student publications.

IN THE DARK about which cigarette to smoke? Take a hint from the Doodle above, titled: Two searchlight crews, one asleep, one enjoying better-tasting Luckies. Your search is over when you light up a Lucky. You'll find out why college smokers prefer Luckies to all other brands, as shown by the latest, greatest college survey. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better... cleaner, fresher, smoother. So, enjoy the better-tasting cigarette... Lucky Strike.

Dean Burnside Has Broad Experience In Education, Red Cross and Music

by Celestino Fernandez

To be the Dean of Men of any college, small or large is not an easy job and requires a lot of experience and educational background for any one who wants to do a good job in that position.

In our University of Tampa we have a man who has done a terrific job since his coming in last September and whose background is most interesting.

Dean Burnside was born in Muscatine, Iowa of Scotch-Welch-Dutch parentage. He graduated from the University of Chicago in 1941 (Ph.B.) and in 1947 obtained his Master of Arts Degree in Education Administration.

Prior to World War II Dean Burnside taught in the public schools in Chicago Heights, Illinois and in Stoughton, Wisconsin for six years. He also taught in private schools in California for a year. At the same time he handled other activities in school. For instance in Chicago Heights he coached the track team. In Stoughton, he handled the high school orchestra, a church choir, a community orchestra and served as sponsor to hi-Y activities. While teaching in private schools he served as dean of boys and assisted in sports.

Compliments
of
CONIGLIO BROS.
PRODUCE, FLA.

During the period of 1942 to 1950, Dean Burnside served with the American Red Cross. He was assigned overseas with the 104th Infantry Division (The Timberwolves) and served with them during their training and war period in the ETO. After the end of war in ETO he was assigned to the Philippine Islands in the capacity of supervisor of military welfare in Luzon, later in 1945 was transferred to Korea as Supervisor and Assistant Area Director. After returning from overseas in 1946 he was assigned with the Disaster Service out of the San Francisco Office of the American Red Cross. While on the Disaster Service he acted on several major disasters—Flood near Elmira, N. Y. in 1946; Louisiana-Mississippi Hurricane, 1947; Maine Forest Fires, 1947-48 and in several other disasters. In September 1948 he was sent to Tripoli, Libya to establish a Red Cross Communication Center there covering points in

Greece, Turkey, Iran, Saudi-Arabia and Eritria.

In 1950 he resigned from the American Red Cross and took a position at Grinnell College in Iowa. At Grinnell College he was a member of the Faculty in Education and Associate Director of Admissions.

And in 1954 he came down to the University of Tampa to become Dean of Men.

We asked him if he had heard of the University of Tampa before his coming down and he said "Yes, I had heard of the University of Tampa before taking my job here, as in admissions work it was my business to know colleges and universities. However Florida was the only state I had not been in prior to my coming here during the summer to see personally what Florida, Tampa and the University of Tampa were like before making a final

it is pushed out all together.

I noticed the other day that some university or the other was worried about a loss in school spirit. We don't have to worry about that at T.U. No one ever had any to lose!

Even wondered why, in a building as old as this one, there were no ghosts, but I guess it's just too dead around here for any self-respecting haunt to bother with.

Overheard a winter visitor to say, "I like the way this school is laid out." "Don't know how long it's been dead, but I like the way it's laid out."

Take for instance the cheering section at the football games. When they yell, "Go team go," it sounds like a coffin opening or the last gasp of a dying bullmoose. Are they cheering, or trying to frighten the

enemy into thinking were a collection of zombies?

Maybe some of it is the instructors' fault. It's only opinion of course, but it seems that, somewhere there must be a division between teaching and brow-beating!

If school spirit was alcoholic, I'd swear that prohibition was still in effect, but it's one kind they can't bottle. Each individual has to distill his own.

Just remember that you can always blow the head off of a glass of beer, and there are some heads around here that will have to roll before we can really get to the brew.

Of course a lot of drinkers develop a taste for the foam if there's not too much of it. Maybe that's the answer here; a little foam, more beer and a lot of spirit.

years and hopes very much that she will be in office next year.

Sophomore Class

Rey Yvars, class president, stated that he will definitely run again for office. Yvars did not state what office he will choose to run for, but guaranteed that he would toss his "hat into the ring" soon.

Mary Lou Roos, class vice-president, said that she will definitely run again. Mary Lou, who is on the Publications Committee, and a regular attendee at senate meetings stated that she would be soliciting votes for vice-president when election time rolled around.

Connie Felicione, class secretary, also senate secretary, stated that because she is going to graduate next year, she is going to run for a senior office. Connie has attended summer school and will have enough hours for senior qualifications. As to what office she shall select to run for, Connie has not decided yet.

Shirley Tucker, class representative, said that she is not running for office next year. Shirley gave no reason for not running, but hinted that her studies were getting a bit behind.

Freshman Class

Bob Swirbul, class president, will not run for office this spring. Swirbul, an active worker in the senate said that he would like very much to run but will not be able, because of his ineligibility.

Rosemarie Rogers, class vice-president, told the Minaret that she will definitely run again for office in the senate. Rosemarie said that vice-presidency of the sophomore class would probably be the office she will run for.

Ida Felicione, class secretary, will be in the running for secretary of the sophomore class. Ida has been very active in school affairs as well as a representative of the University in several beauty contests.

Phil Rotolo, newly elected representative, will not be eligible for re-election. Rotolo since coming to the senate was named to the Parking Commission and has been active in many projects.

DEAN BURNSIDE - - -

decision. Naturally my impressions were all good or I would not have come. I sincerely feel there is a real opportunity for an educational institution such as the University of Tampa, in this area and that Florida is one of the progressive, growing states looking toward its future—not its past."

Besides his duties as Dean of Men, Dean Burnside has been asked to serve as Alumni Relations Advisor, representing the administration at the meetings of the Alumni Board of Directors. He has been assigned to set up a permanent placement service for graduates and alumni of the University. This will be maintained with Dean King and himself serving as Placement Counselors. He also has represented the University at the National Civil Defense School last Fall, held in Miami for Florida Personnel. Now he serves on staff of CD—on call, and especially in a speaking capacity for CD.
