UNIVERSITY OF TAMPA, TAMPA, FLORIDA

Tuesday, Feb. 15, 1966

## Henry B. Plant Hall Named

Unveiling of a commemorative plaque and the renaming and dedication of the main building of the University of Tampa, formerly the Tampa Bay Hotel, as Henry Bradley Plant Hall highlighted an open house that was held at the University from 2-4 p.m. Sunday, January 30.

Mrs. A. Sydney Roberts of Palm Beach, the great-granddaughter of H. B. Plant, unveiled a marble plaque on the east veranda. The plaque was installed in lieu of a new cornerstone to replace the hotel's original one, now missing. It is believed to have been covered or destroyed during renovation of the building.

Behind the plaque, a sealed copper box with memorabilia of 1966 was inserted in the wall. Included articles in the box are the University's 1966-67 catalog, a letter from the president of the University's Student Congress and of the Senior Class, the convocation address of September 21, 1965, by Dr. David M. Delo, University President; the Associated Press recent feature article on the University, a short history of the Tampa Bay Hotel, and other important papers.

Members of the Chiselers, Inc., women's service auxiliary to the University, were the hostesses at the reception throughout the open house in the Dome Room, lobby and ballroom of the main building. Women guides for the new tours of the building,

(Continued on Page Two)

Tampans cited were Mayor Nick Nuccio, who received the honorary degree of Doctor of Humane Letters for his public service, and two emeritus trustees of the University, Jerome A. Waterman and Morris E. White. Honored for their service to the University and community, Waterman received an honorary Doctor of Humane Letters degree and White, a Doctor of Laws degree.

## Beware

By Eileen Cohen

Greetings! For those of you who have already received such a letter this article comes too late, but for young men who hope to avoid such a salutation, read on.

As most men know, the U.S. has been increasing its armed forces for the past several months and will continue to do so. A major issue that has arisen concerns the deferment of undergraduate and graduate students in thousands of U.S. colleges.

The deferment of a student is based on a determination that he is full-time and remains a satisfactory student. The local boards must use their best judgements to determine the amount of hours required for full-time standing. Any student who is expelled from an institution is subject to reclassification which very likely will result in early induction.

Because student deferment is a privilege and not a right, students have certain responsibilities regarding this.

Following is a brief list with which students should be familiar:

—keeping fully informed of their obligations and their rights under Selective Service

—sending current address to local draft board.

—Taking immediate action if planning to appeal reclassification into 1-A. There is a 10-day time limitation for appeal which starts on the date of original mailing of the classification notice.

—any delay in receipt of notice may be sufficient to cause forfeiture of appeal rights.

New Library Rendering

The long sought after acquisition of the Tourist Center site has finally become a reality with the signing of a 99 year lease with the City of Tampa. The new University of Tampa library, pictured above, will be built on that location, which faces the Curtis Hixon Convention Center.

According to the architects, Fletcher and Valenti, the new building will be a 41,000 square foot, white stone, red brick and glass edifice. The design will be somewhat similar in appearance to that of the Student Center.

A proposed date of September, 1968 has been set for the opening of the library. To meet this date, a budget of \$1,250,000 has to be funded. The University will obtain 30% of this total through Federal facilities funds, the remainder to be raised by the University.

Upon completion, the library will seat 700 students and house 150,000 volumes, with room for expansion and for later additions.

The ground floor will be divided into a shelving area, containing up to 35,000 volumes, and three classrooms, whose size can easily be converted by movable partitions to allow for ample spacing of reading and study areas during peak hours. Adjacent to the lobby there will be a display center for art objects, rare books, and paintings.

The second floor will be primarily a reference and study area, containing a technical processing department, small private study rooms, circulation desk, card catalogs and large stock areas.

A rare book and archives room is proposed for the third floor, containing up to 75,000 volumes. This floor will also include audio-visual and typing rooms, lounges and study halls.

(Continued on Page Two)

## Let's Lead

The Student Union will hold a leadership Conference for all Campus Organization Officers. This conference will run for four consecutive Tuesdays; Feb. 22, Mar. 1, Mar. 8, and Mar. 15, and will be held in the International Room at 8:00 p.m.

The purpose of the Conference is to equip the participants with the knowledge and working tools of leadership so they can be of more value to their respective organizations, now as well as in the future.

The program will be as follows: Dr. W. T. Jennings of the University of Tampa will speak on the Psychology of Leadership; Ted Wendland of Tampa Electric will speak on Parliamentary Procedure; Planning and Running a Meeting, by James Couey of the Tribune Company; and the Problems of Leadership will be discussed by Dean Michael DeCarlo of the University of Tampa.

This conference is intended for officers of the various campus organizations; however, any interested person may sign up. Because of space, the number of participants will be limited. Therefore, the first one hundred persons who register will take part.

## Air Rates Reduced

The rumors you've heard about the reduced airline rates for students are true. On February 19 the changes will go into effect for all Eastern flights and those National flights from major cities.

In order to qualify for these student rates you must be between the ages of 12 and 22. From the day of your 22nd birthday you must pay full fare. A \$3 I.D. card, necessary to get these reduced rates can be obtained at the airline ticket office after filling out an application and showing proof of age.

No advance reservations can be made, and places for those flying under student rates will be available after military stand-bys. Due to peak periods of flight around the holidays these rates will not be effective April 7, November 23 and 27, December 15 to 24, and January 2 to 4.

This half price, stand-by rate will make it possible to fly by jet in the coach section to New York for \$33.70 and to Miami for \$8.80.

## Gift Given To U. T.

An unrestricted grant of \$2,500 for the 1966 year has been contributed to the University of Tampa through the Cities Service Foundation on behalf of U.S. Phosphoric Products, Division Tennessee Corporation.

Dr. David M. Delo, University president, accepted the check from M. K. Gill of Tampa, vice president and general manager of U. S. Phosphoric Products.

Dr. Delo said the gift will be allocated for the fund for the University's new library.

# MINARET

The Minaret is published bi-monthly by the students of the University of Tampa, Tampa, Florida

(Publication is suspended one week prior to and one week following vacations.) Editorial content is decided upon by the Editorial Board appointed by the Editor-in-Chief.

All letters to the Editor are reviewed by the Editorial Board—content, however, is in no way altered. ## Welcome Mat

To all new and returning students, may we extend a hearty "Welcome!" This Spring semester promises to be an eventful one, with Spring Rush, Greek Week-end, and all Sorority and Fraternities Formal Week-ends, Harold's Club and the Hawaiian Luau to name some of the activities. Along with all the fun-and-games will be the usual professors' push to get us to absorb a little book-learnin'. They don't ask much of us, just that we do what we came here to do . . . get a good education! So, buckle down with those books, and you will have plenty to keep you busy both socially and scholastically.

## WHERE WERE YOU — WE MISSED YOU!

Monday, January 31, 1966, Curtis Hixon Hall was the scene of the University's first January graduation since 1953.

For the graduating seniors it was a memorable occasion but where was the rest of the student body? It is a sad day when the leaders of our school can't find the time to support functions such as these. What are we all doing that manages to keep us so busy all the time?

We sit back and complain that there is no school spirit and that there is a lack of communication between the administration and the students but what do we actually do to bridge the gap?

Let's start here and put our best foot forward. It's not so difficult to give up two hours of our time to support an important function. Bonanza can't be that good! After all how would you feel receiving your diploma with five hundred empty seats staring you in the face?

## BUTTON, BUTTON . . .

### WE'VE GOT THE BUTTON!

Festooning lapels, sweaters and jackets, a two-inch black and orange button is beginning to be seen here and there on our campus.

Strictly a student innovation, this little button with its black minarets and the printed message "University of Tampa Student" has a purpose.

It is to let the merchants of Tampa know just how many student dollars are being funneled out of many a tight budget into this community's economy.

(It may also be a manifestation of the student's desire for recognition.)

But its avowed purpose at this time is sufficient. A couple more sound ideas like this and our student body, with a victorious football season under its belt and a thumpingly successful Diamond Jubilee, will weld itself into a group with esprit de corps and camaraderie.

Let's go, Spartans . . . one and all!

## LITTLE MAN ON CAMPUS

## LETTERS TO THE EDITOR

### Are We Mature Or Not?

I have just had an experience that I feel should be shared with other students who I am sure were faced with the same problem in the past.

To my great surprise, I found that as a supposedly mature college student, I was not capable of choosing the professor of my choice in my major field of endeavor. Not only did this discovery appall me but the fact that I had to suffer because a handful of parents didn't think that their little kiddies should take night courses. I suppose that these considerate parents feel that junior's mind stops functioning at 4:00 p.m. But on week-ends it is perfectly all right for him to come strolling in at 1:00 a.m.

How can we students who hope to see this institution develop into a major storehouse of knowledge stand by while some fuddy-duddy parents have such a stronghold on the policy set forth by the administration?

If enough of us cared about our rights as college students with intelligence to get in, in the first place, then this very incident would never have come about today. If we permit ourselves to be treated as high school students then we will be treated as such - this not only applies to our choice of courses, but to governmental and social functions as well.

E. M. C.

Like all others interested in the University of Tampa, we rejoiced in the news that a beach house at Indian Rocks had been given us by the Guy Webbs.

Aid the dawning, tongue and pen;  
Aid it, hopes of honest men!

But the news release on the donation indicated that utilization of this new facility would primarily be limited to the faculty and group study projects.

We have no quarrel with that.

It does, however, occur to us that perhaps much wider utilization could be made of what is essentially a recreational facility.

Would it not be possible—and wouldn't Dr. Delo give it serious consideration—that this could be used by the students occasionally for purely social events?

Such certainly could be adequately chaperoned with the University staff at hand.

And who is to say that a day in the sand and surf wouldn't make the approach to a stiff curriculum more bearable . . . and more profitable.

Name withheld upon Request.

To the Editor:

I have just recently listened to a local T.V. news report regarding the ridiculous display of abnormal abstracts called "Art"

### Henry B. Plant . . .

(Continued from Page One)

sponsored by the University of Tampa Foundation, were available to take interested persons on tours. The tours will be a continuing project and are expected to attract visitors from all over the nation to view the building. The tours are scheduled to be conducted three times a week and upon appointment by special groups.

The special tour guides have been instructed in minute detail about the architecture, furnishings and history of the building. Also historic photographs will be displayed.

## Peace Corps Guth Visits Campus

Visiting our campus last week was William A. Guth, a former Peace Corps volunteer from Pakistan.

Mr. Guth obtained a B.A. degree in 1958 from Ohio Wesleyan University in Delaware, Ohio, where he majored in Business.

During his college summers he worked in summer theaters as Publicity Director and did free lance advertising films. While in College he was Director of Ohio Wesleyan radio and Editor of the Ohio Wesleyan student newspaper.

In 1961 and 1962 Mr. Guth represented the Peace Corps in Dacca, East Pakistan. His assignment was to work with the Pakistanian Government producing educational films on cooperative and rural public works. He also did films on nutrition and economics.

Following the Peace Corps stint, he remained in Pakistan for an additional two years forming with a Pakistanian a film producing company. He is presently employed by the Peace Corps Division of Recruiting.

that were on display for the general public to view in the Art building at the Florida State Fair. A full investigation has been asked according to the TV news report of February 9. It was stated that this type of Art(?) is understood by only those creating and should not be considered the taste of the majority of the viewing public.

I couldn't agree more. What disturbs me is the fact that a representative of Tampa University, who teaches Art in our lovely school, also displayed a work of his (for the general public's viewing) which falls into the same category that has been condemned via the TV news report. As you might guess, this writer is one of those poor souls that agrees with the multitude that a tree should look like a tree.

Fred Smith  
"Art Lover"

### Raise High . . .

(Continued from Page One)

In speaking of the new library, President Delo expressed his concern for the present facility regarding seating space and book storage in meeting the needs of a growing student body. The increase in enrollment, anticipated to reach 2000 full-time students by 1970, makes the new library mandatory at the earliest possible date.

Dr. Delo stated, "I have been giving it top priority in thinking and planning for the overall expansion of the University."

by Tommy Imbema

Students, are you depressed? Have your studies got you down? Are you tired of your mediocre weekends? Do you long for the glamour of Las Vegas? Well here is Lucky Lovely's formula for the new semester blues, "Come and enjoy an enchanting evening withh Tampa U's annual Harold's Club, where anything goes, and your problems will be ended. This is the social event of the year!"

We'll have refreshments, but who will be able to eat with the many diverting activities going on? There will be vivacious girls to take your hat and coat, and sophisticated men to guide you unescorted ladies throughout the night. We're going to have a brilliant floor show with that renowned and hilarious Jack Espinosa, plus other featured attractions. I'm sure you'll find time to leave the Main Ball Room to visit our Casino Room and our Silver Dollar Room to partake in various rewarding games. Many of you will take a fancy to our untried Roulette Wheel, and others will find Chuck-a-Luck, Blackjack and numerous other games just as inviting. For those of you who know how to manipulate those cards, come to our various Poker Tables. By the way the skies' the limit and also there's a surprise awaiting you once you enter this reproduced Reno.

Don't forget, come in semi-formal attire, February 19, 8:30 p.m. The cover charge is a mere \$.75 stag, \$1.25 drag. Come early, we'd hate to have to turn so many people away again.

## UNIVERSITY OF TAMPA

### SKI TEAM DANCE

by Richard Randazzo

The University of Tampa Ski Team is planning a big dance party Saturday evening, March 5, 1966, at the Men's Garden Club, located near the Tampa International Airport.

Ice and soda will be available at the club. Tickets will be on sale soon for \$2.00 drag and \$1.25 stag. Go-Go girls and the fabulous "Trojans" will be on hand to entertain.

All proceeds will help support the University of Tampa Water Ski Team.

### REMEMBER!!!

Deadline for applications to intern for fall semester is on or before February 15.

## Progress Report

The Forward Fund will officially get under way on April first, and last until May first under the chairmanship of Mr. Fred D. Learey. This year's proposed goal is set at \$180,000.00.

The monies which are collected are used for increasing the present salaries of the faculty, as well as adding to the faculty when it is needed. The fund also will add money to the University of Tampa football team, as well as furnishing equipment for the athletic and Science departments.

## Forward Fund Chairman Elected

Fred D. Learey, president of General Telephone Company of Florida and a member of the University of Tampa board of trustees, has been named as chairman of the University's 1966 Forward Fund campaign.

Purpose of the annual campaigns is to raise funds for operational expenses with the aim of improving the University's overall program. A goal of \$130,000 has been set for this year's drive, Learey said. It will begin March 1 and continue through April.

The Forward Fund was initiated in 1964 to secure public support to enable the University to bridge the deficiency between income and necessary expenditures. In the past the University, a private, independent institution, has depended upon student tuition and fees for approximately 90 per cent of its income.

Contributions obtained in the fund campaign go toward such operational programs as new educational equipment, additional volumes for the library, increased student services, supplemented faculty salaries, and an expanded alumni program.

A total of \$161,840 was raised in the 1965 campaign, which topped its goal. The 1964 campaign also was successful.

Learey is active in civic work. He is president of the Greater Tampa United Fund, whose 1965-66 campaign was highly successful. He is a member of the board of governors and executive committee of the Greater Tampa Chamber of Commerce, a director of the Florida State Chamber of Commerce, and a member of the construction and community development committee of the National Chamber of Commerce.

He is also a member of the executive committee of the Florida Council of 100 and the board of directors of the Red Cross, Citizens Safety Council, Exchange National Bank of Tampa, and New College, Sarasota. He is affiliated with the Boy Scouts of America, the Florida Telephone Association, the Golden Triangle Civic Association, and the Rotary Club of Tampa.

In accepting the chairmanship, Learey said, "I consider it a privilege to serve as chairman of the University of Tampa 1966 Forward Fund Campaign."

## One, Two, Three, Kick

The first Spartan drill team held its opening meeting on Friday, February 4 in the Dome room.

Mr. Fred Smith, the team's director, discussed the goals of the new organization and set up the general format for the Spartanettes. Such events as: a trip to the Houston Astro Dome with the football team next fall and a performance in the Orange Bowl and Gator Bowl head up the list for exciting possibilities for the team during the upcoming year.

Mr. Smith is well known for his participation in this field. He has been developing youth groups of various types for twenty years. His drill teams have performed in the major bowls, pro-football games as well as presidential inaugurations. Mr. Smith has said "any girl with one left foot and one right foot is eligible to try out." No previous experience is necessary as Mr. Smith prefers to train his girls himself.

The team's proposed uniform is very attractive, and resembles that of a Spartan Warrior. It will be versatile so it can be worn in different styles to meet the occasion at the various performances.

The drill team is sponsored by the Athletic Department with assistance from Dr. Stevens and the Music Department. Professor Philips of the Drama Department has volunteered to do the choreography for the team's routines. Various groups have shown interest in the new organization and will do all they can to support it.

It has the needed backing from the University as well as Civic groups. The next meeting will be held in the Dome on Tuesday, February 15th at 4:00. Any interested coed is welcome. If she is not able to come, someone who is attending should get the information for her.

## Were You Aware That

The Gordon Keller School of Nursing was established in 1910 in connection with the Gordon Keller Memorial Hospital located in Plant Park. There are approximately 110 girls attending Gordon Keller on a three year basis. They have classes throughout the summer. Each girl takes one or two courses each semester at the University of Tampa. As freshmen they are required to take Speech, Chemistry, Psychology, and English. As seniors, the girls are required to take Microbiology and Sociology. There is no need for men to complain about the lack of girls in the University area because all of the girls at Gordon Keller like to date, except for the married ones. Each of the girls lives in the Dormitory on Davis Island and are allowed visitors before curfew. The upperclassmen have 12:00 midnight during the week and freshmen have 10:30 P.M. daily.

Most of the girls work at Tampa General Hospital from 7:30 A.M. to 12:00 noon and attend classes in the afternoons. These girls attend University of Tampa activities and all of their activities are open to our students. Posters will be placed in our main lobby to announce all of their functions.

## Wish You Were There

For those students who are already making plans for the summer, the Guidance and Placement Office, room 279A, may have some suggestions for you.

Students interested in a summer of work, study and play will be pleased to note that the University of Tampa is again working in conjunction with other university programs about the country in a "Study Abroad Plan."

The Study Abroad Plan was initiated last year at the University of Tampa. Two women students, Mary Arfaras and Susanne Vano, spent the summer in Palma da Mallorca, Spain studying the language and culture.

Miss Arfaras is presently spending her junior year abroad at the University of Madrid as a transient student. She was one of the limited number of college students selected to take part in the new program, which is part of the curriculum of Associated Mid-Florida Colleges.

One of the exciting programs offered this summer is entitled "Project Russia", which indicates a holiday in Switzerland followed by an intensive study of Russia and its role in the world today.

Application for such programs must be made well in advance and careful evaluation of each program must be made to be of full benefit to the student.

## Need A Loan?

The Student Aid Committee headed by Dr. Robert E. Wean, Chairman, is probably the most active faculty committee of the University. The activities of this committee embrace all scholarships and loan funds of the University. During the school year of 1964-1965 there were approximately 45 university controlled scholarships per semester, amounting to over 20,000, not including grants-in-aid to athletics and music. Out of 259 loans approved amounting to \$165,482 N.D.E.A. funds for \$150,000 took care of 212 of these individuals. This year increase to \$200,000 of NDEA funds will probably provide over 300 such loans. This year there will be more loans of the United Student Aid funds for some students who have been unable to borrow from the NDEA allotment. These figures are a sharp contrast to those of three years ago.

The Committee carefully evaluates all applications for loans and scholarships and frequently must return applications that have been carelessly completed by students. Carelessly completed applications plus late applications tend to add more time to the already time-consuming task of handling student aid. In addition to applying early enough for aid, and filling out the forms properly, a student should acknowledge receipt of a notice for an awarded scholarship or loan. It is an important courtesy to be extended by the student for his sake as well as the committee's.

### Brotherhood Week

To be held February 20-27, 1966.

Brotherhood is democracy at work, it is giving to others the rights and respect we want for ourselves.

### N. T. E.

The University of Tampa has been designated as a test center for administering the National Teacher Examination on March 19, Dr. J. C. Ho, director of testing, announced today.

College seniors preparing to teach and teachers applying for positions in school systems which encourage or require applicants to submit their scores on the National Teachers Examinations, along with their other credentials, are eligible to take the tests. The examinations are prepared and administered by Educational Testing Service, Princeton, N.J.

Bulletins of information describing registration procedures and containing registration forms may be obtained from Dr. Ho, associate professor of Psychology at the University of Tampa, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, N. J. Registrations must be submitted to the Educational Testing Service no later than Feb. 18.

All applicants for scholarships pertaining to the fall semester should be filed with the Committee before April 1 and all applications for loans should be filed before May 31. The various forms can be obtained from either Mr. Cook or Dr. Wean and should be returned to either individual.

In connection with NDEA, it should be remembered that a loan for one semester shall not exceed \$500.00 nor shall it exceed \$1,000.00 for the school year. One may apply for the amount desired for one full year, provided he indicates the distribution of the amount by semesters.

### NO I WON'T BE YOUR VALENTINE-

This white hunter is commonly known as Barry Hibben who is a sophomore at the University when he is not out hunting big game. Barry, however has had some very good teachers, both Barry's father and uncle are well known in hunting circles in this country and abroad.

## Roger Miller To Hit Campus

The University of Tampa will sponsor a performance by Roger Miller and the Good Time Singers, a "Ford Caravan of Music" event, at 8 p.m. March 27 at Curtis Hixon Convention Center.

Miller is well-known for such recording hits as "King of the Road," a million-seller; "Dang Me" and Chug-A-Lug." The National Academy of Recording Arts and Sciences voted him every possible award in the Country and Western category. He also received the two awards given annually by the Music Operators of America, naming him the most popular artist.

## With this one exception, GT&E blankets the world of electronics.

GT&E makes no effort to compete with nature's awesome forces. But we do the next best thing. We take the reason for lightning and harness it to everyday tasks.

In that way, we've helped to make the lowly electron mighty. And our own capabilities more extensive.

In fact, we've made electronics an important force in our business. And branched into virtually all directions electronics would take us... communications, radio, TV,

stereo phonographs, automatic supervision and control, and advanced military systems.

GT&E member companies, such as Automatic Electric, Lenkurt Electric and Sylvania, either manufacture the complete equipment or the electronic components from which they're built. And at the same time serve as major suppliers

to other electronic manufacturers and the communications industry.

You might say that, because of electronics, GT&E's possibilities are endless. That's the way it looks from where we sit.

If you're interested in getting a complete picture of GT&E as it is today, ask your Placement Director for a copy of the booklet that tells the story. Or write General Telephone & Electronics, 730 Third Avenue, New York, N. Y. 10017.

## "I Feel Good"

On February 6, James Brown who was appearing at the Curtis-Hixon Convention Hall, was made and honorary brother of Tau Epsilon Phi fraternity.

Following the afternoon matinee, Brown was rushed to the TEP house where a reception was held in his honor. He was presented with a plaque by David Yellin, chancellor of the fraternity. When asked to give a speech Brown had only one comment. That was, "I feel good!"

## What is Sorority?

by Rosemary Wade

Since "rush" season is here the first tea was held on Sunday, February 13, from 3 to 5 p.m. Panhellenic is urging all girls interested to sign up.

Greek life, like anything else, is what you make it. For the most being a Greek is having friends who you can always trust and count on time of need. It is the maintenance of high ideals and good scholastic standing. It is the fun of meeting all different types of people who immediately acknowledge you because of the meaning of being a Greek. It is preparation for good citizenship in the world outside of college life. It is a loyalty and bond which should never be broken.

## Panhellenic Workshop

The University Panhellenic Council will be holding a Panhellenic Workshop on Saturday, March 5, for all active members of the sororities and their new spring pledges. The purpose of the workshop is to discuss and establish an understanding of the goals and ideals of Panhellenic and to explore new methods that may be used in meeting these standards.

The workshop will include a morning coffee, a panel discussion, "busy sessions," and the climax of a luncheon in the Student Center. The coffee and discussions will take place in the ballroom beginning at 9:30 A.M. A representative from the National Panhellenic Conference will be present.

## Newman Club

By PENNY DONOHUGH

The Newman Club of Tampa U. invites the student body and faculty to the discussion groups which the Confraternity of Christian Doctrine are sponsoring.

Fr. Guterl, S. J. directs the groups. The first group is the Inquiry Forum Monday and Thursday evenings 8 to 9.

Its purpose is to afford interested persons an opportunity to learn the credentials, the doctrinal holdings, the ethical and moral teachings of the Catholic Church. The lectures are principally directed to non-Catholics who are interested even if only from an academic point of view, in learning what the Church is and what it teaches.

The second is the Theology Seminar, held on Tuesday evenings, 8 to 9. It is principally directed to Catholic adults seeking the theological basis for a more profound sense of the Church's mission to, and dialogue with the modern world. Non-Catholics are warmly welcome.

The course involves discussions on such topics as Vatican Council II Religious Unity of Christians and Non-Christians and, Birth Control and Contraception. Groups meet at the Catholic Information Center (Twiggs and Marion).

Calling all Organizations:  
Deadline For The Next  
Issue of The Minaret  
Friday, Feb. 18.

## Independently Speaking

### Young Republicans

Newly organized at the University of Tampa is the Young Republican Club. Chartered on November 11, 1965, the organization has an active membership of 50 students.

Officers for 1966 are President: Steven Newman, Vice President: Paul Kelly, Secretary: Fred Meyers, Treasurer, Dave Scott. Advisor for the organization is Colonel John Lindenmeyer, assistant professor of political science.

Plans are now being made for a large representation at the State Convention of Young Republicans to be held in Gainesville on February 19th.

All interested students are asked to attend the organization meetings held every second Wednesday at 3:30 P.M. in the Student Center.

### Dean Warren

### To Speak

### At Convocation

The newly organized Associated Women Students organization has invited Dr. Katherine Warren, the Dean of Women at Florida State University, to speak at the all women's Convocation on Thursday at 10 a.m. at Falk Theater. Her subject will be the importance of Associated Women Students on the college campus and the desirability for women to participate actively in governing organizations.

Dean Warren has served as the secretary of the National Association of Women Deans and Counselors, is a member of the Committee for the Status of Women for Florida, and was named a Phi Beta Kappa.

A luncheon will be given for Dr. Warren by the executive committee of the Associated Women Students and Dean King. She will be staying at the Dean's home during her visit.

Girls attending the convocation will be excused from their 10:00 classes. Attendance will be taken.

### IN THE WINNER'S CIRCLE

One of the many new looks in lightweight, year-round, all-weather coats. You'll pick a favorite in our Junior Terrace on Fashion, Second Floor.

# To Be Or Not To Be

Anita Carbone

## Pro

The question at hand seems to be one of commitment rather than duty. The U.S. often rendered their services whether directly asked or involuntarily subjected through the authority of the Monroe Doctrine, Truman Doctrine and the like.

Concerning Viet Nam about the year 1955, the Premier of South Viet Nam, Ngo Dinh protested to the U.N. against the partitioning of his country. He asked the U.N. to supervise all of Viet Nam because free elections would be futile while Ho Chi Minh remained as dictator of N. Vietnam. Diem made the comparison with East Berlin's successes at a free election to that of Viet Nam's, the results being negative. Having made this statement, the N. Vietnamese invaded S. Vietnam and in turn the S. Vietnamese asked for U.S. economic aid. As is customary, our country conceded to the request. Defense of U.S. willingness to interfere with foreign affairs is their major concern of suppressing Communistic aggression. We are a powerful nation and by aiding smaller areas we hope to accomplish our goal and win friends; however, we must act in the early stages before the Communists gain too much strength. I, for example, believe if we had stopped Hitler in the beginning of his advances, World War II could have been avoided. Appeasement never guarantees peace, but rather postpones smaller actions until they mature into larger ones. At the present crucial time in Viet Nam, if we were to pull out right now and allow a Red victory, we would also be paving the way for a Communist take over of all of Asia.

Our predicament may be helped by a negotiation of strength, not weakness. As our president has frequently stated, "we shall seek every avenue for peace," but our search should not and must not be misunderstood to mean weakness and appeasement on our behalf. As we have witnessed in the past, the Communists are determined and stable in their beliefs therefore pressure should be asserted to such a degree that they realize we too are determined and stable. The unwanted stalemate resulting from this situation should be removed at a conference table. If, when the two major forces meet, there is no harmony established, and there can be no possible agreeable solution, only one alternative remains and that is something which everyone wants to avoid . . . World War III.

Presently we can eliminate the idea of a declared, open war only if we resolve ourselves to the fact that we are engaged in battle and only a show of power can make the Communists

realize we are ready to play their game also if they don't adopt and adhere to a peaceful compromise.

## Con

Viet Nam should not be the daily concern of our country. Our men are being subjected to unnecessary military call and many American lives are being wasted.

In 1956, the German conference was explicit in setting up ground rules for partitioning Viet Nam and establishing free elections. Because of the U.S. fear of a Red victory, a postponement of elections resulted. Due to this and the appeasement characteristics of the American advisors in S. Vietnam, the N. Vietnamese took full advantage of the situation and invaded the S. Vietnam territory.

Naturally as the years progressed, so did our involvement until finally today we have over 250,000 fighting soldiers in Viet Nam. The amount of money needlessly being spent in aiding this war is phenomenal but seems minute when compared to the number of lives lost and the number of men maimed for life.

The reliance of the S. Vietnamese on the U.S. has grown since 1956 and will continue to do so. We are fighting someone else's war for them and we are losing not only economically, but politically as well.

Viet Nam is an independent nation and should be allowed to have free elections to determine their government. If the people are capable of becoming independent, they should be prepared to help themselves. Of course, a small nation such as Viet Nam would require aid, however there is a limit to the amount of dependency one can produce. If such a vast amount of help is warranted then total co-operation should be fostered by the S. Vietnam people. Unity, not only in participating in the battle but also in appreciation of our risks, should be viewed.

Viet Nam is not our business and we should retreat now before we can't do anything but appeal to the Red demand.

## CONGRATULATIONS TO...

# Faculty Findings

Dr. Duane Locke, faculty member of the English department, achieved his Doctorate degree at the University of Florida

seven years ago. He specialized in Renaissance Literature and teaches courses concerning the Romantic Era, the 18th century and the Victorian Age.

He is the editor of the famous Poetry Review magazine which is published by the university of Tampa. Poetry Review is read by Gordon Arthur Lasslett to poetry clubs throughout Australia. It is used in graduate classes in American Literature at Instituto Pedagogico in Caracas, Venezuela and is exhibited in Pakistan. Creative writing classes listen to Poetry Review at John Hopkins University and the University of Kentucky. The University of South Florida uses it as a text in a poetry writing course.

Dr. Locke probably is the most widely published poet in America.

In 1965 alone, 116 of his poems were accepted for publication by different magazines. During the last three years, 306 poems were published by 96 different magazines throughout the United States, Canada, Mexico and England.

Assistant Professor William Lloyd, of the University math department has recently sold his series of articles

concerning the new method math courses. These articles have been bought by the Associated Press. Originally the articles appeared in

the Sunday section of the Tampa Times and now can be purchased in booklet form, called "Modern Math for Puzzled Parents," at the University book store.

Before joining the staff of the University in 1960, Prof. Lloyd taught in the public school system of Hillsborough county.

Born in Philadelphia, Lloyd received his A.B. from the University of Florida and his masters from Columbia University.

The premiere performance of the composition, "Dionysia," by Jan Bach, instructor of music at the University of Tampa, was presented by the University of Illinois Concert Band at its Festival of Contemporary Wind Music Jan. 15.

Bach, who went to Illinois for the performance, wrote the work in 1964. It is based on ancient Greek dances to Dionysus and was inspired by the writings of Nietzsche.

A member of the Tampa Philharmonic Orchestra, in which he plays French horn, Bach joined the University of Tampa faculty in September, 1965.

He holds Bachelor and Master of Music degrees from the University of Illinois and is taking work toward a doctoral degree from that institution. He is a former teaching assistant there, where he conducted the University of Illinois band for two years.

Dr. C. J. Ho, associate professor of psychology, has recently completed a two year study of "The Effect of Frustration on Intellectual Performances", under a \$2,000 grant from the National Science Foundation. This report supports evidence that frustration affects an individual's performance of simple speed tasks.

Using University of Tampa and Florida State University students for his project, Dr. Ho set up a variation of research on heart rate. Dr. Ho said that "several studies have already been made of the relationship between heart rate and intellectual performance, and heart rate and frustration as the center of study had not been employed."

The results of the testing indicated that students who underwent frustrating experiences during the testing had a significantly greater heart rate increase than the non-frustrated subjects, supporting previous research on the subject.

Stephen F. Park, associate professor of music and composer-in-residence at the University of Tampa, has been notified that

his violin works are listed in the "Annotated Catalogue of American Violin Sonatas, Suites and Works of Similar Character: 1947-61," which is soon to be published.

Among Park's contributions to violin literature are a Miniature Dance Suite for two violins and piano, including "Pavane," "Cymnopedie," and "Gigue;" a Sonatine in three movements written for Melvin Ritter, former concertmaster of the Tampa Philharmonic Orchestra, and a Sonatina for Violin and Piano posed for Luis Biava, formerly a member of the University of Tampa String Quartet. The latter work won first place in the Florida Composers League's annual competition and was performed by Biava both in Tampa and on the national Columbia radio network from Bogota.

# Dean's Den

Greetings for second semester, 1966. As we begin this semester of new work, let us all begin with the will, the zest, and the determination to make excellent grades, to participate in student activities, and to be matured, good college citizens.

I am proud to announce that on February 17 the Associated Women Students are sponsoring a convocation in the Falk Theatre at 10:00 a.m. All women students are required to attend and will be excused from classes at this hour. Dr. Katherine Warren, Dean of Women of the Florida State University, will give the address of the morning. I promise you an excellent speech from a great and charming lady.

Elsewhere in the Minaret you will see the dates of sorority rush. If you have made a C average or better on all college work taken, and if you have completed twelve hours or more the first semester of this 1965-66 academic year, you are eligible for sorority rush. If you have any questions, please stop by my office and let me answer them for you.

Best wishes for a successful new semester.

Lucile King

# Men Students Go Back To Dorms

Effective September 1, 1966 all male freshmen, sophomores, and juniors, in that order will be required to room and board in University facilities to the extent of available spaces. Students who are married, residing with parents, or 26 years of age are excused.

All unexcused freshmen, sophomores, and juniors will be required to submit both residence hall applications and a deposit of \$150.00 for tuition, room and board by May 16, 1966 in order to pre-enroll or to register for the following semester.

Students who delay submitting applications and deposits in the hope that spaces will be filled will be disappointed. Resident students who have complied and who are on the waiting list to move from the campus will be permitted to do so in order to make room for students who did not comply. The latter will be immediately billed for the entire semester and assigned to rooms at the discretion of the Dean of Men.

In the past freshmen and sophomores have employed various devices in order to avoid the rooming and boarding requirement with the result that upperclassmen were recalled to the campus.

It is expected that the above procedure will assist the office of the Dean of Men in administering this area equitably.

Constructive suggestions from students are welcomed.

Dean DeCarlo

## Attention All Clothes Horses

The Minaret is sponsoring this month a "Best Dressed Girl" on campus contest. The winner will be entered in Glamour Magazine's 10th annual "Ten Best dressed College Girls in America" contest. The winner will be picked on the following grounds:

1. A clear understanding of her fashion type.
2. A workable wardrobe plan.
3. A suitable campus look (She's in line with local customs.)
4. Appropriate look for off campus.
5. Individuality in her use of colors.
6. Good grooming not just neat, but impeccable.
7. Imagination in managing a clothes budget.
8. Clean, shining, well-kept hair.
9. Good figure, beautiful. Posture.

When judging the contest the judge will take all these things into consideration. Below you will find an official entry blank which should be in the Minaret Mail box no later than February 17.

Name \_\_\_\_\_

Address \_\_\_\_\_

Short paragraph on why you are qualified to be the best dressed girl on campus, and also a brief outline of your wardrobe.

Student's Signature \_\_\_\_\_

Faculty advisor's Signature \_\_\_\_\_

## Rain or Shine

Postmaster General Lawrence F. O'Brien has announced that the U. S. Civil Service Commission is administering a nationwide competitive examination for temporary summer employment in a number of large post-offices throughout the country.

The new examination was developed as part of the previously announced plan to assure that the selections for summer jobs are made on the basis of merit.

The examination will be used to select the best qualified applicants for seasonal assistants between May 1st and September 30, 1966. Applicants for positions, which pay \$2.37 an hour, will be accepted through February 24th. A written test, taking less than one hour, will be held in March in over 1,000 cities.

Copies of the examination announcement and application forms may be obtained from the offices of the U.S. Civil Service Commission and at post offices.

## Attention

The organizations listed below will be interviewing in the Placement Office during the month of February. Interested students should check with this office for details concerning these visits and should sign the interview schedule if they wish to be interviewed by the organization's representatives. Complete descriptions of openings are available.

Feb. 17—U.S. General Accounting Office, Business Administration majors.

Feb. 18—Army & Air Force Exchange Service, Business Administration majors.

Feb. 21 — Aetna Casualty & Surety, A.B. or B.S. degrees.

Feb. 23 — Bedford Public Schools, A.B. or B.S. degrees.

### HELP WANTED

#### Male

1) WAITER: For local restaurant—3 nights per week—\$4 per night plus tips.

2) OFFICE WORKER: Neat handwriting—use of adding machine and cost accounting books—approximately 25 hours per week, afternoons—\$1.35 to \$1.50 per hour.

3) GENERAL WORKER: To assist interior decorator—prefers student with 2 or 3 days per week free time—\$1.25 per hour.

#### Female

4) OFFICE WORKER: Telephone work—5-9 P.M. daily—4 hours on Sat. 10 A.M.-2:30 P.M.—\$1.25 per hour.

#### Male Or Female

5) CLERK POSITION: Salary open—within walking distance of University—\$1.25 per hour.

#### MALE

1) SALESMAN: Flexible hours selling international membership in automobile association similar to AAA — \$7.50 sale.

2) BUS BOY: Private club — evening only—\$1 per hour plus percentage of tips.

3) USHERS: 5 day week—including Saturdays — \$8 per day—start 12 noon.

4) USHERS: Thursday through Saturday only — \$8 daily—must be 21.

5) GENERAL WORKER: Saturday and Sunday evenings—7 p.m.-10 p.m.—would prefer someone available all day Monday—\$1.25 per hour.

6) CHEMISTRY MAJOR: To teach General Chemistry in private high school 9:40-11:45 — salary flexible.

7) BIOLOGY MAJOR: To teach Biology in private high school — 8:45-10:50 — salary flexible.

8) SALESMAN: To sell pest control services — salary and commission—car necessary.

9) JANITOR: 5 day week — 12:30-3:00 p.m. — \$1.25 per hour.

# Esquire's CLUB & CAMPUS FASHIONS

By CHIP TOLBERT  
ESQUIRE'S FASHION EDITOR

**CALLING ON THE BOARD!** In order to set our 1966 campus fashion reports in the proper perspective, we called upon members of Esquire's 1965 College Advisory Board to bring us up to date on what's being worn on campuses North, East, South and West this winter. What regional fashion shifts occur as you move about the country? How does the casual attire worn in the West, for example, differ from that worn in the East? And which fashion trends seem most likely to spread out to other areas of the country? For some authoritative answers, read on...

**THROUGHOUT THE SOUTH,** according to Michael Mains, University of Arizona '65, there's a brisk traffic in lightweight conservative suits with the dash of color supplied largely in neckwear. Striped ties predominate, but foulards are moving in again. Everybody wears button-downs, and the three-piece suit is infrequently seen on campus. In the mornings, when there's apt to be a chill in the air, a sweater worn with a button-down sport shirt and wheat jeans is sufficiently warm and informal enough for class. Heather-toned sweaters hold the edge, and corduroy jeans or wash-and-wear khakis complete the casual scene. In footwear, a wing tip properly complements a suit, while saddle shoes or loafers are a standard part of the informal picture.

**SWINGING NORTH,** Richard Gentry, Jr., University of Michigan, tells us that for north-country winters the rugged toggle coats are serviceable and popular. Above the knee lengths are what everyone's wearing. Here, the accent falls heavily on the informal touch: V-neck sweaters in solid colors; button-downs, both plain and striped; tapered corduroys and wheat jeans; and a solid serving of loafers and chukka boots. For fraternity parties and other social events, plaid sport jackets are beginning to make the scene. Herringbone and heather sport jackets lead the field, but big patterns are beginning to make some headway. In neckwear, there's a trio of popular entries: stripes, club figures and paisleys. Semiformal slacks are usually tapered flannel, and loafers or wing-tip shoes go best with the sport jacket and slacks.

**WAY OUT WEST,** at Berkeley, Scott Gregg informs us that one of the unique features on his campus is the colored sneaker. Perhaps this is a manifestation of Berkeley's celebrated penchant for innovation. Beyond that, the fashion picture, both in casual and dressy attire, follows patterns familiar throughout the rest of the country's campuses. V-neck sweaters predominate, with crew necks a close second. Sport shirts appear in a wide, but not necessarily wild, variety of patterns and colors. Madras is the outer limit. Permanent press casual slacks and blue jeans are in the casual order of things. Herringbone, hound's-tooth, and heather mixtures complete the sport jacket picture, with greens and grays the most popular colors in the tapered slacks which are worn with the jacket. Colored or pin stripe button-downs and diagonal-striped ties (plus loafers) round out the accessories picture.

# It Happened Yesterday

## INTRAMURALS

In the first half of the Basketball Intramurals, Theta Chi and Tep have won two games, the Sig Eps one and the Pi Kaps and Tkes none in the fraternity section.

In the dormitory half, the Pi Kap independents have won their two games, Lykes Hall, McKay Hall, and Independent one and Smiley Hall none.

There are two remaining games for each organization and, at the end, the fraternity winners play the dormitory winners for the championship.

## BASKETBALL

Dick Pusins and Vic Thixton lead the scoring for Tampa with an average of 20 and 14 points respectively.

In the Intercollegiate Conference Tampa is ranked third and has the second leading score average of 73 points per game. Dick Pusins with a 22.8 scoring average holds the fourth rated position

## GIRL'S VARSITY

Girl's Varsity Basketball team after winning their first game against Florida Presbyterian College, 32-27, was looking forward to another victorious season. Unfortunately for the girls, their last two games were lost to S. Petersburg Junior College and Manatee Junior College.

## WRESTLING

The Spartan Wrestling team has started on a winning season by capturing their first four meets.

Against St. Johns College the score was 35-10. Chuck Heindel, Barry George, Allen Goldberg, Barry Boyd, Steve Lowe, Jim Miles, Allan Longstreet, and Joe Mancusi were the victors.

Tampa again beat Miami Dade Junior College with a score of 15-14. The winners were Chuck Heindel, Barry George, Steve Lowe, Jim Miles and Allan Longstreet.

Winning against Florida State with a score of 22-15 was Chuck Heindel, Barry George (draw), George Schick, Barry Boyd, Allan Longstreet, and Joe Mancusi.

The Spartans fourth meet was won with a score of 26-8. Winners of this were Chuck Heindel, Barry George, George Schick, Steve Lowe, Allan Longstreet and Joe Mancusi.

Tampa received its first defeat of the season on February 5, when the Spartans were beaten by Miami Dade Junior College. The team will definitely be hurt by the graduated state champion, Barry George.

## Sport Slate

### Varsity home games:

- Feb. 21—Basketball, Fla. Presbyterian College at 8 P.M.
- Feb. 23—Basketball, Valdosta State College at 8 P.M.
- Feb. 26—Basketball, Florida State at 8 P.M.

### Boys' Intramurals:

- Feb. 15 3 P.M.—TC vs. TEP
- 4 P.M.—McK vs. IND (PKP)
- Feb. 17 3 P.M.—CONSOLATION GAME
- 4 P.M.—CHAMPIONSHIP GAME

### Basketball

- Tampa lost to Stetson U., 87-79
- Tampa lost to U. of Miami, 83-71
- Tampa beat Millsaps U., 84-75
- Tampa lost to So. Mississippi U., 101-84
- Tampa lost to Loyola of the South 90-67
- Tampa beat Fla. Southern College 114-93
- Tampa lost to Mercer U., 83-75
- Tampa lost to Fla. Southern College 69-62

### Wrestling

- Tampa beat U. of Florida 27-8

Tampa's leading scorer - Dick Pusins set a new scoring record with 51 points against Fla. Southern.

## Spartans Begin Baseball Practice

On January 10, the University of Tampa baseball team began to practice for its upcoming season. Thirty-seven men signed up hoping to make the squad. Due to inclement weather, only pitchers and catchers have begun to work out, while the rest of the team have been waiting for the weather to improve.

New coach Larry Gable is looking forward to a successful first season. He welcomes back last year's entire starting infield - first base, Frank Vining; second base, Joe Pizanno; third base, Dan Sikes; short stop, John Schaefer; letterman pitchers Wayne Hardin, Ray Veit, Bill Guerriero, Steve Moore and starting catcher Dick Pusins. It is around these returning lettermen coach Gable intends to build this year's team.

New players trying to make the squad who have looked good so far are pitchers Bob McCarthy, Hank Dixon, Kit Broadbelt and catchers Tom Foundas, Wayne Granda and Bud Falco.

Coach Gable's biggest problem is in the outfield. But this may be resolved by some of the new players trying out for the team, of which Pete Schaaf is very promising.

Miami and Jacksonville have dropped out of the league this year, leaving Rollins and Florida as the Spartan's biggest competition.

The team will be playing its home games in plant field (fair grounds) and hope that the students will support the team. The

first home game being March 19 against Brevard.

### UNIVERSITY OF TAMPA BASEBALL SCHEDULE 1966

- March 14 Presbyterian (T)
- 17 St. Leo (T)
- 19 Brevard
- 23 De Pauw
- 24 De Pauw
- 31 Wm. & Mary
- April 2 St. Leo
- 7 La Salle
- 9 Jacksonville (T)
- 11 Coast Guard Academy
- 13 Florida Southern\*
- 16 Florida Southern DH (T)\*
- 18 Presbyterian
- 20 Rollins (T)\*
- 23 Rollins DH\*
- 27 Stetson (T)
- 28 St. Andrews
- 30 Stetson DH\*
- May 2 Miami (T)
- 3 Miami (T)
- 7 Jacksonville
- 10 Brevard (T)
- \* Conference Games
- DH—Double Headers
- All home games played at Plant Field.

### Announcement

Girl's Intramural Basketball will be starting soon. All representatives from the organizations should check with Miss Bragg of the Physical Education Department.

### SCHEDULE

- Novice 9:00 a.m.
- Junior 1:00 p.m.
- Senior 7:00 p.m.

## Oars Are Rowing

By Patty Harrington

The Spartan Crew Team have the oars in the water again. Their first home meet is not until March 28 against Amherst but they are getting ready.

They are looking forward to a good season with returning lettermen Moe Willner, Steve Taffe, Jim Mulvaney, Bill Oakerson, Doug Dallter, Ken Wachuk, Danny Carol, Brad Graham, Bob Meredith and Dave Murphy.

There are six new members, Pete Howard, Dave Paul, Dick Clark, Jim Wilson, Ken Rixman, and Tom Chambers. They are looking good and will be seeing action.

The team's toughest competition will be with Rollins and Cypress Gardens Regatta.

They are hoping to make the Philadelphia Dad Vail Regatta by obtaining a first or second in the state meet both in Varsity and Junior Varsity. Last year they missed when the Varsity came in third. The Junior Varsity had a second and were in good position.

## Gymnastic Championships

The department of Physical Education of the University of Tampa is sponsoring the 1966 Tampa Bay Gymnastic Championships on Saturday, February 19, at George B. Howell, Gym. This will be an invitational meet with schools, colleges and AAU gym clubs represented from all over the State of Florida. There will be three divisions with a men and women's section in each of the divisions. The novice division will feature all boys and girls 11 years and under. The junior division will consist of all boys and girls in the 12-14 age group. The feature division will consist of all boys and girls who are 15 years of age and older. This last division will be well represented by college teams and AAU club champions.

The superior judge will be the distinguished Mr. Tom Maloney, former West Point coach, coach of 1960 Olympic Gymnastic team, and only certified international gymnastic judge in the United States. The meet director is Mr. Butler in the Department of Physical Education.
